b. Applicability. FEMA recommends, therefore, that a non-Federal entity include a changes clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item procured.

15. DHS SEAL, LOGO, AND FLAGS

a. Standard. Recipients must obtain permission prior to using the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials. See DHS Standard Terms and Conditions: Version 8.1 (2018).

b. Applicability. FEMA recommends that all non-Federal entities place in their contracts a provision that a contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

c. "The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5F7EBA866AA5

16. COMPLIANCE WITH FEDERAL LAW, REGULATIONS, AND EXECUTIVE ORDERS

a. Standard. The recipient and its contractors are required to comply with all Federal laws, regulations, and executive orders.

b. Applicability. FEMA recommends that all non-Federal entities place into their contracts an acknowledgement that FEMA financial assistance will be used to fund the contract along with the requirement that the contractor will comply with all applicable Federal law, regulations, executive orders, and FEMA policies, procedures, and directives.

c. "This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives."

17. NO OBLIGATION BY FEDERAL GOVERNMENT

a. Standard. FEMA is not a party to any transaction between the recipient and its contractor. FEMA is not subject to any obligations or liable to any party for any matter relating to the contract.

b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that states that the Federal Government is not a party to the contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

c. "The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract."

18. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

a. Standard. Recipients must comply with the requirements of The False Claims Act (31 U.S.C. §§ 3729-3733) which prohibits the submission of false or fraudulent claims for payment to the federal government. See DHS Standard Terms and Conditions: Version 8.1 (2018); and 31 U.S.C. §§ 3801-3812, which details the administrative remedies for false claims and statements made. The non-Federal entity must include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

b. Applicability. FEMA recommends that the non-Federal entity include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

c. "The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract."

d. In the event FTA or DOT funding is used by a Participating Public Agency, Contractor further acknowledges U.S. DOT regulations, "Program Fraud Civil Remedies," 49 CFR Part 31, and apply to its actions pertaining to this Contract. Upon execution of the underlying Contract, Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to me made, pertaining to the underlying Contract or the FTA

assisted project for which this Contract Work is being performed.

In addition to other penalties that may be applicable, Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on Contractor to the extent the Federal Government deems appropriate.

Contractor also acknowledges that if it makes, or causes to me made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307 (n)(1) on the Contractor, to the extent the Federal Government deems appropriate.

Contractor agrees to include the above clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

Offeror agrees to comply with all terms and conditions outlined in the FEMA Special Conditions section of this solicitation.

MANDATORY AFFIRMATIVE ACTION LANGUAGE

PROCUREMENT, PROFESSIONAL AND SERVICE CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. The contractor will take affirmative action to ensure that such applicants are recruited and employed, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this non-discrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisement for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation.

The contractor or subcontractor, where applicable, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time and the Americans with Disabilities Act.

The contractor or subcontractor agrees to attempt in good faith to employ minority and female workers trade consistent with the applicable county employment goal prescribed by N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time or in accordance with a binding determination of the applicable county employment goals determined by the Affirmative Action Office pursuant to N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time.

The contractor or subcontractor agrees to inform in writing appropriate recruitment agencies in the area, including employment agencies, placement bureaus, colleges, universities, labor unions, that it does not discriminate on the basis of age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

The contractor or subcontractor agrees to revise any of it testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job-related testing, as established by the statutes and court decisions of the state of New Jersey and as established by applicable Federal law and applicable Federal court decisions.

The contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading and lay-off to ensure that all such actions are taken without regard to age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and conform with the applicable employment goals, consistent with the statutes and court decisions of the State of New Jersey, and applicable Federal law and applicable Federal court decisions.

The contractor and its subcontractors shall furnish such reports or other documents to the Affirmative Action Office as may be requested by the office from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Affirmative

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of $17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).

2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.

3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.

4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.

   a. The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12. They will be updated from time-to-time as necessary.
   b. A public agency using these forms **should edit them to properly reflect the correct legislative district**(s). As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
   c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
   d. The form may be used "as-is", subject to edits as described herein.
   e. The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
   f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.

5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
  - of the public entity awarding the contract
  - of that county in which that public entity is located
  - of another public entity within that county
  - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed $300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to

TRENTON, NEW JERSEY 08625-0230

MACBRIDE PRINCIPALS FORM

BID SOLICITATION #: 23-03 **VENDOR/BIDDER:** School Specialty, LLC

VENDOR'S/BIDDER'S REQUIREMENT TO PROVIDE A CERTIFICATION IN COMPLIANCE WITH THE MACBRIDE PRINCIPALS AND NORTHERN IRELAND ACT OF 1989

Pursuant to Public Law 1995, c. 134, a responsible Vendor/Bidder selected, after public bidding, by the Director of the Division of Purchase and Property, pursuant to N.J.S.A. 52:34-12, must complete the certification below by checking one of the two options listed below and signing where indicated. If a Vendor/Bidder that would otherwise be awarded a purchase, contract or agreement does not complete the certification, then the Director may determine, in accordance with applicable law and rules, that it is in the best interest of the State to award the purchase, contract or agreement to another Vendor/Bidder that has completed the certification and has submitted a bid within five (5) percent of the most advantageous bid. If the Director finds contractors to be in violation of the principals that are the subject of this law, he/she shall take such action as may be appropriate and provided by law, rule or contract, including but not limited to, imposing sanctions, seeking compliance, recovering damages, declaring the party in default and seeking debarment or suspension of theparty.

I, the undersigned, on behalf the Vendor/Bidder, certify pursuant to N.J.S.A. 52:34-12.2 that:

CHECK THE APPROPRIATE BOX

[x] The Vendor/Bidder has no business operations in Northern Ireland; or

OR

[ ] The Vendor/Bidder will take lawful steps in good faith to conduct any business operations it has in Northern Ireland in accordance with the MacBride principals of nondiscrimination in employment as set forth in section 2 of P.L. 1987, c. 177 (N.J.S.A. 52:18A-89.5) and in conformance with the United Kingdom's Fair Employment (Northern Ireland) Act of 1989, and permit independent monitoring of its compliance with those principals.

CERTIFICATION

I, the undersigned, certify that I am authorized to execute this certification on behalf of the Vendor/Bidder, that the foregoing information and any attachments hereto, to the best of my knowledge are true and complete. I acknowledge that the State of New Jersey is relying on the information contained herein, and that the Vendor/Bidder is under a continuing obligation from the date of this certification through the completion of any contract(s) with the State to notify the State in writing of any changes to the information contained herein; that I am aware that it is a criminal offense to make a false statement or misrepresentation in this certification. If I do so, I will be subject to criminal prosecution under the law, and it will constitute a material breach of my agreement(s) with the State, permitting the State to declare any contract(s) resulting from this certification to be void and unenforceable.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

THE E-VERIFY MEMORANDUM OF UNDERSTANDING FOR EMPLOYERS USING A WEB SERVICES E-VERIFY EMPLOYER AGENT

ARTICLE I
PURPOSE AND AUTHORITY

The parties to this agreement are the Department of Homeland Security (DHS), the School Specialty, LLC (Employer), and the Web Services E-Verify Employer Agent. The purpose of this agreement is to set forth terms and conditions which the Employer and the Web Services E-Verify Employer Agent will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the E-Verify Employer Agent, the Social Security Administration (SSA), and DHS.

References in this MOU to the Employer include the Web Services E-Verify Employer Agent when acting on behalf of the Employer.

For purposes of this MOU, the E-Verify browser refers to the website that provides direct access to the E-Verify system: https://E-Verify.uscis.gov/emp/. You may access E-Verify directly free of charge via the E-Verify browser.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

ARTICLE II
RESPONSIBILITIES

A. RESPONSIBILITIES OF THE EMPLOYER

For purposes of this MOU, references to the Employer include the Web Services E-Verify Employer Agent when acting on behalf of the Employer.

1. By enrolling in E-Verify and signing the applicable MOU, the Employer asserts that it is a legitimate company which intends to use E-Verify for legitimate purposes only and in accordance with the laws, regulations and DHS policies and procedures relating to the use of E-Verify.

Docusign Envelope ID: B12A9A08-115F-407D-9B98-5E7EBA866AA5

2. The Employer agrees to display the following notices supplied by DHS (though the Web Services E-Verify Employer Agent) in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system**:**

   a. Notice of E-Verify Participation

   b. Notice of Right to Work

3. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.

4. The Employer agrees to become familiar with and comply with the most recent version of the

E-Verify User Manual. The Employer will obtain the E-Verify User Manual from the Web Services E-Verify Employer Agent, and will be notified by the Web Services E-Verify Employer Agent when a new version of the E-Verify User Manual becomes available.

5. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

   a. If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.

   b. If an employee presents a DHS Form I-551 (Permanent Resident Card), Form I-766 (Employment Authorization Document), or U.S. Passport or Passport Card to complete Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The Employer will use the photocopy to verify the photo and to assist DHS with its review of photo mismatches that employees contest. DHS may in the future designate other documents that activate the photo screening tool.

Note: Subject only to the exceptions noted previously in this paragraph, employees still retain the right to present any List A, or List B and List C, document(s) to complete the Form I-9.

6. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

7. The Employer agrees that, although it participates in E-Verify, the Employer has a responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures.

   a. The following modified requirements are the only exceptions to an Employer's obligation to not employ unauthorized workers and comply with the anti-discrimination provision of the INA: (1) List B identity documents must have photos, as described in paragraph 6 above; (2) When an Employer confirms the identity and employment eligibility of newly hired employee using E-Verify procedures, the Employer establishes a rebuttable presumption that it has not violated section 274A(a)(1)(A) of

the Immigration and Nationality Act (INA) with respect to the hiring of that employee; (3) If the Employer receives a final nonconfirmation for an employee, but continues to employ that person, the Employer must notify DHS and the Employer is subject to a civil money penalty between $550 and $1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) If the Employer continues to employ an employee after receiving a final nonconfirmation, then the Employer is subject to a rebuttable presumption that it has knowingly employed an unauthorized alien in violation of section 274A(a)(1)(A); and (5) no E-Verify participant is civilly or criminally liable under any law for any action taken in good faith based on information provided through the E-Verify.

b. DHS reserves the right to conduct Form I-9 compliance inspections, as well as any other enforcement or compliance activity authorized by law, including site visits, to ensure proper use of E-Verify.

8. The Employer is strictly prohibited from creating an E-Verify case before the employee has been hired, meaning that a firm offer of employment was extended and accepted and Form I-9 was completed. The Employer agrees to create an E-Verify case for new employees within three Employer business days after each employee has been hired (after both Sections 1 and 2 of Form I-9 have been completed), and to complete as many steps of the E-Verify process as are necessary according to the E-Verify User Manual. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability.

9. The Employer agrees not to use E-Verify for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use that this MOU or the E-Verify User Manual does not authorize.

10. The Employer must use E-Verify (through its Web Services E-Verify Employer Agent) for all new employees. The Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. Employers who are Federal contractors may qualify for exceptions to this requirement as described in Article II.B of this MOU.

11. The Employer agrees to follow appropriate procedures (see Article III below) regarding tentative nonconfirmations. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending. Further, when employees contest a tentative nonconfirmation based upon a photo mismatch, the Employer must take additional steps
(see Article III.B below) to contact DHS with information necessary to resolve the challenge.

12. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated

verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo mismatch, does not establish, and should not be interpreted as, evidence that the employee is not work authorized. In any of such cases, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status (including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, withholding pay, refusing to assign the employee to a Federal contract or other assignment, or otherwise assuming that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo mismatch or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 (customer service) or 1-888-897-7781 (worker hotline).

13. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA as applicable by not discriminating unlawfully against any individual in hiring, firing, employment eligibility verification, or recruitment or referral practices because of his or her national origin or citizenship status, or by committing discriminatory documentary practices. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the immigration-related unfair employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

14. The Employer agrees that it will use the information it receives from E-Verify (through its Web Services E-Verify Employer Agent) only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as Personal Identification Numbers and passwords), to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU**,** except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

15. The Employer agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email a+ E-Verify@uscis.dhs.gov. Please use "Privacy Incident – Password" in the subject line of your email when sending a breach report to E-Verify.

16. The Employer acknowledges that the information it receives from SSA through its Web Services

E-Verify Employer Agent is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)). Any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

17. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, which includes permitting DHS, SSA, their contractors and other agents, upon reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a prompt and accurate manner to DHS requests for information relating to their participation in E-Verify.

18. The Employer shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Employer shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify services and any claim to that effect is false.

19. The Employer shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.

20. The Employer agrees that E-Verify trademarks and logos may be used only under license by DHS/ USCIS (see M-795 (Web)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Employer's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

21. The Employer understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

B. RESPONSIBILITIES OF THE WEB SERVICES E-VERIFY EMPLOYER AGENT

1. The Web Services E-Verify Employer Agent agrees to complete its Web Services interface no later than six months after the date the Web Services User signs this MOU. E-Verify considers your interface to be complete once it has been built pursuant to the Interface Control Agreement (ICA), submitted to E-Verify for testing, and approved for system access.

2. The Web Services E-Verify Employer Agent agrees to perform sufficient maintenance on the Web Services interface in accordance with the requirements listed in the ICA. These requirements include, but are not limited to, updating the Web Services interface to ensure that any updates or enhancements are incorporated no later than six months after the issuance of an ICA. Web Services E-Verify Employer Agents should be aware that this will require the investment of time and resources. Compliance with the requirements of the ICA must be carried out to the satisfaction of DHS and or its assignees.

3. The Web Services E-Verify Employer Agent agrees to provide to SSA and/or DHS the names, titles, addresses, e-mail addresses, and telephone numbers of the Web Services E-Verify Employer Agent representative who will access information, as well as ensure cooperation, communication, and coordination with E-Verify.

In addition, Web Services E-Verify Employer Agents must provide to SSA and/or DHS the names, titles, addresses, and telephone numbers of its clients and their staff who will access information through E-Verify. Web Services E-Verify Employer Agents must ensure the contact information is updated with SSA and DHS whenever the points of contact change.

4. The Web Services E-Verify Employer Agent agrees to become familiar with and comply with the E-Verify User Manual and provide a copy of the most current version of the manual to the Employer so that the Employer can become familiar with and comply with E-Verify policy and procedures. The Web Services E-Verify Employer Agent agrees to obtain a revised E-Verify User Manual as it becomes available and to provide a copy of the revised version to the Employer no later than 30 days after the manual becomes available.

5. The Web Services E-Verify Employer Agent agrees that any person accessing E-Verify on its behalf is trained on the most recent E-Verify policy and procedures.

6. The Web Services E-Verify Employer Agent agrees that any of its representatives who will perform employment verification cases will complete the E-Verify Tutorial before that individual initiates any cases.

a. The Web Services E-Verify Employer Agent agrees that all of its representatives will take the refresher tutorials initiated by E-Verify as a condition of continued use of E-Verify, including any tutorials for Federal contractors, if any of the Employers represented by the Web Services E-Verify Employer Agent is a Federal contractor.

b. Failure to complete a refresher tutorial will prevent the Web Services E-Verify Employer Agent and Employer from continued use of E-Verify.

7. The Web Services E-Verify Employer Agent agrees to grant E-Verify access only to current employees who need E-Verify access. The Web Services E-Verify Employer Agent must promptly terminate an employee's E-Verify access if the employee is separated from the company or no longer needs access to E-Verify.

8. The Web Services E-Verify Employer Agent agrees to obtain the necessary equipment to use E- Verify as required by the E-Verify rules and regulations as modified from time to time.

9. The Web Services E-Verify Employer Agent agrees to, consistent with applicable laws, regulations, and policies, commit sufficient personnel and resources to meet the requirements of this MOU.

10. The Web Services E-Verify Employer Agent agrees to provide its clients with training on E-Verify processes, policies, and procedures. The E-Verify Employer Agent also agrees to provide its clients with ongoing E-Verify training as needed. E-Verify is not responsible for providing training to clients of E-Verify Employer Agents.

11. The Web Services E-Verify Employer Agent agrees to provide the Employer with the notices described in Article II.B.2 below.

12. The Web Services E-Verify Employer Agent agrees to create E-Verify cases for the Employer it represents in accordance with the E-Verify Manual, the E-Verify Web-Based Tutorial and all other published E-Verify

rules and procedures. The Web Services E-Verify Employer Agent will create E-Verify cases using information provided by the Employer and will immediately communicate the response back to the Employer. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Web Services E-Verify Employer Agent's attempting, in good faith, to make inquiries on behalf of the Employer during the period of unavailability. If, however, the Web Services interface is unavailable due to no fault of E-Verify, then the three-day time period is not extended. In such a case, the Web Services E-Verify Employer Agent must use the E-Verify browser during the outage.

13. The Web Services E-Verify Employer Agent agrees to ensure that all notices, referral letters and any other materials otherwise including instructions regarding tentative nonconfirmations, will be consistent with the most current E-Verify tentative nonconfirmation notices and referral letters, which are available on E-Verify's website.

14. The Web Services E-Verify Employer Agent agrees that any system or interface it develops will follow the steps for creating E-Verify cases and processing tentative nonconfirmations, as laid out in the ICA, this MOU and the User Manual, including but not limited to allowing an employer to close an invalid case where appropriate, allowing an employer to refer a tentative nonconfirmation only when an employee chooses to contest a tentative nonconfirmation (no automatic referrals), and referring a tentative nonconfirmation to the appropriate agency at the time the employer prints the referral letter and provides the letter to the employee. The Web Services E-Verify Employer Agent understands that any failure to make its system or interface consistent with proper E-Verify procedures can result in DHS terminating the Web Services E-Verify Employer Agent's agreement and access with or without notice.

15. When the Web Services E-Verify Employer Agent receives notice from a client company that it has received a contract with the FAR clause, then the Web Services E-Verify Employer Agent must update the company's E-Verify profile within 30 days of the contract award date.

16. If data is transmitted between the Web Services E-Verify Employer Agent and its client, then the Web Services E-Verify Employer Agent agrees to protect personally identifiable information during transmission to and from the Web Services E-Verify Employer Agent.

17. The Web Services E-Verify Employer Agent agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at E-Verify@uscis.dhs.gov. Please use "Privacy Incident – Password" in the subject line of your email when sending a breach report to E-Verify.

18. The Web Services E-Verify Employer Agent agrees to fully cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, including permitting DHS, SSA, their contractors and other agents, upon reasonable notice, to review Forms I-9, employment records, and all records pertaining to the Web Services E-Verify Employer Agent's use of E-Verify, and to interview it and its employees regarding the use of E-Verify, and to respond in a timely and accurate manner to DHS requests for information relating to their participation in E-Verify.

a. The Web Services E-Verify Employer Agent agrees to cooperate with DHS if DHS requests

information about the Web Services E-Verify Employer Agent's interface, including requests by DHS to view the actual interface operated by the Web Services E-Verify Employer Agent as well as related business documents. The Web Services E-Verify Employer Agent agrees to demonstrate for DHS the functionality of its interface to E-Verify upon request.

b. The Web Services E-Verify Employer Agent agrees to demonstrate, if requested by DHS, that it has provided training to its clients that meets E-Verify standards. Training programs must provide a focused study of the topics covered in the E-Verify User Manual and pertinent Supplemental Guides. Furthermore, training programs and materials must be updated as E-Verify changes occur. The Web Services E-Verify Employer Agent is encouraged to incorporate information from existing E-Verify materials, including the Enrollment Quick Reference Guide, the E-Verify Employer Agent Client Handbook (formerly known as the Designated Agent Client Handbook), and existing tutorials and manuals into their training program. E-Verify also encourages the Web Services E-Verify Employer Agent to supervise first-time use of the E-Verify browser or Web Services interface by its staff and Employer clients as part of any training program. The Web Services E-Verify Employer Agent agrees to submit its training program materials to DHS for review upon request.

Failure to provide adequate training could, in some instances, lead to penalties as described in Article V.F.1. of this MOU.

19. The Web Services E-Verify Employer Agent shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Web Services E-Verify Employer Agent shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your Web Services E-Verify Employer Agent services and any claim to that effect is false.

20. The Web Services E-Verify Employer Agent shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.

21. The Web Services E-Verify Employer Agent agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see M-795 (Web)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Web Services E-Verify Employer Agent's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

22. The Web Services E-Verify Employer Agent understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Web Services E-Verify Employer Agent may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

C. RESPONSIBILITIES OF FEDERAL CONTRACTORS

The Web Services E-Verify Employer Agent shall ensure that the Web Services E-Verify Employer Agent and the Employers it represents carry out the following responsibilities if the Employer is a Federal contractor or becomes a federal contractor. The Web Services E-Verify Employer Agent should instruct the client to keep the Web Services E-Verify Employer Agent informed about any changes or updates related to federal contracts. It is the Web Services E-Verify Employer Agent's responsibility to ensure that its clients are in compliance

with all E-Verify policies and procedures.

1. If the Employer is a Federal contractor with the FAR E-Verify clause subject to the employment verification terms in Subpart 22.18 of the FAR, it will become familiar with and comply with the most current version of the E-Verify User Manual for Federal Contractors as well as the E-Verify Supplemental Guide for Federal Contractors.

2. In addition to the responsibilities of every employer outlined in this MOU, the Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801). Once an employee has been verified through E-Verify by the Employer, the Employer may not reverify the employee through E-Verify.

   a. An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to verify employment eligibility of new hires using E-Verify. The Employer must verify those employees who are working in the United States, whether or not they are assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within three business days after the hire date. Once enrolled in E-Verify as a Federal contractor, the Employer must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

   b. Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to begin verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within three business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within three business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must begin verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

   c. Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), state or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency under a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. Employers in this category must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

   d. Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to verify existing staff following DHS procedures and begin E-Verify verification of all

existing employees within 180 days after the election.

e. The Employer may use a previously completed Form I-9 as the basis for creating an E-Verify case for an employee assigned to a contract as long as:

i. That Form I-9 is complete (including the SSN) and complies with Article II.A.6,

ii. The employee's work authorization has not expired, and

iii. The Employer has reviewed the information reflected in the Form I-9 either in person or in communications with the employee to ensure that the employee's Section 1, Form I-9 attestation has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen).

f. The Employer shall complete a new Form I-9 consistent with Article II.A.6 or update the previous Form I-9 to provide the necessary information if:

i. The Employer cannot determine that Form I-9 complies with Article II.A.6,

ii. The employee's basis for work authorization as attested in Section 1 has expired or changed, or

iii. The Form I-9 contains no SSN or is otherwise incomplete.

Note: If Section 1 of Form I-9 is otherwise valid and up-to-date and the form otherwise complies with Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired after completing Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.A.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual.

g. The Employer agrees not to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU or to authorize verification of any existing employee by any Employer that is not a Federal contractor based on this Article.

3. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

D. RESPONSIBILITIES OF SSA

1. SSA agrees to allow DHS to compare data provided by the Employer (through the E-Verify Employer Agent) against SSA's database. SSA sends DHS confirmation that the data sent either matches or does not match the information in SSA's database.

2. SSA agrees to safeguard the information the Employer provides (through the E-Verify Employer Agent) through E-Verify procedures. SSA also agrees to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security numbers or responsible for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

3. SSA agrees to provide case results from its database within three Federal Government work days of the initial inquiry. E-Verify provides the information to the E-Verify Employer Agent.

4. SSA agrees to update SSA records as necessary if the employee who contests the SSA tentative nonconfirmation visits an SSA field office and provides the required evidence. If the employee visits an SSA field office within the eight Federal Government work days from the date of referral to SSA, SSA agrees to update SSA records, if appropriate, within the eight-day period unless SSA determines that more than eight days may be necessary. In such cases, SSA will provide additional instructions to the employee. If the employee does not visit SSA in the time allowed, E-Verify may provide a final nonconfirmation to the E-Verify Employer Agent.

Note: If an Employer experiences technical problems, or has a policy question, the employer should contact E-Verify at 1-888-464-4218.

E. RESPONSIBILITIES OF DHS

1. DHS agrees to provide the Employer with selected data from DHS databases to enable the Employer (through the E-Verify Employer Agent) to conduct, to the extent authorized by this MOU:

   a. Automated verification checks on alien employees by electronic means, and

   b. Photo verification checks (when available) on employees.

2. DHS agrees to assist the E-Verify Employer Agent with operational problems associated with its participation in E-Verify. DHS agrees to provide the E-Verify Employer Agent names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the E-Verify Employer Agent with access to E-Verify training materials as well as an E-Verify User Manual that contain instructions on E-Verify policies, procedures, and requirements for both SSA and DHS, including restrictions on the use of E-Verify.

4. DHS agrees to train E-Verify Employer Agents on all important changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require E-Verify Employer Agents to take mandatory refresher tutorials.

5. DHS agrees to provide to the Employer (through the E-Verify Employer Agent) a notice, which indicates the Employer's participation in E-Verify. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

6. DHS agrees to issue each of the E-Verify Employer Agent's E-Verify users a unique user identification number and password that permits them to log in to E-Verify.

7. DHS agrees to safeguard the information the Employer provides (through the E-Verify Employer Agent), and to limit access to such information to individuals responsible for the verification process, for evaluation of E-Verify, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security numbers and employment eligibility, to enforce the INA and Federal criminal laws, and to administer Federal contracting requirements.

8. DHS agrees to provide a means of automated verification that provides (in conjunction with SSA verification procedures) confirmation or tentative nonconfirmation of employees' employment eligibility within three Federal Government work days of the initial inquiry.

9. DHS agrees to provide a means of secondary verification (including updating DHS records) for employees who contest DHS tentative nonconfirmations and photo mismatch tentative nonconfirmations. This provides final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

ARTICLE III
REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by E-Verify. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. After a tentative nonconfirmation, the Employer will refer employees to SSA field offices only as directed by E-Verify. The Employer must record the case verification number, review the employee information submitted to E-Verify to identify any errors, and find out whether the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security number, or any other corrected employee information that SSA requests, to SSA for verification again if this review indicates a need to do so.

4. The Employer will instruct the employee to visit an SSA office within eight Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

5. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees not to ask the employee to obtain a printout from the Social Security Administration number database (the Numident) or other written verification of the SSN from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will instruct the employee to contact DHS through its toll-free hotline (as found on the referral letter) within eight Federal Government work days.

5. If the Employer finds a photo mismatch, the Employer must provide the photo mismatch tentative nonconfirmation notice and follow the instructions outlined in paragraph 1 of this section for tentative nonconfirmations, generally.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo mismatch, the Employer will send a copy of the employee's Form I-551, Form I-766, U.S. Passport, or passport card to DHS for review by:

   a. Scanning and uploading the document, or

   b. Sending a photocopy of the document by express mail (furnished and paid for by the employer).

7. The Employer understands that if it cannot determine whether there is a photo match/mismatch, the Employer must forward the employee's documentation to DHS as described in the preceding paragraph. The Employer agrees to resolve the case as specified by the DHS representative who will determine the photo match or mismatch.

8. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

9. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

ARTICLE IV
SERVICE PROVISIONS

A. NO SERVICE FEES

1. SSA and DHS will not charge the Employer or the Web Services E-Verify Employer Agent for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V
SYSTEM SECURITY AND MAINTENANCE

A. DEVELOPMENT REQUIREMENTS

1. Software developed by Web Services E-Verify Employer Agents must comply with federally-mandated information security policies and industry security standards to include but not limited to:

   a. Public Law 107-347, "E-Government Act of 2002, Title III, Federal Information Security Management Act (FISMA)," December 2002.

   b. Office of Management and Budget (OMB) Memorandum (M-10-15), "FY 2010 Reporting Instructions for the Federal Information Security Management Act and Agency Privacy Management," April 2010.

   c. National Institute of Standards and Technology (NIST) Special Publication (SP) and Federal Information Processing Standards Publication (FIPS).

   d. International Organization for Standardization/International Electrotechnical Commission (ISO/IEC) 27002, Information Technology — Security Techniques — Code of Practice for Information Security Management.

2. The Web Services E-Verify Employer Agent agrees to update its Web Services interface to reflect system enhancements within six months from the date DHS notifies the Web Services User of the system update. The Web Services User will receive notice from DHS in the form of an Interface Control Agreement (ICA). The Web Services E-Verify Employer Agent agrees to institute changes to its interface as identified in the ICA, including all functionality identified and all data elements detailed therein.

3. The Web Services E-Verify Employer Agent agrees to demonstrate progress of its efforts to update its Web Services interface if and when DHS requests such progress reports.

4. The Web Services E-Verify Employer Agent acknowledges that if its system enhancements are not completed to the satisfaction of DHS or its assignees within six months from the date DHS notifies the Web Services User of the system update, then the Web Services User's E-Verify account may be suspended, and support for previous releases of E-Verify may no longer be available to the Web Services User. The Web Services E-Verify Employer Agent also acknowledges that DHS may suspend the Web Services User's account after the six-month period has elapsed.

5. The Web Services E-Verify Employer Agent agrees to incorporate error handling logic into its development or software to accommodate and act in a timely fashion should an error code be returned.

6. The Web Services E-Verify Employer Agent agrees to complete the technical requirements testing which is confirmed upon receiving approval of test data and connectivity between the Web Services E-Verify Employer Agent and DHS.

7. DHS will not reimburse any Web Services E-Verify Employer Agent or software developer who has expended resources in the development or maintenance of a Web Services interface if that party is unable, or becomes unable, to meet any of the requirements set forth in this MOU.

8. Housing, development, infrastructure, maintenance, and testing of the Web Services applications may take place outside the United States and its territories, but testing must be conducted to ensure that the code is correct and secure.

9. If the Web Services E-Verify Employer Agent includes an electronic Form I-9 as part of its interface, then it must comply with the standards for electronic retention of Form I-9 found in 8 CFR 274a.2(e).

B. INFORMATION SECURITY REQUIREMENTS

Web Services E-Verify Employer Agents performing verification services under this MOU must ensure that information that is shared between the Web Services E-Verify Employer Agent and DHS is appropriately protected comparable to the protection provided when the information is within the DHS environment [OMB Circular A-130 Appendix III].

To achieve this level of information security, the Web Services E-Verify Employer Agent agrees to institute the following procedures:

1. Conduct periodic assessments of risk, including the magnitude of harm that could result from the unauthorized access, use, disclosure, disruption, modification, or destruction of information and information systems that support the operations and assets of the DHS, SSA, and the Web Services E-Verify Employer Agent and its clients;

2. Develop policies and procedures that are based on risk assessments, cost-effectively reduce information security risks to an acceptable level, and ensure that information security is addressed throughout the life cycle of each organizational information system;

3. Implement subordinate plans for providing adequate information security for networks, facilities, information systems, or groups of information systems, as appropriate;

4. Conduct security awareness training to inform the Web Services E-Verify Employer Agent's personnel (including contractors and other users of information systems that support the operations and assets of the organization) of the information security risks associated with their activities and their responsibilities in complying with organizational policies and procedures designed to reduce these risks;

5. Develop periodic testing and evaluation of the effectiveness of information security policies, procedures, practices, and security controls to be performed with a frequency depending on risk, but no less than once per year;

6. Develop a process for planning, implementing, evaluating, and documenting remedial actions to address any deficiencies in the information security policies, procedures, and practices of the organization;

7. Implement procedures for detecting, reporting, and responding to security incidents;

8. Create plans and procedures to ensure continuity of operations for information systems that support the operations and assets of the organization;

9. In information-sharing environments, the information owner is responsible for establishing the rules for appropriate use and protection of the subject information and retains that responsibility even when the information is shared with or provided to other organizations [NIST SP 800-37].

10. DHS reserves the right to restrict Web Services calls from certain IP addresses.

11. DHS reserves the right to audit the Web Services E-Verify Employer Agent's application.

12. Web Services E-Verify Employer Agents and Software Developers agree to cooperate willingly with the DHS assessment of information security and privacy practices used by the company to develop and maintain the software.

C. DATA PROTECTION AND PRIVACY REQUIREMENTS

1. Web Services E-Verify Employer Agents must practice proper Internet security; this means using HTTP over SSL/TLS (also known as HTTPS) when accessing DHS information resources such as E-Verify [NIST SP 800-95]. Internet security practices like this are necessary because Simple Object Access Protocol (SOAP), which provides a basic messaging framework on which Web Services can be built, allows messages to be viewed or modified by attackers as messages traverse the Internet and is not independently designed with all the necessary security protocols for E-Verify use.

2. In accordance with DHS standards, the Web Services E-Verify Employer Agent agrees to maintain physical, electronic, and procedural safeguards to appropriately protect the information shared under this MOU against loss, theft, misuse, unauthorized access, and improper disclosure, copying use, modification or deletion.

3. Any data transmission requiring encryption shall comply with the following standards:

- Products using FIPS 197 Advanced Encryption Standard (AES) algorithms with at least 256-bit encryption that has been validated under FIPS 140-2.
- NSA Type 2 or Type 1 encryption.

4. User ID Management (Set Standard): All information exchanged between the parties under this MOU will be done only through authorized Web Services E-Verify Employer Agent representatives identified above.

5. The Web Services E-Verify Employer Agent agrees to use the E-Verify browser instead of its own interface if it has not yet upgraded its interface to comply with the Federal Acquisition Regulation (FAR) system changes. In addition, Web Services E-Verify Employer Agents whose interfaces do not support the Form I-9 from 2/2/2009 or 8/7/2009 should also use the E-Verify browser until the system upgrade is completed.

6. The Web Services E-Verify Employer Agent agrees to use the E-Verify browser instead of its own interface if it has not completed updates to its system within six months from the date DHS notifies the Web Services E-Verify Employer Agent of the system update. The Web Services E-Verify Employer Agent can resume use of its interface once it is up-to-date, unless the Web Services E-Verify Employer Agent has been suspended or terminated from continued use of the system.

D. COMMUNICATIONS

1. Web Services E-Verify Employer Agents and Software Developers agree to develop an electronic system that is not subject to any agreement that would restrict access to and use of by an agency of the United States.

2. The Web Services E-Verify Employer Agent agrees to develop effective controls to ensure the integrity, accuracy and reliability of its electronic system.

3. The Web Services E-Verify Employer Agent agrees to develop an inspection and quality assurance program that regularly, at least once per year, evaluates the electronic system, and includes periodic checks of electronically stored information. The Web Services E-Verify Employer Agent agrees to share the results of its regular inspection and quality assurance program with DHS upon request.

4. The Web Services E-Verify Employer Agent agrees to develop an electronic system with the ability to produce legible copies of applicable notices, letters, etc.

5. All information exchanged between the parties under this MOU will be in accordance with applicable laws, regulations, and policies, including but not limited to, information security guidelines of the sending party with respect to any information that is deemed Personally Identifiable Information (PII), including but not limited to the employee or applicant's Social Security number, alien number, date of birth, or other information that may be used to identify the individual.

6. Suspected and confirmed information security breaches must be reported to DHS according to Article II.A.17. Reporting such breaches does not relieve the Web Services E-Verify Employer Agent from further requirements as directed by state and local law. The Web Services E-Verify Employer Agent is subject to applicable state laws regarding data protection and incident reporting in addition to the requirements herein.

E. SOFTWARE DEVELOPER RESTRICTIONS

1. The Web Services E-Verify Employer Agent agrees that if it develops a Web Services interface and sells such interface, then it can be held liable for any misuse by the company that purchases the interface. It is the responsibility of the Web Services E-Verify Employer Agent to ensure that its interface is used in accordance with E-Verify policies and procedures.

2. The Web Services E-Verify Employer Agent agrees to provide software updates to each client who purchases its software. Because of the frequency Web Services updates, an ongoing relationship between the software developer and the client is necessary.

3. DHS reserves the right to terminate the access of any software developer with or without notice who creates or uses an interface that does not comply with E-Verify procedures.

4. Web Services Software Developers pursuing software development independent of serving clients as a Web Services E-Verify Employer Agent are not eligible to receive an ICA. At this time, E-Verify does not permit Web Services software development without also being a Web Services E-Verify Employer Agent or Web Services Employer.

F. PENALTIES

1. The Web Services E-Verify Employer Agent agrees that any failure on its part to comply with the terms of the MOU may result in account suspension, termination, or other adverse action.

2. DHS is not liable for any financial losses to Web Services E-Verify Employer Agent, its clients, or any other party as a result of your account suspension or termination.

ARTICLE VI
MODIFICATION AND TERMINATION

A. MODIFICATION

1. This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS operates the E-Verify program unless modified in writing by the mutual consent of all parties.

2. Any and all E-Verify system enhancements by DHS or SSA, including but not limited to E-Verify checking against additional data sources and instituting new verification policies or procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes.

B. TERMINATION

1. The Web Services E-Verify Employer Agent may terminate this MOU and its participation in E-Verify at any time upon 30 days prior written notice to the other parties. In addition, any Employer represented by the Web Services E-Verify Employer Agent may voluntarily terminate its MOU upon giving DHS 30 days' written notice. The Web Services E-Verify Employer Agent may not refuse to terminate the Employer based upon an outstanding bill for verification services.

2. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU, and thereby the Web Services E-Verify Employer Agent's participation in E-Verify, with or without notice at any time if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Web Services E-Verify Employer Agent or Employer, or a failure on the part of either party to comply with established E-Verify procedures and/or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect the performance of its contractual responsibilities. Similarly, the Employer understands that if it is in a state where E-Verify is mandatory, termination of this by any party MOU may negatively affect the Employer's business.

3. A Web Services E-Verify Employer Agent for an Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such cases, the Web Services E-Verify Employer Agent must provide written notice to DHS. If the Web Services E-Verify Employer Agent fails to provide such notice, then that Employer will remain an E-Verify participant, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

4. The Web Services E-Verify Employer Agent agrees that E-Verify is not liable for any losses, financial or otherwise, if the Web Services E-Verify Employer Agent or the Employer is terminated from E-Verify.

ARTICLE VII
PARTIES

A. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

B. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Web Services E-Verify Employer Agent, its agents, officers, or employees.

C. The Web Services E-Verify Employer Agent may not assign, directly or indirectly, whether by operation of law, change of control or merger, all or any part of its rights or obligations under this MOU without the prior written consent of DHS, which consent shall not be unreasonably withheld or delayed. Any attempt to sublicense, assign, or transfer any of the rights, duties, or obligations herein is void.

D. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Web Services E-Verify Employer Agent or the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Web Services E-Verify Employer Agent or the Employer.

E. The Web Services E-Verify Employer Agent understands that its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

F. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer, the Web Services E-Verify Employer Agent and DHS respectively. The Web Services E-Verify Employer Agent understands that any inaccurate statement, representation, data or other information provided to DHS may subject the Web Services E-Verify Employer Agent, as the case may be, its subcontractors, its employees, or its representatives to: (1) prosecution for false statements pursuant to 18 U.S.C. 1001 and/or; (2) immediate termination of its MOU and/or; (3) possible debarment or suspension.

G. The foregoing constitutes the full agreement on this subject between DHS, the Employer, and the E-Verify Employer Agent. School Specialty, LLC (Employer) hereby designates and appoint SAASHRCOM LLC (E-Verify Employer Agent) including its officers and employees, as the E-Verify Employer Agent for the purpose of carrying out (Employer) responsibilities under the MOU between the Employer, the E-Verify Employer Agent, and DHS.
If you have any questions, contact E-Verify at 1-888-464-4218.

The Contractor agrees that they are fully informed regarding all of the conditions affecting the work to be done, and labor and materials to be furnished for the completion of this contract, and that their information was secured by personal investigation and research and not from any estimates of the Owner; and that they

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

will make no claim against the Owner by reason of estimates, tests, or representation of any officer, agent, or employees of the Owner.

The said Contractor agrees further to begin work not later than the authorized date in the Notice to Proceed, and to complete the work within the time specified in the contract documents or such additional time as may be allowed by the Project Manager under the contract.

The work shall be done to complete satisfaction of the Owner and, in the case the Federal Government or any agency thereof is participating in the payment of the cost of construction of the work, the work shall also be subject to inspection and approval at all times by the proper agent or officials of such government agency.

The parties hereto agree that this contract in all things shall be governed by the laws of the State of Missouri.

Contractor agrees it will pay not less than the prevailing hourly rate of wages to all workers performing work under the contract in accordance with the prevailing wage determination issued by the Division of Labor Standards of the Department of Labor and Industrial Relations for the State of Missouri and as maintained on file with the Boone County Resource Management Department.

The Contractor further agrees that it shall forfeit as a penalty to the County of Boone the sum of $100.00 for each worker employed for each calendar day or portion thereof such worker is paid less than the stipulated rates set forth in the prevailing wage determination for the project for any work done under this contract by the Contractor or by any Subcontractor employed by the Contractor pursuant to the provisions of Section 290.250 RSMo. The Contractor further agrees that it will abide by all provisions of the prevailing wage law as set forth in Chapter 290 RSMo. and rules and regulations issued thereunder and that any penalties assessed may be withheld from sums due to the Contractor by the Owner.

The contractor agrees that he will comply with all federal, state, and local laws and regulations and ordinances and that they will comply and cause each of their subcontractors, and directives pertaining to nondiscrimination against any person on the grounds of race, color, religion, creed, sex, age, ancestry, or national origin in connection with this contract, including procurement of materials and lease of equipment; therefore, in accordance with the special provisions on that subject attached hereto, incorporated in and made a part of the Contract.

The Contractor expressly warrants that they have employed no third person to solicit or obtain this contract in their behalf, or to cause or procure the same to be obtained upon compensation in any way contingent, in whole or in part, upon such procurement; and that they have not paid, or promised or agreed to pay to any third person, in consideration of such procurement, or in compensation for services in connection therewith, any brokerage, commission or percentage upon the amount receivable by them hereunder; and that they have not, in estimating the contract price demand by them, included any sum by reason of such brokerage, commission, or percentage; and that all moneys payable to them hereunder are free from obligation of any other person for services rendered, or supposed to have been rendered, in the procurement of this contract. They further agree that any breach of this warranty shall constitute adequate cause for the annulment of this contract by the Owner, and that the Owner may retain to its own use from any sums due to or to become due hereunder an amount equal to any brokerage, commission, or percentage so paid, or agreed to be paid.

The Contractor is aware of the provisions of the Overhead Power Line Safety Act, 319.075 to 319.090 RSMo, and agrees to comply with the provisions thereof. Contractor understands that is their duty to notify any utility operating high voltage overhead lines and make appropriate arrangements with said utility if the performance of contract would cause any activity within ten feet of any high voltage overhead line. To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, officers, agents, and employees from and against all claims, damages, losses and expenses (including but not limited to attorney's fees) arising by reason of any act or failure to act, negligent or

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

otherwise, of Contractor, of any subcontractor (meaning anyone, including but not limited to consultants having a contract with contractor or a subcontract for part of the services), of anyone directly or indirectly employed by contractor or by any subcontractor, or of anyone for whose acts the contractor or its subcontractor may be liable, in connection with any claims arising under the Overhead Power Line Safety Act. Contractor expressly waives any action for Contribution against the County on behalf of the Contractor, any subcontractor (meaning anyone, including but not limited to consultants having a contract with contractor or a subcontract for part of the services), anyone directly or indirectly employed by contractor or by any subcontractor, or of anyone for whose acts the contractor or its subcontractor may be liable, and agrees to provide a copy of this waiver to any party affected by this provision.

The Owner agrees to pay the Contractor in the amount:

Two Million Eight Hundred Fifty Thousand Three Hundred Thirty-Six Dollars and Ninety-Six ($2,850,336.96)

Ridge Road Upgrade – Base Bid:	**$1,000,056.92**
Sugar Creek Drive Upgrade – Base Bid:	**$516,507.42**
Smith Hatchery Upgrade – Base Bid:	**$1,171,516.31**
Smith Hatchery Upgrade – Bid Alternate #1	**$162,256.31**

as full compensation for the performance of the principal work embraced in this contract, subject to the terms of payment as provided in the contract documents and subject to adjustment as provided for changes in quantities and approved change orders.

IN WITNESS WHEREOF, the parties hereto have signed and entered this agreement on

April 14, 2026 at Columbia, Missouri.

BID RESPONSE

TO: COUNTY OF BOONE, MISSOURI

SUBJECT: Gravel Road Paving 1- Ridge Rd., Sugar Creek Dr., Smith Hatchery Rd.

Project No.: 10-05MAR26

THE UNDERSIGNED BIDDER, having examined all specifications, and other proposed contract documents, and all addenda thereto; and being acquainted with and fully understanding (a) the extent and character of the work covered by this proposal; (b) the location, arrangement, and specified requirements of the proposed work; (c) local conditions relative to labor, transportation, hauling, and delivery facilities; and (d) all other factors and conditions affecting or which may be affected by the work.

HEREBY PROPOSES to furnish all required materials, supplies, equipment, tools, and plant; to perform all necessary labor and supervision; and to install, erect, equip, and complete all work stipulated in, required by, and in accordance with the proposed contract documents, specifications, and other documents referred to herein (as altered, amended, or modified by all addenda hereto) for and in consideration of the prices stated herein. All prices stated herein are firm and include Missouri Sales and Use Tax and all other taxes which might be lawfully assessed against or in connection with the work proposed herein.

SECTION I

THE UNDERSIGNED BIDDER UNDERSTANDS that the specifications, contract, and bond governing the construction of the work contemplated are those known and designated as the **Boone County Roadway Regulations Chapter II, MoDOT Standard Specifications, Rules of Missouri Department of Natural Resources, Division 20-Clean Water Commission (10CSR20),** together with the "General Specifications", "Technical Specifications", and "Special Provisions", if any, attached to this proposal.

THE UNDERSIGNED BIDDER UNDERSTANDS that the quantities given in the following itemized proposal are not guaranteed by the Owner, but are used for the purpose of comparing bids and awarding the Contract, and may or may not represent the actual quantities encountered on the job; and that the sum of the products of the quantities listed in the following itemized proposal, multiplied by the unit price bid shall all constitute the gross sum bid.

THE UNDERSIGNED BIDDER submits the following itemized proposal and hereby authorizes the Engineer to correct any multiplication of "Unit Price" by "Quantity" as shown under "Extended Total". If there is a discrepancy between the "Unit Price" and the "Extended Total" the "Unit Price" shall govern.

SECTION II

I hereby agree to complete the work herein specified before the **Contract Time** specified in the Notice to Bidders and agree that the County will sustain substantial damages, the amount of which is impossible to determine at this time, if work is not completed by the completion date. Time is an essential feature of this Contract. I agree that if I fail to finally and fully complete the work within the time allowed I will be in breach of the Agreement which shall entitle the County to collect **liquidated damages** from the Bidder and/or the Bidder's Surety in the amount specified under liquidated damages in the Notice to Bidders for each day that completion is delayed beyond the specified completion date. I further authorize said damages to be reduced from any final payment on the Project.

SECTION III

Acknowledgment of receipt of any and all Addenda, if applicable, shall be included with the bid documents at the time of the submittal to Boone County for consideration.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

SECTION IV

The undersigned agrees and understands that the County has the right to reject any and all bids, to waive informalities or other requirements for its benefit, and to accept such proposal as it deems to its best interest.

SECTION V

If this proposal is accepted, the undersigned hereby agrees that work will begin no later than the date specified in the Notice to Proceed and will be diligently prosecuted at such a rate and in such manner as is necessary for the completion of the work herein specified before the completion date.

The Contractor further agrees that, should he fail to complete work in the time specified or such additional time as may be allowed by the Owner under this Contract, the amount of liquidated damages to be recovered on this project shall be in accordance with Section II of the Bid Response.

A certified check, treasurer's check or cashier's check, or a bidder's bond payable to the Owner for five percent of AMOUNT OF BID must be included with Bidder's *Bid Response*. If this proposal is accepted and the undersigned fails to execute the Contract and furnish a contract bond as required, then the proposal guaranty shall be forfeited to the Owner.

In compliance with this Request for Bid and subject to all the conditions thereof, the bidder agrees to furnish the services/equipment/supplies requested and proposed and certifies they have read, understands, and agrees to all terms, conditions, and requirements of this bid and is authorized to contract on behalf of the firm named below. Note: This form must be signed. All signatures must be original and not photocopies. In addition, the County uses Docusign for electronic signature of contract and for making a contract award. When providing a Contact Name and E-Mail Address below, the Contact and E-Mail address provided must be a person who has the legal authority to contractually bind the offeror's/bidder's company in a contract with the County.

BOONE COUNTY, MISSOURI
Request for Bid #: 10-05MAR26 – GRAVEL ROAD PAVING
1 – RIDGE RD., SUGAR CREEK DR., & SMITH HATCHERY RD.

ADDENDUM #1 - Issued February 26, 2026

This addendum is issued in accordance with the Request for Bid-Notice to Bidders and is hereby incorporated into and made a part of the Request for Bid Documents. Offerors are reminded that receipt of this addendum **must** be acknowledged and submitted with Offeror's *Response Form*.

Specifications and Plans for the above noted Request for Bid and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect:

1. Questions & Answers:

Q1 – Are there any weight limits for the bridge on Smith Hatchery (near Sta. 15+00) or the box culvert on Sugar Creek (near Sta. 29+50)?
A1 – No weight limit signage is present at these crossings, therefore standard highway road weight limits would be the default.

Q2 – What is the expectations for restored areas?
A2 – The main goal of the County is to have proper vegetation density as described in Special Provision 124 to create stable ditch and fill banks. A precise seed mix is not specified. The Contractor shall use good judgement regarding surrounding areas and try to match accordingly. For example, restoration in what appears to be a mowed yard may require more of a fescue mix, while areas adjacent to wooded or agricultural spaces may lend better to a pasture seed mix.

Q3 – How much staking is required, if any, for the project? Does staking need to be done by a Professional Land Surveyor?
A3 – The County used field obtained topographical survey data to create and design the project. The Contractor shall work towards constructing the project per Plans at the proper horizontal and vertical alignments and elevations as accurately as possible. The Contractor shall understand the capabilities of their crews, equipment, and any construction instruments in determining the amount of staking required.

A Professional Land Surveyor is not a requirement for construction staking on this project. However, the individual or firm responsible for construction staking shall be qualified and experienced in construction staking.

The Contractor may be responsible for any gross errors in alignment or elevations due to lack of staking information. Repairs or reconstruction to correct these errors may be required at no additional cost to the County.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

Q4 – Is the County awarding based on Base Bid only or Base Bid + Bid Alternate #1?
A4 – See Special Provisions 7-10. The County will be evaluating Base Bid + Bid Alternate #1. The County does not waive any right to accept or reject any part or parts of the bid as detailed in Term 3 of Appendix B.

Q5 – Do asphalt density tests need to be done by a third party?
A5 – No. If the Contractor has a QA/QC employee with MoDOT certification in material testing, said employee may do the density testing. See Special Provision 38.

Q6 – Does the County have a designated site to dump excavated material?
A6 – No, finding a proper dump site for excavated material is the responsibility of the Contractor. The Contractor may find willing property owners in the surrounding areas to take the material. However, the County will not be a party to any agreements or arrangements between the Contractor and private property owners.

THE E-VERIFY MEMORANDUM OF UNDERSTANDING FOR EMPLOYERS

ARTICLE I
PURPOSE AND AUTHORITY

The parties to this agreement are the Department of Homeland Security (DHS) and the CAPITAL PAVING & CONSTRUCTION LLC (Employer). The purpose of this agreement is to set forth terms and conditions which the Employer will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the Social Security Administration (SSA), and DHS.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

ARTICLE II
RESPONSIBILITIES

A. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the following notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:

   a. Notice of E-Verify Participation

   b. Notice of Right to Work

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

BOONE COUNTY, MISSOURI
Request for Bid #: 10-05MAR26 – GRAVEL ROAD PAVING 1 – RIDGE RD., SUGAR CREEK DR., & SMITH HATCHERY RD.

ADDENDUM #1 - Issued February 26, 2026

This addendum is issued in accordance with the Request for Bid-Notice to Bidders and is hereby incorporated into and made a part of the Request for Bid Documents. Offerors are reminded that receipt of this addendum **must** be acknowledged and submitted with Offeror's *Response Form*.

Specifications and Plans for the above noted Request for Bid and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect:

1. Questions & Answers:

Q1 – Are there any weight limits for the bridge on Smith Hatchery (near Sta. 15+00) or the box culvert on Sugar Creek (near Sta. 29+50)?
A1 – No weight limit signage is present at these crossings, therefore standard highway road weight limits would be the default.

Q2 – What is the expectations for restored areas?
A2 – The main goal of the County is to have proper vegetation density as described in Special Provision 124 to create stable ditch and fill banks. A precise seed mix is not specified. The Contractor shall use good judgement regarding surrounding areas and try to match accordingly. For example, restoration in what appears to be a mowed yard may require more of a fescue mix, while areas adjacent to wooded or agricultural spaces may lend better to a pasture seed mix.

Q3 – How much staking is required, if any, for the project? Does staking need to be done by a Professional Land Surveyor?
A3 – The County used field obtained topographical survey data to create and design the project. The Contractor shall work towards constructing the project per Plans at the proper horizontal and vertical alignments and elevations as accurately as possible. The Contractor shall understand the capabilities of their crews, equipment, and any construction instruments in determining the amount of staking required.

A Professional Land Surveyor is not a requirement for construction staking on this project. However, the individual or firm responsible for construction staking shall be qualified and experienced in construction staking.

The Contractor may be responsible for any gross errors in alignment or elevations due to lack of staking information. Repairs or reconstruction to correct these errors may be required at no additional cost to the County.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

Q4 – Is the County awarding based on Base Bid only or Base Bid + Bid Alternate #1?
A4 – See Special Provisions 7-10. The County will be evaluating Base Bid + Bid Alternate #1. The County does not waive any right to accept or reject any part or parts of the bid as detailed in Term 3 of Appendix B.

Q5 – Do asphalt density tests need to be done by a third party?
A5 – No. If the Contractor has a QA/QC employee with MoDOT certification in material testing, said employee may do the density testing. See Special Provision 38.

Q6 – Does the County have a designated site to dump excavated material?
A6 – No, finding a proper dump site for excavated material is the responsibility of the Contractor. The Contractor may find willing property owners in the surrounding areas to take the material. However, the County will not be a party to any agreements or arrangements between the Contractor and private property owners.

Liquidated Damages:

$1,000.00 per Working Day

Anticipated Notice To Proceed Date:

An early start date for the project shall be **May 4, 2026** and a late start date shall be **June 15, 2026**. The actual notice to proceed date is generally established at the Pre-Construction Meeting.

Plans and Specifications Available From:

American Document Solutions, 1400 Forum Blvd., Suite 7A, Columbia, Missouri 65203, Phone 573-446-7768, Email: orders@adsmo.net. Paper copies are available for a non-refundable fee of $75.00 payable to American Document Solutions in the form of a check or money order. A planholder's list is available for viewing at https://www.adsplanroom.net/.

Award will be made to the Bidder(s) whose offer(s) provide the greatest value to the County from the standpoint of suitability to purpose, quality, service, previous experience, price, lifecycle cost, ability to deliver, or for any other reason deemed by the County to be in the best interest of the County. Thus, the result will not be determined by price alone. The County will be seeking the least costly outcome that meets the County needs as interpreted by the County. The County also reserves the right to reject any and all bids or waive informalities or irregularities.

Not less than the prevailing hourly rate of wages, as found by the Department of Labor and Industrial Relations of Missouri, shall be paid to all workers performing work under this Contract. The Contractor's bond shall include such provisions as will guarantee the faithful performance of the prevailing hourly wage rate as provided by the Contract.

Boone County notifies all Bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, religion, creed, sex, age, ancestry, or national origin in consideration for an award. The Bidder will ensure that Disadvantage Business Enterprises will have the opportunity to participate in the performance of this contract or any subcontracts.

Proposals must be on forms provided and all unit price bids, extensions, and totals provided thereon shall be completed fully.

INSTRUCTIONS TO BIDDERS

The purpose of the attached specifications is to give detailed information on the conditions under which the Project will be constructed, Scope of Contract, quality of material and equipment required, standards used in determining its acceptability, and similar data. Each Bidder shall carefully check all requirements herein set forth and shall offer material and construction which fully complies with these requirements.

All bids shall be submitted on the bid forms hereto attached. Copies of necessary Addenda, if any, shall be signed and attached to the proposal submitted and considered a part of the contract. Bidders shall furnish all information requested herein by filling in the blanks in the submitted copy of these specifications.

Bidders shall visit the site of the work and become familiar with the condition under which the work is to be performed, concerning the site of the work, the nature of the equipment, the obstacles which may be encountered, the work to be performed, and if awarded the Contract, shall not be allowed any extra compensation by reason of any matter or thing concerning which such Bidder might have fully informed himself, because of their failure to have so informed themselves prior to the bidding. The successful Contractor must employ, so far as possible, such methods and means in the carrying out their work as will not cause any interruption or interference with any other contractors.

Bidders shall not include sales or use taxes in their bid for materials incorporated or used in the work or for rentals subject to sales tax.

The Contractor assumes responsibility for all loss or damage caused by fire, windstorm, cyclone, tornado, flood, or freezing to the materials and equipment with which the work of the contract is to be done. The Contractor has the privilege of insuring in full or in part against such loss or damage, responsibility for which is here assumed. The County will not carry insurance against such loss or damage until the acceptance of Project.

Bidders shall visit the site of the work and completely inform themselves relative to construction hazards and procedure, the availability of lands, the character and quantity of surface and subsurface materials, and utilities to be encountered, the arrangement and condition of existing structures and facilities, the procedure necessary for maintenance of uninterrupted operation of existing facilities, the character of construction equipment and facilities needed for performance of the work, and facilities for transportation, handling, and storage of materials and equipment. All such factors shall be properly investigated and considered in the preparation of the bid.

Bids of an incomplete nature, or subject to multiple interpretation may at the option of the County, be rejected as irregular.

Bids will be evaluated by the County based on, but not limited to, the following criteria: cost, bidder's qualifications and experience, and time required for completion.

Upon award of the Contract, the successful Contractor shall furnish a Performance Bond and a Labor and Material Payment Bond, each in an amount equal to the full Contract price, guaranteeing faithful compliance with all requirements of the Contract Documents and complete fulfillment of the Contract, and payment of all labor, material, and other bills made in carrying out this Contract.

When Owner gives a Notice of Award to the Successful Bidder through DocuSign, it will be accompanied by the Contract Agreement with all other written Contract Documents attached. Within fifteen days thereafter, Contractor shall sign the contract electronically through DocuSign. Required Bonds shall be returned separately to the Purchasing Department. They are not signed electronically in DocuSign.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

Owner will deliver to Contractor a Notice to Proceed on or about the date specified in the Notice to Bidders. Contract Time shall commence upon delivery of Notice to Proceed. **Contract Time shall not exceed the time or fixed completion date specified in the Notice to Bidders for the work to be done on the Project**.

If any person submitting a bid for this Contract is in doubt as to the true meaning of any part of the plans, specifications, or any other proposed Contract documents, they may submit to the County a written request for an interpretation thereof by the bid questions deadline specified in the Notice to Bidders. The person submitting the request will be responsible for its prompt delivery. Any interpretation of the proposed documents will be made only by addendum duly issued or delivered to each person receiving a set of such documents. The County will not be responsible for any other explanation or interpretation of the proposed documents.

Each set of bids should be plainly headed with the name of the Bidder and post office address. In case the bid is made by a firm or corporation, the same shall be signed by a legally authorized agent of the firm or corporation. The envelope containing the bids should be sealed and plainly marked as a bid for this particular Contract.

The Bidder should be sure to complete the following forms and shall attach the bid security. Omissions or irregularities may cause bid rejection.

1. Bidding Forms,
2. Bid Response,
3. Debarment Form,
4. Work Authorization Certification,
5. Statement of Bidder's Qualifications,
6. Anti-Collusion Statement,
7. Signature and Identity of Bidder,
8. Bidder's Acknowledgment.

BID RESPONSE

TO: COUNTY OF BOONE, MISSOURI

SUBJECT: _____

Project No.: _____

THE UNDERSIGNED BIDDER, having examined all specifications, and other proposed contract documents, and all addenda thereto; and being acquainted with and fully understanding (a) the extent and character of the work covered by this proposal; (b) the location, arrangement, and specified requirements of the proposed work; (c) local conditions relative to labor, transportation, hauling, and delivery facilities; and (d) all other factors and conditions affecting or which may be affected by the work.

HEREBY PROPOSES to furnish all required materials, supplies, equipment, tools, and plant; to perform all necessary labor and supervision; and to install, erect, equip, and complete all work stipulated in, required by, and in accordance with the proposed contract documents, specifications, and other documents referred to herein (as altered, amended, or modified by all addenda hereto) for and in consideration of the prices stated herein. All prices stated herein are firm and include Missouri Sales and Use Tax and all other taxes which might be lawfully assessed against or in connection with the work proposed herein.

SECTION I

THE UNDERSIGNED BIDDER UNDERSTANDS that the specifications, contract, and bond governing the construction of the work contemplated are those known and designated as the **Boone County Roadway Regulations Chapter II, MoDOT Standard Specifications, Rules of Missouri Department of Natural Resources, Division 20-Clean Water Commission (10CSR20),** together with the "General Specifications", "Technical Specifications", and "Special Provisions", if any, attached to this proposal.

THE UNDERSIGNED BIDDER UNDERSTANDS that the quantities given in the following itemized proposal are not guaranteed by the Owner, but are used for the purpose of comparing bids and awarding the Contract, and may or may not represent the actual quantities encountered on the job; and that the sum of the products of the quantities listed in the following itemized proposal, multiplied by the unit price bid shall all constitute the gross sum bid.

THE UNDERSIGNED BIDDER submits the following itemized proposal and hereby authorizes the Engineer to correct any multiplication of "Unit Price" by "Quantity" as shown under "Extended Total". If there is a discrepancy between the "Unit Price" and the "Extended Total" the "Unit Price" shall govern.

SECTION II

I hereby agree to complete the work herein specified before the **Contract Time** specified in the Notice to Bidders and agree that the County will sustain substantial damages, the amount of which is impossible to determine at this time, if work is not completed by the completion date. Time is an essential feature of this Contract. I agree that if I fail to finally and fully complete the work within the time allowed I will be in breach of the Agreement which shall entitle the County to collect **liquidated damages** from the Bidder and/or the Bidder's Surety in the amount specified under liquidated damages in the Notice to Bidders for each day that completion is delayed beyond the specified completion date. I further authorize said damages to be reduced from any final payment on the Project.

SECTION III

Acknowledgment of receipt of any and all Addenda, if applicable, shall be included with the bid documents at the time of the submittal to Boone County for consideration.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

SECTION IV

The undersigned agrees and understands that the County has the right to reject any and all bids, to waive informalities or other requirements for its benefit, and to accept such proposal as it deems to its best interest.

SECTION V

If this proposal is accepted, the undersigned hereby agrees that work will begin no later than the date specified in the Notice to Proceed and will be diligently prosecuted at such a rate and in such manner as is necessary for the completion of the work herein specified before the completion date.

The Contractor further agrees that, should he fail to complete work in the time specified or such additional time as may be allowed by the Owner under this Contract, the amount of liquidated damages to be recovered on this project shall be in accordance with Section II of the Bid Response.

A certified check, treasurer's check or cashier's check, or a bidder's bond payable to the Owner for five percent of AMOUNT OF BID must be included with Bidder's *Bid Response*. If this proposal is accepted and the undersigned fails to execute the Contract and furnish a contract bond as required, then the proposal guaranty shall be forfeited to the Owner.

In compliance with this Request for Bid and subject to all the conditions thereof, the bidder agrees to furnish the services/equipment/supplies requested and proposed and certifies they have read, understands, and agrees to all terms, conditions, and requirements of this bid and is authorized to contract on behalf of the firm named below. Note: This form must be signed. All signatures must be original and not photocopies. In addition, the County uses Docusign for electronic signature of contract and for making a contract award. When providing a Contact Name and E-Mail Address below, the Contact and E-Mail address provided must be a person who has the legal authority to contractually bind the offeror's/bidder's company in a contract with the County.

INSTRUCTIONS FOR COMPLIANCE WITH HOUSE BILL 1549

House Bill 1549 addresses the Department of Homeland Security's and the Social Security Administration's E-Verify Program (Employment Eligibility Verification Program) that requires the County to verify "lawful presence" of individuals when the County contracts for work/service; verify that contractor has programs to verify lawful presence of their employees when contracts exceed $5,000; and a requirement for OSHA safety training for public works projects.

The County is required to obtain certification that the bidder awarded the attached contract participates in a federal work authorization program. To obtain additional information on the Department of Homeland Security's E-Verify program, go to:

https://www.e-verify.gov/

Please complete and return form *Work Authorization Certification Pursuant to 285.530 RSMo* if your contract amount is in excess of $5,000. **Attach to this form the first and last page of the *E-Verify Memorandum of Understanding* that you completed when enrolling for proof of enrollment.**

If you are an **Individual/Proprietorship**, then you must return the attached *Certification of Individual Bidder.* On that form, you may do one of the three options listed. Be sure to attach any required information for those options as detailed on the *Certification of Individual Bidder.* If you choose option number two, then you will also need to complete and return the attached form *Affidavit*.

INSURANCE REQUIREMENTS

Insurance Requirements: The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and the Certificate of Insurance has been approved by the County, nor shall the Contractor allow any subcontractor to commence work on their subcontract until all similar insurance required of subcontractor has been so obtained and approved. All policies shall be in amounts, form and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide. Insurance limits indicated below may be lowered at the discretion of the County.

Employers Liability and Workers Compensation Insurance - The Contractor shall take out and maintain during the life of this contract, **Employers Liability and Workers Compensation Insurance** for all of its employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly to provide Workers Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor. Workers Compensation coverage shall meet Missouri statutory limits. Employers Liability limits shall be $500,000.00 each employee, $500,000.00 each accident, and $500,000.00 policy limit. In case any class of employees engaged in hazardous work under this Contract at the site of the work is not protected under the Workers Compensation Statute, the Contractor shall provide and shall cause each subcontractor to provide Employers Liability Insurance for the protection of their employees not otherwise protected.

Commercial General Liability Insurance - The Contractor shall take out and maintain during the life of this contract, such commercial general liability insurance as shall protect it and any subcontractor performing work covered by this contract, from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or for any subcontractor or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than $3,000,000.00 combined single limit for any one occurrence covering both bodily injury and property damage, including accidental death. If the Contract involves any underground/digging operations, the general liability certificate shall include X, C, and U (Explosion, Collapse, and Underground) coverage. If providing Commercial General Liability Insurance, then the Proof of Coverage of Insurance shall also be included.

Contractor may satisfy the minimum liability limits required for Commercial General Liability or Business Auto Liability under an Umbrella or Excess Liability policy. There is no minimum per occurrence limit of liability under the umbrella or Excess Liability; however, the Annual Aggregate limit shall not be less than the highest "Each Occurrence" limit for either Commercial General Liability or Business Auto Liability. **Contractor agrees to endorse the County as an Additional Insured on the umbrella or Excess Liability, unless the Certificate of Insurance state the Umbrella or Excess Liability provides coverage on a "Follow-Form"** basis.

Business Automobile Liability – The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than $3,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; non-owned and both on and off the site of work.

Subcontractors: Contractor shall cause each Subcontractor to purchase and maintain insurance of the types and amounts specified herein. Limits of such coverage may be reduced only upon written agreement of County. Contractor shall provide to County copies of certificates of insurance evidencing coverage for each Subcontractor. Subcontractors' commercial general liability and business automobile liability insurance shall name County as Additional Insured and have the Waiver of Subrogation endorsements added.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

Proof of Carriage of Insurance - The Contractor shall furnish the County with Certificate(s) of Insurance which name the County as additional insured in an amount as required in this contract). The Certificate of Insurance shall provide that there will be no cancellation, non-renewal or reduction of coverage without 30 days prior written notice to the County. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the services provided.

INDEMNITY AGREEMENT: To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, officers, agents, and employees from and against all claims, damages, losses and expenses (including but not limited to attorney's fees) arising by reason of any act or failure to act, negligent or otherwise, of Contractor, of any subcontractor (meaning anyone, including but not limited to consultants having a contract with contractor or a subcontract for part of the services), of anyone directly or indirectly employed by contractor or by any subcontractor, or of anyone for whose acts the contractor or its subcontractor may be liable, in connection with providing these services. This provision does not, however, require contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

Nothing in these requirements shall be construed as a waiver of any governmental immunity of the County, its officials nor any of its employees in the course of their official duties. Nothing in the insurance procured as required herein shall be interpreted so as to waive any sovereign immunity, official immunity, or other immunity defense available to County as a political subdivision in the State of Missouri. It is not the County's intent or desire to procure insurance that would operate as a waiver of any such immunity defense.

Failure to maintain the required insurance in force may be cause for contract termination. In the event the Agency/Service fails to maintain and keep in force the required insurance or to obtain coverage from its subcontractors, the County shall have the right to cancel and terminate the contract without notice.

CONTRACT CONDITIONS

GENERAL: The following provisions are agreed to by and between the Contractor and the County:

DEFINITIONS: "Party of the First Part" or "County" or "Owner" shall mean the County of Boone, Missouri, acting through its authorized County Officials, or appointed representatives.

"Contractor" or "Party of the Second Part" shall mean the party having entered into contract to perform the work herein specified.

"Department" shall mean the Boone County Resource Management Department.

"Director" shall mean the Director of Boone County Resource Management or his/her designated representative.

"Engineer" shall mean the Director or the authorized representative of the Department for whom the work is to be performed.

"Work" of the Contractor includes labor or material, or both.

"As directed", "as required", "as permitted", "acceptable to" and words of like import shall mean that the direction, requirement or permission of the Engineer is intended.

"Or equal" is not intended to impose limitations preventing the free exercise of the Contractor's skill or to exclude products which are satisfactory. Materials and workmanship shall be of the best of their respective kinds. Trade or manufacture's names where used in these specifications are intended to fix the standards of workmanship and materials. Any article or material equaling the standards fixed may be used in place of that mentioned by the specifications provided that the material or article proposed is submitted to and approved by the Engineer. No substitution shall be made unless this definite approval has been obtained in advance.

PAYMENTS: The successful Contractor will be allowed payment in accordance with the following schedule:

(1) Progress payments will be made to the contractor and any professional engineer, architect, landscape architect, or land surveyor on at least a monthly basis as the work progresses, or, on a lump sum basis according to the terms of the lump sum contract. Except in the case of lump sum contracts, payments shall be based upon estimates prepared at least monthly of work performed and material delivered, as determined by the project architect or engineer. Retainage withheld on any construction contract or subcontract for public works projects will not exceed five (5) percent of the value of the contract or subcontract. If the contractor is not required to obtain a bond because the cost of the public works contract is not estimated to exceed fifty thousand dollars, the County may withhold retainage on the public works project in an amount not to exceed ten (10) percent of the value of the contract or subcontract. The County will pay the contractor the amount due, less a retainage within thirty days following the latter of the following:

   a. The date of delivery of materials or construction services purchased;
   b. The date, as designated by the County, upon which the invoice is duly delivered to the person or place designated by the County; or
   c. In those instances in which the Contractor approves the County's estimate, the date upon which such notice of approval is duly delivered to the person or place designated by the County;

(2) Payments shall be considered received within the context of this section when they are duly posted with the United States Postal Service or other agreed upon delivery service or when they are hand-delivered to an authorized person or place as agreed to by the contracting parties.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

(3) If, in the discretion of the County and the project architect or engineer and the contractor, it is determined that a subcontractor's performance has been completed and the subcontract can be released prior to substantial completion of the public works contract without risk to the County, the contractor shall request such adjustment in retainage, if any, from the County as necessary to enable the contractor to pay the subcontractor in full. The County may reduce or eliminate retainage on any contract payment if, in the County's opinion, the work is proceeding satisfactorily. If retainage is released and there are any remaining minor items to be completed, an amount equal to one hundred fifty percent of the value of each item as determined by the County's duly authorized representative shall be withheld until such item or items are completed.

(4) The County shall pay at least ninety-eight percent of the retainage, less any offsets or deductions authorized in the contract or otherwise authorized by law, to the contractor. The contractor shall pay the subcontractor or supplier after substantial completion of the contract work and acceptance by the County, or as may otherwise be provided by the contract specifications. Such payment shall be made within thirty days after acceptance, and the invoice and all other appropriate documentation and certifications in complete and acceptable form are provided, as may be required by the contract documents. If the County determines the work is not substantially completed and accepted, then the County shall provide a written explanation of why the work is not considered substantially completed and accepted within fourteen calendar days to the contractor, who shall then provide such notice to the subcontractor or suppliers responsible for such work. If such written explanation is not given by the County, the County shall pay at least ninety-eight percent of the retainage within thirty calendar days. If at that time there are any remaining minor items to be completed, an amount equal to one hundred fifty percent of the value of each item as determined by the County shall be withheld until such items are completed.

(5) All estimates or invoices for supplies and services purchased, approved and processed, or final payments, shall be paid promptly and shall be subject to late payment charges. Except as provided in subsection 4 of this section, the County will pay the contractor, in addition to the payment due him interest at the rate of one and one-half percent per month calculated from the expiration of the thirty-day period until fully paid.

(6) When a contractor receives any payment, the contractor shall pay each subcontractor and material supplier in proportion to the work completed by each subcontractor and material supplier his application less any retention not to exceed five percent. If the contractor receives less than the full payment due under the County contract, the contractor shall be obligated to disburse on a pro rata basis those funds received, with the contractor, subcontractors and material suppliers each receiving a prorated portion based on the amount of payment. When, however, the County does not release the full payment due under the contract because there are specific areas of work or materials being rejected or because has otherwise determined such areas are not suitable for payment then those specific subcontractors or suppliers involved shall not be paid for that portion of the work rejected or deemed not suitable for payment; provided the County gives a written explanation to the contractor, subcontractor, or supplier involved as to why the work or supplies were rejected or deemed not suitable for payment, and all other subcontractors and suppliers shall be paid in full.

(7) If the contractor, without reasonable cause, fails to make any payment to his subcontractors and material suppliers within fifteen days after receipt of payment under the County contract, the contractor shall pay to his subcontractors and material suppliers, in addition to the payment due them, interest in the amount of one and one-half percent per month, calculated from the expiration of the fifteen-day period until fully paid. This subdivision shall also apply to any payments made by subcontractors and material suppliers to the subcontractors and material suppliers and to all payments made to lower tier subcontractors and material suppliers throughout the contracting chain.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

(8) Final Payment: The County will make final payment of all moneys owed to the contractor, including any retainage, less any offsets or deductions authorized in the contract or otherwise authorized by law, within thirty days of the due date. Final payment shall be considered due upon the earliest of the following events:

a. Completion of the project and filing with the County of all required documentation and certifications, in complete and acceptable form, in accordance with the terms and conditions of the contract;
b. The project is certified by the architect or engineer authorized to make such certification on behalf of the County as having been completed, including the filing of all documentation and certifications required by the contract, in complete and acceptable form; or
c. The project is certified by the contracting authority as having been completed, including the filing of all documentation and certifications required by the contract, in complete and acceptable form.

Bidder may agree to accept automated clearinghouse (ACH) payment of invoices and monthly statements. Payment terms are Net 30 upon receipt of an accurate monthly statement, although the Bidder may offer additional discounts for early payment on the Response Form.

The Contractor shall, by affidavit, submit to the Engineer a sworn certification to the County that all bills and claims properly due and chargeable against the work have been satisfied and that the laws relating to the payment of prevailing wage rates have been complied with and shall release the County of Boone from all further claims, which certificate must bear the written endorsement of the Surety on the bond. The acceptance by the Contractor of the final payment shall constitute a release and waiver of any and all rights and privileges under the terms of the Contract; further, the acceptance by the Contractor of final payment shall relieve the County from any and all claims or liabilities on part of the County relating to or connected with the Contract.

The cost of all licenses and permits and other expenses and costs incidental to the fulfillment of this Contract will be paid by the Contractor, and the total amount of such costs will be included in the total cost of the work.

Assignments: No money due at the time or which may become due, and no claim of any character because of any performance or breach of the Contract shall be assigned or transferred to any other person so as to bind or affect the County without the written consent of the Surety and the County.

The Contractor shall pay for all materials, supplies, services, and equipment as follows:

1. For all transportation and utility service not later than the 20th day of the calendar month following that in which the services are rendered, and
2. For all materials, tools, and other expendable equipment to the extent of 90 percent of the cost thereof, not later than the 20th day of the calendar month following that in which such materials, tools, and equipment are delivered at the site of the project, and the balance of the cost thereof not later than the 30th day following the completion of that part of the work in or on which such materials, tools, and equipment are incorporated or used.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

EXTRA AND/OR ADDITIONAL WORK AND CHANGES: If any extra and/or additional work is to be done or any change in the plans and specifications is deemed necessary, the County may issue to the Contractor a written change order directing that such extra and/or additional work be done or that such change be made, and the Contract shall be modified accordingly. Compensation to the Contractor will be calculated as an addition to or deduction from the Contract price, based upon such written terms as may be established by the owner, either (a) by an acceptable lump sum proposal of the Contractor, (b) on a cost-plus limited basis not to exceed a specified limit, or (c) on basis of bid or mutually agreed upon unit prices. In the event that none of the foregoing methods are agreed upon with the Contractor, the County may perform the work with its own forces or under separate contract with another contractor.

COUNTY'S RIGHT TO WITHHOLD CERTAIN AMOUNTS AND MAKE APPLICATION THEREOF: The County shall have the right to withhold from payments due to the Contractor, in addition to the retained percentages herein elsewhere provided for, such amount or amounts as may be necessary to pay just claims against the Contractor for labor and services rendered and materials furnished in or about the work covered by this Contract, or for liquidated damages. The County is by this Contract appointed the agent of the Contractor to apply such retained amounts to the payment of any of the foregoing.

PATENTS: The Contractor shall protect the County against suits for patent infringement on material, equipment, and methods used.

DISCHARGE OF EMPLOYEES: Any employee of the Contractor who is stationed at the site of the work and should prove to be quarrelsome, dishonest, incompetent or inexperienced, or should not work for the good of the job shall, upon written notice from the County, be removed by the Contractor and replaced by an employee with proper qualifications.

ASSIGNMENT OF CONTRACT: No assignment by the Contractor of any principal construction contract or any part thereof or of the funds to be received thereunder by the Contractor, will be recognized unless such assignment has had the approval of the County and the Surety has been given due notice of such assignment in writing. In addition to the usual recitals in assignment contracts, the following language must be set forth:
"It is agreed that the funds to be paid to the assignee under this assignment are subject to a prior lien for services rendered or materials supplied for the performance of the work called for in said Contract in favor of all persons, firms, or corporations rendering such services or supplying such materials."

ACCIDENT PREVENTION: Precaution shall be exercised at all times for the protection of persons (including employees) and property. The safety provisions of applicable laws, building and construction codes shall be observed. Machinery, equipment, and all hazards shall be guarded or eliminated in accordance with the safety provisions of the Manual of Accident Prevention in Construction, 8th Edition, 1999, published by the Associated General Contractors of America, to the extent that such provisions are not in contravention of applicable laws. Current standards of the Occupational Safety and Health Act shall be applied, as well as the requirements contained within the current MUTCD.

LEGAL REQUIREMENTS: The Contractor shall do all work in such manner as to comply with all County ordinances, and laws of the County, State, and Nation as apply to the work herein outlined. The Contractor shall also obtain all necessary licenses and permits and keep necessary records as required.

EQUAL OPPORTUNITY: The County of Boone is an equal opportunity affirmative action employer, pursuant to federal and state law, and all respondents submitting bids shall be considered to be EEO/AA employers in compliance with federal and state laws, unless otherwise stipulated by the bidders herein.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

DOMESTIC PURCHASING POLICY: Contractors are encouraged to select and use materials manufactured, assembled, or produced in the United States in the performance of this contract whenever the quality and price are comparable with other goods. By submission of this bid, the vendor certifies that they are in compliance with section 34.353 and, if applicable, section 34.359 ("Missouri Domestic Products Procurement Act") of the Revised Statutes of Missouri, 1987.

TRANSIENT EMPLOYERS: Every transient employer, as defined in Section 285.230 RSMo, must post in a prominent and easily accessible place at the work site a clearly legible copy of the following: (1) the notice of registration for employer withholding issued to such transient employer by the director of revenue; (2) proof of coverage for workers' compensation insurance or self-insurance signed by the transient employer and verified by the department of revenue through the records of the division of workers' compensation; and (3) the notice of registration for unemployment insurance issued to such transient employer by the division of employment security. Any transient employer failing to comply with these requirements shall, under Section 285.234 RSMo, be liable for a penalty of five hundred dollars per day until the notices required by this section are posted as required by law.

SALES TAX EXEMPTION PROCEDURE: County will provide the Contractor with a completed Missouri Project Exemption and Missouri Tax Exemption letter for Boone County, Missouri and the Contractor shall be responsible for furnishing the exemption certificate and tax exemption letter to all authorized sub-contractors and suppliers providing materials incorporated in the work. All invoices issued for purchases for such materials, supplies, and taxable rentals shall be in the name of Boone County and contain the project number assigned by Boone County for the contract awarded. It shall be the responsibility of the Contractor to insure that no sales or use taxes are included in the invoices and that the County pays no sales/use taxes from which it is exempt. The Contractor shall be responsible for obtaining revised exemption certificates and revised expiration dates if the work extends beyond the estimated the project completion date or a certificate expiration date. The Contractor shall also be responsible for retaining a copy of the project exemption certificate for a period of five years and for compliance with all other terms and conditions of section 144.062 RSMo. not otherwise herein specified. The Contractor agrees not to use or permit others to use the project exemption certificate for taxable purchases of materials or rentals and supplies not directly incorporated into or used in the work to which it applies and agrees to indemnify and hold the County harmless from all losses, expenses and costs including litigation expenses and attorney fees resulting from the unauthorized use of such project exemption certificates.

WARRANTY AND GUARANTEE: Contractor warrants and guarantees to Owner and Engineer that all work will be in accordance with the Contract Documents and will not be defective. All materials provided by Contractor shall be new material of high quality which shall give long life and reliable operation. The workmanship shall be of high quality in every detail. Prompt notice of all defects shall be given to Contractor. All defective work, whether or not in place, may be rejected, corrected, or accepted as follows:

(1) **CORRECTION OR REMOVAL OF DEFECTIVE WORK:** If required by Engineer, Contractor shall promptly, as directed, either correct all defective Work, whether or not fabricated, installed or completed, or if the Work has been rejected by Engineer, remove it from the site and replace it with non-defective Work. Contractor shall bear all direct, indirect, and consequential costs of such correction or removal (including but not limited to fees and charges of engineers, architects, attorneys, and other professionals made necessary thereby).

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

(2) **ONE YEAR CORRECTION PERIOD:** If within one year after the date of Substantial Completion or such longer period of time as may be prescribed by Laws or Regulations or by the terms of any applicable special guarantee required by the Contract Documents or by any specific provision of the Contract Documents, any Work is found to be defective, including grass growth, Contractor shall promptly, without cost to Owner and in accordance with Owner's written instructions, either correct such defective Work, or if it has been rejected by Owner, remove it from the site and replace it with non-defective Work. If Contractor does not promptly comply with the terms of such instructions, or in an emergency where delay would cause serious risk of loss or damage, Owner may have the defective Work removed and replaced and all direct, indirect, and consequential costs of removal and replacement (including but not limited to fees and charges of engineers, architects, attorneys, and other professionals) will be paid by the Contractor's performance bond. In special circumstances where a particular item of equipment is placed in continuous service before Substantial Completion of all the Work, the correction period for that item may start to run from an earlier date if so provided in the Specifications or by Written Amendment.

SUBCONTRACTORS, SUPPLIERS AND OTHERS: Contractor shall not employ any Subcontractor, Supplier, or other person or organization (including those acceptable to Owner and Engineer as indicated below), whether initially or as a substitute, against whom Owner or Engineer may have reasonable objection. Contractor shall not be required to employ any Subcontractor, Supplier, or other person or organization to furnish or perform any of the Work against whom the Contractor has a reasonable objection.

If the Owner requires identity of certain Subcontractor, Suppliers, or other persons or organizations (including those who are to furnish the principal items of material and equipment) to be submitted to Owner in advance of the specified date prior to the Effective Date of the Agreement for acceptance by Owner and Engineer and if Contractor has submitted a list thereof in accordance with the project Specifications, Owner's or Engineer's acceptance (either in writing or by failing to make written objection thereto by the date indicated for acceptance or objection in the bidding documents or the Contract Documents) of any such Subcontractor, Supplier, or other person or organization so identified may be revoked on the basis of reasonable objection after due investigation, in which case Contractor shall submit an acceptable substitute, the Contract Price will be increased by the difference in the cost occasioned by such substitution and an appropriate Change Order will be issued or Written Amendment signed. No acceptance by Owner or Engineer of any such Subcontractor, Supplier, or other person or organization shall constitute a waiver of any right of Owner or Engineer to reject defective Work.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

It is understood and agreed that, except as may be otherwise provided for by the **General Specifications, Technical Specifications**, and **Special Provisions** the work shall be done in accordance with the **Boone County Roadway Regulations Chapter II**, or the **MoDOT Standard Specifications**. Said Specifications are part and parcel of this Contract, and are incorporated in this Contract as fully and effectively as if set forth in detail herein. When an item is the subject of both the **Boone County Roadway Regulations Chapter II** and the **MoDOT Standard Specifications**, the **Boone County Roadway Regulations Chapter II** will govern the work.

The Contractor further agrees that he is fully informed regarding all of the conditions affecting the work to be done, and labor and materials to be furnished for the completion of this Contract, and that his information was secured by personal investigation and research and not from any estimates of the Owner; and that he will make no claim against the Owner by reason of estimates, tests, or representation of any officer, agent, or employees of the Owner.

The said Contractor agrees further to begin work not later than the authorized date in the Notice to Proceed, and to complete the work within the time specified in the proposal or such additional time as may be allowed by the Engineer under the Contract.

The work shall be done to complete satisfaction of the Owner, and in the case the Federal Government or any agency thereof is participating in the payment of the cost of construction of the work, the work shall also be subject to inspection and approval at all times by the proper agent or agents of such government agency.

The parties hereto agree that this Contract in all things shall be governed by the laws of the State of Missouri.

Contractor agrees it will pay not less than the prevailing hourly rate of wages to all workmen performing work under the Contract in accordance with the prevailing wage determination issued by the Division of Labor Standards of the Department of Labor and Industrial Relations for the State of Missouri and as maintained on file with the Boone County Purchasing Department. The Contractor further agrees that it shall forfeit as a penalty to the County of Boone the sum of $100.00 for each workman employed for each calendar day or portion thereof such workman is paid less than the stipulated rates set forth in the prevailing wage determination for the project for any work done under this contract by the Contractor pursuant to the provisions of Section 290.250 RSMo. The Contractor further agrees that he will abide by all provisions of the prevailing wage law as set forth in Chapter 290 RSMo. and rules and regulations issued thereunder and that any penalties assessed may be withheld from sums due to the Contractor by the Owner.

The Contractor agrees that he will comply with all federal, state, and local laws, regulations, and ordinances, and that he will cause each of his subcontractors to do the same. The Contractor also agrees not to discriminate against any person on the grounds of race, color, religion, creed, sex, age, ancestry, or national origin in connection with this Contract, including procurement of materials and equipment, and will cause each of his subcontractors to do the same.

The Contractor expressly warrants that he has employed no third person to solicit or obtain this Contract in his behalf, or to cause or procure the same to be obtained upon compensation in any way contingent, in whole or in part, upon such procurement. Also, that he has not paid, or promised or agreed to pay to any third person, in consideration of such procurement, or in compensation for services in connection therewith, any brokerage, commission or percentage upon the amount receivable by he hereunder; and that he has not, in estimating the Contract price demand by he, included any sum by reason of any such brokerage, commission, or percentage; and that all moneys payable to he hereunder are free from obligation of any other person for services rendered, or supposed to have been rendered, in the procurement of this Contract. Contractor further agrees that any breach of this warranty shall constitute adequate cause for the annulment of this Contract by the Owner, and that the Owner may retain to its own use from any sums due to or to become due

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

hereunder an amount equal to any brokerage, commission, or percentage so paid, or agreed to be paid.

The Owner agrees to pay the Contractor in the amount of

$_____
as full compensation for the performance of work embraced in this Contract, subject to adjustment as provided for changes in quantities and approved change orders.

SAMPLE PERFORMANCE BOND

KNOW ALL PERSONS BY THESE PRESENT, that we,

_____

_____

as Principal, hereinafter called Contractor, and _____

_____

a Corporation, organized under the laws of the State of _____

and authorized to transact business in the State of Missouri, as Surety, hereinafter called Surety, are held and firmly bound unto the County of Boone, Missouri, as Obligee, hereinafter called Owner, in the amount of _____Dollars, for the payment whereof Contractor and Surety bind themselves, their heirs, executors, administrators, successors, and assigns jointly and severally, firmly by these presents:

WHEREAS, Contractor has, by written agreement dated _____entered into a Contract with Owner for:

Project Name: _____

Project No.: _____

in accordance with specifications and/or plans prepared by the County of Boone, which contract is by reference made a part hereof, and is hereinafter referred to as the Contract.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION is such that, if Contractor shall promptly and faithfully perform said Contract, and shall faithfully perform the prevailing hourly wages and comply with all prevailing wage requirements as provided by such Contract and applicable prevailing wage laws, rules, and rates specified by regulation thereunder, then this obligation shall be null and void; otherwise it shall remain in full force and effect.

The Surety hereby waives notice of any alteration or extension of time made by the Owner.

Whenever Contractor shall be, and declared by Owner to be, in default under the Contract, the Owner having performed Owner's obligations thereunder, the Surety may promptly remedy the default, or shall promptly:

1) Complete the Contract in accordance with its terms and conditions, or

2) Obtain a bid for submission to Owner for completing the Contract in accordance with its terms and conditions, and upon determination by Owner and Surety of the lowest responsible bidder, arrange for a Contract between such bidder and Owner, and make available as work progresses (even though there should be a default of a succession of defaults under the Contract or Contracts of completion arranged under this paragraph) sufficient fund to pay the cost of completion less the balance of the Contract price, but not exceeding, including other costs and damages for which the Surety may be liable hereunder, the amount set forth in the first paragraph hereof. The term "balance of the Contract price", as used in this paragraph, shall mean the total amount payable by Owner to Contractor under the Contract and any amendments thereto, less the amount properly paid by Owner to Contractor.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

Any suit under this bond must be instituted before the expiration of two (2) years from the date on which final payment under the Contract falls due.

No right of action shall accrue on this bond to or for the use of any person or corporation other than the Owner named herein or the heirs, executors, administrators, or successors of Owner.

SAMPLE LABOR AND MATERIAL PAYMENT BOND

KNOW ALL PERSONS BY THESE PRESENT, that we,

_____

_____

as Principal, hereinafter called Contractor, and _____

_____

a Corporation, organized under the laws of the State of _____

and authorized to transact business in the State of Missouri, as Surety, hereinafter called Surety, are held and firmly bound unto the County of Boone, Missouri, as Obligee, hereinafter called Owner, for the use and benefit of claimants as herein defined, in the amount of

_____Dollars,

($_____), for the payment whereof Contractor and Surety bind themselves, their heirs, executors, administrators, successors, and assigns jointly and severally, firmly by these presents:

WHEREAS, Contractor has, by written agreement dated _____entered into a Contract with Owner for:

Project Name: _____

Project No.: _____

in accordance with specifications and/or plans prepared by the County of Boone which Contract is by reference made a part hereof, and is hereinafter referred to as the Contract.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION is such that the Contractor shall promptly make payments to all claimants as hereinafter defined, for all labor and material used or reasonably required for use in the performance of the Contract, then this obligation shall be void; otherwise, it shall remain in full force and effect, subject, however, to the following conditions.

A. A claimant is defined as one having a direct contract with the Contractor or with a subcontractor of the Contractor for labor, material, or both, used or reasonably required for use in the performance of the Contract; labor and material being construed to include the part of water, gas, power, light, heat, oil, gasoline, telephone service, rental, or equipment directly applicable to the Contract.

B. The above named Contractor and Surety hereby jointly and severally agree with the Owner that every claimant as herein defined, who has not been paid in full before the expiration of a period of ninety (90) days after the date on which the last of such claimant's work or labor was done or performed, or materials were furnished by such claimant, may sue on this bond for the use of such claimant, prosecute the suit to final judgment for such sum or sums as may be justly due claimant, and have execution thereon. The owner shall not be liable for the payment of any costs or expenses of any such suit.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

C. No suit or action shall be commenced hereunder by any claimant:

1. Unless claimant, other than one having a direct Contact with the Contractor, shall have given written notice to any two of the following: The Contractor, the Owner, or the Surety above named, within ninety (90) days after such claimant did or performed the last of the work or labor, or furnished the last of the materials for which said claim is made, stating with substantial or furnished the last of the materials for which said claim is made, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were furnished, or for whom the work or labor was done or performed. Such notice shall be served by mailing the same by registered mail or certified mail, postage prepaid, in an envelope addressed to the Contractor, Owner, or Surety, at any place where an office is regularly maintained for the transaction of business, or served in any manner in which legal process may be served in the state in which the aforesaid project is located, save that such service need not be made by a public officer.

2. After the expiration of one (1) year following the date on which Contractor ceased work on said Contract, it being understood, however, that if any limitation embodied in this bond is prohibited by any law controlling the construction hereof, such limitation shall be deemed to be amended so as to be equal to the minimum period of limitation permitted by such law.

3. Other than in a state court of competent jurisdiction in and for the County or other political subdivision of the state in which the project, or any part thereof, is situated or in the United States District Court for the district in which the project, or any part thereof, is situated, and not elsewhere.

D. The amount of this bond shall be reduced by and to the extent of any payment or payments made in good faith hereunder, inclusive of the payment by Surety of Mechanic's Liens which may be filed on record against said improvement, whether or not claim for the amount of such lien be presented under or against this bond.

IN TESTIMONY WHEREOF, the Contractor has hereunto set their hand and the Surety caused these present to be executed in its name and its corporate seal to be affixed by its Attorney-in-Fact at

GENERAL SPECIFICATIONS

GENERAL SPECIAL PROVISIONS: Except as may be otherwise provided for by the **General Specifications**, **Technical Specifications**, and **Special Provisions**, the work shall be done in accordance with the **Boone County Roadway Regulations Chapter II** or the **MoDOT Standard Specifications**. Said Specifications are part and parcel of this Contract and are incorporated in this Contract as fully and effectively as if set forth in detail herein.

When an item is the subject of both the **Boone County Roadway Regulations Chapter II** and the **MoDOT Standard Specifications**, the **Boone County Roadway Regulations Chapter II** will govern the work.

SECTION 1. - DEFINITIONS

The following changes shall be made to Section 101. Definitions. and shall apply each time they occur in the "Missouri Standard Specifications for Highway Construction Current Edition" hereinafter the **MoDOT Standard Specifications**.

A. Owner: Shall mean the County of Boone as contracting agency acting by and through any of its authorized representatives.

B. Commission: Shall mean the Boone County Commission.

C. Engineer: Shall mean the Director of the Boone County Resource Management Department acting by and through any of his authorized representatives.

SECTION 2. - PROPOSAL REQUIREMENTS AND CONDITIONS

2.1 Interpretation of Proposed Quantities. The quantities appearing in the bid schedule are prepared for the comparison of bids and will be the basis for final payment to the Contractor, except where final measurements are to be made, as hereinafter provided. Payment will not be made for any work that does not meet with the approval of the Engineer. The scheduled quantities of work to be done and materials to be furnished may be increased, decreased, or omitted as hereinafter provided.

The Contractor agrees that he is fully informed regarding all of the conditions affecting the work to be completed, and labor and materials to be furnished for the completion of this Contract, and that his information was procured by personal investigation and research and not from any estimates of the Engineer; and that he will make no claims against the County by reason of estimates, test, or representation of any officer, agent, or employee of the County or the Engineer.

2.2 Proposal Guaranty. Each proposal shall be accompanied by a proposal guaranty. The character and the amount of the proposal guaranty to be furnished by Bidders shall be stated in the proposal for each project. The proposal guaranty shall be executed by some surety company authorized to do business in the State of Missouri, as a guarantee on the part of the Bidder that if his bid be accepted, he will within ten days after receipt of notice of such acceptance, enter into a contract and furnish a contract bond to do the work advertised; and, in case of default, forfeit such proposal guaranty.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

2.3 Delivery of Proposals. Each proposal shall be submitted in a sealed envelope marked clearly to indicate its contents. All proposals shall be filed prior to the time and at the location specified in the Notice To Bidders. Proposals received after the time for opening of bids will be returned to the bidder unopened.

SECTION 3 - AWARD AND EXECUTION OF CONTRACT

3.1. Award of Contract. The Contract shall be awarded by the Boone County Commission and confirmed by a Commission Order to the lowest responsible Bidder within a reasonable length of time after opening of bids. The responsibility of the Bidder shall be determined by the Boone County Commission who will base its decision on, among other things, bidder's qualifications, previous work, and financial standing. The successful Bidder will be notified in writing, mailed to the address shown on the proposal, that his bid has been accepted and that he has been awarded the contract.

SECTION 4 - SCOPE OF WORK – This section has been left blank.

SECTION 5 - CONTROL OF WORK

5.1. Cooperation by Contractor. The Contractor will be supplied with four sets of approved plans and contract assemblies including special provisions. One set of approved plans and contract documents including special provisions shall be kept available on the job at all times.

5.2. Authority and Inspection. The Engineer has direct charge of the engineering details of each construction project. The Engineer has the authority to reject defective material and to suspend and reject any work that is being improperly performed.

5.3. Claims for Adjustment. If any conditions arise which in the Contractor's opinion will require him to make any claims or demands for extra or additional compensation above that fixed by the contract, or on which he contemplates bringing claims for such extra compensation, he shall promptly and before incurring any expenses, notify in writing the Engineer of the conditions and circumstances and that he proposes to make such claims. The Contractor agrees that any claims made without such advance notice, and not presented in such a way as to enable the Engineer to observe conditions as they occur and to verify expenses as they occur and to determine with certainty the correctness of such claims and of the expenses involved, are waived and shall be null and void. No extra compensation shall be awarded in any event without prior written approval of the County.

5.4. The Engineer will set initial field control consisting of bench marks and control monuments. The Contractor shall be responsible for the preservation of all bench marks and control monuments, and if any of these bench marks or control monuments are carelessly or willfully destroyed or disturbed, the cost of replacing them may be charged to the Contractor. These bench marks and control monuments will constitute the initial field control by and in accordance with which the Contractor shall establish other necessary controls and perform the work in the correct position to correspond to the information shown on the plans and given by the Engineer during the progress of the work. Elevations shown on the plans and referred to in the specifications are based on the bench marks shown. The Contractor shall employ competent personnel for making position, gradient, and alignment determinations and measurements.

SECTION 6 - CONTROL OF MATERIAL

6.1. Inspection and Certification. Unless otherwise specified, all materials shall be subject to visual inspection and job control test, as determined by the Engineer, and shall be certified by the Supplier that the material supplied conforms to the requirements of these specifications. All certifications shall make reference to the specific project and shall contain the Supplier's name and address.

6.2. Samples, Tests, and Cited Specifications. The Contractor shall submit certifications and substantiating test reports, furnished by the Supplier or Fabricator, certifying that material and manufacturing procedures conform to the specifications. All sampling and testing required by the specifications shall be performed by the Supplier in accordance with these specifications, and the results shall be signed, sealed and stamped according to laws related to professional engineers. There shall be no direct charge to the Owner for materials taken as samples, either for field tests or for laboratory tests. If a specification of a recognized national standard agency (ASTM, AASHTO, AWWA, AWS, etc.) is designated the material may, unless otherwise specified, meet either the designated specification or the latest revision thereof in effect at the time of letting of the contract.

SECTION 7 - LEGAL RELATIONS AND RESPONSIBILITY TO THE PUBLIC

Safety Provisions. Safety on the job is the Contractor's sole responsibility. The Contractor is responsible for proper barricades and/or fences to prevent injury to his or other personnel or the public, and shall leave such barricades and/or fences in place at any time he must be absent from the job site.

SECTION 8 - PROSECUTION AND PROGRESS

8.1. Except in connection with the safety or protection of persons or the Work or property at the site or adjacent thereto, and except as otherwise indicated in the contract documents, all Work at the site shall be performed during regular working hours, and the Contractor will not permit overtime work or the performance of Work on Saturday, Sunday or any legal holiday without Owner's written consent given after prior written notice to the Engineer.

8.2. Contractor shall notify the Engineer a minimum or forty-eight hours in advance of intent to perform Work.

SECTION 9 - MEASUREMENT AND PAYMENT

9.1. The Engineer will make payment estimates on or about the 1st and the 15th of each month of the work performed and the value thereof at the contract unit prices. The proper percentage with relation to completion will be allowed for all incomplete items.

9.2. No payments will be made on account of materials not yet incorporated into the work.

9.3. From the total amount of work items of each estimate, there will be deducted the percentage as provided in the Payments section of the Contract Conditions. The retained percentage will be released as provided in Section 9.13. The net amount due on the estimate will be certified to the County for payment. This method of retained percentage does not apply to work involving the planting of tree, shrubs and other plants.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

9.4. Payment may be withheld or nullified in whole or part to such extent as may be necessary to protect the County from loss on account of:

a. Failure to properly submit material certifications and substantiating test reports required under Section 6.1. and Section 6.2.

b. Failure to properly submit certified copies of labor payrolls required under Section 10.

c. Defective work not remedied.

d. Failure of the Contractor to properly make payment to suppliers or subcontractors for material and/or labor.

e. A reasonable doubt that the contract can be completed for the balance then unpaid.

f. Damage to another Contractor.

9.5. If the plans have been altered or when disagreement exists between the Contractor and the Engineer as to the accuracy of the plan quantities, either party has the right to request a recomputation of contract quantities of excavation within any area by written notice to the other party. The written notice shall contain evidence that an error exists in the original ground line elevation or in the original computations which will materially affect the final payment quantity. If such final measurement is required, it will be made from the latest available ground surface and the design section.

9.6. Borrow quantities will not be measured. If additional fill material is required for the construction of embankment or for other proportions of the work, it shall be located, furnished, and hauled by the Contractor as necessary, and will be considered incidental to the portion of work. The Contractor shall be responsible for obtaining all necessary permits. No direct payment for locating, furnishing, hauling additional fill material or obtaining permits will be made.

9.7. Measured quantities of excavation will be used where the ground elevations show on the plans are found to be erroneous. No revision of contract quantities will be made if the actual ground elevations are considered to agree generally with the ground line shown on the plans. Where the Engineer authorizes a change in grade, slope, or typical section affecting the volume of excavation allowed for payment, the revised volume will be determined by the average end area method on the basis of the revised grade, slope, or typical section. Where unauthorized deviations result in a decrease in the contract quantities, the deviations will be measured and deducted from the contract quantity.

9.8. This section has been left blank
9.9. This section has been left blank
9.10. This section has been left blank
9.11. This section has been left blank

9.12. Payment for the removal and replacement of any unsuitable material will be at the contract unit price for additional depth dig-out repair.

9.13. Release of Retained Percentages:

9.13.1. Prior to any release of retained percentage the Contractor shall file with the County the following:

a. An affidavit, to the effect that all payments have been made and all claims have been released for all materials, labor, and other items covered by the contract bond;

b. Written consent of the surety to such payment;

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

c. Any other documents which may be required by the contract or the Engineer.

9.13.2. Each Contractor and Subcontractor shall file with the County, upon completion of the project and prior to final payment thereof, an affidavit stating that he has fully complied with the provisions and requirements of the Prevailing Wage Law and OSHA Training Requirements.

9.13.3. When the work has been completed and certified by the County, a final estimate will be executed and submitted, which will provide payment to the Contractor for the entire sum due him as set forth in these Specifications, including the amount previously retained by the County. All prior partial estimates and payments shall be subject to correction by the County in this final estimate and payment.

SECTION 10 - MATERIAL AND WORKMANSHIP

All materials provided by Contractor shall be new material of high quality which shall give long life and reliable operation. The workmanship shall be of high quality in every detail.

SECTION 11 - STATE WAGE RATE REQUIREMENTS

11.1. The Contractor and all Subcontractors shall maintain books, accounts, ledgers, invoices, drafts, documents, pages and other business records pertaining to the performance of the Contract with such materials available at the Contractor's field or permanent business offices at all reasonable times during the performance of the Contract and for four years from the date of final payment under the contract, for inspection by authorized representatives of the County and the Industrial Commission of Missouri.

11.2. The Contractor and all Subcontractors shall be required to submit to the Engineer one certified copy of labor payrolls and a weekly statement of compliance (Form WH-347) for each week that work is in progress, within seven days of the payment date of the payroll. If work is temporarily suspended, the last payroll shall be marked appropriately to note that it will be the last payroll until work is resumed.

11.3. The Contractor shall be responsible for the submittal of payrolls and certifications for all subcontractors.

11.4. The County will spot-audit payrolls consistent with its obligations under state law, and Contractor shall promptly address any issues and/or provide additional information upon request by County to ensure compliance with the Prevailing Wage Law.

11.5. The contracts for construction projects require that certain information be displayed in a conspicuous place within the project limits for the duration of the contract. The following is a list of required information to be posted both on the project and in the Owner's office:

a. In the Owner's office:

1. Missouri Equal Employment Opportunity Notice.
2. PR-1022, Title 18, Section 1020, Notice on False Statements.

b. On the Project:

1. State Wage Rates Notice.
2. PR-1022, Title 18, Section 1020, Notice on False Statements.
3. Contractor's and Subcontractor's EEO Policy Statements and name, address and telephone number of designated EEO Officers.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

4. Notice to Labor Unions of Contractors commitment to EEO (if applicable).
5. Notice requesting referral of minorities by present employees.

11.6. The Owner's personnel will generally conduct one wage rate interview on each project every two weeks. Labor interviews are not required on railroad and other utility adjustments. The interviewer will determine the employee's name, the employer's name, the classification of the employee, the actual wage paid, and the posted wage.

SECTION 12 - SPECIFICATIONS AND PLANS

The Contractor shall keep at the job-site a copy of the plans and specifications and shall at all times give the County and the Engineer access thereto. Anything mentioned in the specifications and not shown on the plans, or shown on the plans and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both. In any case of discrepancy between the plans and the specifications, the matter shall be promptly submitted to the Engineer, who shall promptly make a determination in writing. Any adjustment or interpretation by the Contractor without this determination shall be at the Contractor's own risk or expense. The Engineer shall furnish from time to time such detail plans and other information as may be considered necessary, unless otherwise provided.

SECTION 13 - PROTECTION OF WORK

The Contractor shall take all necessary steps to protect his own workers, the utility personnel, and the public from unnecessary danger or hazard during the prosecution of this work. Danger signs, warning signs, flares, lanterns, railings, barriers, sheeting, shoring, etc., shall be erected to prevent accidents from construction, falling objects, rotating machinery, electric lines and other conditions which might prevent unusual hazard.

SECTION 14 - OVERHEAD LINE PROTECTION

The Contractor shall ascertain the presence and location of utilities within the work area. The Contractor shall notify and coordinate the utility that may be affected by the work.

The Contractor is aware of the provisions of the Overhead Power Line Safety Act, 319.075 to 319.090 RSMo, and agrees to comply with the provisions thereof. Contractor understands that is its their duty to notify any utility operating high voltage overhead lines and make appropriate arrangements with said utility if the performance of contract would cause any activity within ten feet of any high voltage overhead line. To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, officers, agents, and employees from and against all claims, damages, losses and expenses (including but not limited to attorney's fees) arising by reason of any act or failure to act, negligent or otherwise, of Contractor, of any subcontractor (meaning anyone, including but not limited to consultants having a contract with contractor or a subcontract for part of the services), of anyone directly or indirectly employed by contractor or by any subcontractor, or of anyone for whose acts the contractor or its subcontractor may be liable, in connection with any claims arising under the Overhead Power Line Safety Act. Contractor expressly waives any action for Contribution against the County on behalf of the Contractor, any subcontractor (meaning anyone, including but not limited to consultants having a contract with contractor or a subcontract for part of the services), anyone directly or indirectly employed by contractor or by any subcontractor, or of anyone for whose acts the contractor or its subcontractor may be liable, and agrees to provide a copy of this waiver to any party affected by this provision.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

SECTION 15 - OSHA Program Requirements

The Contractor is familiar with the requirements of 292.675 RSMo. The Contractor shall provide a ten-hour Occupational Safety and Health Administration (OSHA) construction safety program for their on-site employees, subcontractors or others acting on behalf of Contractor on-site which meets the requirements of 292.675 RSMo.

The Contractor and each subcontractor shall keep accurate records of those employees who are working on-site and a record of each such employee's completion of the OSHA program, and certify compliance by affidavit at the conclusion of the project.

The Contractor shall forfeit as a penalty to the County the sum of Two Thousand Five Hundred Dollars ($2,500.00) plus One Hundred Dollars ($100.00) for each employee employed by the Contractor or subcontractor, for each calendar day, or portion thereof, such employee is found to be employed in violation of 292.675 RSMo. Said amounts shall be withheld from all sums and amounts due under this provision when making payments to the Contractor.

SECTION 16 - REPAIRS AND/OR REPLACEMENT OF DEFECTIVE PORTION

The Contractor shall be responsible for a period of one year from and after the date of final acceptance by the County of the work covered by this Contract, for any repairs or replacements caused by defective materials, workmanship or equipment which, in the judgment of the Engineer, shall become necessary during such period. The Contractor shall undertake with due diligence to make the aforesaid repairs and/or replacements within ten days after receiving written notice that such repairs or replacements are necessary. If the Contractor should neglect to begin such repairs or replacements within this period or in case of emergency, where, in the judgment of the Engineer, delay would cause serious loss or damage, the repairs and/or replacements may be pursued by the County and charged to the Contractor.

SECTION 17 - INTERFERENCE

All work scheduled by the Contractor shall be planned with the consent of the Engineer and shall not in any way interfere with any utility, highway, railroad, or private property unless consent is given by an authorized representatives or the County.

SECTION 18 - METHOD OF PAYMENT

The method of payment shall be as stipulated in the section titled "Contract Conditions" and contained elsewhere in these contract documents.

TECHNICAL SPECIFICATIONS

Except as may be otherwise provided for by the **General Specifications**, **Technical Specifications** and **Special Provisions**, the work shall be done in accordance with the **Boone County Roadway Regulations Chapter II or the MoDOT Standard Specifications.**

Said Specifications are part and parcel of this Contract and are incorporated in this Contract as fully and effectively as if set forth in detail herein. When an item is the subject of both the **Boone County Roadway Regulations Chapter II** and the **MoDOT Standard Specifications**, the **Boone County Roadway Regulations Chapter II** shall govern the work.

SECTION 01010 – SUMMARY OF WORK

PART 1 – GENERAL

1.1 PROJECT SCOPE

The project scope is as specified in the Notice to Bidders for this Project.

1.2 RELATED DOCUMENTS

A. Plans and general provisions of Contract, including General Specifications, Technical Specifications and Special Provisions.

B. The Contractor **shall** keep at least one set of the plans and specifications available on the site at all times for construction purposes.

C. The Contractor **shall** keep at least one copy of the **Boone County Roadway Regulations Chapter II** on site at all times for construction purposes.

1.3 CONTRACTOR USE OF PREMISES

A. The Contractor shall comply with all laws, ordinances, rules, and regulations applicable to the work, including Corps of Engineers and Missouri Department of Natural Resources permits when applicable.

B. The Contractor shall confine construction equipment, storage of materials, and the operation of workers to the project site and other areas identified by the Contract Documents.

C. The Contractor shall at all times allow for ingress and egress through the project limits by the public.

D. The Contractor shall keep the site free from accumulated waste materials, rubbish, and other debris during the progress of the work and shall leave the site in equal or better than original condition.

E. The Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall the Contractor subject any part of the work or adjacent properties to stresses or pressures that will endanger it.

F. The means of the work and the safety of the Contractor's employees are solely the responsibility of the Contractor. The Contractor has contractual obligation to comply with all applicable laws and regulations including those of OSHA. At no time will the County take responsibility for either the means of the work or the safety of the Contractor's employees.

1.4 COORDINATION

A. The work shall be constructed to accommodate the continuous ingress and egress to the abutting properties during the construction period. The Contractor shall coordinate the construction schedule and operations with the County.

B. **The Contractor shall prepare a detailed Traffic Control/Phasing Plan if one is not included in the Project Plans and/or Details.** The phasing plan shall minimize times when sections of the roadway are completely closed. Twenty-four hours prior to any complete closure, the Contractor shall provide written notification to the abutting property owners in the immediate area and to the County.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

C. **The Contractor shall notify all utilities that may have facilities in the work area prior to starting work.** If utility services are encountered, the Contractor is responsible to have these services relocated if necessary or repaired if damaged. If a main line utility is in direct conflict to the proposed work, the Contractor shall report the conflict to the Engineer immediately. The Engineer will advise the Contractor how the conflict will be resolved. A direct conflict is defined as the existing utility occupying the exact location where the road is being constructed. Relocation and/or support of utilities which are near the construction location, but not direct conflict, shall be considered incidental to the work.

D. The Contractor shall give the County **4 hour** notice to readiness for all required inspections, tests, or approvals, including startup or activation of system equipment.

E. The Contractor shall restrict hours of operation from 7:00 am to 8:00 pm on Monday through Friday, except in the case of an emergency.

1.5 MEASUREMENT AND PAYMENT

Measurement and payment of the work is outlined in the individual sections of the technical portion of the project specifications and is listed on the bid document. The work will be paid for on a lump sum or unit price basis as designated in the Bid Form. **If work is not directly listed on the Bid Form, it shall be considered incidental to the total project**.

SECTION 01320 – SUBMITTALS

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

This section outlines the submittal procedures, construction progress schedules, proposed product list, shop Plans, product data, Manufacturers' instructions, and Manufacturers' Certifications.

1.2 SUBMITTAL PROCEDURES

A. Transmit each submittal with Contractor's transmittal form.

B. Identify Project, Contractor, Subcontractor or Supplier, pertinent drawing sheet and detail number, and specification section number, as appropriate.

C. Apply Contractor's stamp, signed or initialed, certifying that review, verification of Products required, field dimensions, adjacent construction Work, and coordination of information, is in accordance with the requirements of the Work and Contract Documents.

D. Schedule submittals to expedite the project and deliver to County. Coordinate submission of related items.

E. Identify variations from Contract Documents and Product or system limitations which may be detrimental to successful performance of the completed Work.

F. Provide space for review stamp by County.

G. Revise and resubmit submittals as required. Identify all changes made since previous submission.

H. Distribute copies of reviewed submittals to concerned parties. Instruct parties to promptly report inability to comply with provisions.

I. Contractor shall allow 48 hours in his schedule for submittal review.

J. Non-approved submittals shall be revised and resubmitted following the same procedure as the initial submission.

K. Review and approval or acceptance of a submittal by the County does not relieve the Contractor of his responsibility under the Contract Documents.

1.3 CONSTRUCTION PROGRESS SCHEDULE

A. Submit initial progress schedule at the Pre-construction Meeting. Schedule must be submitted prior to commencement of work.

1. The Contractor shall coordinate all activities on the project;
2. The Contractor shall notify the County 48 hours prior to the start of construction or a major increase/decrease in the work force; and
3. The schedule shall take the form of a horizontal bar chart with a weekly breakdown of each operation or major specification section in chronological order. Alternate project management schedules with equal or greater detail will be allowed.

B. Revise and resubmit schedules with each Application for Payment, identifying changes since previous version.

C. Indicate estimated percentage for completion for each item of work at each submission.

D. Indicate submittal dates required for shop Plans, product data, samples, and product delivery dates.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

1.4 PROPOSED PRODUCT LIST

A. Within 15 days after date of Notice to Proceed, submit complete list of major products proposed for use, with the name of manufacturer, trade name, and model number of each product.

B. For products specified only by reference standards, give manufacturer, trade name, model or catalog designation, and reference standards.

1.5 SHOP PLANS

A. Submit two copies plus a reproducible original to be returned to the Contractor. Submittal of shop Plans requiring preparation by a license engineer or architect shall carry an original seal and signature on the two copies and the reproducible original.

B. After review, reproduce and distribute in accordance with Article on Procedures above and maintain copies of Record Documents required for Contract Close Out.

1.6 PRODUCT DATA

A. Submit three copies plus the required copies to be returned to the Contractor.

B. Contractor shall mark each copy to identify applicable products, models, options, and other data. Supplement manufacturer's standard data to provide information unique to this project.

1.7 MANUFACTURER'S INSTRUCTIONS

A. Submit three copies plus the required copies to be returned to the Contractor.

B. Submit manufacturer's printed instructions for delivery, storage, assembly, installation, start-up, adjusting, and finishing.

C. Identify conflicts between manufacturer's instructions and contract documents.

1.8 MANUFACTURER'S CERTIFICATIONS

A. When specified, submit manufacturer's certification to County for review, in quantities specified for Product Data.

B. Indicate material or product conforms to or exceeds specified requirements. Submit supporting reference data, affidavits, and certifications as appropriate.

C. Certifications may be recent or previous test results on material or product, but must be acceptable to the County.

1.9 SUBMITTAL

A. The followings items shall require submittals:

1. Section 01010-Traffic Control/Phasing Plan: Shop Plans;
2. Section 01570-Erosion Control Fabric: Catalog, Material List, and Certification;
3. Section 01590-Topsoil: Letter stating location of topsoil source;
4. Section 01590-Lime, Fertilizer, Seed and Mulch: Certification;
5. Section 2330 – Aggregate: Certification;
6. Section 02370-Graded Rip Rap: Certification;
7. Section 02630-Pipe Material: Certification;
8. Section 02739-Prime/Tack Coats: Certification;
9. Section 02740-Asphaltic Concrete Mixes/Plant Mix Bituminous Mixes: Certification;
10. Section 02750-Portland Cement Concrete: Certification;

SECTION 01412 – STORMWATER POLLUTION PREVENTION PLAN (SWPPP) COMPLIANCE

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Contractor is responsible for complying with all requirements of the Stormwater Pollution Prevention Plan (SWPPP) for this Project.

1.2 GENERAL

A. Boone County will provide the Stormwater Pollution Prevention Plan (SWPPP) for the Project and the land disturbance permit sign.

B. The Contractor shall be responsible for designating an erosion control inspector for the Project and installing and maintaining the land disturbance permit sign on-site.

C. The Contractor shall be responsible for ensuring the designated erosion control inspector is responsible for:

1. Conducting construction site inspections once per week minimum and within a time period not to exceed 48 hours following any storm event resulting in runoff on site. Written reports of each inspection are required.
2. Reporting any non-compliance findings to the site manager.
3. Updating the SWPPP with modifications to and/or addition of the proposed Best Management Practices (BMPs) that are necessary to prevent sediment/pollution from leaving the construction site.

D. The Contractor shall be responsible for spill controls on the construction site including:

1. Furnishing and storing on-site all appropriate spill cleanup supplies.
2. Posting manufacturer's recommended methods for spill cleanup.
3. Educating all site personnel on spill cleanup procedures and the location of the cleanup supplies and cleanup method information.

E. The Contractor shall be responsible for completing sections of the SWPPP requiring Contractor input prior to construction.

F. The Contractor shall be responsible for completing and signing the General Contractor's Certification section and having each subcontractor fill in and sign the Subcontractor's Certification section of the SWPPP.

G. The Contractor or his designee shall be responsible for attending County provided stormwater or erosion control training sessions that are given during the Project.

H. The Contractor shall be responsible for keeping the SWPPP on-site in a secure location that can be easily accessed with Contractor assistance by Boone County or any other regulatory inspection staff.

I. The Contractor shall be responsible for providing a complete copy of the SWPPP with all amendments and site inspection reports to Boone County at no additional cost when the land disturbance permit is closed out upon final site stabilization.

1.3 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

No measurement of SWPPP Compliance will be made. The Contractor will include all labor and material costs in the Lump Sum bid price for SWPPP Compliance on the Bid Form.

SECTION 01450 – QUALITY CONTROL AND TESTING

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Contractor is responsible for quality assurance, control of the installation of the improvements, field sampling, inspecting and testing services, manufacturers' field services, and reports.

1.2 GENERAL

A. The County shall be allowed access to all parts of the work and shall be furnished with information and assistance, by the Contractor, as required to make a complete and detailed inspection.

B. Control of Materials shall comply with **Section 100** of the **Boone County Roadway Regulations Chapter II.**

1.3 QUALITY ASSURANCE CONTROL OF INSTALLATION

A. It is the Contractor's responsibility to monitor quality control over suppliers, manufacturers, products, services, site conditions, and workmanship to produce work of quality equal or exceeding that specified.

B. The Contractor shall comply with specified standards as defined as the minimum quality for the work.

C. All work shall be performed by persons qualified to produce workmanship of specified quality.

D. The Contractor shall follow manufacturer's recommendations for installation.

1.4 INSPECTION AND TESTING SERVICES

A. The Contractor shall give the County's representative a **4 hour** notice of readiness for all required inspections, tests, or approvals.

B. Testing will conform to the current standard specified to assure quality.

C. **The inspection and testing fees will be responsibility of the Contractor**. There shall be no direct charge to the County for materials taken as samples, either for field tests or for laboratory tests.

SECTION 01500 – TEMPORARY FACILITIES AND CONTROLS

PART 1 – GENERAL

1.1 SECTION INCLUDES

A. Sanitary Facilities: Contractor must follow the rules and regulations of the Department of Natural Resources.

B. Temporary Controls: Barriers, enclosures and fencing, protection of the Work, and water control.

C. Construction Facilities: Access roads, parking, progress cleaning, and project signage.

1.2 BARRIERS

A. The Contractor shall provide barriers to prevent unauthorized entry to construction areas and to protect existing facilities and adjacent properties from damage from construction operations.

B. The Contractor shall provide barricades required by governing authorities for public right of way and for public access to adjacent properties.

C. The Contractor shall provide protection to plant life designated to remain and shall replace damaged plant life.

D. The Contractor shall protect vehicular traffic, stored materials, and structures from damage.

E. The Contractor shall provide fencing at any open excavations that are left unattended and at other locations as necessary to protect the work and the public.

1.3 WATER CONTROL

The Contractor shall grade the site to drain and maintain the excavations free of water. The Contractor shall provide, operate, and maintain pumping equipment.

1.4 ACCESS ROADS

A. The Contractor shall construct and maintain temporary roads accessing the public through the construction area and maintain construction access for unimpeded traffic flow.

B. The Contractor shall provide and maintain access to fire hydrants and keep the hydrants free from obstructions.

C. The Contractor shall provide means of removing mud from vehicle wheels before entering the streets.

D. The Contractor shall arrange for temporary parking areas to accommodate construction personnel. Letter authorizing such action must be submitted to the County.

1.5 REMOVAL OF UTILITIES, FACILITIES, AND CONTROLS

A. The Contractor shall remove temporary above ground or buried utilities, equipment, facilities, materials, prior to substantial completion.

B. The Contractor shall clean and repair damage caused by installation of temporary facilities.

C. The Contractor shall restore the existing facilities used during construction to original conditions.

SECTION 01550 – TEMPORARY TRAFFIC CONTROL

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Contractor is responsible for the placement, maintenance, and removal of traffic control devices required for this Project.

1.2 GENERAL

A. Placement and maintenance of Traffic Control Devices shall conform to **MoDOT Section 616** and the Typical Traffic Control Details provided in the Project Plans and Details.

B. Local traffic shall be continuously maintained on public roadway unless specific permission is granted by the County to close the roadway for a particular operation.

1. If permission is granted for roadway closure, the Contractor shall provide 24 hour notification to the Joint Communications.
2. The Contractor shall notify these entities upon reopening the roadway to traffic.

C. The Contract indicates the minimum requirements for traffic control. The requirements of this specification shall not relieve the Contractor of his responsibility to protect the public.

1.3 MAINTENANCE

The Contractor shall provide a contact responsible for 24-hour maintenance of signage and traffic control devices. Phone numbers for the contact shall be provided to the County.

1.4 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

No measurement of traffic control devices will be made under this Contract. Payment for traffic control devices will be made at the Lump Sum contract price under Traffic Control on the Bid Form. The price shall include all labor and materials required to place, maintain, and remove devices.

PART 2 – PRODUCTS

2.1 MATERIALS

A. Signs, cones, drums, barricades, object markers, flashing arrow panels, channeling devices, lights, and other traffic control devices shall conform to **Part 6** of the **MUTCD**.

B. Flashing Electric Light shall conform to **MoDOT Section 616.2.1**. **(If Required)**

PART 3 – EXECUTION

3.1 GENERAL

A. Placement, removal, and maintenance of Traffic Control Devices shall conform to **MoDOT Sections 616.3 through 616.3.6.**

B. During periods of no work, the Contractor shall provide Type 2 Barricades with Flashing Lights at any open trench abutting the roadway surface at 25-foot maximum centers.

C. Signage for specific construction operations is not listed, but shall be provided by the Contractor in accordance with the **MUTCD**.

SECTION 01570 – EROSION CONTROL

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

This work shall consist of furnishing, installing, maintaining and removing temporary pollution, erosion and sediment control measures; furnishing, installing, maintaining and removing intermediate pollution, erosion and sediment control measures; furnishing and installing permanent erosion control measures; or a combination of all as shown on the Plans or as designated by the engineer.

1.2 GENERAL

A. The Contractor shall exercise effective management practices throughout the life of the project to prevent the discharge of silt or polluted storm water from the construction site. Such practices may involve the construction of temporary berms, dikes, dams, sediment basins, slope drains, and use of temporary mulches, seeding or other control measures necessary.

B. Pollutants such as chemicals, fuels, lubricants, bitumen, raw sewage or other harmful material shall not be discharged on or from the project. Temporary pollution control measures, such as storage and handling of petroleum products and other pollutants, shall be coordinated with temporary, intermediate and permanent erosion control measures that ensure economical, effective and continuous erosion and pollution control.

C. The Contractor shall furnish and install temporary, intermediate and permanent erosion control measures as shown and/or noted on the Plans. The County may require additional erosion control measures to be installed by the Contractor, if needed to adequately prevent the discharge of silt and polluted storm water from the site.

D. Erosion control measures shall comply with the **Boone County Stormwater Ordinance**.

1.3 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

A. No final measurement of erosion control measures will be made. Plan quantity will be used as the basis of compensation unless additional measures are authorized to be installed by the Engineer.

B. Payment for erosion control measures will be included in the contract bid price as follows:

1. Erosion Control paid per Lump Sum as indicated on the Bid Form
2. Erosion Control Blankets paid per installed Square Yard, based on **6.5' width**

C. No measurement of erosion control maintenance will be made under this Contract. Payment will be incidental to Erosion Control.

PART 2 – PRODUCTS

2.1 TEMPORARY BERMS

Materials shall be in accordance with **Section 277** of the **Boone County Roadway Regulations Chapter II**.

2.2 TEMPORARY SLOPE DRAINS

Materials shall be in accordance with **Section 278** of the **Boone County Roadway Regulations Chapter II**.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

2.3 TEMPORARY DITCH CHECKS

Materials shall be in accordance with **Section 279** of the **Boone County Roadway Regulations Chapter II**.

2.4 SEDIMENT BASINS

Materials shall be in accordance with **Section 280** of the **Boone County Roadway Regulations Chapter II**.

2.5 TEMPORARY SILT FENCE

Materials shall be in accordance with **Section 283** of the **Boone County Roadway Regulations Chapter II**.

2.6 TEMPORARY PIPE

Materials shall be in accordance with **Section 284** of the **Boone County Roadway Regulations Chapter II**.

2.7 TEMPORARY SEEDING AND MULCHING

Materials shall be in accordance with **Section 01590 - Restoration** of these Specifications.

2.8 EROSION CONTROL BLANKETS

A. Temporary Blankets: **North American Green S150 Short-Term Blankets**, or approved equal.

B. Light Weight Blankets: **North American Green SC150 Extended-Term Blankets**, **Landlok CS2,** or approved equal.

C. Heavy Weight Blankets: **North American Green C350 Permanent Blankets**, **Landlok 435,** or approved equal.

D. Staples: Wire staples as recommended by the Manufacturer.

PART 3 – EXECUTION

3.1 TEMPORARY BERMS

Installation shall be in accordance with **Section 277** of the **Boone County Roadway Regulations Chapter II**.

3.2 TEMPORARY SLOPE DRAINS

Installation shall be in accordance with **Section 278** of the **Boone County Roadway Regulations Chapter II**.

3.3 TEMPORARY DITCH CHECKS

Installation shall be in accordance with **Section 279** of the **Boone County Roadway Regulations Chapter II**.

3.4 SEDIMENT BASINS

Installation shall be in accordance with **Section 280** of the **Boone County Roadway Regulations Chapter II**.

3.5 TEMPORARY SILT FENCE

Installation shall be in accordance with **Section 283** of the **Boone County Roadway Regulations Chapter II**.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

3.6 TEMPORARY PIPE

Installation shall be in accordance with **Section 284** of the **Boone County Roadway Regulations Chapter II**.

3.7 TEMPORARY SEEDING AND MULCHING

Installation shall be in accordance with **Section 01590 - Restoration** of these Specifications.

3.8 EROSION CONTROL BLANKET INSTALLATION

A. Place seed mix, lime, and fertilizer prior to installing the blankets.

B. Install the blankets per Manufacturer's recommendations including check slots and stapling materials.

C. Install the blankets centered on flow line unless directed otherwise by Boone County.

D. Anchor product so that a continuous contact with the soil surface is maintained.

E. Maintenance: Inspect for erosion or undermining after storm events until vegetation is established. If erosion occurs, pull back that portion of the blanket, add tamped soil, reseed, and re-secure the blankets. If blankets should become damaged or dislocated, repair or replace as necessary.

SECTION 01590 – RESTORATION

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Contractor is responsible for installation of topsoil, lime, fertilizer, seed and mulch as shown and/or noted on the construction Plans and Specifications.

1.2 PERFORMANCE-BASED SPECIFICATION

A. Restoration is a performance-based specification and bid item. The Contractor shall deliver permanent grass cover at a minimum of 70% density over 100% of the seeded area within 60 days of sowing.

B. The seeded areas shall be maintained by the Contractor as necessary to assure permanent grass growth.

C. During the one year correction period, if there are deficient areas where the grass died, where sheet and rill erosion occurred, or where gravel or other deleterious backfill material surfaces, upon notification by the County of such areas, the Contractor shall rework all such areas as necessary to bring the areas into conformance with the Specifications.

D. In the event that upon notification of deficient areas, the Contractor fails to remedy the problems, the County shall have the work completed by other means and shall bill the charge against the Contractor's performance bond.

1.3 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

A. No final measurement of Restoration will be made. Plan quantity will be used as the basis of compensation unless additional restoration areas are authorized to be installed by the Engineer.

B. Payment for Restoration will be paid per installed Acre or Lump Sum as indicated on the Bid Form.

C. Lime, fertilizer and Type 3 Mulch will be considered incidental to Restoration. No separate payment will be made for lime, fertilizer and mulch.

D. No measurement of Topsoil will be made under this Contract. Payment will be incidental to Restoration unless indicated on the Bid Form.

E. Disturbed areas outside of the authorized construction limits shall be restored at the Contractor's expense.

PART 2 – PRODUCTS

2.1 TOPSOIL MATERIAL

A. The source of topsoil material shall be furnished by the Contractor. The County shall approve the topsoil source prior to topsoil placement.

B. Topsoil shall be fertile, friable, and loamy soil of uniform quality, without admixture of subsoil material, and **shall be free** from material such as hard clods, stiff clay, hardpan, partially disintegrated stone, pebbles larger than 1 inch in diameter, and any other similar impurities. Topsoil shall be relatively free from grass, roots, weeds and other objectionable plant material or vegetative debris undesirable or harmful to plant life or which will prevent the formation of suitable seedbed. **A minimum of 2" shall be placed on all disturbed areas unless indicated otherwise in the Plans or Special Provisions.**

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

2.2 LIME

A. Lime shall be pelletized bagged lime or an agricultural lime with not less than 90 percent passing the No. 8 sieve and containing not less than 65 percent calcium carbonate equivalent.

B. Agricultural lime shall be furnished from a source that has been tested and certified in accordance with the Missouri Agricultural Liming Materials Act. The quantity of material required to provide the specified pounds of effective neutralizing material (E.N.M.) per acre shall be determined from the producer or distributor's certification of analysis furnished by the Director of the Missouri Agriculture Experiment Station, Columbia, Missouri in accordance with the Missouri Agricultural Liming Materials Act. The Contractor shall provide a copy of this certification to the engineer prior to application.

C. If agricultural lime is furnished as a bagged product, pelletized or otherwise, with a guaranteed product analysis shown on the bag listing the elemental properties and gradation, the E.N.M. shall be provided to the engineer. Material may be accepted on the basis of bag label analysis.

2.3 FERTILIZER

Fertilizer shall be a standard commercial product which, when applied at the proper rate, will supply the quantity of total nitrogen (N), available phosphoric acid (P_2O_5) and soluble potash (K_2O), required to meet the performance requirements of **Paragraph 1.2** of this Specification Section. Material may be accepted on the basis of bag label analysis or supplier's certification and shall comply with all applicable Missouri fertilizer laws.

2.4 SEEDING MIX

A. Seed shall comply with the requirements of the Missouri Seed Law. Commercially available seed will be permitted, however, the percentages for purity and germination as certified by the supplier shall be subject to the approval of the Engineer.

B. The Contractor shall submit the supplier's certifications to the engineer. Seed may be accepted on the basis of bag labels. If seed is accepted on the basis of bag labels, the Contractor shall retain the bag labels and shall write a letter to the Engineer stating the amount and type of seed.

C. **Permanent Seeding** mixture shall match the existing grass type for each property within the project limits. **No wheat will be allowed as part of the permanent seeding mixture**.

D. **Temporary Seeding** mixture shall be determined by the Contractor as required to adequately perform as a temporary erosion and sediment control measure.

2.5 TYPE 1 MULCH

A. Vegetative mulch consisting of prairie hay or straw from oats, rye, wheat, or barley.

B. Prairie Hay shall consist of any combination of Big Bluestem, Little Bluestem, Indian Grass, Sideoats Grama, and native wildflowers.

C. Mulch shall be free of prohibited weed seed as stated in the Missouri Seed Law and shall be relatively free of all other noxious and undesirable seed.

D. Mulch shall be clean and bright, relatively free of foreign material and be dry enough to spread properly.

2.6 TYPE 3 MULCH

A. Vegetative mulch with overspray consists of Type 1 Mulch as defined in **Section 2.5** of this Specification Section and overspray material consists of virgin wood cellulose fibers or recycled slick paper.

B. Virgin Wood Cellulose Fibers shall be produced by either the ground or cooked fiber process and shall have a moisture content of 15 percent by weight.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

C. Recycled Slick Paper shall be produced from printer's slick paper containing wood cellulose and kaolin clay. Recycled newsprint or cardboard are not allowed, The material shall be free of other materials or filler and shall have maximum moisture content of 8 percent by mass and a pH between 4.5 and 6.5.

D. The overspray shall not contain any germination or growth inhibiting substances.

E. The overspray shall be green in color after application and shall be evenly dispersed and suspended when agitated in water.

F. The overspray shall form an absorbent cover, allowing percolation of water to the underlying soil.

G. The mulch shall be packaged in moisture resistant bags with the net weight of the packaged material plainly shown on each bag.

H. The mulch fibers shall not be water soluble.

PART 3 – EXECUTION

3.1 SEEDBED PREPARATION AND TOPSOIL

A. Avoid preparing the seedbed under excessively wet conditions.

B. The surface on which the topsoil is to be placed shall be free from rills, washes and depressions, and shall conform to the cross section shown on the Plans. It shall be free of all loose rock and foreign material greater 1 inch. The surface shall be loosened with a disk, ripper, chisel, harrow or rake to a minimum depth of 2 inches just prior to being covered with topsoil.

C. Topsoil shall be placed and spread to a minimum depth as specified in **Paragraph 2.1.B** of this Specification Section after settling over all disturbed areas not being paved. After spreading, all large clods and foreign material shall be removed by the Contractor.

3.2 LIME

A. Lime should be applied per soil test recommendations. Soils with a pH of six or higher need not be limed.

B. When soil tests are not available, lime shall be applied evenly at a rate determined by the Contractor to meet the performance requirements of **Paragraph 1.2** of this Specification Section.

C. Lime shall be thoroughly mixed into the soil to a minimum depth of 3 inches no more than 48 hours before the seed is sown unless authorized by the engineer.

3.3 FERTILIZER

A. Fertilizer should be applied per soil test recommendations.

B. When soil tests are not available, the Contractor shall determine the fertilizer grade and spread rate necessary to meet the performance requirements of **Paragraph 1.2** of this Specification Section.

C. Fertilizer shall be applied evenly and thoroughly mixed into the soil to a minimum depth of 3 inches no more than 48 hours before the seed is sown unless authorized by the engineer.

D. Lime and fertilizer shall be applied separately, but may be incorporated into the soil in one operation.

3.4 SEEDING

A. **Permanent Seeding** mix shall be applied evenly at a rate determined by the Contractor to meet the performance requirements of **Paragraph 1.2** of this Specification Section**.**

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

B. **Temporary Seeding** mix shall be applied evenly at a rate determined by the Contractor as required to adequately perform as a temporary erosion and sediment control measure.

C. Apply seed evenly with a broadcast seeder, drill, cultipacker seeder, or hydroseeder. Plant seed ¼ to ½ inches deep.

D. Harrow, rake, or drag a chain to lightly incorporate broadcast seed. Mulch all seeded areas.

E. Maintenance: Check seeding within 4 to 6 weeks of planting to determine if stands are of adequate thickness. Fertilize, reseed, and mulch bare and sparse areas.

3.5 TYPE 1 AND TYPE 3 MULCH APPLICATIONS

A. All mulch shall be distributed evenly over the areas to be mulched within 24 hours following seeding operations.

B. Following mulching operations, precautions shall be taken to prohibit foot or vehicular traffic over the mulched areas.

C. Type I Mulch shall be applied evenly at a rate determined by the Contractor to meet the performance requirements of **Paragraph 1.2** of this Specification Section.

D. Type 3 Mulch overspray shall be hydraulically applied over the vegetative mulch as a separate operation at a rate determined by the Contractor to meet the performance requirements of **Paragraph 1.2** of this Specification Section.

E. Overspray mulch shall be mixed with water in a manner to provide a homogeneous slurry. The slurry mix shall be agitated during application to keep the ingredients thoroughly mixed.

F. Maintenance: Any mulch that is displaced shall be replaced after the damaged area has been restored.

SECTION 01600 – PRODUCT REQUIREMENTS

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

This section includes product descriptions, product transportation and handling, and product storage and protection.

1.2 PRODUCT DESCRIPTION

A. Products mean new material, machinery, components, equipment, fixtures, and system forming the work. It does not include machinery and equipment used for preparing, fabricating, conveying, and erecting of the work. Products may also include existing materials or components required for reuse.

B. Do not use materials and equipment removed from existing premises, except as specifically permitted by the Contract documents.

1.3 TRANSPORTATION AND HANDLING

A. Transport and handle products in accordance with Manufacturer's instructions.

B. Promptly inspect shipments to assure that products comply with requirements, quantities are correct, and products are undamaged.

C. Provide equipment and personnel to handle products by methods to prevent soiling, disfigurement, or damage.

1.4 STORAGE AND PROTECTION

A. Store and protect products in accordance with Manufacturer's instructions, with seals and labels intact and legible. Store sensitive products in weather-tight, climate controlled enclosures.

B. For exterior storage of fabricated products, place on sloped supports, above ground.

C. Provide off-site storage and protection when site does not permit on-site storage or protection.

D. Cover products subject to deterioration with impervious sheet covering. Provide ventilation to avoid condensation.

E. Store loose granular materials on solid flat surfaces in a well-drained area.

F. Provide equipment and personnel to store products by methods to prevent soiling, disfigurement, or damage.

G. Arrange storage of products to permit access for inspection. Periodically inspect to assure products are undamaged and are maintained under specified conditions.

SECTION 01720 – CONSTRUCTION STAKING

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Contractor is responsible for the detailed construction staking required to construct all improvements shown on the Plans.

1.2 GENERAL

A. Boone County will provide the horizontal and vertical survey control points shown on the Plans. The Contractor shall be responsible for maintaining all survey control points throughout the project. The Contractor shall reimburse Boone County to replace control stakes that are damaged or destroyed after construction has begun.

B. The Contractor shall be responsible for retaining the services of a Professional Land Surveyor, licensed to practice in the State of Missouri, to provide construction staking necessary to assure that construction of the proposed improvements is occurring in the correct location.

C. The Contractor shall be responsible for retaining the services of a Professional Land Surveyor, licensed to practice in the State of Missouri, to replace any property corner monuments, monuments associated with the United States Public Land System, or survey related monuments that are disturbed during construction. The Contractor shall notify Boone County in writing prior to removal or disturbance of any such corners or monuments.

1.3 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

No measurement of Construction Staking will be made. The Contractor will include all labor and material costs in the Lump Sum bid price for Construction Staking on the Bid Form.

SECTION 01780 – PROJECT CLOSEOUT

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

This section outlines the procedures for pre-final inspection, final inspection and final acceptance.

1.2 PRE-FINAL INSPECTION

A. When the Contractor considers the entire work to be complete in accordance with the Contract Documents and ready for its intended use, the Contractor shall notify the County in writing that the entire work is complete and request a Pre-Final Inspection from the County.

B. Upon receipt of the written request, the County will schedule a Pre-Final Inspection to be held at the construction site with the County Inspector(s), County Project Manager and Contractor representatives present. The work will be inspected and any remaining punch list items will be discussed and agreed to by both parties.

C. Following the Pre-Final Inspection, the County will issue a written response to the Contractor indicating one of the following:

1. The County agrees the entire work is complete.
2. The County does not consider the entire work to be complete and ready for its intended use based on the reasons given in the response. The Contractor will then need to complete the specified items and request another Pre-Final Inspection.

D. Contract Time will not be charged between the day after the date of the Pre-Final Inspection request and the date of the County's written response following the Pre-Final Inspection. Contract Time will resume on the day after the date of the County's written response and continue until the date of the Contractor's written request for Final Inspection unless indicated otherwise in the County's response.

1.3 FINAL INSPECTION

A. When the Contractor considers the entire work to be complete, including all punch list items identified in the Pre-Final Inspection, the Contractor shall make a written request to the County for a Final Inspection.

B. Upon receipt of the written request, the County will schedule a Final Inspection to be held at the construction site with the County Inspector(s), County Project Manager and Contractor representatives present. The work will be inspected and any punch list items will be discussed and agreed to by both parties.

C. Following the Final Inspection, the County will issue a written response to the Contractor indicating one of the following:

1. The County agrees the entire work is complete.
2. The County does not consider the entire work to be complete based on the reasons given in the response. The Contractor will then need to complete the specified final inspection punch list items and request another Final Inspection.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

D. Contract time will not be charged between the day after the date of the Final Inspection request and the date of the County's written response following the Final Inspection.

1. If the County agrees the entire work is complete, Contract Time will stop.
2. If the County identifies final inspection punch list items, the Contract Time will resume on the day after the date of the County's written response and continue until the date of the Contractor's written request for another Final Inspection unless indicated otherwise in the County's response.

1.4 Application for Final Payment

A. Once the County agrees the entire work is complete, the Contractor may make an application for final payment.

B. The application for final payment shall follow all applicable final payment and final documentation procedures described in the Contract Conditions, Sections 9, 11 and 15 of the General Specifications, and any project specific items mentioned in the Special Provisions or at the Pre-Construction Meeting.

SECTION 02220 – REMOVALS

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Contractor is responsible for the removal and disposal of existing materials as shown by the construction plans.

1.2 GENERAL

A. All roadway edges shall be graded to allow for positive drainage from roadway. No shoulder or in-slope shall be allowed to remain higher than roadway unless approved by BCPW.

B. It is the intent that the removals be complete and adequate for the intended purpose. This work shall include the removal of all items, whether in view or hidden underneath the surface of the ground, regardless of whether shown on the Plans or encountered during construction.

C. The Contractor shall comply with all local, state, and federal requirements regarding materials, methods of work, and disposal of excess and waste materials.

D. The Contractor shall erect barriers and shoring to protect personnel, structures, and utilities remaining intact. The Contractor shall protect on-site trees and plants noted on Plans and all off-site trees and plants from damage.

1.3 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

No measurement of removals will be made. The Contractor will include all labor and material costs in the Lump Sum bid price for Removals on the Bid Form.

PART 2 – PRODUCTS (NOT USED)

PART 3 – EXECUTION

3.1 PREPARATION

A. Prior to work under this section, the Contractor shall inspect the entire site and verify with the County all objects designated to be removed or to be preserved.

B. The Contractor shall locate existing utility lines and services traversing the site and determine the requirements for their protection. The Contractor shall preserve in operating condition all active utilities traversing the site.

3.2 CONSTRUCTION LIMITS

A. The Contractor’s operations shall be restricted to areas inside and near the right-of-way and or drainage easements or temporary construction easements as indicated on the Plans.

B. Damage by the Contractor outside the construction easements shall be repaired at no additional expense to the County.

3.3 EXISTING SIGNAGE

The Contractor shall remove all traffic signs in conflict with the work and shall be responsible to replace said signage once work is complete, but prior to opening the road.

SECTION 02230 – SITE CLEARING AND GRUBBING

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Contractor is responsible for the work necessary to clear the site of existing trees, debris, and vegetation as designated in the Plans.

1.2 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

No measurement of site clearing will be made. Removal and disposal of the trees, debris, and vegetation in the construction area or as indicated in the Plans will be included in site clearing. The Contractor will include all labor and material costs in the Lump Sum bid price for Removals.

PART 2 – PRODUCTS (NOT USED)

PART 3 – EXECUTION

3.1 CLEARING AND GRUBBING

A. Clearing and grubbing shall comply with **Section 200** of the **Boone County Roadway Regulations Chapter II**.

B. Removed materials shall be disposed of off the site and not allowed to accumulate on the premises.

SECTION 02300 – EXCAVATION AND EMBANKMENT

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

Providing labor, materials, equipment, and supervision necessary to complete the following:

1. Grade subsoil and conform to grades, contours, and levels as shown on the Plans,
2. Rough grading (excavation and compaction) for roadway and areas designated on the Plans,
3. Cut compaction,
4. Embankment and compaction for fill areas, and
5. Finished grade subsoil.

1.2 SITE COMPACTION TESTING

A. ***All embankment material placed and/or cut compaction areas shall be tested by an independent testing laboratory selected by the Contractor and approved by the Engineer. All payment for costs associated with this testing shall be the Contractor's responsibility and shall be included in the contract Lump Sum price for Compaction Testing on the Bid Form. The independent testing laboratory shall furnish written documentation to the Owner certifying that the embankment placed and/or cut compaction is engineered fill meeting the specified compaction requirements. The written certification shall be prepared and sealed by a Professional Engineer licensed in the State of Missouri***.

B. If tests indicate that compacted materials do not meet specified requirements, the Contractor shall remove defective work and replace at no cost to the County.

1.3 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

A. No final measurement of excavation, cut compaction and embankment will be made. Plan quantity will be used as the basis of compensation unless:

1. Errors are found in the original quantity or surface elevations shown on the Plans;
2. An authorized change is made to the typical section or grade; or
3. Rock is encountered.

B. Payment for all soil excavation shall be included in the contract Cubic Yard bid price for Excavation on the Bid Form and shall include disposal of any excess or unsuitable material.

C. Payment for all cut compaction shall be considered incidental to the bid price for Excavation unless a separate bid item for Cut Compaction is included on the Bid Form.

D. Payment for all fill placement shall be included in the contract Cubic Yard bid price for Embankment and shall include placement of topsoil.

E. Payment for all rock excavation shall be included in the contract Cubic Yard bid price for Rock Excavation on the Bid Form. If a bid price for Rock Excavation is not included on the Bid Form and rock is encountered during construction, a unit price per cubic yard shall be negotiated and approved by Change Order. **To qualify for payment, the County shall be notified immediately if rock is encountered**.

PART 2 – PRODUCTS

2.1 MATERIALS

A. Excavation and embankment materials shall comply with **Section 201** of the **Boone County Roadway Regulations Chapter II**.

B. Cut compaction materials shall comply with **Section 203** of the **Boone County Roadway Regulations Chapter II**.

PART 3 – EXECUTION

3.1 GENERAL

A. Excavation and embankment execution shall comply with **Section 201** of the **Boone County Roadway Regulations Chapter II**. Except that all embankment and cut compaction shall be compacted to 95% of maximum density, obtained at the optimum moisture content, as determined by AASHTO Method T-99-38. Field moisture content shall be within +/- 2% of optimal moisture at time of placement.

B. No backfill material containing rock, debris from rock excavation, or concrete with particle sizes having a maximum dimension larger than 3” shall be placed in the upper 18 inches of the embankment.

C. Cut compaction execution shall comply with **Section 203** of the **Boone County Roadway Regulations Chapter II**.

D. Rock excavation is not anticipated on this Project unless indicated on the Plans or Bid Form. **The County shall be notified immediately if rock is encountered during excavation**.

SECTION 02335 – SUBGRADE

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Work consists of the preparation of subgrade under roadway surface.

1.2 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

All costs pertaining to the preparation and restoration of subgrade shall be considered incidental to Excavation or Embankment.

PART 2 – PRODUCTS (NOT USED)

PART 3 – EXECUTION

3.1 INSTALLATION

Subgrade installation shall comply with **Section 205** of the **Boone County Roadway Regulations Chapter II**.

SECTION 02337 – DIG OUT REPAIR

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Work consists of saw cutting of existing pavement, removal of failed roadway and replacement.

1.2 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

A. All costs pertaining to the preparation and restoration of Dig Out Repair shall be paid by the Square Yard as per the Bid Form.

B. All work will be measured in the field for final quantities.

PART 2 – PRODUCTS

2.1 MATERIALS

A. Materials for base rock shall be Type 2, 1 1/2'" minus in conformance with **Section 210** of the **Boone County Roadway Regulations Chapter II**.

B. Acceptance of quality and size of material may be made by visual inspection at the job site.

C. The woven geotextile fabric shall be a **Mirafi 600X**, **Geotex 315ST,** or approved equal.

D. Materials for Bituminous Base shall be in conformance with **Sections 02739 & 02740 of these Specifications.**

PART 3 – EXECUTION

3.1 INSTALLATION

A. Saw cut area as directed by on-site inspector. **See Plans and Details.**

B. Remove area to a minimum depth of 16" & compact soil/rock.

C. Lay Geotextile fabric over excavated area as per detail.

D. Place 12" of Type 2, 1 ½" minus in conformance with **Section 212** of the **Boone County Roadway Regulations Chapter II** compacted in 6" maximum lifts. When unsuitable materials are encountered below the 16" minimum depth, material shall be removed and replaced with the same aggregrate base and compacted in a maximum of 6" lifts.

E. Place 4" of Bituminous Base, 4" lift maximum on primed base rock as per **Section 225** of the **Boone County Roadway Regulations Chapter II**.

SECTION 02370 – ROCK BLANKET

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Work consists of the installation of rock blankets for erosion control at culvert outlets and other locations as designated on the Plans.

1.2 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

No final measurement of rock blanket will be made. Payment for rock blanket shall be included in the Contract Cubic Yard, Square Yard or Ton bid price for Type 1, Type 2 or 6” x 12” Rock Blanket. The required geotextile fabric will be considered incidental to the rock blanket.

PART 2 – PRODUCTS

2.1 MATERIALS

A. Materials for Type 1 or Type 2 Rock Blanket shall be in conformance with **Section 213** of the **Boone County Roadway Regulations Chapter II**.

B. Materials for 6” x 12” Rock Blanket shall be a standard 6” x 12” graded rip rap or approved equal.

C. Acceptance of quality and size of material may be made by visual inspection at the job site.

D. The required nonwoven geotextile fabric shall be AMOCO 4553, Propex GEOTEX 801, or approved equal.

PART 3 – EXECUTION

3.1 INSTALLATION

A. Excavate to a depth as noted on the plans at each location.

B. Lay geotextile fabric over excavated area.

C. Place rock to the specified thickness, elevation, and extent. Eliminate large voids.

D. Complete the finished surface of the blanket to present an appearance free from segregation with a proportionate quantity of the larger pieces showing.

E. Installation shall be similar to **Detail 530.03** in the **Boone County Roadway Regulations Chapter II** or as shown on the Plans and Details.

SECTION 02630 – STORM DRAINAGE

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The work consists of the installation of roadway, driveway and storm sewer drainage pipes, culverts and concrete drainage structures.

1.2 SUBMITTALS

Manufacturer's specifications and/or catalog data listing for pipe and special items.

1.3 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

A. Measurement and payment of storm sewer drainage pipe and culvert placement, completed in place, will be made to the nearest foot along the flow line of the pipe for that designated size and material of pipe or culvert. Transitional ditch grading required within 10 feet of the pipe inlet and/or outlet shall be considered incidental to the pipe installation unless noted otherwise on the Plans or in the Special Provisions.

B. Measurement and payment for materials and installation of Type M inlets shall be included in the per Each bid price for the various sizes of Standard Type M Inlet and Type M Inlet With Deflectors as indicated on the Bid Form.

C. Measurement and payment for materials and installation of side opening inlets shall be included in the per Each bid price for the various sizes of Side Opening Inlet as indicated on the Bid Form.

D. Measurement and payment for materials and installation of junction boxes shall be included in the per Each bid price for the various sizes of Junction Box as indicated on the Bid Form.

E. No direct payment will be made for excavation, bedding or backfill of storm sewer drainage pipes and structures or mitering culverts. Rock tickets shall be submitted to inspector for verification of bedding and backfill materials.

PART 2 – PRODUCTS

2.1 MATERIALS

A. Corrugated metal (CMP) storm sewer drainage pipes and culverts shall conform to **Section 260** of the **Boone County Roadway Regulations Chapter II** for the material type and size indicated on the Plans.

Except:

1. ***Aluminized corrugated metal pipes are allowed***.
2. ***All roadway pipes and stormwater pipes shall be polymeric coated or aluminized***.
3. ***Driveway pipes may be zinc coated, aluminized or polymeric coated.***

B. Corrugated metal connecting bands shall be a minimum of 2 feet in length and shall conform to **Section 260** of the **Boone County Roadway Regulations Chapter II**.

C. High density polyethylene (HDPE) storm sewer drainage pipes shall be corrugated with a smooth interior wall and shall conform to **Section 730** of the **MoDOT Standard Specifications**.

D. Reinforced concrete (RCP) storm sewer drainage pipes and culverts shall conform to **Section 260** of the **Boone County Roadway Regulations Chapter II**.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

E. Concrete drainage structures, including Type M Inlets, Side Opening Inlets, Junction Boxes and Reinforced Concrete Boxes, shall conform to **Section 250** of the **Boone County Roadway Regulations Chapter II**.

PART 3 – EXECUTION

3.1 INSTALLATION

A. Corrugated metal (CMP) storm sewer drainage pipes and culverts shall be installed as specified in **Section 260** of the **Boone County Roadway Regulations Chapter II**.

B. High density polyethylene (HDPE) storm sewer drainage pipes shall be installed as specified in **Section 730** of the **MoDOT Standard Specifications**.

C. Reinforced concrete (RCP) storm sewer drainage pipes and culverts shall be installed as specified in **Section 260** of the **Boone County Roadway Regulations Chapter II**.

D. Concrete drainage structures, including Type M Inlets, Side Opening Inlets, Junction Boxes and Reinforced Concrete Boxes, shall installed as specified in **Section 250** of the **Boone County Roadway Regulations Chapter II**.

E. Elevation of pipes and structures should be determined from the Construction Plans. Minimum depth of cover over pipes and pipe bedding and backfill material shall be per the manufacturer's recommendations or as specified on the Plans.

SECTION 02720 – AGGREGATE

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Work consists of the placement of aggregate consisting of Type 1 (Rolled Stone) aggregate base rock on a prepared subgrade; placement of Type 2 (Granular Base) aggregate base rock and placement of Surface Aggregate (Road Rock) as shown on the plans.

1.2 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

A. No final measurement of aggregate base course will be made. Plan quantity will be used as the basis of compensation unless:

1. Errors are found in the original quantity or surface elevations shown on the Plans, or
2. An authorized change is made to the typical section or grade.

B. Payment for all aggregate base course will be included in the contract Square Yard bid price for the type and thickness of Aggregate Base Course on the Bid Form.

C. Measurement of surface aggregates will be as follows: Delivery tickets displaying the net weight of delivered material, weighed by a Certified Scale, will be collected and used as the basis for payment for Surface Aggregate. However, no payment will be made for material placed that exceeds the limits shown on the plans, unless authorization is received by the Engineer prior to placement.

D. Payment for all surface aggregate will be made at the contract per Ton bid price for Surface Aggregate, unless considered incidental to Square Yard bid price of driveway or roadway repairs.

PART 2 – PRODUCTS

2.1 MATERIALS

A. The materials to be used will be Type 1 aggregate base (Rolled Stone) and Type 2 (Granular Base) aggregate, as specified in **Section 210** of the **Boone County Roadway Regulations Chapter II**.

B. Surface Aggregate shall meet standard local quarry's specifications.

PART 3 – EXECUTION

3.1 INSTALLATION

Placement of <u>all</u> aggregates for roads and driveways shall comply with **Section 212** of the **Boone County Roadway Regulations Chapter II**.

SECTION 02739 – PRIME/TACK COATS

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Work consists of the application for prime/tack coats to a prepared surface prior to placement of asphaltic concrete pavement. **Prime coat is required for all Bituminous Base course laid on aggregate base rock unless the Bituminous Base Course lift thickness is greater than or equal to 3-3/4" and the aggregate base rock is wetted prior to the Bituminous Base course installation. Tack coat is required for all lifts unless otherwise directed by inspector or engineer.**

1.2 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

A. No final measurement of prime/tack coat will be made.

B. Payment for all prime/tack coat will be considered incidental to asphaltic concrete pavement.

PART 2 – PRODUCTS

2.1 MATERIALS

The materials and equipment for placement shall conform to **Section 223** of the **Boone County Roadway Regulations Chapter II**.

PART 3 – EXECUTION

3.1 INSTALLATION

Preparation of base and placement of prime coat shall comply with **Section 223** of the **Boone County Roadway Regulations Chapter II** and the **MoDOT Standard Specifications**.

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Work consists of the placement of asphaltic concrete in one or more courses on a prepared base or underlying course in conformity with the line, grade, thickness, and typical cross section as shown on the Plans or described details.

1.2 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

A. Asphaltic concrete pavement will be measured and paid for by the laid Ton or Square Yard bid price for the various types and thickness of pavement as listed on the Bid Form.

1.3 QUALITY CONTROL

A. Contractor shall be responsible to ensure all work meets specifications. No Exceptions

PART 2 – PRODUCTS

2.1 MATERIALS

A. Materials and the composition of mixture for the Plant Mix Bituminous Base Course shall conform to **MoDot Section 401.**

B. Materials and composition for the bituminous material and aggregate for asphaltic concrete shall conform to **MoDot Section 401.**

C. Materials and composition for Surface Asphaltic Concrete Pavement shall conform to **MoDot Section 401.**

PART 3 – EXECUTION

SECTION 02750 – PORTLAND CEMENT CONCRETE PAVING

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The work consists of the placement of Portland cement concrete paving at the width, thickness and locations indicated on the Plans.

1.2 SUBMITTALS

Certifications required shall be Manufacturer's Certification that materials meet specifications requirements and Ready Mix delivery tickets (ASTM C94).

1.3 QUALITY ASSURANCE

A. Compressive strength testing per ASTM C94

B. Thickness Tolerance – Deficiency shall not exceed 1/4 inch.

C. The Contractor will be held responsible for the correct alignment, grade and contour specified. **Any spots higher than one-eighth (1/8) inch in ten (10) feet for concrete pavement shall be ground to the required surface by the Contractor at his own expense**.

1.4 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

A. Final measurement of Portland cement concrete paving shall be made in the field. All areas must be approved by on-site inspector before removal and replacement.

B. Portland Cement Concrete Pavement will be measured and paid for on a Square Yard bid price as listed on the Bid Form.

PART 2 – PRODUCTS

2.1 MATERIALS

A. Concrete used in the construction of portland cement concrete paving shall be **air-entrained with a minimum compressive strength of 4,000 psi at 28 days**, unless otherwise specified. All material, proportioning, air-entraining, mixing, and transporting for Portland cement concrete shall be in accordance with **MoDOT Section 501**. All material shall be in accordance with **MoDOT Division 1000**.

B. Reinforcing steel shall conform to **Section 238** of the **Boone County Roadway Regulations Chapter II**.

C. Joint materials shall conform to **Section 231** of the **Boone County Roadway Regulations Chapter II**.

PART 3 – EXECUTION

3.1 INSTALLATION

A. Placement of Portland cement concrete pavement shall comply with **Section 231** of the **Boone County Roadway Regulations Chapter II**.

B. The temperature of the concrete shall be between sixty (60) and ninety-five (95) degrees Fahrenheit when leaving the ready-mix truck chute.

SPECIAL PROVISIONS

General

1. All construction shall conform to the current edition of Chapter II of the Road, Bridge, and Right of Way Regulations of Boone County, Missouri unless noted otherwise.
2. Construction activities associated with this project shall comply with current OSHA regulations and required safety measures
3. Any lot lines, building setback lines and easement lines are shown for general information purposes only. Refer to the recorded plats for detailed dimensions and information.
4. Contractor shall maintain all construction operations within public easements and rights-of-way. Any agreements with property owners shall be in writing, a copy of which shall be delivered to a Boone County representative.
5. Contractor shall protect permanent survey monuments. Survey monuments removed or damaged during construction shall be restored at the Contractor's expense by a licensed surveyor registered in the State of Missouri.
6. Contractor shall keep a clean and orderly work site. Trash including, but not limited to, aluminum cans, plastic bottles, food wrappers, & odd pieces of construction material shall be collected daily and disposed of properly offsite. Trash shall not be thrown into excavated areas of the project and buried at any time.

Base Bid & Bid Alternate #1

7. The project is divided into a "Base Bid," which includes Ridge Rd., Coyote Hill, Sugar Creek Dr., & Smith Hatchery Rd., from Sta. 12+94.95 to Dothage Rd., and "Bid Alternate #1", which is Smith Hatchery Rd. from Sta. 0+00 to Sta. 12+94.95.
8. The County views the three road project areas that make up the Base Bid as one project and intends to award it as such. The roads and bid items were divided separately to aide in tracking quantities and costs. Though the County plans to award all three roads of the Base Bid, this does not mean the County waives the right to accept or reject any part or parts of the bid as detailed in Term 3 of Appendix B.
9. Bid Alternate #1 requires work to take place in the MKT Trail right-of-way overseen by the State of Missouri. The County has been working with the State to acquire all proper authorizations and permits for construction in this area. If permits are secured, the County intends to award Bid Alternate #1. If not, the County will not award Bid Alternate #1 and construction will end near Sta. 12+94.95 of Smith Hatcher Rd.
10. The bidder must include bid prices for all Base Bid items and all Bid Alternate #1 items or the bid will be considered incomplete and will be rejected.

Prevailing Wage

11. If the quote received for this project for a "major repair" or "construction" of a public work project is $75,000 or less, then the Prevailing Wage Law will **NOT** apply.
12. If the quote received for the project for a "major repair" or "construction" of a public work project is greater than $75,000, then the Prevailing Wage Law **WILL** apply to the entire project.
13. **Special Rule for Change Orders**: If the County accepts a quote for less than $75,000 for a "major repair" or "construction" of a public work project and that project is later subject to a change order that raises the total project price over $75,000, then the vendor shall be responsible for identifying that portion of the work causing charges that are in excess of $75,000 and the Prevailing Wage Law WILL apply to only that portion of the project that is in excess of $75,000.

Utility Coordination

14. The Contractor shall be responsible for making utility locate requests prior to any construction activities.
15. The County has alerted all utility companies to the project and has requested utility companies investigate areas of possible conflict. Coordination is ongoing between the County and the

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

utilities with the goal to conclude any and all known relocation work prior to construction. However, it will still be the responsibility of the Contractor to take all necessary precautions when excavating near marked utilities.

16. If a utility conflict does arise during construction or is called out on the Plans, the Contractor shall be responsible for alerting the utility provider and coordinating with them to resolve the conflict.

Project Timing

17. The contract time for this project will be **75 Working Days**.
18. An early start date for the project shall be May 4, 2026, and a late start date of June 15, 2026**.**

Removals, Roadside Obstructions, Replacement Included

19. Bid item shall include all labor, equipment, and material needed to remove, stockpile, and restore as needed any roadside obstructions to construction. These obstructions may include, but are not limited to, mailboxes, signage, boulders, and retaining wall blocks.
20. If items need to be replaced, replacements shall be done with new materials similar to the original items.
21. Boone County has alerted property owners if their mailbox is in conflict with construction, it shall be removed and will be replaced with a new standard mailbox and wood post upon completion of paving and restoration. The new mailbox and post shall be installed in accordance with the Details in the Plans. If the property owner wishes to salvage their existing mailbox and/or post, they shall be allowed to do so. The Contractor shall coordinate with these owners on timing of removal. These property owners will also be responsible for reinstallation of their box and/or post after construction.
22. If a gang or row of mailboxes is removed, a replacement gang shall be installed using new materials. An appropriate number of posts shall be installed to support a horizontal plank that will hold the same number of mailboxes as the original gang. Standard size mailboxes shall be installed regardless of the original size.
23. Prior to the removal of any mailboxes, the Contractor shall provide temporary mailboxes or gang boxes. All boxes shall be fully enclosed with a door and be clearly labeled with the street name and address number that they represent, with one address per box. Contractor shall coordinate the schedule and locations of temporary mailboxes with the US Postal Service and property owners. If the Contractor uses a standard mailbox for the temporary box during construction, those boxes may be used for the final box given the box is in good working order with no visible damage such as dents and scratches.
24. Bid item shall include all labor, material, and equipment needed to complete all road signage work as called out on the Plans and described in these Special Provisions. This shall include, but not limited to, installing new signs, relocating existing signs, and removing, salvaging, and reinstalling existing signs. Signs shall be installed per Details as shown in the Plans. Existing signs shall be reinstalled in the same location as pre-construction.
25. Bid item shall not include the replacement or repair of mailboxes, signage, and other obstructions damaged due to Contractor accident or negligence.
26. Removal, Curbside Obstructions will not be measured and shall be paid for at the contract Lump Sum bid price.

Project Phasing & Traffic Control

27. Project Phasing & Traffic Control bid item shall include all labor, equipment, and material necessary to plan and execute a Phasing & Traffic Control plan. The Plan shall abide by all items as detailed in these Special Provisions, Plans, and MUTCD.
28. Prior to bidding the County sent postcards to the residents alerting them of the project. Once the project has been awarded, the County will post the anticipated start date online.
29. Prior to the start of construction, the Contractor shall install electronic message boards at the two terminals of the project areas. The two (2) signs shall be installed a minimum of three (3) days prior to construction. Signs shall read, “Road Work Begins --/-- (date) Expect Delays.”

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

30. The Contractor shall be responsible for finding areas to stage and store equipment and materials. Staging and storage will be allowed within the County's public road right-of-way. However, the Contractor shall be responsible for providing and maintaining all signage and traffic control devices to alert road users of storage areas and/or closed or narrow lanes. The Contractor shall not place material or equipment in an area that would block sight distance or create other dangerous circumstances on the road, near driveways, or near intersections. If the Contractor enters into agreements with private property owners to store or stage equipment and materials, the County will not be a party to those agreements, nor will the County be involved in any disputes regarding those agreements.
31. Full road closures will only be allowed for the installation and/or removal of cross road culverts and shall abide by the following requirements. Full road closures shall only be allowed **Monday-Friday from 9:00 a.m. – 3:00 p.m**. The Contractor shall submit to the County a closure schedule and traffic control/detour plan. The Contractor shall be responsible for installing and maintaining all necessary traffic control devices for the closure and detour plan. The closure and detour plan shall be submitted to the County, for approval, no later than 10 business days prior to the plan being implemented.
32. During road construction a minimum of one lane shall be open at all times. The Contractor shall be responsible for all signage and cones necessary for lane closures. If the Contractor chooses to install cross road culverts leaving one lane open, the Contractor shall be responsible for providing, installing, and maintaining road plates or other trench cross devices.
33. The County assumes paving will take multiple days to complete. Therefore, the Contractor shall have on hand and install all necessary temporary signage warning drivers of road conditions that will be left at the end of the day(s). Such signage may include, but not limited to, "Bump" (W8-1), "Pavement Ends" (W8-3), "No Centerline" (W8-12), or "Uneven Lanes" (W8-11).
34. After the installation of the asphalt surface is complete, the Contractor shall install temporary lane marker tabs near the road centerline. Tabs shall be yellow, reflective, and have spacing of 40 feet. The tabs shall be placed so they do not interfere with the future centerline striping. The Contractor will not be required to remove tabs once striping is complete.
35. Traffic Control shall include all equipment, labor, and material needed to develop and execute a Traffic Control & Phasing Plan. This shall include, but is not limited to, all signage, electronic message boards, barricades, delineators, and temporary ramps. Bid item shall also include all labor, equipment, and material needed to maintain temporary access for residents. Traffic Control will not be measured and shall be paid at the contract Lump Sum bid price.

Materials Testing

36. The Material Testing bid item shall include all labor, material, and equipment needed to satisfy the material testing requirements as detailed herein.
37. All asphalt pavement shall be placed and compacted to 92% of the max density as specified in the Job Mix Formula. Density tests, using a calibrated nuclear gauge in accordance with ASTM D 2950-74, shall be conducted on each lift of asphalt pavement. Minimum testing frequency shall be one reading per lane, per 500 feet. A lane shall be defined as a full width paver pass of approximately 11 feet. If density readings fall below 89% or above 97%, work shall be stopped immediately and will not resume until a solution is found and the Contractor can meet the specified density window.
38. Asphalt density tests using a nuclear gauge shall be conducted by a MoDOT certified technician knowledgeable in the procedures of density testing and under the supervision of the County's inspection staff. The technician's credentials and certifications shall be submitted to the County for approval prior to testing taking place. The technician shall supply to the County a written report containing lane tested, lift tested, testing location description, and density testing result. This designated technician(s) shall remain the consistent tester(s) for the project.
39. All payment for costs associated with Material Testing shall be included in the contract Lump Sum bid price.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

Construction Staking

40. Bid item shall include all costs associated with the hiring of a qualified individual or firm to provide survey staking to aid the Contractor in constructing the project per the Plans and Specifications.
41. Upon request, Boone County can provide an electronic copy of the project drawing. However, the County does not assume any liability to the accuracy or completeness of the electronic drawing. If discrepancies exist between the electronic drawing and the signed and sealed paper plans, the plans shall govern. Any party which uses electronic drawings automatically accepts these conditions.
42. Boone County does not currently have a licensed surveyor on staff. Any questions regarding the existing topographical data, monuments, and survey control shall be directed to Matt Thomas with Great River Engineering at 573-606-4674.

Tree Removal

43. Boone County has already contracted the removal of trees and brush believed to be in conflict with the project. However, there may still be an unforeseen need to remove vegetation. Therefore, this Bid item shall include all labor, equipment, and material required for removal and disposal of any tree, overhanging limp, or brush in conflict with the project.
44. All trees and brush removed shall have their stumps cut flush with the ground. If the stump or parts of the stump are in conflict with proposed ditching, those parts shall be removed to a point the conflict no longer exists.
45. All debris from tree removal shall be collected and properly disposed of off site. Debris and or mulch shall not be dumped or scattered into the surrounding ditches, creeks, or landscape.
46. Tree Removal will not be measured and shall be paid at the contract Lump Sum bid price.

Corrugated Metal Pipe (CMP), Aluminized

47. Bid item shall include all labor, equipment, and material required to install all corrugated metal pipe (CMP) culverts as described in the Plans, Details, and these Special Provisions.
48. All CMPs shall be 16 gauge, annular riveted, with Type II Aluminized coating.
49. Bid item shall include all labor, equipment, and material necessary for excavation of trench, and placement of bedding and backfill.
50. Bid item shall also include all equipment, labor, and material needed to remove and dispose of the existing culverts called out for removal on the Plans.
51. All connecting bands shall be 2 feet in length and shall also have Type II Aluminized coating.
52. Item shall be measured and will be paid at the Linear Foot bid price.

Metal Flared End Sections

53. Bid item shall include all labor, equipment, and material required to install metal flared end sections on CMP culverts as called out on the Plans.
54. Metal flared end sections shall have Type II aluminized coating.
55. Bid item shall be measured and will be paid at the per Each bid price.

Rip Rap Blanket

56. Bid item shall include all equipment, labor, and material needed to place 12x12 rip rap at all locations as called out on the Plans. Rip rap blanket shall have a depth of 2 feet.
57. Prior to placement of the rip rap, the Contractor shall install a nonwoven geotextile such as Propex 801 or approved equal. Geotextile shall be considered incidental to this bid item.
58. Bid item shall be measured and shall be paid at the per Cubic Yard bid unit price.

Fencing, Remove & Replace

59. Bid item shall include all equipment, labor, and material needed to remove and replace existing fencing as called out and detailed in the Plans. Bid item will be applicable to all fence types which may include, but are not limited to, 4-strand barbwire, woven wire, wooden corral, and electric.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

60. The Contractor shall try to remove, salvage, and reuse as much of the existing fence components as possible. If new materials are needed, the replacement parts shall be of like material and size to the existing. New fencing shall be constructed per Details and/or match style, spacing, and materials of the existing fence.
61. The Contractor shall be responsible for coordinating with property owners regarding the timing of fence removal and replacement, especially if fence is containing livestock.
62. If the fence is electric, and the Contractor is planning to cut and splice areas of the fence, the number of splices shall be kept to a minimum. If the spliced section of fence is greater than or equal to 400 feet, the Contractor shall install an appropriate bracing system, such as an H-brace, at the two end splices. The installation of any temporary electric fence shall be considered incidental to this bid item.
63. Bid item will be measured and paid for at the contract Linear Foot bid price. Quantities found in the Bid Tab are estimates and any deductions or additions shall be done via change order at the bid unit price.

Fencing, Removal

64. Bid item shall include all equipment, labor, and material needed to remove and dispose of the existing fencing as called out on the Plans.
65. The quantities found in the bid tab are estimates and are considered to be the maximum amount of fence removal. The tree removal contractor is expected to remove a large portion of the fence. However, at the time of this writing the tree removal work has not taken place, therefore the exact quantity of fence removal is unknown but is estimated to be as follows: Ridge Rd. (-4,500 ft), Sugar Creek (-599 feet), and Smith Hatchery (-370 feet). The amount of fence removal shall be measured in the field and will be adjusted via Change Order at the bid unit price.
66. Bid item will be measured and paid for at the contract Linear Foot bid price.

Rough Grading & Widening

67. Bid item shall include all labor, material, and equipment required to bring Ridge Rd., Sugar Creek Rd., & Smith Hatchery Rd. to the proper rough road base width and proper rough grade elevation.
68. The County is proposing the Contractor use a road grader to excavate, widen, and/or fill the existing roadway to establish a proposed rough road base. The rough road base would then be compacted using a 10-ton, vibratory, smooth drum roller in preparation of the road base fill operation to bring the base to finished grade.
69. Minor grading quantities (cut & fill) of the existing gravel road material shall be considered incidental to this bid item. These quantities may include, but are not limited to, cutting down existing road crown and lessening superelevations.
70. The County recognizes there may be cut quantities associated with the widening of the road during rough grading that will require haul off. The County has conducted estimates for these quantities and added them to the Excavation bid item.
71. Planned quantities as found in the Bid Tab were calculated assuming rough grading would occur across the entire finished road base width (24 feet). Planned quantities shall be used for payment, unless actual construction varies significantly. The Contractor or the County may request a change in quantity, but shall justify the change in writing, including an explanation of the method of measurement.

Excavation

72. Bid item shall include all labor, material, and equipment necessary to excavate existing materials in order to construct a widened road base and to establish new ditches.
73. Planned quantities were found by comparing the existing surface to the finished grade surface in CAD with a focus on the “cut” yardage. This initial cut yardage was then increased by an estimated quantity of minor cut assumed during rough grading and road widening.
74. Excavated material shall be disposed offsite and shall not be used as road fill for this project.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

75. Quantities do include an assumed 11 inch thick excavation of material (existing asphalt & base/subgrade) for the placement of road base at both end tie in locations for Sugar Creek Dr.
76. Quantities did not take into account any over excavation that may occur so a layer of topsoil may be placed per Restoration bid item to reach finished grade. It was assumed these quantities would be minor and shall be considered incidental to this bid item.
77. Planned quantities as found in the Bid Tab shall be used for payment, unless actual construction varies significantly. The Contractor or the County may request a change in quantity, but shall justify the change in writing, including an explanation of the method of measurement and finished results of the measurement.

1 ½" Minus Road Base

78. Bid item shall include all labor, equipment, and material needed to install 1 ½" minus road base aggregate to the dimensions and elevations as described in the Plans and these Special Provisions.
79. Road base shall be installed and compacted in lifts not to exceed 8 inch loose thickness. Compaction shall be done with a smooth drum, vibratory roller. Roller size shall be a minimum of 10-tons.
80. Road base shall be installed at -2% to +1% of optimum moisture content and compacted to 95% Standard Proctor Max Dry Density.
81. In areas of road base fill that exceed 18 inches in thickness, the Contractor may substitute in a 2 ½" minus aggregate to start. However, the last 6 inches of the final surface shall be 1 ½" minus. If the Contractor decides to use 2 ½" minus, the tonnage will not be differentiated from the 1 ½" minus tonnage.
82. Planned quantities were calculated from computing the fill cubic yardage between the existing surface to the proposed finished base surface. Areas of base fill were assumed to have 1.5'H:1'V slopes down to the existing surface. The calculated cubic yard were then multiplied by 1.5 tons/CY to get the final quantity.
83. Planned quantities as found in the Bid Tab shall be used for payment, unless actual construction varies significantly. The Contractor or the County may request a change in quantity, but shall justify the change in writing, including an explanation of the method of measurement and finished results of the measurement.

Final Ripping, Grading, & Compaction

84. Bid item shall include all labor, equipment, and material required for the final ripping, grading, and compaction of the constructed road base aggregate.
85. After all road base has been placed, a ripping, grading, and compaction operation shall take place to bring base to finished grade. Ripping shall be done to a depth of 6 inches by a ripper teeth attachment. Base shall then be brought up to optimum moisture content and graded to final elevations before final compaction. Compaction shall be done with a 10-ton, vibratory, smooth drummed roller. Base shall be compacted to 95% Standard Proctor Maximum Dry Density.
86. The Contractor shall be responsible for keeping the base in its finished state until paving takes place. If damages does occur, the Contractor shall be responsible for bringing base back to proper grade and compaction at no additional cost to the County.
87. The County has been treating these roads with Magnesium Chloride. Residual effects from these treatments may be possible.
88. The Contractor shall stay aware of all known and marked utility and culvert crossings. If it seems likely the ripping operation will damage a known crossing, the Contractor shall retract the ripper teeth to pass over the crossing and then continue ripping. If a known crossing is damaged, the Contractor shall be responsible for fixing or replacing at no cost to the County.
89. Planned quantities shall be used for payment, unless actual construction quantities varies significantly. The Contractor or the County may request a change in quantity, but shall justify the change in writing, including an explanation of the method of measurement.

Asphalt Pavement

90. All asphalt pavement mix submittals shall be in accordance with Section 401 of the Missouri Dept. of Transportation Standard Specifications for Highway Construction.
91. The Job Mix Formulas (JMF) submitted for the asphalt used in this job must be reflective of actual material being used and must be no more than 3 years old at time of submittal and must meet requirements of Missouri Dept. of Transportation Standard Specifications for Highway Construction.
92. Recycled Asphalt Pavement (R.A.P.) may be used in the asphalt mixes but shall not exceed 20% of the total mix.
93. Recycled Asphalt Shingles (R.A.S.) will only be allowed in Bit. Base mixes for this project. Amount of RAS shall be in accordance with MoDOT Specifications
94. Contractor is required to use an asphalt paver equipped with a vibratory screed for all work performed under this contract. Said vibratory screed shall be functional, calibrated for the material and conditions of the project, and always turned on during paving operations.
95. The County is expecting the asphalt pavement to be installed in 2 lifts. The first lift shall be a Bituminous Base course that will have a compacted thickness of 3 inches. After tack has been installed, a BP-2 Surface lift shall be constructed with a 2 inch compacted thickness. The final cross slope of the asphalt pavement shall be approximately -2.00%, except in superelevated sections.
96. The asphalt surface course shall be installed in as large of a single operation as possible after application of tack coat to reduce number of transverse joints.
97. Tapered transverse joints shall be constructed at the end of the day. This is to allow traffic to use the road when construction is not taking place. Prior to restarting paving operations, the tapered section shall be removed, and a vertical face joint shall be created where the vertical face equals the lift thickness. Vertical faces may be saw cut or milled. Faces shall then be cleaned and applied with tack coat prior to paving resuming.
98. The milling of any butt joints shall be considered incidental to the asphalt bid item.
99. During installation of the bit. base and surface course, the Contractor shall wing out the asphalt approximately 2 feet from the edge of the road at all driveways and field entrances as called out on the Plans. These wing outs shall extend the width of the existing driveway and shall be tacked and compacted as the rest of the pavement. All work associated with the wing outs shall be considered incidental to the asphalt bid items. The tonnage of the bit. base and surface course were calculated to include the driveway wing outs.
100. The driveway near Sta. 7+80 of Sugar Creek Rd. is an existing asphalt driveway. The Contractor shall determine an appropriate tie in to the existing driveway and make a full depth saw cut in the asphalt. The asphalt shall be removed and base rock shall be installed during the road base install. The transition shall be constructed with each layer of asphalt road layer (ie bit. base and surface). All work for this driveway shall be considered incidental to the road base and asphalt bid items.
101. The Bidder has the option to be bound by the Asphalt Cement Price Index for this project. If the bidder wishes to do so, he shall execute the acceptance statement on the Bid Form. Failure to execute the acceptance statement will be interpreted to mean the bidder wishes not to participate. Greater detail of the Asphalt Index may be found at the end of these Special Provisions.
102. Bid item shall be measured and shall be paid at the contract per Ton bid price.

Tack Coat, Trackless

103. Bid item shall include all labor, material, and equipment needed to place tack coat as per Plans and these Special Provisions.
104. Tack coat used shall be trackless in nature. Trackless tack coat shall be NTQS-1HH, SS-1VH, or approved equal.
105. Tack coat shall be applied between the bituminous base and the asphalt surface.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

106. Tack coat shall be applied via a distributor truck. Truck shall be in good working order and able to apply a complete, uniform coat for the entire application width. Discernable rows (i.e. crop rows) will not be allowed. Contractor will be asked to cease operations, adjust distributor, and reapply tack coat at no additional cost to the County. Application rate for tack coat shall be per manufacturer's recommendations.
107. Vertical faces of all transverse and longitudinal cold joints and milled joints shall receive tack coat.
108. All road surfaces shall be swept or broomed clean of any loose material or debris prior to the placement of tack. Brooming shall be considered incidental to the asphalt paving bid item.
109. Tack coat shall be measured in the field, with final payment being made at the contract Square Yard bid price. Quantities not installed during construction shall be change ordered out of the contract.

Residential Driveway Tie-Ins, Gravel

110. Bid item shall include all material, labor, and equipment necessary to construct gravel transitions from the new paved road surface to existing gravel driveways. This work and item shall be done at each driveway or field entrance as called out on the Plans.
111. The Contractor shall place and compact 1 ½" minus aggregate to construct the transitions.
112. The width of the transition shall be the same as the existing driveway.
113. If possible, the first 3 feet of the transition shall slope away from the road at 4% before transitioning up or down into existing elevations.
114. Bid item will be measured and will be paid at the per Ton bid price.

Side Road Tie-Ins, Gravel

115. Bid item shall include all labor, material, and equipment needed to construct gravel transitions from the new paved road surface to the existing gravel roads as called out on the Plans.
116. The Contractor shall place and compact 1 ½" minus aggregate to construct the transitions.
117. Bid item will be measured and will be paid at the per Ton bid price.

Trail Tie-In, Gravel

118. Bid item shall include all labor, material, and equipment necessary to construct gravel transitions from the new paved road surface to the existing gravel MKT Trail crossing as called out on the Plans.
119. The gradation of gravel used to construct the tie-in shall be the same or similar to the gradation of the existing trail.
120. Bid item will be measured and will be paid at the per Ton bid price.

Restoration

121. Bid item shall include all labor, material, and equipment required to conduct restoration operations as described in these Special Provisions.
122. Restoration shall include the placement of topsoil, followed by fertilizer, seed, and straw mulch on the disturbed areas of the project. These areas may include, but are not limited to, the road shoulders, road ditches, and road slopes.
123. The Contractor may hydroseed with a fertilizer, seed, and mulch mixture in lieu of fertilizer, seed, and straw mulch.
124. Bid item shall be satisfied when vegetation density reaches 70% on all restored areas. If vegetation is not present, the Contractor may be asked to reseed.
125. Bid item will not be measured and shall be paid at the contract Lump Sum bid price.

Erosion Control

126. Bid item shall include all material, equipment, and labor needed to install and maintain erosion control measures as detailed in these Special Provisions and/or mentioned as Best

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

Management Practices (BMPs) in the Stormwater Pollution Prevention Plan (SWPPP). All erosion control measures shall be installed per the manufacturer's recommendations.

127. Maintenance of erosions control measures may include, but is not limited to, removal of trapped/accumulated silt, readjustments, and salvage and reinstallation.
128. Temporary erosion control measures shall be installed immediately after rough ditch grading has been completed for an area. These measures shall remain in place until finished grading and restoration can occur.
129. After restoration, erosion control measures shall be installed and maintained until vegetation has been established. If in good working condition, measures installed after rough grading may be reused after restoration.
130. Bid item will not be measured and shall be paid at the contract Lump Sum bid price.

Centerline Striping, Double Yellow

131. Bid item shall include all equipment, labor, and material necessary to paint pavement markings following paving as detailed in the Plans & these Special Provisions. All work and materials shall be in accordance with the latest edition of the Missouri Standard Specifications for Highway Construction.
132. Marking paint shall be a waterborne, acrylic type in accordance with the Missouri Standard Specifications for Highway Construction. Prismatic beads shall be broadcast on all marking paint to provide proper reflectivity.
133. The roadway surface shall be clean from debris, sand, or other material that would prevent adhesion of the paint. If material is present, an operation of sweeping or blowing using jets or compressed air shall be done immediately prior to painting.
134. Pavement markings shall be applied with heavy-duty multi-line striping equipment capable of applying stripes of uniform width and thickness. Markings shall be applied in a manner of good workmanship. The edges of lines shall be sharp and well defined with overspray held to a minimum. Straight lines shall be straight and curved lines shall be uniform and symmetrical. If in the judgement of the Engineer, workmanship is lacking, markings shall be removed and replaced at the Contractor's expense.
135. The centerline striping shall consist of two (2) solid yellow lines, each having a minimum width of 4 inches and a discernible space between them. This item shall be placed at the center of the road creating two lanes of approximate equal width along the entire roadway length.
136. Centerline Striping will be measured and shall be paid at the contract Linear Foot bid price.

Stormwater Pollution Prevention Plan (SWPPP)

137. Bid item shall include all labor, equipment, and materials necessary to satisfy the inspection, logging, and all other necessary paperwork requirements of the Stormwater Pollution Prevention Plan (SWPPP).
138. The furnishing and installation of the stormwater Best Management Practices (BMPs) shall not be included in this item but shall be under the "Erosion Control" bid item.
139. Bid item will not be measured and shall be paid at the contract Lump Sum bid price.

Mill & Sweep, Dothage Intersection

140. Bid item shall include all equipment, labor, and material required to conduct an asphalt milling and sweeping operation for the area called out on the Plans at Dothage Rd. & Smith Hatchery Rd. intersection.
141. The County believes the intersection of Smith Hatchery Rd. & Dothage Rd. may see increased wear as a result of this project. Therefore, the intersection shall be milled and overlayed as part of the project. The milling shall occur after the installation of the 3" Bit. Base lift and prior to the 2" surface on the gravel portion of Smith Hatchery.
142. The operation shall include a 2" thick milling of the existing asphalt intersection as depicted in the Plans. Millings shall be removed offsite and the area shall be swept. After sweeping, the Contractor shall spray the area with trackless tack. The intersection shall then be overlayed with a 2" thick lift of BP-2 surface mix. The trackless tack and asphalt surface shall not be included in this bid item. Quantities were added to the Tack bid item and BP-2 bid item.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

143. Bid item will be measured and shall be paid at the contract Square Yard bid price.

Asphalt Cement Price Index

If the bidder so chooses, asphaltic pavement and base mixes are eligible for the following price adjustment. This adjustment will apply only to the percentage of virgin asphalt cement actually placed on the job, excluding RAP or RAS, and will be calculated using the following formula:
A = (B X C) X (D – E)

Where:
A = Adjustment
B = Tons of mix placed
C = % of virgin asphalt binder as listed in the job mix formula
D = monthly price for the month prior to mix placement
E = monthly price for the month prior to bid submission

The monthly asphalt prices will be those shown in the Dollar/Ton column of the "Asphalt Price Index" table posted at MoDot.org – Bidding-Road & Bridge Construction Bidding Opportunities – Online Plan Rooms – Asphalt Price Index - on MoDOT's website, also currently located at:
http://www.modot.org/eBidLettingPublicWeb/viewStream.do?documentType=general_info&key=658
All prices will be for the entire month regardless of when posted. Separate adjustments will be calculated for each month in which the bidder places eligible material.

Calculation Examples
This table is fictional, but it resembles the table found at the above MoDOT website.

Asphalt Price Index	
2015	PG 64-22 Dollar/Ton
January	$450.00
February	$510.00
March	$520.00
April	$530.00
May	$520.00
June	$500.00
July	$480.00
August	$475.00
September	$450.00
October	$425.00
November	$420.00
December	$400.00

Example #1
The contract was bid in March 2015. 1,000 tons of BP-2 was placed during October 2015. Job mix called for 5.0% virgin AC. No RAP was used.
B = 1,000 C = 5.0% D = 450.00 E = 510.00
A = (1,000 X 0.050) X (450.00 – 510.00) = -3,000
Adjustment = $3,000 Deduct

Example #2
The contract was bid in February 2015. 1,000 tons of BP-2 was placed during July 2015. 2,000 tons of BP-2 was placed during August 2015. Job mix called for a mix with 4.5% virgin AC and 1.0% AC from RAP.
B_1 = 1,000 C = 4.5% D_1 = 500.00 E_1 = 450.00
A_1 = (1,000 X 0.045) X (500.00 – 450.00) = 2,250

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

B_2 = 2,000 C = 4.5% D_2 = 480.00 E_2 = 450.00
A_2 = (2,000 X 0.045) X (480.00 – 450.00) = 2,700
Adjustment = A_1 + A_2 = 2,250 + 2,700 = $4,950 Increase

APPENDIX A

STATE WAGE RATES

GENERAL: This Contract shall be based upon payment by the Contractor of wage rates not less then the prevailing hourly wage rate for each craft or classification of workers engaged on the work as determined by the Industrial Commission of Missouri on behalf of the Department of Labor and Industrial Relations.

The Contractor shall comply with all requirements of the prevailing wage law of Missouri, Revised Statutes of Missouri, Sections 290.210 to 290.340, including the latest amendments thereto.

The prevailing wage law does not prohibit payment of more than the prevailing rate of wages nor does it limit the hours of work which may be performed by any worker in any particular period of time.

RECORDS: The Contractor shall keep an accurate record showing the names, occupations, and crafts of all workers employed, together with the number of hours worked by each worker and the actual wages paid to each worker. At all reasonable hours, such records shall be open to inspection by the representatives of Industrial Commission of Missouri and the County. The payroll records shall not be destroyed or removed from the State for at least one year after completion of the work.

NOTICES: Throughout the life of this Contract, a copy of the wage determination and the rules promulgated by the Industrial Commission of Missouri shall be displayed in at least one conspicuous place on the project under a heading of NOTICE with the heading in letters at least one inch high.

PENALTY: Pursuant to Section 290.250 RSMo the Contractor shall forfeit to the County as penalty, one hundred dollars for each worker employed, for each calendar day, or portion thereof, such worker is paid less than the stipulated rates for any work done under the Contract, by them.

AFFIDAVIT OF COMPLIANCE: After completion of the work and before final payment can be made under this Contract, the Contractor must file with the County an affidavit stating that they have fully complied with the provisions and requirements of the prevailing wage law of Missouri, sections 290.210 to 290.340 RSMo.

WAGE DETERMINATION: During the life of this Contract, the prevailing hourly rate of wages is subject to change by the Department of Labor and Industrial Relations or by court decision as provided by law. Any such change shall not be the basis of any claim by the Contractor against the County, nor will deductions be made by the County against sums due the Contractor by reason of any such change.

The prevailing wage rate determination made by the Industrial Commission of Missouri is reproduced verbatim and is applicable to this Contract.

WAGE AND HOUR SECTION

MIKE KEHOE, Governor

Annual Wage Order No. 32

Section 010
BOONE COUNTY

In accordance with Section 290.262 RSMo 2000, within thirty (30) days after a certified copy of this Annual Wage Order has been filed with the Secretary of State as indicated below, any person who may be affected by this Annual Wage Order may object by filing an objection in triplicate with the Labor and Industrial Relations Commission, P.O. APPENDIX B

STANDARD TERMS AND CONDITIONS-CONTRACT WITH BOONE COUNTY, MISSOURI

1. Contractor shall comply with all applicable federal, state, and local laws and failure to do so, in County's sole discretion, shall give County the right to terminate this Contract.

2. Responses shall include all charges for packing, delivery, installation, etc., (unless otherwise specified) to the Boone County Department identified in the Request for Bid and/or Proposal.

3. The Boone County Commission has the right to accept or reject any part or parts of all bids, to waive technicalities, and to accept the offer the County Commission considers the most advantageous to the County. Boone County reserves the right to award this bid on an item-by-item basis, or an “all or none” basis, whichever is in the best interest of the County.

4. Bidders must use the bid forms provided for the purpose of submitting bids, must return the bid and bid sheets comprised in this bid, give the unit price, extended totals, and sign the bid. The Purchasing Director reserves the right, when only one bid has been received by the bid closing date, to delay the opening of bids to another date and time in order to revise specifications and/or establish further competition for the commodity or service required. The one (1) bid received will be retained unopened until the new Closing date, or at request of bidder, returned unopened for re-submittal at the new date and time of bid closing.

5. When products or materials of any particular producer or manufacturer are mentioned in our specifications, such products or materials are intended to be descriptive of type or quality and not restricted to those mentioned.

6. Do not include Federal Excise Tax or Sales and Use Taxes in bid process, as law exempts the County from them.

7. The delivery date shall be stated in definite terms, as it will be taken into consideration in awarding the bid.

8. The County Commission reserves the right to cancel all or any part of orders if delivery is not made or work is not started as guaranteed. In case of delay, the Contractor must notify the Purchasing Department.

9. In case of default by the Contractor, the County of Boone will procure the articles or services from other sources and hold the Bidder responsible for any excess cost occasioned thereby.

10. Failure to deliver as guaranteed may disqualify Bidder from future bidding.

11. Prices must be as stated in units of quantity specified, and must be firm. Bids qualified by escalator clauses may not be considered unless specified in the bid specifications.

12. No bid transmitted by fax machine or e-mail will be accepted.

13. The County of Boone, Missouri expressly denies responsibility for, or ownership of any item purchased until same is delivered to the County and is accepted by the County.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

14. The County reserves the right to award to one or multiple respondents. The County also reserves the right to not award any item or group of items if the services can be obtained from a state or other governmental entities contract under more favorable terms. The resulting contract will be considered "Non-Exclusive". The County reserves the right to purchase from other vendors.

15. The County, from time to time, uses federal grant funds for the procurement of goods and services. Accordingly, the provider of goods and/or services shall comply with federal laws, rules and regulations applicable to the funds used by the County for said procurement, and contract clauses required by the federal government in such circumstances are incorporated herein by reference. These clauses can generally be found in the *Federal Transit Administration's Best Practices Procurement Manual – Appendix A*. Any questions regarding the applicability of federal clauses to a particular bid should be directed to the Purchasing Department prior to bid opening.

16. In the event of a discrepancy between a unit price and an extended line item price, the unit price shall govern.

17. Should an audit of Contractor's invoices during the term of the Agreement, and any renewals thereof, indicate that the County has remitted payment on invoices that constitute an over-charging to the County above the pricing terms agreed to herein, the Contractor shall issue a refund check to the County for any over-charges within 30-days of being notified of the same.

18. For all bid responses over $25,000, if any manufactured goods or commodities proposed with bid/proposal response are manufactured or produced outside the United States, this MUST be noted on the Bid/Proposal Response Form or a Memo attached.

19. Pursuant to Section 34.600 RSMo, for contracts $100,000 and greater, Contractor/Vendor certifies it is not currently engaged in and shall not, for the duration of the contract, engage in a boycott of goods or services from the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel.

20. **For all titled vehicles and equipment the dealer must use the actual delivery date to the County on all transfer documents** including the Certificate of Origin (COO,) Manufacturer's Statement of Origin (MSO,) Bill of Sale (BOS,) and Application for Title.

21. **Equipment and serial and model numbers -** The contractor is strongly encouraged to include equipment serial and model numbers for all amounts invoiced to the County. If equipment serial and model numbers are not provided on the face of the invoice, such information may be required by the County before issuing payment.

22. All equipment and supplies offered in a quote must be new, of current production, and available for marketing by the manufacturer unless the County clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered.

23. The resulting agreement may be extended beyond the expiration date by order of the County on a month-to-month basis if the County cannot re-bid and/or award a new contract before the expiration date.

24. The County as a public governmental body is subject to the Missouri Sunshine Law (Chapter 610 RSMo) and will comply with requests for documents in accordance with that law.

PERFORMANCE BOND

KNOW ALL PERSONS BY THESE PRESENT, that we,

Capital Paving & Construction LLC

as Principal, hereinafter called Contractor, and Everest Reinsurance Company and United States Fire Insurance Company

a Corporation, organized under the laws of the State of Delaware and Delaware

and authorized to transact business in the State of Missouri, as Surety, hereinafter called Surety, are held and firmly bound unto the County of Boone, Missouri, as Obligee, hereinafter called Owner, in the amount of Two Million Eight Hundred Fifty Thousand Three Hundred Thirty Six and 96/100 Dollars,* for the payment whereof Contractor and Surety bind themselves, their heirs, executors, administrators, successors, and assigns jointly and severally, firmly by these presents: * ($2,850,336.96)

WHEREAS, Contractor has, by written agreement dated April 2nd, 2026 entered into a Contract with Owner for:

Project Name: BID NUMBER 10-05MAR26 - Gravel Road Paving #1 - Ridge Rd., Sugar Creek Dr., & Smith Hatchery Rd.

Project No.: C001099

in accordance with specifications and/or plans prepared by the County of Boone, which contract is by reference made a part hereof, and is hereinafter referred to as the Contract.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION is such that, if Contractor shall promptly and faithfully perform said Contract, and shall faithfully perform the prevailing hourly wages and comply with all prevailing wage requirements as provided by such Contract and applicable prevailing wage laws, rules, and rates specified by regulation thereunder, then this obligation shall be null and void; otherwise it shall remain in full force and effect.

The Surety hereby waives notice of any alteration or extension of time made by the Owner.

Whenever Contractor shall be, and declared by Owner to be, in default under the Contract, the Owner having performed Owner's obligations thereunder, the Surety may promptly remedy the default, or shall promptly:

1) Complete the Contract in accordance with its terms and conditions, or

2) Obtain a bid for submission to Owner for completing the Contract in accordance with its terms and conditions, and upon determination by Owner and Surety of the lowest responsible bidder, arrange for a Contract between such bidder and Owner, and make available as work progresses (even though there should be a default of a succession of defaults under the Contract or Contracts of completion arranged under this paragraph) sufficient fund to pay the cost of completion less the balance of the Contract price, but not exceeding, including other costs and damages for which the Surety may be liable hereunder, the amount set forth in the first paragraph hereof. The term "balance of the Contract price", as used in this paragraph, shall mean the total amount payable by Owner to Contractor under the Contract and any amendments thereto, less the amount properly paid by Owner to Contractor.

LABOR AND MATERIAL PAYMENT BOND

KNOW ALL PERSONS BY THESE PRESENT, that we,

Capital Paving & Construction LLC

as Principal, hereinafter called Contractor, and Everest Reinsurance Company and United States Fire Insurance Company

a Corporation, organized under the laws of the State of Delaware and Delaware

and authorized to transact business in the State of Missouri, as Surety, hereinafter called Surety, are held and firmly bound unto the County of Boone, Missouri, as Obligee, hereinafter called Owner, for the use and benefit of claimants as herein defined, in the amount of

Two Million Eight Hundred Fifty Thousand Three Hundred Thirty Six and 96/100 Dollars,

($ 2,850,336.96), for the payment whereof Contractor and Surety bind themselves, their heirs, executors, administrators, successors, and assigns jointly and severally, firmly by these presents:

WHEREAS, Contractor has, by written agreement dated April 2nd, 2024 entered into a Contract with Owner for:

Project Name: BID NUMBER 10-05MAR26 - Gravel Road Paving #1 - Ridge Rd., Sugar Creek Dr., & Smith Hatchery Rd.

Project No.: C001099

in accordance with specifications and/or plans prepared by the County of Boone which Contract is by reference made a part hereof, and is hereinafter referred to as the Contract.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION is such that the Contractor shall promptly make payments to all claimants as hereinafter defined, for all labor and material used or reasonably required for use in the performance of the Contract, then this obligation shall be void; otherwise, it shall remain in full force and effect, subject, however, to the following conditions.

A. A claimant is defined as one having a direct contract with the Contractor or with a subcontractor of the Contractor for labor, material, or both, used or reasonably required for use in the performance of the Contract; labor and material being construed to include the part of water, gas, power, light, heat, oil, gasoline, telephone service, rental, or equipment directly applicable to the Contract.

B. The above named Contractor and Surety hereby jointly and severally agree with the Owner that every claimant as herein defined, who has not been paid in full before the expiration of a period of ninety (90) days after the date on which the last of such claimant's work or labor was done or performed, or materials were furnished by such claimant, may sue on this bond for the use of such claimant, prosecute the suit to final judgment for such sum or sums as may be justly due claimant, and have execution thereon. The owner shall not be liable for the payment of any costs or expenses of any such suit.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

C. No suit or action shall be commenced hereunder by any claimant:

1. Unless claimant, other than one having a direct Contact with the Contractor, shall have given written notice to any two of the following: The Contractor, the Owner, or the Surety above named, within ninety (90) days after such claimant did or performed the last of the work or labor, or furnished the last of the materials for which said claim is made, stating with substantial or furnished the last of the materials for which said claim is made, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were furnished, or for whom the work or labor was done or performed. Such notice shall be served by mailing the same by registered mail or certified mail, postage prepaid, in an envelope addressed to the Contractor, Owner, or Surety, at any place where an office is regularly maintained for the transaction of business, or served in any manner in which legal process may be served in the state in which the aforesaid project is located, save that such service need not be made by a public officer.

2. After the expiration of one (1) year following the date on which Contractor ceased work on said Contract, it being understood, however, that if any limitation embodied in this bond is prohibited by any law controlling the construction hereof, such limitation shall be deemed to be amended so as to be equal to the minimum period of limitation permitted by such law.

3. Other than in a state court of competent jurisdiction in and for the County or other political subdivision of the state in which the project, or any part thereof, is situated or in the United States District Court for the district in which the project, or any part thereof, is situated, and not elsewhere.

D. The amount of this bond shall be reduced by and to the extent of any payment or payments made in good faith hereunder, inclusive of the payment by Surety of Mechanic's Liens which may be filed on record against said improvement, whether or not claim for the amount of such lien be presented under or against this bond.

IN TESTIMONY WHEREOF, the Contractor has hereunto set their hand and the Surety caused these present to be executed in its name and its corporate seal to be affixed by its Attorney-in-Fact at Jefferson City, MO and Greenwood Village, CO ,on this 2 day of April ,20 26 .

POWER OF ATTORNEY
UNITED STATES FIRE INSURANCE COMPANY
PRINCIPAL OFFICE - MORRISTOWN, NEW JERSEY

07105

KNOW ALL MEN BY THESE PRESENTS: That United States Fire Insurance Company, a corporation duly organized and existing under the laws of the state of Delaware, has made, constituted and appointed, and does hereby make, constitute and appoint:

Mona D. Weaver, Sheila J. Montoya, Anuj Jain, Jessica Jean Rini, Kristen L. McCormick, Megan A. Brown, Shanna Walker

each, its true and lawful Attorney(s)-In-Fact, with full power and authority hereby conferred in its name, place and stead, to execute, acknowledge and deliver: Any and all bonds and undertakings of surety and other documents that the ordinary course of surety business may require, and to bind United States Fire Insurance Company thereby as fully and to the same extent as if such bonds or undertakings had been duly executed and acknowledged by the regularly elected officers of United States Fire Insurance Company at its principal office, in amounts or penalties: **Unlimited**

This Power of Attorney limits the act of those named therein to the bonds and undertakings specifically named therein, and they have no authority to bind United States Fire Insurance Company except in the manner and to the extent therein stated.

This Power of Attorney is granted pursuant to Article IV of the By-Laws of United States Fire Insurance Company as now in full force and effect, and consistent with Article III thereof, which Articles provide, in pertinent part:

Article IV, Execution of Instruments - Except as the Board of Directors may authorize by resolution, the Chairman of the Board, President, any Vice-President, any Assistant Vice President, the Secretary, or any Assistant Secretary shall have power on behalf of the Corporation:

(a) to execute, affix the corporate seal manually or by facsimile to, acknowledge, verify and deliver any contracts, obligations, instruments and documents whatsoever in connection with its business including, without limiting the foregoing, any bonds, guarantees, undertakings, recognizances, powers of attorney or revocations of any powers of attorney, stipulations, policies of insurance, deeds, leases, mortgages, releases, satisfactions and agency agreements;
(b) to appoint, in writing, one or more persons for any or all of the purposes mentioned in the preceding paragraph (a), including affixing the seal of the Corporation.

Article III, Officers, Section 3.11, Facsimile Signatures. The signature of any officer authorized by the Corporation to sign any bonds, guarantees, undertakings, recognizances, stipulations, powers of attorney or revocations of any powers of attorney and policies of insurance issued by the Corporation may be printed, facsimile, lithographed or otherwise produced. In addition, if and as authorized by the Board of Directors, dividend warrants or checks, or other numerous instruments similar to one another in form, may be signed by the facsimile signature or signatures, lithographed or otherwise produced, of such officer or officers of the Corporation as from time to time may be authorized to sign such instruments on behalf of the Corporation. The Corporation may continue to use for the purposes herein stated the facsimile signature of any person or persons who shall have been such officer or officers of the Corporation, notwithstanding the fact that he may have ceased to be such at the time when such instruments shall be issued.

IN WITNESS WHEREOF, United States Fire Insurance Company has caused these presents to be signed and attested by its appropriate officer and its corporate seal hereunto affixed this 25th day of June, 2025.

Commission Order # 198-2026

CONTRACT AGREEMENT

THIS AGREEMENT, **C001099**, made and entered into by and between the County of Boone, Missouri through the Boone County Commission (hereinafter referred to as the Owner), and **Capital Paving and Construction, LLC** (hereinafter referred to as the Contractor).

WITNESSETH: That for and in consideration of the acceptance of Contractor's bid and the award of this contract to said Contractor by the Owner and in further consideration of the agreements of the parties herein contained, to be well and truly observed and faithfully kept by them, and each of them, it is agreed between the parties as follows, to wit:

The Contractor at their own Expense hereby agrees to do or furnish all labor, materials, and equipment called for in the bid designated and marked:

BID NUMBER 10-05MAR26 -Gravel Road Paving #1 – Ridge Rd., Sugar Creek Dr., & Smith Hatchery Rd.

and agrees to perform all the work required by the contract as shown on the plans and specifications

The following contract documents and any applicable Addenda are made a part hereof as fully as if set out herein: Change orders issued subsequent to this contract shall be subject to the terms and conditions of the agreement unless otherwise specified in writing.

The Contractor agrees that they are fully informed regarding all of the conditions affecting the work to be done, and labor and materials to be furnished for the completion of this contract, and that their information was secured by personal investigation and research and not from any estimates of the Owner; and that they

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

will make no claim against the Owner by reason of estimates, tests, or representation of any officer, agent, or employees of the Owner.

The said Contractor agrees further to begin work not later than the authorized date in the Notice to Proceed, and to complete the work within the time specified in the contract documents or such additional time as may be allowed by the Project Manager under the contract.

The work shall be done to complete satisfaction of the Owner and, in the case the Federal Government or any agency thereof is participating in the payment of the cost of construction of the work, the work shall also be subject to inspection and approval at all times by the proper agent or officials of such government agency.

The parties hereto agree that this contract in all things shall be governed by the laws of the State of Missouri.

Contractor agrees it will pay not less than the prevailing hourly rate of wages to all workers performing work under the contract in accordance with the prevailing wage determination issued by the Division of Labor Standards of the Department of Labor and Industrial Relations for the State of Missouri and as maintained on file with the Boone County Resource Management Department.

The Contractor further agrees that it shall forfeit as a penalty to the County of Boone the sum of $100.00 for each worker employed for each calendar day or portion thereof such worker is paid less than the stipulated rates set forth in the prevailing wage determination for the project for any work done under this contract by the Contractor or by any Subcontractor employed by the Contractor pursuant to the provisions of Section 290.250 RSMo. The Contractor further agrees that it will abide by all provisions of the prevailing wage law as set forth in Chapter 290 RSMo. and rules and regulations issued thereunder and that any penalties assessed may be withheld from sums due to the Contractor by the Owner.

The contractor agrees that he will comply with all federal, state, and local laws and regulations and ordinances and that they will comply and cause each of their subcontractors, and directives pertaining to nondiscrimination against any person on the grounds of race, color, religion, creed, sex, age, ancestry, or national origin in connection with this contract, including procurement of materials and lease of equipment; therefore, in accordance with the special provisions on that subject attached hereto, incorporated in and made a part of the Contract.

The Contractor expressly warrants that they have employed no third person to solicit or obtain this contract in their behalf, or to cause or procure the same to be obtained upon compensation in any way contingent, in whole or in part, upon such procurement; and that they have not paid, or promised or agreed to pay to any third person, in consideration of such procurement, or in compensation for services in connection therewith, any brokerage, commission or percentage upon the amount receivable by them hereunder; and that they have not, in estimating the contract price demand by them, included any sum by reason of such brokerage, commission, or percentage; and that all moneys payable to them hereunder are free from obligation of any other person for services rendered, or supposed to have been rendered, in the procurement of this contract. They further agree that any breach of this warranty shall constitute adequate cause for the annulment of this contract by the Owner, and that the Owner may retain to its own use from any sums due to or to become due hereunder an amount equal to any brokerage, commission, or percentage so paid, or agreed to be paid.

The Contractor is aware of the provisions of the Overhead Power Line Safety Act, 319.075 to 319.090 RSMo, and agrees to comply with the provisions thereof. Contractor understands that is their duty to notify any utility operating high voltage overhead lines and make appropriate arrangements with said utility if the performance of contract would cause any activity within ten feet of any high voltage overhead line. To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, officers, agents, and employees from and against all claims, damages, losses and expenses (including but not limited to attorney's fees) arising by reason of any act or failure to act, negligent or

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

otherwise, of Contractor, of any subcontractor (meaning anyone, including but not limited to consultants having a contract with contractor or a subcontract for part of the services), of anyone directly or indirectly employed by contractor or by any subcontractor, or of anyone for whose acts the contractor or its subcontractor may be liable, in connection with any claims arising under the Overhead Power Line Safety Act. Contractor expressly waives any action for Contribution against the County on behalf of the Contractor, any subcontractor (meaning anyone, including but not limited to consultants having a contract with contractor or a subcontract for part of the services), anyone directly or indirectly employed by contractor or by any subcontractor, or of anyone for whose acts the contractor or its subcontractor may be liable, and agrees to provide a copy of this waiver to any party affected by this provision.

The Owner agrees to pay the Contractor in the amount:

Two Million Eight Hundred Fifty Thousand Three Hundred Thirty-Six Dollars and Ninety-Six ($2,850,336.96)

Ridge Road Upgrade – Base Bid:	**$1,000,056.92**

BID RESPONSE

TO: COUNTY OF BOONE, MISSOURI

SUBJECT: Gravel Road Paving 1- Ridge Rd., Sugar Creek Dr., Smith Hatchery Rd.

Project No.: 10-05MAR26

THE UNDERSIGNED BIDDER, having examined all specifications, and other proposed contract documents, and all addenda thereto; and being acquainted with and fully understanding (a) the extent and character of the work covered by this proposal; (b) the location, arrangement, and specified requirements of the proposed work; (c) local conditions relative to labor, transportation, hauling, and delivery facilities; and (d) all other factors and conditions affecting or which may be affected by the work.

HEREBY PROPOSES to furnish all required materials, supplies, equipment, tools, and plant; to perform all necessary labor and supervision; and to install, erect, equip, and complete all work stipulated in, required by, and in accordance with the proposed contract documents, specifications, and other documents referred to herein (as altered, amended, or modified by all addenda hereto) for and in consideration of the prices stated herein. All prices stated herein are firm and include Missouri Sales and Use Tax and all other taxes which might be lawfully assessed against or in connection with the work proposed herein.

SECTION I

THE UNDERSIGNED BIDDER UNDERSTANDS that the specifications, contract, and bond governing the construction of the work contemplated are those known and designated as the **Boone County Roadway Regulations Chapter II, MoDOT Standard Specifications, Rules of Missouri Department of Natural Resources, Division 20-Clean Water Commission (10CSR20),** together with the "General Specifications", "Technical Specifications", and "Special Provisions", if any, attached to this proposal.

THE UNDERSIGNED BIDDER UNDERSTANDS that the quantities given in the following itemized proposal are not guaranteed by the Owner, but are used for the purpose of comparing bids and awarding the Contract, and may or may not represent the actual quantities encountered on the job; and that the sum of the products of the quantities listed in the following itemized proposal, multiplied by the unit price bid shall all constitute the gross sum bid.

THE UNDERSIGNED BIDDER submits the following itemized proposal and hereby authorizes the Engineer to correct any multiplication of "Unit Price" by "Quantity" as shown under "Extended Total". If there is a discrepancy between the "Unit Price" and the "Extended Total" the "Unit Price" shall govern.

SECTION II

I hereby agree to complete the work herein specified before the **Contract Time** specified in the Notice to Bidders and agree that the County will sustain substantial damages, the amount of which is impossible to determine at this time, if work is not completed by the completion date. Time is an essential feature of this Contract. I agree that if I fail to finally and fully complete the work within the time allowed I will be in breach of the Agreement which shall entitle the County to collect **liquidated damages** from the Bidder and/or the Bidder's Surety in the amount specified under liquidated damages in the Notice to Bidders for each day that completion is delayed beyond the specified completion date. I further authorize said damages to be reduced from any final payment on the Project.

SECTION III

Acknowledgment of receipt of any and all Addenda, if applicable, shall be included with the bid documents at the time of the submittal to Boone County for consideration.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

SECTION IV

The undersigned agrees and understands that the County has the right to reject any and all bids, to waive informalities or other requirements for its benefit, and to accept such proposal as it deems to its best interest.

SECTION V

If this proposal is accepted, the undersigned hereby agrees that work will begin no later than the date specified in the Notice to Proceed and will be diligently prosecuted at such a rate and in such manner as is necessary for the completion of the work herein specified before the completion date.

The Contractor further agrees that, should he fail to complete work in the time specified or such additional time as may be allowed by the Owner under this Contract, the amount of liquidated damages to be recovered on this project shall be in accordance with Section II of the Bid Response.

A certified check, treasurer's check or cashier's check, or a bidder's bond payable to the Owner for five percent of AMOUNT OF BID must be included with Bidder's *Bid Response*. If this proposal is accepted and the undersigned fails to execute the Contract and furnish a contract bond as required, then the proposal guaranty shall be forfeited to the Owner.

In compliance with this Request for Bid and subject to all the conditions thereof, the bidder agrees to furnish the services/equipment/supplies requested and proposed and certifies they have read, understands, and agrees to all terms, conditions, and requirements of this bid and is authorized to contract on behalf of the firm named below. Note: This form must be signed. All signatures must be original and not photocopies. In addition, the County uses Docusign for electronic signature of contract and for making a contract award. When providing a Contact Name and E-Mail Address below, the Contact and E-Mail address provided must be a person who has the legal authority to contractually bind the offeror's/bidder's company in a contract with the County.

BOONE COUNTY, MISSOURI
Request for Bid #: 10-05MAR26 – GRAVEL ROAD PAVING
1 – RIDGE RD., SUGAR CREEK DR., & SMITH HATCHERY RD.

ADDENDUM #1 - Issued February 26, 2026

This addendum is issued in accordance with the Request for Bid-Notice to Bidders and is hereby incorporated into and made a part of the Request for Bid Documents. Offerors are reminded that receipt of this addendum **must** be acknowledged and submitted with Offeror's *Response Form*.

Specifications and Plans for the above noted Request for Bid and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect:

1. Questions & Answers:

Q1 – Are there any weight limits for the bridge on Smith Hatchery (near Sta. 15+00) or the box culvert on Sugar Creek (near Sta. 29+50)?
A1 – No weight limit signage is present at these crossings, therefore standard highway road weight limits would be the default.

Q2 – What is the expectations for restored areas?
A2 – The main goal of the County is to have proper vegetation density as described in Special Provision 124 to create stable ditch and fill banks. A precise seed mix is not specified. The Contractor shall use good judgement regarding surrounding areas and try to match accordingly. For example, restoration in what appears to be a mowed yard may require more of a fescue mix, while areas adjacent to wooded or agricultural spaces may lend better to a pasture seed mix.

Q3 – How much staking is required, if any, for the project? Does staking need to be done by a Professional Land Surveyor?
A3 – The County used field obtained topographical survey data to create and design the project. The Contractor shall work towards constructing the project per Plans at the proper horizontal and vertical alignments and elevations as accurately as possible. The Contractor shall understand the capabilities of their crews, equipment, and any construction instruments in determining the amount of staking required.

A Professional Land Surveyor is not a requirement for construction staking on this project. However, the individual or firm responsible for construction staking shall be qualified and experienced in construction staking.

The Contractor may be responsible for any gross errors in alignment or elevations due to lack of staking information. Repairs or reconstruction to correct these errors may be required at no additional cost to the County.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

Q4 – Is the County awarding based on Base Bid only or Base Bid + Bid Alternate #1?
A4 – See Special Provisions 7-10. The County will be evaluating Base Bid + Bid Alternate #1. The County does not waive any right to accept or reject any part or parts of the bid as detailed in Term 3 of Appendix B.

Q5 – Do asphalt density tests need to be done by a third party?
A5 – No. If the Contractor has a QA/QC employee with MoDOT certification in material testing, said employee may do the density testing. See Special Provision 38.

Q6 – Does the County have a designated site to dump excavated material?
A6 – No, finding a proper dump site for excavated material is the responsibility of the Contractor. The Contractor may find willing property owners in the surrounding areas to take the material. However, the County will not be a party to any agreements or arrangements between the Contractor and private property owners.

THE E-VERIFY MEMORANDUM OF UNDERSTANDING FOR EMPLOYERS

ARTICLE I
PURPOSE AND AUTHORITY

The parties to this agreement are the Department of Homeland Security (DHS) and the CAPITAL PAVING & CONSTRUCTION LLC (Employer). The purpose of this agreement is to set forth terms and conditions which the Employer will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the Social Security Administration (SSA), and DHS.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

ARTICLE II
RESPONSIBILITIES

A. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the following notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:

   a. Notice of E-Verify Participation

   b. Notice of Right to Work

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.

3. The Employer agrees to grant E-Verify access only to current employees who need E-Verify access. Employers must promptly terminate an employee's E-Verify access if the employer is separated from the company or no longer needs access to E-Verify.

PROJECT:
(Name, location or address, and Project number, if any)

Gravel Road Paving 1 - Ridge Rd., Sugar Creek Dr., & Smith Hatchery Rd. - Bid Number: 10-05MAR26

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

BOONE COUNTY, MISSOURI
Request for Bid #: 10-05MAR26 – GRAVEL ROAD PAVING 1 – RIDGE RD., SUGAR CREEK DR., & SMITH HATCHERY RD.

ADDENDUM #1 - Issued February 26, 2026

This addendum is issued in accordance with the Request for Bid-Notice to Bidders and is hereby incorporated into and made a part of the Request for Bid Documents. Offerors are reminded that receipt of this addendum **must** be acknowledged and submitted with Offeror's *Response Form*.

Specifications and Plans for the above noted Request for Bid and the work covered thereby are herein modified as follows, and except as set forth herein, otherwise remain unchanged and in full force and effect:

1. Questions & Answers:

Q1 – Are there any weight limits for the bridge on Smith Hatchery (near Sta. 15+00) or the box culvert on Sugar Creek (near Sta. 29+50)?
A1 – No weight limit signage is present at these crossings, therefore standard highway road weight limits would be the default.

Q2 – What is the expectations for restored areas?
A2 – The main goal of the County is to have proper vegetation density as described in Special Provision 124 to create stable ditch and fill banks. A precise seed mix is not specified. The Contractor shall use good judgement regarding surrounding areas and try to match accordingly. For example, restoration in what appears to be a mowed yard may require more of a fescue mix, while areas adjacent to wooded or agricultural spaces may lend better to a pasture seed mix.

Q3 – How much staking is required, if any, for the project? Does staking need to be done by a Professional Land Surveyor?
A3 – The County used field obtained topographical survey data to create and design the project. The Contractor shall work towards constructing the project per Plans at the proper horizontal and vertical alignments and elevations as accurately as possible. The Contractor shall understand the capabilities of their crews, equipment, and any construction instruments in determining the amount of staking required.

A Professional Land Surveyor is not a requirement for construction staking on this project. However, the individual or firm responsible for construction staking shall be qualified and experienced in construction staking.

The Contractor may be responsible for any gross errors in alignment or elevations due to lack of staking information. Repairs or reconstruction to correct these errors may be required at no additional cost to the County.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

Q4 – Is the County awarding based on Base Bid only or Base Bid + Bid Alternate #1?
A4 – See Special Provisions 7-10. The County will be evaluating Base Bid + Bid Alternate #1. The County does not waive any right to accept or reject any part or parts of the bid as detailed in Term 3 of Appendix B.

Q5 – Do asphalt density tests need to be done by a third party?
A5 – No. If the Contractor has a QA/QC employee with MoDOT certification in material testing, said employee may do the density testing. See Special Provision 38.

Q6 – Does the County have a designated site to dump excavated material?
A6 – No, finding a proper dump site for excavated material is the responsibility of the Contractor. The Contractor may find willing property owners in the surrounding areas to take the material. However, the County will not be a party to any agreements or arrangements between the Contractor and private property owners.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

Liquidated Damages:

$1,000.00 per Working Day

Anticipated Notice To Proceed Date:

An early start date for the project shall be **May 4, 2026** and a late start date shall be **June 15, 2026**. The actual notice to proceed date is generally established at the Pre-Construction Meeting.

Plans and Specifications Available From:

American Document Solutions, 1400 Forum Blvd., Suite 7A, Columbia, Missouri 65203, Phone 573-446-7768, Email: orders@adsmo.net. Paper copies are available for a non-refundable fee of $75.00 payable to American Document Solutions in the form of a check or money order. A planholder's list is available for viewing at https://www.adsplanroom.net/.

Award will be made to the Bidder(s) whose offer(s) provide the greatest value to the County from the standpoint of suitability to purpose, quality, service, previous experience, price, lifecycle cost, ability to deliver, or for any other reason deemed by the County to be in the best interest of the County. Thus, the result will not be determined by price alone. The County will be seeking the least costly outcome that meets the County needs as interpreted by the County. The County also reserves the right to reject any and all bids or waive informalities or irregularities.

Not less than the prevailing hourly rate of wages, as found by the Department of Labor and Industrial Relations of Missouri, shall be paid to all workers performing work under this Contract. The Contractor's bond shall include such provisions as will guarantee the faithful performance of the prevailing hourly wage rate as provided by the Contract.

Boone County notifies all Bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, religion, creed, sex, age, ancestry, or national origin in consideration for an award. The Bidder will ensure that Disadvantage Business Enterprises will have the opportunity to participate in the performance of this contract or any subcontracts.

Proposals must be on forms provided and all unit price bids, extensions, and totals provided thereon shall be completed fully.

INSTRUCTIONS TO BIDDERS

The purpose of the attached specifications is to give detailed information on the conditions under which the Project will be constructed, Scope of Contract, quality of material and equipment required, standards used in determining its acceptability, and similar data. Each Bidder shall carefully check all requirements herein set forth and shall offer material and construction which fully complies with these requirements.

All bids shall be submitted on the bid forms hereto attached. Copies of necessary Addenda, if any, shall be signed and attached to the proposal submitted and considered a part of the contract. Bidders shall furnish all information requested herein by filling in the blanks in the submitted copy of these specifications.

Bidders shall visit the site of the work and become familiar with the condition under which the work is to be performed, concerning the site of the work, the nature of the equipment, the obstacles which may be encountered, the work to be performed, and if awarded the Contract, shall not be allowed any extra compensation by reason of any matter or thing concerning which such Bidder might have fully informed himself, because of their failure to have so informed themselves prior to the bidding. The successful Contractor must employ, so far as possible, such methods and means in the carrying out their work as will not cause any interruption or interference with any other contractors.

Bidders shall not include sales or use taxes in their bid for materials incorporated or used in the work or for rentals subject to sales tax.

The Contractor assumes responsibility for all loss or damage caused by fire, windstorm, cyclone, tornado, flood, or freezing to the materials and equipment with which the work of the contract is to be done. The Contractor has the privilege of insuring in full or in part against such loss or damage, responsibility for which is here assumed. The County will not carry insurance against such loss or damage until the acceptance of Project.

Bidders shall visit the site of the work and completely inform themselves relative to construction hazards and procedure, the availability of lands, the character and quantity of surface and subsurface materials, and utilities to be encountered, the arrangement and condition of existing structures and facilities, the procedure necessary for maintenance of uninterrupted operation of existing facilities, the character of construction equipment and facilities needed for performance of the work, and facilities for transportation, handling, and storage of materials and equipment. All such factors shall be properly investigated and considered in the preparation of the bid.

Bids of an incomplete nature, or subject to multiple interpretation may at the option of the County, be rejected as irregular.

Bids will be evaluated by the County based on, but not limited to, the following criteria: cost, bidder's qualifications and experience, and time required for completion.

Upon award of the Contract, the successful Contractor shall furnish a Performance Bond and a Labor and Material Payment Bond, each in an amount equal to the full Contract price, guaranteeing faithful compliance with all requirements of the Contract Documents and complete fulfillment of the Contract, and payment of all labor, material, and other bills made in carrying out this Contract.

When Owner gives a Notice of Award to the Successful Bidder through DocuSign, it will be accompanied by the Contract Agreement with all other written Contract Documents attached. Within fifteen days thereafter, Contractor shall sign the contract electronically through DocuSign. Required Bonds shall be returned separately to the Purchasing Department. They are not signed electronically in DocuSign.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

Owner will deliver to Contractor a Notice to Proceed on or about the date specified in the Notice to Bidders. Contract Time shall commence upon delivery of Notice to Proceed. **Contract Time shall not exceed the time or fixed completion date specified in the Notice to Bidders for the work to be done on the Project**.

If any person submitting a bid for this Contract is in doubt as to the true meaning of any part of the plans, specifications, or any other proposed Contract documents, they may submit to the County a written request for an interpretation thereof by the bid questions deadline specified in the Notice to Bidders. The person submitting the request will be responsible for its prompt delivery. Any interpretation of the proposed documents will be made only by addendum duly issued or delivered to each person receiving a set of such documents. The County will not be responsible for any other explanation or interpretation of the proposed documents.

Each set of bids should be plainly headed with the name of the Bidder and post office address. In case the bid is made by a firm or corporation, the same shall be signed by a legally authorized agent of the firm or corporation. The envelope containing the bids should be sealed and plainly marked as a bid for this particular Contract.

The Bidder should be sure to complete the following forms and shall attach the bid security. Omissions or irregularities may cause bid rejection.

1. Bidding Forms,
2. Bid Response,
3. Debarment Form,
4. Work Authorization Certification,
5. Statement of Bidder's Qualifications,
6. Anti-Collusion Statement,
7. Signature and Identity of Bidder,
8. Bidder's Acknowledgment.

BID RESPONSE

TO: COUNTY OF BOONE, MISSOURI

SUBJECT: _____

Project No.: _____

THE UNDERSIGNED BIDDER, having examined all specifications, and other proposed contract documents, and all addenda thereto; and being acquainted with and fully understanding (a) the extent and character of the work covered by this proposal; (b) the location, arrangement, and specified requirements of the proposed work; (c) local conditions relative to labor, transportation, hauling, and delivery facilities; and (d) all other factors and conditions affecting or which may be affected by the work.

HEREBY PROPOSES to furnish all required materials, supplies, equipment, tools, and plant; to perform all necessary labor and supervision; and to install, erect, equip, and complete all work stipulated in, required by, and in accordance with the proposed contract documents, specifications, and other documents referred to herein (as altered, amended, or modified by all addenda hereto) for and in consideration of the prices stated herein. All prices stated herein are firm and include Missouri Sales and Use Tax and all other taxes which might be lawfully assessed against or in connection with the work proposed herein.

SECTION I

THE UNDERSIGNED BIDDER UNDERSTANDS that the specifications, contract, and bond governing the construction of the work contemplated are those known and designated as the **Boone County Roadway Regulations Chapter II, MoDOT Standard Specifications, Rules of Missouri Department of Natural Resources, Division 20-Clean Water Commission (10CSR20),** together with the "General Specifications", "Technical Specifications", and "Special Provisions", if any, attached to this proposal.

THE UNDERSIGNED BIDDER UNDERSTANDS that the quantities given in the following itemized proposal are not guaranteed by the Owner, but are used for the purpose of comparing bids and awarding the Contract, and may or may not represent the actual quantities encountered on the job; and that the sum of the products of the quantities listed in the following itemized proposal, multiplied by the unit price bid shall all constitute the gross sum bid.

THE UNDERSIGNED BIDDER submits the following itemized proposal and hereby authorizes the Engineer to correct any multiplication of "Unit Price" by "Quantity" as shown under "Extended Total". If there is a discrepancy between the "Unit Price" and the "Extended Total" the "Unit Price" shall govern.

SECTION II

I hereby agree to complete the work herein specified before the **Contract Time** specified in the Notice to Bidders and agree that the County will sustain substantial damages, the amount of which is impossible to determine at this time, if work is not completed by the completion date. Time is an essential feature of this Contract. I agree that if I fail to finally and fully complete the work within the time allowed I will be in breach of the Agreement which shall entitle the County to collect **liquidated damages** from the Bidder and/or the Bidder's Surety in the amount specified under liquidated damages in the Notice to Bidders for each day that completion is delayed beyond the specified completion date. I further authorize said damages to be reduced from any final payment on the Project.

SECTION III

Acknowledgment of receipt of any and all Addenda, if applicable, shall be included with the bid documents at the time of the submittal to Boone County for consideration.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

SECTION IV

The undersigned agrees and understands that the County has the right to reject any and all bids, to waive informalities or other requirements for its benefit, and to accept such proposal as it deems to its best interest.

SECTION V

If this proposal is accepted, the undersigned hereby agrees that work will begin no later than the date specified in the Notice to Proceed and will be diligently prosecuted at such a rate and in such manner as is necessary for the completion of the work herein specified before the completion date.

The Contractor further agrees that, should he fail to complete work in the time specified or such additional time as may be allowed by the Owner under this Contract, the amount of liquidated damages to be recovered on this project shall be in accordance with Section II of the Bid Response.

A certified check, treasurer's check or cashier's check, or a bidder's bond payable to the Owner for five percent of AMOUNT OF BID must be included with Bidder's *Bid Response*. If this proposal is accepted and the undersigned fails to execute the Contract and furnish a contract bond as required, then the proposal guaranty shall be forfeited to the Owner.

In compliance with this Request for Bid and subject to all the conditions thereof, the bidder agrees to furnish the services/equipment/supplies requested and proposed and certifies they have read, understands, and agrees to all terms, conditions, and requirements of this bid and is authorized to contract on behalf of the firm named below. Note: This form must be signed. All signatures must be original and not photocopies. In addition, the County uses Docusign for electronic signature of contract and for making a contract award. When providing a Contact Name and E-Mail Address below, the Contact and E-Mail address provided must be a person who has the legal authority to contractually bind the offeror's/bidder's company in a contract with the County.

INSTRUCTIONS FOR COMPLIANCE WITH HOUSE BILL 1549

House Bill 1549 addresses the Department of Homeland Security's and the Social Security Administration's E-Verify Program (Employment Eligibility Verification Program) that requires the County to verify "lawful presence" of individuals when the County contracts for work/service; verify that contractor has programs to verify lawful presence of their employees when contracts exceed $5,000; and a requirement for OSHA safety training for public works projects.

The County is required to obtain certification that the bidder awarded the attached contract participates in a federal work authorization program. To obtain additional information on the Department of Homeland Security's E-Verify program, go to:

https://www.e-verify.gov/

Please complete and return form *Work Authorization Certification Pursuant to 285.530 RSMo* if your contract amount is in excess of $5,000. **Attach to this form the first and last page of the *E-Verify Memorandum of Understanding* that you completed when enrolling for proof of enrollment.**

If you are an **Individual/Proprietorship**, then you must return the attached *Certification of Individual Bidder.* On that form, you may do one of the three options listed. Be sure to attach any required information for those options as detailed on the *Certification of Individual Bidder.* If you choose option number two, then you will also need to complete and return the attached form *Affidavit*.

INSURANCE REQUIREMENTS

Insurance Requirements: The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and the Certificate of Insurance has been approved by the County, nor shall the Contractor allow any subcontractor to commence work on their subcontract until all similar insurance required of subcontractor has been so obtained and approved. All policies shall be in amounts, form and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide. Insurance limits indicated below may be lowered at the discretion of the County.

Employers Liability and Workers Compensation Insurance - The Contractor shall take out and maintain during the life of this contract, **Employers Liability and Workers Compensation Insurance** for all of its employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly to provide Workers Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor. Workers Compensation coverage shall meet Missouri statutory limits. Employers Liability limits shall be $500,000.00 each employee, $500,000.00 each accident, and $500,000.00 policy limit. In case any class of employees engaged in hazardous work under this Contract at the site of the work is not protected under the Workers Compensation Statute, the Contractor shall provide and shall cause each subcontractor to provide Employers Liability Insurance for the protection of their employees not otherwise protected.

Commercial General Liability Insurance - The Contractor shall take out and maintain during the life of this contract, such commercial general liability insurance as shall protect it and any subcontractor performing work covered by this contract, from claims for damages for personal injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or for any subcontractor or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than $3,000,000.00 combined single limit for any one occurrence covering both bodily injury and property damage, including accidental death. If the Contract involves any underground/digging operations, the general liability certificate shall include X, C, and U (Explosion, Collapse, and Underground) coverage. If providing Commercial General Liability Insurance, then the Proof of Coverage of Insurance shall also be included.

Contractor may satisfy the minimum liability limits required for Commercial General Liability or Business Auto Liability under an Umbrella or Excess Liability policy. There is no minimum per occurrence limit of liability under the umbrella or Excess Liability; however, the Annual Aggregate limit shall not be less than the highest "Each Occurrence" limit for either Commercial General Liability or Business Auto Liability. **Contractor agrees to endorse the County as an Additional Insured on the umbrella or Excess Liability, unless the Certificate of Insurance state the Umbrella or Excess Liability provides coverage on a "Follow-Form"** basis.

Business Automobile Liability – The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than $3,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's own automobiles, teams and trucks; hired automobiles, teams and trucks; non-owned and both on and off the site of work.

Subcontractors: Contractor shall cause each Subcontractor to purchase and maintain insurance of the types and amounts specified herein. Limits of such coverage may be reduced only upon written agreement of County. Contractor shall provide to County copies of certificates of insurance evidencing coverage for each Subcontractor. Subcontractors' commercial general liability and business automobile liability insurance shall name County as Additional Insured and have the Waiver of Subrogation endorsements added.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

Proof of Carriage of Insurance - The Contractor shall furnish the County with Certificate(s) of Insurance which name the County as additional insured in an amount as required in this contract). The Certificate of Insurance shall provide that there will be no cancellation, non-renewal or reduction of coverage without 30 days prior written notice to the County. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the services provided.

INDEMNITY AGREEMENT: To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, officers, agents, and employees from and against all claims, damages, losses and expenses (including but not limited to attorney's fees) arising by reason of any act or failure to act, negligent or otherwise, of Contractor, of any subcontractor (meaning anyone, including but not limited to consultants having a contract with contractor or a subcontract for part of the services), of anyone directly or indirectly employed by contractor or by any subcontractor, or of anyone for whose acts the contractor or its subcontractor may be liable, in connection with providing these services. This provision does not, however, require contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

Nothing in these requirements shall be construed as a waiver of any governmental immunity of the County, its officials nor any of its employees in the course of their official duties. Nothing in the insurance procured as required herein shall be interpreted so as to waive any sovereign immunity, official immunity, or other immunity defense available to County as a political subdivision in the State of Missouri. It is not the County's intent or desire to procure insurance that would operate as a waiver of any such immunity defense.

Failure to maintain the required insurance in force may be cause for contract termination. In the event the Agency/Service fails to maintain and keep in force the required insurance or to obtain coverage from its subcontractors, the County shall have the right to cancel and terminate the contract without notice.

CONTRACT CONDITIONS

GENERAL: The following provisions are agreed to by and between the Contractor and the County:

DEFINITIONS: "Party of the First Part" or "County" or "Owner" shall mean the County of Boone, Missouri, acting through its authorized County Officials, or appointed representatives.

"Contractor" or "Party of the Second Part" shall mean the party having entered into contract to perform the work herein specified.

"Department" shall mean the Boone County Resource Management Department.

"Director" shall mean the Director of Boone County Resource Management or his/her designated representative.

"Engineer" shall mean the Director or the authorized representative of the Department for whom the work is to be performed.

"Work" of the Contractor includes labor or material, or both.

"As directed", "as required", "as permitted", "acceptable to" and words of like import shall mean that the direction, requirement or permission of the Engineer is intended.

"Or equal" is not intended to impose limitations preventing the free exercise of the Contractor's skill or to exclude products which are satisfactory. Materials and workmanship shall be of the best of their respective kinds. Trade or manufacture's names where used in these specifications are intended to fix the standards of workmanship and materials. Any article or material equaling the standards fixed may be used in place of that mentioned by the specifications provided that the material or article proposed is submitted to and approved by the Engineer. No substitution shall be made unless this definite approval has been obtained in advance.

PAYMENTS: The successful Contractor will be allowed payment in accordance with the following schedule:

(1) Progress payments will be made to the contractor and any professional engineer, architect, landscape architect, or land surveyor on at least a monthly basis as the work progresses, or, on a lump sum basis according to the terms of the lump sum contract. Except in the case of lump sum contracts, payments shall be based upon estimates prepared at least monthly of work performed and material delivered, as determined by the project architect or engineer. Retainage withheld on any construction contract or subcontract for public works projects will not exceed five (5) percent of the value of the contract or subcontract. If the contractor is not required to obtain a bond because the cost of the public works contract is not estimated to exceed fifty thousand dollars, the County may withhold retainage on the public works project in an amount not to exceed ten (10) percent of the value of the contract or subcontract. The County will pay the contractor the amount due, less a retainage within thirty days following the latter of the following:

   a. The date of delivery of materials or construction services purchased;
   b. The date, as designated by the County, upon which the invoice is duly delivered to the person or place designated by the County; or
   c. In those instances in which the Contractor approves the County's estimate, the date upon which such notice of approval is duly delivered to the person or place designated by the County;

(2) Payments shall be considered received within the context of this section when they are duly posted with the United States Postal Service or other agreed upon delivery service or when they are hand-delivered to an authorized person or place as agreed to by the contracting parties.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

(3) If, in the discretion of the County and the project architect or engineer and the contractor, it is determined that a subcontractor's performance has been completed and the subcontract can be released prior to substantial completion of the public works contract without risk to the County, the contractor shall request such adjustment in retainage, if any, from the County as necessary to enable the contractor to pay the subcontractor in full. The County may reduce or eliminate retainage on any contract payment if, in the County's opinion, the work is proceeding satisfactorily. If retainage is released and there are any remaining minor items to be completed, an amount equal to one hundred fifty percent of the value of each item as determined by the County's duly authorized representative shall be withheld until such item or items are completed.

(4) The County shall pay at least ninety-eight percent of the retainage, less any offsets or deductions authorized in the contract or otherwise authorized by law, to the contractor. The contractor shall pay the subcontractor or supplier after substantial completion of the contract work and acceptance by the County, or as may otherwise be provided by the contract specifications. Such payment shall be made within thirty days after acceptance, and the invoice and all other appropriate documentation and certifications in complete and acceptable form are provided, as may be required by the contract documents. If the County determines the work is not substantially completed and accepted, then the County shall provide a written explanation of why the work is not considered substantially completed and accepted within fourteen calendar days to the contractor, who shall then provide such notice to the subcontractor or suppliers responsible for such work. If such written explanation is not given by the County, the County shall pay at least ninety-eight percent of the retainage within thirty calendar days. If at that time there are any remaining minor items to be completed, an amount equal to one hundred fifty percent of the value of each item as determined by the County shall be withheld until such items are completed.

(5) All estimates or invoices for supplies and services purchased, approved and processed, or final payments, shall be paid promptly and shall be subject to late payment charges. Except as provided in subsection 4 of this section, the County will pay the contractor, in addition to the payment due him interest at the rate of one and one-half percent per month calculated from the expiration of the thirty-day period until fully paid.

(6) When a contractor receives any payment, the contractor shall pay each subcontractor and material supplier in proportion to the work completed by each subcontractor and material supplier his application less any retention not to exceed five percent. If the contractor receives less than the full payment due under the County contract, the contractor shall be obligated to disburse on a pro rata basis those funds received, with the contractor, subcontractors and material suppliers each receiving a prorated portion based on the amount of payment. When, however, the County does not release the full payment due under the contract because there are specific areas of work or materials being rejected or because has otherwise determined such areas are not suitable for payment then those specific subcontractors or suppliers involved shall not be paid for that portion of the work rejected or deemed not suitable for payment; provided the County gives a written explanation to the contractor, subcontractor, or supplier involved as to why the work or supplies were rejected or deemed not suitable for payment, and all other subcontractors and suppliers shall be paid in full.

(7) If the contractor, without reasonable cause, fails to make any payment to his subcontractors and material suppliers within fifteen days after receipt of payment under the County contract, the contractor shall pay to his subcontractors and material suppliers, in addition to the payment due them, interest in the amount of one and one-half percent per month, calculated from the expiration of the fifteen-day period until fully paid. This subdivision shall also apply to any payments made by subcontractors and material suppliers to the subcontractors and material suppliers and to all payments made to lower tier subcontractors and material suppliers throughout the contracting chain.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

(8) Final Payment: The County will make final payment of all moneys owed to the contractor, including any retainage, less any offsets or deductions authorized in the contract or otherwise authorized by law, within thirty days of the due date. Final payment shall be considered due upon the earliest of the following events:

a. Completion of the project and filing with the County of all required documentation and certifications, in complete and acceptable form, in accordance with the terms and conditions of the contract;
b. The project is certified by the architect or engineer authorized to make such certification on behalf of the County as having been completed, including the filing of all documentation and certifications required by the contract, in complete and acceptable form; or
c. The project is certified by the contracting authority as having been completed, including the filing of all documentation and certifications required by the contract, in complete and acceptable form.

Bidder may agree to accept automated clearinghouse (ACH) payment of invoices and monthly statements. Payment terms are Net 30 upon receipt of an accurate monthly statement, although the Bidder may offer additional discounts for early payment on the Response Form.

The Contractor shall, by affidavit, submit to the Engineer a sworn certification to the County that all bills and claims properly due and chargeable against the work have been satisfied and that the laws relating to the payment of prevailing wage rates have been complied with and shall release the County of Boone from all further claims, which certificate must bear the written endorsement of the Surety on the bond. The acceptance by the Contractor of the final payment shall constitute a release and waiver of any and all rights and privileges under the terms of the Contract; further, the acceptance by the Contractor of final payment shall relieve the County from any and all claims or liabilities on part of the County relating to or connected with the Contract.

The cost of all licenses and permits and other expenses and costs incidental to the fulfillment of this Contract will be paid by the Contractor, and the total amount of such costs will be included in the total cost of the work.

Assignments: No money due at the time or which may become due, and no claim of any character because of any performance or breach of the Contract shall be assigned or transferred to any other person so as to bind or affect the County without the written consent of the Surety and the County.

The Contractor shall pay for all materials, supplies, services, and equipment as follows:

1. For all transportation and utility service not later than the 20th day of the calendar month following that in which the services are rendered, and
2. For all materials, tools, and other expendable equipment to the extent of 90 percent of the cost thereof, not later than the 20th day of the calendar month following that in which such materials, tools, and equipment are delivered at the site of the project, and the balance of the cost thereof not later than the 30th day following the completion of that part of the work in or on which such materials, tools, and equipment are incorporated or used.

EXTRA AND/OR ADDITIONAL WORK AND CHANGES: If any extra and/or additional work is to be done or any change in the plans and specifications is deemed necessary, the County may issue to the Contractor a written change order directing that such extra and/or additional work be done or that such change be made, and the Contract shall be modified accordingly. Compensation to the Contractor will be calculated as an addition to or deduction from the Contract price, based upon such written terms as may be established by the owner, either (a) by an acceptable lump sum proposal of the Contractor, (b) on a cost-plus limited basis not to exceed a specified limit, or (c) on basis of bid or mutually agreed upon unit prices. In the event that none of the foregoing methods are agreed upon with the Contractor, the County may perform the work with its own forces or under separate contract with another contractor.

COUNTY'S RIGHT TO WITHHOLD CERTAIN AMOUNTS AND MAKE APPLICATION THEREOF: The County shall have the right to withhold from payments due to the Contractor, in addition to the retained percentages herein elsewhere provided for, such amount or amounts as may be necessary to pay just claims against the Contractor for labor and services rendered and materials furnished in or about the work covered by this Contract, or for liquidated damages. The County is by this Contract appointed the agent of the Contractor to apply such retained amounts to the payment of any of the foregoing.

PATENTS: The Contractor shall protect the County against suits for patent infringement on material, equipment, and methods used.

DISCHARGE OF EMPLOYEES: Any employee of the Contractor who is stationed at the site of the work and should prove to be quarrelsome, dishonest, incompetent or inexperienced, or should not work for the good of the job shall, upon written notice from the County, be removed by the Contractor and replaced by an employee with proper qualifications.

ASSIGNMENT OF CONTRACT: No assignment by the Contractor of any principal construction contract or any part thereof or of the funds to be received thereunder by the Contractor, will be recognized unless such assignment has had the approval of the County and the Surety has been given due notice of such assignment in writing. In addition to the usual recitals in assignment contracts, the following language must be set forth:
"It is agreed that the funds to be paid to the assignee under this assignment are subject to a prior lien for services rendered or materials supplied for the performance of the work called for in said Contract in favor of all persons, firms, or corporations rendering such services or supplying such materials."

ACCIDENT PREVENTION: Precaution shall be exercised at all times for the protection of persons (including employees) and property. The safety provisions of applicable laws, building and construction codes shall be observed. Machinery, equipment, and all hazards shall be guarded or eliminated in accordance with the safety provisions of the Manual of Accident Prevention in Construction, 8th Edition, 1999, published by the Associated General Contractors of America, to the extent that such provisions are not in contravention of applicable laws. Current standards of the Occupational Safety and Health Act shall be applied, as well as the requirements contained within the current MUTCD.

LEGAL REQUIREMENTS: The Contractor shall do all work in such manner as to comply with all County ordinances, and laws of the County, State, and Nation as apply to the work herein outlined. The Contractor shall also obtain all necessary licenses and permits and keep necessary records as required.

EQUAL OPPORTUNITY: The County of Boone is an equal opportunity affirmative action employer, pursuant to federal and state law, and all respondents submitting bids shall be considered to be EEO/AA employers in compliance with federal and state laws, unless otherwise stipulated by the bidders herein.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

DOMESTIC PURCHASING POLICY: Contractors are encouraged to select and use materials manufactured, assembled, or produced in the United States in the performance of this contract whenever the quality and price are comparable with other goods. By submission of this bid, the vendor certifies that they are in compliance with section 34.353 and, if applicable, section 34.359 ("Missouri Domestic Products Procurement Act") of the Revised Statutes of Missouri, 1987.

TRANSIENT EMPLOYERS: Every transient employer, as defined in Section 285.230 RSMo, must post in a prominent and easily accessible place at the work site a clearly legible copy of the following: (1) the notice of registration for employer withholding issued to such transient employer by the director of revenue; (2) proof of coverage for workers' compensation insurance or self-insurance signed by the transient employer and verified by the department of revenue through the records of the division of workers' compensation; and (3) the notice of registration for unemployment insurance issued to such transient employer by the division of employment security. Any transient employer failing to comply with these requirements shall, under Section 285.234 RSMo, be liable for a penalty of five hundred dollars per day until the notices required by this section are posted as required by law.

SALES TAX EXEMPTION PROCEDURE: County will provide the Contractor with a completed Missouri Project Exemption and Missouri Tax Exemption letter for Boone County, Missouri and the Contractor shall be responsible for furnishing the exemption certificate and tax exemption letter to all authorized sub-contractors and suppliers providing materials incorporated in the work. All invoices issued for purchases for such materials, supplies, and taxable rentals shall be in the name of Boone County and contain the project number assigned by Boone County for the contract awarded. It shall be the responsibility of the Contractor to insure that no sales or use taxes are included in the invoices and that the County pays no sales/use taxes from which it is exempt. The Contractor shall be responsible for obtaining revised exemption certificates and revised expiration dates if the work extends beyond the estimated the project completion date or a certificate expiration date. The Contractor shall also be responsible for retaining a copy of the project exemption certificate for a period of five years and for compliance with all other terms and conditions of section 144.062 RSMo. not otherwise herein specified. The Contractor agrees not to use or permit others to use the project exemption certificate for taxable purchases of materials or rentals and supplies not directly incorporated into or used in the work to which it applies and agrees to indemnify and hold the County harmless from all losses, expenses and costs including litigation expenses and attorney fees resulting from the unauthorized use of such project exemption certificates.

WARRANTY AND GUARANTEE: Contractor warrants and guarantees to Owner and Engineer that all work will be in accordance with the Contract Documents and will not be defective. All materials provided by Contractor shall be new material of high quality which shall give long life and reliable operation. The workmanship shall be of high quality in every detail. Prompt notice of all defects shall be given to Contractor. All defective work, whether or not in place, may be rejected, corrected, or accepted as follows:

(1) **CORRECTION OR REMOVAL OF DEFECTIVE WORK:** If required by Engineer, Contractor shall promptly, as directed, either correct all defective Work, whether or not fabricated, installed or completed, or if the Work has been rejected by Engineer, remove it from the site and replace it with non-defective Work. Contractor shall bear all direct, indirect, and consequential costs of such correction or removal (including but not limited to fees and charges of engineers, architects, attorneys, and other professionals made necessary thereby).

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

(2) **ONE YEAR CORRECTION PERIOD:** If within one year after the date of Substantial Completion or such longer period of time as may be prescribed by Laws or Regulations or by the terms of any applicable special guarantee required by the Contract Documents or by any specific provision of the Contract Documents, any Work is found to be defective, including grass growth, Contractor shall promptly, without cost to Owner and in accordance with Owner's written instructions, either correct such defective Work, or if it has been rejected by Owner, remove it from the site and replace it with non-defective Work. If Contractor does not promptly comply with the terms of such instructions, or in an emergency where delay would cause serious risk of loss or damage, Owner may have the defective Work removed and replaced and all direct, indirect, and consequential costs of removal and replacement (including but not limited to fees and charges of engineers, architects, attorneys, and other professionals) will be paid by the Contractor's performance bond. In special circumstances where a particular item of equipment is placed in continuous service before Substantial Completion of all the Work, the correction period for that item may start to run from an earlier date if so provided in the Specifications or by Written Amendment.

SUBCONTRACTORS, SUPPLIERS AND OTHERS: Contractor shall not employ any Subcontractor, Supplier, or other person or organization (including those acceptable to Owner and Engineer as indicated below), whether initially or as a substitute, against whom Owner or Engineer may have reasonable objection. Contractor shall not be required to employ any Subcontractor, Supplier, or other person or organization to furnish or perform any of the Work against whom the Contractor has a reasonable objection.

If the Owner requires identity of certain Subcontractor, Suppliers, or other persons or organizations (including those who are to furnish the principal items of material and equipment) to be submitted to Owner in advance of the specified date prior to the Effective Date of the Agreement for acceptance by Owner and Engineer and if Contractor has submitted a list thereof in accordance with the project Specifications, Owner's or Engineer's acceptance (either in writing or by failing to make written objection thereto by the date indicated for acceptance or objection in the bidding documents or the Contract Documents) of any such Subcontractor, Supplier, or other person or organization so identified may be revoked on the basis of reasonable objection after due investigation, in which case Contractor shall submit an acceptable substitute, the Contract Price will be increased by the difference in the cost occasioned by such substitution and an appropriate Change Order will be issued or Written Amendment signed. No acceptance by Owner or Engineer of any such Subcontractor, Supplier, or other person or organization shall constitute a waiver of any right of Owner or Engineer to reject defective Work.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

It is understood and agreed that, except as may be otherwise provided for by the **General Specifications, Technical Specifications**, and **Special Provisions** the work shall be done in accordance with the **Boone County Roadway Regulations Chapter II**, or the **MoDOT Standard Specifications**. Said Specifications are part and parcel of this Contract, and are incorporated in this Contract as fully and effectively as if set forth in detail herein. When an item is the subject of both the **Boone County Roadway Regulations Chapter II** and the **MoDOT Standard Specifications**, the **Boone County Roadway Regulations Chapter II** will govern the work.

The Contractor further agrees that he is fully informed regarding all of the conditions affecting the work to be done, and labor and materials to be furnished for the completion of this Contract, and that his information was secured by personal investigation and research and not from any estimates of the Owner; and that he will make no claim against the Owner by reason of estimates, tests, or representation of any officer, agent, or employees of the Owner.

The said Contractor agrees further to begin work not later than the authorized date in the Notice to Proceed, and to complete the work within the time specified in the proposal or such additional time as may be allowed by the Engineer under the Contract.

The work shall be done to complete satisfaction of the Owner, and in the case the Federal Government or any agency thereof is participating in the payment of the cost of construction of the work, the work shall also be subject to inspection and approval at all times by the proper agent or agents of such government agency.

The parties hereto agree that this Contract in all things shall be governed by the laws of the State of Missouri.

Contractor agrees it will pay not less than the prevailing hourly rate of wages to all workmen performing work under the Contract in accordance with the prevailing wage determination issued by the Division of Labor Standards of the Department of Labor and Industrial Relations for the State of Missouri and as maintained on file with the Boone County Purchasing Department. The Contractor further agrees that it shall forfeit as a penalty to the County of Boone the sum of $100.00 for each workman employed for each calendar day or portion thereof such workman is paid less than the stipulated rates set forth in the prevailing wage determination for the project for any work done under this contract by the Contractor pursuant to the provisions of Section 290.250 RSMo. The Contractor further agrees that he will abide by all provisions of the prevailing wage law as set forth in Chapter 290 RSMo. and rules and regulations issued thereunder and that any penalties assessed may be withheld from sums due to the Contractor by the Owner.

The Contractor agrees that he will comply with all federal, state, and local laws, regulations, and ordinances, and that he will cause each of his subcontractors to do the same. The Contractor also agrees not to discriminate against any person on the grounds of race, color, religion, creed, sex, age, ancestry, or national origin in connection with this Contract, including procurement of materials and equipment, and will cause each of his subcontractors to do the same.

The Contractor expressly warrants that he has employed no third person to solicit or obtain this Contract in his behalf, or to cause or procure the same to be obtained upon compensation in any way contingent, in whole or in part, upon such procurement. Also, that he has not paid, or promised or agreed to pay to any third person, in consideration of such procurement, or in compensation for services in connection therewith, any brokerage, commission or percentage upon the amount receivable by he hereunder; and that he has not, in estimating the Contract price demand by he, included any sum by reason of any such brokerage, commission, or percentage; and that all moneys payable to he hereunder are free from obligation of any other person for services rendered, or supposed to have been rendered, in the procurement of this Contract. Contractor further agrees that any breach of this warranty shall constitute adequate cause for the annulment of this Contract by the Owner, and that the Owner may retain to its own use from any sums due to or to become due

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

hereunder an amount equal to any brokerage, commission, or percentage so paid, or agreed to be paid.

The Owner agrees to pay the Contractor in the amount of

$_____
as full compensation for the performance of work embraced in this Contract, subject to adjustment as provided for changes in quantities and approved change orders.

SAMPLE PERFORMANCE BOND

KNOW ALL PERSONS BY THESE PRESENT, that we,

_____

_____

as Principal, hereinafter called Contractor, and _____

_____

a Corporation, organized under the laws of the State of _____

and authorized to transact business in the State of Missouri, as Surety, hereinafter called Surety, are held and firmly bound unto the County of Boone, Missouri, as Obligee, hereinafter called Owner, in the amount of _____Dollars, for the payment whereof Contractor and Surety bind themselves, their heirs, executors, administrators, successors, and assigns jointly and severally, firmly by these presents:

WHEREAS, Contractor has, by written agreement dated _____entered into a Contract with Owner for:

Project Name: _____

Project No.: _____

in accordance with specifications and/or plans prepared by the County of Boone, which contract is by reference made a part hereof, and is hereinafter referred to as the Contract.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION is such that, if Contractor shall promptly and faithfully perform said Contract, and shall faithfully perform the prevailing hourly wages and comply with all prevailing wage requirements as provided by such Contract and applicable prevailing wage laws, rules, and rates specified by regulation thereunder, then this obligation shall be null and void; otherwise it shall remain in full force and effect.

The Surety hereby waives notice of any alteration or extension of time made by the Owner.

Whenever Contractor shall be, and declared by Owner to be, in default under the Contract, the Owner having performed Owner's obligations thereunder, the Surety may promptly remedy the default, or shall promptly:

1) Complete the Contract in accordance with its terms and conditions, or

2) Obtain a bid for submission to Owner for completing the Contract in accordance with its terms and conditions, and upon determination by Owner and Surety of the lowest responsible bidder, arrange for a Contract between such bidder and Owner, and make available as work progresses (even though there should be a default of a succession of defaults under the Contract or Contracts of completion arranged under this paragraph) sufficient fund to pay the cost of completion less the balance of the Contract price, but not exceeding, including other costs and damages for which the Surety may be liable hereunder, the amount set forth in the first paragraph hereof. The term "balance of the Contract price", as used in this paragraph, shall mean the total amount payable by Owner to Contractor under the Contract and any amendments thereto, less the amount properly paid by Owner to Contractor.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

Any suit under this bond must be instituted before the expiration of two (2) years from the date on which final payment under the Contract falls due.

No right of action shall accrue on this bond to or for the use of any person or corporation other than the Owner named herein or the heirs, executors, administrators, or successors of Owner.

IN TESTIMONY WHEREOF, the Contractor has hereunto set his hand and the Surety has caused these presents to be executed in its name, and its corporate seal to be affixed by its Attorney-In-Fact at _____ on this _____ day of _____ ,20 _____.

SAMPLE LABOR AND MATERIAL PAYMENT BOND

KNOW ALL PERSONS BY THESE PRESENT, that we,

_____

_____

as Principal, hereinafter called Contractor, and _____

_____

a Corporation, organized under the laws of the State of _____

and authorized to transact business in the State of Missouri, as Surety, hereinafter called Surety, are held and firmly bound unto the County of Boone, Missouri, as Obligee, hereinafter called Owner, for the use and benefit of claimants as herein defined, in the amount of

_____Dollars,

($_____), for the payment whereof Contractor and Surety bind themselves, their heirs, executors, administrators, successors, and assigns jointly and severally, firmly by these presents:

WHEREAS, Contractor has, by written agreement dated _____entered into a Contract with Owner for:

Project Name: _____

Project No.: _____

in accordance with specifications and/or plans prepared by the County of Boone which Contract is by reference made a part hereof, and is hereinafter referred to as the Contract.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION is such that the Contractor shall promptly make payments to all claimants as hereinafter defined, for all labor and material used or reasonably required for use in the performance of the Contract, then this obligation shall be void; otherwise, it shall remain in full force and effect, subject, however, to the following conditions.

A. A claimant is defined as one having a direct contract with the Contractor or with a subcontractor of the Contractor for labor, material, or both, used or reasonably required for use in the performance of the Contract; labor and material being construed to include the part of water, gas, power, light, heat, oil, gasoline, telephone service, rental, or equipment directly applicable to the Contract.

B. The above named Contractor and Surety hereby jointly and severally agree with the Owner that every claimant as herein defined, who has not been paid in full before the expiration of a period of ninety (90) days after the date on which the last of such claimant's work or labor was done or performed, or materials were furnished by such claimant, may sue on this bond for the use of such claimant, prosecute the suit to final judgment for such sum or sums as may be justly due claimant, and have execution thereon. The owner shall not be liable for the payment of any costs or expenses of any such suit.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

C. No suit or action shall be commenced hereunder by any claimant:

1. Unless claimant, other than one having a direct Contact with the Contractor, shall have given written notice to any two of the following: The Contractor, the Owner, or the Surety above named, within ninety (90) days after such claimant did or performed the last of the work or labor, or furnished the last of the materials for which said claim is made, stating with substantial or furnished the last of the materials for which said claim is made, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were furnished, or for whom the work or labor was done or performed. Such notice shall be served by mailing the same by registered mail or certified mail, postage prepaid, in an envelope addressed to the Contractor, Owner, or Surety, at any place where an office is regularly maintained for the transaction of business, or served in any manner in which legal process may be served in the state in which the aforesaid project is located, save that such service need not be made by a public officer.

2. After the expiration of one (1) year following the date on which Contractor ceased work on said Contract, it being understood, however, that if any limitation embodied in this bond is prohibited by any law controlling the construction hereof, such limitation shall be deemed to be amended so as to be equal to the minimum period of limitation permitted by such law.

3. Other than in a state court of competent jurisdiction in and for the County or other political subdivision of the state in which the project, or any part thereof, is situated or in the United States District Court for the district in which the project, or any part thereof, is situated, and not elsewhere.

D. The amount of this bond shall be reduced by and to the extent of any payment or payments made in good faith hereunder, inclusive of the payment by Surety of Mechanic's Liens which may be filed on record against said improvement, whether or not claim for the amount of such lien be presented under or against this bond.

IN TESTIMONY WHEREOF, the Contractor has hereunto set their hand and the Surety caused these present to be executed in its name and its corporate seal to be affixed by its Attorney-in-Fact at

GENERAL SPECIFICATIONS

GENERAL SPECIAL PROVISIONS: Except as may be otherwise provided for by the **General Specifications**, **Technical Specifications**, and **Special Provisions**, the work shall be done in accordance with the **Boone County Roadway Regulations Chapter II** or the **MoDOT Standard Specifications**. Said Specifications are part and parcel of this Contract and are incorporated in this Contract as fully and effectively as if set forth in detail herein.

When an item is the subject of both the **Boone County Roadway Regulations Chapter II** and the **MoDOT Standard Specifications**, the **Boone County Roadway Regulations Chapter II** will govern the work.

SECTION 1. - DEFINITIONS

The following changes shall be made to Section 101. Definitions. and shall apply each time they occur in the "Missouri Standard Specifications for Highway Construction Current Edition" hereinafter the **MoDOT Standard Specifications**.

A. Owner: Shall mean the County of Boone as contracting agency acting by and through any of its authorized representatives.

B. Commission: Shall mean the Boone County Commission.

C. Engineer: Shall mean the Director of the Boone County Resource Management Department acting by and through any of his authorized representatives.

SECTION 2. - PROPOSAL REQUIREMENTS AND CONDITIONS

2.1 Interpretation of Proposed Quantities. The quantities appearing in the bid schedule are prepared for the comparison of bids and will be the basis for final payment to the Contractor, except where final measurements are to be made, as hereinafter provided. Payment will not be made for any work that does not meet with the approval of the Engineer. The scheduled quantities of work to be done and materials to be furnished may be increased, decreased, or omitted as hereinafter provided.

The Contractor agrees that he is fully informed regarding all of the conditions affecting the work to be completed, and labor and materials to be furnished for the completion of this Contract, and that his information was procured by personal investigation and research and not from any estimates of the Engineer; and that he will make no claims against the County by reason of estimates, test, or representation of any officer, agent, or employee of the County or the Engineer.

2.2 Proposal Guaranty. Each proposal shall be accompanied by a proposal guaranty. The character and the amount of the proposal guaranty to be furnished by Bidders shall be stated in the proposal for each project. The proposal guaranty shall be executed by some surety company authorized to do business in the State of Missouri, as a guarantee on the part of the Bidder that if his bid be accepted, he will within ten days after receipt of notice of such acceptance, enter into a contract and furnish a contract bond to do the work advertised; and, in case of default, forfeit such proposal guaranty.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

2.3 Delivery of Proposals. Each proposal shall be submitted in a sealed envelope marked clearly to indicate its contents. All proposals shall be filed prior to the time and at the location specified in the Notice To Bidders. Proposals received after the time for opening of bids will be returned to the bidder unopened.

SECTION 3 - AWARD AND EXECUTION OF CONTRACT

3.1. Award of Contract. The Contract shall be awarded by the Boone County Commission and confirmed by a Commission Order to the lowest responsible Bidder within a reasonable length of time after opening of bids. The responsibility of the Bidder shall be determined by the Boone County Commission who will base its decision on, among other things, bidder's qualifications, previous work, and financial standing. The successful Bidder will be notified in writing, mailed to the address shown on the proposal, that his bid has been accepted and that he has been awarded the contract.

SECTION 4 - SCOPE OF WORK – This section has been left blank.

SECTION 5 - CONTROL OF WORK

5.1. Cooperation by Contractor. The Contractor will be supplied with four sets of approved plans and contract assemblies including special provisions. One set of approved plans and contract documents including special provisions shall be kept available on the job at all times.

5.2. Authority and Inspection. The Engineer has direct charge of the engineering details of each construction project. The Engineer has the authority to reject defective material and to suspend and reject any work that is being improperly performed.

5.3. Claims for Adjustment. If any conditions arise which in the Contractor's opinion will require him to make any claims or demands for extra or additional compensation above that fixed by the contract, or on which he contemplates bringing claims for such extra compensation, he shall promptly and before incurring any expenses, notify in writing the Engineer of the conditions and circumstances and that he proposes to make such claims. The Contractor agrees that any claims made without such advance notice, and not presented in such a way as to enable the Engineer to observe conditions as they occur and to verify expenses as they occur and to determine with certainty the correctness of such claims and of the expenses involved, are waived and shall be null and void. No extra compensation shall be awarded in any event without prior written approval of the County.

5.4. The Engineer will set initial field control consisting of bench marks and control monuments. The Contractor shall be responsible for the preservation of all bench marks and control monuments, and if any of these bench marks or control monuments are carelessly or willfully destroyed or disturbed, the cost of replacing them may be charged to the Contractor. These bench marks and control monuments will constitute the initial field control by and in accordance with which the Contractor shall establish other necessary controls and perform the work in the correct position to correspond to the information shown on the plans and given by the Engineer during the progress of the work. Elevations shown on the plans and referred to in the specifications are based on the bench marks shown. The Contractor shall employ competent personnel for making position, gradient, and alignment determinations and measurements.

SECTION 6 - CONTROL OF MATERIAL

6.1. Inspection and Certification. Unless otherwise specified, all materials shall be subject to visual inspection and job control test, as determined by the Engineer, and shall be certified by the Supplier that the material supplied conforms to the requirements of these specifications. All certifications shall make reference to the specific project and shall contain the Supplier's name and address.

6.2. Samples, Tests, and Cited Specifications. The Contractor shall submit certifications and substantiating test reports, furnished by the Supplier or Fabricator, certifying that material and manufacturing procedures conform to the specifications. All sampling and testing required by the specifications shall be performed by the Supplier in accordance with these specifications, and the results shall be signed, sealed and stamped according to laws related to professional engineers. There shall be no direct charge to the Owner for materials taken as samples, either for field tests or for laboratory tests. If a specification of a recognized national standard agency (ASTM, AASHTO, AWWA, AWS, etc.) is designated the material may, unless otherwise specified, meet either the designated specification or the latest revision thereof in effect at the time of letting of the contract.

SECTION 7 - LEGAL RELATIONS AND RESPONSIBILITY TO THE PUBLIC

Safety Provisions. Safety on the job is the Contractor's sole responsibility. The Contractor is responsible for proper barricades and/or fences to prevent injury to his or other personnel or the public, and shall leave such barricades and/or fences in place at any time he must be absent from the job site.

SECTION 8 - PROSECUTION AND PROGRESS

8.1. Except in connection with the safety or protection of persons or the Work or property at the site or adjacent thereto, and except as otherwise indicated in the contract documents, all Work at the site shall be performed during regular working hours, and the Contractor will not permit overtime work or the performance of Work on Saturday, Sunday or any legal holiday without Owner's written consent given after prior written notice to the Engineer.

8.2. Contractor shall notify the Engineer a minimum or forty-eight hours in advance of intent to perform Work.

SECTION 9 - MEASUREMENT AND PAYMENT

9.1. The Engineer will make payment estimates on or about the 1st and the 15th of each month of the work performed and the value thereof at the contract unit prices. The proper percentage with relation to completion will be allowed for all incomplete items.

9.2. No payments will be made on account of materials not yet incorporated into the work.

9.3. From the total amount of work items of each estimate, there will be deducted the percentage as provided in the Payments section of the Contract Conditions. The retained percentage will be released as provided in Section 9.13. The net amount due on the estimate will be certified to the County for payment. This method of retained percentage does not apply to work involving the planting of tree, shrubs and other plants.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

9.4. Payment may be withheld or nullified in whole or part to such extent as may be necessary to protect the County from loss on account of:

a. Failure to properly submit material certifications and substantiating test reports required under Section 6.1. and Section 6.2.

b. Failure to properly submit certified copies of labor payrolls required under Section 10.

c. Defective work not remedied.

d. Failure of the Contractor to properly make payment to suppliers or subcontractors for material and/or labor.

e. A reasonable doubt that the contract can be completed for the balance then unpaid.

f. Damage to another Contractor.

9.5. If the plans have been altered or when disagreement exists between the Contractor and the Engineer as to the accuracy of the plan quantities, either party has the right to request a recomputation of contract quantities of excavation within any area by written notice to the other party. The written notice shall contain evidence that an error exists in the original ground line elevation or in the original computations which will materially affect the final payment quantity. If such final measurement is required, it will be made from the latest available ground surface and the design section.

9.6. Borrow quantities will not be measured. If additional fill material is required for the construction of embankment or for other proportions of the work, it shall be located, furnished, and hauled by the Contractor as necessary, and will be considered incidental to the portion of work. The Contractor shall be responsible for obtaining all necessary permits. No direct payment for locating, furnishing, hauling additional fill material or obtaining permits will be made.

9.7. Measured quantities of excavation will be used where the ground elevations show on the plans are found to be erroneous. No revision of contract quantities will be made if the actual ground elevations are considered to agree generally with the ground line shown on the plans. Where the Engineer authorizes a change in grade, slope, or typical section affecting the volume of excavation allowed for payment, the revised volume will be determined by the average end area method on the basis of the revised grade, slope, or typical section. Where unauthorized deviations result in a decrease in the contract quantities, the deviations will be measured and deducted from the contract quantity.

9.8. This section has been left blank
9.9. This section has been left blank
9.10. This section has been left blank
9.11. This section has been left blank

9.12. Payment for the removal and replacement of any unsuitable material will be at the contract unit price for additional depth dig-out repair.

9.13. Release of Retained Percentages:

9.13.1. Prior to any release of retained percentage the Contractor shall file with the County the following:

a. An affidavit, to the effect that all payments have been made and all claims have been released for all materials, labor, and other items covered by the contract bond;

b. Written consent of the surety to such payment;

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

c. Any other documents which may be required by the contract or the Engineer.

9.13.2. Each Contractor and Subcontractor shall file with the County, upon completion of the project and prior to final payment thereof, an affidavit stating that he has fully complied with the provisions and requirements of the Prevailing Wage Law and OSHA Training Requirements.

9.13.3. When the work has been completed and certified by the County, a final estimate will be executed and submitted, which will provide payment to the Contractor for the entire sum due him as set forth in these Specifications, including the amount previously retained by the County. All prior partial estimates and payments shall be subject to correction by the County in this final estimate and payment.

SECTION 10 - MATERIAL AND WORKMANSHIP

All materials provided by Contractor shall be new material of high quality which shall give long life and reliable operation. The workmanship shall be of high quality in every detail.

SECTION 11 - STATE WAGE RATE REQUIREMENTS

11.1. The Contractor and all Subcontractors shall maintain books, accounts, ledgers, invoices, drafts, documents, pages and other business records pertaining to the performance of the Contract with such materials available at the Contractor's field or permanent business offices at all reasonable times during the performance of the Contract and for four years from the date of final payment under the contract, for inspection by authorized representatives of the County and the Industrial Commission of Missouri.

11.2. The Contractor and all Subcontractors shall be required to submit to the Engineer one certified copy of labor payrolls and a weekly statement of compliance (Form WH-347) for each week that work is in progress, within seven days of the payment date of the payroll. If work is temporarily suspended, the last payroll shall be marked appropriately to note that it will be the last payroll until work is resumed.

11.3. The Contractor shall be responsible for the submittal of payrolls and certifications for all subcontractors.

11.4. The County will spot-audit payrolls consistent with its obligations under state law, and Contractor shall promptly address any issues and/or provide additional information upon request by County to ensure compliance with the Prevailing Wage Law.

11.5. The contracts for construction projects require that certain information be displayed in a conspicuous place within the project limits for the duration of the contract. The following is a list of required information to be posted both on the project and in the Owner's office:

a. In the Owner's office:

1. Missouri Equal Employment Opportunity Notice.
2. PR-1022, Title 18, Section 1020, Notice on False Statements.

b. On the Project:

1. State Wage Rates Notice.
2. PR-1022, Title 18, Section 1020, Notice on False Statements.
3. Contractor's and Subcontractor's EEO Policy Statements and name, address and telephone number of designated EEO Officers.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

4. Notice to Labor Unions of Contractors commitment to EEO (if applicable).
5. Notice requesting referral of minorities by present employees.

11.6. The Owner's personnel will generally conduct one wage rate interview on each project every two weeks. Labor interviews are not required on railroad and other utility adjustments. The interviewer will determine the employee's name, the employer's name, the classification of the employee, the actual wage paid, and the posted wage.

SECTION 12 - SPECIFICATIONS AND PLANS

The Contractor shall keep at the job-site a copy of the plans and specifications and shall at all times give the County and the Engineer access thereto. Anything mentioned in the specifications and not shown on the plans, or shown on the plans and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both. In any case of discrepancy between the plans and the specifications, the matter shall be promptly submitted to the Engineer, who shall promptly make a determination in writing. Any adjustment or interpretation by the Contractor without this determination shall be at the Contractor's own risk or expense. The Engineer shall furnish from time to time such detail plans and other information as may be considered necessary, unless otherwise provided.

SECTION 13 - PROTECTION OF WORK

The Contractor shall take all necessary steps to protect his own workers, the utility personnel, and the public from unnecessary danger or hazard during the prosecution of this work. Danger signs, warning signs, flares, lanterns, railings, barriers, sheeting, shoring, etc., shall be erected to prevent accidents from construction, falling objects, rotating machinery, electric lines and other conditions which might prevent unusual hazard.

SECTION 14 - OVERHEAD LINE PROTECTION

The Contractor shall ascertain the presence and location of utilities within the work area. The Contractor shall notify and coordinate the utility that may be affected by the work.

The Contractor is aware of the provisions of the Overhead Power Line Safety Act, 319.075 to 319.090 RSMo, and agrees to comply with the provisions thereof. Contractor understands that is its their duty to notify any utility operating high voltage overhead lines and make appropriate arrangements with said utility if the performance of contract would cause any activity within ten feet of any high voltage overhead line. To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, officers, agents, and employees from and against all claims, damages, losses and expenses (including but not limited to attorney's fees) arising by reason of any act or failure to act, negligent or otherwise, of Contractor, of any subcontractor (meaning anyone, including but not limited to consultants having a contract with contractor or a subcontract for part of the services), of anyone directly or indirectly employed by contractor or by any subcontractor, or of anyone for whose acts the contractor or its subcontractor may be liable, in connection with any claims arising under the Overhead Power Line Safety Act. Contractor expressly waives any action for Contribution against the County on behalf of the Contractor, any subcontractor (meaning anyone, including but not limited to consultants having a contract with contractor or a subcontract for part of the services), anyone directly or indirectly employed by contractor or by any subcontractor, or of anyone for whose acts the contractor or its subcontractor may be liable, and agrees to provide a copy of this waiver to any party affected by this provision.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

SECTION 15 - OSHA Program Requirements

The Contractor is familiar with the requirements of 292.675 RSMo. The Contractor shall provide a ten-hour Occupational Safety and Health Administration (OSHA) construction safety program for their on-site employees, subcontractors or others acting on behalf of Contractor on-site which meets the requirements of 292.675 RSMo.

The Contractor and each subcontractor shall keep accurate records of those employees who are working on-site and a record of each such employee's completion of the OSHA program, and certify compliance by affidavit at the conclusion of the project.

The Contractor shall forfeit as a penalty to the County the sum of Two Thousand Five Hundred Dollars ($2,500.00) plus One Hundred Dollars ($100.00) for each employee employed by the Contractor or subcontractor, for each calendar day, or portion thereof, such employee is found to be employed in violation of 292.675 RSMo. Said amounts shall be withheld from all sums and amounts due under this provision when making payments to the Contractor.

SECTION 16 - REPAIRS AND/OR REPLACEMENT OF DEFECTIVE PORTION

The Contractor shall be responsible for a period of one year from and after the date of final acceptance by the County of the work covered by this Contract, for any repairs or replacements caused by defective materials, workmanship or equipment which, in the judgment of the Engineer, shall become necessary during such period. The Contractor shall undertake with due diligence to make the aforesaid repairs and/or replacements within ten days after receiving written notice that such repairs or replacements are necessary. If the Contractor should neglect to begin such repairs or replacements within this period or in case of emergency, where, in the judgment of the Engineer, delay would cause serious loss or damage, the repairs and/or replacements may be pursued by the County and charged to the Contractor.

SECTION 17 - INTERFERENCE

All work scheduled by the Contractor shall be planned with the consent of the Engineer and shall not in any way interfere with any utility, highway, railroad, or private property unless consent is given by an authorized representatives or the County.

SECTION 18 - METHOD OF PAYMENT

The method of payment shall be as stipulated in the section titled "Contract Conditions" and contained elsewhere in these contract documents.

TECHNICAL SPECIFICATIONS

Except as may be otherwise provided for by the **General Specifications**, **Technical Specifications** and **Special Provisions**, the work shall be done in accordance with the **Boone County Roadway Regulations Chapter II or the MoDOT Standard Specifications.**

Said Specifications are part and parcel of this Contract and are incorporated in this Contract as fully and effectively as if set forth in detail herein. When an item is the subject of both the **Boone County Roadway Regulations Chapter II** and the **MoDOT Standard Specifications**, the **Boone County Roadway Regulations Chapter II** shall govern the work.

SECTION 01010 – SUMMARY OF WORK

PART 1 – GENERAL

1.1 PROJECT SCOPE

The project scope is as specified in the Notice to Bidders for this Project.

1.2 RELATED DOCUMENTS

A. Plans and general provisions of Contract, including General Specifications, Technical Specifications and Special Provisions.

B. The Contractor **shall** keep at least one set of the plans and specifications available on the site at all times for construction purposes.

C. The Contractor **shall** keep at least one copy of the **Boone County Roadway Regulations Chapter II** on site at all times for construction purposes.

1.3 CONTRACTOR USE OF PREMISES

A. The Contractor shall comply with all laws, ordinances, rules, and regulations applicable to the work, including Corps of Engineers and Missouri Department of Natural Resources permits when applicable.

B. The Contractor shall confine construction equipment, storage of materials, and the operation of workers to the project site and other areas identified by the Contract Documents.

C. The Contractor shall at all times allow for ingress and egress through the project limits by the public.

D. The Contractor shall keep the site free from accumulated waste materials, rubbish, and other debris during the progress of the work and shall leave the site in equal or better than original condition.

E. The Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall the Contractor subject any part of the work or adjacent properties to stresses or pressures that will endanger it.

F. The means of the work and the safety of the Contractor's employees are solely the responsibility of the Contractor. The Contractor has contractual obligation to comply with all applicable laws and regulations including those of OSHA. At no time will the County take responsibility for either the means of the work or the safety of the Contractor's employees.

1.4 COORDINATION

A. The work shall be constructed to accommodate the continuous ingress and egress to the abutting properties during the construction period. The Contractor shall coordinate the construction schedule and operations with the County.

B. **The Contractor shall prepare a detailed Traffic Control/Phasing Plan if one is not included in the Project Plans and/or Details.** The phasing plan shall minimize times when sections of the roadway are completely closed. Twenty-four hours prior to any complete closure, the Contractor shall provide written notification to the abutting property owners in the immediate area and to the County.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

C. **The Contractor shall notify all utilities that may have facilities in the work area prior to starting work.** If utility services are encountered, the Contractor is responsible to have these services relocated if necessary or repaired if damaged. If a main line utility is in direct conflict to the proposed work, the Contractor shall report the conflict to the Engineer immediately. The Engineer will advise the Contractor how the conflict will be resolved. A direct conflict is defined as the existing utility occupying the exact location where the road is being constructed. Relocation and/or support of utilities which are near the construction location, but not direct conflict, shall be considered incidental to the work.

D. The Contractor shall give the County **4 hour** notice to readiness for all required inspections, tests, or approvals, including startup or activation of system equipment.

E. The Contractor shall restrict hours of operation from 7:00 am to 8:00 pm on Monday through Friday, except in the case of an emergency.

1.5 MEASUREMENT AND PAYMENT

Measurement and payment of the work is outlined in the individual sections of the technical portion of the project specifications and is listed on the bid document. The work will be paid for on a lump sum or unit price basis as designated in the Bid Form. **If work is not directly listed on the Bid Form, it shall be considered incidental to the total project**.

SECTION 01320 – SUBMITTALS

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

This section outlines the submittal procedures, construction progress schedules, proposed product list, shop Plans, product data, Manufacturers' instructions, and Manufacturers' Certifications.

1.2 SUBMITTAL PROCEDURES

A. Transmit each submittal with Contractor's transmittal form.

B. Identify Project, Contractor, Subcontractor or Supplier, pertinent drawing sheet and detail number, and specification section number, as appropriate.

C. Apply Contractor's stamp, signed or initialed, certifying that review, verification of Products required, field dimensions, adjacent construction Work, and coordination of information, is in accordance with the requirements of the Work and Contract Documents.

D. Schedule submittals to expedite the project and deliver to County. Coordinate submission of related items.

E. Identify variations from Contract Documents and Product or system limitations which may be detrimental to successful performance of the completed Work.

F. Provide space for review stamp by County.

G. Revise and resubmit submittals as required. Identify all changes made since previous submission.

H. Distribute copies of reviewed submittals to concerned parties. Instruct parties to promptly report inability to comply with provisions.

I. Contractor shall allow 48 hours in his schedule for submittal review.

J. Non-approved submittals shall be revised and resubmitted following the same procedure as the initial submission.

K. Review and approval or acceptance of a submittal by the County does not relieve the Contractor of his responsibility under the Contract Documents.

1.3 CONSTRUCTION PROGRESS SCHEDULE

A. Submit initial progress schedule at the Pre-construction Meeting. Schedule must be submitted prior to commencement of work.

1. The Contractor shall coordinate all activities on the project;
2. The Contractor shall notify the County 48 hours prior to the start of construction or a major increase/decrease in the work force; and
3. The schedule shall take the form of a horizontal bar chart with a weekly breakdown of each operation or major specification section in chronological order. Alternate project management schedules with equal or greater detail will be allowed.

B. Revise and resubmit schedules with each Application for Payment, identifying changes since previous version.

C. Indicate estimated percentage for completion for each item of work at each submission.

D. Indicate submittal dates required for shop Plans, product data, samples, and product delivery dates.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

1.4 PROPOSED PRODUCT LIST

A. Within 15 days after date of Notice to Proceed, submit complete list of major products proposed for use, with the name of manufacturer, trade name, and model number of each product.

B. For products specified only by reference standards, give manufacturer, trade name, model or catalog designation, and reference standards.

1.5 SHOP PLANS

A. Submit two copies plus a reproducible original to be returned to the Contractor. Submittal of shop Plans requiring preparation by a license engineer or architect shall carry an original seal and signature on the two copies and the reproducible original.

B. After review, reproduce and distribute in accordance with Article on Procedures above and maintain copies of Record Documents required for Contract Close Out.

1.6 PRODUCT DATA

A. Submit three copies plus the required copies to be returned to the Contractor.

B. Contractor shall mark each copy to identify applicable products, models, options, and other data. Supplement manufacturer's standard data to provide information unique to this project.

1.7 MANUFACTURER'S INSTRUCTIONS

A. Submit three copies plus the required copies to be returned to the Contractor.

B. Submit manufacturer's printed instructions for delivery, storage, assembly, installation, start-up, adjusting, and finishing.

C. Identify conflicts between manufacturer's instructions and contract documents.

1.8 MANUFACTURER'S CERTIFICATIONS

A. When specified, submit manufacturer's certification to County for review, in quantities specified for Product Data.

B. Indicate material or product conforms to or exceeds specified requirements. Submit supporting reference data, affidavits, and certifications as appropriate.

C. Certifications may be recent or previous test results on material or product, but must be acceptable to the County.

1.9 SUBMITTAL

A. The followings items shall require submittals:

1. Section 01010-Traffic Control/Phasing Plan: Shop Plans;
2. Section 01570-Erosion Control Fabric: Catalog, Material List, and Certification;
3. Section 01590-Topsoil: Letter stating location of topsoil source;
4. Section 01590-Lime, Fertilizer, Seed and Mulch: Certification;
5. Section 2330 – Aggregate: Certification;
6. Section 02370-Graded Rip Rap: Certification;
7. Section 02630-Pipe Material: Certification;
8. Section 02739-Prime/Tack Coats: Certification;
9. Section 02740-Asphaltic Concrete Mixes/Plant Mix Bituminous Mixes: Certification;
10. Section 02750-Portland Cement Concrete: Certification;

SECTION 01412 – STORMWATER POLLUTION PREVENTION PLAN (SWPPP) COMPLIANCE

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Contractor is responsible for complying with all requirements of the Stormwater Pollution Prevention Plan (SWPPP) for this Project.

1.2 GENERAL

A. Boone County will provide the Stormwater Pollution Prevention Plan (SWPPP) for the Project and the land disturbance permit sign.

B. The Contractor shall be responsible for designating an erosion control inspector for the Project and installing and maintaining the land disturbance permit sign on-site.

C. The Contractor shall be responsible for ensuring the designated erosion control inspector is responsible for:

1. Conducting construction site inspections once per week minimum and within a time period not to exceed 48 hours following any storm event resulting in runoff on site. Written reports of each inspection are required.
2. Reporting any non-compliance findings to the site manager.
3. Updating the SWPPP with modifications to and/or addition of the proposed Best Management Practices (BMPs) that are necessary to prevent sediment/pollution from leaving the construction site.

D. The Contractor shall be responsible for spill controls on the construction site including:

1. Furnishing and storing on-site all appropriate spill cleanup supplies.
2. Posting manufacturer's recommended methods for spill cleanup.
3. Educating all site personnel on spill cleanup procedures and the location of the cleanup supplies and cleanup method information.

E. The Contractor shall be responsible for completing sections of the SWPPP requiring Contractor input prior to construction.

F. The Contractor shall be responsible for completing and signing the General Contractor's Certification section and having each subcontractor fill in and sign the Subcontractor's Certification section of the SWPPP.

G. The Contractor or his designee shall be responsible for attending County provided stormwater or erosion control training sessions that are given during the Project.

H. The Contractor shall be responsible for keeping the SWPPP on-site in a secure location that can be easily accessed with Contractor assistance by Boone County or any other regulatory inspection staff.

I. The Contractor shall be responsible for providing a complete copy of the SWPPP with all amendments and site inspection reports to Boone County at no additional cost when the land disturbance permit is closed out upon final site stabilization.

1.3 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

No measurement of SWPPP Compliance will be made. The Contractor will include all labor and material costs in the Lump Sum bid price for SWPPP Compliance on the Bid Form.

SECTION 01450 – QUALITY CONTROL AND TESTING

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Contractor is responsible for quality assurance, control of the installation of the improvements, field sampling, inspecting and testing services, manufacturers' field services, and reports.

1.2 GENERAL

A. The County shall be allowed access to all parts of the work and shall be furnished with information and assistance, by the Contractor, as required to make a complete and detailed inspection.

B. Control of Materials shall comply with **Section 100** of the **Boone County Roadway Regulations Chapter II.**

1.3 QUALITY ASSURANCE CONTROL OF INSTALLATION

A. It is the Contractor's responsibility to monitor quality control over suppliers, manufacturers, products, services, site conditions, and workmanship to produce work of quality equal or exceeding that specified.

B. The Contractor shall comply with specified standards as defined as the minimum quality for the work.

C. All work shall be performed by persons qualified to produce workmanship of specified quality.

D. The Contractor shall follow manufacturer's recommendations for installation.

1.4 INSPECTION AND TESTING SERVICES

A. The Contractor shall give the County's representative a **4 hour** notice of readiness for all required inspections, tests, or approvals.

B. Testing will conform to the current standard specified to assure quality.

C. **The inspection and testing fees will be responsibility of the Contractor**. There shall be no direct charge to the County for materials taken as samples, either for field tests or for laboratory tests.

SECTION 01500 – TEMPORARY FACILITIES AND CONTROLS

PART 1 – GENERAL

1.1 SECTION INCLUDES

A. Sanitary Facilities: Contractor must follow the rules and regulations of the Department of Natural Resources.

B. Temporary Controls: Barriers, enclosures and fencing, protection of the Work, and water control.

C. Construction Facilities: Access roads, parking, progress cleaning, and project signage.

1.2 BARRIERS

A. The Contractor shall provide barriers to prevent unauthorized entry to construction areas and to protect existing facilities and adjacent properties from damage from construction operations.

B. The Contractor shall provide barricades required by governing authorities for public right of way and for public access to adjacent properties.

C. The Contractor shall provide protection to plant life designated to remain and shall replace damaged plant life.

D. The Contractor shall protect vehicular traffic, stored materials, and structures from damage.

E. The Contractor shall provide fencing at any open excavations that are left unattended and at other locations as necessary to protect the work and the public.

1.3 WATER CONTROL

The Contractor shall grade the site to drain and maintain the excavations free of water. The Contractor shall provide, operate, and maintain pumping equipment.

1.4 ACCESS ROADS

A. The Contractor shall construct and maintain temporary roads accessing the public through the construction area and maintain construction access for unimpeded traffic flow.

B. The Contractor shall provide and maintain access to fire hydrants and keep the hydrants free from obstructions.

C. The Contractor shall provide means of removing mud from vehicle wheels before entering the streets.

D. The Contractor shall arrange for temporary parking areas to accommodate construction personnel. Letter authorizing such action must be submitted to the County.

1.5 REMOVAL OF UTILITIES, FACILITIES, AND CONTROLS

A. The Contractor shall remove temporary above ground or buried utilities, equipment, facilities, materials, prior to substantial completion.

B. The Contractor shall clean and repair damage caused by installation of temporary facilities.

C. The Contractor shall restore the existing facilities used during construction to original conditions.

SECTION 01550 – TEMPORARY TRAFFIC CONTROL

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Contractor is responsible for the placement, maintenance, and removal of traffic control devices required for this Project.

1.2 GENERAL

A. Placement and maintenance of Traffic Control Devices shall conform to **MoDOT Section 616** and the Typical Traffic Control Details provided in the Project Plans and Details.

B. Local traffic shall be continuously maintained on public roadway unless specific permission is granted by the County to close the roadway for a particular operation.

1. If permission is granted for roadway closure, the Contractor shall provide 24 hour notification to the Joint Communications.
2. The Contractor shall notify these entities upon reopening the roadway to traffic.

C. The Contract indicates the minimum requirements for traffic control. The requirements of this specification shall not relieve the Contractor of his responsibility to protect the public.

1.3 MAINTENANCE

The Contractor shall provide a contact responsible for 24-hour maintenance of signage and traffic control devices. Phone numbers for the contact shall be provided to the County.

1.4 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

No measurement of traffic control devices will be made under this Contract. Payment for traffic control devices will be made at the Lump Sum contract price under Traffic Control on the Bid Form. The price shall include all labor and materials required to place, maintain, and remove devices.

PART 2 – PRODUCTS

2.1 MATERIALS

A. Signs, cones, drums, barricades, object markers, flashing arrow panels, channeling devices, lights, and other traffic control devices shall conform to **Part 6** of the **MUTCD**.

B. Flashing Electric Light shall conform to **MoDOT Section 616.2.1**. **(If Required)**

PART 3 – EXECUTION

3.1 GENERAL

A. Placement, removal, and maintenance of Traffic Control Devices shall conform to **MoDOT Sections 616.3 through 616.3.6.**

B. During periods of no work, the Contractor shall provide Type 2 Barricades with Flashing Lights at any open trench abutting the roadway surface at 25-foot maximum centers.

C. Signage for specific construction operations is not listed, but shall be provided by the Contractor in accordance with the **MUTCD**.

SECTION 01570 – EROSION CONTROL

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

This work shall consist of furnishing, installing, maintaining and removing temporary pollution, erosion and sediment control measures; furnishing, installing, maintaining and removing intermediate pollution, erosion and sediment control measures; furnishing and installing permanent erosion control measures; or a combination of all as shown on the Plans or as designated by the engineer.

1.2 GENERAL

A. The Contractor shall exercise effective management practices throughout the life of the project to prevent the discharge of silt or polluted storm water from the construction site. Such practices may involve the construction of temporary berms, dikes, dams, sediment basins, slope drains, and use of temporary mulches, seeding or other control measures necessary.

B. Pollutants such as chemicals, fuels, lubricants, bitumen, raw sewage or other harmful material shall not be discharged on or from the project. Temporary pollution control measures, such as storage and handling of petroleum products and other pollutants, shall be coordinated with temporary, intermediate and permanent erosion control measures that ensure economical, effective and continuous erosion and pollution control.

C. The Contractor shall furnish and install temporary, intermediate and permanent erosion control measures as shown and/or noted on the Plans. The County may require additional erosion control measures to be installed by the Contractor, if needed to adequately prevent the discharge of silt and polluted storm water from the site.

D. Erosion control measures shall comply with the **Boone County Stormwater Ordinance**.

1.3 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

A. No final measurement of erosion control measures will be made. Plan quantity will be used as the basis of compensation unless additional measures are authorized to be installed by the Engineer.

B. Payment for erosion control measures will be included in the contract bid price as follows:

1. Erosion Control paid per Lump Sum as indicated on the Bid Form
2. Erosion Control Blankets paid per installed Square Yard, based on **6.5' width**

C. No measurement of erosion control maintenance will be made under this Contract. Payment will be incidental to Erosion Control.

PART 2 – PRODUCTS

2.1 TEMPORARY BERMS

Materials shall be in accordance with **Section 277** of the **Boone County Roadway Regulations Chapter II**.

2.2 TEMPORARY SLOPE DRAINS

Materials shall be in accordance with **Section 278** of the **Boone County Roadway Regulations Chapter II**.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

2.3 TEMPORARY DITCH CHECKS

Materials shall be in accordance with **Section 279** of the **Boone County Roadway Regulations Chapter II**.

2.4 SEDIMENT BASINS

Materials shall be in accordance with **Section 280** of the **Boone County Roadway Regulations Chapter II**.

2.5 TEMPORARY SILT FENCE

Materials shall be in accordance with **Section 283** of the **Boone County Roadway Regulations Chapter II**.

2.6 TEMPORARY PIPE

Materials shall be in accordance with **Section 284** of the **Boone County Roadway Regulations Chapter II**.

2.7 TEMPORARY SEEDING AND MULCHING

Materials shall be in accordance with **Section 01590 - Restoration** of these Specifications.

2.8 EROSION CONTROL BLANKETS

A. Temporary Blankets: **North American Green S150 Short-Term Blankets**, or approved equal.

B. Light Weight Blankets: **North American Green SC150 Extended-Term Blankets**, **Landlok CS2,** or approved equal.

C. Heavy Weight Blankets: **North American Green C350 Permanent Blankets**, **Landlok 435,** or approved equal.

D. Staples: Wire staples as recommended by the Manufacturer.

PART 3 – EXECUTION

3.1 TEMPORARY BERMS

Installation shall be in accordance with **Section 277** of the **Boone County Roadway Regulations Chapter II**.

3.2 TEMPORARY SLOPE DRAINS

Installation shall be in accordance with **Section 278** of the **Boone County Roadway Regulations Chapter II**.

3.3 TEMPORARY DITCH CHECKS

Installation shall be in accordance with **Section 279** of the **Boone County Roadway Regulations Chapter II**.

3.4 SEDIMENT BASINS

Installation shall be in accordance with **Section 280** of the **Boone County Roadway Regulations Chapter II**.

3.5 TEMPORARY SILT FENCE

Installation shall be in accordance with **Section 283** of the **Boone County Roadway Regulations Chapter II**.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

3.6 TEMPORARY PIPE

Installation shall be in accordance with **Section 284** of the **Boone County Roadway Regulations Chapter II**.

3.7 TEMPORARY SEEDING AND MULCHING

Installation shall be in accordance with **Section 01590 - Restoration** of these Specifications.

3.8 EROSION CONTROL BLANKET INSTALLATION

A. Place seed mix, lime, and fertilizer prior to installing the blankets.

B. Install the blankets per Manufacturer's recommendations including check slots and stapling materials.

C. Install the blankets centered on flow line unless directed otherwise by Boone County.

D. Anchor product so that a continuous contact with the soil surface is maintained.

E. Maintenance: Inspect for erosion or undermining after storm events until vegetation is established. If erosion occurs, pull back that portion of the blanket, add tamped soil, reseed, and re-secure the blankets. If blankets should become damaged or dislocated, repair or replace as necessary.

SECTION 01590 – RESTORATION

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Contractor is responsible for installation of topsoil, lime, fertilizer, seed and mulch as shown and/or noted on the construction Plans and Specifications.

1.2 PERFORMANCE-BASED SPECIFICATION

A. Restoration is a performance-based specification and bid item. The Contractor shall deliver permanent grass cover at a minimum of 70% density over 100% of the seeded area within 60 days of sowing.

B. The seeded areas shall be maintained by the Contractor as necessary to assure permanent grass growth.

C. During the one year correction period, if there are deficient areas where the grass died, where sheet and rill erosion occurred, or where gravel or other deleterious backfill material surfaces, upon notification by the County of such areas, the Contractor shall rework all such areas as necessary to bring the areas into conformance with the Specifications.

D. In the event that upon notification of deficient areas, the Contractor fails to remedy the problems, the County shall have the work completed by other means and shall bill the charge against the Contractor's performance bond.

1.3 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

A. No final measurement of Restoration will be made. Plan quantity will be used as the basis of compensation unless additional restoration areas are authorized to be installed by the Engineer.

B. Payment for Restoration will be paid per installed Acre or Lump Sum as indicated on the Bid Form.

C. Lime, fertilizer and Type 3 Mulch will be considered incidental to Restoration. No separate payment will be made for lime, fertilizer and mulch.

D. No measurement of Topsoil will be made under this Contract. Payment will be incidental to Restoration unless indicated on the Bid Form.

E. Disturbed areas outside of the authorized construction limits shall be restored at the Contractor's expense.

PART 2 – PRODUCTS

2.1 TOPSOIL MATERIAL

A. The source of topsoil material shall be furnished by the Contractor. The County shall approve the topsoil source prior to topsoil placement.

B. Topsoil shall be fertile, friable, and loamy soil of uniform quality, without admixture of subsoil material, and **shall be free** from material such as hard clods, stiff clay, hardpan, partially disintegrated stone, pebbles larger than 1 inch in diameter, and any other similar impurities. Topsoil shall be relatively free from grass, roots, weeds and other objectionable plant material or vegetative debris undesirable or harmful to plant life or which will prevent the formation of suitable seedbed. **A minimum of 2" shall be placed on all disturbed areas unless indicated otherwise in the Plans or Special Provisions.**

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

2.2 LIME

A. Lime shall be pelletized bagged lime or an agricultural lime with not less than 90 percent passing the No. 8 sieve and containing not less than 65 percent calcium carbonate equivalent.

B. Agricultural lime shall be furnished from a source that has been tested and certified in accordance with the Missouri Agricultural Liming Materials Act. The quantity of material required to provide the specified pounds of effective neutralizing material (E.N.M.) per acre shall be determined from the producer or distributor's certification of analysis furnished by the Director of the Missouri Agriculture Experiment Station, Columbia, Missouri in accordance with the Missouri Agricultural Liming Materials Act. The Contractor shall provide a copy of this certification to the engineer prior to application.

C. If agricultural lime is furnished as a bagged product, pelletized or otherwise, with a guaranteed product analysis shown on the bag listing the elemental properties and gradation, the E.N.M. shall be provided to the engineer. Material may be accepted on the basis of bag label analysis.

2.3 FERTILIZER

Fertilizer shall be a standard commercial product which, when applied at the proper rate, will supply the quantity of total nitrogen (N), available phosphoric acid (P_2O_5) and soluble potash (K_2O), required to meet the performance requirements of **Paragraph 1.2** of this Specification Section. Material may be accepted on the basis of bag label analysis or supplier's certification and shall comply with all applicable Missouri fertilizer laws.

2.4 SEEDING MIX

A. Seed shall comply with the requirements of the Missouri Seed Law. Commercially available seed will be permitted, however, the percentages for purity and germination as certified by the supplier shall be subject to the approval of the Engineer.

B. The Contractor shall submit the supplier's certifications to the engineer. Seed may be accepted on the basis of bag labels. If seed is accepted on the basis of bag labels, the Contractor shall retain the bag labels and shall write a letter to the Engineer stating the amount and type of seed.

C. **Permanent Seeding** mixture shall match the existing grass type for each property within the project limits. **No wheat will be allowed as part of the permanent seeding mixture**.

D. **Temporary Seeding** mixture shall be determined by the Contractor as required to adequately perform as a temporary erosion and sediment control measure.

2.5 TYPE 1 MULCH

A. Vegetative mulch consisting of prairie hay or straw from oats, rye, wheat, or barley.

B. Prairie Hay shall consist of any combination of Big Bluestem, Little Bluestem, Indian Grass, Sideoats Grama, and native wildflowers.

C. Mulch shall be free of prohibited weed seed as stated in the Missouri Seed Law and shall be relatively free of all other noxious and undesirable seed.

D. Mulch shall be clean and bright, relatively free of foreign material and be dry enough to spread properly.

2.6 TYPE 3 MULCH

A. Vegetative mulch with overspray consists of Type 1 Mulch as defined in **Section 2.5** of this Specification Section and overspray material consists of virgin wood cellulose fibers or recycled slick paper.

B. Virgin Wood Cellulose Fibers shall be produced by either the ground or cooked fiber process and shall have a moisture content of 15 percent by weight.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

C. Recycled Slick Paper shall be produced from printer's slick paper containing wood cellulose and kaolin clay. Recycled newsprint or cardboard are not allowed, The material shall be free of other materials or filler and shall have maximum moisture content of 8 percent by mass and a pH between 4.5 and 6.5.

D. The overspray shall not contain any germination or growth inhibiting substances.

E. The overspray shall be green in color after application and shall be evenly dispersed and suspended when agitated in water.

F. The overspray shall form an absorbent cover, allowing percolation of water to the underlying soil.

G. The mulch shall be packaged in moisture resistant bags with the net weight of the packaged material plainly shown on each bag.

H. The mulch fibers shall not be water soluble.

PART 3 – EXECUTION

3.1 SEEDBED PREPARATION AND TOPSOIL

A. Avoid preparing the seedbed under excessively wet conditions.

B. The surface on which the topsoil is to be placed shall be free from rills, washes and depressions, and shall conform to the cross section shown on the Plans. It shall be free of all loose rock and foreign material greater 1 inch. The surface shall be loosened with a disk, ripper, chisel, harrow or rake to a minimum depth of 2 inches just prior to being covered with topsoil.

C. Topsoil shall be placed and spread to a minimum depth as specified in **Paragraph 2.1.B** of this Specification Section after settling over all disturbed areas not being paved. After spreading, all large clods and foreign material shall be removed by the Contractor.

3.2 LIME

A. Lime should be applied per soil test recommendations. Soils with a pH of six or higher need not be limed.

B. When soil tests are not available, lime shall be applied evenly at a rate determined by the Contractor to meet the performance requirements of **Paragraph 1.2** of this Specification Section.

C. Lime shall be thoroughly mixed into the soil to a minimum depth of 3 inches no more than 48 hours before the seed is sown unless authorized by the engineer.

3.3 FERTILIZER

A. Fertilizer should be applied per soil test recommendations.

B. When soil tests are not available, the Contractor shall determine the fertilizer grade and spread rate necessary to meet the performance requirements of **Paragraph 1.2** of this Specification Section.

C. Fertilizer shall be applied evenly and thoroughly mixed into the soil to a minimum depth of 3 inches no more than 48 hours before the seed is sown unless authorized by the engineer.

D. Lime and fertilizer shall be applied separately, but may be incorporated into the soil in one operation.

3.4 SEEDING

A. **Permanent Seeding** mix shall be applied evenly at a rate determined by the Contractor to meet the performance requirements of **Paragraph 1.2** of this Specification Section**.**

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

B. **Temporary Seeding** mix shall be applied evenly at a rate determined by the Contractor as required to adequately perform as a temporary erosion and sediment control measure.

C. Apply seed evenly with a broadcast seeder, drill, cultipacker seeder, or hydroseeder. Plant seed ¼ to ½ inches deep.

D. Harrow, rake, or drag a chain to lightly incorporate broadcast seed. Mulch all seeded areas.

E. Maintenance: Check seeding within 4 to 6 weeks of planting to determine if stands are of adequate thickness. Fertilize, reseed, and mulch bare and sparse areas.

3.5 TYPE 1 AND TYPE 3 MULCH APPLICATIONS

A. All mulch shall be distributed evenly over the areas to be mulched within 24 hours following seeding operations.

B. Following mulching operations, precautions shall be taken to prohibit foot or vehicular traffic over the mulched areas.

C. Type I Mulch shall be applied evenly at a rate determined by the Contractor to meet the performance requirements of **Paragraph 1.2** of this Specification Section.

D. Type 3 Mulch overspray shall be hydraulically applied over the vegetative mulch as a separate operation at a rate determined by the Contractor to meet the performance requirements of **Paragraph 1.2** of this Specification Section.

E. Overspray mulch shall be mixed with water in a manner to provide a homogeneous slurry. The slurry mix shall be agitated during application to keep the ingredients thoroughly mixed.

F. Maintenance: Any mulch that is displaced shall be replaced after the damaged area has been restored.

SECTION 01600 – PRODUCT REQUIREMENTS

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

This section includes product descriptions, product transportation and handling, and product storage and protection.

1.2 PRODUCT DESCRIPTION

A. Products mean new material, machinery, components, equipment, fixtures, and system forming the work. It does not include machinery and equipment used for preparing, fabricating, conveying, and erecting of the work. Products may also include existing materials or components required for reuse.

B. Do not use materials and equipment removed from existing premises, except as specifically permitted by the Contract documents.

1.3 TRANSPORTATION AND HANDLING

A. Transport and handle products in accordance with Manufacturer's instructions.

B. Promptly inspect shipments to assure that products comply with requirements, quantities are correct, and products are undamaged.

C. Provide equipment and personnel to handle products by methods to prevent soiling, disfigurement, or damage.

1.4 STORAGE AND PROTECTION

A. Store and protect products in accordance with Manufacturer's instructions, with seals and labels intact and legible. Store sensitive products in weather-tight, climate controlled enclosures.

B. For exterior storage of fabricated products, place on sloped supports, above ground.

C. Provide off-site storage and protection when site does not permit on-site storage or protection.

D. Cover products subject to deterioration with impervious sheet covering. Provide ventilation to avoid condensation.

E. Store loose granular materials on solid flat surfaces in a well-drained area.

F. Provide equipment and personnel to store products by methods to prevent soiling, disfigurement, or damage.

G. Arrange storage of products to permit access for inspection. Periodically inspect to assure products are undamaged and are maintained under specified conditions.

SECTION 01720 – CONSTRUCTION STAKING

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Contractor is responsible for the detailed construction staking required to construct all improvements shown on the Plans.

1.2 GENERAL

A. Boone County will provide the horizontal and vertical survey control points shown on the Plans. The Contractor shall be responsible for maintaining all survey control points throughout the project. The Contractor shall reimburse Boone County to replace control stakes that are damaged or destroyed after construction has begun.

B. The Contractor shall be responsible for retaining the services of a Professional Land Surveyor, licensed to practice in the State of Missouri, to provide construction staking necessary to assure that construction of the proposed improvements is occurring in the correct location.

C. The Contractor shall be responsible for retaining the services of a Professional Land Surveyor, licensed to practice in the State of Missouri, to replace any property corner monuments, monuments associated with the United States Public Land System, or survey related monuments that are disturbed during construction. The Contractor shall notify Boone County in writing prior to removal or disturbance of any such corners or monuments.

1.3 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

No measurement of Construction Staking will be made. The Contractor will include all labor and material costs in the Lump Sum bid price for Construction Staking on the Bid Form.

SECTION 01780 – PROJECT CLOSEOUT

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

This section outlines the procedures for pre-final inspection, final inspection and final acceptance.

1.2 PRE-FINAL INSPECTION

A. When the Contractor considers the entire work to be complete in accordance with the Contract Documents and ready for its intended use, the Contractor shall notify the County in writing that the entire work is complete and request a Pre-Final Inspection from the County.

B. Upon receipt of the written request, the County will schedule a Pre-Final Inspection to be held at the construction site with the County Inspector(s), County Project Manager and Contractor representatives present. The work will be inspected and any remaining punch list items will be discussed and agreed to by both parties.

C. Following the Pre-Final Inspection, the County will issue a written response to the Contractor indicating one of the following:

1. The County agrees the entire work is complete.
2. The County does not consider the entire work to be complete and ready for its intended use based on the reasons given in the response. The Contractor will then need to complete the specified items and request another Pre-Final Inspection.

D. Contract Time will not be charged between the day after the date of the Pre-Final Inspection request and the date of the County's written response following the Pre-Final Inspection. Contract Time will resume on the day after the date of the County's written response and continue until the date of the Contractor's written request for Final Inspection unless indicated otherwise in the County's response.

1.3 FINAL INSPECTION

A. When the Contractor considers the entire work to be complete, including all punch list items identified in the Pre-Final Inspection, the Contractor shall make a written request to the County for a Final Inspection.

B. Upon receipt of the written request, the County will schedule a Final Inspection to be held at the construction site with the County Inspector(s), County Project Manager and Contractor representatives present. The work will be inspected and any punch list items will be discussed and agreed to by both parties.

C. Following the Final Inspection, the County will issue a written response to the Contractor indicating one of the following:

1. The County agrees the entire work is complete.
2. The County does not consider the entire work to be complete based on the reasons given in the response. The Contractor will then need to complete the specified final inspection punch list items and request another Final Inspection.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

D. Contract time will not be charged between the day after the date of the Final Inspection request and the date of the County's written response following the Final Inspection.

1. If the County agrees the entire work is complete, Contract Time will stop.
2. If the County identifies final inspection punch list items, the Contract Time will resume on the day after the date of the County's written response and continue until the date of the Contractor's written request for another Final Inspection unless indicated otherwise in the County's response.

1.4 Application for Final Payment

A. Once the County agrees the entire work is complete, the Contractor may make an application for final payment.

B. The application for final payment shall follow all applicable final payment and final documentation procedures described in the Contract Conditions, Sections 9, 11 and 15 of the General Specifications, and any project specific items mentioned in the Special Provisions or at the Pre-Construction Meeting.

SECTION 02220 – REMOVALS

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Contractor is responsible for the removal and disposal of existing materials as shown by the construction plans.

1.2 GENERAL

A. All roadway edges shall be graded to allow for positive drainage from roadway. No shoulder or in-slope shall be allowed to remain higher than roadway unless approved by BCPW.

B. It is the intent that the removals be complete and adequate for the intended purpose. This work shall include the removal of all items, whether in view or hidden underneath the surface of the ground, regardless of whether shown on the Plans or encountered during construction.

C. The Contractor shall comply with all local, state, and federal requirements regarding materials, methods of work, and disposal of excess and waste materials.

D. The Contractor shall erect barriers and shoring to protect personnel, structures, and utilities remaining intact. The Contractor shall protect on-site trees and plants noted on Plans and all off-site trees and plants from damage.

1.3 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

No measurement of removals will be made. The Contractor will include all labor and material costs in the Lump Sum bid price for Removals on the Bid Form.

PART 2 – PRODUCTS (NOT USED)

PART 3 – EXECUTION

3.1 PREPARATION

A. Prior to work under this section, the Contractor shall inspect the entire site and verify with the County all objects designated to be removed or to be preserved.

B. The Contractor shall locate existing utility lines and services traversing the site and determine the requirements for their protection. The Contractor shall preserve in operating condition all active utilities traversing the site.

3.2 CONSTRUCTION LIMITS

A. The Contractor’s operations shall be restricted to areas inside and near the right-of-way and or drainage easements or temporary construction easements as indicated on the Plans.

B. Damage by the Contractor outside the construction easements shall be repaired at no additional expense to the County.

3.3 EXISTING SIGNAGE

The Contractor shall remove all traffic signs in conflict with the work and shall be responsible to replace said signage once work is complete, but prior to opening the road.

SECTION 02230 – SITE CLEARING AND GRUBBING

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Contractor is responsible for the work necessary to clear the site of existing trees, debris, and vegetation as designated in the Plans.

1.2 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

No measurement of site clearing will be made. Removal and disposal of the trees, debris, and vegetation in the construction area or as indicated in the Plans will be included in site clearing. The Contractor will include all labor and material costs in the Lump Sum bid price for Removals.

PART 2 – PRODUCTS (NOT USED)

PART 3 – EXECUTION

3.1 CLEARING AND GRUBBING

A. Clearing and grubbing shall comply with **Section 200** of the **Boone County Roadway Regulations Chapter II**.

B. Removed materials shall be disposed of off the site and not allowed to accumulate on the premises.

END OF SECTION

SECTION 02300 – EXCAVATION AND EMBANKMENT

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

Providing labor, materials, equipment, and supervision necessary to complete the following:

1. Grade subsoil and conform to grades, contours, and levels as shown on the Plans,
2. Rough grading (excavation and compaction) for roadway and areas designated on the Plans,
3. Cut compaction,
4. Embankment and compaction for fill areas, and
5. Finished grade subsoil.

1.2 SITE COMPACTION TESTING

A. ***All embankment material placed and/or cut compaction areas shall be tested by an independent testing laboratory selected by the Contractor and approved by the Engineer. All payment for costs associated with this testing shall be the Contractor's responsibility and shall be included in the contract Lump Sum price for Compaction Testing on the Bid Form. The independent testing laboratory shall furnish written documentation to the Owner certifying that the embankment placed and/or cut compaction is engineered fill meeting the specified compaction requirements. The written certification shall be prepared and sealed by a Professional Engineer licensed in the State of Missouri***.

B. If tests indicate that compacted materials do not meet specified requirements, the Contractor shall remove defective work and replace at no cost to the County.

1.3 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

A. No final measurement of excavation, cut compaction and embankment will be made. Plan quantity will be used as the basis of compensation unless:

1. Errors are found in the original quantity or surface elevations shown on the Plans;
2. An authorized change is made to the typical section or grade; or
3. Rock is encountered.

B. Payment for all soil excavation shall be included in the contract Cubic Yard bid price for Excavation on the Bid Form and shall include disposal of any excess or unsuitable material.

C. Payment for all cut compaction shall be considered incidental to the bid price for Excavation unless a separate bid item for Cut Compaction is included on the Bid Form.

D. Payment for all fill placement shall be included in the contract Cubic Yard bid price for Embankment and shall include placement of topsoil.

E. Payment for all rock excavation shall be included in the contract Cubic Yard bid price for Rock Excavation on the Bid Form. If a bid price for Rock Excavation is not included on the Bid Form and rock is encountered during construction, a unit price per cubic yard shall be negotiated and approved by Change Order. **To qualify for payment, the County shall be notified immediately if rock is encountered**.

PART 2 – PRODUCTS

2.1 MATERIALS

A. Excavation and embankment materials shall comply with **Section 201** of the **Boone County Roadway Regulations Chapter II**.

B. Cut compaction materials shall comply with **Section 203** of the **Boone County Roadway Regulations Chapter II**.

PART 3 – EXECUTION

3.1 GENERAL

A. Excavation and embankment execution shall comply with **Section 201** of the **Boone County Roadway Regulations Chapter II**. Except that all embankment and cut compaction shall be compacted to 95% of maximum density, obtained at the optimum moisture content, as determined by AASHTO Method T-99-38. Field moisture content shall be within +/- 2% of optimal moisture at time of placement.

B. No backfill material containing rock, debris from rock excavation, or concrete with particle sizes having a maximum dimension larger than 3” shall be placed in the upper 18 inches of the embankment.

C. Cut compaction execution shall comply with **Section 203** of the **Boone County Roadway Regulations Chapter II**.

D. Rock excavation is not anticipated on this Project unless indicated on the Plans or Bid Form. **The County shall be notified immediately if rock is encountered during excavation**.

SECTION 02335 – SUBGRADE

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Work consists of the preparation of subgrade under roadway surface.

1.2 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

All costs pertaining to the preparation and restoration of subgrade shall be considered incidental to Excavation or Embankment.

PART 2 – PRODUCTS (NOT USED)

PART 3 – EXECUTION

3.1 INSTALLATION

Subgrade installation shall comply with **Section 205** of the **Boone County Roadway Regulations Chapter II**.

SECTION 02337 – DIG OUT REPAIR

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Work consists of saw cutting of existing pavement, removal of failed roadway and replacement.

1.2 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

A. All costs pertaining to the preparation and restoration of Dig Out Repair shall be paid by the Square Yard as per the Bid Form.

B. All work will be measured in the field for final quantities.

PART 2 – PRODUCTS

2.1 MATERIALS

A. Materials for base rock shall be Type 2, 1 1/2'" minus in conformance with **Section 210** of the **Boone County Roadway Regulations Chapter II**.

B. Acceptance of quality and size of material may be made by visual inspection at the job site.

C. The woven geotextile fabric shall be a **Mirafi 600X**, **Geotex 315ST,** or approved equal.

D. Materials for Bituminous Base shall be in conformance with **Sections 02739 & 02740 of these Specifications.**

PART 3 – EXECUTION

3.1 INSTALLATION

A. Saw cut area as directed by on-site inspector. **See Plans and Details.**

B. Remove area to a minimum depth of 16" & compact soil/rock.

C. Lay Geotextile fabric over excavated area as per detail.

D. Place 12" of Type 2, 1 ½" minus in conformance with **Section 212** of the **Boone County Roadway Regulations Chapter II** compacted in 6" maximum lifts. When unsuitable materials are encountered below the 16" minimum depth, material shall be removed and replaced with the same aggregrate base and compacted in a maximum of 6" lifts.

E. Place 4" of Bituminous Base, 4" lift maximum on primed base rock as per **Section 225** of the **Boone County Roadway Regulations Chapter II**.

SECTION 02370 – ROCK BLANKET

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Work consists of the installation of rock blankets for erosion control at culvert outlets and other locations as designated on the Plans.

1.2 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

No final measurement of rock blanket will be made. Payment for rock blanket shall be included in the Contract Cubic Yard, Square Yard or Ton bid price for Type 1, Type 2 or 6” x 12” Rock Blanket. The required geotextile fabric will be considered incidental to the rock blanket.

PART 2 – PRODUCTS

2.1 MATERIALS

A. Materials for Type 1 or Type 2 Rock Blanket shall be in conformance with **Section 213** of the **Boone County Roadway Regulations Chapter II**.

B. Materials for 6” x 12” Rock Blanket shall be a standard 6” x 12” graded rip rap or approved equal.

C. Acceptance of quality and size of material may be made by visual inspection at the job site.

D. The required nonwoven geotextile fabric shall be AMOCO 4553, Propex GEOTEX 801, or approved equal.

PART 3 – EXECUTION

3.1 INSTALLATION

A. Excavate to a depth as noted on the plans at each location.

B. Lay geotextile fabric over excavated area.

C. Place rock to the specified thickness, elevation, and extent. Eliminate large voids.

D. Complete the finished surface of the blanket to present an appearance free from segregation with a proportionate quantity of the larger pieces showing.

E. Installation shall be similar to **Detail 530.03** in the **Boone County Roadway Regulations Chapter II** or as shown on the Plans and Details.

SECTION 02630 – STORM DRAINAGE

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The work consists of the installation of roadway, driveway and storm sewer drainage pipes, culverts and concrete drainage structures.

1.2 SUBMITTALS

Manufacturer's specifications and/or catalog data listing for pipe and special items.

1.3 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

A. Measurement and payment of storm sewer drainage pipe and culvert placement, completed in place, will be made to the nearest foot along the flow line of the pipe for that designated size and material of pipe or culvert. Transitional ditch grading required within 10 feet of the pipe inlet and/or outlet shall be considered incidental to the pipe installation unless noted otherwise on the Plans or in the Special Provisions.

B. Measurement and payment for materials and installation of Type M inlets shall be included in the per Each bid price for the various sizes of Standard Type M Inlet and Type M Inlet With Deflectors as indicated on the Bid Form.

C. Measurement and payment for materials and installation of side opening inlets shall be included in the per Each bid price for the various sizes of Side Opening Inlet as indicated on the Bid Form.

D. Measurement and payment for materials and installation of junction boxes shall be included in the per Each bid price for the various sizes of Junction Box as indicated on the Bid Form.

E. No direct payment will be made for excavation, bedding or backfill of storm sewer drainage pipes and structures or mitering culverts. Rock tickets shall be submitted to inspector for verification of bedding and backfill materials.

PART 2 – PRODUCTS

2.1 MATERIALS

A. Corrugated metal (CMP) storm sewer drainage pipes and culverts shall conform to **Section 260** of the **Boone County Roadway Regulations Chapter II** for the material type and size indicated on the Plans.

Except:

1. ***Aluminized corrugated metal pipes are allowed***.
2. ***All roadway pipes and stormwater pipes shall be polymeric coated or aluminized***.
3. ***Driveway pipes may be zinc coated, aluminized or polymeric coated.***

B. Corrugated metal connecting bands shall be a minimum of 2 feet in length and shall conform to **Section 260** of the **Boone County Roadway Regulations Chapter II**.

C. High density polyethylene (HDPE) storm sewer drainage pipes shall be corrugated with a smooth interior wall and shall conform to **Section 730** of the **MoDOT Standard Specifications**.

D. Reinforced concrete (RCP) storm sewer drainage pipes and culverts shall conform to **Section 260** of the **Boone County Roadway Regulations Chapter II**.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

E. Concrete drainage structures, including Type M Inlets, Side Opening Inlets, Junction Boxes and Reinforced Concrete Boxes, shall conform to **Section 250** of the **Boone County Roadway Regulations Chapter II**.

PART 3 – EXECUTION

3.1 INSTALLATION

A. Corrugated metal (CMP) storm sewer drainage pipes and culverts shall be installed as specified in **Section 260** of the **Boone County Roadway Regulations Chapter II**.

B. High density polyethylene (HDPE) storm sewer drainage pipes shall be installed as specified in **Section 730** of the **MoDOT Standard Specifications**.

C. Reinforced concrete (RCP) storm sewer drainage pipes and culverts shall be installed as specified in **Section 260** of the **Boone County Roadway Regulations Chapter II**.

D. Concrete drainage structures, including Type M Inlets, Side Opening Inlets, Junction Boxes and Reinforced Concrete Boxes, shall installed as specified in **Section 250** of the **Boone County Roadway Regulations Chapter II**.

E. Elevation of pipes and structures should be determined from the Construction Plans. Minimum depth of cover over pipes and pipe bedding and backfill material shall be per the manufacturer's recommendations or as specified on the Plans.

SECTION 02720 – AGGREGATE

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Work consists of the placement of aggregate consisting of Type 1 (Rolled Stone) aggregate base rock on a prepared subgrade; placement of Type 2 (Granular Base) aggregate base rock and placement of Surface Aggregate (Road Rock) as shown on the plans.

1.2 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

A. No final measurement of aggregate base course will be made. Plan quantity will be used as the basis of compensation unless:

1. Errors are found in the original quantity or surface elevations shown on the Plans, or
2. An authorized change is made to the typical section or grade.

B. Payment for all aggregate base course will be included in the contract Square Yard bid price for the type and thickness of Aggregate Base Course on the Bid Form.

C. Measurement of surface aggregates will be as follows: Delivery tickets displaying the net weight of delivered material, weighed by a Certified Scale, will be collected and used as the basis for payment for Surface Aggregate. However, no payment will be made for material placed that exceeds the limits shown on the plans, unless authorization is received by the Engineer prior to placement.

D. Payment for all surface aggregate will be made at the contract per Ton bid price for Surface Aggregate, unless considered incidental to Square Yard bid price of driveway or roadway repairs.

PART 2 – PRODUCTS

2.1 MATERIALS

A. The materials to be used will be Type 1 aggregate base (Rolled Stone) and Type 2 (Granular Base) aggregate, as specified in **Section 210** of the **Boone County Roadway Regulations Chapter II**.

B. Surface Aggregate shall meet standard local quarry's specifications.

PART 3 – EXECUTION

3.1 INSTALLATION

Placement of <u>all</u> aggregates for roads and driveways shall comply with **Section 212** of the **Boone County Roadway Regulations Chapter II**.

SECTION 02739 – PRIME/TACK COATS

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Work consists of the application for prime/tack coats to a prepared surface prior to placement of asphaltic concrete pavement. **Prime coat is required for all Bituminous Base course laid on aggregate base rock unless the Bituminous Base Course lift thickness is greater than or equal to 3-3/4" and the aggregate base rock is wetted prior to the Bituminous Base course installation. Tack coat is required for all lifts unless otherwise directed by inspector or engineer.**

1.2 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

A. No final measurement of prime/tack coat will be made.

B. Payment for all prime/tack coat will be considered incidental to asphaltic concrete pavement.

PART 2 – PRODUCTS

2.1 MATERIALS

The materials and equipment for placement shall conform to **Section 223** of the **Boone County Roadway Regulations Chapter II**.

PART 3 – EXECUTION

3.1 INSTALLATION

Preparation of base and placement of prime coat shall comply with **Section 223** of the **Boone County Roadway Regulations Chapter II** and the **MoDOT Standard Specifications**.

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The Work consists of the placement of asphaltic concrete in one or more courses on a prepared base or underlying course in conformity with the line, grade, thickness, and typical cross section as shown on the Plans or described details.

1.2 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

A. Asphaltic concrete pavement will be measured and paid for by the laid Ton or Square Yard bid price for the various types and thickness of pavement as listed on the Bid Form.

1.3 QUALITY CONTROL

A. Contractor shall be responsible to ensure all work meets specifications. No Exceptions

PART 2 – PRODUCTS

2.1 MATERIALS

A. Materials and the composition of mixture for the Plant Mix Bituminous Base Course shall conform to **MoDot Section 401.**

B. Materials and composition for the bituminous material and aggregate for asphaltic concrete shall conform to **MoDot Section 401.**

C. Materials and composition for Surface Asphaltic Concrete Pavement shall conform to **MoDot Section 401.**

PART 3 – EXECUTION

SECTION 02750 – PORTLAND CEMENT CONCRETE PAVING

PART 1 – GENERAL

1.1 PROJECT DESCRIPTION

The work consists of the placement of Portland cement concrete paving at the width, thickness and locations indicated on the Plans.

1.2 SUBMITTALS

Certifications required shall be Manufacturer's Certification that materials meet specifications requirements and Ready Mix delivery tickets (ASTM C94).

1.3 QUALITY ASSURANCE

A. Compressive strength testing per ASTM C94

B. Thickness Tolerance – Deficiency shall not exceed 1/4 inch.

C. The Contractor will be held responsible for the correct alignment, grade and contour specified. **Any spots higher than one-eighth (1/8) inch in ten (10) feet for concrete pavement shall be ground to the required surface by the Contractor at his own expense**.

1.4 METHOD OF MEASUREMENT AND BASIS OF PAYMENT

A. Final measurement of Portland cement concrete paving shall be made in the field. All areas must be approved by on-site inspector before removal and replacement.

B. Portland Cement Concrete Pavement will be measured and paid for on a Square Yard bid price as listed on the Bid Form.

PART 2 – PRODUCTS

2.1 MATERIALS

A. Concrete used in the construction of portland cement concrete paving shall be **air-entrained with a minimum compressive strength of 4,000 psi at 28 days**, unless otherwise specified. All material, proportioning, air-entraining, mixing, and transporting for Portland cement concrete shall be in accordance with **MoDOT Section 501**. All material shall be in accordance with **MoDOT Division 1000**.

B. Reinforcing steel shall conform to **Section 238** of the **Boone County Roadway Regulations Chapter II**.

C. Joint materials shall conform to **Section 231** of the **Boone County Roadway Regulations Chapter II**.

PART 3 – EXECUTION

3.1 INSTALLATION

A. Placement of Portland cement concrete pavement shall comply with **Section 231** of the **Boone County Roadway Regulations Chapter II**.

B. The temperature of the concrete shall be between sixty (60) and ninety-five (95) degrees Fahrenheit when leaving the ready-mix truck chute.

SPECIAL PROVISIONS

General

1. All construction shall conform to the current edition of Chapter II of the Road, Bridge, and Right of Way Regulations of Boone County, Missouri unless noted otherwise.
2. Construction activities associated with this project shall comply with current OSHA regulations and required safety measures
3. Any lot lines, building setback lines and easement lines are shown for general information purposes only. Refer to the recorded plats for detailed dimensions and information.
4. Contractor shall maintain all construction operations within public easements and rights-of-way. Any agreements with property owners shall be in writing, a copy of which shall be delivered to a Boone County representative.
5. Contractor shall protect permanent survey monuments. Survey monuments removed or damaged during construction shall be restored at the Contractor's expense by a licensed surveyor registered in the State of Missouri.
6. Contractor shall keep a clean and orderly work site. Trash including, but not limited to, aluminum cans, plastic bottles, food wrappers, & odd pieces of construction material shall be collected daily and disposed of properly offsite. Trash shall not be thrown into excavated areas of the project and buried at any time.

Base Bid & Bid Alternate #1

7. The project is divided into a "Base Bid," which includes Ridge Rd., Coyote Hill, Sugar Creek Dr., & Smith Hatchery Rd., from Sta. 12+94.95 to Dothage Rd., and "Bid Alternate #1", which is Smith Hatchery Rd. from Sta. 0+00 to Sta. 12+94.95.
8. The County views the three road project areas that make up the Base Bid as one project and intends to award it as such. The roads and bid items were divided separately to aide in tracking quantities and costs. Though the County plans to award all three roads of the Base Bid, this does not mean the County waives the right to accept or reject any part or parts of the bid as detailed in Term 3 of Appendix B.
9. Bid Alternate #1 requires work to take place in the MKT Trail right-of-way overseen by the State of Missouri. The County has been working with the State to acquire all proper authorizations and permits for construction in this area. If permits are secured, the County intends to award Bid Alternate #1. If not, the County will not award Bid Alternate #1 and construction will end near Sta. 12+94.95 of Smith Hatcher Rd.
10. The bidder must include bid prices for all Base Bid items and all Bid Alternate #1 items or the bid will be considered incomplete and will be rejected.

Prevailing Wage

11. If the quote received for this project for a "major repair" or "construction" of a public work project is $75,000 or less, then the Prevailing Wage Law will **NOT** apply.
12. If the quote received for the project for a "major repair" or "construction" of a public work project is greater than $75,000, then the Prevailing Wage Law **WILL** apply to the entire project.
13. **Special Rule for Change Orders**: If the County accepts a quote for less than $75,000 for a "major repair" or "construction" of a public work project and that project is later subject to a change order that raises the total project price over $75,000, then the vendor shall be responsible for identifying that portion of the work causing charges that are in excess of $75,000 and the Prevailing Wage Law WILL apply to only that portion of the project that is in excess of $75,000.

Utility Coordination

14. The Contractor shall be responsible for making utility locate requests prior to any construction activities.
15. The County has alerted all utility companies to the project and has requested utility companies investigate areas of possible conflict. Coordination is ongoing between the County and the

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

utilities with the goal to conclude any and all known relocation work prior to construction. However, it will still be the responsibility of the Contractor to take all necessary precautions when excavating near marked utilities.

16. If a utility conflict does arise during construction or is called out on the Plans, the Contractor shall be responsible for alerting the utility provider and coordinating with them to resolve the conflict.

Project Timing

17. The contract time for this project will be **75 Working Days**.
18. An early start date for the project shall be May 4, 2026, and a late start date of June 15, 2026**.**

Removals, Roadside Obstructions, Replacement Included

19. Bid item shall include all labor, equipment, and material needed to remove, stockpile, and restore as needed any roadside obstructions to construction. These obstructions may include, but are not limited to, mailboxes, signage, boulders, and retaining wall blocks.
20. If items need to be replaced, replacements shall be done with new materials similar to the original items.
21. Boone County has alerted property owners if their mailbox is in conflict with construction, it shall be removed and will be replaced with a new standard mailbox and wood post upon completion of paving and restoration. The new mailbox and post shall be installed in accordance with the Details in the Plans. If the property owner wishes to salvage their existing mailbox and/or post, they shall be allowed to do so. The Contractor shall coordinate with these owners on timing of removal. These property owners will also be responsible for reinstallation of their box and/or post after construction.
22. If a gang or row of mailboxes is removed, a replacement gang shall be installed using new materials. An appropriate number of posts shall be installed to support a horizontal plank that will hold the same number of mailboxes as the original gang. Standard size mailboxes shall be installed regardless of the original size.
23. Prior to the removal of any mailboxes, the Contractor shall provide temporary mailboxes or gang boxes. All boxes shall be fully enclosed with a door and be clearly labeled with the street name and address number that they represent, with one address per box. Contractor shall coordinate the schedule and locations of temporary mailboxes with the US Postal Service and property owners. If the Contractor uses a standard mailbox for the temporary box during construction, those boxes may be used for the final box given the box is in good working order with no visible damage such as dents and scratches.
24. Bid item shall include all labor, material, and equipment needed to complete all road signage work as called out on the Plans and described in these Special Provisions. This shall include, but not limited to, installing new signs, relocating existing signs, and removing, salvaging, and reinstalling existing signs. Signs shall be installed per Details as shown in the Plans. Existing signs shall be reinstalled in the same location as pre-construction.
25. Bid item shall not include the replacement or repair of mailboxes, signage, and other obstructions damaged due to Contractor accident or negligence.
26. Removal, Curbside Obstructions will not be measured and shall be paid for at the contract Lump Sum bid price.

Project Phasing & Traffic Control

27. Project Phasing & Traffic Control bid item shall include all labor, equipment, and material necessary to plan and execute a Phasing & Traffic Control plan. The Plan shall abide by all items as detailed in these Special Provisions, Plans, and MUTCD.
28. Prior to bidding the County sent postcards to the residents alerting them of the project. Once the project has been awarded, the County will post the anticipated start date online.
29. Prior to the start of construction, the Contractor shall install electronic message boards at the two terminals of the project areas. The two (2) signs shall be installed a minimum of three (3) days prior to construction. Signs shall read, “Road Work Begins --/-- (date) Expect Delays.”

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

30. The Contractor shall be responsible for finding areas to stage and store equipment and materials. Staging and storage will be allowed within the County's public road right-of-way. However, the Contractor shall be responsible for providing and maintaining all signage and traffic control devices to alert road users of storage areas and/or closed or narrow lanes. The Contractor shall not place material or equipment in an area that would block sight distance or create other dangerous circumstances on the road, near driveways, or near intersections. If the Contractor enters into agreements with private property owners to store or stage equipment and materials, the County will not be a party to those agreements, nor will the County be involved in any disputes regarding those agreements.
31. Full road closures will only be allowed for the installation and/or removal of cross road culverts and shall abide by the following requirements. Full road closures shall only be allowed **Monday-Friday from 9:00 a.m. – 3:00 p.m**. The Contractor shall submit to the County a closure schedule and traffic control/detour plan. The Contractor shall be responsible for installing and maintaining all necessary traffic control devices for the closure and detour plan. The closure and detour plan shall be submitted to the County, for approval, no later than 10 business days prior to the plan being implemented.
32. During road construction a minimum of one lane shall be open at all times. The Contractor shall be responsible for all signage and cones necessary for lane closures. If the Contractor chooses to install cross road culverts leaving one lane open, the Contractor shall be responsible for providing, installing, and maintaining road plates or other trench cross devices.
33. The County assumes paving will take multiple days to complete. Therefore, the Contractor shall have on hand and install all necessary temporary signage warning drivers of road conditions that will be left at the end of the day(s). Such signage may include, but not limited to, "Bump" (W8-1), "Pavement Ends" (W8-3), "No Centerline" (W8-12), or "Uneven Lanes" (W8-11).
34. After the installation of the asphalt surface is complete, the Contractor shall install temporary lane marker tabs near the road centerline. Tabs shall be yellow, reflective, and have spacing of 40 feet. The tabs shall be placed so they do not interfere with the future centerline striping. The Contractor will not be required to remove tabs once striping is complete.
35. Traffic Control shall include all equipment, labor, and material needed to develop and execute a Traffic Control & Phasing Plan. This shall include, but is not limited to, all signage, electronic message boards, barricades, delineators, and temporary ramps. Bid item shall also include all labor, equipment, and material needed to maintain temporary access for residents. Traffic Control will not be measured and shall be paid at the contract Lump Sum bid price.

Materials Testing

36. The Material Testing bid item shall include all labor, material, and equipment needed to satisfy the material testing requirements as detailed herein.
37. All asphalt pavement shall be placed and compacted to 92% of the max density as specified in the Job Mix Formula. Density tests, using a calibrated nuclear gauge in accordance with ASTM D 2950-74, shall be conducted on each lift of asphalt pavement. Minimum testing frequency shall be one reading per lane, per 500 feet. A lane shall be defined as a full width paver pass of approximately 11 feet. If density readings fall below 89% or above 97%, work shall be stopped immediately and will not resume until a solution is found and the Contractor can meet the specified density window.
38. Asphalt density tests using a nuclear gauge shall be conducted by a MoDOT certified technician knowledgeable in the procedures of density testing and under the supervision of the County's inspection staff. The technician's credentials and certifications shall be submitted to the County for approval prior to testing taking place. The technician shall supply to the County a written report containing lane tested, lift tested, testing location description, and density testing result. This designated technician(s) shall remain the consistent tester(s) for the project.
39. All payment for costs associated with Material Testing shall be included in the contract Lump Sum bid price.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

Construction Staking

40. Bid item shall include all costs associated with the hiring of a qualified individual or firm to provide survey staking to aid the Contractor in constructing the project per the Plans and Specifications.
41. Upon request, Boone County can provide an electronic copy of the project drawing. However, the County does not assume any liability to the accuracy or completeness of the electronic drawing. If discrepancies exist between the electronic drawing and the signed and sealed paper plans, the plans shall govern. Any party which uses electronic drawings automatically accepts these conditions.
42. Boone County does not currently have a licensed surveyor on staff. Any questions regarding the existing topographical data, monuments, and survey control shall be directed to Matt Thomas with Great River Engineering at 573-606-4674.

Tree Removal

43. Boone County has already contracted the removal of trees and brush believed to be in conflict with the project. However, there may still be an unforeseen need to remove vegetation. Therefore, this Bid item shall include all labor, equipment, and material required for removal and disposal of any tree, overhanging limp, or brush in conflict with the project.
44. All trees and brush removed shall have their stumps cut flush with the ground. If the stump or parts of the stump are in conflict with proposed ditching, those parts shall be removed to a point the conflict no longer exists.
45. All debris from tree removal shall be collected and properly disposed of off site. Debris and or mulch shall not be dumped or scattered into the surrounding ditches, creeks, or landscape.
46. Tree Removal will not be measured and shall be paid at the contract Lump Sum bid price.

Corrugated Metal Pipe (CMP), Aluminized

47. Bid item shall include all labor, equipment, and material required to install all corrugated metal pipe (CMP) culverts as described in the Plans, Details, and these Special Provisions.
48. All CMPs shall be 16 gauge, annular riveted, with Type II Aluminized coating.
49. Bid item shall include all labor, equipment, and material necessary for excavation of trench, and placement of bedding and backfill.
50. Bid item shall also include all equipment, labor, and material needed to remove and dispose of the existing culverts called out for removal on the Plans.
51. All connecting bands shall be 2 feet in length and shall also have Type II Aluminized coating.
52. Item shall be measured and will be paid at the Linear Foot bid price.

Metal Flared End Sections

53. Bid item shall include all labor, equipment, and material required to install metal flared end sections on CMP culverts as called out on the Plans.
54. Metal flared end sections shall have Type II aluminized coating.
55. Bid item shall be measured and will be paid at the per Each bid price.

Rip Rap Blanket

56. Bid item shall include all equipment, labor, and material needed to place 12x12 rip rap at all locations as called out on the Plans. Rip rap blanket shall have a depth of 2 feet.
57. Prior to placement of the rip rap, the Contractor shall install a nonwoven geotextile such as Propex 801 or approved equal. Geotextile shall be considered incidental to this bid item.
58. Bid item shall be measured and shall be paid at the per Cubic Yard bid unit price.

Fencing, Remove & Replace

59. Bid item shall include all equipment, labor, and material needed to remove and replace existing fencing as called out and detailed in the Plans. Bid item will be applicable to all fence types which may include, but are not limited to, 4-strand barbwire, woven wire, wooden corral, and electric.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

60. The Contractor shall try to remove, salvage, and reuse as much of the existing fence components as possible. If new materials are needed, the replacement parts shall be of like material and size to the existing. New fencing shall be constructed per Details and/or match style, spacing, and materials of the existing fence.
61. The Contractor shall be responsible for coordinating with property owners regarding the timing of fence removal and replacement, especially if fence is containing livestock.
62. If the fence is electric, and the Contractor is planning to cut and splice areas of the fence, the number of splices shall be kept to a minimum. If the spliced section of fence is greater than or equal to 400 feet, the Contractor shall install an appropriate bracing system, such as an H-brace, at the two end splices. The installation of any temporary electric fence shall be considered incidental to this bid item.
63. Bid item will be measured and paid for at the contract Linear Foot bid price. Quantities found in the Bid Tab are estimates and any deductions or additions shall be done via change order at the bid unit price.

Fencing, Removal

64. Bid item shall include all equipment, labor, and material needed to remove and dispose of the existing fencing as called out on the Plans.
65. The quantities found in the bid tab are estimates and are considered to be the maximum amount of fence removal. The tree removal contractor is expected to remove a large portion of the fence. However, at the time of this writing the tree removal work has not taken place, therefore the exact quantity of fence removal is unknown but is estimated to be as follows: Ridge Rd. (-4,500 ft), Sugar Creek (-599 feet), and Smith Hatchery (-370 feet). The amount of fence removal shall be measured in the field and will be adjusted via Change Order at the bid unit price.
66. Bid item will be measured and paid for at the contract Linear Foot bid price.

Rough Grading & Widening

67. Bid item shall include all labor, material, and equipment required to bring Ridge Rd., Sugar Creek Rd., & Smith Hatchery Rd. to the proper rough road base width and proper rough grade elevation.
68. The County is proposing the Contractor use a road grader to excavate, widen, and/or fill the existing roadway to establish a proposed rough road base. The rough road base would then be compacted using a 10-ton, vibratory, smooth drum roller in preparation of the road base fill operation to bring the base to finished grade.
69. Minor grading quantities (cut & fill) of the existing gravel road material shall be considered incidental to this bid item. These quantities may include, but are not limited to, cutting down existing road crown and lessening superelevations.
70. The County recognizes there may be cut quantities associated with the widening of the road during rough grading that will require haul off. The County has conducted estimates for these quantities and added them to the Excavation bid item.
71. Planned quantities as found in the Bid Tab were calculated assuming rough grading would occur across the entire finished road base width (24 feet). Planned quantities shall be used for payment, unless actual construction varies significantly. The Contractor or the County may request a change in quantity, but shall justify the change in writing, including an explanation of the method of measurement.

Excavation

72. Bid item shall include all labor, material, and equipment necessary to excavate existing materials in order to construct a widened road base and to establish new ditches.
73. Planned quantities were found by comparing the existing surface to the finished grade surface in CAD with a focus on the “cut” yardage. This initial cut yardage was then increased by an estimated quantity of minor cut assumed during rough grading and road widening.
74. Excavated material shall be disposed offsite and shall not be used as road fill for this project.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

75. Quantities do include an assumed 11 inch thick excavation of material (existing asphalt & base/subgrade) for the placement of road base at both end tie in locations for Sugar Creek Dr.
76. Quantities did not take into account any over excavation that may occur so a layer of topsoil may be placed per Restoration bid item to reach finished grade. It was assumed these quantities would be minor and shall be considered incidental to this bid item.
77. Planned quantities as found in the Bid Tab shall be used for payment, unless actual construction varies significantly. The Contractor or the County may request a change in quantity, but shall justify the change in writing, including an explanation of the method of measurement and finished results of the measurement.

1 ½" Minus Road Base

78. Bid item shall include all labor, equipment, and material needed to install 1 ½" minus road base aggregate to the dimensions and elevations as described in the Plans and these Special Provisions.
79. Road base shall be installed and compacted in lifts not to exceed 8 inch loose thickness. Compaction shall be done with a smooth drum, vibratory roller. Roller size shall be a minimum of 10-tons.
80. Road base shall be installed at -2% to +1% of optimum moisture content and compacted to 95% Standard Proctor Max Dry Density.
81. In areas of road base fill that exceed 18 inches in thickness, the Contractor may substitute in a 2 ½" minus aggregate to start. However, the last 6 inches of the final surface shall be 1 ½" minus. If the Contractor decides to use 2 ½" minus, the tonnage will not be differentiated from the 1 ½" minus tonnage.
82. Planned quantities were calculated from computing the fill cubic yardage between the existing surface to the proposed finished base surface. Areas of base fill were assumed to have 1.5'H:1'V slopes down to the existing surface. The calculated cubic yard were then multiplied by 1.5 tons/CY to get the final quantity.
83. Planned quantities as found in the Bid Tab shall be used for payment, unless actual construction varies significantly. The Contractor or the County may request a change in quantity, but shall justify the change in writing, including an explanation of the method of measurement and finished results of the measurement.

Final Ripping, Grading, & Compaction

84. Bid item shall include all labor, equipment, and material required for the final ripping, grading, and compaction of the constructed road base aggregate.
85. After all road base has been placed, a ripping, grading, and compaction operation shall take place to bring base to finished grade. Ripping shall be done to a depth of 6 inches by a ripper teeth attachment. Base shall then be brought up to optimum moisture content and graded to final elevations before final compaction. Compaction shall be done with a 10-ton, vibratory, smooth drummed roller. Base shall be compacted to 95% Standard Proctor Maximum Dry Density.
86. The Contractor shall be responsible for keeping the base in its finished state until paving takes place. If damages does occur, the Contractor shall be responsible for bringing base back to proper grade and compaction at no additional cost to the County.
87. The County has been treating these roads with Magnesium Chloride. Residual effects from these treatments may be possible.
88. The Contractor shall stay aware of all known and marked utility and culvert crossings. If it seems likely the ripping operation will damage a known crossing, the Contractor shall retract the ripper teeth to pass over the crossing and then continue ripping. If a known crossing is damaged, the Contractor shall be responsible for fixing or replacing at no cost to the County.
89. Planned quantities shall be used for payment, unless actual construction quantities varies significantly. The Contractor or the County may request a change in quantity, but shall justify the change in writing, including an explanation of the method of measurement.

Asphalt Pavement

90. All asphalt pavement mix submittals shall be in accordance with Section 401 of the Missouri Dept. of Transportation Standard Specifications for Highway Construction.
91. The Job Mix Formulas (JMF) submitted for the asphalt used in this job must be reflective of actual material being used and must be no more than 3 years old at time of submittal and must meet requirements of Missouri Dept. of Transportation Standard Specifications for Highway Construction.
92. Recycled Asphalt Pavement (R.A.P.) may be used in the asphalt mixes but shall not exceed 20% of the total mix.
93. Recycled Asphalt Shingles (R.A.S.) will only be allowed in Bit. Base mixes for this project. Amount of RAS shall be in accordance with MoDOT Specifications
94. Contractor is required to use an asphalt paver equipped with a vibratory screed for all work performed under this contract. Said vibratory screed shall be functional, calibrated for the material and conditions of the project, and always turned on during paving operations.
95. The County is expecting the asphalt pavement to be installed in 2 lifts. The first lift shall be a Bituminous Base course that will have a compacted thickness of 3 inches. After tack has been installed, a BP-2 Surface lift shall be constructed with a 2 inch compacted thickness. The final cross slope of the asphalt pavement shall be approximately -2.00%, except in superelevated sections.
96. The asphalt surface course shall be installed in as large of a single operation as possible after application of tack coat to reduce number of transverse joints.
97. Tapered transverse joints shall be constructed at the end of the day. This is to allow traffic to use the road when construction is not taking place. Prior to restarting paving operations, the tapered section shall be removed, and a vertical face joint shall be created where the vertical face equals the lift thickness. Vertical faces may be saw cut or milled. Faces shall then be cleaned and applied with tack coat prior to paving resuming.
98. The milling of any butt joints shall be considered incidental to the asphalt bid item.
99. During installation of the bit. base and surface course, the Contractor shall wing out the asphalt approximately 2 feet from the edge of the road at all driveways and field entrances as called out on the Plans. These wing outs shall extend the width of the existing driveway and shall be tacked and compacted as the rest of the pavement. All work associated with the wing outs shall be considered incidental to the asphalt bid items. The tonnage of the bit. base and surface course were calculated to include the driveway wing outs.
100. The driveway near Sta. 7+80 of Sugar Creek Rd. is an existing asphalt driveway. The Contractor shall determine an appropriate tie in to the existing driveway and make a full depth saw cut in the asphalt. The asphalt shall be removed and base rock shall be installed during the road base install. The transition shall be constructed with each layer of asphalt road layer (ie bit. base and surface). All work for this driveway shall be considered incidental to the road base and asphalt bid items.
101. The Bidder has the option to be bound by the Asphalt Cement Price Index for this project. If the bidder wishes to do so, he shall execute the acceptance statement on the Bid Form. Failure to execute the acceptance statement will be interpreted to mean the bidder wishes not to participate. Greater detail of the Asphalt Index may be found at the end of these Special Provisions.
102. Bid item shall be measured and shall be paid at the contract per Ton bid price.

Tack Coat, Trackless

103. Bid item shall include all labor, material, and equipment needed to place tack coat as per Plans and these Special Provisions.
104. Tack coat used shall be trackless in nature. Trackless tack coat shall be NTQS-1HH, SS-1VH, or approved equal.
105. Tack coat shall be applied between the bituminous base and the asphalt surface.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

106. Tack coat shall be applied via a distributor truck. Truck shall be in good working order and able to apply a complete, uniform coat for the entire application width. Discernable rows (i.e. crop rows) will not be allowed. Contractor will be asked to cease operations, adjust distributor, and reapply tack coat at no additional cost to the County. Application rate for tack coat shall be per manufacturer's recommendations.
107. Vertical faces of all transverse and longitudinal cold joints and milled joints shall receive tack coat.
108. All road surfaces shall be swept or broomed clean of any loose material or debris prior to the placement of tack. Brooming shall be considered incidental to the asphalt paving bid item.
109. Tack coat shall be measured in the field, with final payment being made at the contract Square Yard bid price. Quantities not installed during construction shall be change ordered out of the contract.

Residential Driveway Tie-Ins, Gravel

110. Bid item shall include all material, labor, and equipment necessary to construct gravel transitions from the new paved road surface to existing gravel driveways. This work and item shall be done at each driveway or field entrance as called out on the Plans.
111. The Contractor shall place and compact 1 ½" minus aggregate to construct the transitions.
112. The width of the transition shall be the same as the existing driveway.
113. If possible, the first 3 feet of the transition shall slope away from the road at 4% before transitioning up or down into existing elevations.
114. Bid item will be measured and will be paid at the per Ton bid price.

Side Road Tie-Ins, Gravel

115. Bid item shall include all labor, material, and equipment needed to construct gravel transitions from the new paved road surface to the existing gravel roads as called out on the Plans.
116. The Contractor shall place and compact 1 ½" minus aggregate to construct the transitions.
117. Bid item will be measured and will be paid at the per Ton bid price.

Trail Tie-In, Gravel

118. Bid item shall include all labor, material, and equipment necessary to construct gravel transitions from the new paved road surface to the existing gravel MKT Trail crossing as called out on the Plans.
119. The gradation of gravel used to construct the tie-in shall be the same or similar to the gradation of the existing trail.
120. Bid item will be measured and will be paid at the per Ton bid price.

Restoration

121. Bid item shall include all labor, material, and equipment required to conduct restoration operations as described in these Special Provisions.
122. Restoration shall include the placement of topsoil, followed by fertilizer, seed, and straw mulch on the disturbed areas of the project. These areas may include, but are not limited to, the road shoulders, road ditches, and road slopes.
123. The Contractor may hydroseed with a fertilizer, seed, and mulch mixture in lieu of fertilizer, seed, and straw mulch.
124. Bid item shall be satisfied when vegetation density reaches 70% on all restored areas. If vegetation is not present, the Contractor may be asked to reseed.
125. Bid item will not be measured and shall be paid at the contract Lump Sum bid price.

Erosion Control

126. Bid item shall include all material, equipment, and labor needed to install and maintain erosion control measures as detailed in these Special Provisions and/or mentioned as Best

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

Management Practices (BMPs) in the Stormwater Pollution Prevention Plan (SWPPP). All erosion control measures shall be installed per the manufacturer's recommendations.

127. Maintenance of erosions control measures may include, but is not limited to, removal of trapped/accumulated silt, readjustments, and salvage and reinstallation.
128. Temporary erosion control measures shall be installed immediately after rough ditch grading has been completed for an area. These measures shall remain in place until finished grading and restoration can occur.
129. After restoration, erosion control measures shall be installed and maintained until vegetation has been established. If in good working condition, measures installed after rough grading may be reused after restoration.
130. Bid item will not be measured and shall be paid at the contract Lump Sum bid price.

Centerline Striping, Double Yellow

131. Bid item shall include all equipment, labor, and material necessary to paint pavement markings following paving as detailed in the Plans & these Special Provisions. All work and materials shall be in accordance with the latest edition of the Missouri Standard Specifications for Highway Construction.
132. Marking paint shall be a waterborne, acrylic type in accordance with the Missouri Standard Specifications for Highway Construction. Prismatic beads shall be broadcast on all marking paint to provide proper reflectivity.
133. The roadway surface shall be clean from debris, sand, or other material that would prevent adhesion of the paint. If material is present, an operation of sweeping or blowing using jets or compressed air shall be done immediately prior to painting.
134. Pavement markings shall be applied with heavy-duty multi-line striping equipment capable of applying stripes of uniform width and thickness. Markings shall be applied in a manner of good workmanship. The edges of lines shall be sharp and well defined with overspray held to a minimum. Straight lines shall be straight and curved lines shall be uniform and symmetrical. If in the judgement of the Engineer, workmanship is lacking, markings shall be removed and replaced at the Contractor's expense.
135. The centerline striping shall consist of two (2) solid yellow lines, each having a minimum width of 4 inches and a discernible space between them. This item shall be placed at the center of the road creating two lanes of approximate equal width along the entire roadway length.
136. Centerline Striping will be measured and shall be paid at the contract Linear Foot bid price.

Stormwater Pollution Prevention Plan (SWPPP)

137. Bid item shall include all labor, equipment, and materials necessary to satisfy the inspection, logging, and all other necessary paperwork requirements of the Stormwater Pollution Prevention Plan (SWPPP).
138. The furnishing and installation of the stormwater Best Management Practices (BMPs) shall not be included in this item but shall be under the "Erosion Control" bid item.
139. Bid item will not be measured and shall be paid at the contract Lump Sum bid price.

Mill & Sweep, Dothage Intersection

140. Bid item shall include all equipment, labor, and material required to conduct an asphalt milling and sweeping operation for the area called out on the Plans at Dothage Rd. & Smith Hatchery Rd. intersection.
141. The County believes the intersection of Smith Hatchery Rd. & Dothage Rd. may see increased wear as a result of this project. Therefore, the intersection shall be milled and overlayed as part of the project. The milling shall occur after the installation of the 3" Bit. Base lift and prior to the 2" surface on the gravel portion of Smith Hatchery.
142. The operation shall include a 2" thick milling of the existing asphalt intersection as depicted in the Plans. Millings shall be removed offsite and the area shall be swept. After sweeping, the Contractor shall spray the area with trackless tack. The intersection shall then be overlayed with a 2" thick lift of BP-2 surface mix. The trackless tack and asphalt surface shall not be included in this bid item. Quantities were added to the Tack bid item and BP-2 bid item.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

143. Bid item will be measured and shall be paid at the contract Square Yard bid price.

Asphalt Cement Price Index

If the bidder so chooses, asphaltic pavement and base mixes are eligible for the following price adjustment. This adjustment will apply only to the percentage of virgin asphalt cement actually placed on the job, excluding RAP or RAS, and will be calculated using the following formula:
A = (B X C) X (D – E)

Where:
A = Adjustment
B = Tons of mix placed
C = % of virgin asphalt binder as listed in the job mix formula
D = monthly price for the month prior to mix placement
E = monthly price for the month prior to bid submission

The monthly asphalt prices will be those shown in the Dollar/Ton column of the "Asphalt Price Index" table posted at MoDot.org – Bidding-Road & Bridge Construction Bidding Opportunities – Online Plan Rooms – Asphalt Price Index - on MoDOT's website, also currently located at:
http://www.modot.org/eBidLettingPublicWeb/viewStream.do?documentType=general_info&key=658
All prices will be for the entire month regardless of when posted. Separate adjustments will be calculated for each month in which the bidder places eligible material.

Calculation Examples
This table is fictional, but it resembles the table found at the above MoDOT website.

Asphalt Price Index	
2015	PG 64-22 Dollar/Ton
January	$450.00
February	$510.00
March	$520.00
April	$530.00
May	$520.00
June	$500.00
July	$480.00
August	$475.00
September	$450.00
October	$425.00
November	$420.00
December	$400.00

Example #1
The contract was bid in March 2015. 1,000 tons of BP-2 was placed during October 2015. Job mix called for 5.0% virgin AC. No RAP was used.
B = 1,000 C = 5.0% D = 450.00 E = 510.00
A = (1,000 X 0.050) X (450.00 – 510.00) = -3,000
Adjustment = $3,000 Deduct

Example #2
The contract was bid in February 2015. 1,000 tons of BP-2 was placed during July 2015. 2,000 tons of BP-2 was placed during August 2015. Job mix called for a mix with 4.5% virgin AC and 1.0% AC from RAP.
B_1 = 1,000 C = 4.5% D_1 = 500.00 E_1 = 450.00
A_1 = (1,000 X 0.045) X (500.00 – 450.00) = 2,250

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

B_2 = 2,000 C = 4.5% D_2 = 480.00 E_2 = 450.00
A_2 = (2,000 X 0.045) X (480.00 – 450.00) = 2,700
Adjustment = A_1 + A_2 = 2,250 + 2,700 = $4,950 Increase

APPENDIX A

STATE WAGE RATES

GENERAL: This Contract shall be based upon payment by the Contractor of wage rates not less then the prevailing hourly wage rate for each craft or classification of workers engaged on the work as determined by the Industrial Commission of Missouri on behalf of the Department of Labor and Industrial Relations.

The Contractor shall comply with all requirements of the prevailing wage law of Missouri, Revised Statutes of Missouri, Sections 290.210 to 290.340, including the latest amendments thereto.

The prevailing wage law does not prohibit payment of more than the prevailing rate of wages nor does it limit the hours of work which may be performed by any worker in any particular period of time.

RECORDS: The Contractor shall keep an accurate record showing the names, occupations, and crafts of all workers employed, together with the number of hours worked by each worker and the actual wages paid to each worker. At all reasonable hours, such records shall be open to inspection by the representatives of Industrial Commission of Missouri and the County. The payroll records shall not be destroyed or removed from the State for at least one year after completion of the work.

NOTICES: Throughout the life of this Contract, a copy of the wage determination and the rules promulgated by the Industrial Commission of Missouri shall be displayed in at least one conspicuous place on the project under a heading of NOTICE with the heading in letters at least one inch high.

PENALTY: Pursuant to Section 290.250 RSMo the Contractor shall forfeit to the County as penalty, one hundred dollars for each worker employed, for each calendar day, or portion thereof, such worker is paid less than the stipulated rates for any work done under the Contract, by them.

AFFIDAVIT OF COMPLIANCE: After completion of the work and before final payment can be made under this Contract, the Contractor must file with the County an affidavit stating that they have fully complied with the provisions and requirements of the prevailing wage law of Missouri, sections 290.210 to 290.340 RSMo.

WAGE DETERMINATION: During the life of this Contract, the prevailing hourly rate of wages is subject to change by the Department of Labor and Industrial Relations or by court decision as provided by law. Any such change shall not be the basis of any claim by the Contractor against the County, nor will deductions be made by the County against sums due the Contractor by reason of any such change.

The prevailing wage rate determination made by the Industrial Commission of Missouri is reproduced verbatim and is applicable to this Contract.

APPENDIX B

STANDARD TERMS AND CONDITIONS-CONTRACT WITH BOONE COUNTY, MISSOURI

1. Contractor shall comply with all applicable federal, state, and local laws and failure to do so, in County's sole discretion, shall give County the right to terminate this Contract.

2. Responses shall include all charges for packing, delivery, installation, etc., (unless otherwise specified) to the Boone County Department identified in the Request for Bid and/or Proposal.

3. The Boone County Commission has the right to accept or reject any part or parts of all bids, to waive technicalities, and to accept the offer the County Commission considers the most advantageous to the County. Boone County reserves the right to award this bid on an item-by-item basis, or an “all or none” basis, whichever is in the best interest of the County.

4. Bidders must use the bid forms provided for the purpose of submitting bids, must return the bid and bid sheets comprised in this bid, give the unit price, extended totals, and sign the bid. The Purchasing Director reserves the right, when only one bid has been received by the bid closing date, to delay the opening of bids to another date and time in order to revise specifications and/or establish further competition for the commodity or service required. The one (1) bid received will be retained unopened until the new Closing date, or at request of bidder, returned unopened for re-submittal at the new date and time of bid closing.

5. When products or materials of any particular producer or manufacturer are mentioned in our specifications, such products or materials are intended to be descriptive of type or quality and not restricted to those mentioned.

6. Do not include Federal Excise Tax or Sales and Use Taxes in bid process, as law exempts the County from them.

7. The delivery date shall be stated in definite terms, as it will be taken into consideration in awarding the bid.

8. The County Commission reserves the right to cancel all or any part of orders if delivery is not made or work is not started as guaranteed. In case of delay, the Contractor must notify the Purchasing Department.

9. In case of default by the Contractor, the County of Boone will procure the articles or services from other sources and hold the Bidder responsible for any excess cost occasioned thereby.

10. Failure to deliver as guaranteed may disqualify Bidder from future bidding.

11. Prices must be as stated in units of quantity specified, and must be firm. Bids qualified by escalator clauses may not be considered unless specified in the bid specifications.

12. No bid transmitted by fax machine or e-mail will be accepted.

13. The County of Boone, Missouri expressly denies responsibility for, or ownership of any item purchased until same is delivered to the County and is accepted by the County.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

14. The County reserves the right to award to one or multiple respondents. The County also reserves the right to not award any item or group of items if the services can be obtained from a state or other governmental entities contract under more favorable terms. The resulting contract will be considered "Non-Exclusive". The County reserves the right to purchase from other vendors.

15. The County, from time to time, uses federal grant funds for the procurement of goods and services. Accordingly, the provider of goods and/or services shall comply with federal laws, rules and regulations applicable to the funds used by the County for said procurement, and contract clauses required by the federal government in such circumstances are incorporated herein by reference. These clauses can generally be found in the *Federal Transit Administration's Best Practices Procurement Manual – Appendix A*. Any questions regarding the applicability of federal clauses to a particular bid should be directed to the Purchasing Department prior to bid opening.

16. In the event of a discrepancy between a unit price and an extended line item price, the unit price shall govern.

17. Should an audit of Contractor's invoices during the term of the Agreement, and any renewals thereof, indicate that the County has remitted payment on invoices that constitute an over-charging to the County above the pricing terms agreed to herein, the Contractor shall issue a refund check to the County for any over-charges within 30-days of being notified of the same.

18. For all bid responses over $25,000, if any manufactured goods or commodities proposed with bid/proposal response are manufactured or produced outside the United States, this MUST be noted on the Bid/Proposal Response Form or a Memo attached.

19. Pursuant to Section 34.600 RSMo, for contracts $100,000 and greater, Contractor/Vendor certifies it is not currently engaged in and shall not, for the duration of the contract, engage in a boycott of goods or services from the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel.

20. **For all titled vehicles and equipment the dealer must use the actual delivery date to the County on all transfer documents** including the Certificate of Origin (COO,) Manufacturer's Statement of Origin (MSO,) Bill of Sale (BOS,) and Application for Title.

21. **Equipment and serial and model numbers -** The contractor is strongly encouraged to include equipment serial and model numbers for all amounts invoiced to the County. If equipment serial and model numbers are not provided on the face of the invoice, such information may be required by the County before issuing payment.

22. All equipment and supplies offered in a quote must be new, of current production, and available for marketing by the manufacturer unless the County clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered.

23. The resulting agreement may be extended beyond the expiration date by order of the County on a month-to-month basis if the County cannot re-bid and/or award a new contract before the expiration date.

24. The County as a public governmental body is subject to the Missouri Sunshine Law (Chapter 610 RSMo) and will comply with requests for documents in accordance with that law.

PERFORMANCE BOND

KNOW ALL PERSONS BY THESE PRESENT, that we,

Capital Paving & Construction LLC

as Principal, hereinafter called Contractor, and Everest Reinsurance Company and United States Fire Insurance Company

a Corporation, organized under the laws of the State of Delaware and Delaware

and authorized to transact business in the State of Missouri, as Surety, hereinafter called Surety, are held and firmly bound unto the County of Boone, Missouri, as Obligee, hereinafter called Owner, in the amount of Two Million Eight Hundred Fifty Thousand Three Hundred Thirty Six and 96/100 Dollars,* for the payment whereof Contractor and Surety bind themselves, their heirs, executors, administrators, successors, and assigns jointly and severally, firmly by these presents: * ($2,850,336.96)

WHEREAS, Contractor has, by written agreement dated April 2nd, 2026 entered into a Contract with Owner for:

Project Name: BID NUMBER 10-05MAR26 - Gravel Road Paving #1 - Ridge Rd., Sugar Creek Dr., & Smith Hatchery Rd.

Project No.: C001099

in accordance with specifications and/or plans prepared by the County of Boone, which contract is by reference made a part hereof, and is hereinafter referred to as the Contract.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION is such that, if Contractor shall promptly and faithfully perform said Contract, and shall faithfully perform the prevailing hourly wages and comply with all prevailing wage requirements as provided by such Contract and applicable prevailing wage laws, rules, and rates specified by regulation thereunder, then this obligation shall be null and void; otherwise it shall remain in full force and effect.

The Surety hereby waives notice of any alteration or extension of time made by the Owner.

Whenever Contractor shall be, and declared by Owner to be, in default under the Contract, the Owner having performed Owner's obligations thereunder, the Surety may promptly remedy the default, or shall promptly:

1) Complete the Contract in accordance with its terms and conditions, or

2) Obtain a bid for submission to Owner for completing the Contract in accordance with its terms and conditions, and upon determination by Owner and Surety of the lowest responsible bidder, arrange for a Contract between such bidder and Owner, and make available as work progresses (even though there should be a default of a succession of defaults under the Contract or Contracts of completion arranged under this paragraph) sufficient fund to pay the cost of completion less the balance of the Contract price, but not exceeding, including other costs and damages for which the Surety may be liable hereunder, the amount set forth in the first paragraph hereof. The term "balance of the Contract price", as used in this paragraph, shall mean the total amount payable by Owner to Contractor under the Contract and any amendments thereto, less the amount properly paid by Owner to Contractor.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

Any suit under this bond must be instituted before the expiration of two (2) years from the date on which final payment under the Contract falls due.

No right of action shall accrue on this bond to or for the use of any person or corporation other than the Owner named herein or the heirs, executors, administrators, or successors of Owner.

IN TESTIMONY WHEREOF, the Contractor has hereunto set his hand and the Surety has caused these presents to be executed in its name, and its corporate seal to be affixed by its Attorney-In-Fact at Jefferson City, MO and Greenwood Village, CO on this 2 day of April ,20 26.

KNOW ALL MEN BY THESE PRESENTS: That United States Fire Insurance Company, a corporation duly organized and existing under the laws of the state of Delaware, has made, constituted and appointed, and does hereby make, constitute and appoint:

Mona D. Weaver, Sheila J. Montoya, Anuj Jain, Jessica Jean Rini, Kristen L. McCormick, Megan A. Brown, Shanna Walker

each, its true and lawful Attorney(s)-In-Fact, with full power and authority hereby conferred in its name, place and stead, to execute, acknowledge and deliver: Any and all bonds and undertakings of surety and other documents that the ordinary course of surety business may require, and to bind United States Fire Insurance Company thereby as fully and to the same extent as if such bonds or undertakings had been duly executed and acknowledged by the regularly elected officers of United States Fire Insurance Company at its principal office, in amounts or penalties: **Unlimited**

This Power of Attorney limits the act of those named therein to the bonds and undertakings specifically named therein, and they have no authority to bind United States Fire Insurance Company except in the manner and to the extent therein stated.

This Power of Attorney is granted pursuant to Article IV of the By-Laws of United States Fire Insurance Company as now in full force and effect, and consistent with Article III thereof, which Articles provide, in pertinent part:

Article IV, Execution of Instruments - Except as the Board of Directors may authorize by resolution, the Chairman of the Board, President, any Vice-President, any Assistant Vice President, the Secretary, or any Assistant Secretary shall have power on behalf of the Corporation:

(a) to execute, affix the corporate seal manually or by facsimile to, acknowledge, verify and deliver any contracts, obligations, instruments and documents whatsoever in connection with its business including, without limiting the foregoing, any bonds, guarantees, undertakings, recognizances, powers of attorney or revocations of any powers of attorney, stipulations, policies of insurance, deeds, leases, mortgages, releases, satisfactions and agency agreements;
(b) to appoint, in writing, one or more persons for any or all of the purposes mentioned in the preceding paragraph (a), including affixing the seal of the Corporation.

Article III, Officers, Section 3.11, Facsimile Signatures. The signature of any officer authorized by the Corporation to sign any bonds, guarantees, undertakings, recognizances, stipulations, powers of attorney or revocations of any powers of attorney and policies of insurance issued by the Corporation may be printed, facsimile, lithographed or otherwise produced. In addition, if and as authorized by the Board of Directors, dividend warrants or checks, or other numerous instruments similar to one another in form, may be signed by the facsimile signature or signatures, lithographed or otherwise produced, of such officer or officers of the Corporation as from time to time may be authorized to sign such instruments on behalf of the Corporation. The Corporation may continue to use for the purposes herein stated the facsimile signature of any person or persons who shall have been such officer or officers of the Corporation, notwithstanding the fact that he may have ceased to be such at the time when such instruments shall be issued.

IN WITNESS WHEREOF, United States Fire Insurance Company has caused these presents to be signed and attested by its appropriate officer and its corporate seal hereunto affixed this 25th day of June, 2025.

LABOR AND MATERIAL PAYMENT BOND

KNOW ALL PERSONS BY THESE PRESENT, that we,

Capital Paving & Construction LLC

as Principal, hereinafter called Contractor, and Everest Reinsurance Company and United States Fire Insurance Company

a Corporation, organized under the laws of the State of Delaware and Delaware

and authorized to transact business in the State of Missouri, as Surety, hereinafter called Surety, are held and firmly bound unto the County of Boone, Missouri, as Obligee, hereinafter called Owner, for the use and benefit of claimants as herein defined, in the amount of

Two Million Eight Hundred Fifty Thousand Three Hundred Thirty Six and 96/100 Dollars,

($ 2,850,336.96), for the payment whereof Contractor and Surety bind themselves, their heirs, executors, administrators, successors, and assigns jointly and severally, firmly by these presents:

WHEREAS, Contractor has, by written agreement dated April 2nd, 2024 entered into a Contract with Owner for:

Project Name: BID NUMBER 10-05MAR26 - Gravel Road Paving #1 - Ridge Rd., Sugar Creek Dr., & Smith Hatchery Rd.

Project No.: C001099

in accordance with specifications and/or plans prepared by the County of Boone which Contract is by reference made a part hereof, and is hereinafter referred to as the Contract.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION is such that the Contractor shall promptly make payments to all claimants as hereinafter defined, for all labor and material used or reasonably required for use in the performance of the Contract, then this obligation shall be void; otherwise, it shall remain in full force and effect, subject, however, to the following conditions.

A. A claimant is defined as one having a direct contract with the Contractor or with a subcontractor of the Contractor for labor, material, or both, used or reasonably required for use in the performance of the Contract; labor and material being construed to include the part of water, gas, power, light, heat, oil, gasoline, telephone service, rental, or equipment directly applicable to the Contract.

B. The above named Contractor and Surety hereby jointly and severally agree with the Owner that every claimant as herein defined, who has not been paid in full before the expiration of a period of ninety (90) days after the date on which the last of such claimant's work or labor was done or performed, or materials were furnished by such claimant, may sue on this bond for the use of such claimant, prosecute the suit to final judgment for such sum or sums as may be justly due claimant, and have execution thereon. The owner shall not be liable for the payment of any costs or expenses of any such suit.

Docusign Envelope ID: 60E8CC77-1D5B-4E70-BEAF-6B629D8BF76F

C. No suit or action shall be commenced hereunder by any claimant:

1. Unless claimant, other than one having a direct Contact with the Contractor, shall have given written notice to any two of the following: The Contractor, the Owner, or the Surety above named, within ninety (90) days after such claimant did or performed the last of the work or labor, or furnished the last of the materials for which said claim is made, stating with substantial or furnished the last of the materials for which said claim is made, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were furnished, or for whom the work or labor was done or performed. Such notice shall be served by mailing the same by registered mail or certified mail, postage prepaid, in an envelope addressed to the Contractor, Owner, or Surety, at any place where an office is regularly maintained for the transaction of business, or served in any manner in which legal process may be served in the state in which the aforesaid project is located, save that such service need not be made by a public officer.

2. After the expiration of one (1) year following the date on which Contractor ceased work on said Contract, it being understood, however, that if any limitation embodied in this bond is prohibited by any law controlling the construction hereof, such limitation shall be deemed to be amended so as to be equal to the minimum period of limitation permitted by such law.

3. Other than in a state court of competent jurisdiction in and for the County or other political subdivision of the state in which the project, or any part thereof, is situated or in the United States District Court for the district in which the project, or any part thereof, is situated, and not elsewhere.

D. The amount of this bond shall be reduced by and to the extent of any payment or payments made in good faith hereunder, inclusive of the payment by Surety of Mechanic's Liens which may be filed on record against said improvement, whether or not claim for the amount of such lien be presented under or against this bond.

IN TESTIMONY WHEREOF, the Contractor has hereunto set their hand and the Surety caused these present to be executed in its name and its corporate seal to be affixed by its Attorney-in-Fact at Jefferson City, MO and Greenwood Village, CO ,on this 2 day of April ,20 26 .

07105

KNOW ALL MEN BY THESE PRESENTS: That United States Fire Insurance Company, a corporation duly organized and existing under the laws of the state of Delaware, has made, constituted and appointed, and does hereby make, constitute and appoint:

Mona D. Weaver, Sheila J. Montoya, Anuj Jain, Jessica Jean Rini, Kristen L. McCormick, Megan A. Brown, Shanna Walker

each, its true and lawful Attorney(s)-In-Fact, with full power and authority hereby conferred in its name, place and stead, to execute, acknowledge and deliver: Any and all bonds and undertakings of surety and other documents that the ordinary course of surety business may require, and to bind United States Fire Insurance Company thereby as fully and to the same extent as if such bonds or undertakings had been duly executed and acknowledged by the regularly elected officers of United States Fire Insurance Company at its principal office, in amounts or penalties: **Unlimited**

This Power of Attorney limits the act of those named therein to the bonds and undertakings specifically named therein, and they have no authority to bind United States Fire Insurance Company except in the manner and to the extent therein stated.

This Power of Attorney is granted pursuant to Article IV of the By-Laws of United States Fire Insurance Company as now in full force and effect, and consistent with Article III thereof, which Articles provide, in pertinent part:

Article IV, Execution of Instruments - Except as the Board of Directors may authorize by resolution, the Chairman of the Board, President, any Vice-President, any Assistant Vice President, the Secretary, or any Assistant Secretary shall have power on behalf of the Corporation:

(a) to execute, affix the corporate seal manually or by facsimile to, acknowledge, verify and deliver any contracts, obligations, instruments and documents whatsoever in connection with its business including, without limiting the foregoing, any bonds, guarantees, undertakings, recognizances, powers of attorney or revocations of any powers of attorney, stipulations, policies of insurance, deeds, leases, mortgages, releases, satisfactions and agency agreements;
(b) to appoint, in writing, one or more persons for any or all of the purposes mentioned in the preceding paragraph (a), including affixing the seal of the Corporation.

Article III, Officers, Section 3.11, Facsimile Signatures. The signature of any officer authorized by the Corporation to sign any bonds, guarantees, undertakings, recognizances, stipulations, powers of attorney or revocations of any powers of attorney and policies of insurance issued by the Corporation may be printed, facsimile, lithographed or otherwise produced. In addition, if and as authorized by the Board of Directors, dividend warrants or checks, or other numerous instruments similar to one another in form, may be signed by the facsimile signature or signatures, lithographed or otherwise produced, of such officer or officers of the Corporation as from time to time may be authorized to sign such instruments on behalf of the Corporation. The Corporation may continue to use for the purposes herein stated the facsimile signature of any person or persons who shall have been such officer or officers of the Corporation, notwithstanding the fact that he may have ceased to be such at the time when such instruments shall be issued.

IN WITNESS WHEREOF, United States Fire Insurance Company has caused these presents to be signed and attested by its appropriate officer and its corporate seal hereunto affixed this 25th day of June, 2025.

Commission Order #: 199-2026

PURCHASE AGREEMENT
EQUIPMENT, PRODUCTS, AND SERVICES
(Equipment Rental with United Rentals)
Term and Supply

THIS AGREEMENT, C001115 dated the 14th day of April 2026 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, herein "County" and **United Rentals (North America), Inc.** herein "Vendor."

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

1. ***Contract Documents*** - This agreement shall consist of this Purchase Agreement for a term and supply for equipment, products, and services compliant with all bid specifications and any addendum issued for the Sourcewell cooperative contract **040924**, as well as Boone County Standard Terms and Conditions. All such documents shall constitute the contract documents which are incorporated herein by reference. Service or product data, specifications and literature submitted with bid response may be permanently maintained in the County Purchasing Office bid file for this bid if not attached. In the event of conflict between any of the foregoing documents, this Purchase Agreement with Boone County Standard Terms & Conditions and the Sourcewell cooperative contract **040924** shall prevail and control over the vendor's bid response or vendor's quote forms.

2. ***Contract Duration*** - This agreement shall commence on the **date of award and extend through June 11, 2028,** subject to the provisions for termination specified below. This agreement may be extended beyond the expiration date in writing by the County for **three (3) additional one-year periods** subject to the pricing clauses in the Vendor's bid response and thereafter on a month-to-month basis in the event the County is unable to re-bid and/or award a new contract prior to the expiration date after exercising diligent efforts to do so or not. Contractor will be given written notice of renewal by County and will receive Contractor acknowledgement and acceptance.

3. ***Purchase*** - The County agrees to purchase from the Vendor, and the Vendor agrees to supply the County with equipment, product, and services. Items will be provided as required in the bid specifications and in conformity with the contract documents for the pricing list provided herein, as needed and as ordered by County. This is a not to exceed price list and County can negotiate volume pricing locally on a case-by-case basis.

For open market items or nonstandard options, Vendor has a not-to-exceed markup of 24% on the total invoice cost from a 3rd Party Vendor for equipment rental and services, including but not limited to equipment re-rents, labor, fuel and transportation costs.

4. ***Delivery*** – All deliveries shall be made FOB Destination with freight charges fully included and prepaid. Delivery date must be in writing and included on the quote.

Docusign Envelope ID: 9225AC8C-D87A-42CE-AEB4-CC767469BFAC

5. ***Billing and Payment*** - All billing shall be invoiced to the Boone County respective ordering Department and billings may only include the prices listed in the vendor's bid response. No additional fees for paperwork processing, labor, or taxes shall be included as additional charges in excess of the charges in the Vendor's bid response to the specifications. The County agrees to pay all invoices within thirty days of receipt. In the event of a billing dispute, the County reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of the Vendor, the County agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

6. ***Binding Effect*** - This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

7. ***Termination*** - This agreement may be terminated by the County upon thirty days advance written notice for any of the following reasons or under any of the following circumstances:

- **a.** The County may terminate this agreement due to a material breach of any term or condition of this agreement, or
- **b.** The County may terminate this agreement if in the opinion of the Boone County Commission if delivery of products is delayed or products delivered are not in conformity with bidding specifications or variances authorized by the County, or
- **c.** Termination for Convenience - The County may terminate this Agreement for any reason or no reason upon sixty (60) days' written notice to the Contractor and Contractor may terminate this Contract at any time without cause by giving one hundred and eighty (180) days written notice to County, or
- **d.** If appropriations are not made available and budgeted for any calendar year.

IN WITNESS WHEREOF the parties through their duly authorized representatives have executed this agreement on the day and year first above written.

Insurance Requirements: The Contractor shall not commence work under this contract until they have obtained all insurance required under this paragraph and the Certificate of Insurance has been approved by the County, nor shall the Contractor allow any subcontractor to commence work on their subcontract until all similar insurance required of subcontractor has been so obtained and approved. All policies shall be in amounts, form and companies satisfactory to the County which must carry an A-6 or better rating as listed in the A.M. Best or equivalent rating guide. Insurance limits indicated below may be lowered at the discretion of the County.

Employers Liability and Workers Compensation Insurance - The Contractor shall take out and maintain during the life of this contract, **Employers Liability and Workers Compensation Insurance** for all of its employees employed at the site of work, and in case any work is sublet, the Contractor shall require the subcontractor similarly to provide Workers Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor. Workers Compensation coverage shall meet Missouri statutory limits. Employers Liability limits shall be $500,000.00 each employee, $500,000.00 each accident, and $500,000.00 policy limit. In case any class of employees engaged in hazardous work under this Contract at the site of the work is not protected under the Workers Compensation Statute, the Contractor shall provide and shall cause each subcontractor to provide Employers Liability Insurance for the protection of their employees not otherwise protected.

Commercial General Liability Insurance - The Contractor shall take out and maintain during the life of this contract, such commercial general liability insurance as shall protect it and any subcontractor performing work covered by this contract, from claims for damages for personal & advertising injury, bodily injury including accidental death, as well as from claims for property damages, which may arise from operations under this contract, whether such operations be by themselves or for any subcontractor or by anyone directly or indirectly employed by them. The amounts of insurance shall be not less than $2,000,000.00 combined single limit for any one occurrence covering both bodily injury and property damage, including accidental death. If the Contract involves any underground/digging operations, the general liability certificate shall include X, C, and U (Explosion, Collapse, and Underground) coverage. If providing Commercial General Liability Insurance, then the Proof of Coverage of Insurance shall also be included.

Contractor may satisfy the minimum liability limits required for Commercial General Liability or Business Auto Liability under an Umbrella or Excess Liability policy. There is no minimum per occurrence limit of liability under the umbrella or Excess Liability; however, the Annual Aggregate limit shall not be less than the highest "Each Occurrence" limit for either Commercial General Liability or Business Auto Liability. **Contractor agrees to include the County as an Additional Insured on the umbrella or Excess Liability, unless the Certificate of Insurance states that the Umbrella or Excess Liability provides coverage on a "Follow-Form" basis.**

Business Automobile Liability – The Contractor shall maintain during the life of this contract, automobile liability insurance in the amount of not less than $2,000,000.00 combined single limit for any one occurrence, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all claims arising from the use of the Contractor's

Docusign Envelope ID: 9225AC8C-D87A-42CE-AEB4-CC767469BFAC

own automobiles, teams and trucks; hired automobiles, teams and trucks; non-owned and both on and off the site of work.

Subcontractors: Contractor shall cause each Subcontractor to purchase and maintain insurance of the types and amounts specified herein. Limits of such coverage may be reduced only upon written agreement of County. Contractor shall provide to County copies of certificates of insurance evidencing coverage for each Subcontractor. Subcontractors' commercial general liability and business automobile liability insurance shall name County as Additional Insured and have the Waiver of Subrogation endorsements added.

Proof of Carriage of Insurance - The Contractor shall furnish the County with Certificate(s) of Insurance which name the County as additional insured in an amount as required in this contract. The Certificate of Insurance shall provide that there will be no cancellation, non-renewal or reduction of coverage without 30 days prior written notice to the County. In addition, such insurance shall be on an occurrence basis and shall remain in effect until such time as the County has made final acceptance of the services provided.

INDEMNITY AGREEMENT: To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend the County, its directors, officers, agents, and employees from and against all claims, damages, losses and expenses (including but not limited to attorney's fees) arising by reason of any act or failure to act, negligent or otherwise, of Contractor, of any subcontractor (meaning anyone, including but not limited to consultants having a contract with contractor or a subcontract for part of the services), of anyone directly or indirectly employed by contractor or by any subcontractor, or of anyone for whose acts the contractor or its subcontractor may be liable, in connection with providing these services. This provision does not, however, require contractor to indemnify, hold harmless, or defend the County of Boone from its own negligence.

Nothing in these requirements shall be construed as a waiver of any governmental immunity of the County, its officials nor any of its employees in the course of their official duties. Nothing in the insurance procured as required herein shall be interpreted so as to waive any sovereign immunity, official immunity, or other immunity defense available to County as a political subdivision in the State of Missouri. It is not the County's intent or desire to procure insurance that would operate as a waiver of any such immunity defense.

Failure to maintain the required insurance in force may be cause for contract termination. In the event the Agency/Service fails to maintain and keep in force the required insurance or to obtain coverage from its subcontractors, the County shall have the right to cancel and terminate the contract without notice.

STANDARD CONTRACT TERMS AND CONDITIONS - BOONE COUNTY, MISSOURI

1. The Contractor shall comply with all applicable federal, state, and local laws, and failure to do so, in County's sole discretion, shall give County the right to terminate this Contract.

2. Responses shall include all charges for packing, delivery, installation, etc., (unless otherwise specified) to the Boone County Department identified in the Request for Bid and/or Proposal.

3. The Boone County Commission has the right to accept or reject any part or parts of all bids, to waive technicalities, and to accept the offer the County Commission considers the most advantageous to the County. Boone County reserves the right to award this bid on an item-by-item basis, or an "all or none" basis, whichever is in the best interest of the County.

4. Bidders must use the bid forms provided for the purpose of submitting bids, must return the bid and bid sheets comprised in this bid, give the unit price, extended totals, and sign the bid. The Purchasing Director reserves the right, when only one bid has been received by the bid closing date, to delay the opening of bids to another date and time in order to revise specifications and/or establish further competition for the commodity or service required. The one (1) bid received will be retained unopened until the new Closing date, or at the request of the bidder, returned unopened for re-submittal at the new date and time of bid closing.

5. When products or materials of any particular producer or manufacturer are mentioned in our specifications, such products or materials are intended to be descriptive of type or quality and not restricted to those mentioned.

6. Do not include Federal Excise Tax or Sales and Use Taxes in the bid process, as the law exempts the County from them.

7. The delivery date shall be stated in definite terms, as it will be taken into consideration in awarding the bid.

8. The County Commission reserves the right to cancel all or any part of orders if delivery is not made or work is not started as guaranteed. In case of a delay, the Contractor must notify the Purchasing Department.

9. In case of default by the Contractor, the County of Boone will procure the articles or services from other sources and hold the Bidder responsible for any excess cost occasioned thereby.

10. Failure to deliver as guaranteed may disqualify Bidder from future bidding.

11. Prices must be as stated in units of the quantity specified and must be firm. Bids qualified by escalator clauses may not be considered unless specified in the bid specifications.

Docusign Envelope ID: 9225AC8C-D87A-42CE-AEB4-CC767469BFAC

12. No bid transmitted by fax machine or e-mail will be accepted.

13. The County of Boone, Missouri expressly denies responsibility for or ownership of any item purchased until the same is delivered to the County and is accepted by the County.

14. The County reserves the right to award to one or multiple respondents. The County also reserves the right to not award any item or group of items if the services can be obtained from a state or other governmental entities contract under more favorable terms. The resulting contract will be considered "Non-Exclusive". The County reserves the right to purchase from other vendors.

15. The County, from time to time, uses federal grant funds for the procurement of goods and services. Accordingly, the provider of goods and/or services shall comply with federal laws, rules, and regulations applicable to the funds used by the County for said procurement, and contract clauses required by the federal government in such circumstances are incorporated herein by reference. These clauses can generally be found in the Federal Transit Administration's Best Practices Procurement Manual – Appendix A. Any questions regarding the applicability of federal clauses to a particular bid should be directed to the Purchasing Department prior to bid opening.

16. In the event of a discrepancy between a unit price and an extended line-item price, the unit price shall govern.

17. Should an audit of the Contractor's invoices during the term of the Agreement, and any renewals thereof, indicate that the County has remitted payment on invoices that constitute an over-charging to the County above the pricing terms agreed to herein, the Contractor shall issue a refund check to the County for any over-charges within 30-days of being notified of the same.

18. For all bid responses over $25,000, if any manufactured goods or commodities proposed with the bid/proposal response are manufactured or produced outside the United States, this MUST be noted on the Bid/Proposal Response Form or a Memo attached.

19. Pursuant to Section 34.600 RSMo, for contracts $100,000 and greater, the Contractor/Vendor certifies it is not currently engaged in and shall not, for the duration of the contract, engage in a boycott of goods or services from the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel.

20. For all titled vehicles and equipment, the dealer must use the actual delivery date to the County on all transfer documents including the Certificate of Origin (COO), Manufacturer's Statement of Origin (MSO), Bill of Sale (BOS), and Application for Title.

21. Equipment and serial and model numbers - The contractor is strongly encouraged to include equipment serial and model numbers for all amounts invoiced to the County. If equipment

Docusign Envelope ID: 9225AC8C-D87A-42CE-AEB4-CC767469BFAC

serial and model numbers are not provided on the face of the invoice, such information may be required by the County before issuing payment.

22. All equipment and supplies offered in a quote must be new, of current production, and available for marketing by the manufacturer unless the County clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered. **County acknowledges that the rental equipment hereunder will be delivered in good working condition and in compliance with manufacturer's specifications but may be used having been rented by Contractor/Vendor to previous customers. United Rentals will endeavor to provide the latest model of requested equipment in fleet available at the time of order.**

23. The resulting agreement may be extended beyond the expiration date by order of the County on a month-to-month basis if the County cannot re-bid and/or award a new contract before the expiration date.

24. The County as a public governmental body is subject to the Missouri Sunshine Law (Chapter 610 RSMo) and will comply with requests for documents in accordance with that law.

CONTRACT

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and United Rentals (North America), Inc., 100 First Stamford Place, Suite 700, Stamford, CT 06902 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Rental Equipment, Products, and Related Services from which Supplier was awarded a contract.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

A. EFFECTIVE DATE. This Contract is effective upon the date of the final signature below.

EXPIRATION DATE AND EXTENSION. This Contract expires June 11, 2028, unless it is cancelled sooner pursuant to Article 22. This Contract allows up to three additional one-year extensions upon the request of Sourcewell and written agreement by Supplier. Sourcewell retains the right to consider additional extensions beyond seven years as required under exceptional circumstances.

B. SURVIVAL OF TERMS. Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All other rights will cease upon expiration or termination of this Contract.

DocuSign Envelope ID: 9225A087-D87A-4C3B-AB94-C27C74698F2C

2. EQUIPMENT, PRODUCTS, OR SERVICES

A. EQUIPMENT, PRODUCTS, OR SERVICES. Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above. Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

A. WARRANTY. The following warranties apply:

For equipment rentals by a Participating Entity, Supplier warrants that upon delivery the equipment rented hereunder will be in good working condition. If the equipment is not in good working condition upon delivery, Supplier shall promptly repair or replace the equipment at its sole cost and expense. If the equipment requires repair or replacement during the rental period, Supplier will promptly repair or replace the equipment at its sole cost and expense; provided, however, if the repair or replacement is necessary due to Participating Entity's abuse, misuse, or neglect, then Participating Entity will be responsible for the cost of such repair or replacement. EXCEPT AS SET FORTH HEREIN SUPPLIER DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE RENTAL OF EQUIPMENT.

For equipment purchases by a Participating Entity, the only warranty provided with the equipment sold herein is the warranty provided by the original equipment manufacturer ("OEM"). Supplier will pass through all warranties, to the extent allowable, that the OEM provides. If a warranty claim is approved by the OEM and the OEM authorizes Supplier to repair or replace the equipment, Supplier will do so. ALL WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE, ARE EXPRESSLY EXCLUDED AND DISCLAIMED.

For services provided to a Participating Entity, Supplier warrants the services will be performed in a good and workmanlike manner. The duration of the warranty shall be 30 days after the service is completed. If during the 30-day warranty period the equipment requires additional service, because of defective original service or a defective replacement part(s), then Supplier will re-perform the defective service and/or replace the defective part at its sole cost and expense. If the equipment has been subject to abuse, misuse, or neglect, Supplier shall have no

DocuSign Envelope ID: 9225A387-D87A-4C3B-AB94-C27C74698F2C

obligation to re-perform the service or replace any part(s). The only warranty on replacement parts provided with Supplier's service herein is the warranty provided by the original equipment manufacturer ("OEM"). Supplier will pass through all warranties, to the extent allowable, that the OEM provides. If a warranty claim on such replacement part is approved by the OEM and the OEM authorizes Supplier to repair or replace the part, Supplier will do so. EXCEPT AS SET FORTH HEREIN SUPPLIER DISCLAIMS ALL OTHER WARRANTIES EXPRESS OR IMPLIED WITH RESPECT TO REPLACEMENT PARTS AND SERVICE OF EQUIPMENT.

B. DEALERS, DISTRIBUTORS, AND/OR RESELLERS. Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. SHIPPING AND SHIPPING COSTS. All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

DocuSign Envelope ID: 9225A387-D87A-4C3B-AB94-C27C74698F2C

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. SALES TAX. Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Change Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

DocuSign Envelope ID: 9225A087-D87A-4C3B-AB94-C27C74698F2C

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Supplier. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements),

DocuSign Envelope ID: 9225A087-D87A-4C3B-AB94-C27C74698F2C

or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. TERMINATION OF ORDERS. Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

E. GOVERNING LAW AND VENUE. The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

7. CUSTOMER SERVICE

A. PRIMARY ACCOUNT REPRESENTATIVE. Supplier will assign an Account Representative to Sourcewell for this Contract and must provide prompt notice to Sourcewell if that person is changed. The Account Representative will be responsible for:

- Maintenance and management of this Contract;
- Timely response to all Sourcewell and Participating Entity inquiries; and
- Business reviews to Sourcewell and Participating Entities, if applicable.

B. BUSINESS REVIEWS. Supplier must perform a minimum of one business review with Sourcewell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, sales data reports, performance issues, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

DocuSign Envelope ID: 925FA087-D87A-4C3B-AB94-C27C74698F2C

A. CONTRACT SALES ACTIVITY REPORT. Each calendar quarter, Supplier must provide a contract sales activity report (Report) to the Sourcewell Supplier Development Administrator assigned to this Contract. Reports are due no later than 45 days after the end of each calendar quarter. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

The Report must contain the following fields:

- Participating Entity Name (e.g., City of Staples Highway Department);
- Participating Entity Physical Street Address;
- Participating Entity City;
- Participating Entity State/Province;
- Participating Entity Zip/Postal Code;
- Participating Entity Contact Name;
- Participating Entity Contact Email Address;
- Participating Entity Contact Telephone Number;
- Sourcewell Assigned Entity/Participating Entity Number;
- Item Purchased Description;
- Item Purchased Price;
- Sourcewell Administrative Fee Applied; and
- Date Purchase was invoiced/sale was recognized as revenue by Supplier.

B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcewell, the Supplier will pay an administrative fee to Sourcewell on all Equipment, Products, and Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in

DocuSign Envelope ID: 9225A387-D87A-4C3B-AB94-C27C74698F2C

any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcewell's Authorized Representative is its Chief Procurement Officer.

Supplier's Authorized Representative is the person named in the Supplier's Proposal. If Supplier's Authorized Representative changes at any time during this Contract, Supplier must promptly notify Sourcewell in writing.

10. AUDIT, ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE

A. AUDIT. Pursuant to Minnesota Statutes Section 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Contract are subject to examination by Sourcewell or the Minnesota State Auditor for a minimum of six years from the end of this Contract. This clause extends to Participating Entities as it relates to business conducted by that Participating Entity under this Contract.

B. ASSIGNMENT. Neither party may assign or otherwise transfer its rights or obligations under this Contract without the prior written consent of the other party and a fully executed assignment agreement. Such consent will not be unreasonably withheld. Any prohibited assignment will be invalid.

C. AMENDMENTS. Any amendment to this Contract must be in writing and will not be effective until it has been duly executed by the parties.

D. WAIVER. Failure by either party to take action or assert any right under this Contract will not be deemed a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right. Any such waiver must be in writing and signed by the parties.

E. CONTRACT COMPLETE. This Contract represents the complete agreement between the parties. No other understanding regarding this Contract, whether written or oral, may be used to bind either party. For any conflict between the attached Proposal and the terms set out in Articles 1-22 of this Contract, the terms of Articles 1-22 will govern.

F. RELATIONSHIP OF THE PARTIES. The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. This Contract does not create a partnership, joint venture, or any other relationship such as master-servant, or principal-agent.

11. INDEMNITY AND HOLD HARMLESS

As applicable, Supplier agrees to indemnify, defend, save, and hold Sourcewell and its Participating Entities, including their agents and employees, harmless from any claims or causes of action, including attorneys' fees incurred by Sourcewell or its Participating Entities, caused by the negligent acts or omissions of the Supplier or its agents or employees. Sourcewell's responsibility will be governed by the State of Minnesota's Tort Liability Act (Minnesota Statutes Chapter 466) and other applicable law. Sourcewell's responsibility will be governed by the State of Minnesota's Tort Liability Act (Minnesota Statutes Chapter 466) and other applicable law.

12. GOVERNMENT DATA PRACTICES

Supplier and Sourcewell must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided by or provided to Sourcewell under this Contract and as it applies to all data created, collected, received, maintained, or disseminated by the Supplier under this Contract.

13. INTELLECTUAL PROPERTY, PUBLICITY, MARKETING, AND ENDORSEMENT

A. INTELLECTUAL PROPERTY

1. *Grant of License.* During the term of this Contract:
   a. Sourcewell grants to Supplier a royalty-free, worldwide, non-exclusive right and license to use the trademark(s) provided to Supplier by Sourcewell in advertising and promotional materials for the purpose of marketing Sourcewell's relationship with Supplier.
   b. Supplier grants to Sourcewell a royalty-free, worldwide, non-exclusive right and license to use Supplier's trademarks in advertising and promotional materials for the purpose of marketing Supplier's relationship with Sourcewell.
2. *Limited Right of Sublicense*. The right and license granted herein includes a limited right of each party to grant sublicenses to their respective subsidiaries, distributors, dealers, resellers, marketing representatives, and agents (collectively "Permitted Sublicensees") in advertising and promotional materials for the purpose of marketing the Parties' relationship to Participating Entities. Any sublicense granted will be subject to the terms and conditions of this Article. Each party will be responsible for any breach of this Article by any of their respective sublicensees.
3. *Use; Quality Control.*
   a. Neither party may alter the other party's trademarks from the form provided and must comply with removal requests as to specific uses of its trademarks or logos.
   b. Each party agrees to use, and to cause its Permitted Sublicensees to use, the other party's trademarks only in good faith and in a dignified manner consistent with such party's use of the trademarks. Upon written notice to the breaching party, the

DocuSign Envelope ID: 925A0387-D87A-4C3B-AB94-C27C74698F2C

breaching party has 30 days of the date of the written notice to cure the breach or the license will be terminated.

4. *Termination*. Upon the termination of this Contract for any reason, each party, including Permitted Sublicensees, will have 30 days to remove all Trademarks from signage, websites, and the like bearing the other party's name or logo (excepting Sourcewell's pre-printed catalog of suppliers which may be used until the next printing). Supplier must return all marketing and promotional materials, including signage, provided by Sourcewell, or dispose of it according to Sourcewell's written directions.

B. PUBLICITY. Any publicity regarding the subject matter of this Contract must not be released without prior written approval from the Authorized Representatives. Publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Supplier individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this Contract.

C. MARKETING. Any direct advertising, marketing, or offers with Participating Entities must be approved by Sourcewell. Send all approval requests to the Sourcewell Supplier Development Administrator assigned to this Contract.

D. ENDORSEMENT. The Supplier must not claim that Sourcewell endorses its Equipment, Products, or Services.

14. GOVERNING LAW, JURISDICTION, AND VENUE

The substantive and procedural laws of the State of Minnesota will govern this Contract. Venue for all legal proceedings arising out of this Contract, or its breach, must be in the appropriate state court in Todd County, Minnesota or federal court in Fergus Falls, Minnesota.

15. FORCE MAJEURE

Neither party to this Contract will be held responsible for delay or default caused by acts of God or other conditions that are beyond that party's reasonable control. A party defaulting under this provision must provide the other party prompt written notice of the default.

16. SEVERABILITY

If any provision of this Contract is found by a court of competent jurisdiction to be illegal, unenforceable, or void then both parties will be relieved from all obligations arising from that provision. If the remainder of this Contract is capable of being performed, it will not be affected by such determination or finding and must be fully performed.

DocuSign Envelope ID: 925A0367-D87A-4C3B-AB94-C27C74698F2C

17. PERFORMANCE, DEFAULT, AND REMEDIES

A. PERFORMANCE. During the term of this Contract, the parties will monitor performance and address unresolved contract issues as follows:

1. *Notification.* The parties must promptly notify each other of any known dispute and work in good faith to resolve such dispute within a reasonable period of time. If necessary, Sourcewell and the Supplier will jointly develop a short briefing document that describes the issue(s), relevant impact, and positions of both parties.
2. *Escalation.* If parties are unable to resolve the issue in a timely manner, as specified above, either Sourcewell or Supplier may escalate the resolution of the issue to a higher level of management. The Supplier will have 30 calendar days to cure an outstanding issue.
3. *Performance while Dispute is Pending*. Notwithstanding the existence of a dispute, the Supplier must continue without delay to carry out all of its responsibilities under the Contract that are not affected by the dispute. If the Supplier fails to continue without delay to perform its responsibilities under the Contract, in the accomplishment of all undisputed work, the Supplier will bear any additional costs incurred by Sourcewell and/or its Participating Entities as a result of such failure to proceed.

B. DEFAULT AND REMEDIES. Either of the following constitutes cause to declare this Contract, or any Participating Entity order under this Contract, in default:

1. Nonperformance of contractual requirements, or
2. A material breach of any term or condition of this Contract.

The party claiming default must provide written notice of the default, with 30 calendar days to cure the default. Time allowed for cure will not diminish or eliminate any liability for liquidated or other damages. If the default remains after the opportunity for cure, the non-defaulting party may:

- Exercise any remedy provided by law or equity, or
- Terminate the Contract or any portion thereof, including any orders issued against the Contract.

18. INSURANCE

A. REQUIREMENTS. At its own expense, Supplier must maintain insurance policy(ies) in effect at all times during the performance of this Contract with insurance company(ies) licensed or authorized to do business in the State of Minnesota having an “AM BEST” rating of A- or better, with coverage and limits of insurance not less than the following:

1. *Workers’ Compensation and Employer’s Liability.*
Workers’ Compensation: As required by any applicable law or regulation.

DocuSign Envelope ID: 9225A087-D87A-4C9B-AB94-C27C74698F2C

Employer's Liability Insurance: must be provided in amounts not less than listed below:

Minimum limits:
$500,000 each accident for bodily injury by accident
$500,000 policy limit for bodily injury by disease
$500,000 each employee for bodily injury by disease

2. *Commercial General Liability Insurance.* Supplier will maintain insurance covering its operations, with coverage on an occurrence basis, and must be subject to terms no less broad than the Insurance Services Office ("ISO") Commercial General Liability Form CG0001 (2001 or newer edition), or equivalent. At a minimum, coverage must include liability arising from premises, operations, bodily injury and property damage, independent contractors, products-completed operations including construction defect, contractual liability, blanket contractual liability, and personal injury and advertising injury. All required limits, terms and conditions of coverage must be maintained during the term of this Contract.

Minimum Limits:
$1,000,000 each occurrence Bodily Injury and Property Damage
$1,000,000 Personal and Advertising Injury
$2,000,000 aggregate for products liability-completed operations
$2,000,000 general aggregate

3. *Commercial Automobile Liability Insurance.* During the term of this Contract, Supplier will maintain insurance covering all owned, hired, and non-owned automobiles in limits of liability not less than indicated below. The coverage must be subject to terms no less broad than ISO Business Auto Coverage Form CA 0001 (2010 edition or newer), or equivalent.

Minimum Limits:
$1,000,000 each accident, combined single limit

4. *Umbrella Insurance*. During the term of this Contract, Supplier will maintain umbrella coverage over Employer's Liability, Commercial General Liability, and Commercial Automobile.

Minimum Limits:
$2,000,000

5. *Network Security and Privacy Liability Insurance*. During the term of this Contract, Supplier will maintain coverage for network security and privacy liability. The coverage may be endorsed on another form of liability coverage or written on a standalone policy. The insurance must cover claims which may arise from failure of Supplier's security resulting in, but not limited to, computer attacks, unauthorized access, disclosure of not public data – including but not limited to, confidential or private information, transmission of a computer virus, or denial of service.

Minimum limits:

DocuSign Envelope ID: 925A0387-D87A-4C3B-AB94-C27C74698F2C

$2,000,000 per occurrence
$2,000,000 annual aggregate

Failure of Supplier to maintain the required insurance will constitute a material breach entitling Sourcewell to immediately terminate this Contract for default.

B. CERTIFICATES OF INSURANCE. Prior to commencing under this Contract, Supplier must furnish to Sourcewell a certificate of insurance, as evidence of the insurance required under this Contract. Prior to expiration of the policy(ies), renewal certificates must be mailed to Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 or sent to the Sourcewell Supplier Development Administrator assigned to this Contract. The certificates must be signed by a person authorized by the insurer(s) to bind coverage on their behalf.

Failure to request certificates of insurance by Sourcewell, or failure of Supplier to provide certificates of insurance, in no way limits or relieves Supplier of its duties and responsibilities in this Contract.

C. ADDITIONAL INSURED ENDORSEMENT AND PRIMARY AND NON-CONTRIBUTORY INSURANCE CLAUSE. Supplier agrees to list Sourcewell and its Participating Entities, including their officers, agents, and employees, as an additional insured under the Supplier's commercial general liability insurance policy with respect to liability arising out of activities, "operations," or "work" performed by or on behalf of Supplier, and products and completed operations of Supplier. The policy provision(s) or endorsement(s) must further provide that coverage is primary and not excess over or contributory with any other valid, applicable, and collectible insurance or self-insurance in force for the additional insureds.

D. WAIVER OF SUBROGATION. Supplier waives and must require (by endorsement or otherwise) all its insurers to waive subrogation rights against Sourcewell and other additional insureds for losses paid under the insurance policies required by this Contract or other insurance applicable to the Supplier or its subcontractors. The waiver must apply to all deductibles and/or self-insured retentions applicable to the required or any other insurance maintained by the Supplier or its subcontractors. Where permitted by law, Supplier must require similar written express waivers of subrogation and insurance clauses from each of its subcontractors.

E. UMBRELLA/EXCESS LIABILITY/SELF-INSURED RETENTION. The limits required by this Contract can be met by either providing a primary policy or in combination with umbrella/excess liability policy(ies), or self-insured retention.

DocuSign Envelope ID: 9225A087-D87A-4C3B-AB94-C27C74698F2C

19. COMPLIANCE

A. LAWS AND REGULATIONS. All Equipment, Products, or Services provided under this Contract must comply fully with applicable federal laws and regulations, and with the laws in the states and provinces in which the Equipment, Products, or Services are sold.

B. LICENSES. Supplier must maintain a valid and current status on all required federal, state/provincial, and local licenses, bonds, and permits required for the operation of the business that the Supplier conducts with Sourcewell and Participating Entities.

20. BANKRUPTCY, DEBARMENT, OR SUSPENSION CERTIFICATION

Supplier certifies and warrants that it is not in bankruptcy or that it has previously disclosed in writing certain information to Sourcewell related to bankruptcy actions. If at any time during this Contract Supplier declares bankruptcy, Supplier must immediately notify Sourcewell in writing.

Supplier certifies and warrants that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Supplier certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this Contract. Supplier further warrants that it will provide immediate written notice to Sourcewell if this certification changes at any time.

21. PROVISIONS FOR NON-UNITED STATES FEDERAL ENTITY PROCUREMENTS UNDER UNITED STATES FEDERAL AWARDS OR OTHER AWARDS

Participating Entities that use United States federal grant or FEMA funds to purchase goods or services from this Contract may be subject to additional requirements including the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 C.F.R. § 200. Participating Entities may have additional requirements based on specific funding source terms or conditions. Within this Article, all references to “federal” should be interpreted to mean the United States federal government. The following list only applies when a Participating Entity accesses Supplier’s Equipment, Products, or Services with United States federal funds.

A. EQUAL EMPLOYMENT OPPORTUNITY. Except as otherwise provided under 41 C.F.R. § 60, all contracts that meet the definition of “federally assisted construction contract” in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. §60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 C.F.R. §, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing

DocuSign Envelope ID: 9225A387-D87A-4C3B-AB94-C27C74698F2C

regulations at 41 C.F.R. § 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor." The equal opportunity clause is incorporated herein by reference.

B. DAVIS-BACON ACT, AS AMENDED (40 U.S.C. § 3141-3148). When required by federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. § 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. § 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. § 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency. Supplier must be in compliance with all applicable Davis-Bacon Act provisions.

C. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C. § 3701-3708). Where applicable, all contracts awarded by the non-federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 C.F.R. § 5). Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. This provision is hereby incorporated by reference into this Contract. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

D. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT. If the federal award meets the definition of "funding agreement" under 37 C.F.R. § 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 C.F.R. § 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

E. CLEAN AIR ACT (42 U.S.C. § 7401-7671Q.) AND THE FEDERAL WATER POLLUTION CONTROL ACT (33 U.S.C. § 1251-1387). Contracts and subgrants of amounts in excess of $150,000 require the non-federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. § 7401- 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). Supplier certifies that during the term of this Contract will comply with applicable requirements as referenced above.

F. DEBARMENT AND SUSPENSION (EXECUTIVE ORDERS 12549 AND 12689). A contract award (see 2 C.F.R. § 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. §180 that implement Executive Orders 12549 (3 C.F.R. § 1986 Comp., p. 189) and 12689 (3 C.F.R. § 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. Supplier certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency.

G. BYRD ANTI-LOBBYING AMENDMENT, AS AMENDED (31 U.S.C. § 1352). Suppliers must file any required certifications. Suppliers must not have used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Suppliers must disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award. Suppliers must file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).

H. RECORD RETENTION REQUIREMENTS. To the extent applicable, Supplier must comply with the record retention requirements detailed in 2 C.F.R. § 200.333. The Supplier further certifies that it will retain all records as required by 2 C.F.R. § 200.333 for a period of 3 years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

I. ENERGY POLICY AND CONSERVATION ACT COMPLIANCE. To the extent applicable, Supplier must comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

J. BUY AMERICAN PROVISIONS COMPLIANCE. To the extent applicable, Supplier must comply with all applicable provisions of the Buy American Act. Purchases made in accordance with the Buy American Act must follow the applicable procurement rules calling for free and open competition.

K. ACCESS TO RECORDS (2 C.F.R. § 200.336). Supplier agrees that duly authorized representatives of a federal agency must have access to any books, documents, papers and records of Supplier that are directly pertinent to Supplier's discharge of its obligations under this Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to Supplier's personnel for the purpose of interview and discussion relating to such documents.

L. PROCUREMENT OF RECOVERED MATERIALS (2 C.F.R. § 200.322). A non-federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. § 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

M. FEDERAL SEAL(S), LOGOS, AND FLAGS. The Supplier cannot use the seal(s), logos, crests, or reproductions of flags or likenesses of Federal agency officials without specific pre-approval.

N. NO OBLIGATION BY FEDERAL GOVERNMENT. The U.S. federal government is not a party to this Contract or any purchase by a Participating Entity and is not subject to any obligations or liabilities to the Participating Entity, Supplier, or any other party pertaining to any matter resulting from the Contract or any purchase by an authorized user.

O. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS. The Contractor acknowledges that 31 U.S.C. 38 (Administrative Remedies for False Claims and Statements) applies to the Supplier's actions pertaining to this Contract or any purchase by a Participating Entity.

P. FEDERAL DEBT. The Supplier certifies that it is non-delinquent in its repayment of any federal debt. Examples of relevant debt include delinquent payroll and other taxes, audit disallowance, and benefit overpayments.

Q. CONFLICTS OF INTEREST. The Supplier must notify the U.S. Office of General Services, Sourcewell, and Participating Entity as soon as possible if this Contract or any aspect related to the anticipated work under this Contract raises an actual or potential conflict of interest (as described in 2 C.F.R. Part 200). The Supplier must explain the actual or potential conflict in writing in sufficient detail so that the U.S. Office of General Services, Sourcewell, and Participating Entity are able to assess the actual or potential conflict; and provide any additional information as necessary or requested.

R. U.S. EXECUTIVE ORDER 13224. The Supplier, and its subcontractors, must comply with U.S. Executive Order 13224 and U.S. Laws that prohibit transactions with and provision of resources and support to individuals and organizations associated with terrorism.

S. PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT. To the extent applicable, Supplier certifies that during the term of this Contract it will comply with applicable requirements of 2 C.F.R. § 200.216.

T. DOMESTIC PREFERENCES FOR PROCUREMENTS. To the extent applicable, Supplier certifies that during the term of this Contract will comply with applicable requirements of 2 C.F.R. § 200.322.

22. CANCELLATION

Sourcewell or Supplier may cancel this Contract at any time, with or without cause, upon 60 days' written notice to the other party. However, Sourcewell may cancel this Contract immediately upon discovery of a material defect in any certification made in Supplier's Proposal. Cancellation of this Contract does not relieve either party of financial, product, or service obligations incurred or accrued prior to cancellation.

10	Provide a brief history of your company, including your company’s core values, business philosophy, and industry longevity related to the requested equipment, products or services.	About United Rentals United Rentals was founded in 1997 and quickly became the world’s largest equipment rental provider. Today, our company continues to build on its industry leadership with a best-in-class range of resources and the largest customer service network of its kind in North America. United Rentals deploys $19.99 billion of fleet (original equipment cost) through approximately 1,524 branches, a centralized reservation service and automated online ordering. Our branches are fully integrated through technology, allowing them to collaborate on solving customer needs. Our Mission Our mission is to deploy the best people, equipment and solutions to enable our customers to safely build a better and stronger future. We constantly seek ways to enhance our service offering, improve the lives of our team members, give back to our communities and reduce our environmental impact through innovation and investment. Our eight core values define our relationship with society and the environment. Our Values

Safety First
Act, and require others to act, in a manner that puts the safety of our employees, customers and communities first.
A Passion For People
Build a diverse workplace that challenges all employees to grow professionally and embrace teamwork.
Visible Leadership
Lead by example in every business decision and action, with a sense of humility and responsibility.
Customer-Driven
Support the best interests of our customers and develop better ways for them to succeed at their jobs.
Absolute Integrity
Always do the right thing, honor commitments and ensure appropriate corporate governance.
Community-Minded
Be an outstanding corporate citizen and a good neighbor in every sense by being helpful, respectful, law-abiding and friendly.
Continuous Innovation
Contribute to a culture of innovative thinking that empowers employees to improve quality, efficiency and customer service.
Sustainability
Engage in practices that lead to positive change by encouraging social accountability and environmental responsibility.
Business Philosophy
With approximately 25,000 employees and more than 1,500 rental locations globally, we are the largest equipment rental company in the world. Our size and scale enable us to provide our customers with cutting-edge solutions and equipment, and our commitment to sustainability helps them operate jobsites safely, effectively and efficiently.
We occupy a unique position in the marketplace, between end-users and original equipment manufacturers (OEMs), and serve customers ranging from Fortune 500 companies to small businesses. Guided by our Work United® ethos, we partner with customers, communities and employees to find solutions with a shared commitment to service and safety. Our business model supports the circular economy by providing customers with rental access to one of the largest equipment and tool selections in the world. This enables customers to test new equipment or accomplish a specific task without having to purchase new, reducing the need to manufacture an estimated 400,000 pieces of equipment over United Rentals' 25 year history.
United Rentals serves its customers as a single-source solution, provided through two business segments: General Rentals and Specialty Rentals: General Rentals offers construction, industrial and homeowner equipment for rent, and related services. Specialty Rentals includes the rental of equipment and tools for underground construction, temporary power, power distribution, highway safety, climate control, fluid solutions, disaster recovery, tool management, modular offices, mobile storage and related services.
To serve specific sectors of its customer base, United Rentals has a comprehensive National Accounts program, industrial specialists and government sales specialists. Additional customer services are provided by the company's centralized, toll-free call centers, emergency response teams, and individuals dedicated to larger accounts, such as managed services consultants and single points of contact.
UR Worksite®
The United Rentals safety culture takes a no-compromise approach to loss prevention and safe behavior. Examples of safety initiatives include the company's Injury and Illness Prevention Program, branch safety meetings, driver safety programs and the United Academy® training and certification management portal for customers and employees.
Total Control® is United Rentals' proprietary, web-based rental management software, designed to help large customers reduce equipment consumption, control costs and drive efficiencies.
UR Control® is an online rental management platform that provides unlimited access to account details, giving customers the tools to track and control equipment costs and view all rented equipment, even across multiple accounts. With UR Control, users can request equipment pickups, submit electronic (ACH) payments, and access more than a dozen customer-specific reports that support bidding, budgeting and decision-making.
Tool Management is a service for capital projects, maintenance shutdowns and turnarounds, whereby an on-site mobile tool room is established to facilitate workflow and enhance accountability.
On-Site Shop Services are offered for major capital projects through a centralized, on-site maintenance and repair facility.
Sustainability is a major, ongoing focus of United Rentals as part of our commitment to corporate responsibility. Our company has implemented Sustainable Growth initiatives in the areas of facilities, fleet and logistics. We believe that these initiatives will result in the reduction of our total cost of operation and will safeguard

		the environment, while helping our customers reduce their own carbon footprints. Industry Longevity Strategy For the past several years, as we continued to manage the impact of global economic conditions and COVID-19, we executed a strategy focused on improving the profitability of our core equipment rental business through revenue growth, margin expansion and operational efficiencies. In particular, we have focused on customer segmentation, customer service differentiation, rate management, fleet management and operational efficiency. Our general strategy focuses on profitability and return on invested capital, and, in particular, calls for: • A consistently superior standard of service to customers, often provided through a single lead contact who can coordinate the cross-selling of the various services we offer throughout our network. We utilize a proprietary software application, Total Control®, which provides our key customers with a single in-house software application that enables them to monitor and manage all their equipment needs. Total Control® is a unique customer offering that enables us to develop strong, long-term relationships with our larger customers. Our digital capabilities, including our Total Control® platform, allow our sales teams to provide contactless end-to-end customer service; • The further optimization of our customer mix and fleet mix, with a dual objective: to enhance our performance in serving our current customer base, and to focus on the accounts and customer types that are best suited to our strategy for profitable growth. We believe these efforts will lead to even better service of our target accounts, primarily large construction and industrial customers, as well as select local contractors. Our fleet team's analyses are aligned with these objectives to identify trends in equipment categories and define action plans that can generate improved returns; • A continued focus on “Lean” management techniques, including kaizen processes focused on continuous improvement. We have a dedicated team responsible for reducing waste in our operational processes, with the objectives of: condensing the cycle time associated with preparing equipment for rent; optimizing our resources for delivery and pickup of equipment; improving the effectiveness and efficiency of our repair and maintenance operations; and implementing customer service best practices; • The continued expansion and cross-selling of adjacent specialty and services products, which enables us to provide a "one-stop" shop for our customers. We believe that the expansion of our specialty business, as exhibited by our acquisition of General Finance Corporation (“General Finance”) in May 2021, as well as our tools and onsite services offerings, will further position United Rentals as a single source provider of total jobsite solutions through our extensive product and service resources and technology offerings; and • The pursuit of strategic acquisitions to continue to expand our core equipment rental business, as exhibited by our recently completed acquisition of assets of Ahern Rentals, which is discussed in note 4 to the consolidated financial statements. Strategic acquisitions allow us to invest our capital to expand our business, further driving our ability to accomplish our strategic goals.	
11	What are your company’s expectations in the event of an award?	In the event of an award, United Rentals will begin instituting the included marketing plan. We have experienced success with this contract in the past by developing numerous relationships with participating entities, 12 state-level participating addendums, and helping to get hundreds of new members to join the Sourcewell cooperative. Upon award, we expect to continue these results and grow our current success with the help of the Sourcewell team. United Rentals’ expectations of Sourcewell marketing efforts to include trade shows, customer interactions, and collateral related to our contract. We would also like to work with the Sourcewell team to educate each other of our offerings and contract in order to improve customer interactions either organization will have.	*
12	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	We have uploaded our 2023 Annual Report in the supporting documents section.	*
13	What is your US market share for the solutions that you are proposing?	As a publicly traded company, we can only provide the information currently made public. United Rentals is the North American equipment leader. Our North American market share 15% based on 2023 rental revenues and ARA industry estimates. The next closest competitor’s market share is 11%.	*
14	What is your Canadian market share for the solutions that you are proposing?	As a publicly traded company, we can only provide the information currently made public. United Rentals is the North American equipment leader. Our North American market share 15% based on 2023 rental revenues and ARA industry estimates. The next closest competitor’s market share is 11%.	*

15	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	No	*
16	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	United Rentals' is a service provider of rental equipment and related services. Within our nine different business units, we have a large amount of vendors we purchase through. We are aligned with the largest vendors in the industry like JLG, Genie, John Deere, Atlas Copco, etc. To serve this base, we employ customer service professionals who have firsthand knowledge of equipment capabilities and site challenges. All sales employees are direct employees of United Rentals and not through a third party. Their expertise, together with our company's commitment to safety, are compelling competitive advantages. United Rentals owns the equipment in our rental fleet and has the internal logistics to be able to mobilize the fleet to service larger needs as they come up. We have a two pronged approach to servicing the customer both through our boots on the ground sales force of 6400 professionals and through our customer service teams. Our customer service team in Charlotte, NC is available 24/7/365. We also have a specialized Government Sales Support Team that are dedicated government account experts. In addition to our rental equipment, we also have in house training and servicing divisions that can work directly with the customer to meet all training and certification needs and service customer owned equipment.	*
17	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.	None	*
18	Provide all "Suspension or Debarment" information that has applied to your organization during the past ten years.	None	*

Describe your company's capability to meet the needs of Sourcewell participating entities across the US and Canada, as applicable. Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

Line Item	Question	Response *	
26	Sales force.	With the largest sales force in the industry, United Rentals is well poised to support the Sourcewell participating entities across the US and Canada. We approach servicing a large national account like Sourcewell through a multi-layered team approach. Brad Laws is the Government Accounts Senior Manager and is responsible for the success of the Sourcewell program at United Rentals. He is the quarterback of the US state and local government team and works in tandem with Mark Dunlop as the lead for the Canadian entities. Under Brad are six regional Government Accounts Managers that will work with the field sales team of 6,400 industry experts. Additionally, there are a team of state level Strategic Account Managers as your Single Point of Contact, Daniel Cunningham. This robust sales team is supported by branch operations and field personnel across an extensive network of approximately 1,465 North American branch locations to effectively implement, manage and service an industrial client of Sourcewell's scope. Implementing and rolling out a national contract with Sourcewell requires a concerted effort from many levels of United Rentals' organization beyond the government accounts group. Strategic Account Managers (SAM), Outside & Inside Sales Representatives (OSR & ISR), Branch & Service Managers, Delivery Drivers and Field Service Technicians will continue to maintain current relationships while implementing a new contract in areas where we are already doing business. These levels will be heavily engaged in areas where we do not currently have relationships with Sourcewell's members for contract implementation and service. Current partnerships will be built upon and modeled after.	*
27	Dealer network or other distribution methods.	Sourcewell benefits from United Rentals owning all of our fleet. The following operating efficiencies help distribute our equipment to your members quickly: Equipment Sharing Among Branches. Each branch within a region can access equipment located elsewhere in the region. This fleet sharing increases equipment utilization because equipment that is idle at one branch can be marketed and rented through other branches. Additionally, fleet sharing allows us to be more disciplined with our capital spend. Our fleet sharing policy increases equipment availability and the likelihood United Rentals will have the right equipment at the right time for your project. Should the nearest branch not have the equipment needed, United Rentals has a vast network of branches nearby allowing for flexibility in transferring of fleet to meet the needs of Sourcewell. Customer Care Center: We have a Customer Care Center ("CCC") located in Charlotte, North Carolina that handles all telephone calls 24/7/365 to our customer service telephone line, 1-800-UR-RENTS. The CCC handles many of the 1-800-UR-RENTS telephone calls without having to route them to individual branches, and allows us to provide a more uniform quality experience to customers, manage fleet sharing more effectively and free up branch employee time.	*

28	Service force.	Our branches across the US and Canada are wholly owned by United Rentals and never franchised. They are staffed with a knowledgeable team of Branch Managers, Sales Reps, Dispatchers, Service Technicians, and Drivers to fulfill Sourcewell's equipment and service needs. Our in-house government experts provide the knowledge and support to help our field service teams execute on any government customer requests. Backing them up is the company's extensive customer service team that is available for customer request 24/7/365. Government Experts: We have a team of government experts to support and grow our government business. Our Director of Government accounts leads the group of Regional Government Account Managers, state level Government Strategic Account Managers, National Government Sales Support Specialists, and National Government Contract Analysts. Government Sales & Support Center. Government business is unique with separate guidelines and compliance requirements. We understand that at United Rentals. For this reason, we provide our government customers a dedicated support team and 800 line. This team provides the Sourcewell participating members with a direct team that understands the Sourcewell contract and membership enrollment process. Branch Managers: United Rentals' has numerous branch managers to oversee operations at each of our local branches, such as bookings, dispatches and requests for on-site assistance. They can collaborate with other branches in our network, and with our centralized customer service facilities, to ensure fleet availability for Sourcewell. They are also able to train our local personnel so that we service your account in a way that supports Sourcewell's existing and future operations. Maintenance/Service Technicians: United Rentals' has approximately 10,200 technicians company-wide that are factory-trained and participate in periodic preventive maintenance refresher courses and manufacturer training. They inspect and service each piece of rental equipment to ensure its safety and operating condition before returning it to the rental-ready fleet. Dispatchers: Our dispatch team coordinates all deliveries and pick-ups for the branch, prioritizing scheduled time of need and rental-ready fleet. They utilize our FAST Dispatch technology to schedule our fleet of drivers. This system allows operations personnel to assign deliveries and route trucks most efficiently, as well as track on-time performance. Delivery Vehicles are equipped with GPS technology tied to the FAST dispatch system; drivers are required to input when deliveries are made (in order to track on-time delivery) and acknowledge changes in routing from ops personnel. Drivers: United Rentals' has approximately 4,300 drivers company-wide that are regulated by US DOT and all safety training requirements. They inspect every truckload for safety requirements before leaving the branch or customer site. Through our FAST technology, they are able to communicate delivery time updates in real-time for our customers and dispatch team.	*
29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	Our Government Sales and Service Center (GSSC) will process all orders. Providing a centralized location for all orders, allows consistency and a stronger account knowledge to support the decentralized system of orders submitted by the many end users. Additionally, the end users will have full account visibility through our UR Control System. Customers are able to use the GSSC team to submit orders through phone or email. Our system can be set up to require POs as well through customer request. All participating entities' accounts will be set up with Sourcewell pricing so each rental will be at the not to exceed rates regardless if the customer or internal order taker remembers to mention the contract. Customers can also go through their local sales representative or branch to place orders. The more time people and departments spend using Total Control®, the more ways they find that it helps their company be better at managing rentals. Before, during, and after the rental process, Total Control gives users access to the types of information used to make the best business decisions. Renting only what you need, when you need it helps you reduce rental costs by optimizing the amount, length, and utilization of equipment on rent. Full visibility of rental activities across your organization View overdue and upcoming return dates Extend rentals or request pick-up Add and update PO numbers GPS data Comprehensive account management Real-time invoice and payment history Download summary and detail billing data Invoice availability & support Customized flexible reporting Report live or historical rental information on nearly any subject (equipment on rent, rental history, hundreds of more report styles) We have a team of contract compliance specialists that monitor the accounts linked to the Sourcewell contract to provide the Sourcewell members the current negotiated rates and terms. This team is managed by Sonia Gregory. They work within our reporting system to provide quarterly reports to Sourcewell and will work to process all administrative fees owed.	*

30	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	Customers are given information to reach any of our sales reps, Government Team, or customer service center to place an order or answer any questions. United Rentals tracks our service levels through our Quarterly Scorecard reported to Sourcewell. United Rentals is offering Sourcewell, a quarterly SLA (Service Level Agreement) for the Sourcewell facilities, which will be reported quarterly, and reviewed on a regular basis with Sourcewell management. This SLA reporting will help with improving service levels, availability, and reliability of equipment. This will help with the on-going continuous improvement program. On-Time Delivery Goal • On-time deliveries to the designated location at the promised delivery time. Fulfillment Goals • 100% of orders fulfilled in accordance with issued purchase order requirements. This is fleet that is 100% of orders that are fulfilled by United Rentals. Quality Expectation at Delivery Goals • 100% of orders delivered without defects at time of delivery. Quality Expectations during Rental Period Goals • 90% of orders/rental periods without a defect. Repair Replacement Response time Goals • 100% of service responses within a 2 hour window for repair/replacement solutions when equipment fails. Repairs: On-time service Goals • 100% of equipment repairs/replacements within 4 hours of promised time. Repair failures: 2 day window Goals • Target 0% of repair occurrences requiring additional service. Billing Accuracy Goals • 100% of invoiced billed correctly without requiring a credit because the billing was not charged correctly. Diversity & Sustainability Reviews Goals • Quarterly reporting of diversity spend % for all locations • Sustainability efforts by key categories Quality Supplier Performance Reviews Goals • Schedule and complete quarterly scorecards and review throughout the term of the agreement for performance measuring, tracking & reporting. Identify required action items to correct issues and project portfolio for ongoing continuous improvement opportunities. Escalation Goals • Number of occurrences by segment & location where issues are not resolved at the local branch level and are escalated to the National Account Manager/VP Sales.	*
31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	Sourcewell's participating entities will have access to a network of approximately 1,465 rental locations in North America. United Rentals maintains a robust fleet and has the proven experience to mobilize this fleet to service the needs of our customer. We have held the Sourcewell contract for the last 10 years and have a proven track record of servicing Sourcewell and its participating entities through our vast sales and service network led by our dedicated government team. Our GSSC team provides a single point of contact to all Sourcewell participating entities offering support and guidance to our products and services available through our contract. Additionally, this team also furnishes eligible entities with the hyperlink and instructions on how to become a member of Sourcewell in order to capitalize on these programs offered to them. Over the past 2 years, we have added another layer to the resources of our government customers. Our Business Development Representatives located in Charlotte, NC reach out to our government customers to educate them on the offering they have through their Sourcewell membership to support their equipment needs.	*
32	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	Sourcewell's participating entities will have access to a network of approximately 148 rental locations in Canada. Our current contract includes a Canadian pricing structure, and we look forward to working with Sourcewell to grow the customer base and recognition throughout Canada. On our Government Team we have several members led by Mark Dunlop that are dedicated to servicing the Canadian government and municipal accounts.	*
33	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	The only two geographic areas we are unable to service are Hawaii and the Northwest Territories in Canada. United Rentals' is exploring the opportunity to expand into Hawaii.	*
34	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	We are able to continue to service all participating entities as we have for nearly 15 years.	*

35	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	With over 1,465 branches throughout North America, United Rentals currently services all of the US except Hawaii with limited access in certain markets. We are exploring the opportunity to expand into Hawaii.	*

Table 7: Marketing Plan

Line Item	Question	Response *	
36	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	Over the past 10 years, we have helped grow our Sourcewell contract over 450%. Our dedication to promoting this contract opportunity has resulted in $87.6 million in revenues for 2023; up from $15.8 million in 2014. Our team of government experts are strategically positioned across the US and Canada to market and grow this contract opportunity with the participating Sourcewell entities and our branches. We routinely introduce eligible entities to the Sourcewell program as well. United Rentals takes a three pronged approach to our marketing and sales plans: internal training, external sales and education, and customer faced marketing. You will find a comprehensive marketing plan and marketing material samples attached in the documents section. United Rentals is now also part of the NIGP Business Council. We are proudly working with government procurement experts and board members to continue the great work of the NIGP Business Council. We are actively partnering with this board to further the procurement activities within the equipment rental space as the solely industry representative on this business council. For more information, on the Business Council please utilize the following link https://www.nigp.org/suppliers/business-council.	*
37	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	We engage with customers through an omni-channel digital marketing strategy, allowing customers to interact with us through a variety of different platforms including our website, local Google listings, our mobile application and our social media tools. We use data to help personalize journeys for our customers, ensuring we are compliant along the way. This in conjunction with our proprietary digital management tools that provides a comprehensive digital experience for our customers.	*
38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	We believe promoting the contract is a collaborative process that both Sourcewell and United Rentals are responsible for. We will continue to work together as we have over the past 10 years to promote our contract. This process has helped it grow over 450% since 2014. We plan to work with Sourcewell to make sure both organizations can articulate and promote the value proposition of the other. We collectively succeed most when we identify and promote each other's services to the participating entities. Sourcewell has a great reputation of promoting their contracts through their websites, tradeshows, marketing collateral, newsletters, and more. United Rentals has a proven track record of selling a Sourcewell contract that includes our sales process that is laid out in the provided marketing plan.	*
39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	We understand that government entities have their internal purchasing systems for processing purchase orders, placing orders, and approving payment for the services. To simplify the ordering process for our government accounts we work collaboratively with them to create punch-out catalogs specific to each Participating Entities' equipment needs within their internal purchasing systems. This provides them with the flexibility of working within one system. We also recognize that not all participating entities utilize an internal punch-out and purchasing system for ordering. For these customers that prefer the ease of e-procurement via our systems, we offer our proprietary system Total Control. Total Control is more than just an e-procurement ordering process though. This is why our government customers also utilize it in combination with their internal purchasing systems to better manage their equipment - rented and owned. This is a cloud-based worksite management solution that helps customers make the most of their equipment fleet. This comprehensive, integrated suite of tools and services makes it easy to streamline their processes and cut their annual rental costs by up to a third. In addition to placing their equipment order, they can off-rent the equipment, access the location and use of rented equipment, set role-based alerts, PO tracking, auto-invoicing and more. Utilization tracking and telematics can also help them reduce the time machines sit idle, saving them money. Lastly, all orders can also be placed through our Government Sales and Service Center or locally through any of our branches. The GSSC team is available to take in orders through a single source email, phone, fax, or online. The service center will have all of the contract details for each of the various co-op partners' accounts.	*

40	Describe any training programs related to this proposal such as OSHA training, safety training, specialty training like earth moving, hand tool safety, electrical safety, or other related certifications. Define if the training is offered in-person or virtually. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	The technology and pace that business operates at is accelerating quickly. Yet, the way safety training is performed and tracked is quite stagnate. United Rentals invested in building the United Academy platform to replace primitive safety training and record keeping methods and to make sure that safety programs could match the pace of the projects they support. Often times, when you discover that a worker or a crew is untrained, the time involved in taking action strains a project timeline. United Academy leverages technology to avoid training related lost time, and respond quickly when you must. Quality training when you need it. Training is led by a team of certified trainers with years of experience in educating and protecting commercial, industrial and municipal workers and sites. Equipment familiarization and proper training are two very different concepts. Equipment familiarization is provided at no cost upon delivery of each piece of equipment. Proper certified training is per person cost through United Academy. We are providing all Participating Entities discounted United Academy Training. We can also help you determine when each is needed. Learner comprehension and learning preferences have evolved. United Academy gives you options: classroom instruction and blended learning. Schedule classroom training and certification or access blended e-learning 24/7. Ease of tracking training and certifications. Easy, real-time tracking and verification of training and certifications anytime, anywhere. Skilled Trainers Safety training is not new to United Rentals. Over the years we have built one of the largest and most professional training teams in the industry with over dedicated, full time safety trainers supporting United Academy across the USA and Canada. In addition, we have hundreds of certified trainers and evaluators located in many of our 1,465 branches. Our full-time trainers have years of experience educating workers on safety and many have been working in our industry for years in various capacities. Professional Courses In-Person & Online Top-notch training from an industry leader Courses developed by a team of subject matter experts Meets or exceeds OSHA, ANSI and OH&S training requirements Meets legal regulations for training, theory, practical, and hands on evaluation Instructor-led training by Certified Professional Trainers or interactive cinematic online component Over 300 courses to choose from Training valid in all 50 states and Canada Courses available in English, French and Spanish Record Management Made Easy Training documentation stored on United Academy platform Ability to upload training records taken outside of United Academy Email notifications sent when certification is up for renewal Certificates and temporary cards available to print immediately after training completion Work efficiently with compliance tools, team views and various reporting dashboards Managers can view all records, assign courses and upload external certificates for their employees Accessible Where You Are Classes and account records accessible 24/7 Verify training records out in the field by simply scanning the United Academy wallet card or hardhat sticker Access via website or United Academy mobile app Online Training Profile Sourcewell can save time and money by storing and maintaining training and certifications in United Academy. Records for each course taken through the Academy are stored in our online database and a training profile is created for every account holder. Users can also store additional records for training taken outside of United Academy so that they can build a comprehensive training transcript. Company administrators can set which email addresses receive alerts. Wallet Card Replace several tattered and work paper training cards with United Academy's single, universal wallet card and free United Academy App, Sourcewell can access their employee's Training Profile anywhere and anytime. All you have to do is key in the personal identification codes into a computer or scan the QR code on the card with a smartphone or tablet for instant access. Our wallet card is secure and credit card quality so it won't tear or become damaged by the elements. Wallet cards are sent to United Academy account holders after completing their first Academy course.	*

41	Describe any technological advances that your proposed products or services offer.	We've engineered worksite performance solutions that help our customers make better, smarter, safer decisions. And we're just getting started. Total Control & Mobile App Keeping tabs on dozens or hundreds of pieces of rental equipment on a jobsite, including what's in use, what needs to be returned and what's awaiting delivery or pickup, is a big job. Doing it well can lead to significant cost savings and increased worker productivity. Digital technology such as the cloud-based equipment management solution Total Control® gives our customers a huge leg up. But when you're out in the field, you want to be able to work from the phone in your pocket or the tablet in your bag, not the computer back in the office or trailer. The United Rentals Mobile App was designed for exactly that. It puts all your equipment data at your fingertips and enables a host of easy-click actions that help you do more in less time when you're out and about. RFID Badges On construction projects, site access management and equipment access management are both critical to safety, security and productivity. Digital tools from United Rentals now enable customers to manage equipment access using the same RFID badges they issue to workers for site access. With the Next-Generation Access Management Solution, PINs aren't necessary. Rather than entering a code on a keypad ignition lock, a worker can tap their RFID-enabled ID badge on the lock's card reader to unlock a piece of equipment they are authorized to operate. On large projects, leveraging RFID badges for equipment access eliminates the need to assign PINs to hundreds or thousands of workers, reducing administrative overhead. In addition to keeping unauthorized workers off equipment, it provides accurate real-time and historical insights into equipment usage.dges Smart Turnstiles At high-traffic job sites where employees, contractors and visitors come and go throughout the day, managing entry can be challenging, yet it's critical to ensuring the safety and security of employees and other personnel. Controlling site access is also essential to protecting the public from potential hazards and guarding against theft and vandalism. Smart Turnstiles are the modern-day answer to access management through the utilization of a variety of innovative technology offerings. With the swipe and/or tap of a badge, key fob or other credential, smart turnstiles ensure that only people with proper authorization can pass through the entry gate. Compared with sign-in sheets, which can be bypassed even when a security guard is present, smart turnstiles are effective and efficient. Just as important, they provide real-time entry and exit data that can be quickly accessed and searched in the event of an emergency. Wedge WEDGE is a remote monitoring system customized to fit your site. It monitors measurements such as temperature and humidity. Sensors installed on-site feed live data to the WEDGE Dashboard. Access real-time and historical data at your fingertips and if any pre-set thresholds are exceeded, you will be notified immediately. Please see our Value Added document in the attachments for more details.	*
42	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	Environmental sustainability is central to United Rentals' growth strategy. We measure and manage our greenhouse gas emissions — and help customers do the same — in order to become a more resilient company and to continue delivering value to all our stakeholders. As a business based in the sharing economy, our services inherently provide an environmental benefit which we continuously build on by increasing our operational efficiency and growing our low-emission product portfolio. We are advancing our social and environmental responsibilities through eight Corporate Responsibility goals. Each goal was set using a rigorous analysis that considered our operations, workforce and available technology, as well as the potential advancements that will become available during the relevant time period. While these goals are challenging, we believe they are achievable through our continued dedication to progress and innovation. In addition to our goals, we have three thematic commitments to drive progress toward reducing our climate impact: Engaging with original equipment manufacturers and customers on low- and zero-emissions equipment opportunities. Exploring ways to acquire more efficient and alternatively-fueled vehicles for our sales, service and delivery fleet, which are the largest contributors to our Scope 1 emissions. Helping our customers track and measure greenhouse gas emissions from our rental offerings. Our company has implemented Sustainable Growth initiatives in the areas of facilities, fleet and logistics. Please see our Corporate Responsibility Report in the document attachments for more information on these initiatives and achievements. We believe that these initiatives will result in the reduction of our total cost of operation and will safeguard the environment, while helping our customers reduce their own carbon footprints.	*

43	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design cradle-to-cradle), or other green/sustainability factors.	It's long been believed that renting equipment, in lieu of purchasing new, brings environmental benefits. In 2022, we validated this belief by partnering with a third-party consultant to analyze our rental business model and quantify the potential environmental benefit it brings. The results revealed that our business promotes environmental sustainability in two key ways: 1. Reducing Total Equipment Needs 2. Reducing Emissions Intensity of Equipment Sustainability is also the top of mind for many in the government, industrial and construction industry. As customers look to reduce their carbon footprint and meet their sustainability objectives and those of project owners, construction equipment emissions are one area of focus. Buying or renting electric construction equipment is increasingly an option, but fully electric fleets are a thing of the future. In the meantime, when it comes to reducing the emissions of diesel-powered equipment, the familiar adage applies: You can't manage what you can't measure. Until now, companies have had very limited access to information about the environmental impacts of their rental fleet. A recently launched emissions tracking feature in Total Control®, the United Rentals cloud-based worksite management solution, offers new visibility that can help inform decision-making around fleeting and fleet utilization. The feature enables customers to monitor the estimated greenhouse gas (GHG) emissions from their telematics-enabled rental equipment as well as source pollutants such as particulate matter, nitrous oxides and carbon monoxide.	*
44	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	None	*

45	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	We're proud to have been named by Forbes magazine as one of the world's top employers. Still, we never take our people for granted. They are the key to our success with Sourcewell over nearly 10 years we have been supporting this contract. Through our team of experts. United Rentals deploys $19.99 billion of fleet (original equipment cost) through approximately 1,465 branches, a centralized reservation service and automated online ordering. Our branches are fully integrated through technology, allowing them to collaborate on solving customer needs. Below are some of the unique resources we bring to the Participating Entities. Please see the Value Added document for more details on the suite of services and resources we provide to the Sourcewell Participating Entities. Safety Our most important differentiator is safety, because of its vital importance to our employees and customers. Unsafe behavior can have a direct impact on our business and yours. Our safety culture is organized under the banner of United4Safety, which provides a way of thinking about safety in every aspect of our lives, at work and at home. United4Safety has four tenets: think safe, work safe, drive safe and live safe. We expect safety to be the primary consideration of each of our employees, and we facilitate this through innovation, leadership development, continuous learning and personal well-being. In 2023, we had a total recordable incident rate (TRIR) of 0.68, toward a goal of zero. Digital Solutions At United Rentals, our goal is to go beyond equipment rental. It's a digital world, and digital technology should hand customers easy victories whether they're on the worksite, in the field office or back at headquarters. United Rentals is committed to providing not only the equipment businesses need; when they need it, but the WORKSITE PERFORMANCE™ tools that will help customers work smarter, better and safer. From cloud-based worksite management tools to renting equipment directly from our mobile app, United Rentals digital solutions lead the pack. Total Control® is our proprietary software suite that provides customers with a single, transformative solution for equipment productivity. Total Control helps customers manage their equipment fleets in real time through greater visibility and accountability, with the goal of improving the utilization of resources. By reducing downtime and avoiding on-site productivity gaps, Total Control can help a customer cut annual equipment rental costs by up to a third. Emergency Response While United Rentals has always responded to disasters near our locations, in 2018 we began to take a more structured approach to our response. We've trained a first-responder team comprising more than 800 company volunteers across North America, whose first objective in any emergency is to help our employees and customers who have been affected. The response for every major event starts at the highest level with our executive steering committee. The committee moves quickly to assess the situation and define the logistics of the response. From there, the plan flows to the Emergency Operations Center, or EOC. Each disaster has its own EOC — a command post that sets up as close as safely possible to the disaster site. This is where the response and communications are coordinated. United Rentals can stand up an EOC in a matter of hours, bringing together region and district leaders and a cross-functional team of experts from human resources, legal, real estate, fleet management, technology and finance. The EOC sets the objectives and executes them. Our team of experts has experience in critical need situations and can put maintenance equipment on your site quickly, including: - Complete portable sanitation solutions including hand wash stations, portable toilets and restroom trailers with hand wash stations, hand sanitizing stands, shower trailers, and laundry trailers with generators including service of waste - Power generation, fluid transfer, temporary lighting (indoor and outdoor) and site signage - Full range of HVAC products including air scrubbers, negative air machines with HEPA filtration, and portable air conditioners and heaters	*

Table 9A: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	

46	Do your warranties cover all products, parts, and labor?	For Rentals: United Rentals warrants that upon delivery the equipment rented hereunder will be in good working condition. If the equipment is not in good working condition upon delivery, United Rentals shall promptly repair or replace the equipment at its sole cost and expense. If the equipment requires repair or replacement during the rental period, United Rentals will promptly repair or replace the equipment at its sole cost and expense; provided, however, if the repair or replacement is necessary due to Sourcewell Member's abuse, misuse or neglect, then the Sourcewell Member will be responsible for the cost of such repair or replacement. For Purchases of New Equipment: The only warranty provided with the equipment sold herein is the warranty provided by the original equipment manufacturer ("OEM"). United Rentals will pass through all warranties, to the extent allowable, that the OEM provides. If a warranty claim is approved by the OEM and the OEM authorizes United Rentals to repair or replace the equipment, United Rentals will do so. ALL WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE, ARE EXPRESSLY EXCLUDED AND DISCLAIMED." For Purchases of Used Equipment: United Rentals shall assign to the any remaining warranty from the original equipment manufacturer ("OEM") to the extent assignable. United Rentals makes no warranties express or implied with respect to the any used equipment being sold and all warranties, express or implied are disclaimed. In lieu of providing a warranty on the sale of used equipment, United Rentals will offer its United Guard service contract. Subject to the United Guard terms and conditions, United will perform the services outlines therein at the fees set forth therein. • A copy of the United Guard Terms and Conditions is attached. For Service: United Rentals warrants the services will be performed in a good and workmanlike manner. The duration of the warranty shall be 30 days after the service is completed. If during the 30-day warranty period the equipment requires additional service, because of defective original service or a defective replacement part(s), then United will re-perform the defective service and/or replace the defective part at its sole cost and expense. If the equipment has been subject to abuse, misuse or neglect, United shall have no obligation to re-perform the service or replace any part(s). The only warranty on replacement parts provided with United Rental's service herein is the warranty provided by the original equipment manufacturer ("OEM"). United will pass through all warranties, to the extent allowable, that the OEM provides. If a warranty claim on such replacement part is approved by the OEM and the OEM authorizes United to repair or replace the part, United will do so. EXCEPT AS SET FORTH HEREIN BIDDER DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO REPLACEMENT PARTS AND SERVICE OF EQUIPMENT. For Damage to Rental Equipment: All of our rental equipment is owned by United Rentals, and all preventative and regular use maintenance will be taken care of by United Rentals. For costs due to damage, Sourcewell participating entities will have our Rental Protection Plan (RPP). It is a simple, affordable and smart way to protect yourself from the unforeseen. United Rentals offers a comprehensive program to provide you with added protection for the most common problems: • Accidental damage to United Rentals equipment and vehicles • Theft of United Rentals equipment and vehicles do have the option to provide The participating entities can opt-out of RPP by providing a Certificate of Insurance with the applicable property insurance.	*

47	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	For Rentals. Yes. As stated above, United Rentals will repair or replace equipment at its sole cost and expense during the rental period if the equipment needs repair or replacement. However, if the equipment needs repair or replacement due to any other reason that defect in the equipment, United Rentals' negligence or reasonable wear and tear, the Sourcewell participating entity will be responsible for the cost of repair or replace. . Reasonable wear and tear of the rental equipment shall mean only the normal deterioration of the equipment caused by ordinary and reasonable use on a one shift (8 hours per day, 40 hours per week) basis. The following shall not be deemed reasonable wear and tear: (a) damage resulting from lack of lubrication, insertion of improper fuel, or maintenance of necessary oil, water and air pressure levels; (b) except where United Rentals expressly assumes the obligation to service or maintain the equipment, any damage resulting from lack of servicing or preventative maintenance suggested in the manufacturer's operation and maintenance manual; (c) damage resulting from any collision, overturning, or improper operation, including overloading or exceeding the rated capacity of the equipment; (d) damage in the nature of dents, bending, tearing, staining, corrosion or misalignment to or of the equipment or any part thereof; (e) wear resulting from use in excess of shifts for which rented; and (f) any other damage to the equipment which is not considered ordinary and reasonable in the equipment rental industry. Repairs to the equipment shall be made to the reasonable satisfaction of United and in a manner which will not adversely affect the operation, manufacturer's design or value of the equipment. Also, Customers agree to check filters, oil, fluid levels and tire air pressure, to clean and visually inspect the equipment daily and to immediately notify United Rentals when equipment needs repair or maintenance. Should the equipment be involved in an accident, become unsafe, malfunction or require repair, Customer shall immediately cease using the equipment and immediately notify United. In the case of the loss or destruction of any equipment, or inability or failure to return same to United Rentals for any reason whatsoever, Customer will pay United the then full replacement list value of the equipment together with the full rental rate as specified until such equipment is replaced. If the equipment is returned in a damaged or excessively worn condition, Customer shall pay United the reasonable cost of repair and pay rental on the equipment at the regular rental rate until all repairs have been completed. Repair or replacement of tires and tubes is the responsibility of Customer. For New and Used Equipment Sales. As state above, the only warranty available for new or used equipment is the warranty provided by the OEM. Any restrictions or limitation would be set forth in the OEM warranty.	*
48	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	For Rentals. Costs including technician travel time that are associated with service required due to defects in the equipment, reasonable wear and tear or United negligence is the responsibility of United Rentals. The cost of Service required for any other reason will the participating entities' responsibility. For New and Used Equipment Sales. The OEM warranty will set forth what expenses are covered.	*
49	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	For Rentals. All branches in the United States and Canada have in-house technicians available to service and maintain our equipment. Therefore, all regions we provide service to will also have access to certified technicians. For New and Used Equipment Sales. Subject to approval of the warranty claim by the OEM and subject to authorization from the OEM to perform work, as stated above, all branches in the United States and Canada have in-house technicians available to service and maintain our equipment. Therefore, all regions we provide service to will also have access to certified technicians.	*

50	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	United Rentals is not the original equipment manufacturer ("OEM") on any of the equipment it rents or sells. United is certified to perform warranty service by many OEMs. Upon acceptance of a warranty claim by the OEM and upon the OEM authorizing United to perform service, United Rentals is able to perform warranty service on many OEM's equipment.. We strive to lead our industry in service performance, particularly when it comes to equipment maintenance and readiness for rental. United Rentals invests in our service personnel to ensure that they are up to speed on manufacturer's service requirement with internal or manufacturer sponsored training. We have also invested heavily in resources designed to make our company more efficient in maintaining our equipment to the highest standards. All 1524 + United Rentals locations use the same systems in order to ensure that Preventive Maintenance, ANSI inspections and manufacturer's service bulletins are being completed with integrity per our company procedure. United Rentals is responsible for the costs associated with inspecting and servicing our owned equipment. If requested, United Rentals can also provide inspections and services on equipment owned by our customers at mutually agreed upon rates. Some of the specific procedures are: • Preventive maintenance: PM's are governed by the stricter of two regulatory programs: Either 1) Per manufacturer's recommendation of service requirement or; 2) Perform an inspection inside of 90 days and / or service of the equipment with 250 operating hours. The "Rental Flow" process also tracks pending PM's due for service personnel to monitor. These PM's are performed at our locations as well as at customer locations by qualified field service technicians. • ANSI inspections on aerial equipment, booms and scissors, are required by law. United Rentals has a NO-EXCEPTIONS policy related to ASNI inspections; if a unit does not receive this inspection within a year from its last date, it is taken out of rental service. • Manufacturer's service bulletins are handled as United Rentals is notified, either in our shops or in the field.	*
51	What are your proposed exchange and return programs and policies?	For Rentals. If a piece of equipment is not operating properly, United Rentals will deploy one of its factory-trained technicians to perform the repair and/or supply the necessary parts. United Rentals promptly responds to repair and maintenance service calls – typically within two to four hours. In the event the equipment cannot be repaired on site, United Rentals will replace the equipment as quickly as it can. For New and Used Equipment Sales. Exchange and return programs/policies are determined by the OEM.	*
52	Describe any service contract options for the items included in your proposal.	For Rentals. Please note that service is provided at no cost to customer, unless such service is due to customer's fault. Please refer to service labor pricing included in our pricing spreadsheet. All branches have in-house technicians available to service and maintain our equipment. For Customer-owned equipment. If the customer has owned equipment, they can chose to utilize our Customer Equipment Solutions team to manage and perform the equipment service needs. We have a dedicated team and dedicated service technicians that solely work on customer owned equipment and do not work on our rental fleet. For New and Used Equipment Sales. In addition, any Sourcewell participating entity may purchase a United Guard Service Contract with the purchase of equipment as mentioned above.	*

Table 9B: Performance Standards or Guarantees

Describe in detail your performance standards or guarantees, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your performance materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

53	Describe any performance standards or guarantees that apply to your services	We work together with our customers, communities and employees to find solutions with a shared commitment to service and safety. To us, this is a simple, but powerful notion we call Work United™. It's a shared mindset. One of partnership that helps us face any challenge, together. Quality Assurance: United Rentals maintains a fleet of well-maintained equipment to ensure reliability and safety. We follow strict maintenance schedules and inspection procedures to guarantee that the equipment is in good working condition before it goes out on rental. Preventive maintenance: During the rental, our system estimates use in addition to physical checks and inquiries for hour meter updates. Maintenance steps (requirements) for each category and class of equipment are tracked within our system based on hours, miles and days. Reporting is generated daily for inspection and scheduling purposes. Service and safety bulletins released by manufacturers are loaded centrally and tracked within this same reporting system. We will schedule with the participating entities to do maintenance during a down time when equipment is on-rent. Customer Service: United Rentals provides excellent customer service, including knowledgeable staff to help customers select the right equipment for their needs, as well as assistance with any issues or questions that may arise during the rental period. Safety Standards: Safety is paramount to United Rentals. We adhere to strict safety standards and we provide training and familiarization on the proper use of equipment to ensure the safety of customers and their employees. Digital Notifications & PO Management: United Rentals also offers relevant notifications through Total Control ® to the right people at the right time. With United Rentals simplified notifications experience, every customer has the ability to pick a notification format - SMS or email, set up notifications across all project stages from quote through final invoice, and identify who should receive each notification. We know schedules are tight, and the complexities of today's worksites make efficient processes mission-critical. We're here to help. With our suite of intuitive digital tools, we make it easy for customers to view invoices, make payments, stay informed with custom notifications and tap into actionable data. Keeping track of invoices and payments can be a tedious and time-consuming task. Between our cloud-based fleet management software, Total Control ® and the United Rentals Mobile App, customers have access to valuable features that can help streamline administrative processes and drive smart decisions. Access and pay invoices, day or night View account balances and track invoice age Visibility for the right person with invoice sharing and notifications With the PO Management function in Total Control ®, teams can keep track of purchase orders and quickly navigate to crucial aspects of the project billing cycle. From open contracts to reservations and invoices, paid and past due, the PO Tab has what you need. Plus, users now have the ability to assign an owner to each Purchase Order, so your crew can stay in the know and in control.	*
54	Describe any service standards or guarantees that apply to your services policies, metrics, KPIs, etc.)	Quality Assurance: United Rentals adheres to strict maintenance schedules and inspection protocols for all equipment in their fleet. This involves regular servicing, repairs, and thorough inspections to identify and address any potential safety issues before equipment is rented out. We encourage all customers to use Total Control ®, a suite of technology solutions offered by United Rentals to enhance efficiency, safety, and productivity for its customers. Total Control encompasses various digital tools and platforms designed to streamline equipment rental processes, improve job site management, and provide valuable insights into equipment utilization and performance. With telematics-enabled equipment from United Rentals, customers can maximize jobsite efficiencies with valuable insights into runtime and equipment utilization, plus gain visibility to all equipment in one place. Telematics data also enables customers to monitor equipment fuel and service with alerts. United Rentals has the largest and most robust, connected fleet in the industry, and a variety of trackable assets so customers have real-time visibility into location and utilization - owned and rented. With Equipment Diagnostic Alerts from United Rentals, customers can stay informed about critical equipment functions and performance indicators. Through Total Control ®, customers receive customizable alerts about machines on their job sites, streamlining equipment maintenance and keeping downtime to a minimum. Types of Equipment Diagnostic Alerts include: Low DEF Level: Alerts when a piece of equipment's Diesel Emission Fluid falls below the low DEF threshold (25%) Diesel Particulate Filter: Alerts when a piece of equipment requires a regeneration Emergency Stop: Alerts when the E-stop on a piece of equipment is engaged High Coolant Temperature: Alerts when a generator's temperature is running too hot High / Low Frequency: Alerts when a generator is outputting at a high/low frequency Customer Service: United Rentals currently holds 4.6 Stars out of 5 on Prorcurated. website: https://app.procurated.com/suppliers/united-rentals-north-america-inc-b5e4173b-c387-471b-b30a-3912acf62deb

		In addition, we regularly conduct customer surveys to gather feedback on various aspects of our services, including satisfaction levels, areas for improvement, and overall customer experience. See full list below: 1) Overall Satisfaction: How satisfied customers are with the quality of equipment, customer service, and rental experience. Equipment Performance: Feedback on the reliability, functionality, and condition of rented equipment. 2) Customer Service: Evaluation of interactions with United Rentals staff, including professionalism, responsiveness, and helpfulness. 3) Rental Process: Assessment of the ease of renting equipment, including the online rental process, availability of equipment, and clarity of rental terms and conditions. 4) Safety: Feedback on safety measures and support provided by United Rentals, including training resources, equipment safety features, and adherence to safety regulations. 5) Value for Money: Perceptions of the value received in relation to the rental rates charged by United Rentals. 6) Suggestions for Improvement: Opportunities for United Rentals to enhance their services, address any shortcomings, and better meet customer needs and expectations. Safety Standards: United Rentals Inc. places “Safety First”. We Act, and require others to act, in a manner that puts the safety of our employees, customers and communities first. We empower every employee with the power to “Stop Work” whenever a safety situation arises so we can not only prevent an accident, but document and learn in real time. This allows us to stay the industry leader in safety but and to the latest updates in safety standards, guidelines and regulations. are some topics that drive our safety standards. 1) Equipment Inspection and Maintenance: Regular inspection and maintenance of rental equipment are essential for ensuring safety. United Rentals follows manufacturer guidelines and industry best practices for inspecting, servicing, and maintaining their equipment fleet. This helps to identify and address any potential safety issues before equipment is rented out. 2) Training and Education: United Rentals provides training and educational resources to customers on the safe operation of rental equipment. This could include online resources, safety manuals, instructional videos, and in-person training sessions conducted by qualified personnel. Training may cover topics such as equipment operation, maintenance, and proper safety procedures. 3) Safety Guidelines and Documentation: United Rentals provides safety guidelines and documentation for each piece of equipment they rent out. This may include operation manuals, safety decals, warning labels, and instructional materials that highlight potential hazards and safe operating practices. 4) Personal Protective Equipment (PPE): United Rentals requires customers to use appropriate personal protective equipment (PPE) when operating certain types of equipment. This could include items such as fall protection, hard hats, safety glasses, gloves, hearing protection, and high-visibility clothing. also offer PPE for sale or rental alongside equipment at our locations. 5) Compliance with Regulations: United Rentals complies with all safety regulations and standards set forth by government agencies such as OSHA (Occupational Safety and Health Administration) in the United States and similar regulatory bodies in other countries. This may involve ensuring that equipment meets safety standards and that rental operations adhere to legal requirements. 6) Emergency Preparedness: United Rentals has procedures in place for handling emergencies or accidents involving rental equipment. This could include protocols for reporting incidents, providing first aid, and coordinating with emergency responders when necessary. 7) Safety Culture: United Rentals fosters a strong safety culture among its employees and encourages customers to prioritize safety in their operations. This may involve promoting safety awareness, encouraging open communication about safety concerns, and recognizing and rewarding safe behaviors. It's important for customers to familiarize themselves with United Rentals' specific safety protocols and guidelines for the equipment they intend to rent. This may involve asking questions, seeking clarification on safety procedures, and following all instructions provided by United Rentals staff. By prioritizing safety and adhering to established guidelines, customers can help ensure a safe rental experience.	*

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *	
59	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Please see our attached pricing spreadsheet. United Rentals is providing a national net pricing structure as you will see on the attached pricing spreadsheet. This is not a percentage discount program. All pricing is NOT TO EXCEED and our sales representatives will be encouraged to provide local market pricing if it happens to be lower than the contract price although this is not a common occurrence. We reserve the right to adjust rates on privilege wage jobs that are governed by the Davis Bacon Act.	*
60	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range. 62	Propose a method of facilitating “sourced” products or related services, which may be referred to as “open market” items or “nonstandard options”. For example, you may supply such items “at cost” or “at cost plus a percentage,” or you may supply a quote for each such request.	As with normal requests, United Rentals will field off-schedule requests through local territory representatives or our Government Customer Care Center. This will enable us to provide first-class service to Sourcewell members through our knowledgeable team. Our philosophy is that no request is unreasonable and will be investigated to the fullest. Our strategy will be to field requests and factor in rental patterns, demands for new technology or advances in equipment efficiencies, and enactment of new legislation, affecting equipment. If we see a spike in a certain category, we will ask Sourcewell to determine if the equipment can be added to our schedule. For Sourcewell members, we would like to propose a NOT TO EXCEED markup of 24% on the total invoice cost from a 3rd Party Vendor for rentals and related services, including but not limited to equipment re-rents, labor, fuel and transportation costs.	*

After Hours, Weekends, and Holidays**
An additional call out fee may be incurred, and will be communicated at the time of request. Please refer to the pricing table under Service/Labor for hourly rates that would be applicable to support the call out charges.

Third Party Hauling Charges**
In a situation where both parties mutually agree to utilize a third party hauler, a quote (cost + 10%) will be provided to the end user that would replace standard United Rentals Delivery and Pickup rates.

Oversize/Permitted Loads**
All applicable fees will be communicated at time of service.

Over Time Charges**
Rental Rates above are based on normal usage so run time in excess of single shift rates will incur overtime charges based on actual usage of the equipment.

Truck Rental Allowance (US)**
Rental rates for all vehicles with an odometer (categories 950 - 956) are based on a 2000 mile per 28 day monthly billing cycle and a $0.22 Per Mile charge shall be assessed when monthly miles exceed the 2,000 miles allowance. Minimum $250 charge for excess cleaning, or to remove odor, smoke or vapor if required. Fee will be assessed if vehicle is not returned to originating location. Additional charges may also apply for the costs incured by customers during the rental including vehicle recovery, tolls, parking and traffic violations. Please see the rental agreement for further information and detail.

Rental Equipment Fuel Service**
A refueling service charge will be applied to all equipment returned less than full. The exact cost of the refueling service may vary depending on the rate being charged by the branch location on the date customer returns the equipment.

Refueling Service Charge
Customer acknowledges that a “Refueling Service Charge” will be applied to all Equipment not returned with a full tank of fuel. The exact cost of the Refueling Service Charge may vary depending on the rate being charged by the branch location on the date Customer returns the Equipment. Customer acknowledges that the Refueling Service Charge is not a retail sale of fuel. Customer may avoid the Refueling Service Charge if Customer returns the Equipment with a full tank of fuel.
Tire Repair
Repair or replacement of tires and tubes on Equipment is the responsibility of Customer and is not included in the rental rate.
Environmental Fee
Due to the hazardous nature of some of our waste products, United Rentals charges an Environmental Service Charge on rental invoices for equipment which contains an internal combustion engine,

DocuSign Envelope ID: 9225A087-D87A-4C3B-AB94-C27C74698FAC

hydraulic oils or similar components. The Charge is 1.84% of the rental charge, with a maximum charge of $99 per invoice. This charge is not a tax or government mandated fee. We are offering to waive this fee for this new contract in order to provide the participating entities additional new savings.

Additional Fees

Some government entities have special fees, such as the SMM fee in Colorado (Texas and Maryland have similar fees). These fees are setup by local/state government entities, and are charged at the direction of local/state laws. United Rentals passes these fees directly to the customer with no markup. These fees are usually negligible in nature and are included quotes provided by our branches.

Rental Protection Plan

United Rentals offers an OPTIONAL, affordable and smart way to protect your agency from the unforeseen. The plan covers accidental damage or theft of United Rentals equipment. This RPP coverage must be selected prior to delivery of the equipment. Additional details can be requested from your local branch. See attached document for additional information on our RPP program. Non-governmental agencies (non-profits, NGO, etc.) will be required to provide a certificate of insurance in order to opt out of the RPP program.

United Guard

Full coverage offered for used equipment (OPTIONAL). Equipment over $2,500 that is eligible for United Guard™ must be nine years old or newer. Licensed vehicles are not eligible for United Guard. Used equipment must be in rental ready condition at time of sale. United Guard is available within 72 hours of equipment purchase and cannot be renewed once the term expires. Other conditions and restrictions may apply. We have also provided additional information about United Guard™ in the documents section.

68	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	The United Rentals government team will be available to provide up-to-date information. In addition to direct communication with the team a sample report has been provided in the response. United Rentals customer quotes, orders, change orders and updates are recorded within United Rentals' RentalMan computerized rental system. They are recorded in date order, with unique, individualized numerical designations. Customer accounts are identified as eligible to utilize the Sourcewell contract and are identified further within the RentalMan system with a customer level code and United Rentals' pricing agreement for the contract will be loaded into the customer account file. United Rentals will identify and report all product/equipment sourced as part of a Sourcewell contact purchases and provide timely payment of administrative fees to Sourcewell. On a quarterly basis, we will perform analysis of the detailed pricing file, review the pricing agreement for accuracy or updates/changes, and audit the individual customer invoices and transactions for accuracy and compliance with the contract.	*
69	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	The list below are some of the internal metrics that will be tracked and measured to substantiate success of the contract. # of accounts utilizing Sourcewell Revenue per account utilizing Sourcewell Total Revenue under contract Account Growth Declining and Inactive Accounts As an example, within the last six months 7,190 Sourcewell members have utilized the current United Rentals' Sourcewell contract.	*
70	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	United Rentals proposes a 2% administrative fee on all eligible sales and rentals.	*

71	Describe the rent-to-buy option for new rental equipment if applicable.	We do not offer rent-to-buy options for new equipment.	
72	Describe your used rental equipment sales program if applicable.	United Rentals sells top-quality used equipment that is sourced directly from leading manufacturers. • Customers can buy with confidence, as this equipment is expertly maintained by the same team that services the United Rentals fleet. • Customers can continue to rely on United Rentals for maintenance of any purchased equipment through its Customer Equipment Solutions.	
73	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	United Rentals serves its customers as a single-source solution, provided through two business segments: General Rentals and Specialty Rentals: General Rentals offers construction, industrial and homeowner equipment for rent, and related services. Specialty Rentals includes the rental of equipment and tools for underground construction, temporary power, climate control, fluid solutions, disaster recovery, onsite tool management, portable sanitation, and related services. Related Services include United Academy Safety Training, Customer Equipment Servicing, New and Used Equipment Sales, and Third Party Rentals. Table 14B: Depth and Breadth of Offered Equipment Products and Services

Sourcewell is seeking proposals for Rental Equipment, Products, and Related Services. Awards under this solicitation will be made in three (3) separate categories. No proposer should select more than one category to respond to due to the RFP being structured such that Category 1 enables a supplier to respond with a single response that includes solutions from both categories 2 and 3. Whereas, those with only solutions in Category 2 or 3, should respond to the corresponding category whose scope includes those solutions (e.g., either category 2 or 3).

Proposers submitting a proposal in Category 1 must have at least one solution from each of categories 2 and 3. For example, if a Proposer offers at least one solution from Construction and General Rental Solutions, in addition to offering at least one solution from Public Works and Utility Equipment, the Proposer should designate it is seeking an award in Category 1 only.

Proposers seeking an award in Category 2 must include at least one solution offered within the scope of Category 2 for Construction and General Rental Solutions and no solutions from Category 3 Public Works and Public Utility Equipment.

Similarly, proposers seeking an award in Category 3 for Public Works and Public Utility Equipment must include at least one solution offered within the scope of Category 3 for Public Works and Public Utility Equipment and no solutions from Category 2 Construction and General Rental Solutions.

Only those Proposer Exceptions to Terms, Conditions, or Specifications that have been accepted by Sourcewell have been incorporated into the contract text.

Documents

Ensure your submission document(s) conforms to the following:

1. Documents in PDF format are preferred. Documents in Word, Excel, or compatible formats may also be provided.

2. Documents should NOT have a security password, as Sourcewell may not be able to open the file. It is your sole responsibility to ensure that the uploaded document(s) are not either defective, corrupted or blank and that the documents can be opened and viewed by Sourcewell.

3. Sourcewell may reject any response where any document(s) cannot be opened and viewed by Sourcewell.

4. If you need to upload more than one (1) document for a single item, you should combine the documents into one zipped file. If the zipped file contains more than one (1) document, ensure each document is named, in relation to the submission format item responding to. For example, if responding to the Marketing Plan category save the document as "Marketing Plan."

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.

2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.

3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. Additionally, if Proposer has worked with a consultant on the Proposal, the consultant (an individual or a company) has not assisted any other entity that has submitted or will submit a proposal for this solicitation.

4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.

5. The contents of the Proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or legally authorized agent of the Proposer and will not be communicated to any such persons prior to Due Date of this solicitation.

6. If awarded a contract, the Proposer will provide to Sourcewell Participating Entities the equipment, products, and services in accordance with the terms, conditions, and scope of a resulting contract.

7. The Proposer possesses, or will possess before delivering any equipment, products, or services, all applicable licenses or certifications necessary to deliver such equipment, products, or services under any resulting contract.

8. The Proposer agrees to deliver equipment, products, and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.

9. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.

10. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statutes Section 13.591, subdivision 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.

11. Proposer its employees, agents, and subcontractors are not:
    1. Included on the "Specially Designated Nationals and Blocked Persons" list maintained by the Office of Foreign Assets Control of the United States Department of the Treasury found at: https://www.treasury.gov/ofac/downloads/sdnlist.pdf;

    2. Included on the government-wide exclusions lists in the United States System for Award Management found at: https://sam.gov/SAM/; or

    3. Presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated

by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Vendor certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this solicitation.

☑ By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - Craig Schmidt, Vice President National Accounts, United Rentals (North America), Inc.

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the bid.

Modular Fence rentals will include consumbable retail sales items to be quoted at the time of rental based on the quantities of the order.

****Standard Delivery during normal working hours****

Delivery/Pickup Charges = $160.69 flat charge (each way) then $4.19 per mile

****After Hours, Weekends, and Holidays****

An additional call out fee may be incurred, and will be communicated at the time of request. Please refer to pricing table under Service/Labor for hourly rates that would be applicable to support the call out charges.

****Third Party Hauling Charges****

Docusign Envelope ID: 9225AC8C-D87A-42CE-AEB4-CC767469BFAC

In a situation where both parties mutually agree to utilize a third party hauler, a quote (cost + 10%) will be provided to the end user that would replace standard United Rentals Delivery and Pickup rates.

****Oversize/Permitted Loads****

All applicable fees will be communicated at time of service.

****Over Time Charges****

Rental Rates above are based on normal usage so run time in excess of single shift rates will incur overtime charges based on actual usage of the equipment.

****Truck Rental Allowance (US)****

Rental rates for all vehicles with an odometer (categories 950 - 956) are based on a 2000 mile per 28 day monthly billing cycle and a $0.22 Per Mile charge shall be assessed when monthly miles exceed the 2,000 miles allowance. Minimum $250 charge for excess cleaning, or to remove odor, smoke or vapor if required. Fee will be assessed if vehicle is not returned to originating location. Additional charges may also apply for the costs incured by customers during the rental including vehicle recovery, tolls, parking and traffic violations. Please see the rental agreement for further information and detail.

****Rental Equipment Fuel Service****

A refueling service charge will be applied to all equipment returned less than full. The exact cost of the refueling service may vary depending on the rate being charged by the branch location on the date customer returns the equipment.

Commission Order # _____

PURCHASE AGREEMENT
FOR
EDUCATIONAL SCHOOL SUPPLIES, INSTRUCTIONAL SOLUTIONS, AND RELATED PRODUCTS
Term and Supply

THIS AGREEMENT, C001116 dated the 14th day of April 2026 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, herein "County" and Lakeshore Learning Materials, LLC herein "Contractor."

IN CONSIDERATION of the parties' performance of the respective obligations contained herein, the parties agree as follows:

1. **Contract Documents** - This agreement shall consist of this Purchase Agreement for a Term and Supply contract with Lakeshore Learning Materials, LLC for the furnishing of Educational School Supplies, Instructional Solutions, and Related Products in compliance with all bid specifications and any addendum issued for the NCPA, an Omnia Partners Company contract **R230301**, as well as Boone County Standard Terms and Conditions. All such documents shall constitute the contract documents which are incorporated herein by reference. Service or product data, specifications and literature submitted with bid response may be permanently maintained in the County Purchasing Office bid file for this bid if not attached. In the event of conflict between any of the foregoing documents, this Purchase Agreement with Boone County Standard Terms & Conditions and the NCPA, an Omnia Partners Company contract **R230301** shall prevail and control over the Contractor's bid response or Contractor's quote forms.

2. **Contract Duration** - This agreement shall commence on **the Date of the Award and extend through December 31, 2026,** subject to the provisions for termination specified below. This agreement may be extended beyond the expiration date in writing by the County for **two (2) additional one-year periods.**

3. **Purchase** - The County agrees to purchase from the Contractor, and the Contractor agrees to supply the County with Instructional and Educational Resources. Items will be provided as required in the bid specifications and in conformity with the contract documents for the prices set forth in the Contractor's bid response, as needed and as ordered by County.

Contractor shall provide a "not to exceed" quote for order that clearly shows the list price and the discounted contract price to the County office placing the order.

Pricing - 3% Discount Off current catalog, **all categories.**

Shipping – Free shipping on orders over $500.00. For orders under $500.00, shipping charges will be estimated at 15% of subtotal, with a minimum freight charge of $6.99.

Warranty - Lifetime warranty on classroom furniture (tables, desks, chairs, and cots)
10-year warranty on classroom carpets
5-year warranty on Write & Wipe tables and desks, outdoor furniture, trikes, and cribs.

4. **Delivery** - All deliveries shall be freight prepaid, F.O.B. Destination, and included in all pricing offered unless otherwise clearly stated in writing. Contractor shall deliver all furniture in

Docusign Envelope ID: 2F12A91A-BCDC-4A19-B206-8B3713294002

accordance with the bid documents, F.O.B. Destination, with inside delivery included. Delivery dates must be provided in writing and included on the Contractor's quote.

5. **Returns and Exchanges** – Contractor offers a full satisfaction guarantee on all products. If the Customer is not satisfied with any item for any reason, the item may be returned for a full refund or exchange. Contact Customer Service to start the return or exchange process.

6. **Billing and Payment -** All billing shall be invoiced to the Boone County respective ordering Department and billing may only include the prices listed in the Contractor's bid response. No additional fees for paperwork processing, labor, or taxes shall be included as additional charges more than the charges in the Contractor's bid response to the specifications. The County agrees to pay all invoices within thirty days of receipt. In the event of a billing dispute, the County reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of the Contractor, the County agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

7. **Binding Effect -** This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

8. **Termination** – Either party may cancel this contract in whole or in part by providing 30 business days written notice. This agreement may be terminated by the County upon thirty days advance written notice for any of the following reasons or under any of the following circumstances:

a. County may terminate this agreement due to material breach of any term or condition of this agreement, or.
b. County may terminate this agreement if in the opinion of The Boone County Commission if delivery of products are delayed or products delivered are not in conformity with bidding specifications or variances authorized by County, or
c. Termination for Convenience – The county may terminate this agreement for any reason or no reason upon thirty (30) days' written notice to the contractor, or
d. If appropriations are not made available and budgeted for any calendar year

Docusign Envelope ID: 2F12A91A-BCDC-4A19-B206-8B3713294002

IN WITNESS WHEREOF the parties, through their duly authorized representatives, have executed this agreement on the day and year first above written.

STANDARD CONTRACT TERMS AND CONDITIONS - BOONE COUNTY, MISSOURI

1. The Contractor shall comply with all applicable federal, state, and local laws, and failure to do so, in County's sole discretion, shall give County the right to terminate this Contract.

2. Responses shall include all charges for packing, delivery, installation, etc., (unless otherwise specified) to the Boone County Department identified in the Request for Bid and/or Proposal.

3. The Boone County Commission has the right to accept or reject any part or parts of all bids, to waive technicalities, and to accept the offer the County Commission considers the most advantageous to the County. Boone County reserves the right to award this bid on an item-by-item basis, or an "all or none" basis, whichever is in the best interest of the County.

4. Bidders must use the bid forms provided for the purpose of submitting bids, must return the bid and bid sheets comprised in this bid, give the unit price, extended totals, and sign the bid. The Purchasing Director reserves the right, when only one bid has been received by the bid closing date, to delay the opening of bids to another date and time in order to revise specifications and/or establish further competition for the commodity or service required. The one (1) bid received will be retained unopened until the new Closing date, or at the request of the bidder, returned unopened for re-submittal at the new date and time of bid closing.

5. When products or materials of any particular producer or manufacturer are mentioned in our specifications, such products or materials are intended to be descriptive of type or quality and not restricted to those mentioned.

6. Do not include Federal Excise Tax or Sales and Use Taxes in the bid process, as the law exempts the County from them.

7. The delivery date shall be stated in definite terms, as it will be taken into consideration in awarding the bid.

8. The County Commission reserves the right to cancel all or any part of orders if delivery is not made or work is not started as guaranteed. In case of a delay, the Contractor must notify the Purchasing Department.

9. In case of default by the Contractor, the County of Boone will procure the articles or services from other sources and hold the Bidder responsible for any excess cost occasioned thereby.

10. Failure to deliver as guaranteed may disqualify Bidder from future bidding.

11. Prices must be as stated in units of the quantity specified and must be firm. Bids qualified by escalator clauses may not be considered unless specified in the bid specifications.

12. No bid transmitted by fax machine or e-mail will be accepted.

13. The County of Boone, Missouri expressly denies responsibility for or ownership of any item purchased until the same is delivered to the County and is accepted by the County.

14. The County reserves the right to award to one or multiple respondents. The County also reserves the right to not award any item or group of items if the services can be obtained from a state or other governmental entities contract under more favorable terms. The resulting contract will be considered "Non-Exclusive". The County reserves the right to purchase from other vendors.

15. The County, from time to time, uses federal grant funds for the procurement of goods and services. Accordingly, the provider of goods and/or services shall comply with federal laws, rules, and regulations applicable to the funds used by the County for said procurement, and contract clauses required by the federal government in such circumstances are incorporated herein by reference. These clauses can generally be found in the Federal Transit Administration's Best Practices Procurement Manual – Appendix A. Any questions regarding the applicability of federal clauses to a particular bid should be directed to the Purchasing Department prior to bid opening.

16. In the event of a discrepancy between a unit price and an extended line-item price, the unit price shall govern.

17. Should an audit of the Contractor's invoices during the term of the Agreement, and any renewals thereof, indicate that the County has remitted payment on invoices that constitute an over-charging to the County above the pricing terms agreed to herein, the Contractor shall issue a refund check to the County for any over-charges within 30-days of being notified of the same.

18. For all bid responses over $25,000, if any manufactured goods or commodities proposed with the bid/proposal response are manufactured or produced outside the United States, this MUST be noted on the Bid/Proposal Response Form or a Memo attached.

19. Pursuant to Section 34.600 RSMo, for contracts $100,000 and greater, the Contractor/Vendor certifies it is not currently engaged in and shall not, for the duration of the contract, engage in a boycott of goods or services from the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel.

20. For all titled vehicles and equipment, the dealer must use the actual delivery date to the County on all transfer documents including the Certificate of Origin (COO), Manufacturer's Statement of Origin (MSO), Bill of Sale (BOS), and Application for Title.

21. Equipment and serial and model numbers - The contractor is strongly encouraged to include equipment serial and model numbers for all amounts invoiced to the County. If equipment serial and model numbers are not provided on the face of the invoice, such information may be required by the County before issuing payment.

22. All equipment and supplies offered in a quote must be new, of current production, and available for marketing by the manufacturer unless the County clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered.

23. The resulting agreement may be extended beyond the expiration date by order of the County on a month-to-month basis if the County cannot re-bid and/or award a new contract before the expiration date.

24. The County as a public governmental body is subject to the Missouri Sunshine Law (Chapter 610 RSMo) and will comply with requests for documents in accordance with that law.

For material changes, the awarded contract holder and/or subsequent assignee agrees to and understands the following principles:

i. **Contract holder reference**. If the contract holder undergoes a merger, acquisition, or partial assignment, in which case they still maintain the contract, then all transactions made under the existing contract number (including purchase orders) must reference the name of the awarded contract holder. The exception to this requirement is if the contract holder no longer holds the contract or if the company has been acquired by another company and undergone a name change. Notice of the authorized name change, to the existing contract, must be provided and approved by Region 4.

In instances where the contract holder has acquired a separate and distinct company, and it is necessary to designate those certain purchases facilitated by the non-contract holder, then this designation may be made if, and only if, the contract holder is also referenced on the transaction.

ii. **Maintenance of records**. Both the awarded contract holder and subsequent assignee agree to remain responsible for maintaining all auditable records, including documents kept in the ordinary course of business and sales invoices, related to OMNIA Partners, Public Sector and/or contract number pursuant to the statutory requirements identified in the vendor contract.

iii. **Payments**. Both the awarded contract holder and subsequent assignee agree that all payments made by participating entities must be made directly to the contract holder, unless otherwise approved by Region 4. Accordingly, both parties acknowledge that in instances where it is necessary to designate the purchases facilitated by assignee, that the contract holder must also be referenced on the purchase order.

iv. **Handling of Proprietary and/or Confidential Information**. In accord with the terms of the contract, both awarded vendor and assignee agree that at all times it will hold in strict confidence and not disclose to any third party Confidential and/or Proprietary information of Region 4, except as approved in writing by Region 4, and will use the Confidential Information for no purpose other than providing services under the contract. Both awarded vendor and assignee shall only permit access to Confidential Information to those of its employees or authorized representatives having a need to know and who have signed confidentiality agreements or are otherwise bound by confidentiality obligations at least as restrictive as those contained herein.

This document is to be construed in strict accordance with the terms and conditions outlined in the Region 4/vendor Master Agreement referenced herein. Both awarded vendor and assignee agree to uphold the vendor obligations set forth in the vendor agreement. This Agreement will become effective when signed by all parties.

For material changes, the awarded contract holder and/or subsequent assignee agrees to and understands the following principles:

i. **Contract holder reference**. If the contract holder undergoes a merger, acquisition, or partial assignment, in which case they still maintain the contract, then all transactions made under the existing contract number (including purchase orders) must reference the name of the awarded contract holder. The exception to this requirement is if the contract holder no longer holds the contract or if the company has been acquired by another company and undergone a name change. Notice of the authorized name change, to the existing contract, must be provided and approved by Region 4.

In instances where the contract holder has acquired a separate and distinct company, and it is necessary to designate those certain purchases facilitated by the non-contract holder, then this designation may be made if, and only if, the contract holder is also referenced on the transaction.

ii. **Maintenance of records**. Both the awarded contract holder and subsequent assignee agree to remain responsible for maintaining all auditable records, including documents kept in the ordinary course of business and sales invoices, related to OMNIA Partners, Public Sector and/or contract number pursuant to the statutory requirements identified in the vendor contract.

iii. **Payments**. Both the awarded contract holder and subsequent assignee agree that all payments made by participating entities must be made directly to the contract holder, unless otherwise approved by Region 4. Accordingly, both parties acknowledge that in instances where it is necessary to designate the purchases facilitated by assignee, that the contract holder must also be referenced on the purchase order.

iv. **Handling of Proprietary and/or Confidential Information**. In accord with the terms of the contract, both awarded vendor and assignee agree that at all times it will hold in strict confidence and not disclose to any third party Confidential and/or Proprietary information of Region 4, except as approved in writing by Region 4, and will use the Confidential Information for no purpose other than providing services under the contract. Both awarded vendor and assignee shall only permit access to Confidential Information to those of its employees or authorized representatives having a need to know and who have signed confidentiality agreements or are otherwise bound by confidentiality obligations at least as restrictive as those contained herein.

This document is to be construed in strict accordance with the terms and conditions outlined in the Region 4/vendor Master Agreement referenced herein. Both awarded vendor and assignee agree to uphold the vendor obligations set forth in the vendor agreement. This Agreement will become effective when signed by all parties.

For material changes, the awarded contract holder and/or subsequent assignee agrees to and understands the following principles:

i. **Contract holder reference**. If the contract holder undergoes a merger, acquisition, or partial assignment, in which case they still maintain the contract, then all transactions made under the existing contract number (including purchase orders) must reference the name of the awarded contract holder. The exception to this requirement is if the contract holder no longer holds the contract or if the company has been acquired by another company and undergone a name change. Notice of the authorized name change, to the existing contract, must be provided and approved by Region 4.

In instances where the contract holder has acquired a separate and distinct company, and it is necessary to designate those certain purchases facilitated by the non-contract holder, then this designation may be made if, and only if, the contract holder is also referenced on the transaction.

ii. **Maintenance of records**. Both the awarded contract holder and subsequent assignee agree to remain responsible for maintaining all auditable records, including documents kept in the ordinary course of business and sales invoices, related to OMNIA Partners, Public Sector and/or contract number pursuant to the statutory requirements identified in the vendor contract.

iii. **Payments**. Both the awarded contract holder and subsequent assignee agree that all payments made by participating entities must be made directly to the contract holder, unless otherwise approved by Region 4. Accordingly, both parties acknowledge that in instances where it is necessary to designate the purchases facilitated by assignee, that the contract holder must also be referenced on the purchase order.

iv. **Handling of Proprietary and/or Confidential Information**. In accord with the terms of the contract, both awarded vendor and assignee agree that at all times it will hold in strict confidence and not disclose to any third party Confidential and/or Proprietary information of Region 4, except as approved in writing by Region 4, and will use the Confidential Information for no purpose other than providing services under the contract. Both awarded vendor and assignee shall only permit access to Confidential Information to those of its employees or authorized representatives having a need to know and who have signed confidentiality agreements or are otherwise bound by confidentiality obligations at least as restrictive as those contained herein.

This document is to be construed in strict accordance with the terms and conditions outlined in the Region 4/vendor Master Agreement referenced herein. Both awarded vendor and assignee agree to uphold the vendor obligations set forth in the vendor agreement. This Agreement will become effective when signed by all parties.
