#### About this item

- ★ **[Versatile Set]**: Commercial mop and bucket set is a cost-effective combination that easily tackles a variety of cleaning tasks. It comes with a wet floor caution sign, making it ideal for cleaning large areas and high-traffic areas.
- ★ **[Efficient Cleaning Tool]**: Large 35-quart yellow commercial mop bucket reduces water changes and saves time. The press-action wringer squeezes excess water out of the mop and retains 20% moisture to optimize cleaning performance.
- ★ **[Excellent Quality]**: Commercial mop bucket with side press wringer is made of acrylic, making it crack-resistant and corrosion-resistant. The 50,000-cycle wringer ensures long-term use; four silent, 360-degree rotating wheels ensure smooth and seamless movement, and the wide wheelbase provides a sturdy and stable chassis even during use.
- ★ **[Wide Application]**: Industrial mop is made of natural cotton and effectively absorbs and removes dust, debris, and stains. It is suitable for cleaning a variety of floor types without scratching. Heavy-duty mop and bucket set can be used in large venues such as shopping malls, hotels, offices, schools, and hospitals.
- ★ **[Worry-free purchase]**: Industrial mop and bucket set is ideal for heavy-duty cleaning work and is an ideal choice for professional cleaning personnel. If you have any questions about the product, please contact us. Our customer service is online 24 hours a day.

Nancy,

Thanks for your patience. We have 2 areas to put the pallet rack shelving in.

**FIRST AREA-**

This area is 42' long, but the height is limited to the 10' tall uprights.  
For this side I would like to do 4 connected sections of shelving, with 3 shelves each.

Uprights-  
5- 10' tall x 42" deep

Rails-  
24- 9' long rails

Wire shelving-  
24- wire rack pieces 42"x46"

**SECOND AREA-**

The second area is 48' long and can take shelving that is 42" deep.

We would like to do 5 connected shelving units with 3 shelves each.

Uprights-  
6- 12' tall x 42" deep

Rails-  
30- 9' long rails

Wire shelving-  
30- pieces 42"x46"

Amy sent me the ITL bid.

Erik, do you have documentation for the remaining amount for PWA? I looked at last years payment and we have paid 12k so far.

**Subject:** Clerk's Remodel: Recap and Update

All,

Thanks for your time this morning.

I brought Brianna up to speed on the meeting and apologized for leaving her off invite. Bri is going to communicate with Abby at Inside the Lines (ITL) that the elevator may not be accessible during the furniture install. She may also find a way to shave off some additional costs.

I spoke to Amy G. (CCd) and got her PCE's bid. Amy will begin working on the contract soon. I also sent her the ITL quote. She will begin to work on the contract with the understanding that the budget amendment will need to go through prior to the contract. She is also aware that the quote may be reduced some in the interim.

I spoke to Julia (CCd) about the SteelNet quote. SteelNet is waiting on the renderings to be sent by Phillip to get bid together. Phillip is hopeful that he can have something by end of next week at the earliest.

With that, I believe we should do two budget amendments. One with the \$77k ITL bid and the remainder of PWA's contracted amount. Is there a way to get that loaded up for some time next week so that the ILL contract can move in the nearish future?

Then, a second budget amendment with SteelNet and Henry's FM owner's cost numbers at a later date.

Please let me know if you need any additional information at this time. Our next meeting is set for March 26.

Thanks,

Kip
