Re: Architectural and Engineering Services Proposal
Boone County Juvenile Justice Center, Non-Contact Visitation Stations
Columbia, Missouri

Dear CJ:

Thank you for the opportunity to submit this proposal for design services for the renovations planned for the Juvenile Justice Center. PWA is excited to have the opportunity to be a part of the process in continuing our relationship and the many hours we have worked together on recent facilities.

Our services are geared specifically to bring custom designed enhancements that are representative of the quality that you expect and fitting with the current facility.

We plan to produce work with all parties involved through the Schematic Design Phase, Design Development, Construction Documents, Bidding and Construction Administration phases to be able to produce designs and documents for your facility that will provide for accurate estimating for the work. After an approval to proceed we will utilize the approved design to complete construction documents and will work with you through bidding and construction of the project.

We have summarized the scope of work based on preliminary information that you have provided to us.

1. Services are for the remodeling of the Juvenile Justice Center to provide for new Non-Contact Visitation stations. The budget for this project is derived through ARPA funding which must be spent by the end of June of 2026.

2. Architectural Services and Mechanical/Electrical/Plumbing Engineering are included for Schematic Design, Design Development, Construction Documents, Bidding and Construction Administration in this proposal.

3. Structural Engineering for the project/s is not anticipated and is not included at this time. We will verify existing structural conditions and avoid the modification of the existing structural systems.

4. The services are inclusive of all meetings and production necessary for accurate documents and proper production of documents through the process. There are no limits assumed in this proposal for meeting quantity or time. All necessary presentations you determine are included.

5. We will work diligently to achieve consensus in design efforts for all involved in decision making In working with the Justice Center Staff and Leadership as well as the County Commission, Facilities Department, and IT Department where applicable.

6. PWA will work with the County to develop proper phasing schedules of the work to minimize disruption of services during construction where possible. This will include working with the eventual contractor to customize the processes of construction to limit public service disruption during the process. This will start as part of the Schematic Design process to and then will be refined during subsequent phasing.

7. We will coordinate with you regarding furniture and equipment layout. Furniture design is not included however we will work with your vendors as necessary and provide all appropriate CAD layouts.

8. Initial budget figures are estimated to be in the range of $200,000 and the budgets will be determined based on the finalized scope determined in Schematic design and finalized through the final phases of the design process.

9. PWA is fully prepared throughout the process to work with Commissioner Thompson, Boone County Purchasing and the Commission regarding the process of Procurement and the required Internal Responsibility Matrix.

10. Included is a detailed description of our proposed services along with a fee proposal for the project as you have requested. Your project is important to us. This fee proposal is based on our current understanding of project needs and we are open to negotiation regarding fees and scope of work.

Yeah, put the expense where it should go, just make sure it is paid out of 1242. There is about 299k remaining in ARPA funds for JJC. The total award amount was $438,225 and they spent $138,724 last year.

Understood. I would assume the architect fees would come out a class 7 account. There was some discussion in the past in regards to JJC having $200,000 in ARPA funds for this project. However, how ARPA funds were distributed is outside of my purview so I have no verification of that information. Please let me know what needs to be done on my end to move this forward so that the PWA agreement can be read in Commission.

Jacob,

Could you please tell me where the funding source from which this work for the JJC project will be paid. I assume the department number will be 1242.

The construction cost totaled $155,760. The architectural design work totals $23,650. Are their enough ARPA funds to cover this cost?

Thanks,
Jody

Subject: Fw: Quote for APX8000 Upgrade and KVL7000 Purchase
Attachments: Columbia Boone County Joint Communications APX8000 Upgrade and KVL7000 March 2026.pdf

Hi Aaron,

Austin sent me this quote this morning. It is not specifically budgeted, but we will need to purchase these. I was thinking that it would fit best in 2706/91300. We will not be purchasing the GRS Site clock or UPS. Would we need to do an amendment/revision? Or would it be okay since we will have savings in that category?

Thanks!

Subject: Quote for APX8000 Upgrade and KVL7000 Purchase

Attached is the quote I received from John Briggs. Line items on Page 1 are software upgrades for an existing asset, tag # 23183. We are upgrading this radio so that it can operate on the new P25 system, including Phase II, AES encryption, and OTAR (Over the Air Rekeying) functionality.

Line items on Page 2 are to purchase a Motorola KVL7000. This is a "key variable loader" used to load portable and mobile radios with new encryption keys for operations on the new P25 system. This is required for us to add any non-L3Harris portable or mobile radio to our P25 system's OTAR process. OTAR will be used to update encryption keys on all radios using encryption on the system (as of right now, that's pretty much all agencies).

Let me know if there is anything I can do to help. Thank you.

Understood, I'd heard some rumblings about that.

Are line Items 3 and 3d are not covered under the MARC contract?
I see duplicates on line 4 and 5. We'll only need one of those.

Austin,
The KVL5000 is at end of life so now it is the KVL7000. That is now added to the APX8000 Upgrade quote. Thanks again.

Thank you.

Insurance Requirements: The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and the Certificate of Insurance has been approved by the County, nor shall the Contractor allow any subcontractor to commence work on their subcontract until all similar insurance required of subcontractor has been so obtained and approved. All policies shall be in amounts, form and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide. Insurance limits indicated below may be lowered at the discretion of the County.

Employers Liability and Workers Compensation Insurance - The Contractor shall take out and maintain during the life of this contract, **Employers Liability and Workers Compensation Insurance** for all of its employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly to provide Workers Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor. Workers Compensation coverage shall meet Missouri statutory limits. Employers Liability limits shall be $500,000.00 each employee, $500,000.00 each accident, and $500,000.00 policy limit. In case any class of employees engaged in hazardous work under this Contract at the site of the work is not protected under the Workers Compensation Statute, the Contractor shall provide and shall cause each subcontractor to provide Employers Liability Insurance for the protection of their employees not otherwise protected.

Commercial General Liability Insurance - The Contractor shall take out and maintain during the life of this contract, such commercial general liability insurance as shall protect it and any subcontractor performing work covered by this contract, from claims for damages for personal & advertising injury, bodily injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or for any subcontractor or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than $2,000,000.00 combined single limit for any one occurrence covering both bodily injury and property damage, including accidental death. If the Contract involves any underground/digging operations, the general liability certificate shall include X, C, and U (Explosion, Collapse, and Underground) coverage. If providing Commercial General Liability Insurance, then the Proof of Coverage of Insurance shall also be included.

Contractor may satisfy the minimum liability limits required for Commercial General Liability or Business Auto Liability under an Umbrella or Excess Liability policy. There is no minimum per occurrence limit of liability under the umbrella or Excess Liability; however, the Annual Aggregate limit shall not be less than the highest "Each Occurrence" limit for either Commercial General Liability or Business Auto Liability. **Contractor agrees to include the County as an Additional Insured on the umbrella or Excess Liability, unless the Certificate of Insurance states that the Umbrella or Excess Liability provides coverage on a "Follow-Form" basis.**

Business Automobile Liability – The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than $2,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; non-owned and both on and off the site of work.

Subcontractors: Contractor shall cause each Subcontractor to purchase and maintain insurance of the types and amounts specified herein. Limits of such coverage may be reduced only upon written agreement of County. Contractor shall provide to County copies of certificates of insurance evidencing coverage for each Subcontractor. Subcontractors' commercial general liability and business automobile liability insurance shall name County as Additional Insured and have the Waiver of Subrogation endorsements added.

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

Proof of Carriage of Insurance - The Contractor shall furnish the County with Certificate(s) of Insurance which name the County as additional insured in an amount as required in this contract. The Certificate of Insurance shall provide that there will be no cancellation, non-renewal or reduction of coverage without 30 days prior written notice to the County. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the services provided.

INDEMNITY AGREEMENT: To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, officers, agents, and employees from and against all claims, damages, losses and expenses (including but not limited to attorney's fees) arising by reason of any act or failure to act, negligent or otherwise, of Contractor, of any subcontractor (meaning anyone, including but not limited to consultants having a contract with contractor or a subcontract for part of the services), of anyone directly or indirectly employed by contractor or by any subcontractor, or of anyone for whose acts the contractor or its subcontractor may be liable, in connection with providing these services. This provision does not, however, require contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

Nothing in these requirements shall be construed as a waiver of any governmental immunity of the County, its officials nor any of its employees in the course of their official duties. Nothing in the insurance procured as required herein shall be interpreted so as to waive any sovereign immunity, official immunity, or other immunity defense available to County as a political subdivision in the State of Missouri. It is not the County's intent or desire to procure insurance that would operate as a waiver of any such immunity defense.

Failure to maintain the required insurance in force may be cause for contract termination. In the event the Agency/Service fails to maintain and keep in force the required insurance or to obtain coverage from its subcontractors, the County shall have the right to cancel and terminate the contract without notice.

STANDARD CONTRACT TERMS AND CONDITIONS - BOONE COUNTY, MISSOURI

1. The Contractor shall comply with all applicable federal, state, and local laws, and failure to do so, in County's sole discretion, shall give County the right to terminate this Contract.

2. Responses shall include all charges for packing, delivery, installation, etc., (unless otherwise specified) to the Boone County Department identified in the Request for Bid and/or Proposal.

3. The Boone County Commission has the right to accept or reject any part or parts of all bids, to waive technicalities, and to accept the offer the County Commission considers the most advantageous to the County. Boone County reserves the right to award this bid on an item-by-item basis, or an "all or none" basis, whichever is in the best interest of the County.

4. Bidders must use the bid forms provided for the purpose of submitting bids, must return the bid and bid sheets comprised in this bid, give the unit price, extended totals, and sign the bid. The Purchasing Director reserves the right, when only one bid has been received by the bid closing date, to delay the opening of bids to another date and time in order to revise specifications and/or establish further competition for the commodity or service required. The one (1) bid received will be retained unopened until the new Closing date, or at the request of the bidder, returned unopened for re-submittal at the new date and time of bid closing.

5. When products or materials of any particular producer or manufacturer are mentioned in our specifications, such products or materials are intended to be descriptive of type or quality and not restricted to those mentioned.

6. Do not include Federal Excise Tax or Sales and Use Taxes in the bid process, as the law exempts the County from them.

7. The delivery date shall be stated in definite terms, as it will be taken into consideration in awarding the bid.

8. The County Commission reserves the right to cancel all or any part of orders if delivery is not made or work is not started as guaranteed. In case of a delay, the Contractor must notify the Purchasing Department.

9. In case of default by the Contractor, the County of Boone will procure the articles or services from other sources and hold the Bidder responsible for any excess cost occasioned thereby.

10. Failure to deliver as guaranteed may disqualify Bidder from future bidding.

11. Prices must be as stated in units of the quantity specified and must be firm. Bids qualified by escalator clauses may not be considered unless specified in the bid specifications.

12. No bid transmitted by fax machine or e-mail will be accepted.

13. The County of Boone, Missouri expressly denies responsibility for or ownership of any item purchased until the same is delivered to the County and is accepted by the County.

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

14. The County reserves the right to award to one or multiple respondents. The County also reserves the right to not award any item or group of items if the services can be obtained from a state or other governmental entities contract under more favorable terms. The resulting contract will be considered "Non-Exclusive". The County reserves the right to purchase from other vendors.

15. The County, from time to time, uses federal grant funds for the procurement of goods and services. Accordingly, the provider of goods and/or services shall comply with federal laws, rules, and regulations applicable to the funds used by the County for said procurement, and contract clauses required by the federal government in such circumstances are incorporated herein by reference. These clauses can generally be found in the Federal Transit Administration's Best Practices Procurement Manual – Appendix A. Any questions regarding the applicability of federal clauses to a particular bid should be directed to the Purchasing Department prior to bid opening.

16. In the event of a discrepancy between a unit price and an extended line-item price, the unit price shall govern.

17. Should an audit of the Contractor's invoices during the term of the Agreement, and any renewals thereof, indicate that the County has remitted payment on invoices that constitute an over-charging to the County above the pricing terms agreed to herein, the Contractor shall issue a refund check to the County for any over-charges within 30-days of being notified of the same.

18. For all bid responses over $25,000, if any manufactured goods or commodities proposed with the bid/proposal response are manufactured or produced outside the United States, this MUST be noted on the Bid/Proposal Response Form or a Memo attached.

19. Pursuant to Section 34.600 RSMo, for contracts $100,000 and greater, the Contractor/Vendor certifies it is not currently engaged in and shall not, for the duration of the contract, engage in a boycott of goods or services from the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel.

20. For all titled vehicles and equipment, the dealer must use the actual delivery date to the County on all transfer documents including the Certificate of Origin (COO), Manufacturer's Statement of Origin (MSO), Bill of Sale (BOS), and Application for Title.

21. Equipment and serial and model numbers - The contractor is strongly encouraged to include equipment serial and model numbers for all amounts invoiced to the County. If equipment serial and model numbers are not provided on the face of the invoice, such information may be required by the County before issuing payment.

22. All equipment and supplies offered in a quote must be new, of current production, and available for marketing by the manufacturer unless the County clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered.

23. The resulting agreement may be extended beyond the expiration date by order of the County on a month-to-month basis if the County cannot re-bid and/or award a new contract before the expiration date.

24. The County as a public governmental body is subject to the Missouri Sunshine Law (Chapter 610 RSMo) and will comply with requests for documents in accordance with that law.

For material changes, the awarded contract holder and/or subsequent assignee agrees to and understands the following principles:

i. **Contract holder reference**. If the contract holder undergoes a merger, acquisition, or partial assignment, in which case they still maintain the contract, then all transactions made under the existing contract number (including purchase orders) must reference the name of the awarded contract holder. The exception to this requirement is if the contract holder no longer holds the contract or if the company has been acquired by another company and undergone a name change. Notice of the authorized name change, to the existing contract, must be provided and approved by Region 4.

In instances where the contract holder has acquired a separate and distinct company, and it is necessary to designate those certain purchases facilitated by the non-contract holder, then this designation may be made if, and only if, the contract holder is also referenced on the transaction.

ii. **Maintenance of records**. Both the awarded contract holder and subsequent assignee agree to remain responsible for maintaining all auditable records, including documents kept in the ordinary course of business and sales invoices, related to OMNIA Partners, Public Sector and/or contract number pursuant to the statutory requirements identified in the vendor contract.

iii. **Payments**. Both the awarded contract holder and subsequent assignee agree that all payments made by participating entities must be made directly to the contract holder, unless otherwise approved by Region 4. Accordingly, both parties acknowledge that in instances where it is necessary to designate the purchases facilitated by assignee, that the contract holder must also be referenced on the purchase order.

iv. **Handling of Proprietary and/or Confidential Information**. In accord with the terms of the contract, both awarded vendor and assignee agree that at all times it will hold in strict confidence and not disclose to any third party Confidential and/or Proprietary information of Region 4, except as approved in writing by Region 4, and will use the Confidential Information for no purpose other than providing services under the contract. Both awarded vendor and assignee shall only permit access to Confidential Information to those of its employees or authorized representatives having a need to know and who have signed confidentiality agreements or are otherwise bound by confidentiality obligations at least as restrictive as those contained herein.

This document is to be construed in strict accordance with the terms and conditions outlined in the Region 4/vendor Master Agreement referenced herein. Both awarded vendor and assignee agree to uphold the vendor obligations set forth in the vendor agreement. This Agreement will become effective when signed by all parties.

love what you do

October 20, 2025

JSI will be implementing a price increase effective **January 19, 2026**, to help offset ongoing increases in material, labor, and operational costs. We've taken a measured approach—evaluating series and SKUs individually—to help minimize impact where possible. We remain committed to providing exceptional products, service, and support—and we appreciate your continued partnership as we navigate these changes together.

JSI will have a 3% price increase on all series. Exceptions listed below.

> **5%** on BeSPACE, Bryn, Connect, Flux, Garvey R5, Henley, Hoopz, Jude, Kindera, Knox, Millie, Moto, Newton, Protocol, Proxy, and Wink
> **10%** on Collective Motion, Finale**, Reef*, Walden, and Wellington
> **15%** on *select SKUs* from Bourne, Finale**, Lok Conference & Storage, Lok Lounge, Lok Teamwork, and Vision Conference. See attached list.
> * *Select SKUs* in the Reef series will see a 10% increase; all others will follow the standard 3% adjustment. See attached list.
> ** Most SKUs in the Finale series will see a 10% increase; *select SKUs in Finale Conference* will see a 15% increase. See attached list.

Discontinued Series

The series listed below will be discontinued with the January 19, 2026 price increase. Please contact your JSI sales or customer service representative with any concerns or questions about replacement options.

> Addison, Ansen, Avini, Class Act, Encore, Kyla, Lincoln, Trinity, and Ziva

> Accessory, Finn, Finn Nu, Native, Romy

Orders + Quotes

This price increase is effective for orders placed on and after **January 19, 2026**. All orders placed by **January 18, 2026**, must ship by **June 1, 2026**, to receive current pricing. Orders received on or after January 19, or with a ship date beyond June 1, will receive new pricing.
If an order has a requested delivery date that falls beyond this window, our Order Services team will apply this price increase unless approved by a Regional Sales Manager, even if the order is placed before January 19.
Projects currently quoted are valid until **January 18, 2026**. If we are notified that the order will be placed after that date, we will quote new pricing. These quotes will be valid for **60 days**.

Tariff Surcharge

This price adjustment is separate from any current or future tariff surcharges. As global trade policy continues to evolve, we'll keep monitoring the situation closely.

Subject: A Quick Note on an Upcoming Surcharge

Dear Valued Partner,

At JSI, we've always believed in the power of local—local craftsmanship, local partnerships, and local sourcing wherever possible. But as you may be aware, recent tariff increases on select component parts sourced from Asia (including drawer hardware and chair mechanisms) have started to impact our material costs.

To help manage these increases fairly and transparently, **beginning with orders received on or after Monday, May 5, 2025,** we will implement a **3.0% surcharge** on the product line item sales price of all JSI orders.

In addition, a **3.0% surcharge** will be applied to any new orders received before May 5 that **do not ship within our standard lead times**. This surcharge will not apply to freight, fees, or deductions.

We're keeping a close eye on this ever-changing situation and will review the surcharge monthly. Our goal remains the same: to respond quickly and responsibly—without compromising the values we're built on.

If you have any questions, your JSI representative or our Customer Service team is here to help.

Thanks, as always, for your continued support and partnership.

RE: Modification of Contract #**R240107**

To whom it may concern,

This letter is to request a modification to contract, #**R240107**. All discounts, terms, and conditions of the original contract award will remain unchanged, with the exception of the following request for modification.

On April 14, 2025, the following was announced from the JSI Sales Team:

Due to rising material costs resulting from recent tariff increases on component parts sourced from Asia, JSI announced to our commercial customers that a 3.0% surcharge would go into effect on May 5, 2025. Attached is the formal notice announcing this surcharge.

The surcharge will be added as a separate line item calculated as 3.0% of the product line item sales price for JSI orders received on or after May 5, 2025. Additionally, it will also apply to any new orders received before May 5 that do not ship within our standard lead times. This surcharge will not apply to freight, fees, or deductions.

Please confirm approval of this modification request.

If you have any questions, please feel free to contact me at 800-457-4511 ext. 15402, direct at 812-771-4609, or via email at kvonderheide@jaspergroup.us.com.

For material changes, the awarded contract holder and/or subsequent assignee agrees to and understands the following principles:

i. **Contract holder reference**. If the contract holder undergoes a merger, acquisition, or partial assignment, in which case they still maintain the contract, then all transactions made under the existing contract number (including purchase orders) must reference the name of the awarded contract holder. The exception to this requirement is if the contract holder no longer holds the contract or if the company has been acquired by another company and undergone a name change. Notice of the authorized name change, to the existing contract, must be provided and approved by Region 4.

In instances where the contract holder has acquired a separate and distinct company, and it is necessary to designate those certain purchases facilitated by the non-contract holder, then this designation may be made if, and only if, the contract holder is also referenced on the transaction.

ii. **Maintenance of records**. Both the awarded contract holder and subsequent assignee agree to remain responsible for maintaining all auditable records, including documents kept in the ordinary course of business and sales invoices, related to OMNIA Partners, Public Sector and/or contract number pursuant to the statutory requirements identified in the vendor contract.

iii. **Payments**. Both the awarded contract holder and subsequent assignee agree that all payments made by participating entities must be made directly to the contract holder, unless otherwise approved by Region 4. Accordingly, both parties acknowledge that in instances where it is necessary to designate the purchases facilitated by assignee, that the contract holder must also be referenced on the purchase order.

iv. **Handling of Proprietary and/or Confidential Information**. In accord with the terms of the contract, both awarded vendor and assignee agree that at all times it will hold in strict confidence and not disclose to any third party Confidential and/or Proprietary information of Region 4, except as approved in writing by Region 4, and will use the Confidential Information for no purpose other than providing services under the contract. Both awarded vendor and assignee shall only permit access to Confidential Information to those of its employees or authorized representatives having a need to know and who have signed confidentiality agreements or are otherwise bound by confidentiality obligations at least as restrictive as those contained herein.

This document is to be construed in strict accordance with the terms and conditions outlined in the Region 4/vendor Master Agreement referenced herein. Both awarded vendor and assignee agree to uphold the vendor obligations set forth in the vendor agreement. This Agreement will become effective when signed by all parties.

10) Adding Authorized Distributors/Dealers. Contractor is prohibited from authorizing additional distributors or dealers, other than those identified at the time of submitting their proposal, to sell under the Contract without notification and prior written approval from Region 4 ESC. v. Failing to make progress in performance of the Contract or giving Region 4 ESC reason to believe Contractor will not or cannot perform the requirements of the Contract; or
vi. Performing work or providing services under the Contract prior to receiving an authorized purchase order.

Upon receipt of a written deficiency notice, Contractor shall have ten (10) days to provide a satisfactory response to Region 4 ESC. Failure to adequately address all issues of concern may result in Contract cancellation. Upon cancellation under this paragraph, all goods, materials, work, documents, data and reports prepared by Contractor under the Contract shall immediately become the property of Region 4 ESC.

b) Termination for Cause. If, for any reason, Contractor fails to fulfill its obligation in a timely manner, or Contractor violates any of the covenants, agreements, or stipulations of this Contract Region 4 ESC reserves the right to terminate the Contract immediately and pursue all other applicable remedies afforded by law. Such termination shall be effective by delivery of notice, to the Contractor, specifying the effective date of termination. If such event does occur, Contractor will be entitled to receive just and equitable compensation for the satisfactory work completed on such documents.

c) Delivery/Service Failures. Failure to deliver goods or services within the time specified, or within a reasonable time period as interpreted by the purchasing agent or failure to make replacements or corrections of rejected articles/services when so requested shall constitute grounds for the Contract to be terminated. d) Force Majeure. If by reason of Force Majeure, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement then such party shall give notice and full particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon, and the obligation of the party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuance of the inability then claimed, except as hereinafter provided, but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch.

It is the Contractor's responsibility to keep all pricing up to date and on file with Region 4 ESC. All price changes must be provided to Region 4 ESC, using the same format as was provided and accepted in the Contractor's proposal.

Special, time-limited reductions are permissible under the following conditions: 1) reduction is available to all users equally; 2) reduction is for a specific period, normally not less than thirty (30) days; and 3) original price is not exceeded after the time-limit. Contractor shall offer Region 4 ESC any published price reduction during the Contract term.

18) Audit Rights. Contractor shall, at its sole expense, maintain appropriate due diligence of all purchases made by Region 4 ESC and any entity that utilizes this Contract. Region 4 ESC reserves the right to audit the accounting for a period of three (3) years from the time such purchases are made. This audit right shall survive termination of this Agreement for a period of one (1) year from the effective date of termination. Region 4 ESC shall have the authority to conduct random audits of Contractor's pricing at Region 4 ESC's sole cost and expense. Notwithstanding the foregoing, in the event that Region 4 ESC is made aware of any pricing being offered that is materially inconsistent with the pricing under this agreement, Region 4 ESC shall have the ability to conduct an extensive audit of Contractor's pricing at Contractor's sole cost and expense. Region 4 ESC may conduct the audit internally or may engage a third-party auditing firm. In the event of an audit, the requested materials shall be provided in the format and at the location designated by Region 4 ESC.

20) New Products/Services. New products and/or services that meet the scope of work may be added to the Contract. Pricing shall be equivalent to the percentage discount for other products. Contractor may replace or add product lines if the line is replacing or supplementing products, is equal or superior to the original products, is discounted similarly or greater than the original discount, and if the products meet the requirements of the Contract. No products and/or services may be added to avoid competitive procurement requirements. Region 4 ESC may require additions to be submitted with documentation from Members demonstrating an interest in, or a potential requirement for, the new product or service. Region 4 ESC may reject any additions without cause.

21) Options. Optional equipment for products under Contract may be added to the Contract at the time they become available under the following conditions: 1) the option is priced at a discount similar to other options; 2) the option is an enhancement to the unit that improves performance or reliability.

moving furniture, installing wiring for networks or power, and similar pre-installation requirements.

25) Registered Sex Offender Restrictions. For work to be performed at schools, Contractor agrees no employee or employee of a subcontractor who has been adjudicated to be a registered sex offender will perform work at any time when students are or are reasonably expected to be present. Contractor agrees a violation of this condition shall be considered a material breach and may result in the cancellation of the purchase order at Region 4 ESC's discretion. Contractor must identify any additional costs associated with compliance of this term. If no costs are specified, compliance with this term will be provided at no additional charge.

26) Safety measures. Contractor shall take all reasonable precautions for the safety of employees on the worksite and shall erect and properly maintain all necessary safeguards for protection of workers and the public. Contractor shall post warning signs against all hazards created by its operation and work in progress. Proper precautions shall be taken pursuant to state law and standard practices to protect workers, general public and existing structures from injury or damage.

27) Smoking. Persons working under the Contract shall adhere to local smoking policies. Smoking will only be permitted in posted areas or off premises.

28) Stored materials. Upon prior written agreement between the Contractor and Region 4 ESC, payment may be made for materials not incorporated in the work but delivered and suitably stored at the site or some other location, for installation at a later date. An inventory of the stored materials must be provided to Region 4 ESC prior to payment. Such materials must be stored and protected in a secure location and be insured for their full value by the Contractor against loss and damage. Contractor agrees to provide proof of coverage and additionally insured upon request. Additionally, if stored offsite, the materials must also be clearly identified as property of Region 4 ESC and be separated from other materials. Region 4 ESC must be allowed reasonable opportunity to inspect and take inventory of stored materials, on or offsite, as necessary. Until final acceptance by Region 4 ESC, it shall be the Contractor's responsibility to protect all materials and equipment. Contractor warrants and guarantees that title for all work, materials and equipment shall pass to Region 4 ESC upon final acceptance.

29) Funding Out Clause. A Contract for the acquisition, including lease, of real or personal property is a commitment of Region 4 ESC's current revenue only. Region 4 ESC retains the right to terminate the Contract at the expiration of each budget period during the term of the Contract and is conditioned on a best effort attempt by Region 4 ESC to obtain appropriate funds for payment of the contract.

30) Indemnity. Contractor shall protect, indemnify, and hold harmless both Region 4 ESC and its administrators, employees and agents against all claims, damages, losses and expenses arising out of or resulting from the actions of the Contractor, Contractor employees or subcontractors in the preparation of the solicitation and the later execution of the Contract. Any litigation involving either Region 4 ESC, its administrators and employees and agents will be in Harris County, Texas.

Solicitation Number RFP 24-01 for Furniture, Installation, and Related Services
Appendix B, Terms and Conditions Acceptance Form

Jasper Seating Company, Inc. (dba JSI/Jasper Group) is seeking exception to the following:

1) RFP Page 10, 18. Samples
We request that samples be provided within 4-8 weeks after receiving notice of request. We do not standard stock product and this is our standard lead time.

2) Appendix A, Page 2, Paragraph 10 Dealers
We request that orders and payments have the ability to be made through our dealers as well as us the contractor.
The reason for this request is that many times public agencies want to purchase items from multiple manufacturers, and this allows them to issue one purchase order to the dealer.
We will require the dealer to issue us a copy of the end user PO to ensure we (the contractor) are reporting and paying the admin fees associated with the applicable order. We will maintain responsibility for the contract and make sure proper pricing is utilized.

3) Appendix A, Page 4, Paragraph 14 Delivery
We do not standard stock product as our product is made to order. We request to be allowed our standard lead time of 4 – 8 weeks for delivery.

4) Appendix A, Page 4, Paragraph below Delivery
We request to have installation charges built into our contract in the event they are needed due to various reasons (outlined below). In our industry, we regularly experience obstacles with installation that require additional labor, time, tools and equipment. We have found that it is necessary to provide good installation terms so the end user understands what factors may cause fluctuation of their installation, and to support quality installation services which overall protect the integrity of our company. *(The information below can also be found in our formal proposal pages 2 & 3)*
The following servicing fees for Deliver and Install may also be applied:
Normal Delivery & Installation $60.00 to $95.00 per man hour
After Hours Delivery & Installation $100.00 to $150.00 per man hour
Conditions that may affect the overall installation rate:
Union labor and/or prevailing wage rates, overtime, holiday and weekend hourly rates.
Street unload/offload
Stair carry
Restricted access to building (including but not limited to security clearance, obtaining id cards/permits, truck driver/installers preregistration for gate entry, and other requirements to obtain access to the job site)
Construction/building delays/site preparation
Scheduling conflicts, limitations, or delivery changes caused by customer, other contractors
Removal or disposal of existing product
Product storage
Installation outside of a 45-mile radius of the servicing dealer
Installation in a clinical/medical environment

We request to omit guaranteed sales. This is because the market fluctuates greatly from year to year making this a difficult commitment.

6) Exhibit A, 1.2, Marketing Sales, and Administrative Support, Page 3, "Guaranteed Contract Sales"
As outlined above, we are requesting to omit guaranteed contract sales due to market fluctuations. Requesting we only pay fees on actual sales on contract.

17

If offering a catalog contract with discounts by category, while changes in individual pricing may change, the category discounts should not change over the term of the Contract. Updates may be no more frequently than quarterly.

JSI typically only experiences a list price increase once or twice per year. Price increases are formulated by evaluating the rising costs of materials, logistics and labor. We use our various vendor increases as a benchmark when adjusting our list prices. Products that require materials that have become difficult to obtain and more costly to source result in a higher percentage increase in list price. We understand our discounting must remain firm throughout the term of the contract and any subsequent renewals.

18

Future Product Introductions

Describe how future product introductions will be priced and align with Contract pricing proposed. What is the proposed frequency for new product introductions?

xvi. Historically, JSI has always added new products to the contract at the same discounting. Our product portfolio is indexed at list price. While our orders are made for order and we do not stock standard product, our quick ship program gives us the ability to work with the customers on selecting product available for 10 business day production. Historically, our orders ship on the date that is reflected on the order acknowledgment. We have experienced some material delays in the past as our vendor's operations were delayed due to pandemic and natural disasters that have caused backorders. During and aftermath of Covid, we did experience more backorders than usual with backorder rates of up to 15%, however, we had increased our standard stock of materials early on and did not experience the extent of backorders that other major manufacturers in our industry experienced. Other manufacturers had to resort to facility wide, long-term layoffs and even shut down their manufacturing facilities for periods of time. 57 Brief history and description of Supplier to include experience providing similar products and services.

In the early 1800's, German immigrants, skilled in the art of woodworking, settled in Jasper, Indiana. They cleared land, built farms, and created a new life for their families. Fortunately, they also passed down their artistry. In 1879, with the advent of the industrial revolution and the railroad, these settlers recognized the potential in the white oak, walnut and other hardwoods that surrounded them, and set to work producing wood school and office chairs. By the end of the 1920s, Jasper, Indiana was known as the Nation's Wood Furniture Capital. In 1929, a group of prominent local businessmen came together and formed Jasper Seating Company. Thanks to an ability to respond to market needs and a commitment to its founding principles, Jasper Seating Company prospered through the Great Depression, two World Wars, and countless industry and consumer challenges. Jasper Group is the parent company to a family of furniture brands, each with its own passion, history, and area of expertise. Collectively, we bring time-tested, design-driven, and high-quality seating, casegoods, and furniture products to a wide range of environments. You can find Jasper Group brands through the world and everywhere from corporate offices to schools, government buildings to hospitals, public spaces to hotels and restaurants. Much like our products range, our customers are exceedingly diverse. Jasper Group is uniquely to answer their needs. After all, our business is built on the founding principle of using our greatest resources — our people, products and services—to the best advantage. Implementation

Explain in detail how the sales teams will work with the OMNIA Partners team to implement, grow and service the national program.

Already having an Omnia contract that is growing and flourishing throughout the years we will continue to support and service this growth through means of sales incentives that encourage our dealers to utilize Omnia as a contract (which encourages end users to utilize Omnia as a contract). One of these sales incentives is an extra 3% commission on Omnia orders. We do not currently offer this additional commission on any other public agency contract. We will utilize our sales team, customer service team, and contracts team to continue to service the program. Our contracts team will continue to manage necessary training both internal and external in the education and promotion of Omnia contract.

94

Program Management

Explain in detail how Supplier will manage the overall national program throughout the term of the Master Agreement, including ongoing coordination of marketing and sales efforts, timely new Participating Public Agency account set-up, timely contract administration, etc.

We will continue to manage the overall national program throughout the term of the master agreement by working with marketing to create new sales incentives periodically. One of those incentives now is an extra 3% commission to dealers on Omnia contract sales. We have a 4 page mini brochure exclusively featuring our Omnia contract and details with fresh, new product. We will continue to keep this brochure updated for public agencies and dealers. We will work with Omnia to keep our page on Omnia's website fresh and current featuring new product as the contract approves. We will request to modify our Omnia contract of new product to allow agencies access to new product without having to purchase it commercially. We also work diligently to inform our sales force of list price increases on OMNIA as well as extension contract information, etc. We publish these updates online as soon as OMNIA approves and then send out communication to our complete sales teams with updated literature for them to distribute. Because many of our agency customers already purchase on OMNIA contract, there is no set up required. For new agencies we will certainly work get them set up quickly and ready for full participation.

System Capabilities and Limitations

Describe Supplier's information systems capabilities and limitations regarding order management through receipt of payment, including description of multiple platforms that may be used for any of these functions.

JSI's website provides many tools and features available to end users. Our website contains each product series cataloged with photos of pieces, configurations, finish and materials options, and additional imagery such as options and features. A list of standard stock fabrics (with photos), price lists, brochures, presentations, and installation instructions are all available on our company's website. Our sustainability and environmental policies, greenguard certs, warranty, and a contracts page (Omnia has a dedicated contracts page) are available to download from our website. Our Marketing team has equipped each series with its own unique design page that features typicals (renderings, drawings, and pricing for a given layout), downloadable symbols for Autocad and Revit, and installation vidoes. Our quickship program is available to aid customers in selecting product that will ship in 10 business days. General information such as show room locations, an interactive "find a rep" map, and support/contact information are all available on our website. Our sales force is provided a login to the MyJSI portal. The portal allows for dealers/reps to request a quote (the quote request immediately goes straight to our spec services dept and is turned around within 48 hrs), view current lead times for specific product, register a project, download care and maintenance documents, and access to JSI templates (with logo) they can utilize for their own quotes. An EDI ordering process is available within the portal to select dealerships that are qualified to administer their own account. Due to the complexity of our product, typically just our dealerships that have their own interior designers/space planners or a strong understanding of our portfolio along with being in good standing with their account are given proper permissions and access to our EDI platform. Electronic ordering has allowed us to provide our dealers and reps with live tracking visibility on their orders. We are working on a feature that will allow dealers to make payments online and print receipt of payment. Jasper Group utilizes Made 2 Manage as our company's operating system. This system program is continually being updated with new extensions that convert and synchronize various software applications allowing seamless transition with complete visibility from quoting, order entry to production, packaging, and shipping. Once an order is entered and receives a ship date, an acknowledgment is automatically emailed to the servicing dealer. When a product ships, invoices are automatically emailed to the dealer and rep. Implemented with a standard of work that streamlines our company's contract portfolio we are able to ensure all aspects of compliance are being maintained. Made 2 Manage is programed with pattern identifiers that flag and capture data for each order that is entered. These groupings are then triggered for output reporting. This process allows our company to audit orders internally and meet external reporting requirements uniquely for each contract.

I. SCOPE OF WORK

Region 4 Education Service Center ("Region 4 ESC") requests proposals from qualified national level cooperative suppliers with the intent to enter into a Contract for Furniture, Installation, and Related Services. Region 4 ESC is seeking a provider that has the depth, breadth and quality of resources necessary to complete all phases of the Contract. Awarded Offeror(s) shall deliver products and services under the terms of this agreement. While this solicitation specifically covers furniture, installation, and related services, each awarded Offeror may offer their complete product and service offering, or balance of line. Region 4 ESC reserves the right to accept or reject any or all balance of line items offered.

Region 4 ESC is an education service center established by the Texas Legislature in 1967 to assist school districts and charter schools in improving efficiencies. Region 4 serves a seven-county area comprised of 47 public school districts and 40 open-enrollment charter schools, representing more than 1.2 million students, 105,000 educators and 1,500 campuses. Through cooperative contracts Region 4 ESC extends the opportunity to operate more efficiently and economically to agencies nationwide through OMNIA Partners (see below).

The Contract is based on the need to provide the economic benefits of volume purchasing and reduction in administrative costs through cooperative purchasing to schools and other members. Although the awarded Offeror(s) may restrict sales to certain public units (for example, state agencies or local government units), any proposal that prohibits sales from being made to public school districts may not be considered. Sales without restriction are preferred. These types of contracts are commonly referred to as being "piggybackable."

National Contract

Region 4 ESC, as the Principal Procurement Agency, defined in ATTACHMENT D, has partnered with OMNIA Partners, Public Sector, Inc., a Delaware corporation ("OMNIA Partners") to make the resultant contract (also known as the "Master Agreement" in materials distributed by OMNIA Partners) from this solicitation available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program. Region 4 ESC is acting as the contracting agency for any other Public Agency that elects to utilize the resulting Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners (a "Participating Public Agency") and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of a Master Intergovernmental Cooperative Purchasing Agreement, a form of which is attached hereto on ATTACHMENT D, or as otherwise agreed to. ATTACHMENT D contains additional information about OMNIA Partners and the cooperative purchasing program.

OMNIA Partners is the largest and most experienced purchasing organization for public and private sector procurement. Through the economies of scale created by OMNIA Partners' public sector subsidiaries and affiliates, our participants have access to competitively solicited and publicly awarded cooperative agreements. For all public sector contracts, the lead agency contracting process continues to be the foundation on which we were established. OMNIA Partners is proud to offer more value and resources to state and local government, higher education, K-12 education and non-profits.

OMNIA Partners provides shared services and supply chain optimization to government, education and the private sector. With corporate, pricing and sales commitments from the Supplier, OMNIA Partners provides marketing and administrative support for the Supplier that directly promotes the Supplier's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis. Participating Public Agencies benefit from pricing based on aggregate spend and the convenience of a contract that has already been advertised and publicly competed. The Supplier benefits from a contract that generally allows Participating Public Agencies to directly purchase goods and services without the Supplier's need to respond to additional competitive solicitations. As such, the Supplier must be able to accommodate a nationwide demand for services and to fulfill obligations as a nationwide Supplier and respond to the OMNIA Partners documents (ATTACHMENT D).

While no minimum volume is guaranteed to the Supplier, the estimated annual volume of Furniture, Installation, and Related Services purchased under the Master Agreement through OMNIA Partners is approximately $500 million. This projection is based on the current annual volumes among the Region 4ESC, other Participating Public Agencies anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between the Supplier and OMNIA Partners.

5. Open Records Policy: Proposals submitted in response to this RFP become a matter of public record subject to release after Contracts are executed. If an Offeror believes its response, or parts of its response, may be exempt from disclosure, the Offeror must specify page-by-page and line-by-line the parts of the response, which it believes, are exempt. In addition, the Offeror must specify which exception(s) are applicable and provide detailed reasons to substantiate the exception(s). Offeror must provide this information on the "Acknowledgement and Acceptance of Region 4 ESC's Open Records Policy" (Appendix C, Doc #1). Any unmarked information will be considered public information and released, if requested under the Public Information Act. Price is not confidential and will not be withheld.

   The determination of whether information is confidential and not subject to disclosure is the duty of the Office of Attorney General (OAG). Region 4 ESC must provide the OAG sufficient information to render an opinion and therefore, vague and general claims to confidentiality by the Offeror are not acceptable. Region 4 ESC must comply with the opinions of the OAG. Region 4 ESC assumes no responsibility for asserting legal arguments on behalf of any Offeror or Contractor. Offeror is advised to consult with their legal counsel concerning disclosure issues resulting from this procurement process and to take precautions to safeguard trade secrets and other proprietary information. After completion of award, these documents will be available for public inspection.

6. Disclosures: By signing the Offer and Contract Signature Form, Offeror affirms:

   a) Offeror has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this proposal and any subsequent Contract.

      Offerors must include a complete description of any and all relationships that might be considered a conflict of interest in doing business with Region 4 ESC.

   b) To the best of Offeror's knowledge, the proposal has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other Offerors or potential Offerors in the award of a Contract resulting from this RFP.

   c) Offeror is not currently delinquent in the payment of any franchise taxes.

   d) The individual signing the submittal is an authorized agent for the Offeror and has the authority to bind the Offeror to the Contract.

requirements under the solicitation, proposal package, or related documents; (3) the rejection of any proposal or any part of any proposal; and/or (4) the award of a Contract, if any.

Region 4 ESC shall not be responsible or liable for any costs incurred by Offerors or the successful Offeror in connection with responding to the RFP, preparing for oral presentations, preparing and submitting a proposal, entering or negotiating the terms of a Contract, or any other expenses incurred by an Offeror. The Offeror is wholly responsible for any such costs and expenses and shall not be reimbursed in any manner by Region 4 ESC.

8. Conditions of Submitting Proposal: Submission of a proposal confers no right on an Offeror to an award or Contract. Region 4 ESC, in its sole discretion and for any reason or no reason, reserves the rights to reject any or all proposals, accept only a part of any proposal, accept the proposal deemed most advantageous to Region 4 ESC, and waive any technicalities. The issuance of this RFP does not obligate Region 4 ESC to make an award or negotiate or execute a Contract. Prior to submission due date and time, Region 4 ESC reserves the right to amend the terms and provisions of the RFP, extend the deadline for submission of proposals, or withdraw the RFP entirely for any reason solely at Region 4 ESC's discretion. A proposal may be rejected if it fails to meet any requirement of this RFP.

9. Amendment of Proposal: A proposal may be amended prior to the time of opening by submitting a sealed letter to the location indicated on the front page of this solicitation.

10. Withdrawal of Proposals: Withdrawal of proposals prior to the opening date will be permitted by a written letter or electronic mail from the Offeror. Telephonic or oral withdrawals shall not be considered. After the opening date consideration may be given in cases where Offeror advises that it made a clerical error that is substantially lower than it intended. In such case, Offeror must provide written notice of their desire to withdraw, along with supporting documents, within 3 business days of receiving the acceptance letter or of being requested by Region 4 ESC for clarification of the proposal, whichever is later. Any Contract entered into prior to Region 4 ESC receiving notice must be honored. No Offeror should assume their withdrawal request has been accepted unless, and until, they receive written acknowledgment and acceptance of their proposal withdrawal.

11. Offer and Acceptance Period: In order to allow for an adequate evaluation, Region 4 ESC requires a proposal in response to this RFP to be valid and irrevocable for one-hundred twenty (120) days after the proposal due date and time.

12. Non-Responsive Proposals: All proposals will be reviewed for responsiveness to the material requirements of the solicitation. A proposal that is not materially responsive shall not be eligible for further consideration for award of the Contract, and the Offeror shall receive notice of the non-award of its proposal.

13. Discussions: Region 4 ESC reserves the right to conduct discussion with Offerors for the purpose of eliminating minor irregularities, informalities, or apparent clerical mistakes in the proposal in order to clarify a proposal and assure full understanding of, and responsiveness to, the RFP requirements.

14. Negotiations: In the event Region 4 ESC decides to conduct negotiations, exclusive or concurrent negotiations may be conducted with Offerors reasonably susceptible for award. During the course of negotiations, no Offeror's proposal, including pricing, shall be revealed to any other Offeror or to any other person who is not involved with the evaluation process.

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

Exclusive or concurrent negotiations shall not constitute a Contract award, nor shall it confer any property rights to the successful Offeror. In the event Region 4 ESC deems negotiations are not progressing, Region 4 ESC may formally terminate these negotiations and may enter into subsequent exclusive or concurrent negotiations with the next most qualified Offeror(s).

15. Best and Final Offer: Region 4 ESC, in its sole discretion, may request Offerors reasonably susceptible for award to submit a Best and Final Offer. Offerors must submit their Best and Final Offers in writing. If an Offeror does not respond to the request for a Best and Final Offer, that Offeror's most recent prior submission will be considered its Best and Final Offer.

16. Specifications: When a solicitation contains a specification that states no substitutions, no deviation from this requirement will be permitted. Offeror must comply with the true intent of the specifications and drawings and not take advantage of any unintentional error or omission. In cases where no type and kind of product is specified, specifications have been developed to indicate minimal standards as to the usage, materials, and contents based on the needs of the members. References to manufacturer's specifications ("Design Guides"), when used by Region 4 ESC, are to be considered informative to give the Offeror information as to the general style, type and kind requested. Responses proposing goods, materials or equipment regularly produced by a reputable manufacturer shall be evaluated by Region 4 ESC which will, in its sole discretion, determine whether such proposed goods, materials or equipment are substantially equivalent to the Design Guides, considering quality, workmanship, economy of operation, and suitability for the purpose intended. Offerors should include all documentation required to evaluate whether or not their proposed goods, materials or equipment are substantially equivalent to the Design Guides.

17. Quality of Materials or Services: Offeror shall state the brand name and number of the materials being provided. If none is indicated, it is understood that the Offeror is proposing the exact brand name and number specified or mentioned in the solicitation. However, unless specifically stated otherwise, comparable substitutions will be permitted in cases where the material is equal to that specified, considering quality, workmanship, economy of operation and suitability for the purpose intended.

18. Samples: Upon request, samples shall be furnished, free of cost, within seven (7) days after 4-8 weeks receiving notice of such request. By submitting the proposal Offeror certifies that all materials conform to all applicable requirements of this solicitation and of those required by law. Offeror agrees to bear the costs for laboratory testing, if results show the sample does not comply with solicitation requirements. Submissions may no longer be considered for failing to submit samples as requested.

19. Formation of Contract: A response to this solicitation is an offer to contract with Region 4 ESC based upon the terms, conditions, scope of work, and specifications contained in this request. A solicitation does not become a Contract until it is awarded by Region 4 ESC. A Contract is formed when Region 4 ESC's board signs the Offer and Contract Signature Form. The signed Offer and Contract Signature Form provided with the RFP response eliminates the need for a formal signing process.

20. Multiple Awards: Region 4 ESC reserves the right to award Contract(s) to multiple Offerors. The decision to award multiple Contracts, award only one Contract, or to make no awards rests solely with Region 4 ESC.

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

22. Protest Procedure: Any protest of an award or proposed award must be filed in writing within ten (10) days from the date of the official award notification and must be received by 5:00 pm Central Time. No protest shall lie for a claim that the selected Offeror is not a responsible Offeror. JSI utilized Made2Manage as our company's operating system. This system program is continually being updated with new extensions that convert and synchronize various software applications allowing seamless transition with complete visibility from quotes, order entry to production, packaging, shipping, invoicing and payments made. Implemented with a standard of work that streamlines our company's contract portfolio we are able to ensure all aspects of compliance are being maintained. Made 2 Manage is programed with pattern identifiers that flag and capture data for each order that is entered. These groupings are then triggered for output reporting. This process allows our company to audit orders internally and meet external reporting requirements uniquely for each contract.

xiii. JSI provides a dedicated webpage to Omnia customers that includes Omnia discounting and a link to applicable price lists. Links and .pdf copies of the page are distributed to our sales reps and servicing dealers. Throughout the year we also provide training sessions to our rep groups and select dealers on Omnia contract. Our customer service representatives are available to provide small quotes. For larger projects, we have a specifications team to provide quotes, drawings, etc. Our corporate office staff have tools and knowledge to assist with any questions concerning Omnia contract. All purchase orders are audited before order entry by our contracts team to ensure Omnia members are receiving correct pricing.

xiv. Pay terms for this contract will be Net 45 days. We accept check, electronic transfers, and credit cards as payment. We do not currently support credit card payments being made online but we are able to take them by phone. Purchases paid by credit card should not exceed $50,000.00. We currently do not require fees for credit card payments.

xv. JSI typically only experiences a list price increase once or twice per year. Price increases are formulated by evaluating the rising costs of materials, logistics and labor. We use our various vendor increases as a benchmark when adjusting our list prices. Products that require materials that have become difficult to obtain and more costly to source result in a higher percentage increase in list price. We understand our discounting must remain firm throughout the term of the contract and any subsequent renewals.

xvi. Historically, JSI has always added new products to the contract at the same discounting. Our product portfolio is indexed at list price. This allows us to continually offer Omnia members consistent discounts across the board for our entire offering. The frequency for product introductions are two or three times a year.

We abide by each state's prevailing wage guidelines when applicable. We understand prevailing wage is protected under the Davis-Bacon and Related Acts Regulations as federal legislation.

xx. Design services are provided through our servicing dealers and may be charged at $65 - $75 per hour.
Reconfiguration/Relocation of furniture is available through our servicing dealers and may be charged at $50 - $100 per man hour.

b) Performance Capability

i. Jasper Seating Company, Inc (dba JSI/Jasper Group) has been manufacturing furniture as a corporation for almost 100 years. Our roots are held strong in Southern Indiana since the 1800's when German immigrants, skilled in the art of woodworking settled in Jasper, IN an area abundant in white oak, walnut and other hardwoods ideal for making furniture. By the 1920's Jasper was known as the Nation's Wood Furniture Capital. In 1929, a group of prominent local businessmen came together and formed Jasper Seating Company. Thanks to an ability to respond to market needs and a commitment to its founding principles, Jasper Seating Company prospered through the Great Depression, two World Wars, and countless industry and consumer challengers.
Even during Covid, when most businesses were shut down, JSI was providing furniture to the healthcare industry to aid them in their pursuit to provide medical care during a pandemic. We continued operations to manufacture furniture equipped with padded acoustic screens, hoods, and wings delivering them to hospitals and clinical offices throughout the nation. We were able to provide modern furniture designed to protect individuals from spreading the Covid virus. Even after the pandemic settled and an economic crisis would shock the world's economy on a global scale, JSI continued to manufacture, distribute, and install furniture throughout the US.
JSI has a fierce sales team. Our internal sales force consists of 12 individuals working from our corporate office in Jasper, Indiana. Our external sales force starts with 29 rep groups assigned to specific geographical locations. Each rep group consists of multiple individuals that have a physical presence throughout all 50 states and within their assigned territory. With 19 different showrooms throughout the United States, we have a showroom in each region. We work with over 3,000 trusted authorized dealers across the nation that provide delivery and installation services to our customers.

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

We have a different rep group that hosts a dealership weekly here at our corporate facility in Jasper, IN. The dealerships will fly into Indianapolis airport. It's a smooth ride for them from Indy to the French Lick Resort (where guests stay) in one of our fully equipped vans. The reps and the dealers stay for about 3 days. During those 3 days, we pack them full of JSI product knowledge as they tour our 3 manufacturing facilities in the area. They will also receive an Omnia educational highlight conducted by our very own Kathy Vonderheide. Kathy is our Contract Sales Manager, and she knows Omnia is one of our strongest contract vehicles. The reps and dealers will receive a presentation showing them how to access our Omnia contract information via our dedicated website and they will also receive some handouts to take home with them as well.

In conjunction to the weekly in person presentations we offer online training tutorials for our Omnia contract periodically throughout the year. Our reps are always included in the online training, and we encourage them to bring dealers along as well. We send out mass emails to inform dealers of the meetings with a link that is shared for them to access. We educate all our internal teams on Omnia... spec services, customer service, and order entry all participate in a required zoom call. They are provided with internal tools and documents that allow them to do their jobs with the knowledge needed to process orders on contract, provide quotes for Omnia customers, and answers questions in a timely manner.

Jasper Group has the ability to ship product FOB direct to customer or to one of our thousands of trusted distributors/servicing dealers located throughout the U.S. We pride ourselves on a diligent logistics program working with customers/dealers closely in delivery of products. We ship to all continental U.S. and do business in all 50 states shipping to freight forwarders when necessary.

Our authorized servicing dealers located throughout the US provide inside delivery, installation, relocation/reconfiguration of furniture, on-sight measurements for space planning, warranty work/repairs, and design services. We also have a team of internal technicians available to travel and provide extra materials, tools, parts, and assistance on large scale projects when needed.

As a current OMNIA contract holder, Jasper Group has already put marketing strategies into place for OMNIA. Discussions remain among our internal sales force/marketing, and for renewing information with the new contract, all preparation work is done in the weeks leading up to award and award date. Being a previous contractor for Region 4 much of this is just refreshing and updating information. We will begin updating webpage sheets with logo and new contract information. The new contract changes/information won't go live until after award date. Marketing will be preparing a piece to publish to our external sales force and will be creation phases of co-branded press release. Distribution of literature and information has already begun internally. Our sales representatives are always up to date in anticipated projects and will implement Omnia pricing to eligible agencies in the beginning phases of furniture requests. Communications with our sales reps will involve how to strategically implement Omnia contract sales through customer guides, web links, and advantageous pricing for up-and-coming opportunities. Our executive leadership team will be on a sales call inclusive of all internal sales reps encouraging Omnia sales.

We currently and will continue to offer our sales team an incentive to gain an extra 2% sales commission on Omnia orders. This is a marketing strategy JSI has offered for the past 5 years and has helped us grow our sales exponentially under the Omnia contract.

Our company's operating system, Made2Manage, allows us to track orders before they are even orders. JSI has a quoting process in place that assigns a special quote number to each

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

and every quote provided to Omnia customers. Quotes are entered into the system with customer, product and dealer information. When we send the quotes to our customers, we ask them to also include the quote or the quote number when they submit their purchase order(s). When purchase orders are submitted, order entry will enter the order and it will automatically pair with the quote that is existing in the system. This process allows us to track orders and quotes so if the customer ever needs to purchase more of the product, we are able to pull complete product information as well as previous project information that may be pertinent.

As soon as an order hits the production floor, it is assigned a scan code that allows the product to be scanned at each point of construction. Customer service can pull an order and see if the product is with the builders, drawer fitters, finish, or packing area. Once the product is loaded onto the truck, it is scanned for final departure. From there, we are able to track the truck with information provided by our logistic vendors. Invoices are automatically generated when orders ship. Once invoices are paid they are immediately updated in the system with a paid status.

Specific sequences of synchronized data are grouped with Omnia orders as they are entered. Pattern identifiers that flag and capture data are triggers for output reporting. This process allows our company to meet external reporting requirements unique to Omnia contract. Each line item is pulled containing all information needed to input for reporting. Model number, options, order number, PO number, order date, invoice date, invoice number, customer name, dealer name, ship to address, list price, net price, qty, ext net price, and other details are included for visibility to report.

JSI is seeking a master agreement with Omnia Partners to be made available to other public agencies nationally, including state and local government entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit through Omnia Partners' cooperative purchasing program.

We understand that as the supplier we are responsible for knowing the tax laws in each state. Our accounting dept maintains compliance with each state and their applicable tax laws.

We do not hold Omnia Partners (including any principal procurement agency, any participating public agency, respective agents, directors, employees or representatives) liable for any acts, liabilities, damages, etc. incurred by any other participating public agency.

We will work with Omnia Partners to promote our products and services to participating public agencies through multiple channels.

We agree to work with Omnia Partners to promote the master agreement to both existing and prospective public agencies through all channels as outlined in Exhibit A section 1.2 Marketing, Sales and Administrative Support. We understand we are required to pay an Administrative Fee of 3% of the contract sales under the master agreement. We are asking to take exception to the "guaranteed contract sales" requirement as outlined in Appendix B.

We understand it is our responsibility as the supplier to comply with prevailing wage legislation when applicable and to monitor the prevailing wage rates as established by the appropriate dept of labor for any increase in rates during the term of the master agreement and adjust wage rates accordingly. In instances where supplemental terms and conditions create additional risk and cost for us as the supplier, we will work with the participating public agency to negotiate additional pricing above and beyond the stated contract not-to-exceed pricing so long as the added price is commensurate with the additional cost incurred by us as the supplier. We understand that any supplemental agreement developed as a result of the

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

master agreement is exclusively between us and the participating agency (contracts sales are reported to Omnia Partners).
We agree to pay applicable administrative fees even if the master agreement has expired.
We commit that the Master Agreement has received all necessary corporate authorization and support of our executive management, the master agreement is our go to market strategy for public agencies, the master agreement will be promoted to all public agencies (including any existing customers and will transition existing customers upon their request to the master agreement), we have read and agree to the terms and conditions of the administration agreement with omnia partners and will execute such agreement concurrent with as a condition of its execution of the master agreement with the principal procurement agency. Kathy Vonderheide is JSI's contract manager and she is and will continue to be responsible for the overall management of the Master Agreement.
We commit the not-to-exceed pricing provided under the master agreement pricing our lowest available (net to buyer) to public agencies nationwide and further commits that if a participating public agency is eligible for lower pricing through a national, state, regional or local or cooperative contract, we will match such lower pricing to that participating public agency under the master agreement. We will offer the participating public agency the lowest cost under the mater agreement, but it is ultimately up to the agency to decide if they will purchase under the master agreement. We cannot commit every eligible agency as a guaranteed sale under the master agreement. JSI agrees to continue to aggressively market the master agreement as our go to market strategy as defined in sector 2.3 sales commitment. We will continue to train and engage our sales staff offering the master agreement to public agencies through omnia partners nationwide. We agree all sales will be accurately and timely reported to Omnia partners in accordance with the omnia partners administrative agreement. We commit our sales force will be compensated, including sales incentives, for sales to public agencies under the master agreement in a consistent/better manner compared to sales to public agencies if we were not awarded the master agreement.

ii. Upon being deemed a successful offeror, we will sign Appendix D, Exhibit B, Omnia Partners Administration Agreement.
JSI is providing Appendix B Terms & Conditions Acceptance Form with outlined exceptions. We are noting that if any of the exceptions are unacceptable, please continue with the evaluation of our proposal for consideration of award. Removal of the exception from the proposal will be considered by us.

iii. We are including completed Appendix D, Exhibit F. Federal Funds Certification and G. New Jersey Business Compliance as an uploaded response document in ionwave.

iv. JSI responds to emergency orders with an urgency to assist the customer from quote request, order placement through order delivery/installation. We often are able to provide a quote and process the agency's purchase order within two days. If the agency is not able to process a purchase order in this timeframe, we can charge a purchasing card/credit card to get the order into production. While our orders are made for order and we do not stock standard product, our quick ship program gives us the ability to work with the customers on selecting product available for 10 business day production. This means quick ship product will ship in two weeks. Working diligently with our customers, dealers, production teams and logistics department ensures we are meeting required timelines for delivery/installation.

v. Our product is made when orders are placed, and we do not stock standard product. Our standard lead time is 4-8 weeks. We do offer a quick ship program on select product. Quick Ship orders ship in 2 weeks. As soon as an order is being processed our order schedulers

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

are scanning orders looking for requested ship dates, working with our procurement department to make sure outsourced materials are available, communicating with plant managers to ensure labor time is scheduled adequately so product will hit the package area and meets designated truck for loading. Most manufacturers do not employ positions for this type of detailed management. This process we have implemented has allowed us to receive exceptional on time delivery records. We deliver on time (the ship date that is shown on order acknowledgements) 90% of the time.

vi. Our standard lead time is 4-8 weeks. We do have a Quick Ship Program that allows select product and quantities to complete production and ship out at 10 business days. Historically, our orders ship on the date that is reflected on the order acknowledgment. We have experienced some material delays in the past as our vendor's operations were delayed due to pandemic and natural disasters that have caused backorders. During and aftermath of Covid, we did experience more backorders than usual with backorder rates of up to 15%, however, we had increased our standard stock of materials early on and did not experience the extent of backorders that other major manufacturers in our industry experienced. Other manufacturers had to resort to facility wide, long-term layoffs and even shut down their manufacturing facilities for periods of time. JSI did not have to resort to these types of emergency responses. Our production facilities continually operated, never shutting down, and we were able to continue our business as normal. We implemented some very short-term layoffs that were two weeks long in two increments. This allowed us to maintain production activity with 50% personnel through one month. Thanks to this strategy and our built-up standard stock of materials, we were able to normalize operations bringing backorder rates back down and we were also able to gain a small percentage of the market.

vii. No merchandise may be returned to JSI without a signed Return Good Authorization (RGA) form issued by our Customer Service Department. Any authorized return not due to damage or defect will be accessed a 45% restocking fee and all return freight charges must be prepaid. Additional restocking fees may apply for any modification, special or custom-built product. Liability for defective merchandise shall be limited to replacement or repair. Under no circumstance can we accept COD (Cash On Delivery) returns. Any such shipment will be refused.

viii. Though a rare occurrence, warranty services are provided by one of our authorized servicing dealers. Our dealers provide all warranty/repair services, inside delivery, installation, relocation/reconfiguration, on site measurements for space planning and design services. They work very quickly to resolve any defects and we provide them with materials, tools and know-how including engineering support and webinars/videos if those were to be needed.

ix. Same day response on warranty-related issues is a requirement our company takes seriously. Though a rare occurrence, our goal is to address warranty issues on the same day. Same day means we have a plan, and any applicable replacements parts/product/hardware has been requested through production. Requests start with customer service. They may ask for photos, order information, and other details that will assist in replacement/repair of product. All warranties go through our quality team so engineers can evaluate and provide customer service a detailed plan from applicable parts, hardware, to specific instructions handed to our dealers that will provide the warranty service. Any product or part replacements are expedited through the plant and shipped upon immediate availability. Our quality dept will take steps to ensure the issue does not arise again.

xvi. JSI has adopted the following policies as social diversity initiatives:

EQUAL EMPLOYMENT OPPORTUNITY & NON-DISCRIMINATION POLICY

JSI is committed to a policy of equal employment opportunity for all applicants and employees. Under this policy, applicants and employees shall be treated fairly and equally and employment decisions shall comply with all applicable state and federal employment discrimination laws. In this regard, all employment decisions will be made without regard to race, color, gender, sex, religion, national origin, age, disability, veteran's status, or (in the case of U.S. citizens or intending citizens) citizenship ("prohibited factors"). In addition, JSI will not tolerate any discriminatory employment practice or procedure by anyone, including coworkers, supervisors, managers, executives, customers and/or vendors. This policy applies to all employment practices and procedures including, but not limited to, recruiting, hiring, compensation, training, promotions, termination and all other terms and conditions of employment. Any employee who believes that they have witnessed or been subjected to discrimination has a duty to report the matter to JSI in accordance with this policy.

DEFINITION OF DISCRIMINATORY CONDUCT

Discriminatory conduct is generally defined as conduct which shows disrespect, hostility or aversion to an employee because of an employee's race, color, gender, sex, religion, national origin, age, disability, veteran's status or citizenship. Discriminatory conduct involves verbal, visual or physical conduct relating to a prohibited factor which makes an employee feel uncomfortable in the workplace and which interferes with an employee's ability to work. For more detailed information concerning what type of conduct constitutes sexual harassment and what an employee should do if they either witness or are subjected to sexual harassment, see the JSI policy statement on sexual harassment.

COMPUTER AND VOICE-MAIL SYSTEM

Employees may not use the computer system or voice mail system to create, send or receive any information, which could be defined as discriminatory conduct.

REPORTING DISCRIMINATORY CONDUCT

Any employee who believes that they have either witnessed or been subjected to discriminatory conduct shall immediately report the discriminatory conduct to JSI. Employees have a duty to report discriminatory conduct to JSI in order to protect themselves, their colleagues and JSI. In order to ensure that a report of discriminatory conduct is properly recorded, an employee who believes that they have either witnessed or been subjected to discriminatory conduct must report the discriminatory conduct to their supervisor or a member of the Executive Committee. Employees who believe they have either witnessed or been subjected to sexual harassment should report the discriminatory conduct in accordance with the JSI Sexual Harassment policy. All reports of discriminatory conduct shall be investigated. To the extent feasible, the investigation will be conducted in a confidential manner in order to protect the rights of all parties involved. JSI will not tolerate any retaliation against an employee who makes a good faith report of discrimination. If the investigation reveals that the

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

report has merit, corrective action, including disciplinary action, will be taken to remedy the situation. However, it is also important to understand that accusing an employee of discriminatory conduct is a serious matter. Consequently, JSI reserves the right to discipline any employee who intentionally makes a false report of discriminatory conduct. False reports have the potential of causing harm to innocent parties and waste JSI time and resources.

COMMUNITY OUTREACH AND INVOLVEMENT

Involvement in community-based initiatives and organizations is a fundamental value to JSI. We support initiatives both locally and nationally with donations and contributions each year to civic and public organizations. Locally, we show our support by participating in community events and donating to local schools and churches. Making our surrounding community a desirable place to live and work is important and JSI assists by volunteering to clean up city streets with the Adopt-A-Street program. JSI believes that our long-term success depends on our ability to develop the communities where our employees, clients, and shareholders live and work.

xvii. All of Jasper Group's product is bult to meet/exceed ANSI/BIFMA standards for performance, durability, and structural integrity. Therefore, Jasper Group and Brands at this time has chosen to be ANSI/BIFMA e3 self-certified silver, which is the equivalent of Level I but without the costs of third-party certification. c) Qualifications and Experience

i. Jasper Seating Company, Inc. was officially founded in 1929 when the first all wooden chair came off the assembly line. We have kept that wooden chair in production all of these years and today, it is still available for purchase (Americana seating). The wooden chair would soon transform into a school chair with an attached table (still available for purchase today). From there our company ventured into the upholstery world providing upholstered seating in the 1950's. On Dec 31, 1960, three upholstered walnut chairs manufactured by Jasper Seating Company, Inc. were featured on the cover of a Sear's Roebuck and Co. catalog (Business Equipment and Supply Catalog). In 1994 the production of casegoods began and the JSI name was introduced and incorporated into the branding. Our portfolio expanded from there.

Today, with a diverse portfolio, we manufacture furniture for many different spaces including but not limited to office, conference, training, library, school (k-12), higher ed, healthcare, café/dining, open plan, privacy, and social. We cater to corporate businesses, educational, government, healthcare, and hospital industries. Our contracts dept is equipped with the tools and knowledge to maintain 1 very large federal contract, a healthcare contract, a library contract, 7 university contracts, 6 cooperative/local contracts, and 19 state contracts. It's also worth mentioning we supply product to many of our dealers on their various contracts as well. Our corporate address is found at 225 Clay St, Jasper, IN 47546.

With efforts focused on small businesses we have an initiative to utilize our small, disadvantaged dealers frequently. We have joined forces by partnering with BIFMA, GREENGUARD, Premium Indiana Forest Products, U.S. Green Building Council, and Architecture 2030 building strong alliances to achieve goals in providing sustainable product and green design with a commitment to zero waste, through the reduction, reuse, recycling, and recovery of the resources we use every day. We also engage in our community by volunteering our time and resources toward not-for-profit organizations. We regularly contribute to over 100 separate charitable organizations and events in our community. We have given cash and product as well as provided resources for charities. The following are a list of just a few organizations we continue to aid: American Cancer Society, American Legion, Anderson Woods, Big Brother/Big Sisters, Boy Scouts of America, Girl Scouts of America, Local 4-H Club, Habitat for Humanity, St. Jude's Children's Research Hospital, March of Dimes, and National Child Safety Council. Our policies and goals are ingrained with customer satisfaction, commitments to a greener environment, and charitable contributions. Customer Service is the cornerstone of Jasper Group and will continue to give our company an impeccable reputation in the market.

iii. Our product is enhanced with details and features that offer contemporary design and modern function. Offering full lines of contemporary, transitional, and traditional product we are able to meet all customer demands. All Jasper Group product is built to meet/exceed ANSI/BIFMA standards. Our product is tested internally and third party. We also have put extensive quality control procedures in place with strict standards on product inspection before each unit ships. These efforts combined with a diverse portfolio and an inclusive warranty policy have leveraged our product's reputation in the market. Strong relationships with our dealers/distributors allow us to work together in providing exceptional services to customers. Our dealers are reliable, skilled, furniture experts that are well educated on our product. They provide face to face interactions with customers and a level of professionalism that has become an invaluable resource to Jasper Group giving our products and services a respectful reputation in the market.

iv. All Jasper Group employees are vital to our company. Most of them bring years of experience and qualifications to the table but more than that they go above and beyond the call of duty to engage customers, provide a valuable customer experience, and continually gain momentum in the market. Below outline just a few individuals that are key to conducting daily business.

Mike Wagner is Jasper Group's President, CEO. Although Mr. Wagner has only been with Jasper Group for a couple of short years, he has over 25 years' experience in the furniture industry. Mike has a passion to bring focus to the art of premium hardwood as its origins and culture reside within our Jasper community. With his determination to redefine what it means to be a furniture manufacturer in the heart of the country's richest forests, he personally oversees many projects at Jasper Group and spends most of his time researching and innovating new types of product that not only expand our company's business but offer tribute to the cultivation and craft of our offering.

Cindy Zehr is our Corporate Administrative Assistant at Jasper Group. Cindy keeps the wheels turning at our corporate office making sure all phone calls are being answered and directed properly, managing schedules for our executives and PTO/vacation times for all office staff, directing packages through multiple carriers, sorting our mail, guiding guests that visit our corporate location, and scheduling maintenance where needed. Cindy is at our corporate office bright and early rain, shine, sleet, or snow. She ensures a safe arrival for

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

staff during inclement weather by ordering salt and snow plow services and alerting employees to any hazardous conditions they may experience on their commute. Cindy has been as Jasper Group for 13 years.

We currently have 13 full-time Customer Service Representatives. Our employees are the backbone of our business. Jessica Cooper (aka "Jessie") has demonstrated over the years what is possible when people pair their dedication for achieving unparalleled quality with an unquenchable desire to push beyond the boundaries of what is acceptable to what is exceptional. Jessie is one of JSI's customer service representatives. She has been with our company for over 28 years. She has tracked projects from beginning phases of quoting/specification through production ensuring on time delivery. She has followed up with customers after projects are installed to ensure everything went smoothly and to just ask if there is anything more Jasper Group can do for them.

With a Contracts team of 3, Kathy Vonderheide heads the team as Contract Sales Manager. Kathy has been with Jasper Group for 24 years and our contracts team has 64 years of combined experience. Each member has been cross trained and qualified to audit contract orders ensuring compliance, specify projects based on contract pricing, answer any contract questions dealers or customers may have, train and educate order entry, customer service, and sales teams on key contract terms, submit proposals for bid requests, assist in internal and external audits, and generate reports for contract requirements paying applicable administration fees. Understanding the importance of contracts, Jasper Group is constantly driving improvement toward compliance.

v. Jasper Group has thousands of authorized dealers around the U.S. We are providing an excel sheet of our entire dealer listing that is attached and uploaded in ionwave in response to this RFQ.

   i. JSI has many dealers that we rely on to deliver and provide installation services around the clock and throughout the U.S. We would like to position all of these dealers with the ability to perform these services on our Omna contract in order to operate at optimal capacity and also eliminate the need for repeated dealer adds. Our dealers are loyal and they don't quit JSI so there shouldn't be the need for frequent updates.

   ii. Participating agencies have several ways they can confirm that a dealer is authorized to utilize our Omnia contract. The easiest way is to check the dealer's website. If the JSI logo is found, they are a JSI dealer and are allowed access to the contract. By submitting our entire dealer network to Omnia there shouldn't be any question beyond, is this a JSI dealer. The second way would be to check with the regional sales rep or simply pick up the phone and contact JSI's customer service dept at 1-800-457-4511.

vi. Jasper Group has been a GSA contract holder since 1999. Additionally, we hold numerous state contracts. Jasper Group has grown and developed an entire department dedicated to contracts. Our goal is to continue this growth not just with federal contracts but our OMNIA cooperative contract as well.

vii. Jasper Group does not have any past litigation, bankruptcy, reorganization, state investigations of entity or current officers/directors.

Our company offers a complimentary QuickShip program. The program allows for applicable product to ship in 10 business days. Available products and options are listed in the JSI QuickShip Price List. Prices are the same and the same discounting applies. No fees are associated when purchasing product on QuickShip.
There are many various softwares that are utilized in room planning and furniture placement within the design industry. Our company responds to this by providing data on various platforms to meet the needs of designers. For example, JSI utilizes CET, Project Matrix, Revit, 20/20 Worksheet, and Autocad. We support and provide the data necessary to specify JSI furniture applicable to these programs. Our information is submitted regularly to CET and 20/20 worksheet. Additionally, we provide the autocad symbols needed as a simple download on our website. There is no charge to access JSI's symbols and data.
As noted in our proposal, we are responding to the health and science category. Within that category, we have specific healthcare furniture including caseworks, recliners, sleeper sofas, and patient/waiting room seating. We would like to bring particular attention to our Satisse waiting room/linking seating as we have a patent pending MagLinx™ technology that has never been utilized in the healthcare industry or in any seating capacity that we are aware of. MagLinx™ is a patent pending feature that links seating together at the bottom (near the glide) via an integrated magnetic system that allows quick and easy linking/unlinking of guest chairs. This seating is essential to the healthcare industry as it allows to link/unlink guest seating without bending over, without turning a bolt, or attaching/un-attaching mechanisms that are typically required for linked or tandem seating. During peak virus/disease seasons, it is necessary to rearrange waiting room furniture allowing space in between patients in an effort to avoid transmitting germs associated with such viruses/diseases. Our Satisse guest chairs are the only chairs on the market that are equipped to handle easy reconfiguration in this manner. Satisse and the newly available MagLinx™ feature are product included with our proposal, found within the healthcare price list.
Also within our health category we have Kindera recliners. Kindera recliners are equipped to fully recline & extend into Trendelenburg Position which is a medical position where the patient's feet are elevated above their head often used in hypotensive patients in cardiac arrest. The position may also be used to increase blood circulation and in times where extra assistance is needed in large tracheal clot evacuation.

Design services are provided through our servicing dealers and may be charged at $65 - $75 per hour.
Reconfiguration/Relocation of furniture is available through our servicing dealers and may be charged at $50 - $100 per man hour.
Customs are quoted on a project-by-project basis.
Orders less than $1,001.00 net product are charged a $90 fee.
Dock Delivery is included.

Appendix B, Terms and Conditions Acceptance Form

Jasper Seating Company, Inc. (dba JSI/Jasper Group) is seeking exception to the following:

1) RFP Page 10, 18. Samples
We request that samples be provided within 4-8 weeks after receiving notice of request. We do not standard stock product and this is our standard lead time.

2) Appendix A, Page 2, Paragraph 10 Dealers
We request that orders and payments have the ability to be made through our dealers as well as us the contractor.
The reason for this request is that many times public agencies want to purchase items from multiple manufacturers, and this allows them to issue one purchase order to the dealer.
We will require the dealer to issue us a copy of the end user PO to ensure we (the contractor) are reporting and paying the admin fees associated with the applicable order. We will maintain responsibility for the contract and make sure proper pricing is utilized.

3) Appendix A, Page 4, Paragraph 14 Delivery
We do not standard stock product as our product is made to order. We request to be allowed our standard lead time of 4 – 8 weeks for delivery.

4) Appendix A, Page 4, Paragraph below Delivery
We request to have installation charges built into our contract in the event they are needed due to various reasons (outlined below). In our industry, we regularly experience obstacles with installation that require additional labor, time, tools and equipment. We have found that it is necessary to provide good installation terms so the end user understands what factors may cause fluctuation of their installation, and to support quality installation services which overall protect the integrity of our company. *(The information below can also be found in our formal proposal pages 2 & 3)*
The following servicing fees for Deliver and Install may also be applied:
Normal Delivery & Installation $60.00 to $95.00 per man hour
After Hours Delivery & Installation $100.00 to $150.00 per man hour
Conditions that may affect the overall installation rate:
Union labor and/or prevailing wage rates, overtime, holiday and weekend hourly rates.
Street unload/offload
Stair carry
Restricted access to building (including but not limited to security clearance, obtaining id cards/permits, truck driver/installers preregistration for gate entry, and other requirements to obtain access to the job site)
Construction/building delays/site preparation
Scheduling conflicts, limitations, or delivery changes caused by customer, other contractors
Removal or disposal of existing product
Product storage
Installation outside of a 45-mile radius of the servicing dealer
Installation in a clinical/medical environment

5) Exhibit A, Page 9, 3.3 Marketing and Sales, M.
We request to omit guaranteed sales. This is because the market fluctuates greatly from year to year making this a difficult commitment.

6) Exhibit A, 1.2, Marketing Sales, and Administrative Support, Page 3, "Guaranteed Contract Sales"
As outlined above, we are requesting to omit guaranteed contract sales due to market fluctuations. Requesting we only pay fees on actual sales on contract.

If any of these exceptions are unacceptable, please continue with the evaluation of this proposal for consideration of award. Removal of the exception from this proposal will be considered by us.

Implementation of House Bill 1295

Certificate of Interested Parties (Form 1295):

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. The law applies only to a contract of a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least $1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.

The Texas Ethics Commission was required to adopt rules necessary to implement that law, prescribe the disclosure of interested parties form, and post a copy of the form on the commission's website. The commission adopted the Certificate of Interested Parties form (Form 1295) on October 5, 2015. The commission also adopted new rules (Chapter 46) on November 30, 2015, to implement the law. The commission does not have any additional authority to enforce or interpret House Bill 1295.

Filing Process:

Staring on January 1, 2016, the commission made available on its website a new filing application that must be used to file Form 1295. A business entity must use the application to enter the required information on Form 1295 and print a copy of the completed form, which will include a certification of filing that will contain a unique certification number. An authorized agent of the business entity must sign the printed copy of the form. The completed Form 1295 with the certification of filing must be filed with the governmental body or state agency with which the business entity is entering into the contract.

Our company offers a complimentary QuickShip program. The program allows for applicable product to ship in 10 business days. Available products and options are listed in the JSI QuickShip Price List. Prices are the same and the same discounting applies. No fees are associated when purchasing product on QuickShip.

There are many various softwares that are utilized in room planning and furniture placement within the design industry. Our company responds to this by providing data on various platforms to meet the needs of designers. For example, JSI utilizes CET, Project Matrix, Revit, 20/20 Worksheet, and Autocad. We support and provide the data necessary to specify JSI furniture applicable to these programs. Our information is submitted regularly to CET and 20/20 worksheet. Additionally, we provide the autocad symbols needed as a simple download on our website. There is no charge to access JSI's symbols and data.

As noted in our proposal, we are responding to the health and science category. Within that category, we have specific healthcare furniture including caseworks, recliners, sleeper sofas, and patient/waiting room seating. We would like to bring particular attention to our Satisse waiting room/linking seating as we have a patent pending MagLinx™ technology that has never been utilized in the healthcare industry or in any seating capacity that we are aware of. MagLinx™ is a patent pending feature that links seating together at the bottom (near the glide) via an integrated magnetic system that allows quick and easy linking/unlinking of guest chairs. This seating is essential to the healthcare industry as it allows to link/unlink guest seating without bending over, without turning a bolt, or attaching/un-attaching mechanisms that are typically required for linked or tandem seating. During peak virus/disease seasons, it is necessary to rearrange waiting room furniture allowing space in between patients in an effort to avoid transmitting germs associated with such viruses/diseases. Our Satisse guest chairs are the only chairs on the market that are equipped to handle easy reconfiguration in this manner. Satisse and the newly available MagLinx™ feature are product included with our proposal, found within the healthcare price list.

Also within our health category we have Kindera recliners. Kindera recliners are equipped to fully recline & extend into Trendelenburg Position which is a medical position where the patient's feet are elevated above their head often used in hypotensive patients in cardiac arrest. The position may also be used to increase blood circulation and in times where extra assistance is needed in large tracheal clot evacuation.

Design services are provided through our servicing dealers and may be charged at $65 - $75 per hour.
Reconfiguration/Relocation of furniture is available through our servicing dealers and may be charged at $50 - $100 per man hour.
Customs are quoted on a project-by-project basis.
Orders less than $1,001.00 net product are charged a $90 fee.

1.0 Scope of National Cooperative Contract

Capitalized terms not otherwise defined herein shall have the meanings given to them in the Master Agreement or in the Administration Agreement between Supplier and OMNIA Partners.

1.1 Requirement

Region 4 ESC (hereinafter defined and referred to as "**Principal Procurement Agency**"), on behalf of itself and OMNIA Partners, Public Sector, Inc., a Delaware corporation ("**OMNIA Partners**"), is requesting proposals for Furniture, Installation, and Related Services. The intent of this Request for Proposal is any contract between Principal Procurement Agency and Supplier resulting from this Request for Proposal ("**Master Agreement**") be made available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("**Public Agencies**"), through OMNIA Partners' cooperative purchasing program. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with OMNIA Partners, an example of which is included as Exhibit D, and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners as a Participating Public Agency in OMNIA Partners' cooperative purchasing program. Registration with OMNIA Partners as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C, and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of the Master Intergovernmental Purchasing Cooperative Agreement or as otherwise agreed to. The terms and pricing established in the resulting Master Agreement between the Supplier and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through OMNIA Partners.

All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually, and neither OMNIA Partners, any Principal Procurement Agency nor any Participating Public Agency, including their respective agents, directors, employees or representatives, shall be liable to Supplier for any acts, liabilities, damages, etc., incurred by any other Participating Public Agency. Supplier is responsible for knowing the tax laws in each state.

This Exhibit A defines the expectations for qualifying Suppliers based on OMNIA Partners' requirements to market the resulting Master Agreement nationally to Public Agencies. Each section in this Exhibit A refers to the capabilities, requirements, obligations, and prohibitions of competing Suppliers on a national level in order to serve Participating Public Agencies through OMNIA Partners.

These requirements are incorporated into and are considered an integral part of this RFP. OMNIA Partners reserves the right to determine whether to make the Master Agreement awarded by the Principal Procurement Agency available to Participating Public Agencies, in its sole and absolute discretion, and any party submitting a

response to this RFP acknowledges that any award by the Principal Procurement Agency does not obligate OMNIA Partners to make the Master Agreement available to Participating Procurement Agencies.

1.2 Marketing, Sales and Administrative Support

During the term of the Master Agreement OMNIA Partners intends to provide marketing, sales, partnership development and administrative support for Supplier pursuant to this section that directly promotes the Supplier's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis.

OMNIA Partners will assign the Supplier a Director of Partner Development who will serve as the main point of contact for the Supplier and will be responsible for managing the overall relationship between the Supplier and OMNIA Partners. The Director of Partner Development will work with the Supplier to develop a comprehensive strategy to promote the Master Agreement and will connect the Supplier with appropriate stakeholders within OMNIA Partners including, Sales, Marketing, Contracting, Training, and Operations & Support.

The OMNIA Partners marketing team will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through channels that may include:

A. Marketing collateral (print, electronic, email, presentations)
B. Website
C. Trade shows/conferences/meetings
D. Advertising
E. Social Media

The OMNIA Partners sales teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through initiatives that may include:

A. Individual sales calls
B. Joint sales calls
C. Communications/customer service
D. Training sessions for Public Agency teams
E. Training sessions for Supplier teams

The OMNIA Partners contracting teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through:

A. Serving as the subject matter expert for questions regarding joint powers authority and state statutes and regulations for cooperative purchasing
B. Training sessions for Public Agency teams
C. Training sessions for Supplier teams

D. Regular business reviews to monitor program success

E. General contract administration

Suppliers are required to pay an Administrative Fee of 3% of the greater of the Contract Sales under the Master Agreement and Guaranteed Contract Sales under this Request for Proposal. Supplier will be required to execute the OMNIA Partners Administration Agreement (Exhibit B). At Supplier's option, Suppliers may pay additional fees beyond administrative fees, such as technology fees, to OMNIA Partners and/or a third party for additional support and/or access to OMNIA Partners' technology platform.

1.3 Estimated Volume

The dollar volume purchased under the Master Agreement is estimated to be approximately $500 million annually. While no minimum volume is guaranteed to Supplier, the estimated annual volume is projected based on the current annual volumes among the Principal Procurement Agency, other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between Supplier and OMNIA Partners.

1.4 Award Basis

The basis of any contract award resulting from this RFP made by Principal Procurement Agency will, at OMNIA Partners' option, be the basis of award on a national level through OMNIA Partners. If multiple Suppliers are awarded by Principal Procurement Agency under the Master Agreement, those same Suppliers will be required to extend the Master Agreement to Participating Public Agencies through OMNIA Partners. Utilization of the Master Agreement by Participating Public Agencies will be at the discretion of the individual Participating Public Agency. Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency (e.g., governing law) are subject to modification for each Participating Public Agency as Supplier and such Participating Public Agency may agree without being in conflict with the Master Agreement as a condition of the Participating Agency's purchase and not a modification of the Master Agreement applicable to all Participating Agencies. Participating Agencies may request to enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in the Master Agreement (e.g., governing law, invoice requirements, order requirements, specialized delivery, diversity requirements such as minority and woman owned businesses, historically underutilized business, etc.) ("Supplemental Agreement"). It shall be the responsibility of the Supplier to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the Participating Agency. It shall further be the responsibility of the Supplier to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of the Master Agreement and adjust wage rates accordingly. In instances where supplemental terms and conditions create additional risk and cost for Supplier, Supplier and Participating Public Agency may negotiate additional pricing above and beyond the stated contract not-to-exceed pricing so long as the added price is commensurate with the additional cost incurred by the Supplier. Any supplemental agreement developed as a result of the Master Agreement is exclusively between the Participating Agency and the Supplier (Contract Sales are reported to OMNIA Partners).

All signed Supplemental Agreements and purchase orders issued and accepted by the Supplier may survive expiration or termination of the Master Agreement. Participating Agencies' purchase orders may exceed the term of the Master Agreement if the purchase order is issued prior to the expiration of the Master Agreement. Supplier is responsible for reporting all sales and paying the applicable Administrative Fee for sales that use the Master Agreement as the basis for the purchase order, even though Master Agreement may have expired.

1.5 Objectives of Cooperative Program

This RFP is intended to achieve the following objectives regarding availability through OMNIA Partners' cooperative program:

Supplier will identify an executive corporate sponsor and a separate national account manager within the RFP response that will be responsible for the overall management of the Master Agreement.

3.0 Supplier Response for National Cooperative Contract

3.1 Company

A. In the early 1800's, German immigrants, skilled in the art of woodworking, settled in Jasper, Indiana. They cleared land, built farms, and created a new life for their families. Fortunately, they also passed down their artistry. In 1879, with the advent of the industrial revolution and the railroad, these settlers recognized the potential in the white oak, walnut and other hardwoods that surrounded them, and set to work producing wood school and office chairs. By the end of the 1920s, Jasper, Indiana was known as the Nation's Wood Furniture Capital. In 1929, a group of prominent local businessmen came together and formed Jasper Seating Company. Thanks to an ability to respond to market needs and a commitment to its founding principles, Jasper Seating Company prospered through the Great Depression, two World Wars, and countless industry and consumer challenges.

Dedicated to this initiative, Jasper Group has developed, implemented, and maintains a complete environmental/sustainability package in efforts to protect and preserve our environment for future generations.

F. JSI has a non-discrimination policy as one initiative to create a more diverse workplace. We are also in compliance with all applicable state and federal laws regarding Affirmative Action, ADA and EOE. Jasper Group recognizes that diversity is the key component in a culture of inclusiveness and strives to provide an inclusive work environment for Associates that is free of bias, discrimination, intolerable actions and oppression. We welcome and embrace cultural diversity and inclusiveness. We also run a quarterly diversity report to catalog the efforts our company is making toward diversifying staff. One activity that we engage in pretty regularly is a multicultural potluck.

G. JSI does not hold any certifications for WMBE, SBE, DBE, HUB, or HUBZone.

H. Many of our authorized dealers hold small business certifications. We also have dealers that are minority certified and women owned minority certified. Another classification some of dealers have is Service Disabled Veteran Owned Business. There are too many for us to list but we are happy to provide these dealers when requested based on a specific geographic location. Staying true to our small business and minority subcontracting goals, we procure materials and services using small business companies/minority companies whenever possible. Similarly, we position our dealers that hold certifications for opportunities as much as possible.

I. Designing and producing furniture for the generations of today, with an eye on tomorrow's markets make Jasper Group a leading manufacturer in the furniture industry. We're combining evolved engineering, sustainable manufacturing and renewable resources with our passion for timeless design. Investing in product development and original thinking with our brand strategies to promote measured growth.

J. Our company does not have any past or present litigation, bankruptcy or reorganization.

K. b. JSI is not owned or operated by anyone who has been convicted of a felon.

L. Jasper Group has never had any debarment or suspension actions taken against us.

3.2 Distribution, Logistics

A. JSI has a diverse portfolio that offers a turnkey solution. Our product is suitable for a range of client's budgets and environments, including business, education, government, healthcare, public space and hospitality. With an eye on the present and the future, we seek to meet our markets' needs. Integrating ergonomics and office dynamics, as well as traditional, transitional and contemporary styling into our seating, lounge and casegood offerings.

B. Jasper Group has the ability to ship product FOB direct to customer or to one of our thousands of trusted distributors/servicing dealers located throughout the U.S. We pride ourselves on a diligent logistics program working with customers/dealers closely in delivery of product. We ship to all continental U.S. and do business in all 50 states shipping to freight forwarders when necessary.

C. Agencies have a number of ways to verify contract pricing. All of our contracts are publicly accessible on our website for pricing information as well as list prices. Another means of pricing is to request a contract quote through either Jasper Group's customer service or one of our servicing dealers/reps. Our contracts specification group will supply a quote with the contract information and pricing in pdf format to the customer. The customer can then place that quote with their Purchase Order to ensure they receive adequate pricing. Customers will also be provided with acknowledgements when their orders have received a ship date.

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

Acknowledgements can be cross checked with the quote/Purchase Order. Internal tools are also utilized such as our monthly sales reports to check and ensure orders received accurate pricing. Jasper Group works hard to maintain compliance on contracts with a list of procedures and standard of work developed that is threaded through our workplace in every department from customer service, specification services, order entry, accounting, to our contract sales manager.

D. Jasper Group works with over 3,000 distributors/dealers throughout the U.S. Because our list is so very long, we have uploaded an excel sheet in ionwave, "JSI Authorized Dealers". This list is inclusive of all our authorized dealers.

E. Internally, our company has 3 different manufacturing locations in Southern Indiana. These facilities total in over 2 million sq. ft of space and work as distribution centers.

3.3 Marketing and Sales

A. We ask that Omnia not publish any of our financial information that is contained in our response to the solicitation. We are a privately held and traded company and we do not publish our finances. We are including Appendix C, Doc #1 that outlines the specific information be redacted from publishing and we have marked these specific lines/documents as confidential.

B. As a current OMNIA contract holder, Jasper Group has already put marketing strategies into place for OMNIA. Discussions remain among our internal sales force/marketing, and for renewing information with the new contract, all preparation work is done in the weeks leading up to award and award date. Being a previous contractor for Region 4 much of this is just refreshing and updating information. We will begin updating webpage sheets with logo and new contract information. The new contract changes/information won't go live until after award date. Marketing will be preparing a piece to publish to our external sales force and will be creation phases of co-branded press release. Distribution of literature and information has already begun internally. Our sales representatives are always up to date in anticipated projects and will implement Omnia pricing to eligible agencies in the beginning phases of furniture requests. Communications with our sales reps will involve how to strategically implement Omnia contract sales through customer guides, web links, and advantageous pricing for up and coming opportunities. Our executive leadership team will be on a sales call inclusive of all internal sales reps encouraging Omnia sales.

   i. Our Assistant VP in Marketing will be sending out an email blast from her personal email account and will exclusively endorse Omnia with a customized one page flyer. This will take place within 10 days of award.

   ii. We will train and educate our national sales force gaining executive leadership involvement, along with the Omnia Partners team within the first 90 days.

C. We will utilize our internal and external sales teams to market participating public agencies, existing public agency customers, and prospective public agencies nationwide immediately upon award.

   i. Distribution of co-branded press release to trade publications upon award.

   ii. Announcement, Master Agreement details and contact information will be published on our website upon award (this is usually done within the first few days of contract award).

   iii. Design, publication and distribution of co-branded marketing materials within 90 days.

   iv. We agree to attend and participate at the NIGP Annual Forum, Regional NIGP Chapter Meetings, Regional Cooperative Summits, supplier-specific trade shows, conferences and meetings throughout the term of the master agreement via zoom meetings or

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

another form of virtual meeting/platform. For events requiring a physical presence, our attendance will be made possible as our Marketing budget allows.

v. We commit to attend, exhibit and participate at the NIGP Annual Forum in an area reserved by OMNIA Partners for partner suppliers as our Marketing budget allows. We will purchase booth space and provide adequate staff budge permitting. In addition, we commit to provide reasonable assistance to the overall promotion and marketing efforts for the NIGP Annual Forum, as directed by OMNIA Partners.

vi. We agree to design and publication of national and regional advertising in trade publications throughout the term of the Master Agreement.

vii. We agree to ongoing marketing and promotion of the Master Agreement throughout its term (case studies, collateral pieces, presentations, promotions, etc.)

viii. We will continue to provide an Omnia Partner's website with Omnia Partner's standard logo, copy of original request for proposal, copy of master agreement and amendments pertaining to the master agreement, summary of products and pricing, marketing materials, electronic link to Omnia Partners website including registration page, and a dedicated toll free number and email address for Omnia Partners.

D. Jasper Group's current existing Public Agency customers' already have full access to OMNIA contract sales. Many of them are already members of OMNIA. We do currently hold a contract with Buyboard. This contract is more regionally recognized than nationally. Buyboard is not the same scope as OMNIA. OMNIA offers inclusive services and is a better package value to the customer. We have always and will continue to market OMNIA as such. Jasper Group has been a TIPS/TAPS contract holder since 2009 with little or no activity through that coop. We also hold many state contracts throughout the U.S. These contracts can be very difficult for agencies to utilize with strict terms and conditions that limit modifications to add product availability and mandate cumbersome processes for end users to obtain quotes and purchase orders. OMNIA is an easy go-to solution that we suggest in these situations and we have found in states like Texas and New York, OMNIA is a very viable solution to our customers. Jasper Group has a strong customer base that utilize OMNIA contract regularly and we will continue to encourage growth positioning OMNIA as the go to contract vehicle for purchases.

E. Upon request, logos will be provided in the necessary format needed for your use. Please reach out Kathy Vonderheide at kvonderheide@jaspergroup.us.com

F. Jasper Group will be proactive in direct sales of our goods and services to Public Agencies nationwide as stated above. We will provide a timely follow-up to leads. We will utilize sales materials containing the OMNIA Partners, Public Sector logo. We will note Master Agreement was competitively solicited and publicly awarded by a Principal Procurement Agency and that it is the best government pricing for scope of contract, no cost to participate and non-exclusive.

G. We will train our national sales force on the key features of the master agreement. Our sales team is fully aware of the working knowledge of the solicitation process. Our sales team know of the range of Public Agencies that can utilize the master agreement through OMNIA Partners, Public Sector. Our sales team is knowledgeable on the benefits of the use of cooperative contracts. We will continue to train and educate in these areas throughout the term of the contract.

J. We will continue to manage the overall national program throughout the term of the master agreement by working with marketing to create new sales incentives periodically. One of those incentives now is an extra 3% commission to dealers on Omnia contract sales. We have a 4 page mini brochure exclusively featuring our Omnia contract and details with fresh, new product. We will continue to keep this brochure updated for public agencies and dealers.
We will work with Omnia to keep our page on Omnia's website fresh and current featuring new product as the contract approves. We will request to modify our Omnia contract of new product to allow agencies access to new product without having to purchase it commercially.
We also work diligently to inform our sales force of list price increases on OMNIA as well as extension contract information, etc. We publish these updates online as soon as OMNIA approves and then send out communication to our complete sales teams with updated literature for them to distribute.

Because many of our agency customers already purchase on OMNIA contract, there is no set up required. For new agencies we will certainly work get them set up quickly and ready for full participation.

L. JSI's website provides many tools and features available to end users. Our website contains each product series cataloged with photos of pieces, configurations, finish and materials options, and additional imagery such as options and features. A list of standard stock fabrics (with photos), price lists, brochures, presentations, and installation instructions are all available on our company's website. Our sustainability and environmental policies, greenguard certs, warranty, and a contracts page (Omnia has a dedicated contracts page) are available to download from our website. Our Marketing team has equipped each series with its own unique design page that features typicals (renderings, drawings, and pricing for a given layout), downloadable symbols for Autocad and Revit, and installation vidoes. Our quickship program is available to aid customers in selecting product that will ship in 10 business days. General information such as show room locations, an interactive "find a rep" map, and support/contact information are all available on our website.

Our sales force is provided a login to the MyJSI portal. The portal allows for dealers/reps to request a quote (the quote request immediately goes straight to our spec services dept and is turned around within 48 hrs), view current lead times for specific product, register a project, download care and maintenance documents, and access to JSI templates (with logo) they can utilize for their own quotes.

An EDI ordering process is available within the portal to select dealerships that are qualified to administer their own account. Due to the complexity of our product, typically just our dealerships that have their own interior designers/space planners or a strong understanding of our portfolio along with being in good standing with their account are given proper permissions and access to our EDI platform. Electronic ordering has allowed us to provide our dealers and reps with live tracking visibility on their orders. We are working on a feature that will allow dealers to make payments online and print receipt of payment.

Jasper Group utilizes Made 2 Manage as our company's operating system. This system program is continually being updated with new extensions that convert and synchronize various software applications allowing seamless transition with complete visibility from quoting, order entry to production, packaging, and shipping. Once an order is entered and receives a ship date, an acknowledgment is automatically emailed to the servicing dealer. When a product ships, invoices are automatically emailed to the dealer and rep. Implemented with a standard of work that streamlines our company's contract portfolio we are able to ensure all aspects of compliance are being maintained. Made 2 Manage is programed with pattern identifiers that flag and capture data for each order that is entered. These groupings are then triggered for output reporting. This process allows our company to audit orders internally and meet external reporting requirements uniquely for each contract.

M. Our company is requesting an exception to "guaranteed contract sales" as the market fluctuates greatly from year to year making this a difficult commitment. We have outlined this in our Appendix B Terms & Conditions Acceptance Form.

Omnia is our largest contract within our company's contract portfolio. We position Omnia as the contracting vehicle for all applicable opportunities. Omnia greatly exceeds the sales volume of any other contract we hold. We will continue to give Omnia preference over other contracts.

N. For public agency opportunities, JSI will always respond with Master Agreement pricing. Jasper Group's contract specifications department will issue a formal quote containing OMNIA contract information and utilizing said pricing.
Furthermore, if there are competitive conditions that require lower pricing, we will evaluate strategic pricing through the master agreement. If awarded contract, we will report sales to OMNIA as required under the master agreement.
We will only respond with pricing higher than Master Agreement only if the Public Agency refuses to utilize master agreement.
If multiple proposals are permitted, we will respond with pricing higher than the Master Agreement and include Master Agreement as the alternate or additional proposal.

Contract Sales Reports for each calendar month shall be provided by Supplier to OMNIA Partners by the 10th day of the following month. Failure to provide a Contract Sales Report within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion.

All Administrative Fees not paid when due shall bear interest at a rate equal to the lesser of one and one-half percent (1 1/2%) per month or the maximum rate permitted by law until paid in full.

15. Supplier shall maintain an accounting of all purchases made by Participating Public Agencies under the Master Agreement. OMNIA Partners, or its designee, in OMNIA Partners' sole discretion, reserves the right to compare Participating Public Agency records with Contract Sales Reports submitted by Supplier for a period of four (4) years from the date OMNIA Partners receives such report. In addition, OMNIA Partners may engage a third party to conduct an independent audit of Supplier's monthly reports. In the event of such an audit, Supplier shall provide all materials reasonably requested relating to such audit by OMNIA Partners at the location designated by OMNIA Partners. In the event an underreporting of Contract Sales and a resulting material underpayment of Administrative Fees is revealed, OMNIA Partners will notify the Supplier in writing. Supplier will have thirty (30) days from the date of such notice to resolve the discrepancy to OMNIA Partners' reasonable satisfaction, including payment of any Administrative Fees due and owing, together with interest thereon in accordance with Section 13, and reimbursement of OMNIA Partners' costs and expenses related to such audit.

GENERAL PROVISIONS

16. RECITALS

WHEREAS, after a competitive solicitation and selection process by Principal Procurement Agencies, in compliance with their own policies, procedures, rules and regulations, a number of suppliers have entered into "**Master Agreements**" (herein so called) to provide a variety of goods, products and services ("**Products**") to the applicable Principal Procurement Agency and the Participating Public Agencies;

WHEREAS, Master Agreements are made available by Principal Procurement Agencies through the OMNIA Partners Parties and provide that Participating Public Agencies may purchase Products on the same terms, conditions and pricing as the Principal Procurement Agency, subject to any applicable federal and/or local purchasing ordinances and the laws of the State of purchase; and

WHEREAS, in addition to Master Agreements, the OMNIA Partners Parties may from time to time offer Participating Public Agencies the opportunity to acquire Products through other group purchasing agreements.

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, and of the mutual benefits to result, the parties hereby agree as follows:

1. Each party will facilitate the cooperative procurement of Products.

2. The Participating Public Agencies shall procure Products in accordance with and subject to the relevant federal, state and local statutes, ordinances, rules and regulations that govern Participating Public Agency's procurement practices. The Participating Public Agencies hereby acknowledge and agree that it is the intent of the parties that all provisions of this Agreement and that Principal Procurement Agencies' participation in the program described herein comply with all applicable laws, including but not limited to the requirements of 42 C.F.R. § 1001.952(j), as may be amended from time to time. The Participating Public Agencies further acknowledge and agree that they are solely responsible for their compliance with all applicable "safe harbor" regulations, including but not limited to any and all obligations to fully and accurately report discounts and incentives.

3. The Participating Public Agency represents and warrants that the Participating Public Agency is not a hospital or other healthcare provider and is not purchasing Products on behalf of a hospital or healthcare provider; provided that the foregoing shall not prohibit Participating Public Agency from furnishing health care services so long as the furnishing of health care services is not in furtherance of a primary purpose of the Participating Public Agency.

4. The cooperative use of Master Agreements shall be in accordance with the terms and conditions of the Master Agreements, except as modification of those terms and conditions is otherwise required by applicable federal, state or local law, policies or procedures.

5. The Principal Procurement Agencies will make available, upon reasonable request, Master Agreement information which may assist in improving the procurement of Products by the Participating Public Agencies.

6. The Participating Public Agency agrees the OMNIA Partners Parties may provide access to group purchasing organization ("**GPO**") agreements directly or indirectly by enrolling the Participating Public Agency in another GPO's purchasing program, provided that the purchase of Products through the OMNIA Partners Parties or any other GPO shall be at the Participating Public Agency's sole discretion.

7. The Participating Public Agencies (each a "**Procuring Party**") that procure Products through any Master Agreement or GPO Product supply agreement (each a "**GPO Contract**") will make timely payments to the distributor, manufacturer or other vendor (collectively, "**Supplier**") for Products received in accordance with the terms and conditions of the Master Agreement or GPO Contract, as applicable. Payment for Products and inspections and acceptance of Products ordered by the Procuring Party shall be the exclusive obligation of such Procuring Party. Disputes between Procuring Party and any Supplier shall be resolved in accordance with the law and venue rules of the State of purchase unless otherwise agreed to by the Procuring Party and Supplier.

8. The Procuring Party shall not use this Agreement as a method for obtaining additional concessions or reduced prices for purchase of similar products or services outside of the Master Agreement. Master Agreements may be structured with not-to-exceed pricing, in which cases the Supplier may offer the Procuring Party and the Procuring Party may accept lower pricing or additional concessions for purchase of Products through a Master Agreement.

9. The Procuring Party shall be responsible for the ordering of Products under this Agreement. A non-procuring party shall not be liable in any fashion for any violation by a Procuring Party, and, to the extent permitted by applicable law, the Procuring Party shall hold non-procuring party harmless from any liability that may arise from the acts or omissions of the Procuring Party.

10. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THE OMNIA PARTNERS PARTIES EXPRESSLY DISCLAIM ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING ANY PRODUCT, MASTER AGREEMENT AND GPO CONTRACT. THE OMNIA PARTNERS PARTIES SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF THE OMNIA PARTNERS PARTIES ARE ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. ADDENDUM FOR AGREEMENT FUNDED BY U.S. FEDERAL GRANT

TO WHOM IT MAY CONCERN:

Participating Agencies may elect to use federal funds to purchase under the Master Agreement. This form should be completed and returned.

DEFINITIONS

Contract means a legal instrument by which a non–Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non–Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward

Contractor means an entity that receives a contract as defined in Contract.

Cooperative agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non–Federal entity that, consistent with 31 U.S.C. 6302–6305:

(a) Is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non–Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal government or pass-through entity's direct benefit or use;

(b) Is distinguished from a grant in that it provides for substantial involvement between the Federal awarding agency or pass-through entity and the non–Federal entity in carrying out the activity contemplated by the Federal award.

(c) The term does not include:

(1) A cooperative research and development agreement as defined in 15 U.S.C. 3710a; or

(2) An agreement that provides only:

(i) Direct United States Government cash assistance to an individual;

(ii) A subsidy;

(iii) A loan;

(iv) A loan guarantee; or

(v) Insurance.

Federal awarding agency means the Federal agency that provides a Federal award directly to a non–Federal entity

Federal award has the meaning, depending on the context, in either paragraph (a) or (b) of this section:

(a)(1) The Federal financial assistance that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability; or

(2) The cost-reimbursement contract under the Federal Acquisition Regulations that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability.

(b) The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of § 200.40 Federal financial assistance, or the cost-reimbursement contract awarded under the Federal Acquisition Regulations.

(c) Federal award does not include other contracts that a Federal agency uses to buy goods or services from a contractor or a contract to operate Federal government owned, contractor operated facilities (GOCOs).

(d) See also definitions of Federal financial assistance, grant agreement, and cooperative agreement.

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

Non–Federal entity means a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Nonprofit organization means any corporation, trust, association, cooperative, or other organization, not including IHEs, that:

(a) Is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest;
(b) Is not organized primarily for profit; and
(c) Uses net proceeds to maintain, improve, or expand the operations of the organization.

Obligations means, when used in connection with a non–Federal entity's utilization of funds under a Federal award, orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the non–Federal entity during the same or a future period.

Pass-through entity means a non–Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program.

Recipient means a non–Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program. The term recipient does not include subrecipients.

Simplified acquisition threshold means the dollar amount below which a non–Federal entity may purchase property or services using small purchase methods. Non–Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. 1908. As of the publication of this part, the simplified acquisition threshold is $250,000, but this threshold is periodically adjusted for inflation. (Also see definition of § 200.67 Micro-purchase.)

Subaward means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient means a non–Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

Termination means the ending of a Federal award, in whole or in part at any time prior to the planned end of period of performance.

The following provisions may be required and apply when Participating Agency expends federal funds for any purchase resulting from this procurement process. Per FAR 52.204-24 and FAR 52.204-25, solicitations and resultant contracts shall contain the following provisions.

52.204-24 Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment (Oct 2020)

FEMA AND ADDITIONAL FEDERAL FUNDING SPECIAL CONDITIONS

Awarded Supplier(s) (also referred to as Contractors) may need to respond to events and losses where products and services are needed for the immediate and initial response to emergency situations such as, but not limited to, water damage, fire damage, vandalism cleanup, biohazard cleanup, sewage decontamination, deodorization, and/or wind damage during a disaster or emergency situation. By submitting a proposal, the Supplier is accepted these FEMA and Additional Federal Funding Special Conditions required by the Federal Emergency Management Agency (FEMA) and other federal entities.

"Contract" in the below pages under FEMA AND ADDITIONAL FEDERAL FUNDING SPECIAL CONDITIONS is also referred to and defined as the "Master Agreement".

"Contractor" in the below pages under FEMA AND ADDITIONAL FEDERAL FUNDING SPECIAL CONDITIONS is also referred to and defined as "Supplier" or "Awarded Supplier".

Conflicts of Interest

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3. i. FEMA considers a "financial interest" to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement. ii. FEMA considers an "apparent" conflict of interest to exist where an actual conflict does not exist, but where a reasonable person with knowledge of the relevant facts would question the impartiality of the employee, officer, or agent participating in the procurement. c. Gifts. The officers, employees, and agents of the Participating Public Agency nor the Participating Public Agency ("NFE") must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, NFE's may set standards for situations in which the financial interest is de minimus, not substantial, or the gift is an unsolicited item of nominal value. 2 C.F.R. § 200.318(c)(1). d. Violations. The NFE's written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). For example, the penalty for a NFE's employee may be dismissal, and the penalty for a contractor might be the termination of the contract.

Contractor Integrity

A contractor must have a satisfactory record of integrity and business ethics. Contractors that are debarred or suspended, as described in and subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension), must be rejected and cannot receive contract awards at any level.

Notice of Legal Matters Affecting the Federal Government

In the event FTA or DOT funding is used by Participating Public Agency, Contractor agrees to:

1) The Contractor agrees that if a current or prospective legal matter that may affect the Federal Government emerges, the Contractor shall promptly notify the Participating Public Agency of the legal matter in accordance with 2 C.F.R. §§ 180.220 and 1200.220.

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

2) The types of legal matters that require notification include, but are not limited to, a major dispute, breach, default, litigation, or naming the Federal Government as a party to litigation or a legal disagreement in any forum for any reason.

3) The Contractor further agrees to include the above clause in each subcontract, at every tier, financed in whole or in part with Federal assistance provided by the FTA.

Public Policy

A contractor must comply with the public policies of the Federal Government and state, local government, or tribal government. This includes, among other things, past and current compliance with the:

a. Equal opportunity and nondiscrimination laws

b. Five affirmative steps described at 2 C.F.R. § 200.321(b) for all subcontracting under contracts supported by FEMA financial assistance; and FEMA Procurement Guidance June 21, 2016 Page IV- 7

c. Applicable prevailing wage laws, regulations, and executive orders

Affirmative Steps

For any subcontracting opportunities, Contractor must take the following Affirmative steps:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

Bid Guarantee

For proposals that are to include construction/reconstruction/renovation and related services, bids must be accompanied by Certified or Cashier's Check or an approved Bid Bond in the amount of not less than five percent (5%) of the total bid. Surety shall provide a copy of the Power of Attorney authorizing the Executing Agent the authority to execute the bid bond documents and bind the surety to the bid bond conditions. The bid bond shall have a corporate Surety that is licensed to conduct business in the state of the lead agency and authorized to underwrite bonds in the amount of the bid bond.

Prevailing Wage Requirements

When applicable, the awarded Contractor (s) and any and all subcontractor(s) agree to comply with all laws regarding prevailing wage rates including the Davis-Bacon Act, applicable to this solicitation and/or Participating Public Agencies. The Participating Public Agency shall notify the Contractor of the applicable pricing/prevailing wage rates and must apply any local wage rates requested. The Contractor and any subcontractor(s) shall comply with the prevailing wage rates set by the Participating Public Agency.

Federal Requirements

If products and services are issued in response to an emergency or disaster recovery the items below, located in this FEMA Special Conditions section of the Federal Funds Certifications, are activated and required when federal funding may be utilized.

2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses

1. **CONTRACT REMEDIES**

Contracts for more than the federal simplified acquisition threshold (SAT), the dollar amount below which an NFE may purchase property or services using small purchase methods, currently set at $250,000 for procurements made on or after June 20, 2018,4 must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms and must provide for sanctions and penalties as appropriate.

1.1 Applicability

This contract provision is required for contracts over the SAT, currently set at $250,000 for procurements made on or after June 20, 2018. Although not required for contracts at or below the SAT, FEMA suggests including a remedies provision.

1.2 Additional Considerations

For FEMA's Assistance to Firefighters Grant (AFG) Program, recipients must include a penalty clause in all contracts for any AFG-funded vehicle, regardless of dollar amount. In that situation, the contract must include a clause addressing that non-delivery by the contract's specified date or other vendor nonperformance will require a penalty of no less than $100 per day until such time that the vehicle, compliant with the terms of the contract, has been accepted by the recipient. This penalty clause should, however, account for force majeure or acts of God. AFG recipients should refer to the applicable year's Notice of Funding Opportunity (NOFO) for additional information, which can be accessed at FEMA.gov.

2. **TERMINATION FOR CAUSE AND CONVENIENCE**

a. Standard. All contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity, including the manner by which it will be effected and the basis for settlement. See 2 C.F.R. Part 200, Appendix II(B).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

3. **EQUAL EMPLOYMENT OPPORTUNITY**

When applicable:

a. Standard. Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4(b), in accordance with Executive Order 11246, *Equal Employment Opportunity* (30 Fed. Reg. 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, *Amending Executive Order 11246 Relating to Equal Employment Opportunity*, and implementing regulations at 41 C.F.R. b. Key Definitions.

i. Federally Assisted Construction Contract. The regulation at 41 C.F.R. § 60-1.3 defines a "federally assisted construction contract" as any agreement or modification thereof between any applicant and a person for construction work which is paid for in whole or in part with funds obtained from the Government or borrowed on the credit of the Government pursuant to any Federal program involving a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, or any application or modification thereof approved by the Government for a grant, contract, loan, insurance, or guarantee under which the applicant itself participates in the construction work.

ii. Construction Work. The regulation at 41 C.F.R. § 60-1.3 defines "construction work" as the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction.

c. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

d. Required Language. The regulation at 41 C.F.R. Part 60-1.4(b) requires the insertion of the following contract clause.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided,* That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. DAVIS-BACON ACT

a. Standard. All prime construction contracts in excess of $2,000 awarded by non- Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) as supplemented by Department of Labor regulations at 29 C.F.R. Part 5 (Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction). See 2 C.F.R. Part 200, Appendix II(D). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week.

b. Applicability. The Davis-Bacon Act applies to the Emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program, and Transit Security Grant Program.

c. Requirements. If applicable, the non-federal entity must do the following:

i. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

ii. Additionally, pursuant 2 C.F.R. Part 200, Appendix II(D), contracts subject to the Davis-Bacon Act, must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). The Copeland Anti- Kickback Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA.

iii. Include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction").

Suggested Language. The following provides a sample contract clause:

Compliance with the Davis-Bacon Act.

a. All transactions regarding this contract shall be done in compliance with the Davis-Bacon Act (40 U.S.C. 3141- 3144, and 3146-3148) and the requirements of 29 C.F.R. pt. 5 as may be applicable. The contractor shall comply with 40 U.S.C. 3141-3144, and 3146-3148 and the requirements of 29 C.F.R. pt. 5 as applicable.

b. Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor.

c. Additionally, contractors are required to pay wages not less than once a week.

5. COPELAND ANTI-KICKBACK ACT

a. Standard. Recipient and subrecipient contracts must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States").

b. Applicability. This requirement applies to all contracts for construction or repair work above $2,000 in situations where the Davis-Bacon Act also applies. It DOES NOT apply to the FEMA Public Assistance Program.

c. Requirements. If applicable, the non-federal entity must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). Each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA. Additionally, in accordance with the regulation, each contractor and subcontractor must furnish each week a statement with respect to the wages paid each of its employees engaged in work covered by the Copeland Anti-Kickback Act and the Davis Bacon Act during the preceding weekly payroll period. The report shall be delivered by the contractor or subcontractor, within seven days after the regular payment date of the payroll period, to a representative of a Federal or State agency in charge at the site of the building or work.

Sample Language. The following provides a sample contract clause:

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

Compliance with the Copeland "Anti-Kickback" Act.

a. Contractor. The contractor shall comply with 18 U.S.C. §874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.

b. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. §5.12."

6. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

a. Standard. Where applicable (see 40 U.S.C. §§ 3701-3708), all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II(E). Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Further, no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous.

b. Applicability. This requirement applies to all FEMA contracts awarded by the non- federal entity in excess of $100,000 under grant and cooperative agreement programs that involve the employment of mechanics or laborers. It is applicable to construction work. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

c. Suggested Language. The regulation at 29 C.F.R. § 5.5(b) provides contract clause language concerning compliance with the Contract Work Hours and Safety Standards Act. FEMA suggests including the following contract clause:

Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of
$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) *Withholding for unpaid wages and liquidated damages.* The Federal agency or loan/grant recipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

7. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT

a. Standard. If the FEMA award meets the definition of "funding agreement" under 37C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the non- Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II(F).

b. Applicability. This requirement applies to "*funding agreements*," but it DOES NOT apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs Assistance Grant Program, as FEMA awards under these programs do not meet the definition of "funding agreement."

c. Funding Agreements Definition. The regulation at 37 C.F.R. § 401.2(a) defines "funding agreement" as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental,

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.

8. CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL ACT

a. Standard. If applicable, contracts must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q.) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II(G).

b. Applicability. This requirement applies to contracts awarded by a non-federal entity of amounts in excess of $150,000 under a federal grant.

c. Suggested Language. The following provides a sample contract clause.

Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicablestandards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

9. DEBARMENT AND SUSPENSION

a. Standard. Non-Federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

c. Requirements.

i. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II(H); and 2 C.F.R. § 200.213. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at www.sam.gov. See 2 C.F.R. § 180.530.

ii. In general, an "excluded" party cannot receive a Federal grant award or a contract within the meaning of a "covered transaction," to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a "covered transaction," which is any non-procurement transaction (unless excepted) at either a "primary" or "secondary" tier. Although "covered transactions" do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS's implementing regulations, it does include some contracts awarded by recipients and subrecipients.

iii. Specifically, a covered transaction includes the following contracts for goods or services:

1. The contract is awarded by a recipient or subrecipient in the amount of at least $25,000.

2. The contract requires the approval of FEMA, regardless of amount.

3. The contract is for federally-required audit services.

4. A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of $25,000.

d. Suggested Language. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified.

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by the Participating Public Agency. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the Participating Public Agency, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

10. BYRD ANTI-LOBBYING AMENDMENT

a. Standard. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. FEMA's regulation at 44 C.F.R. Part 18 implements the requirements of 31 U.S.C. § 1352 and provides, in Appendix A to Part 18, a copy of the certification that is required to be completed by each entity as described in 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the Federal awarding agency.

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs. Contractors that apply or bid for a contract of $100,000 or more under a federal grant must file the required certification. See 2 C.F.R. Part 200, Appendix II(I); 31 U.S.C. § 1352; and 44 C.F.R. Part 18.

c. Suggested Language.

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

d. Required Certification. If applicable, contractors must sign and submit to the non-federal entity the following certification.

11. PROCUREMENT OF RECOVERED MATERIALS

a. Standard. A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. See 2 C.F.R. Part 200, Appendix II(J); and 2 C.F.R. §200.322.

b. Applicability. This requirement applies to all contracts awarded by a non- federal entity under FEMA grant and cooperative agreement programs.

c. Requirements. The requirements of Section 6002 include procuring only items designated in guidelines of the EPA at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds
$10,000 or the value of the quantity acquired by the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

d. Suggested Language.

i. In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—

1. Competitively within a timeframe providing for compliance with the contract performance schedule;
2. Meeting contract performance requirements; or
3. At a reasonable price.

ii. Information about this requirement, along with the list of EPA- designated items, is available at EPA's Comprehensive Procurement Guidelines web site, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program.

iii. The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act."

12. DOMESTIC PREFERENCES FOR PROCUREMENTS

As appropriate, and to the extent consistent with law, CONTRACTOR should, to the greatest extent practicable under a federal award, provide a preference for the purchase, acquisition, or use of goods, products or materials produced in the United States. This includes, but is not limited to, iron, aluminum, steel, cement, and other manufactured products.

Applicability For purchases in support of FEMA declarations and awards issued on or after November 12, 2020, all FEMA recipients and subrecipients are required to include in all contracts and purchase orders for work or products a contract provision encouraging domestic preference for procurements.

Domestic Preference for Procurements As appropriate, and to the extent consistent with law, the contractor should, to the greatest extent practicable, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to iron, aluminum, steel, cement, and other manufactured products. For purposes of this clause: Produced in the United States means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. Manufactured products mean items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber."

13. **ACCESS TO RECORDS**

a. Standard. All recipients, subrecipients, successors, transferees, and assignees must acknowledge and agree to comply with applicable provisions governing DHS access to records, accounts, documents, information, facilities, and staff. See DHS Standard Terms and Conditions: Version 8.1 (2018). Additionally, Section 1225 of the Disaster Recovery Reform Act of 2018 prohibits FEMA from providing reimbursement to any state, local, tribal, or territorial government, or private non-profit for activities made pursuant to a contract that purports to prohibit audits or internal reviews by the FEMA administrator or Comptroller General.

Access to Records. The following access to records requirements apply to this contract:

i. The Contractor agrees to provide Participating Public Agency, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

ii. The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

iii. The Contractor agrees to provide the FEMA Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

14. **CHANGES**

To be eligible for FEMA assistance under the non-Federal entity's FEMA grant or cooperative agreement, the cost of the change, modification, change order, or constructive change must be allowable, allocable, within the scope of its grant or cooperative agreement, and reasonable for the completion of project scope.

b. Applicability. FEMA recommends, therefore, that a non-Federal entity include a changes clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item procured.

15. **DHS SEAL, LOGO, AND FLAGS**

16. COMPLIANCE WITH FEDERAL LAW, REGULATIONS, AND EXECUTIVE ORDERS

a. Standard. The recipient and its contractors are required to comply with all Federal laws, regulations, and executive orders.

b. Applicability. FEMA recommends that all non-Federal entities place into their contracts an acknowledgement that FEMA financial assistance will be used to fund the contract along with the requirement that the contractor will comply with all applicable Federal law, regulations, executive orders, and FEMA policies, procedures, and directives.

c. "This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives."

17. NO OBLIGATION BY FEDERAL GOVERNMENT

a. Standard. FEMA is not a party to any transaction between the recipient and its contractor. FEMA is not subject to any obligations or liable to any party for any matter relating to the contract.

b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that states that the Federal Government is not a party to the contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

c. "The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract."

18. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

a. Standard. Recipients must comply with the requirements of The False Claims Act (31 U.S.C. §§ 3729-3733) which prohibits the submission of false or

fraudulent claims for payment to the federal government. See DHS Standard Terms and Conditions: Version 8.1 (2018); and 31 U.S.C. §§ 3801-3812, which details the administrative remedies for false claims and statements made. The non-Federal entity must include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

c. "The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract."

d. In the event FTA or DOT funding is used by a Participating Public Agency, Contractor further acknowledges U.S. DOT regulations, "Program Fraud Civil Remedies," 49 CFR Part 31, and apply to its actions pertaining to this Contract. Upon execution of the underlying Contract, Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to me made, pertaining to the underlying Contract or the FTA assisted project for which this Contract Work is being performed.

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

In addition to other penalties that may be applicable, Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on Contractor to the extent the Federal Government deems appropriate.

Contractor also acknowledges that if it makes, or causes to me made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307 (n)(1) on the Contractor, to the extent the Federal Government deems appropriate.

Contractor agrees to include the above clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of $17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).

2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.

3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.

4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.

   a. The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12. They will be updated from time-to-time as necessary.
   b. A public agency using these forms **should edit them to properly reflect the correct legislative district**(s). As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
   c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
   d. The form may be used "as-is", subject to edits as described herein.
   e. The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
   f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.

5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
  - of the public entity awarding the contract
  - of that county in which that public entity is located
  - of another public entity within that county
  - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed $300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."

THE E-VERIFY PROGRAM FOR EMPLOYMENT VERIFICATION MEMORANDUM OF UNDERSTANDING

ARTICLE I

PURPOSE AND AUTHORITY

This Memorandum of Understanding (MOU) sets forth the points of agreement between the Department of Homeland Security (DHS) and Jasper Group (Employer) regarding the Employer's participation in the Employment Eligibility Verification Program (E-Verify). This MOU explains certain features of the E-Verify program and enumerates specific responsibilities of DHS, the Social Security Administration (SSA), and the Employer. E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of the Employment Eligibility Verification Form (Form I-9). For covered government contractors, E-Verify is used to verify the employment eligibility of all newly hired employees and all existing employees assigned to Federal contracts.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). Authority for use of the E-Verify program by Federal contractors and subcontractors covered by the terms of Subpart 22.18, "Employment Eligibility Verification", of the Federal Acquisition Regulation (FAR) (hereinafter referred to in this MOU as a "Federal contractor") to verify the employment eligibility of certain employees working on Federal contracts is also found in Subpart 22.18 and in Executive Order 12989, as amended.

ARTICLE II

FUNCTIONS TO BE PERFORMED

A. RESPONSIBILITIES OF SSA

1. SSA agrees to provide the Employer with available information that allows the Employer to confirm the accuracy of Social Security Numbers provided by all employees verified under this MOU and the employment authorization of U.S. citizens.

2. SSA agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. SSA agrees to provide the Employer with names, titles, addresses, and telephone numbers of SSA representatives to be contacted during the E-Verify process.

3. SSA agrees to safeguard the information provided by the Employer through the E-Verify program procedures, and to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security Numbers and for evaluation of the E-Verify program or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

4. SSA agrees to provide a means of automated verification that is designed (in conjunction with DHS's automated system if necessary) to provide confirmation or tentative nonconfirmation of U.S. citizens' employment eligibility within 3 Federal Government work days of the initial inquiry.

5. SSA agrees to provide a means of secondary verification (including updating SSA records as may be necessary) for employees who contest SSA tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and aliens within 10 Federal Government work days of the date of referral to SSA, unless SSA determines that more than 10 days may be necessary. In such cases, SSA will provide additional verification instructions.

B. RESPONSIBILITIES OF DHS

1. After SSA verifies the accuracy of SSA records for aliens through E-Verify, DHS agrees to provide the Employer access to selected data from DHS's database to enable the Employer to conduct, to the extent authorized by this MOU:

- Automated verification checks on alien employees by electronic means, and
- Photo verification checks (when available) on employees.

2. DHS agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer a manual (the E-Verify User Manual) containing instructions on E-Verify policies, procedures and requirements for both SSA and DHS, including restrictions on the use of E-Verify. DHS agrees to provide training materials on E-Verify.

4. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in the E-Verify program. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

5. DHS agrees to issue the Employer a user identification number and password that permits the Employer to verify information provided by alien employees with DHS's database.

6. DHS agrees to safeguard the information provided to DHS by the Employer, and to limit access to such information to individuals responsible for the verification of alien employment eligibility and for evaluation of the E-Verify program, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security Numbers and employment eligibility, to enforce the Immigration and Nationality Act (INA) and Federal criminal laws, and to administer Federal contracting requirements.

7. DHS agrees to provide a means of automated verification that is designed (in conjunction with SSA verification procedures) to provide confirmation or tentative

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

nonconfirmation of employees' employment eligibility within 3 Federal Government work days of the initial inquiry.

8. DHS agrees to provide a means of secondary verification (including updating DHS records as may be necessary) for employees who contest DHS tentative nonconfirmations and photo non-match tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

C. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system.

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted regarding E-Verify.

3. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.

4. The Employer agrees that any Employer Representative who will perform employment verification queries will complete the E-Verify Tutorial before that individual initiates any queries.

   A. The Employer agrees that all Employer representatives will take the refresher tutorials initiated by the E-Verify program as a condition of continued use of E-Verify, including any tutorials for Federal contractors if the Employer is a Federal contractor.

   B. Failure to complete a refresher tutorial will prevent the Employer from continued use of the program.

5. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

   - If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.

   - If an employee presents a DHS Form I-551 (Permanent Resident Card) or Form I-766 (Employment Authorization Document) to complete the Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The employer will use the photocopy to verify the photo and to assist DHS with its review of photo non-matches that are contested by employees. Note that employees retain the right to present any List A, or List B and List C, documentation to complete the Form I-9. DHS may in the future designate other documents that activate the photo screening tool.

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

6. The Employer understands that participation in E-Verify does not exempt the Employer from the responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures, except for the following modified requirements applicable by reason of the Employer's participation in E-Verify: (1) identity documents must have photos, as described in paragraph 5 above; (2) a rebuttable presumption is established that the Employer has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of any individual if it obtains confirmation of the identity and employment eligibility of the individual in compliance with the terms and conditions of E-Verify; (3) the Employer must notify DHS if it continues to employ any employee after receiving a final nonconfirmation, and is subject to a civil money penalty between $550 and $1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) the Employer is subject to a rebuttable presumption that it has knowingly employed an unauthorized alien in violation of section 274A(a)(1)(A) if the Employer continues to employ an employee after receiving a final nonconfirmation; and (5) no person or entity participating in E-Verify is civilly or criminally liable under any law for any action taken in good faith based on information provided through the confirmation system. DHS reserves the right to conduct Form I-9 compliance inspections during the course of E-Verify, as well as to conduct any other enforcement activity authorized by law.

7. The Employer agrees to initiate E-Verify verification procedures for new employees within 3 Employer business days after each employee has been hired (but after both sections 1 and 2 of the Form I-9 have been completed), and to complete as many (but only as many) steps of the E-Verify process as are necessary according to the E-Verify User Manual. The Employer is prohibited from initiating verification procedures before the employee has been hired and the Form I-9 completed. If the automated system to be queried is temporarily unavailable, the 3-day time period is extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability. In all cases, the Employer must use the SSA verification procedures first, and use DHS verification procedures and photo screening tool only after the SSA verification response has been given. Employers may initiate verification by notating the Form I-9 in circumstances where the employee has applied for a Social Security Number (SSN) from the SSA and is waiting to receive the SSN, provided that the Employer performs an E-Verify employment verification query using the employee's SSN as soon as the SSN becomes available.

8. The Employer agrees not to use E-Verify procedures for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use not authorized by this MOU. Employers must use E-Verify for all new employees, unless an Employer is a Federal contractor that qualifies for the exceptions described in Article II.D.1.c. Except as provided in Article II.D, the Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. The Employer understands that if the Employer uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its access to SSA and DHS information pursuant to this MOU.

9. The Employer agrees to follow appropriate procedures (see Article III. below) regarding tentative nonconfirmations, including notifying employees of the finding, providing written referral instructions to employees, allowing employees to contest the finding, and not taking

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

adverse action against employees if they choose to contest the finding. Further, when employees contest a tentative nonconfirmation based upon a photo non-match, the Employer is required to take affirmative steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

10. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo non-match, does not establish, and should not be interpreted as evidence, that the employee is not work authorized. In any of the cases listed above, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status (including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, refusing to assign the employee to a Federal contract or other assignment, or otherwise subjecting an employee to any assumption that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo non-match or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 or OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

11. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA by not discriminating unlawfully against any individual in hiring, firing, or recruitment or referral practices because of his or her national origin or, in the case of a protected individual as defined in section 274B(a)(3) of the INA, because of his or her citizenship status. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the unfair immigration-related employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

12. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

13. The Employer agrees that it will use the information it receives from SSA or DHS pursuant to E-Verify and this MOU only to confirm the employment eligibility of employees as

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords) to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

14. The Employer acknowledges that the information which it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)), and that any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

15. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, including by permitting DHS and SSA, upon reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a timely and accurate manner to DHS requests for information relating to their participation in E-Verify.

D. RESPONSIBILITIES OF FEDERAL CONTRACTORS

1. The Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801) in addition to verifying the employment eligibility of all other employees required to be verified under the FAR. Once an employee has been verified through E-Verify by the Employer, the Employer may not reverify the employee through E-Verify.

a. Federal contractors not enrolled at the time of contract award: An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to use E-Verify to initiate verification of employment eligibility of new hires of the Employer who are working in the United States, whether or not assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within 3 business days after the date of hire. Once enrolled in E-Verify as a Federal contractor, the Employer must initiate verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

b. Federal contractors already enrolled at the time of a contract award: Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to initiate verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within 3 business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must initiate verification of each employee assigned to the

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

c. Institutions of higher education, State, local and tribal governments and sureties: Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), State or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency pursuant to a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. The provisions of Article II.D, paragraphs 1.a and 1.b of this MOU providing timeframes for initiating employment verification of employees assigned to a contract apply to such institutions of higher education, State, local and tribal governments, and sureties.

d. Verification of all employees: Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to do so only in the manner designated by DHS and initiate E-Verify verification of all existing employees within 180 days after the election.

e. Form I-9 procedures for Federal contractors: The Employer may use a previously completed Form I-9 as the basis for initiating E-Verify verification of an employee assigned to a contract as long as that Form I-9 is complete (including the SSN), complies with Article II.C.5, the employee's work authorization has not expired, and the Employer has reviewed the information reflected in the Form I-9 either in person or in communications with the employee to ensure that the employee's stated basis in section 1 of the Form I-9 for work authorization has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen). If the Employer is unable to determine that the Form I-9 complies with Article II.C.5, if the employee's basis for work authorization as attested in section 1 has expired or changed, or if the Form I-9 contains no SSN or is otherwise incomplete, the Employer shall complete a new I-9 consistent with Article II.C.5, or update the previous I-9 to provide the necessary information. If section 1 of the Form I-9 is otherwise valid and up-to-date and the form otherwise complies with Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired subsequent to completion of the Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.C.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual. Nothing in this section shall be construed to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU, or to authorize verification of any existing employee by any Employer that is not a Federal contractor.

2. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

ARTICLE III

REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.

2. The Employer will refer employees to SSA field offices only as directed by the automated system based on a tentative nonconfirmation, and only after the Employer records the case verification number, reviews the input to detect any transaction errors, and determines that the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security Number to SSA for verification again if this review indicates a need to do so. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.

3. If the employee contests an SSA tentative nonconfirmation, the Employer will provide the employee with a system-generated referral letter and instruct the employee to visit an SSA office within 8 Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary. The Employer agrees to check the E-Verify system regularly for case updates.

4. The Employer agrees not to ask the employee to obtain a printout from the Social Security Number database (the Numident) or other written verification of the Social Security Number from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must print the tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation.

2. If the Employer finds a photo non-match for an employee who provides a document for which the automated system has transmitted a photo, the employer must print the photo non-match tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the finding.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation received from DHS automated verification process or when the Employer issues a tentative nonconfirmation based upon a photo non-match. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

after the Employer receives it.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will provide the employee with a referral letter and instruct the employee to contact DHS through its toll-free hotline (as found on the referral letter) within 8 Federal Government work days.

5. If the employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will provide the employee with a referral letter to DHS. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary. The Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will send a copy of the employee's Form I-551 or Form I-766 to DHS for review by:

- Scanning and uploading the document, or
- Sending a photocopy of the document by an express mail account (furnished and paid for by DHS).

7. The Employer understands that if it cannot determine whether there is a photo match/non-match, the Employer is required to forward the employee's documentation to DHS by scanning and uploading, or by sending the document as described in the preceding paragraph, and resolving the case as specified by the Immigration Services Verifier at DHS who will determine the photo match or non-match.

ARTICLE IV

SERVICE PROVISIONS

SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access the E-Verify System, an Employer will need a personal computer with Internet access.

ARTICLE V

PARTIES

A. This MOU is effective upon the signature of all parties, and shall continue in effect for as long as the SSA and DHS conduct the E-Verify program unless modified in writing by the mutual consent of all parties, or terminated by any party upon 30 days prior written notice to the others. Any and all system enhancements to the E-Verify program by DHS or SSA, including but not limited to the E-Verify checking against additional data sources and instituting new verification procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes. DHS agrees to train employers on all changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require employers to take

Docusign Envelope ID: E6E6E18F-F03D-499B-9844-30C3CCF7CB89

mandatory refresher tutorials. An Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such a circumstance, the Federal contractor must provide written notice to DHS. If an Employer that is a Federal contractor fails to provide such notice, that Employer will remain a participant in the E-Verify program, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

B. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established procedures or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect its performance of its contractual responsibilities.

C. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as they may determine necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

D. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

E. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verity or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

F. The Employer understands that the fact of its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

H. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively.

For material changes, the awarded contract holder and/or subsequent assignee agrees to and understands the following principles:

i. **Contract holder reference**. If the contract holder undergoes a merger, acquisition, or partial assignment, in which case they still maintain the contract, then all transactions made under the existing contract number (including purchase orders) must reference the name of the awarded contract holder. The exception to this requirement is if the contract holder no longer holds the contract or if the company has been acquired by another company and undergone a name change. Notice of the authorized name change, to the existing contract, must be provided and approved by Region 4.

In instances where the contract holder has acquired a separate and distinct company, and it is necessary to designate those certain purchases facilitated by the non-contract holder, then this designation may be made if, and only if, the contract holder is also referenced on the transaction.

ii. **Maintenance of records**. Both the awarded contract holder and subsequent assignee agree to remain responsible for maintaining all auditable records, including documents kept in the ordinary course of business and sales invoices, related to OMNIA Partners, Public Sector and/or contract number pursuant to the statutory requirements identified in the vendor contract.

iii. **Payments**. Both the awarded contract holder and subsequent assignee agree that all payments made by participating entities must be made directly to the contract holder, unless otherwise approved by Region 4. Accordingly, both parties acknowledge that in instances where it is necessary to designate the purchases facilitated by assignee, that the contract holder must also be referenced on the purchase order.

iv. **Handling of Proprietary and/or Confidential Information**. In accord with the terms of the contract, both awarded vendor and assignee agree that at all times it will hold in strict confidence and not disclose to any third party Confidential and/or Proprietary information of Region 4, except as approved in writing by Region 4, and will use the Confidential Information for no purpose other than providing services under the contract. Both awarded vendor and assignee shall only permit access to Confidential Information to those of its employees or authorized representatives having a need to know and who have signed confidentiality agreements or are otherwise bound by confidentiality obligations at least as restrictive as those contained herein.

This document is to be construed in strict accordance with the terms and conditions outlined in the Region 4/vendor Master Agreement referenced herein. Both awarded vendor and assignee agree to uphold the vendor obligations set forth in the vendor agreement. This Agreement will become effective when signed by all parties.

Subject: A Quick Note on an Upcoming Surcharge

Dear Valued Partner,

At JSI, we've always believed in the power of local—local craftsmanship, local partnerships, and local sourcing wherever possible. But as you may be aware, recent tariff increases on select component parts sourced from Asia (including drawer hardware and chair mechanisms) have started to impact our material costs.

To help manage these increases fairly and transparently, **beginning with orders received on or after Monday, May 5, 2025,** we will implement a **3.0% surcharge** on the product line item sales price of all JSI orders.

In addition, a **3.0% surcharge** will be applied to any new orders received before May 5 that **do not ship within our standard lead times**. This surcharge will not apply to freight, fees, or deductions.

We're keeping a close eye on this ever-changing situation and will review the surcharge monthly. Our goal remains the same: to respond quickly and responsibly—without compromising the values we're built on.

If you have any questions, your JSI representative or our Customer Service team is here to help.

Thanks, as always, for your continued support and partnership.

RE: Modification of Contract #**R240107**

To whom it may concern,

This letter is to request a modification to contract, #**R240107**. All discounts, terms, and conditions of the original contract award will remain unchanged, with the exception of the following request for modification.

On April 14, 2025, the following was announced from the JSI Sales Team:

Due to rising material costs resulting from recent tariff increases on component parts sourced from Asia, JSI announced to our commercial customers that a 3.0% surcharge would go into effect on May 5, 2025. Attached is the formal notice announcing this surcharge.

The surcharge will be added as a separate line item calculated as 3.0% of the product line item sales price for JSI orders received on or after May 5, 2025. Additionally, it will also apply to any new orders received before May 5 that do not ship within our standard lead times. This surcharge will not apply to freight, fees, or deductions.

Please confirm approval of this modification request.

ROL

Notification of Tariff Surcharge Effective July 1, 2025

June 4th, 2025

To our valued customers:

As a company with a global supply chain, ROL USA is experiencing the impact of the tariffs implemented by the current administration. While the exact status of the tariff remains volatile, the impact of the tariffs has reached a point where we are unable to absorb the additional costs, and we are left with no option but to pass these costs on.

Over the past weeks and months, we have gone to great lengths to correctly understand and interpret each of the tariffs, including advice from 3rd party import advisors and legal experts. We have done so to ensure an absolute minimal impact to our customers, while still complying with the import regulations.

It is also important to note that some of these costs are the result of proactive supply chain changes we've made to reduce the overall impact of tariffs. While these adjustments have led to slightly higher manufacturing costs, they have significantly minimized the tariff burden, resulting in the overall smallest possible impact on pricing.

Effective July 1, 2025, ROL USA will be implementing a tariff surcharge of 5.8% on all products sold FOB Holland, MI.

The tariff surcharge will be invoiced as a separate line item against the total invoiced amount for the month. As tariff levels change, we will notify you in writing within 30 days of any decrease or increase in the surcharge amount.

Thank you for your partnership and continued support. If you have any questions, please do not hesitate to reach out.

Sincerely,

Claus Nielsen
Managing Director, ROL USA

New Pricing Announcement

Dear Valued Sugatsune Partner,

Over the last 3 years, Sugatsune America, Inc. has worked diligently at maintaining prices as we remain committed to providing you the quality of products and services that you expect. Recently, we have come under pressure from rising material, labor and logistic costs, which requires us to issue our first price increase since 2022. As a result, prices will increase on average 12.5% and will be effective June 2, 2025. Effective today, new orders with items that are not in stock will be subject to new pricing. Prices will be distributed shortly.

Through the recent uncertainties and changes in U.S. trade policies that have impacted the cost to import goods from different countries, we have delayed any actions in hopes of supporting your business. However, Sugatsune is a global company with manufacturing locations throughout the world and a small amount of our products are produced in China. Unfortunately, duties that are being levied on goods manufactured in China make it impossible to absorb and we are forced to pass them through. For these products, we will itemize our invoices to you to reflect the amount of the tariffs as a Tariff/Duty Surcharge effective May 12, 2025. We will modify them as the U.S. government changes its trade policies.

Lastly, all price quotes that have been issued will need to be requoted for products that are not in stock today and blanket orders for products coming from China may be revised to reflect Tariff/Duty Surcharge.

We greatly appreciate your continued support and remain committed to delivering to you the best level of products and services.

Sincerely,

Steve Hirasawa

RE: Price Increase on Crosslinked Polyethylene, Expanded Polyethylene, and Expanded Polypropylene

Dear Valued customer,

The purpose of this letter is to provide advanced notification that you will be receiving the following price increase on the aforementioned foam products for all orders placed (or delivered) on or after June 2nd, 2025:

Crosslinked Polyethylene foam (XLPE) – 12%
Expanded Polyethylene (EPE) – 5%
Expanded Polypropylene (EPP) – 5%

These increases are due to recent changes in international trade policies, including tariffs, and general industry increases that we cannot absorb. The attached letters are a small sample size of the increases we have received.

Your Account Manager or Customer Service Representative will contact you as soon as possible with a new pricelist.

As always, we have done our best to minimize these increases, but we are looking for your support during this period of uncertainty. Please note that additional volatility of raw materials may result in future price increases in the 2025 Calendar year.

Thank you for your business,

Sincerely,

May 2025

Dear Valued Customer,

As you know, sweeping tariffs were recently announced by the U.S. Administration and took effect on April 5th for all imports into the U.S., including Japan, where Ultrafabrics has manufacturing. While we have decided to absorb a portion of the cost burden resulting from these tariffs, we must implement a temporary surcharge to offset part of the impact.

The U.S. Administration and Japanese government have had active discussions in recent weeks and we will continue to follow the situation closely. Our goal is to reduce or eliminate this surcharge as soon as circumstances allow.

Tariff Surcharge on Japanese-Manufactured Products

After careful consideration, we have made the difficult decision to apply a 6.5% surcharge on all orders for Japanese-manufactured products shipping within the U.S. beginning June 1st. This surcharge will appear as a separate line item on invoices for affected shipments. Any orders shipping internationally have the possibility of avoiding this surcharge. Please contact Customer Succes to explore these opportunities.

Tariff-Free Options with our North American-Manufactured Products

Docusign Envelope ID: [illegible]

To support your ongoing needs and efforts to mitigate the impact of tariffs, we encourage you to consider our Uf Select collections produced in Mexico, which remain tariff-free.

* Fully stocked, tariff-free inventory with most orders shipping in 48 hours
* Custom solutions for projects impacted by global tariffs
* Short lead times for new production

Future Outlook

The tariff situation remains very fluid with new information emerging almost on a daily basis. As of now, the recently announced country-specific reciprocal tariffs are on hold for 90 days, set to take effect on July 9th, and future decisions by the U.S. Administration could result in an increase in our costs. We are committed to limiting the impact on your business and maintaining competitive pricing throughout this period of uncertainty.

We understand that these changes may create challenges and we greatly appreciate your understanding and continued partnership as we work through this evolving situation. If you have any questions or need further clarification, please do not hesitate to contact your Sales Representative or our Customer Success Team at custsvr@ultrafabricsinc.com. <mailto:custsvr@ultrafabricsinc.com>

Hi Jordan,

I hope all is well.

We had a meeting this week regarding the recent changes to import tariffs, and I wanted to make sure you were aware of a temporary surcharge that’s being implemented.

Starting with deliveries on May 15, a 5% surcharge will apply to products tied to EU sourcing.

This isn’t a change we wanted to make, but it’s one we need to respond to. We’ll be reassessing the situation in 90 days and will make adjustments if conditions

improve. I'm here to support you in any way I can, and hopefully we'll be able to lift this surcharge sooner rather than later.

Please feel free to reach out if you'd like to talk it through or need any additional details. I can also send over a product origin sheet with the associated tariff breakdown if that would be helpful.

Best regards,

April 7, 2025

Dear Valued Customers,

We deeply value our partnership and sincerely appreciate your business. We have assessed the impact on our business of tariffs announced April 2, 2025, and unfortunately, these changes present significant costs, and we must adapt to this evolving situation.

As a result, we are announcing the following tariff surcharges for all orders placed on or after April 9, 2025. Orders placed prior to this date that do not exceed normal monthly purchase amounts, and that are for immediate shipment, will be billed at the current price.

- HPL, Adhesives, TFL: 2% surcharge
- Wetwall: 4% surcharge
- Treated Paper: 6% surcharge
- Compact & Thinscape: 10% surcharge
- Quartz: 15% surcharge
- Solid Surface Sheets: 18% surcharge

If tariff rates are adjusted, we will adjust our surcharges to reflect these changes. We will continue to actively monitor the situation and will communicate our response to any further developments. If you have any questions, please contact your local Wilsonart representative.

Price Adjustment Related to New U.S. Tariffs (Effective June 23, 2025)

Dear KV Customer:

Beginning with orders **received on or after June 23, 2025**, KV has adjusted prices to reflect the import duties being paid under several recently enacted U.S. trade measures.

Duties affecting landed cost of imported products & components

Tariff program	Announced	Duty first collected
Section 232 Steel & Alum.	Feb 10, 2025	March 12, 2025
China surcharge (EO 14195)	Feb 1, 2025	10% on Feb 4, 2025, raised to 20% on Mar 4, 2025
Reciprocal Tariff (EO 14257)	Apr 2, 2025	10% on imports Apr 5, 2025; country-specific Apr 10

Note: The long-standing **Section 301 China duties (25%)** imposed in 2018-19 remain built into our current prices and are not driving this adjustment.

How products are impacted

KV proudly manufacturers quality hardware solutions in the US and Taiwan and imports a variety of products from other countries, including China. The new tariffs impact some U.S.-made products that contain components from countries that are subject to tariffs.

Many countries are temporarily receiving a 10% reciprocal tariff until a 90-day grace period expires and they revert to their country-specific tariff (e.g. 20% for the EU, 32% for Taiwan, etc.). This will occur on July 9th. China received a 125% reciprocal tariff on April 10th, which was reduced to 10% on May 14th, and is scheduled to revert back 90 days later on August 12th.

What KV has already done

- Shifted production to KV's U.S. and Taiwan plants where feasible
- Negotiated supplier concessions to minimize cost impact to customers
- Covered new tariffs since mid-March and delayed price adjustments until late June

What changes for you

- **Updated price list** — The attached file shows the new price for each SKU, country of origin, HTS code, and other details.
- **Quote protection** — Orders received and acknowledged by Friday **June 20, 2025** will be honored at current prices for product KV has in stock. Orders with unusually large quantities and/or delayed delivery dates will not be accepted. We reserve the right to cancel open backorders on Monday June 23, 2025.
- **Future flexibility** — If any tariff is reduced, removed, increased, or added it will be reviewed and adjusted appropriately.

We appreciate your partnership and remain committed to delivering great products, service, and value. Rest assured we will continue to actively look for ways to optimize our supply chain as the tariffs evolve. Please reach out to your KV account manager with any questions. Thank you for your understanding and continued support.

Date: May 2, 2025

To: Valued Dekko Customers

From: Dekko Sales Team

Subject: Price Action

At Dekko, we are committed to delivering high-quality products and exceptional service to all customers. It is clear we are in an unprecedented time as the geopolitical landscape continues to change, and clarity is limited.

With the April tariff announcement on imports, we have taken significant actions to move our supply chain. Unfortunately, there are still impacts that we are unable to manage in the short term. Due to this, we are required to implement a price adjustment. Beginning May 5th, the sell price will increase by 2.5%. This adjustment will apply to all orders, including those that have not shipped, and will be applied as a surcharge. As we are able to mitigate the tariff impact or if they are rescinded, we will adjust the surcharge as quickly as we can.

This continues to be a fluid situation; the Dekko Sourcing Team is continuing to take strategic measures to identify alternative sourcing options while leveraging our domestic manufacturing capabilities. For those customers who require solutions-based manufacturing, Dekko has strategic locations in the US that can immediately support a wide array of components, sub-assembly, and finished goods products. We appreciate your continued partnership and support as we navigate this evolving landscape together.

Your Dekko Sales Associate will address any questions and provide updates as they become available.

Sincerely,

Andy Cowell

UTILITY AGREEMENT – LUMP SUM

THIS AGREEMENT is entered into by Boone County, Missouri through its County Commission (hereinafter, "County") and **Boone Electric Cooperative, Inc.** (hereinafter, "Company").

WITNESSETH:

WHEREAS, the "County" desires to rehabilitate/construct certain roadways and drainage structures more specifically described as **King Road Bridge Replacement #0130002 over Sugar Creek**, in the vicinity of Clark, Missouri. Said improvement is to be designed and constructed in compliance with Missouri Department of Transportation (hereinafter, MoDOT) and Boone County, Missouri standards.

WHEREAS, in order to improve said roadway in accordance with said plans, it will be necessary to adjust certain facilities now located on private easement in order to maintain the present services of said "Company", such changes being generally shown as proposed utility adjustment sketch marked Exhibit "A", and estimate of utility adjustment cost marked Exhibit "B" attached hereto and each made a part hereof;

NOW, THEREFORE, in consideration of these mutual covenants, the parties agree as follows:

(1) WORK AREA: The "Company" will make the necessary adjustments and stay within their existing private easement along **King Road**.

(2) COMMENCEMENT AND COMPLETION OF WORK: Work will occur in two phases, deemed "Pre-Construction" and "Post-Construction." The "Pre-Construction" work shall consist of the installation of all necessary guying to deactivate and drop the overhead line segment before bridge installation. The "Post-Construction" work shall consist of reinstallation and reactivation of overhead line after bridge installation. After approval of this agreement and upon notification to proceed by the "County", the "Company" will commence, without unnecessary delay, to make changes to its facilities as part of the "Pre-Construction" work. The "Company" will actively pursue completion of the work to reach the earliest possible completion date and to minimize interference with the roadway contractor and other utility companies doing relocation work. The "Company" agrees to provide a written estimated time schedule of its planned "Pre-Construction" work and a written notification to the "County's" engineer at least five (5) days prior to beginning the work. The submitted schedule shall show completion before or by twenty-one (21) calendar days after the "County's" notice to proceed date. If the "Company" falls behind in its work schedule, it shall submit a revised work schedule to the "County's" engineer. The "Company" will make every effort to get back on schedule and complete its work. The "County" will inform the "Company" after completion of bridge construction for preparation of "Post-Construction.

The "Company" has an affirmative duty to cooperate and coordinate its activities with those of the roadway contractor and other utility companies doing relocation work. The contractor has a contractual requirement to cooperate and coordinate its activity with the "Company" and other utility companies on this project.

(3) SUBCONTRACT: The "Company" intends to perform this work with its own forces and, if necessary, existing subcontractors of which they have active cost fixed contracts in place. A copy of the pricing contracts in place can be provided to the "County" upon request.

(4) CHANGE ORDER: If any substantial change is made in the original plan and extent of the work, the "Company" agrees that reimbursement shall be limited to costs covered by a supplemental agreement or change order prepared by the "County" engineer and having approval of the "County" PRIOR to the performance of the work.

(5) BACKFILL: The "Company" agrees to compact backfill of their excavation within Boone County right of way and utility easement limits in accordance with Chapter II of the Boone County, Missouri Roadway Regulations.

(6) CONDITION OF RIGHT OF WAY AND UTILITY EASEMENT: Upon completion of their work provided in this Agreement, the "Company" shall remove all leftover materials and debris resulting from their work and leave the right of way and utility easement in a neat, workmanlike condition, free of holes, mounds of dirt, or other objectionable material. All areas disturbed by their work shall be prepared, fertilized, permanently seeded and mulched in accordance with Chapter II of the Boone County, Missouri Roadway Regulations.

(7) SAFETY DEVICES: At all times when work is being performed by the "Company" under such conditions as will affect traffic on the public streets or roadways, "Company" will display warning signs, barricades, flags, lights and/or flares as circumstances may require and shall employ and use a flagger when required for safety of the traveling public, all in accordance with the standards set forth in the "Manual on Uniform Traffic Control Devices" (MUTCD).

(8) COST: The total cost of the utility work required for the roadway project is estimated to be $7,574.00 ($2,101.00 for WO #25-26066 to de-energize the overhead electric line pre-construction, plus $5,473.00 for WO #26-02006 to re-energize the overhead electric line post-construction).

It is agreed, upon the "County's" approval of the "Company's" plan and estimate, the "County" will promptly pay the "Company" the total amount of $7,574.00 at the completion of WO #25-26066, no more or no less.

(9) PERMIT REQUIREMENT: The "Company" shall obtain a permit from the Boone County Resource Management Department should any of the intended work be located on a "County" right of way prior to adjusting or relocating its property from, within, or onto the "County's" right of way. The permit shall be signed by an authorized "County" representative.

(10) "COUNTY" REPRESENTATIVE: The "County's" engineer is designated as the "County's" representative for the purpose of administering the provisions of this Agreement.

(11) LAW OF MISSOURI TO GOVERN: This Agreement shall be construed according to the laws of the state of Missouri. The "Company" shall comply with all local, state and federal laws and regulations relating to the performance of this Agreement.

(12) VENUE: It is agreed by the parties that any action at law, suit in equity, or other judicial proceeding to enforce or construe this Agreement, or regarding its alleged breach, shall be instituted only in the Circuit Court of Boone County, Missouri.

(13) ASSIGNMENT: The "Company" shall not assign, transfer or delegate any interest in this Agreement without the prior written consent of the "County".

(14) COOPERATION: When the "Company" relocation work is being done concurrent with the "County's" roadway contractor operation, the "Company" agrees to cooperate and coordinate its work to minimize disturbance to the roadway contractor or other utility companies working on the project.

(15) ROADWAY IMPROVEMENT INFORMATION: The "County" agrees to furnish the "Company" all necessary information on the roadway improvement in order to properly carry out the utility relocation.

IN WITNESS WHEREOF, the parties have entered into this Agreement on the date last written below.

Executed by the "Company" this 1ST day of APRIL, 20 26.

STANDARD CONTRACT TERMS AND CONDITIONS - BOONE COUNTY, MISSOURI

1. Contractor shall comply with all applicable federal, state, and local laws and failure to do so, in County's sole discretion, shall give County the right to terminate this Contract.

2. Prices shall include all charges for packing, delivery, installation, etc., (unless otherwise specified) to the Boone County Department.

3. The Boone County Commission has the right to accept or reject any part or parts of all bids, to waive technicalities, and to accept the offer the County Commission considers the most advantageous to the County. Boone County reserves the right to award this bid on an item-by-item basis, or an "all or none" basis, whichever is in the best interest of the County. The Purchasing Director reserves the right, when only one bid has been received by the bid closing date, to delay the opening of bids to another date and time in order to revise specifications and/or establish further competition for the commodity or service required. The one (1) bid received will be retained unopened until the new Closing date, or at request of bidder, returned unopened for re-submittal at the new date and time of bid closing.

4. When products or materials of any particular producer or manufacturer are mentioned in our contracts, such products or materials are intended to be descriptive of type or quality and not restricted to those mentioned.

5. Do not include Federal Excise Tax or Sales and Use Taxes in billing, as law exempts the County from them.

6. The delivery date shall be stated in definite terms.

7. The County Commission reserves the right to cancel all or any part of orders if delivery is not made or work is not started as guaranteed. In case of delay, the Contractor must notify the Purchasing Department.

8. In case of default by the Contractor, the County of Boone will procure the articles or services from other sources and hold the Contractor responsible for any excess cost occasioned thereby.

9. Failure to deliver as guaranteed may disqualify Contractor from future bidding.

10. Prices must be as stated in units of quantity specified and must be firm.

11. The County of Boone, Missouri expressly denies responsibility for, or ownership of any item purchased until same is delivered to the County and is accepted by the County.

12. The County reserves the right to award to one or multiple respondents. The County also reserves the right to not award any item or group of items if the services can be obtained from a state or other governmental entities contract under more favorable terms. The resulting contract will be considered "Non-Exclusive". The County reserves the right to purchase advertising from other vendors.

13. The County, from time to time, uses federal grant funds for the procurement of goods and services. Accordingly, the provider of goods and/or services shall comply with federal laws, rules and regulations applicable to the funds used by the County for said procurement, and contract clauses required by the federal government in such circumstances are incorporated herein by reference. Procurement Manual – Appendix A. Any questions regarding the applicability of federal clauses to a particular bid should be directed to the Purchasing Department prior to bid opening.

14. In the event of a discrepancy between a unit price and an extended line item price, the unit price shall govern.

15. Should an audit of Contractor's invoices during the term of the Agreement, and any renewals thereof, indicate that the County has remitted payment on invoices that constitute an over-charging to the County above the pricing terms agreed to herein, the Contractor shall issue a refund check to the County for any over-charges within 30-days of being notified of the same.

16. Pursuant to Section 34.600 RSMo, for contracts $100,000 and greater, Contractor/Vendor certifies it is not currently engaged in and shall not, for the duration of the contract, engage in a boycott of goods or services from the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel.

17. **For all titled vehicles and equipment, the dealer must use the actual delivery date to the County** on all transfer documents including the Certificate of Origin (COO), Manufacturer's Statement of Origin (MSO), Bill of Sale (BOS), and Application for Title.

18. **Equipment and serial and model numbers -** The contractor is strongly encouraged to include equipment serial and model numbers for all amounts invoiced to the County. If equipment serial and model numbers are not provided on the face of the invoice, such information may be required by the County before issuing payment.

19. All equipment and supplies offered in a quote must be new, of current production, and available for marketing by the manufacturer unless the County clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered.

20. This agreement may be extended beyond the expiration date by order of the County on a month-to-month basis in the event the County is unable to re-bid and/or award a new contract prior to the expiration date.

The Act contains exceptions in terms of trade agreements.

Buy America Act (1983) applies only to mass-transit-related procurements such as highways, bridges, transit systems and terminal programs valued over $100,000 and funded at least in part by Federal grants issued by the Federal Transit Administration and Federal Highway Administration. Instructions: Fill in the blanks below and/or provide price lists or catalogs or online pricing.

Vendor is encouraged to offer any and all products or services that they currently perform in their normal course of business. It is the Vendor's responsibility to propose a pricing and Member discount structure in a manner reasonably understood by any Member. Vendor should be clear and concise in its pricing proposal and shall not deem it "Confidential."

Pricing will take into account the PCA Admin Fee of **three (3%),** to be included as part of overhead costs on the TOTAL of any purchase order or invoice, exclusive of applicable taxes and shall not list it as a separate line item attributable to the Member. The Fee will be calculated:

0.03 X (gross purchase order/contracted amount LESS Pass-Through Costs)

Best Price
Vendor will provide best pricing for PCA Members. PCA expects Vendor's response to include their Best Price offered to all governmental, cooperative or retail customers.

Additional discounts may be negotiated between the Vendor and Member if other Member agencies who meet the exact same criteria are offered an equal discount. The purchase order must reflect any additional discounts agreed upon.

Bundling, if Applicable
PCA contracts may be bundled by a vendor holding other current PCA contracts (PCA Awarded Contractors) where it is allowed for the benefit of PCA Members.

'Value Add'
Packaging complementary products and services, purchasing levels and a series of added benefits that are significant in value and are, themselves, a whole lot more valuable than simply the product is by itself.

Best and Final Offer
PCA may request Vendor to submit a Best and Final Offer. Vendors must submit their Best and Final Offers in writing.

EDGAR
For jurisdictions (primarily K-12) requiring EDGAR, price validation may use the non-pre-priced method for validation and inclusion into the cost books. The number of line items being validated may vary and left up to the PCA Member and Vendor to agree upon.

Delivery, If Applicable
Please state fully your delivery terms and conditions including:

a. Minimum order for free delivery

SECTION 1-SOLICITATION OVERVIEW

City of O'Donnell ("Awarding Agency"), located at 615 8th Street, O'Donnell, Texas 79351, an agency of the State of Texas, is awarding this contract for use by all current and future Purchasing Cooperative of America ("PCA") Members. Respondents are expected to be experienced and qualified in supplying these products and/or providing these services to PCA Members using the resulting contract, if any, that can be used either on a national, statewide, regional or local basis.

This is an IDIQ (Indefinite Delivery Indefinite Quantity) solicitation and not for a specific job or project. This is a competitive procurement process to qualify vendors for future projects/sales to be determined directly between PCA Member and a vendor awarded a PCA Contract (PCA Awarded Contractor).

A response to this Request for Proposal ("RFP") is an Offer to Contract with Awarding Agency based upon the terms, conditions, scope of work, and specifications contained in this solicitation. Solicitation and Vendor response do not become a contract unless and until a contract is awarded by the Awarding Agency's approving Board, Council or other Authority.

INTENT

It is the intent of Awarding Agency/PCA to establish an annual contract on behalf of PCA Members, current and future, with one or more contracts being awarded. This Contract meets the statutes and purchasing criteria for Texas and certain other states with similar laws. Supplemental agreements between PCA Member and Awarded Contractor may be entered into in order to accommodate additional federal, state or local laws and requirements.

INTRODUCTION

Awarding Agency/PCA is seeking to contract on a local, regional, statewide and/or national basis with one or more companies with the requisite experience and qualifications. Responses may be made for any or all products and services Vendor routinely offers to public sector entities.

Products and/or services considered for award shall equal or exceed a minimum quality level of industry standard(s) as defined within this solicitation and shall comply with all applicable federal, state and local technical, environmental, and performance standards and specifications.

Awards will be made to the successful proposer(s) for the total line of services submitted. Awards will be based on the criteria set forth within this document. PCA encourages all vendors (national, regional, state, local, USMCA) to respond and provide products/service to public and non-profit/non-taxed entities that utilize cooperative purchasing in the areas that Vendor proposes to work in.

Benefits of a PCA Contract Award

- ✓ Multi-year contracts
- ✓ Comprehensive contracts
- ✓ Fair and open competition

Maximum Annual Aggregate of the Contract. In compliance with *TEX. GOV'T. CODE § 2269.403(b*), PCA is establishing the maximum annual aggregate contract price for each of the contracts awarded pursuant

Docusign Envelope ID: 4A9C1FC0-165C-4A63-9840-F14F7D169519

to this solicitation for the PCA cooperative program at $100 million in aggregate per Member per year. The amount may be increased at each of the contract renewal periods or at the request of Vendor or Member based upon project requirements.

No Guarantee of Usage/Quantities. Awarding Agency/ PCA makes no guarantee or commitment of any kind concerning quantities that will actually be purchased under this solicitation and the resulting contract(s), if any. Awarding Agency /PCA makes no guarantee or commitment of any kind regarding usage of any contract(s) resulting from this RFP.

Addendums to Solicitation. Changes to this solicitation will be made by addendum. Addendum information will prevail over original solicitation or previous addendum(s). Addendum must be signed by Vendor's authorized representative and be included in Vendor's response. It is Vendor's responsibility to check the website for addendums prior to finalizing their submission.

Purchasing Cooperative of America, acting on behalf of the PCA Awarding Agency, is the sole authority for the issuance of any addendum related to this solicitation.

EVALUATION AND AWARD OF CONTRACT

In accordance with applicable laws, rules, and regulations for public procurement, recommendation for award(s) will be made to the responsible vendor whose proposal is determined, per review by the evaluation committee, to be the best value and most advantageous to PCA Members.

The following may result in a recommendation for non-award or rejection of the entire response:

- ✓ Failure to sign the Contract Offer and Acceptance Form may disqualify Vendor's submittal from being evaluated. Vendors are responsible for making sure, when using Electronic Signatures, that the signatures are actually transferring to the documents being uploaded into Bonfire.
- ✓ Failure to submit any documents/information requested.
- ✓ Less than two years' company history and/or personnel experience in the business activity described in this solicitation. May submit personnel resumes to qualify.

Products/services offered. Description. Pricing.	
Certifications:	3 points
Supporting documentation provided for ISO and HUB-related certifications. HUB subcontractors.	
GRAND TOTAL – POSSIBLE POINTS:	**110 points**

Disadvantaged Business Enterprises. Awarding Agency/PCA encourages response by Historically Under-utilized (HUB) companies, including, but not limited to, Minority and Women's Business Enterprise (MWBE), Veteran Owned Small Business (VOSB), and Small Business Enterprise (SBE) businesses. Some PCA Members have specific goals for HUB requirements and will require that a plan be presented by Vendor to help them meet their goals.

Clarification and/or Negotiation. During the review process, PCA may request clarification from Vendor for the purpose of eliminating minor errors, clerical errors, and/or non-substantive irregularities. Clarification does not give Vendor the opportunity to revise, change, or modify its proposal in any way except to the extent of correction of the error. Discussion between PCA and Vendor can only take place after the deadline to receive proposals. PCA reserves the right to conduct discussions with all, some, or none of the vendors submitting proposals. PCA will not assist any vendor in the revision or modification of its proposal nor will PCA assist any vendor in bringing its proposal to the same level of other proposals received by PCA.

Preferences. PCA may apply applicable preferences for Texas resident vendors in the event of a tie. Preferences must be explicitly claimed by Vendor and may not be applicable in procurements and/or contracts involving federal funds. *TEX. GOV'T. CODE §2252.001-.004.*

Texas provisions above are provided as a reference for Vendors and Members, as the Awarding Authority is a Texas Agency.

Vendor responses to solicitations are reviewed and points are assigned by evaluators according to the evaluation criteria stated in the solicitation. PCA functions as a National Purchasing Cooperative in compliance with applicable Texas and other states' laws and regulations concerning cooperative contracting. Vendors responding to solicitations provide services in various locations across the United States and its Territories and offer a variety of products and services in response to any given Solicitation. It is often not practical to compare product or services pricing. Further, where multiple contracts and individual contracts of an Indefinite Delivery Indefinite Quantity (IDIQ) nature are being awarded and where federal Funds may be used under a Contract, consideration of preferences is not required. Accordingly, the Texas provision concerning the evaluation of 'state preference' and the

Docusign Envelope ID: 4A9C1FC0-165C-4A63-9840-F14F7D169519

preference consideration requirements of any other state will not generally be considered as part of the evaluation process. If an evaluation of the preferences is appropriate for any given solicitation, this will be recorded as part of the evaluation process.

Multiple Awards. Awarding Agency/PCA reserves the right to award multiple contracts. Contract awards will be made to the successful respondent(s) for the total line of services submitted based on the criteria set forth within this document. Because PCA is a national cooperative, it may be in PCA Members best interests to offer multiple contract awards. Awarding Agency/PCA reserves the right to award multiple contracts for the following reasons:

1) Geographic location of offices/services;
2) Different offerings, such as product lines;
3) 'Value Add' offerings;
4) Vendor qualifications/market presence;
5) Small businesses and large companies offering quality products/services; and
6) Other reasons Vendor provides value to PCA membership.

SECTION 2-ABOUT PCA

PCA Membership and Interlocal Contracting Authority. PCA Membership is open to public sector entities including educational institutions such as public and private schools, independent school districts and charter schools, education service centers, and higher education colleges and universities; and local, state and federal governmental agencies such as municipalities, counties, political subdivisions, federal agencies, other governmental agencies, and non-taxed non-profit organizations throughout the United States and U.S. Territories that follow local governing authority allowing them to utilize contracts procured by PCA and administered by Awarding Agency, pursuant numerous states' joint powers statutes such as, but not limited to:

- *TEX. GOV'T. CODE, Title 7, Intergovernmental Relations, Chapter 791, Subchapter C;*
- *State of Arizona Statutes, Title II, Chapter 7, Intergovernmental Operations, Article 3, Joint Exercise of Powers;*
- *State of New Mexico Statutes, Chapter 11, Intergovernmental Agreements and Authorities, Article 1, Joint Powers Authority;*
- *State of Louisiana Title 39, Subtitle 111, Chapter 17, Part VII and Title 38 Public Contracts;*
- *State of Arkansas, Title 19, Chapter 11, Sub-chapter 2 – Arkansas Procurement Law;*
- *State of Oklahoma, Title 74 State Government, Chapter 31 Interlocal Cooperative Act; and*
- *Other states' joint powers codes may be found listed on the PCA website:* www.pcamerica.org.

A local government that purchases products and services under the Interlocal Cooperation Act satisfies the requirement of the local government to seek competitive quotes for the purchase of products and services. By using PCA, eligible entities can provide the legally required competition for contracts of commonly purchased products and services, thereby saving the individual entity the time and cost of performing the procurement process. This PCA Contract will allow agencies to purchase on an "as needed" basis from a competitively awarded contract.

Vendors are encouraged to sign up their current customers with PCA to continue a positive working relationship. Members benefit by having a multi-year contract and by saving the time and expense of developing solicitations and evaluating responses from numerous vendors.

In states other than Texas, eligible public sector entities using the PCA contract automatically become PCA Members.

Responsibility to Know and Follow Federal, State and Local Laws. It is both the Vendor's and the Member's responsibility to be sure all state purchasing laws and requirements are being followed in the jurisdiction where they are operating.

All local governments, cities, municipalities, counties, K-12 schools, higher education, state and federal agencies may use this contract when awarded. Each PCA Member is subject to its own and jurisdictional requirements. The use of this contract by a Member, along with their signed purchase order or other

Docusign Envelope ID: 4A9C1FC0-165C-4A63-9840-F14F7D169519

extension of the contract, constitutes acceptance of the contract and completes the interlocal agreement (if required by the entity) between the Awarding Agency and PCA Member.

All Vendors shall also be familiar with Arizona Statutes and shall adhere to these requirements under this contract when working in Arizona, and adhere to other states' statutes, as appropriate.

PCA Members are responsible for ensuring that they are NOT engaged and doing business with any contractor doing business with those individuals, entities or countries sanctioned by the U.S. Government. Effective February 1, 2017, each new PCA contract for goods or services includes a clause that requires the contractor to certify that the contractor does not have scrutinized business operations with any countries sanctioned by the U.S. Government. Also, if Vendor subsequently does business in/with a country that is sanctioned by the U.S. Government, Vendor will immediately notify the PCA Member.

If successful in being awarded a contract, Vendor shall be responsible for obtaining all necessary permits, fees, and licenses as may be required by local authorities having jurisdiction. Vendor is responsible for verifying compliance with local authorities having jurisdiction prior to commencing work. All documents prepared, along with manufacturer's data sheets and spec sheets, shall be submitted for review and approval by authorities having jurisdiction.

Specific applicable sections of federal and state statutes, procedures, or regulations, as well as local requirements, may be added as a Supplemental Contract or on the Purchase Order being issued under this contract as deemed necessary and jointly agreed to by PCA Member and Awarded Contractor.

USMCA and PCA Contracts. Known in the United States as the United States–Mexico–Canada Agreement (USMCA); in Canada, it is officially known as the Canada–United States–Mexico Agreement (CUSMA) in English and the *Accord Canada–États-Unis–Mexique* (ACEUM) in French; and in Mexico, it is called the *Tratado entre México, Estados Unidos y Canadá* (T-MEC). Future trade agreements replacing, modifying, or superseding USMCA may also be used when ratified, as allowed by the signatories.

USMCA allows the United States, Mexico and Canada to contract to buy and sell goods and services. The uniqueness of any contract or how it may be procured is not specified under the provisions of the treaty. It is therefore left to the laws of each of the signatories. Contracts can be accessed through PCA if the U.S., Mexican or Canadian entity involved has the statutory authority and requests its use.

Several Canadian provinces have written into their Joint Powers Statutes the ability for their agencies to exercise mutual joint powers and cooperative agreements. Similarly, the Government of Mexico, its departments and agencies, may be able to sign an intergovernmental contract with PCA for the use of PCA contracts. An intergovernmental contract is not required by PCA or State of Texas.

U.S., Canadian and Mexican entities will know their own contracting requirements and laws governing the use of PCA contracts and the purchasing and the expenditure of funds by their individual agencies.

Financing of PCA. There is no fee to eligible public sector entities join PCA as a member and use PCA contracts. The cost of the PCA program is funded through an Administrative Fee paid by Awarded Contractors (vendors) based on a percentage of Vendor gross sales, less expenses as described in the contract (Pass-Through Costs), or similar calculation, that varies per contract.

Docusign Envelope ID: 4A9C1FC0-165C-4A63-9840-F14F7D169519

'Value Add' Products/Services. PCA solicitations stress the importance of including 'Value Add' items to Vendor's response to emphasize the concept of "best value" other than "low price". 'Value Add' products and services offered must include pricing to be considered for award. See FORM I.

Purchasing Process Using PCA Contracts. Contracts are awarded by PCA's Awarding Agencies' governing body following open competition, in compliance with, at a minimum, all applicable Texas procurement rules and regulations. PCA contracts are IDIQ contracts (indefinite delivery indefinite quantity); therefore, Vendor and Member negotiate and agree to the specific scope and specifications of goods and services from Vendor.

PCA Member works directly with Vendor (PCA Awarded Contractor). Member sends their purchase order, with the PCA contract number and title referenced, directly to Vendor. Vendor should not provide goods or perform services without first receiving a properly executed purchase order or other purchase document. Vendor delivers products/services to Member and then invoices the Member. Within the parameters of the approved contract Pricing, Member will pay Vendor timely, in accordance with agreed upon terms/local policy/state statute.

Copies of purchase orders/other approved work orders or purchase documents are part of due diligence and allow the Member entity to pass audits. It is in the interest of Parties to have all purchasing documents properly issued; including having the contract number noted on the documents, with proper signatures/approvals and dates.

PCA is not responsible for lost sales or revenue because a PCA Member failed to properly allocate funds for a purchase under state and/or federal Laws.

   This Contract supersedes all other representations, agreements, arrangements, negotiations, or understandings, oral or written, between the Parties to this Contract.

   In the event of a conflict between this Contract and the solicitation or Awarded Contractor's response to the solicitation, this Contract shall control.

   A Supplemental Contract between Awarded Contractor and PCA Member may be established to further detail the terms and conditions and scope and specifications of the PCA Member's specific project. Each Supplemental Contract with each PCA Member will address the performance requirements for the Supplemental Contract including, without limitation, the provision of materials, equipment and labor, whether directly or through sub-contractors. In the event of a conflict between this Contract and the Supplemental Contract, the Supplemental Contract shall prevail unless the Supplement Contract states otherwise. The Supplemental Contract may be added to the PCA Member's purchase order.

   In the event of a conflict between this Contract and the Supplemental Contract as it relates to matters solely with either PCA or the PCA Awarding Agency, this Contract shall prevail.

2. **Exceptions to Contract Terms and Conditions and Confidential Information.** Any and all limitations, exceptions, qualifications, special conditions, or deviations from the Contract Terms and Conditions or any of the item specifications must be clearly noted in writing by Vendor at the time of submission of the solicitation response. 3. **Paragraph Titles.** Paragraph titles in the Contract Terms and Conditions are for convenience and reference only, and in no way define, describe, extend, or limit the scope or intent of the provisions of any paragraph of this document. Unless otherwise stated, any listing of factors or criteria in this document does not constitute an order of preference or importance.

4. **Use of Contract by PCA Members; Addition of New Members.** Awarded Contractor agrees and understands that this solicitation and Contract may be used to accomplish work for both current and future PCA Members. *TEX. GOV'T. CODE § 2269.407.* It is a benefit to the Awarded Contractor to bring their customers wishing to utilize their products and services into the PCA Cooperative.

5. **Non-Exclusivity.** Nothing in this Contract may be construed to imply that Awarded Contractor has the exclusive right to provide products and/or services to PCA Members. During the Term of this Contract, PCA Members reserve the right to use all available resources to procure other products and/or services as needed and doing so will not violate any rights of Awarded Contractor.

6. **No Agency or Endorsements.** It is the intention of Parties that Awarded Contractor is an independent contractor. Nothing in this Contract shall be interpreted or construed as creating or establishing the relationship of employer and employee, agent, joint venture or partner, between the PCA Awarding Agency and Awarded Contractor; any PCA Member and Awarded Contractor; or PCA and any of Awarded Contractor's agents, or any PCA Member and any of Awarded Contractor's agents.

   Awarded Contractor has no power or authority to assume or create any obligation or responsibility on behalf of PCA Awarding Agency or PCA or any PCA Member; and PCA Awarding Agency and PCA and PCA Members have no power or authority to assume or create any obligation or responsibility on behalf of Awarded Contractor.

   This Contract shall not be construed or deemed an endorsement of a specific company or product.

   Awarded Contractor agrees that PCA Awarding Agency and PCA, its administration, employees, agents, governing board, and contractors, and PCA Members, its administration, employees, agents and governing board, have no responsibility for the conduct of any of Awarded Contractor's employees, agents, representatives, contractors, or subcontractors.

7. **Amendments To This Contract.** No amendment of this Contract between PCA Awarding Agency and Awarded Contractor shall be permitted or shall have any effect unless and until a written amendment to this Contract is approved and executed by PCA.

   The terms and conditions of this Contract and subsequent written contract amendments shall govern all procurements conducted hereunder. No pre-published terms on Awarded Contractor's estimate or quote, acknowledgments, invoices, or other forms shall have any force or effect unless expressly agreed to by the PCA Member and Awarded Contractor.

8. **Term of Contract; Renewal of Contract.** Term of the Contract is for a period of five (5) years. For commodity and most service contracts, the initial Term of this Contract is for a period of one (1) year, with PCA having the option to renew the Contract for four (4) additional one-year terms, at PCA's sole discretion. For construction-type contracts, i.e., job order contract (JOC) or trades, the initial Term of this Contract is for a period of two (2) years, with PCA having the option to renew the Contract for three (3) additional one-year terms, at PCA's sole discretion. *TEX. GOV'T. CODE § 2269.409*

   All of the annual renewals take place automatically unless Awarded Contractor is notified otherwise 30 days prior to the date of renewal. The phrase "Term" in this Contract shall mean the then-current Term of the Contract, whether an initial term or a renewal term.

   PCA Awarding Agency and PCA reserve the right to make a contract award for a longer initial term period if it is determined to be in the best interest of the Awarded Agency/PCA and/or PCA Membership. Upon mutual written agreement of both Parties, this contract may be extended beyond the contract expiration date if allowed by state and/or local jurisdiction.

9. **Awarded Contractor Assignment of Contract to Others.** Awarded Contractor may not assign this Contract or any of its rights, duties or obligations hereunder without the prior written approval of PCA. Any attempted assignment of this Contract by Awarded Contractor shall be null and void. - *Comply with all state and local building code requirements unless other-wise specifically provided in the Member's Purchase Order or Job Order, and Awarded Contractor must pay all fees and charges for connections to outside services and for use of property outside the project site, as agreed to with the PCA Member.*
- *Be acquainted with and comply with the regulations and laws of each state and jurisdiction (where they operate) that govern payment retention and progress payments for public projects.*

11. **Additional DFARs Federal Security Requirements for PCA Members and Awarded Contractors.** Some federal agencies require certifications from contracted primary and sub-tier Awarded Contractors that conform to the Cybersecurity Maturity Model Certification (CMMC) and other requirements, as mandated by the U.S. Department of Defense under FAR Clause 52.204-21, NIST Special Publication 800-171 per the Defense Federal Acquisition Regulation Supplement (DFARs) 252.204-7012 (3, 4, and 5).

    PCA contracts allow federal agencies the ability to have a supplemental contract that meets their additional requirements; and these additional requirements would take precedent with total project/contract control with that agency. Sub-tier companies working on those projects have to be certified. Universities working under the above contract certifications will be required to have the appropriate certification level(s); this includes the university's sub-tier contractors.

12. **Force Majeure.** Force Majeure shall include, but is not limited to acts of God (except natural phenomena such as rain, wind or flood, which are normally expected in the locale in which performance is to take place); acts of man such as work stoppages due to labor disputes or strikes; fires; explosions; epidemics; riots; war; rebellion; or sabotage. Also, services may be impacted unexpectedly by governmental restraints or decrees, provided they affect all companies in the Awarded Contractor's industry equally and are not actions taken solely against the Awarded Contractor.
    Parties will be required to use due caution and preventive measures to protect against the effects of Force Majeure, and the burden of proving that Force Majeure has occurred shall rest on the Party seeking relief under this paragraph. The Party seeking relief due to Force Majeure will be required to promptly notify the other Party in writing, citing the details of the Force Majeure event, and will be required to use due diligence to overcome obstacles to performance created by the Force Majeure event, and shall resume performance immediately after the obstacles have been removed, provided the contract has not been terminated in the interim.

    Delay or failure of performance, by either Party to this contract, caused solely by a Force Majeure event shall be excused for the period of delay caused solely by the Force Majeure event, provided

Docusign Envelope ID: 4A9C1FC0-165C-4A63-9840-F14F7D169519

the affected Party has promptly notified the other Party in writing. Neither Party shall have any claim for damages against the other resulting from delays caused solely by Force Majeure.

Neither PCA nor PCA Members will be responsible for any costs incurred by an Awarded Contractor because of the Force Majeure event unless the PCA Member has requested, in writing, that the Awarded Contractor incur such costs in connection with any delay or work stoppage caused by the Force Majeure event.

Notwithstanding any other provision of this paragraph, in the event the Awarded Contractor's performance of its obligations under this contract is delayed or stopped by a Force Majeure event, PCA Member shall have the option to terminate this Contract. Furthermore, this paragraph shall not be interpreted as to limit or otherwise modify any of the PCA Member's rights as provided elsewhere in this contract.

13. **Governing Law and Exclusive Venue.** The laws of the State of Texas, without regard to its provisions on conflicts of laws, govern this Contract. Any dispute under this Contract involving PCA Awarding Agency must be brought exclusively in the state and federal courts located in County of Harris County, Texas, and the parties hereby submit to the exclusive jurisdiction of said courts. Any dispute not involving PCA Awarding Agency but involving a PCA Member and Awarded Contractor shall be governed by the laws of the state of the PCA Member, without regard to its provisions on conflicts of laws, and exclusive jurisdiction and venue shall lie in the city, county, and state of the Member.

    In any contract dispute arising between PCA Members and Awarded Contractors every effort should be made by the parties to negotiate in good faith before legal action is taken. The parties may elect to use an impartial Ombudsman or Arbitrator to work with both parties to negotiate an amical settlement.

14. **Indemnification.** AWARDED CONTRACTOR SHALL INDEMNIFY AND HOLD HARMLESS PCA AWARDING AGENCY, PCA, AND EACH PCA MEMBER, INCLUDING MEMBERS' DIRECTORS, OFFICERS, ADMINISTRATORS, EMPLOYEES, AND AGENTS, FROM ALL CLAIMS, LIABILITIES, COSTS, SUITS OF LAW OR IN EQUITY, REASONABLE EXPENSES, REASONABLE ATTORNEYS' FEES, FINES, PENALTIES OR DAMAGES ARISING FROM ACTS OR OMISSIONS OF AWARDED CONTRACTOR, AWARDED CONTRACTOR'S EMPLOYEES, AGENTS, OR SUBCONTRACTORS, IN CONNECTION WITH THIS CONTRACT FOR WHICH THE PCA AWARDING AGENCY OR PCA HAS NOT CONTRIBUTED TO THE ACTS OR OMISSIONS, INCLUDING, WITHOUT LIMITATION, THOSE ARISING FROM CLAIMED INFRINGEMENT OF ANY PATENTS, TRADEMARKS, COPYRIGHT OR OTHER CORRESPONDING RIGHT(S) WHICH IS RELATED TO ANY ITEM AWARDED CONTRACTOR IS REQUIRED TO DELIVER. AWARDED CONTRACTOR'S OBLIGATIONS UNDER THIS CLAUSE SHALL SURVIVE ACCEPTANCE AND PAYMENT BY PCA MEMBER.

    PCA MEMBER SHALL INDEMNIFY AND HOLD HARMLESS AWARDED CONTRACTOR, INCLUDING AWARDED CONTRACTOR'S DIRECTORS, OFFICERS, ADMINISTRATORS, EMPLOYEES, AND AGENTS, FROM ALL CLAIMS, LIABILITIES, COSTS, SUITS OF LAW OR IN EQUITY, REASONABLE EXPENSES, REASONABLE ATTORNEYS' FEES, FINES, PENALTIES OR DAMAGES ARISING FROM ACTS OR OMISSIONS OF PCA MEMBER OR PCA MEMBER'S EMPLOYEES, AGENTS, OR SUBCONTRACTORS, IN CONNECTION WITH THIS CONTRACT FOR WHICH THE AWARDED CONTRACTOR HAS NOT CONTRIBUTED TO THE ACTS OR OMISSIONS, INCLUDING, WITHOUT LIMITATION, THOSE ARISING

Docusign Envelope ID: 4A9C1FC0-165C-4A63-9840-F14F7D169519

FROM CLAIMED INFRINGEMENT OF ANY PATENTS, TRADEMARKS, COPYRIGHT OR OTHER CORRESPONDING RIGHT(S) WHICH IS RELATED TO ANY ITEM AWARDED CONTRACTOR IS REQUIRED TO DELIVER. PCA MEMBER'S OBLIGATIONS UNDER THIS CLAUSE SHALL SURVIVE ACCEPTANCE AND PAYMENT BY PCA MEMBER.

15. **Commitment of Current Revenue.** Awarded Contractor acknowledges that many Texas governmental entities, including educational entities, are required to include a clause in accordance with *TEX. LOCAL GOV'T. CODE § 271.903* concerning appropriation of funds for multi-year contracts. Other states may have similar statutes.

    PCA Members shall provide written notice on non-availability of funds at least ninety (90) days in advance of the event. PCA Member is obligated to pay any remaining unpaid balance for fees owing for services already provided.

    Parties acknowledge that this Contract, any Supplemental Contract, any Purchase/Delivery/Job Orders are commitments of the current revenue of PCA Member only.

16. **Notice.** Any notice provided under the terms of this Contract by one Party to the other Party shall be in writing and shall be sent by hand-delivery, by certified or registered mail, return receipt requested, or by email pcamerica@pcamerica.org and require a read receipt. Notice shall be deemed effective upon receipt. Electronic signature is legal and acceptable.

17. **Notification of Material Change in Awarded Contractor Operations.** Awarded Contractor is required to use reasonable efforts to notify PCA of any material change in operations that is likely to adversely impact its performance of all its obligations under this Contract, including, but not limited to, major changes in distribution rights for awarded products, bankruptcy, material changes in financial condition, change of ownership, and the like, within **thirty (30) business days** of such change, or as soon as is practicable.

18. **Equal Opportunity; Equal Employment Opportunity (EEO) Disclosures.** It is the policy of PCA Awarding Agency and PCA not to discriminate on the basis of race, color, national origin, gender, limited English proficiency or handicapping conditions in its programs. Awarded Contractor agrees not to discriminate against any employee or applicant for employment to be employed in the performance of this Contract, with respect to hire, tenure, terms, conditions and privileges of employment, or a matter directly or indirectly related to employment, because of age (except where based on a bona fide occupational qualification), gender (except where based on a bona fide occupational qualification) or race, color, religion, national origin or ancestry, handicapping condition, marital status, political affiliation or belief, or veteran status. Awarded Contractor further agrees that every subcontract entered into for the performance of this Contract shall contain a provision requiring non-discrimination in employment herein specified, binding upon each subcontractor. Breach of this covenant may be regarded as a material breach of the Contract. A final, non-appealable judgment by a court of competent jurisdiction under which Awarded Contractor was proven to discriminate in violation of this paragraph will constitute Awarded Contractor's material breach of this Contract, whereupon PCA Awarding Agency may terminate this Contract.

19. **Working on PCA Member's Property**. Awarded Contractor, its employees, subcontractors, and subcontractor's employees may not use or possess any weapons, alcoholic or other intoxicating

Docusign Envelope ID: 4A9C1FC0-165C-4A63-9840-F14F7D169519

beverages, illegal drugs or controlled substances while on the job or on PCA Member's property, nor may such workers be intoxicated or under the influence of alcohol or drugs on PCA Member's property.

20. **Subcontractors, If Applicable.** Awarded Contractor shall be fully responsible to the PCA Member for all acts and omissions of the subcontractors used in the performance of any part of this Contract.

    Nothing in this Contract shall create any obligation on the part of PCA or PCA Members to pay or to see to the payment of any monies due any such subcontractor except as may otherwise be required by law.

    Prime contractors agree that they are knowledgeable about 2 C.F.R. § 200.321, and when required will demonstrate the "six affirmative steps" when selecting subcontractors, when applicable.

21. **Insurance. If Applicable,** Vendor is required to provide a Certificate of Insurance with its solicitation response and to provide PCA Member with copies of certificates of insurance, naming the Member as additional insured for Texas Workers Compensation and General Liability Insurance, **within fourteen (14) business days** of receipt of purchase order from PCA Member. For material changes, the awarded contract holder and/or subsequent assignee agrees to and understands the following principles:

i. **Contract holder reference**. If the contract holder undergoes a merger, acquisition, or partial assignment, in which case they still maintain the contract, then all transactions made under the existing contract number (including purchase orders) must reference the name of the awarded contract holder. The exception to this requirement is if the contract holder no longer holds the contract or if the company has been acquired by another company and undergone a name change. Notice of the authorized name change, to the existing contract, must be provided and approved by Region 4.

In instances where the contract holder has acquired a separate and distinct company, and it is necessary to designate those certain purchases facilitated by the non-contract holder, then this designation may be made if, and only if, the contract holder is also referenced on the transaction.

ii. **Maintenance of records**. Both the awarded contract holder and subsequent assignee agree to remain responsible for maintaining all auditable records, including documents kept in the ordinary course of business and sales invoices, related to OMNIA Partners, Public Sector and/or contract number pursuant to the statutory requirements identified in the vendor contract.

iii. **Payments**. Both the awarded contract holder and subsequent assignee agree that all payments made by participating entities must be made directly to the contract holder, unless otherwise approved by Region 4. Accordingly, both parties acknowledge that in instances where it is necessary to designate the purchases facilitated by assignee, that the contract holder must also be referenced on the purchase order.

iv. **Handling of Proprietary and/or Confidential Information**. In accord with the terms of the contract, both awarded vendor and assignee agree that at all times it will hold in strict confidence and not disclose to any third party Confidential and/or Proprietary information of Region 4, except as approved in writing by Region 4, and will use the Confidential Information for no purpose other than providing services under the contract. Both awarded vendor and assignee shall only permit access to Confidential Information to those of its employees or authorized representatives having a need to know and who have signed confidentiality agreements or are otherwise bound by confidentiality obligations at least as restrictive as those contained herein.

This document is to be construed in strict accordance with the terms and conditions outlined in the Region 4/vendor Master Agreement referenced herein. Both awarded vendor and assignee agree to uphold the vendor obligations set forth in the vendor agreement. This Agreement will become effective when signed by all parties.

Exhibit A
Response for National Cooperative Contract

1.0 Scope of National Cooperative Contract

Capitalized terms not otherwise defined herein shall have the meanings given to them in the Master Agreement or in the Administration Agreement between Supplier and OMNIA Partners.

1.1 Requirement

The Region 4 ESC (hereinafter defined and referred to as "Principal Procurement Agency"), on behalf of itself and the National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector ("OMNIA Partners"), is requesting proposals for Educational School Supplies, Instructional Solutions, and Related Products. The intent of this Request for Proposal is any contract between Principal Procurement Agency and Supplier resulting from this Request for Proposal ("Master Agreement") be made available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with OMNIA Partners, an example of which is included as Exhibit D, and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners as a Participating Public Agency in OMNIA Partners' cooperative purchasing program. Registration with OMNIA Partners as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C, and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of the Master Intergovernmental Purchasing Cooperative Agreement or as otherwise agreed to. The terms and pricing established in the resulting Master Agreement between the Supplier and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through OMNIA Partners.

All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually, and neither OMNIA Partners, any Principal Procurement Agency nor any Participating Public Agency, including their respective agents, directors, employees or representatives, shall be liable to Supplier for any acts, liabilities, damages, etc., incurred by any other Participating Public Agency. Supplier is responsible for knowing the tax laws in each state.

This Exhibit A defines the expectations for qualifying Suppliers based on OMNIA Partners' requirements to market the resulting Master Agreement nationally to Public Agencies. Each section in this Exhibit A refers to the capabilities, requirements, obligations, and prohibitions of competing Suppliers on a national level in order to serve Participating Public Agencies through OMNIA Partners.

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

These requirements are incorporated into and are considered an integral part of this RFP. OMNIA Partners reserves the right to determine whether to make the Master Agreement awarded by the Principal Procurement Agency available to Participating Public Agencies, in its sole and absolute discretion, and any party submitting a response to this RFP acknowledges that any award by the Principal Procurement Agency does not obligate OMNIA Partners to make the Master Agreement available to Participating Procurement Agencies.

1.2 Marketing, Sales and Administrative Support

During the term of the Master Agreement OMNIA Partners intends to provide marketing, sales, partnership development and administrative support for Supplier pursuant to this section that directly promotes the Supplier's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis.

OMNIA Partners will assign the Supplier a Director of Partner Development who will serve as the main point of contact for the Supplier and will be responsible for managing the overall relationship between the Supplier and OMNIA Partners. The Director of Partner Development will work with the Supplier to develop a comprehensive strategy to promote the Master Agreement and will connect the Supplier with appropriate stakeholders within OMNIA Partners including, Sales, Marketing, Contracting, Training, and Operations & Support.

The OMNIA Partners marketing team will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through channels that may include:

A. Marketing collateral (print, electronic, email, presentations)

B. Website

C. Trade shows/conferences/meetings

D. Advertising

E. Social Media

The OMNIA Partners sales teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through initiatives that may include:

A. Individual sales calls

B. Joint sales calls

C. Communications/customer service

D. Training sessions for Public Agency teams

E. Training sessions for Supplier teams

The OMNIA Partners contracting teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through:

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

A. Serving as the subject matter expert for questions regarding joint powers authority and state statutes and regulations for cooperative purchasing
B. Training sessions for Public Agency teams
C. Training sessions for Supplier teams
D. Regular business reviews to monitor program success
E. General contract administration

Suppliers are required to pay an Administrative Fee of 3% of the greater of the Contract Sales under the Master Agreement and Guaranteed Contract Sales under this Request for Proposal. Supplier will be required to execute the OMNIA Partners Administration Agreement (Exhibit B). At Supplier's option, Suppliers may pay additional fees beyond administrative fees, such as technology fees, to OMNIA Partners and/or a third party for additional support and/or access to OMNIA Partners' technology platform.

1.3 Estimated Volume

The dollar volume purchased under the Master Agreement is estimated to be approximately $75 million annually. While no minimum volume is guaranteed to Supplier, the estimated annual volume is projected based on the current annual volumes among the Principal Procurement Agency, other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between Supplier and OMNIA Partners.

1.4 Award Basis

The basis of any contract award resulting from this RFP made by Principal Procurement Agency will, at OMNIA Partners' option, be the basis of award on a national level through OMNIA Partners. If multiple Suppliers are awarded by Principal Procurement Agency under the Master Agreement, those same Suppliers will be required to extend the Master Agreement to Participating Public Agencies through OMNIA Partners. Utilization of the Master Agreement by Participating Public Agencies will be at the discretion of the individual Participating Public Agency. Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency (e.g., governing law) are subject to modification for each Participating Public Agency as Supplier and such Participating Public Agency may agree without being in conflict with the Master Agreement as a condition of the Participating Agency's purchase and not a modification of the Master Agreement applicable to all Participating Agencies. Participating Agencies may request to enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in the Master Agreement (e.g., governing law, invoice requirements, order requirements, specialized delivery, diversity requirements such as minority and woman owned businesses, historically underutilized business, etc.) ("Supplemental Agreement"). It shall be the responsibility of the Supplier to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the Participating Agency. It shall further be the responsibility of the Supplier to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of the Master Agreement and adjust wage rates accordingly. In instances where supplemental terms and conditions create additional risk and cost for Supplier, Supplier and Participating Public Agency may negotiate

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

additional pricing above and beyond the stated contract not-to-exceed pricing so long as the added price is commensurate with the additional cost incurred by the Supplier. Any supplemental agreement developed as a result of the Master Agreement is exclusively between the Participating Agency and the Supplier (Contract Sales are reported to OMNIA Partners).

All signed Supplemental Agreements and purchase orders issued and accepted by the Supplier may survive expiration or termination of the Master Agreement. Participating Agencies' purchase orders may exceed the term of the Master Agreement if the purchase order is issued prior to the expiration of the Master Agreement. Supplier is responsible for reporting all sales and paying the applicable Administrative Fee for sales that use the Master Agreement as the basis for the purchase order, even though Master Agreement may have expired.

1.5 Objectives of Cooperative Program

This RFP is intended to achieve the following objectives regarding availability through OMNIA Partners' cooperative program:

A. Provide a comprehensive competitively solicited and awarded national agreement offering the Products covered by this solicitation to Participating Public Agencies;

B. Establish the Master Agreement as the Supplier's primary go to market strategy to Public Agencies nationwide;

C. Achieve cost savings for Supplier and Public Agencies through a single solicitation process that will reduce the Supplier's need to respond to multiple solicitations and Public Agencies need to conduct their own solicitation process;

D. Combine the aggregate purchasing volumes of Participating Public Agencies to achieve cost effective pricing.

2.0 REPRESENTATIONS AND COVENANTS

As a condition to Supplier entering into the Master Agreement, which would be available to all Public Agencies, Supplier must make certain representations, warranties and covenants to both the Principal Procurement Agency and OMNIA Partners designed to ensure the success of the Master Agreement for all Participating Public Agencies as well as the Supplier.

Supplier commits that (1) the Master Agreement has received all necessary corporate authorizations and support of the Supplier's executive management, (2) the Master Agreement is Supplier's primary "go to market" strategy for Public Agencies, (3) the Master Agreement will be promoted to all Public Agencies, including any existing customers, and Supplier will transition existing customers, upon their request, to the Master Agreement, and (4) that the Supplier has read and agrees to the terms and conditions of the Administration Agreement with OMNIA Partners and will execute such agreement concurrent with and as a condition of its execution of the Master Agreement with the Principal Procurement Agency. Supplier will identify an executive corporate sponsor and a separate national account manager within the RFP response that will be responsible for the overall management of the Master Agreement.

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

2.3 Sales Commitment

Supplier commits to aggressively market the Master Agreement as its go to market strategy in this defined sector and that its sales force will be trained, engaged and committed to offering the Master Agreement to Public Agencies through OMNIA Partners nationwide. Supplier commits that all Master Agreement sales will be accurately and timely reported to OMNIA Partners in accordance with the OMNIA Partners Administration Agreement. E. Please see attached Green Statement.

F. SSL acknowledges and fully embraces the MWBE participation request and requirements. We are committed to working with MWBE certified vendors as we are awarded new contracts for goods and services.

Our many years of contracting with MWBE's has given us the experience and ability to build an engagement process that exceeds minimum requirements and compliance.

We attend and participate in most national and regional conferences of WBENC and NMSDC organizations annually.

SSL's process begins with the utilization of databases of both the NMSDC and WBENC to source certified businesses in many business verticals. We then began the due diligence process of business validation and capabilities measurements. Once this step is completed, we then match our requirements and business standards with our prospective partners. We utilize the client's Master Service Agreement to add third party provided services with a defined Scope of work with the named third party. The pricing to our client is not affected as our internal profitability is a shared model with the third party.

Currently have a database of diverse suppliers that stretch across the United States that have completed our process that we utilize daily.

School Specialty Response to Tab 3 Performance Capability

A. Please see attached flyer that includes all of our brands.

B. All orders (fax, email, phone or online) are entered into our Oracle database system. This system is our "hub" to track all orders and inventory levels. Once an order is entered into our system, the information is sent to the member's closest distribution center has the product in stock. We ship one order (one PO) per shipment and do not mix different shipments together. Once the order is received by the distribution center, the order is picked and processed and loaded onto a carrier truck for delivery. After the packages are scanned into the Carrier's system, our database is automatically updated with tracking information and estimated delivery time. Items not shipped from our facilities (drop ship orders) also have the same visibility in our system (order entry through EDI and delivery). At any point the customer may call to check the status of their order, our Customer Care team has full visibility to order status and tracking from entry to delivery.

After an order has been processed through our facilities, an invoice will generate for only the items that have shipped. Invoicing terms are usually Net 30, unless requested otherwise. In the event of product backorder, the customer will receive notification on the enclosed packing slip. Items that have not been shipped (back ordered) will not be invoiced.

All orders may be tracked using our website or by contacting our Customer Care Department. Since all orders are entered into one system, the customer will receive the same real-time information regarding order tracking as our internal teams.

C. You can verify contract pricing when logged into your account on our website at www.schoolspecialty.com or by calling customer care at 888-388-3224.

D. No other companies will be involved in processing and handling. Products will ship using our routing guide for more economical rates.

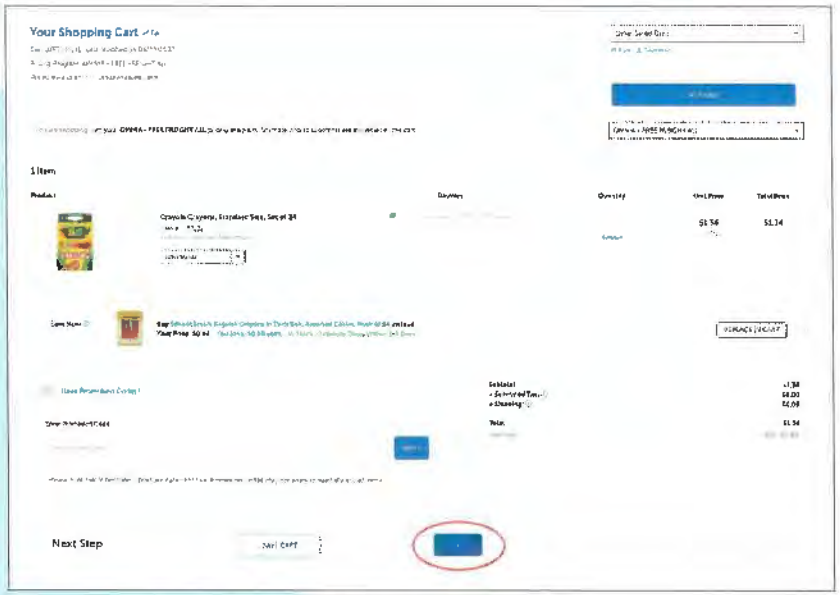
Punchout: Streamline your purchasing

Our Procurement/Punchout integration creates an interface between our website and your district's purchasing systems. See how it can help simplify your shopping, spare your bookkeepers from hours of tedious work, and show you exactly how much you're saving.

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

Punchout: How it works

- Our Procurement/Punchout integration is easy to use. First, the user launches their accounting software to start a requisition with School Specialty.
- Your accounting software punches out to School Specialty's website and logs you in automatically to display your contracted pricing.
- The user creates a shopping cart on our website and clicks Transfer to send the item information back to your accounting software.



- The user's shopping cart info (item numbers, descriptions, UOM, your school's net price, etc.) is transferred into your accounting software to populate your requisition lines.
- The requisition is completed in your accounting software. Once the order is approved in your system, it becomes a PO and is sent electronically to School Specialty.
- You will be able to see all carts transferred and retrieved by your punchout system on our website.

Punchout: How it benefits you

- Your district's procurement system remains in control of all purchasing when you take advantage of our Procurement/Punchout solution.
- Avoid hours of retyping teacher requests. You create requisitions by accessing our website from directly within your district's procurement system, retrieving line item details.
- No orders are placed without your approval. Order approval and submission are completed directly within your procurement system.
- Orders are more accurate and reflect your contracted pricing. And you can access all our products without searching multiple paper catalogs.

Respecting the environment is more than a good business practice — it is the right thing to do. We understand, acknowledge, and accept our responsibility for developing sustainable practices that meet our customers' needs and our financial goals while taking into account the welfare of future generations and their dependence on a healthy environment.

School Specialty is committed to protecting and preserving the earth's natural resources. To carry out this commitment, we:

- Assist our customers with their green initiatives, promoting environmentally friendly processes that will save money while saving the planet.
- Minimize the creation of waste by encouraging and promoting reduction, reuse and recycling in all of our activities.
- Conserve natural resources by reducing our consumption of energy and water.
- Strive to increase the quantity and types of products with post-consumer recycled content that we both use in our daily operations and sell to our customers.
- Source and promote environmentally friendly products for purchase by our customers.
- Encourage the protection of endangered forests by using paper, cartons, pallets and the like produced with fiber from sustainably managed forests.
- Ensure compliance with both the letter and the intent of all applicable environmental laws and regulations.
- In our continuous effort to creating a more sustainable environment, School Specialty recently achieved Platinum Certification Status with the Green Business Bureau.

School Specialty has invested resources in 3 areas as part of our commitment to preserving and protecting the environment. These areas include catalog marketing and distribution, office and distribution center operations and merchandising. An overview of each follows:

<u>Catalog Marketing, Distribution & Circulation:</u>

School Specialty has partnered with LSC Communications, a leading provider of print communications for the printing of our catalogs.

LSC's sustainability approach is reflected in a variety of practices across four categories.

- Resource Efficiency – identify, measure and continuously improve efficiencies associated with consumption and use of energy, raw materials, water and other resources.
- Green Procurement – they extend their influence across the breath of the supply chain by encouraging sustainable practices among suppliers and enabling them for customers.

- Reduce, Reuse, Recycle – everyday actions taking place in manufacturing, administrative and service facilities.
- Stewardship – striving to learn and share best practices through education, communication and demonstration.

LSC has been recognized by Corporate Responsibility Officer Magazine (CRO) as one of the 10 Best Corporate Citizens in its Media category, and they have been named multiple times on the Down Jones Sustainability Index (DJSI).

Office and Distribution Center Operations

- All offices and distribution centers are required to recycle all aluminum, paper, plastic, and glass.
- Distribution center recycle all undamaged inbound cartons, corrugate and pallets.
- All purchased corrugate contains a minimum of 60% post-consumer recycled content.
- We do not accept any paper or corrugate that is sourced from forests that have been identified as endangered or "old growth" forests.
- Corrugate suppliers must obtain their fiber from forests managed under a credible forest certification scheme wherever possible or have procurement systems that are third party certified. We recognize the following certification schemes as credible: Sustainable Forestry Initiative (SFI), Forest Stewardship Council (FSC), Canadian Standards Association (CSA), Pan-European Forestry Certification (PEFC), and the American Tree Farm System (ATFS).

ii. SSL has assigned account managers for each customer qualified to the Omnia agreements. Upon award, School Specialty will require all account managers to attend further training on the new terms and conditions of the current Omnia contracts. These Account Managers will have a deep understanding of this agreement and will not sell products or services that are not on the contract.

Internally, SSL has adopted an improvement culture that gives infinite attention to establishing work flow, eliminating waste and adding value. Our goal is to partner with Omnia, our vendor community and school districts to make systemic improvements that eliminate waste and sources of waste. This continuous improvement culture helps insure School Specialty will always have the best tools and resources in place to remain compliant to all the terms and conditions of all contractual agreements.

Marketing, Merchandising, Sales, Customer Service and the Bids and Contracts team are required to meet on a regular basis to review the adopted improvement value streams that are tied to our contractual agreements.

iii. SSL buys direct from the manufacturer and not a 3rd party wholesaler or diverter. This ensures we are buying the branded items that we call out in our catalogs and website and do not risk any substitution of other product.

We believe most of our brands hold the leading market position in their respective categories. We have also solidified this leading market position by acquiring companies that have expanded our geographic presence and product offering. The critical mass we have achieved allows us to benefit from increased buying power while leveraging our national distribution network and sales force to operate more efficiently.

v. SSL is the largest, and only, national U.S. distributor of non-textbook educational supplies and furniture for students' pre-kindergarten through grade 12. We are a leading education company that provides products, programs, and services that help educators engage and inspire students.

SSL is an LLC organized under the laws of the State of Delaware and has been in business since 1959. SSL has 10 divisions and the largest and most sophisticated distribution network among its direct competitors with 4 fully automated, seamlessly integrated distribution centers totaling over 1 million square feet of operating space. We are currently seven times larger than our next closest competitor in the school market.

Through our combined family of companies and acquisitions, SSL has over 100 years of experience in providing teaching aids and classroom furniture to the educational community. SSL provides a comprehensive offering of high-quality products to school districts, school administrators and teachers through the broad distribution of its catalogs. Some of these categories include science, art, reading & literacy, early childhood, life skills, physical education and health, special learning needs, visual media, furniture and equipment, instructional materials, library related products, and many other classroom essentials. We offer over 100,000 products to more than 110,000 schools throughout the United States & Canada. SSL also has capabilities in the designing and the renovation of schools through our Projects by Design program.

We recognize that educational supply procurement decisions are made by administrators at the district and school levels, and by teachers and curriculum specialists at the classroom level. As a result, we have created an innovative multi-channel sales and marketing strategy enabling us to market our products to the various levels of buyers within the education market.

The "traditional" or "top down" approach targets school districts and school administrators through our traditional sales force.

We believe most of our brands hold the leading market position in their respective categories. We have also solidified this leading market position by acquiring companies that have expanded our geographic presence and product offering. The critical mass we have achieved allows us to benefit from increased buying power while leveraging our national distribution network and sales force to operate more efficiently.

SSL has grown through internal expansion of its current products and aggressive acquisition of additional education-based companies. With this growth come opportunities for all School Specialty associates. The company relies on its associates to commit to the teamwork, professionalism, and mutual trust and respect it takes to achieve absolute customer satisfaction.

School Specialty Acquires SchoolKidz to Make Supply Kitting Solutions More Accessible for Education and Non-Profit Use

SchoolKidz offers two successful programs – Teacher Tailored and Kits for Kidz -- for access to custom school supplies, backpacks and personal wellness bundles

November 02, 2022 05:45 PM Eastern Daylight Time

CHICAGO--(BUSINESS WIRE)--School Specialty, LLC., a leading provider of learning environments, supplies and curriculum materials for the pre K-12 education market, has acquired Chicago-based SchoolKidz, a provider of school supply kitting solutions for elementary and middle school students, typically in partnership with parent-teacher (PTO/PTA) and charitable organizations. The transaction enables School Specialty to make the SchoolKidz brand of education and wellness kits more accessible to school children throughout the nation. "The acquisition of SchoolKidz enables us to significantly expand our support of students and educators across the country."

Since 1995, SchoolKidz has sourced, assembled and marketed kits consisting of school and personal care supplies, serving more than 500,000 students in 2022. As a result of the acquisition, SchoolKidz is now operating under the School Specialty umbrella. According to School Specialty, the experience for existing customers is expected to remain seamless. School Specialty President and CEO Ryan Bohr stated, "The acquisition of SchoolKidz enables us to significantly expand our support of students and educators across the country." He continued, "Our customers are faced with unprecedented staffing and operational challenges and have a greater need for efficient, bundled solutions than ever before. This acquisition directly enhances our ability to provide simplified solutions to educators and further their efforts to achieve greater equity and accessibility to the students who need it most." President of SchoolKidz, Jim Mulder added, "At SchoolKidz, we have worked hard to drive engagement and enhance our product offering and now we have a significantly larger platform to continue these efforts. School Specialty has unmatched school relationships along with an extensive product portfolio comprised of proprietary and leading national brands that will enable us to greatly increase what we can offer to schools and non-profit organizations."

About the SchoolKidz Programs

SchoolKidz offers two primary programs:

- **Teacher Tailored:** The School Kidz Teacher Tailored Program has provided millions of school supply kits to parents and serviced thousands of schools nationwide for the past 25 years. This team works with Parent Teacher Organizations/Associations (PTO/PTA) to develop customized lists of school supplies, then sources the products, and assembles them into branded kit boxes for students. This program simplifies the back-to-school supply process for parents, while fundraising for the schools.
- **Kits for Kidz:** Serves school districts as well as an array of non-profit organizations, including care agencies, faith-based organizations, and relief groups. Organizations select Kits for Kidz to help provide essential items for both educational and humanitarian purposes, such as school supplies, hygiene products and clothing for the children they serve.

Implementation of House Bill 1295

Certificate of Interested Parties (Form 1295):

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. The law applies only to a contract of a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least $1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.

The Texas Ethics Commission was required to adopt rules necessary to implement that law, prescribe the disclosure of interested parties form, and post a copy of the form on the commission's website. The commission adopted the Certificate of Interested Parties form (Form 1295) on October 5, 2015. The commission also adopted new rules (Chapter 46) on November 30, 2015, to implement the law. The commission does not have any additional authority to enforce or interpret House Bill 1295.

Filing Process:

DEFINITIONS

Contract means a legal instrument by which a non–Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non–Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward

Contractor means an entity that receives a contract as defined in Contract.

Cooperative agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non–Federal entity that, consistent with 31 U.S.C. 6302–6305:

(a) Is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non–Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal government or pass-through entity's direct benefit or use;

(b) Is distinguished from a grant in that it provides for substantial involvement between the Federal awarding agency or pass-through entity and the non–Federal entity in carrying out the activity contemplated by the Federal award.

(c) The term does not include:

(1) A cooperative research and development agreement as defined in 15 U.S.C. 3710a; or

FEMA AND ADDITIONAL FEDERAL FUNDING SPECIAL CONDITIONS

Awarded Supplier(s) (also referred to as Contractors) may need to respond to events and losses where products and services are needed for the immediate and initial response to emergency situations such as, but not limited to, water damage, fire damage, vandalism cleanup, biohazard cleanup, sewage decontamination, deodorization, and/or wind damage during a disaster or emergency situation. By submitting a proposal, the Supplier is accepted these FEMA and Additional Federal Funding Special Conditions required by the Federal Emergency Management Agency (FEMA) and other federal entities.

"Contract" in the below pages under FEMA AND ADDITIONAL FEDERAL FUNDING SPECIAL CONDITIONS is also referred to and defined as the "Master Agreement".

"Contractor" in the below pages under FEMA AND ADDITIONAL FEDERAL FUNDING SPECIAL CONDITIONS is also referred to and defined as "Supplier" or "Awarded Supplier".

Conflicts of Interest

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3. i. FEMA considers a "financial interest" to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement. ii. FEMA considers an "apparent" conflict of interest to exist where an actual conflict does not exist, but where a reasonable person with knowledge of the relevant facts would question the impartiality of the employee, officer, or agent participating in the procurement. c. Gifts. The officers, employees, and agents of the Participating Public Agency nor the Participating Public Agency ("NFE") must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, NFE's may set standards for situations in which the financial interest is de minimus, not substantial, or the gift is an unsolicited item of nominal value. 2 C.F.R. § 200.318(c)(1). d. Violations. The NFE's written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). For example, the penalty for a NFE's employee may be dismissal, and the penalty for a contractor might be the termination of the contract.

Contractor Integrity

A contractor must have a satisfactory record of integrity and business ethics. Contractors that are debarred or suspended, as described in and subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension), must be rejected and cannot receive contract awards at any level.

Notice of Legal Matters Affecting the Federal Government

In the event FTA or DOT funding is used by Participating Public Agency, Contractor agrees to:

1) The Contractor agrees that if a current or prospective legal matter that may affect the Federal Government emerges, the Contractor shall promptly notify the Participating Public Agency of the legal matter in accordance with 2 C.F.R. §§ 180.220 and 1200.220.

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

2) The types of legal matters that require notification include, but are not limited to, a major dispute, breach, default, litigation, or naming the Federal Government as a party to litigation or a legal disagreement in any forum for any reason.

3) The Contractor further agrees to include the above clause in each subcontract, at every tier, financed in whole or in part with Federal assistance provided by the FTA.

Public Policy

A contractor must comply with the public policies of the Federal Government and state, local government, or tribal government. This includes, among other things, past and current compliance with the:

a. Equal opportunity and nondiscrimination laws

b. Five affirmative steps described at 2 C.F.R. § 200.321(b) for all subcontracting under contracts supported by FEMA financial assistance; and FEMA Procurement Guidance June 21, 2016 Page IV- 7

c. Applicable prevailing wage laws, regulations, and executive orders

Affirmative Steps

For any subcontracting opportunities, Contractor must take the following Affirmative steps:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

Prevailing Wage Requirements

When applicable, the awarded Contractor (s) and any and all subcontractor(s) agree to comply with all laws regarding prevailing wage rates including the Davis-Bacon Act, applicable to this solicitation and/or Participating Public Agencies. The Participating Public Agency shall notify the Contractor of the applicable pricing/prevailing wage rates and must apply any local wage rates requested. The Contractor and any subcontractor(s) shall comply with the prevailing wage rates set by the Participating Public Agency.

Federal Requirements

If products and services are issued in response to an emergency or disaster recovery the items below, located in this FEMA Special Conditions section of the Federal Funds Certifications, are activated and required when federal funding may be utilized.

2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses

1. **CONTRACT REMEDIES**

Contracts for more than the federal simplified acquisition threshold (SAT), the dollar amount below which an NFE may purchase property or services using small purchase methods, currently set at $250,000 for procurements made on or after June 20, 2018,4 must address administrative,

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

contractual, or legal remedies in instances where contractors violate or breach contract terms and must provide for sanctions and penalties as appropriate.

1.1 Applicability
This contract provision is required for contracts over the SAT, currently set at $250,000 for procurements made on or after June 20, 2018. Although not required for contracts at or below the SAT, FEMA suggests including a remedies provision.

1.2 Additional Considerations
For FEMA's Assistance to Firefighters Grant (AFG) Program, recipients must include a penalty clause in all contracts for any AFG-funded vehicle, regardless of dollar amount. In that situation, the contract must include a clause addressing that non-delivery by the contract's specified date or other vendor nonperformance will require a penalty of no less than $100 per day until such time that the vehicle, compliant with the terms of the contract, has been accepted by the recipient. This penalty clause should, however, account for force majeure or acts of God. AFG recipients should refer to the applicable year's Notice of Funding Opportunity (NOFO) for additional information, which can be accessed at FEMA.gov.

2. TERMINATION FOR CAUSE AND CONVENIENCE

a. Standard. All contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity, including the manner by which it will be effected and the basis for settlement. See 2 C.F.R. Part 200, Appendix II(B).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

3. EQUAL EMPLOYMENT OPPORTUNITY

When applicable:

a. Standard. Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4(b), in accordance with Executive Order 11246, *Equal Employment Opportunity* (30 Fed. Reg. 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, *Amending Executive Order 11246 Relating to Equal Employment Opportunity*, and implementing regulations at 41 C.F.R. Part 60 (Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor). See 2 C.F.R. Part 200, Appendix II(C).

b. Key Definitions.

i. Federally Assisted Construction Contract. The regulation at 41 C.F.R. § 60-1.3 defines a "federally assisted construction contract" as any agreement or modification thereof between any applicant and a person for construction work which is paid for in whole or in part with funds obtained from the Government or borrowed on the credit of the Government pursuant to any Federal program involving a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

program involving such grant, contract, loan, insurance, or guarantee, or any application or modification thereof approved by the Government for a grant, contract, loan, insurance, or guarantee under which the applicant itself participates in the construction work.

ii. Construction Work. The regulation at 41 C.F.R. § 60-1.3 defines "construction work" as the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction.

c. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

d. Required Language. The regulation at 41 C.F.R. Part 60-1.4(b) requires the insertion of the following contract clause.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or nationalorigin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided,* That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

If applicable, the non-federal entity must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). Each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA. Additionally, in accordance with the regulation, each contractor and subcontractor must furnish each week a statement with respect to the wages paid each of its employees engaged in work covered by the Copeland Anti-Kickback Act and the Davis Bacon Act during the preceding weekly payroll period. The report shall be delivered by the contractor or subcontractor, within seven days after the regular payment date of the payroll period, to a representative of a Federal or State agency in charge at the site of the building or work.

Sample Language. The following provides a sample contract clause:

Compliance with the Copeland "Anti-Kickback" Act.

a. Contractor. The contractor shall comply with 18 U.S.C. §874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.

b. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

subcontractor or lower tier subcontractor with all of these contract clauses.

c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. §5.12."

6. CONTRACT WORK HOURS AND SAFETY STANDARDSACT

a. Standard. Where applicable (see 40 U.S.C. §§ 3701-3708), all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II(E). Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Further, no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous.

b. Applicability. This requirement applies to all FEMA contracts awarded by the non- federal entity in excess of $100,000 under grant and cooperative agreement programs that involve the employment of mechanics or laborers. It is applicable to construction work. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

c. Suggested Language. The regulation at 29 C.F.R. § 5.5(b) provides contract clause language concerning compliance with the Contract Work Hours and Safety Standards Act. FEMA suggests including the following contract clause:

Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in suchworkweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of
$27 for each calendar day on which such individual was required or permitted to work in

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) *Withholding for unpaid wages and liquidated damages.* The Federal agency or loan/grant recipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

7. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT

a. Standard. If the FEMA award meets the definition of "funding agreement" under 37C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the non- Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II(F).

b. Applicability. This requirement applies to "*funding agreements*," but it DOES NOT apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs Assistance Grant Program, as FEMA awards under these programs do not meet the definition of "funding agreement."

c. Funding Agreements Definition. The regulation at 37 C.F.R. § 401.2(a) defines "funding agreement" as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental, developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.

8. CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL ACT

a. Standard. If applicable, contracts must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

the Clean Air Act (42 U.S.C. §§ 7401-7671q.) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II(G).

b. Applicability. This requirement applies to contracts awarded by a non-federal entity of amounts in excess of $150,000 under a federal grant.

c. Suggested Language. The following provides a sample contract clause.

Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

9. DEBARMENT AND SUSPENSION

a. Standard. Non-Federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension).

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

c. Requirements.

i. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II(H); and 2 C.F.R. § 200.213. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at www.sam.gov. See 2 C.F.R. § 180.530.

ii. In general, an "excluded" party cannot receive a Federal grant award or a contract within the meaning of a "covered transaction," to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a "covered transaction," which is any non-procurement transaction (unless excepted) at either a "primary" or "secondary" tier. Although "covered transactions" do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS's implementing regulations, it does include some contracts awarded by recipients and subrecipients.

iii. Specifically, a covered transaction includes the following contracts for goods or services:

1. The contract is awarded by a recipient or subrecipient in the amount of at least $25,000.

2. The contract requires the approval of FEMA, regardless of amount.

3. The contract is for federally-required audit services.

4. A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of $25,000.

d. Suggested Language. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified.

Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

(2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by the Participating Public Agency. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the Participating Public Agency, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

10. BYRD ANTI-LOBBYING AMENDMENT

a. Standard. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. FEMA's regulation at 44 C.F.R. Part 18 implements the requirements of 31 U.S.C. § 1352 and provides, in Appendix A to Part 18, a copy of the certification that is required to be completed by each entity as described in 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the Federal awarding agency.

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs. Contractors that apply or bid for a contract of $100,000 or more under a federal grant must file the required certification. See 2 C.F.R. Part 200, Appendix II(I); 31 U.S.C. § 1352; and 44 C.F.R. Part 18.

c. Suggested Language.

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

d. Required Certification. If applicable, contractors must sign and submit to the non-federal

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor,_____, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

11. PROCUREMENT OF RECOVERED MATERIALS

a. Standard. A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. See 2 C.F.R. Part 200, Appendix II(J); and 2 C.F.R. §200.322.

b. Applicability. This requirement applies to all contracts awarded by a non- federal entity under FEMA grant and cooperative agreement programs.

c. Requirements. The requirements of Section 6002 include procuring only items designated in guidelines of the EPA at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds
$10,000 or the value of the quantity acquired by the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

d. Suggested Language.

i. In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—

1. Competitively within a timeframe providing for compliance with the contract performance schedule;
2. Meeting contract performance requirements; or
3. At a reasonable price.

ii. Information about this requirement, along with the list of EPA- designated items, is available at EPA's Comprehensive Procurement Guidelines web site, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program.

iii. The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act."

12. DOMESTIC PREFERENCES FOR PROCUREMENTS

As appropriate, and to the extent consistent with law, CONTRACTOR should, to the greatest extent practicable under a federal award, provide a preference for the purchase, acquisition, or use of goods, products or materials produced in the United States. This includes, but is not limited to, iron, aluminum, steel, cement, and other manufactured products.

Applicability For purchases in support of FEMA declarations and awards issued on or after November 12, 2020, all FEMA recipients and subrecipients are required to include in all contracts and purchase orders for work or products a contract provision encouraging domestic preference for procurements.

Domestic Preference for Procurements As appropriate, and to the extent consistent with law, the contractor should, to the greatest extent practicable, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to iron, aluminum, steel, cement, and other manufactured products. For purposes of this clause: Produced in the United States means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. Manufactured products mean items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber."

13. ACCESS TO RECORDS

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

a. Standard. All recipients, subrecipients, successors, transferees, and assignees must acknowledge and agree to comply with applicable provisions governing DHS access to records, accounts, documents, information, facilities, and staff. Recipients must give DHS/FEMA access to, and the right to examine and copy, records, accounts, and other documents and sources of information related to the federal financial assistance award and permit access to facilities, personnel, and other individuals and information as may be necessary, as required by DHS regulations *and* other applicable laws or program guidance. See DHS Standard Terms and Conditions: Version 8.1 (2018). Additionally, Section 1225 of the Disaster Recovery Reform Act of 2018 prohibits FEMA from providing reimbursement to any state, local, tribal, or territorial government, or private non-profit for activities made pursuant to a contract that purports to prohibit audits or internal reviews by the FEMA administrator or Comptroller General.

Access to Records. The following access to records requirements apply to this contract:

i. The Contractor agrees to provide Participating Public Agency, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

ii. The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

iii. The Contractor agrees to provide the FEMA Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

iv. In compliance with the Disaster Recovery Act of 2018, the Participating Public Agency and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

14. CHANGES

a. Standard. To be eligible for FEMA assistance under the non-Federal entity's FEMA grant or cooperative agreement, the cost of the change, modification, change order, or constructive change must be allowable, allocable, within the scope of its grant or cooperative agreement, and reasonable for the completion of project scope.

b. Applicability. FEMA recommends, therefore, that a non-Federal entity include a changes clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item procured.

15. DHS SEAL, LOGO, AND FLAGS

b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that states that the Federal Government is not a party to the contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

c. "The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract."

18. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

a. Standard. Recipients must comply with the requirements of The False Claims Act (31 U.S.C. §§ 3729-3733) which prohibits the submission of false or

fraudulent claims for payment to the federal government. See DHS Standard Terms and Conditions: Version 8.1 (2018); and 31 U.S.C. §§ 3801-3812, which details the administrative remedies for false claims and statements made. assisted project for which this Contract Work is being performed.

In addition to other penalties that may be applicable, Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on Contractor to the extent the Federal Government deems appropriate.

Contractor also acknowledges that if it makes, or causes to me made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307 (n)(1) on the Contractor, to the extent the Federal Government deems appropriate.

Contractor agrees to include the above clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of $17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).

2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.

3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.

4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.

   a. The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12. They will be updated from time-to-time as necessary.
   b. A public agency using these forms **should edit them to properly reflect the correct legislative district**(s). As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
   c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
   d. The form may be used "as-is", subject to edits as described herein.
   e. The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
   f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.

5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
  - of the public entity awarding the contract
  - of that county in which that public entity is located
  - of another public entity within that county
  - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed $300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to

Implementation of House Bill 1295

Certificate of Interested Parties (Form 1295):

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. The law applies only to a contract of a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least $1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.

The Texas Ethics Commission was required to adopt rules necessary to implement that law, prescribe the disclosure of interested parties form, and post a copy of the form on the commission's website. The commission adopted the Certificate of Interested Parties form (Form 1295) on October 5, 2015. The commission also adopted new rules (Chapter 46) on November 30, 2015, to implement the law. The commission does not have any additional authority to enforce or interpret House Bill 1295.

Filing Process:

Staring on January 1, 2016, the commission made available on its website a new filing application that must be used to file Form 1295. A business entity must use the application to enter the required information on Form 1295 and print a copy of the completed form, which will include a certification of filing that will contain a unique certification number. An authorized agent of the business entity must sign the printed copy of the form. The completed Form 1295 with the certification of filing must be filed with the governmental body or state agency with which the business entity is entering into the contract.

The governmental entity or state agency must notify the commission, using the commission's filing application, of the receipt of the filed Form 1295 with the certification of filing not later than the 30th day after the date the contract binds all parties to the contract. This process is known as acknowledging the certificate. The commission will post the acknowledged Form 1295 to its website within seven business days after receiving notice from the governmental entity or state agency. The posted acknowledged form does not contain the declaration of signature information provided by the business.

A certificate will stay in the pending state until it is acknowledged by the governmental agency. Only acknowledged certificates are posted to the commission's website.

ADDENDUM FOR AGREEMENT FUNDED BY U.S. FEDERAL GRANT

TO WHOM IT MAY CONCERN:

Participating Agencies may elect to use federal funds to purchase under the Master Agreement. This form should be completed and returned.

DEFINITIONS

Contract means a legal instrument by which a non–Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non–Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward

Contractor means an entity that receives a contract as defined in Contract.

Cooperative agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non–Federal entity that, consistent with 31 U.S.C. 6302–6305:

(a) Is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non–Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal government or pass-through entity's direct benefit or use;

(b) Is distinguished from a grant in that it provides for substantial involvement between the Federal awarding agency or pass-through entity and the non–Federal entity in carrying out the activity contemplated by the Federal award.

(c) The term does not include:

(1) A cooperative research and development agreement as defined in 15 U.S.C. 3710a; or

(2) An agreement that provides only:

(i) Direct United States Government cash assistance to an individual;

(ii) A subsidy;

(iii) A loan;

(iv) A loan guarantee; or

(v) Insurance.

Federal awarding agency means the Federal agency that provides a Federal award directly to a non–Federal entity

Federal award has the meaning, depending on the context, in either paragraph (a) or (b) of this section:

(a)(1) The Federal financial assistance that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability; or

(2) The cost-reimbursement contract under the Federal Acquisition Regulations that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability.

(b) The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of § 200.40 Federal financial assistance, or the cost-reimbursement contract awarded under the Federal Acquisition Regulations.

(c) Federal award does not includa other contracts that a Federal agency uses to buy goods or services from a contractor or a contract to operate Federal government owned, contractor operated facilities (GOCOs).

(d) See also definitions of Federal financial assistance, grant agreement, and cooperative agreement.

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

Non–Federal entity means a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Nonprofit organization means any corporation, trust, association, cooperative, or other organization, not including IHEs, that:

(a) Is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest;
(b) Is not organized primarily for profit; and
(c) Uses net proceeds to maintain, improve, or expand the operations of the organization.

Obligations means, when used in connection with a non–Federal entity's utilization of funds under a Federal award, orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the non–Federal entity during the same or a future period.

Pass-through entity means a non–Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program.

Recipient means a non–Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program. The term recipient does not include subrecipients.

Simplified acquisition threshold means the dollar amount below which a non–Federal entity may purchase property or services using small purchase methods. Non–Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. 1908. As of the publication of this part, the simplified acquisition threshold is $250,000, but this threshold is periodically adjusted for inflation. (Also see definition of § 200.67 Micro-purchase.)

Subaward means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient means a non–Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

FEMA AND ADDITIONAL FEDERAL FUNDING SPECIAL CONDITIONS

Awarded Supplier(s) (also referred to as Contractors) may need to respond to events and losses where products and services are needed for the immediate and initial response to emergency situations such as, but not limited to, water damage, fire damage, vandalism cleanup, biohazard cleanup, sewage decontamination, deodorization, and/or wind damage during a disaster or emergency situation. By submitting a proposal, the Supplier is accepted these FEMA and Additional Federal Funding Special Conditions required by the Federal Emergency Management Agency (FEMA) and other federal entities.

"Contract" in the below pages under FEMA AND ADDITIONAL FEDERAL FUNDING SPECIAL CONDITIONS is also referred to and defined as the "Master Agreement".

"Contractor" in the below pages under FEMA AND ADDITIONAL FEDERAL FUNDING SPECIAL CONDITIONS is also referred to and defined as "Supplier" or "Awarded Supplier".

Conflicts of Interest

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3. i. FEMA considers a "financial interest" to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement. ii. FEMA considers an "apparent" conflict of interest to exist where an actual conflict does not exist, but where a reasonable person with knowledge of the relevant facts would question the impartiality of the employee, officer, or agent participating in the procurement. c. Gifts. The officers, employees, and agents of the Participating Public Agency nor the Participating Public Agency ("NFE") must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, NFE's may set standards for situations in which the financial interest is de minimus, not substantial, or the gift is an unsolicited item of nominal value. 2 C.F.R. § 200.318(c)(1). d. Violations. The NFE's written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). For example, the penalty for a NFE's employee may be dismissal, and the penalty for a contractor might be the termination of the contract.

Contractor Integrity

A contractor must have a satisfactory record of integrity and business ethics. Contractors that are debarred or suspended, as described in and subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension), must be rejected and cannot receive contract awards at any level.

Notice of Legal Matters Affecting the Federal Government

In the event FTA or DOT funding is used by Participating Public Agency, Contractor agrees to:

1) The Contractor agrees that if a current or prospective legal matter that may affect the Federal Government emerges, the Contractor shall promptly notify the Participating Public Agency of the legal matter in accordance with 2 C.F.R. §§ 180.220 and 1200.220.

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

2) The types of legal matters that require notification include, but are not limited to, a major dispute, breach, default, litigation, or naming the Federal Government as a party to litigation or a legal disagreement in any forum for any reason.

3) The Contractor further agrees to include the above clause in each subcontract, at every tier, financed in whole or in part with Federal assistance provided by the FTA.

Public Policy

A contractor must comply with the public policies of the Federal Government and state, local government, or tribal government. This includes, among other things, past and current compliance with the:

a. Equal opportunity and nondiscrimination laws

b. Five affirmative steps described at 2 C.F.R. § 200.321(b) for all subcontracting under contracts supported by FEMA financial assistance; and FEMA Procurement Guidance June 21, 2016 Page IV- 7

c. Applicable prevailing wage laws, regulations, and executive orders

Affirmative Steps

For any subcontracting opportunities, Contractor must take the following Affirmative steps:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

Prevailing Wage Requirements

When applicable, the awarded Contractor (s) and any and all subcontractor(s) agree to comply with all laws regarding prevailing wage rates including the Davis-Bacon Act, applicable to this solicitation and/or Participating Public Agencies. The Participating Public Agency shall notify the Contractor of the applicable pricing/prevailing wage rates and must apply any local wage rates requested. The Contractor and any subcontractor(s) shall comply with the prevailing wage rates set by the Participating Public Agency.

Federal Requirements

If products and services are issued in response to an emergency or disaster recovery the items below, located in this FEMA Special Conditions section of the Federal Funds Certifications, are activated and required when federal funding may be utilized.

2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses

1. **CONTRACT REMEDIES**

   Contracts for more than the federal simplified acquisition threshold (SAT), the dollar amount below which an NFE may purchase property or services using small purchase methods, currently set at $250,000 for procurements made on or after June 20, 2018,4 must address administrative,

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

contractual, or legal remedies in instances where contractors violate or breach contract terms and must provide for sanctions and penalties as appropriate.

1.1 Applicability
This contract provision is required for contracts over the SAT, currently set at $250,000 for procurements made on or after June 20, 2018. Although not required for contracts at or below the SAT, FEMA suggests including a remedies provision.

1.2 Additional Considerations
For FEMA's Assistance to Firefighters Grant (AFG) Program, recipients must include a penalty clause in all contracts for any AFG-funded vehicle, regardless of dollar amount. In that situation, the contract must include a clause addressing that non-delivery by the contract's specified date or other vendor nonperformance will require a penalty of no less than $100 per day until such time that the vehicle, compliant with the terms of the contract, has been accepted by the recipient. This penalty clause should, however, account for force majeure or acts of God. AFG recipients should refer to the applicable year's Notice of Funding Opportunity (NOFO) for additional information, which can be accessed at FEMA.gov.

2. TERMINATION FOR CAUSE AND CONVENIENCE

a. Standard. All contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity, including the manner by which it will be effected and the basis for settlement. See 2 C.F.R. Part 200, Appendix II(B).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

3. EQUAL EMPLOYMENT OPPORTUNITY

When applicable:

a. Standard. Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4(b), in accordance with Executive Order 11246, *Equal Employment Opportunity* (30 Fed. Reg. 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, *Amending Executive Order 11246 Relating to Equal Employment Opportunity*, and implementing regulations at 41 C.F.R. Part 60 (Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor). See 2 C.F.R. Part 200, Appendix II(C).

b. Key Definitions.

i. Federally Assisted Construction Contract. The regulation at 41 C.F.R. § 60-1.3 defines a "federally assisted construction contract" as any agreement or modification thereof between any applicant and a person for construction work which is paid for in whole or in part with funds obtained from the Government or borrowed on the credit of the Government pursuant to any Federal program involving a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

program involving such grant, contract, loan, insurance, or guarantee, or any application or modification thereof approved by the Government for a grant, contract, loan, insurance, or guarantee under which the applicant itself participates in the construction work.

ii. Construction Work. The regulation at 41 C.F.R. § 60-1.3 defines "construction work" as the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real properly, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction.

c. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

d. Required Language. The regulation at 41 C.F.R. Part 60-1.4(b) requires the insertion of the following contract clause.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous

places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided,* That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. DAVIS-BACON ACT

a. Standard. All prime construction contracts in excess of $2,000 awarded by non- Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) as supplemented by Department of Labor regulations at 29 C.F.R. Part 5 (Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction). See 2 C.F.R. Part 200, Appendix II(D). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week.

The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

ii. Additionally, pursuant 2 C.F.R. Part 200, Appendix II(D), contracts subject to the Davis-Bacon Act, must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). The Copeland Anti- Kickback Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA.

iii. Include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction").

Suggested Language. The following provides a sample contract clause:

Compliance with the Davis-Bacon Act.

b. Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor.

c. Additionally, contractors are required to pay wages not less than once a week.

5. COPELAND ANTI-KICKBACK ACT

a. Standard. Recipient and subrecipient contracts must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States").

b. Applicability. This requirement applies to all contracts for construction or repair work above $2,000 in situations where the Davis-Bacon Act also applies. It DOES NOT apply to the FEMA Public Assistance Program.

c. Requirements. If applicable, the non-federal entity must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). Each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA. Additionally, in accordance with the regulation, each contractor and subcontractor must furnish each week a statement with respect to the wages paid each of its employees engaged in work covered by the Copeland Anti-Kickback Act and the Davis Bacon Act during the preceding weekly payroll period. The report shall be delivered by the contractor or subcontractor, within seven days after the regular payment date of the payroll period, to a representative of a Federal or State agency in charge at the site of the building or work.

Sample Language. The following provides a sample contract clause:

Compliance with the Copeland "Anti-Kickback" Act.

a. Contractor. The contractor shall comply with 18 U.S.C. §874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.

b. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

subcontractor or lower tier subcontractor with all of these contract clauses.

c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. §5.12."

6. CONTRACT WORK HOURS AND SAFETY STANDARDSACT

a. Standard. Where applicable (see 40 U.S.C. §§ 3701-3708), all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II(E). Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Further, no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous.

b. Applicability. This requirement applies to all FEMA contracts awarded by the non- federal entity in excess of $100,000 under grant and cooperative agreement programs that involve the employment of mechanics or laborers. It is applicable to construction work. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

c. Suggested Language. The regulation at 29 C.F.R. § 5.5(b) provides contract clause language concerning compliance with the Contract Work Hours and Safety Standards Act. FEMA suggests including the following contract clause:

Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in suchworkweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of
$27 for each calendar day on which such individual was required or permitted to work in

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) *Withholding for unpaid wages and liquidated damages.* The Federal agency or loan/grant recipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

7. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT

a. Standard. If the FEMA award meets the definition of "funding agreement" under 37C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the non- Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II(F).

b. Applicability. This requirement applies to "*funding agreements*," but it DOES NOT apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs Assistance Grant Program, as FEMA awards under these programs do not meet the definition of "funding agreement."

c. Funding Agreements Definition. The regulation at 37 C.F.R. § 401.2(a) defines "funding agreement" as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental, developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.

8. CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL ACT

a. Standard. If applicable, contracts must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

the Clean Air Act (42 U.S.C. §§ 7401-7671q.) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II(G).

b. Applicability. This requirement applies to contracts awarded by a non-federal entity of amounts in excess of $150,000 under a federalgrant.

c. Suggested Language. The following provides a sample contract clause.

Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicablestandards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

9. DEBARMENT AND SUSPENSION

a. Standard. Non-Federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension).

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

c. Requirements.

i. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II(H); and 2 C.F.R. § 200.213. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at www.sam.gov. See 2 C.F.R. § 180.530.

ii. In general, an "excluded" party cannot receive a Federal grant award or a contract within the meaning of a "covered transaction," to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a "covered transaction," which is any non-procurement transaction (unless excepted) at either a "primary" or "secondary" tier. Although "covered transactions" do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS's implementing regulations, it does include some contracts awarded by recipients and subrecipients.

iii. Specifically, a covered transaction includes the following contracts for goods or services:

1. The contract is awarded by a recipient or subrecipient in the amount of at least $25,000.

2. The contract requires the approval of FEMA, regardless of amount.

3. The contract is for federally-required audit services.

4. A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of $25,000.

d. Suggested Language. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified.

Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

(2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by the Participating Public Agency. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the Participating Public Agency, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

10. BYRD ANTI-LOBBYING AMENDMENT

a. Standard. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. FEMA's regulation at 44 C.F.R. Part 18 implements the requirements of 31 U.S.C. § 1352 and provides, in Appendix A to Part 18, a copy of the certification that is required to be completed by each entity as described in 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the Federal awarding agency.

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs. Contractors that apply or bid for a contract of $100,000 or more under a federal grant must file the required certification. See 2 C.F.R. Part 200, Appendix II(I); 31 U.S.C. § 1352; and 44 C.F.R. Part 18.

c. Suggested Language.

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

d. Required Certification. If applicable, contractors must sign and submit to the non-federal

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor, School Specialty, LLC, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

11. PROCUREMENT OF RECOVERED MATERIALS

a. Standard. A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. See 2 C.F.R. Part 200, Appendix II(J); and 2 C.F.R. §200.322.

b. Applicability. This requirement applies to all contracts awarded by a non- federal entity under FEMA grant and cooperative agreement programs.

c. Requirements. The requirements of Section 6002 include procuring only items designated in guidelines of the EPA at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired by the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

d. Suggested Language.

i. In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—

1. Competitively within a timeframe providing for compliance with the contract performance schedule;
2. Meeting contract performance requirements; or
3. At a reasonable price.

ii. Information about this requirement, along with the list of EPA- designated items, is available at EPA's Comprehensive Procurement Guidelines web site, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program.

iii. The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act."

12. DOMESTIC PREFERENCES FOR PROCUREMENTS

As appropriate, and to the extent consistent with law, CONTRACTOR should, to the greatest extent practicable under a federal award, provide a preference for the purchase, acquisition, or use of goods, products or materials produced in the United States. This includes, but is not limited to, iron, aluminum, steel, cement, and other manufactured products.

Applicability For purchases in support of FEMA declarations and awards issued on or after November 12, 2020, all FEMA recipients and subrecipients are required to include in all contracts and purchase orders for work or products a contract provision encouraging domestic preference for procurements.

Domestic Preference for Procurements As appropriate, and to the extent consistent with law, the contractor should, to the greatest extent practicable, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to iron, aluminum, steel, cement, and other manufactured products. For purposes of this clause: Produced in the United States means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. Manufactured products mean items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber."

13. ACCESS TO RECORDS

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

a. Standard. All recipients, subrecipients, successors, transferees, and assignees must acknowledge and agree to comply with applicable provisions governing DHS access to records, accounts, documents, information, facilities, and staff. Recipients must give DHS/FEMA access to, and the right to examine and copy, records, accounts, and other documents and sources of information related to the federal financial assistance award and permit access to facilities, personnel, and other individuals and information as may be necessary, as required by DHS regulations *and* other applicable laws or program guidance. See DHS Standard Terms and Conditions: Version 8.1 (2018).
