The Boone County Sheriffs Office Regional Training Center is seeking a Training Management System (TMS), capable of the management and delivery of training for public safety professionals and volunteers. To meet these requirements, Envisage Technologies, LLC (AKA Acadis) proposes the Acadis Readiness Suite, our enterprise-class training and learning management software solution, built specifically for complex public safety training operations.

Acadis tracks personnel from hire to retire and automates the entire training and certification process for personnel, departments, and agencies from class creation to registration to graduation. This results in a complete, legally defensible training, testing, and certification history. Our solution provides a distributed strategy that will allow Boone County Sheriffs Office Regional Training Center to manage a centralized data repository with aggregated training information and student feedback. The consolidation of data into the Acadis database from its integrated module set provides cost reduction via increased efficiencies and reduction of the maintenance costs through the consolidation of multiple systems.

At Envisage Technologies, LLC (AKA Acadis), we are passionate about helping those who have a mission to help and protect others. For over two decades, we have focused on modernizing the complex training operations of public safety agencies. Based on our considerable experience with evolving training processes, we collaborate closely with our partners to find ways to modernize processes, achieve measurable results, and eliminate redundant costs by incorporating proven best practices into a single, comprehensive training and compliance ecosystem.

Designed to streamline training processes, increase visibility and access to learning content and testing, simplify reporting, and proactively track compliance, Acadis is the trusted learning and training management solution utilized by public safety and/or law enforcement divisions of seven federal departments, and nearly 70 public safety agencies in over 30 states.

We are pleased to submit any additional information, or demonstrate Acadis, at the request of Boone County Sheriffs Office Regional Training Center. It would be an honor to assist with this vital project, and we look forward to the opportunity to collaborate with your team.

This agreement is made by and between the above-named developer (herein "Developer") and Boone County, Missouri, a political subdivision of the State of Missouri, through its Resource Management Department, (herein "County") and shall be effective on the above date when signed and approved by all persons listed below.

In consideration of the performance based by each party of their obligations described in this agreement, the parties agree to the following:

1. **Background and Purpose of Agreement** – The Developer is the owner or authorized agent of the owner for the real estate contained within the development described above which is subject to the Boone County Stormwater Regulations. This agreement is made pursuant to Section 8.4 Performance and Guarantee, in the Stormwater Regulations of Boone County, Missouri in order to permit the Developer to disturb land on the development described above, and to assure County of the required erosion and sediment control and stormwater management. By entering into this agreement, the developer is agreeing to comply with the erosion and sediment plan described below in accordance with the County Stormwater Regulations and specifications and provide to County financial security in the event the developer fails to comply with the plan or complete the improvements within the time and manner provided for by this agreement.

In the event that Developer does not deposit the additional monies with the County within ten (10) days, the Developer shall be deemed in default of this Agreement.
7. **Remedies Cumulative** – Exercise or waiver by the County of any enforcement action under this Agreement does not waive or foreclose any other or subsequent enforcement action whatsoever. The County shall be entitled to its costs, including reasonable attorneys' fees, in enforcement of Developer's obligations under this Agreement.
