**BOONE COUNTY JOINT COMMUNICATIONS
INTEROPERABLE RADIO SYSTEM
COOPERATIVE AGREEMENT**

THIS AGREEMENT dated the 12 day of June, 2026, is entered into by and between **Boone County, Missouri** (County), by and through Boone County Joint Communications (BCJC), and **Southern Boone County Fire Protection District** (Agency):

WHEREAS, County, by and through BCJC, desires to construct and implement an 800 MHz radio system for communication among first responders in Boone County to enhance communications and increase safety for first responders; and

WHEREAS, BCJC intends to operate its legacy VHF system in parallel with the new 800 MHz for a period of time to facilitate an orderly transition to a primary 800 MHz system; and

WHEREAS, in order to assist first responder agencies in Boone County with this radio system enhancement, County has made available certain funding for the acquisition of dual-band, VHF and 800 MHz radios, or funding for upgrades to existing radios currently owned by first responder agencies, for the initial acquisition or upgrade of Agency's radio inventory; and

WHEREAS, Agency understands that this funding is one-time funding and that repairs to and the ultimate replacement of radios acquired or upgraded pursuant to this County program will be the sole responsibility of the Agency; and

WHEREAS, Agency agrees to operate radios using or accessing BCJC's radio system in accordance with BCJC's radio policies and procedures and the terms of this Agreement; and

WHEREAS, County and Agency have the authority to cooperate with each other for the purposes of this Agreement pursuant to RSMo §70.220;

NOW, THEREFORE, it is agreed by and between the parties as follows:

1. DEFINITIONS.

- a. **Encryption:** The conversion of data into a cipher text that cannot be understood by unauthorized entities.
- b. **Infrastructure:** All fixed electronic and civil components that make up the System owned and operated by BCJC. This includes owned or leased radio towers, monopoles, rooftop or water tower installations, RF transmitters, microwave components, combiners, repeaters, antenna systems, controllers, comparators, routers, GPS time standards, and other network hardware, equipment shelters, HVAC subsystems, UPS and emergency power generator systems, and countywide recording systems.
- c. **Project 25 or P25 Phase 2:** A set of open system standards for interoperable digital public radio systems which standardizes the interfaces between the various components of the Infrastructure and the System. The P25 standards are developed and maintained by the Telecommunications Industry Association (TIA) on behalf of

the Association of Public Safety Communications Officials International (APCO).

- d. **Subscriber Radios:** An Agency's mobile radios, portable radios, base radios, desktop control stations, digital vehicle repeater systems, and RF modems used for mobile data.
- e. **System:** The countywide emergency communications radio system and associated computer software, equipment, subsystems, and services.

2. PROCUREMENT PATH. County has organized a competitive procurement path for the purchase of certain dual-band (VHF and 800 MHz) portable radios and mobile radios. The grant of equipment under the procurement process requires Project 25 and P25 Phase 2 compliant radios and systems as indicated in paragraph 5, *infra*. In order to assist Agency in modernizing and enhancing its communication systems and to facilitate Agency's use of the System operated by BCJC, County has agreed to procure Sixty-one (61) portable radios, Twenty-seven (27) mobile radios, and Sixty-seven (67) pagers for Agency. The portable radios shall be Motorola APX8000XE or a similar model from the same manufacturer, and the mobile radios shall be Motorola APX8500 or a similar model from the same manufacturer, and the pagers shall be Unication G5+ P25 Dual Band or a similar model from the same manufacturer (fire only). Agency is also authorized to use \$31,970.25 for BCJC to purchase upgrades to Agency's existing radios that will allow the existing radio to comply with the other terms of this Agreement. The following shall apply to radios purchased by County for Agency under this Agreement:

- a. County will transfer ownership of the radios purchased under this Agreement to Agency and facilitate the transfer of all applicable warranties as permitted by the manufacturer. Agency agrees to accept ownership and title of the radios and comply with the provisions of this Agreement.
- b. Agency shall not transfer, sell, give, or otherwise dispose of any of the radios procured under this Agreement without the consent of BCJC.
- c. Agency will recognize the role of County's funding of its radios when describing its communication system.
- d. Agency shall be responsible for the costs of any accessories Agency desires for the radios provided herein, including extra batteries, charger banks, lapel mics, or any other accessory.
- e. Agency shall maintain such property and casualty insurance on the radios as Agency deems appropriate to protect against risk of loss.
- f. Agency shall be responsible for all costs related to the loss, breakage, misuse, or destruction of any radio provided under this Agreement.
- g. Agency shall inspect each radio upon receipt to ensure it is in good working order and programmed as desired by Agency.
- h. Agency will maintain a current and routinely updated inventory of all radios Agency uses to access the System. The updated inventory must include at a minimum the make, model number, serial number, acquisition date, Agency assigned asset tag or other identification ID, and original book value. Agency shall provide BCJC with a copy of that updated inventory record at least annually. Any radio not appearing on the inventory will not be permitted to access the System.
- i. Agency shall be responsible for funding and procuring additional and/or replacement radios as determined by Agency's needs. Agency shall be responsible for any additional radio features or substitutions that it requests at Agency's own cost.

3. USE OF THE RADIO SYSTEM. County, by and through BCJC, hereby grants Agency permission to use the System, subject to the following:

- a. Agency will send a representative to attend and participate in routine meetings convened by BCJC regarding the use and operation of the System.
- b. Agency shall comply with the rules, regulations, policies, and standards established by BCJC, all of which shall be made available to Agency.
- c. Agency will participate in after-action reviews of significant System impacts.
- d. Agency shall comply with all laws, rules, and regulations by any governing authority, including the FCC. If technical or other changes are mandated by the FCC then Agency must timely comply with said mandates at Agency's own cost.
- e. Agency shall cooperate with and implement at Agency's cost any upgrades or changes made to the System by BCJC no later than one year after receipt of notice from BCJC.
- f. Agency is prohibited from selling, assigning, or transferring any right or license to use the System, in whole or in part, to any other person or entity.
- g. Any Agency that is found to have tampered, misused, or used access to the System in a manner that does not comply with BCJC policies shall be subject to having the authorization for those radios to access the System revoked.
- h. Agency shall take whatever steps are necessary for it to be P25 Phase 2 compliant with all radios that use or access the System no later than January 1, 2028, as BCJC will discontinue the VHF/800 MHz overlay on or about January 2, 2028.

4. INFRASTRUCTURE.

- a. **Operation, Maintenance and Support.** County, by and through BCJC, will be responsible for the operation, technical performance, preventative maintenance, modifications/additions, hardware/software upgrades, routine repairs, and emergency restoration of the Infrastructure. BCJC will oversee and manage contractors authorized to maintain and support the Infrastructure. BCJC will comply with all FCC and other authoritative rules and regulations regarding the operations of the System. BCJC will provide notice of any voluntary upgrades or compliance mandates to the System which will impact Agency.
- b. **Physical Security.** BCJC will ensure that reasonable physical security measures are taken to protect the equipment sites of the Infrastructure.
- c. **Critical System Data.** BCJC will take reasonable steps to ensure that System data, custom configurations, interoperability and fleetmapping templates are regularly backed up. BCJC will not be responsible for the retention of data, in either an encrypted or nonencrypted format, for purposes of Agency record keeping or potential evidence retention.
- d. **Radio Licenses.** BCJC is the named licensee and will be responsible to acquire and maintain all licenses required by the FCC for the operation of the System. BCJC will investigate and remediate any complaints of interference or substandard performance of the System. BCJC will comply with all applicable laws, rules, and regulations including FCC regulations in its administration of radio licenses.
- e. **Backup Network Testing.** BCJC will schedule, coordinate, and conduct tests of backup systems, including countywide all-Agency drills, consistent with best practices.

5. PROGRAMMING, DATA CONVERSION, FLEETMAPPING & INTEROPERABILITY

TEMPLATE DESIGN. BCJC will be responsible for programming Subscriber Radios. Costs for conversion of GPS data and/or interface to CAD or other computer management systems will be the responsibility of the Agency. BCJC will be responsible for initial and ongoing fleetmapping and interoperability template design and codeplug provision for all user Agencies. Any Agency radio that is found to have configurations not approved and programmed by BCJC may have its authorization to access the System revoked in accordance with BCJC policies. Agency will be responsible to verify all programming conducted by BCJC is working as intended for Agency's use and will promptly notify BCJC of any apparent errors in programming so that any programming errors can be corrected in a timely fashion, typically within 30 days of the receipt of notice. BCJC is not responsible for any unreported programming errors.

6. LOSS OR THEFT. Agency shall notify BCJC as soon as reasonably possible upon discovery of the loss or theft of any Subscriber Radios, but in no case later than 48 hours from such discovery. BCJC will suspend the missing Subscriber Radios electronic registration with the System in order to prevent unauthorized access to the System.

**BOONE COUNTY JOINT COMMUNICATIONS
INTEROPERABLE RADIO SYSTEM
COOPERATIVE AGREEMENT**

THIS AGREEMENT dated the _____ day of _____, 2026, is entered into by and between Boone County, Missouri (County), by and through Boone County Joint Communications (BCJC), and City of Columbia Police Department, by and through the City of Columbia (Agency):

WHEREAS, County, by and through BCJC, desires to construct and implement an 800 MHz radio system for communication among first responders in Boone County to enhance communications and increase safety for first responders; and

WHEREAS, BCJC intends to operate its legacy VHF system in parallel with the new 800 MHz for a period of time to facilitate an orderly transition to a primary 800 MHz system; and

WHEREAS, in order to assist first responder agencies in Boone County with this radio system enhancement, County has made available certain funding for the acquisition of dual-band, VHF and 800 MHz radios, or funding for upgrades to existing radios currently owned by first responder agencies, for the initial acquisition or upgrade of Agency's radio inventory; and

WHEREAS, Agency understands that this funding is one-time funding and that repairs to and the ultimate replacement of radios acquired or upgraded pursuant to this County program will be the sole responsibility of the Agency; and

WHEREAS, Agency agrees to operate radios using or accessing BCJC's radio system in accordance with BCJC's radio policies and procedures and the terms of this Agreement; and

WHEREAS, County and Agency have the authority to cooperate with each other for the purposes of this Agreement pursuant to RSMo §70.220;

NOW, THEREFORE, it is agreed by and between the parties as follows:

1. DEFINITIONS.

- a. **Encryption:** The conversion of data into a cipher text that cannot be understood by unauthorized entities.
- b. **Infrastructure:** All fixed electronic and civil components that make up the System owned and operated by BCJC. This includes owned or leased radio towers, monopoles, rooftop or water tower installations, RF transmitters, microwave components, combiners, repeaters, antenna systems, controllers, comparators, routers, GPS time standards, and other network hardware, equipment shelters, HVAC subsystems, UPS and emergency power generator systems, and countywide recording systems.
- c. **Project 25 or P25 Phase 2:** A set of open system standards for interoperable digital public radio systems which standardizes the interfaces between the various components of the Infrastructure and the System. The P25 standards are developed and maintained by the Telecommunications Industry Association (TIA) on behalf of

the Association of Public Safety Communications Officials International (APCO).

- d. **Subscriber Radios:** An Agency's mobile radios, portable radios, base radios, desktop control stations, digital vehicle repeater systems, and RF modems used for mobile data.
- e. **System:** The countywide emergency communications radio system and associated computer software, equipment, subsystems, and services.

2. **PROCUREMENT PATH.** County has organized a competitive procurement path for the purchase of certain dual-band (VHF and 800 MHz) portable radios and mobile radios. The grant of equipment under the procurement process requires Project 25 and P25 Phase 2 compliant radios and systems as indicated in paragraph 5, *infra*. In order to assist Agency in modernizing and enhancing its communication systems and to facilitate Agency's use of the System operated by BCJC, County has agreed to procure Two Hundred Thirty-Seven (237) portable radios and One Hundred Nineteen (119) mobile radios for Agency. The portable radios shall be L3Harris XL-200P or a similar model from the same manufacturer, and the mobile radios shall be L3Harris XL-200M or a similar model from the same manufacturer. Agency is also authorized to use \$0.00 for BCJC to purchase upgrades to Agency's existing radios that will allow the existing radio to comply with the other terms of this Agreement. The following shall apply to radios purchased by County for Agency under this Agreement:

- a. County will transfer ownership of the radios purchased under this Agreement to Agency and facilitate the transfer of all applicable warranties as permitted by the manufacturer. Agency agrees to accept ownership and title of the radios and comply with the provisions of this Agreement.
- b. Agency shall not transfer, sell, give, or otherwise dispose of any of the radios procured under this Agreement without the consent of BCJC.
- c. Agency will recognize the role of County's funding of its radios when describing its communication system.
- d. Agency shall be responsible for the costs of any additional accessories Agency desires for the radios provided herein, including extra batteries, charger banks, lapel mics, or any other accessory.
- e. Agency shall maintain such property and casualty insurance on the radios as Agency deems appropriate to protect against risk of loss.
- f. Agency shall be responsible for all costs related to the loss, breakage, misuse, or destruction of any radio provided under this Agreement.
- g. Agency shall inspect each radio upon receipt to ensure it is in good working order and programmed as desired by Agency.
- h. Agency will maintain a current and routinely updated inventory of all radios Agency uses to access the System. The updated inventory must include at a minimum the make, model number, serial number, acquisition date, Agency assigned asset tag or other identification ID, and original book value. Agency shall provide BCJC with a copy of that updated inventory record at least annually. Any radio not appearing on the inventory will not be permitted to access the System.
- i. Agency shall be responsible for funding and procuring additional and/or replacement radios as determined by Agency's needs. Agency shall be responsible for any additional radio features or substitutions that it requests at Agency's own cost.

3. **USE OF THE RADIO SYSTEM.** County, by and through BCJC, hereby grants Agency permission to use the System, subject to the following:

- a. Agency will send a representative to attend and participate in routine meetings convened by BCJC regarding the use and operation of the System.
- b. Agency shall comply with the rules, regulations, policies, and standards established by BCJC, all of which shall be made available to Agency.
- c. Agency will participate in after-action reviews of significant System impacts.
- d. Agency shall comply with all laws, rules, and regulations by any governing authority, including the FCC. If technical or other changes are mandated by the FCC then Agency must timely comply with said mandates at Agency's own cost.
- e. Agency shall cooperate with and implement at Agency's cost any upgrades or changes to Agency's own equipment that may be required to comply with upgrades and changes made to the System by BCJC no later than one year after receipt of notice from BCJC.
- f. Agency is prohibited from selling, assigning, or transferring any right or license to use the System, in whole or in part, to any other person or entity.
- g. Any Agency that is found to have tampered, misused, or used access to the System in a manner that does not comply with BCJC policies shall be subject to having the authorization for those radios to access the System revoked.
- h. Agency shall take whatever steps are necessary for it to be P25 Phase 2 compliant with all radios that use or access the System no later than January 1, 2028, as BCJC will discontinue the VHF/800 MHz overlay on or about January 2, 2028.

4. **INFRASTRUCTURE.**

- a. **Operation, Maintenance and Support.** County, by and through BCJC, will be responsible for the operation, technical performance, preventative maintenance, modifications/additions, hardware/software upgrades, routine repairs, and emergency restoration of the Infrastructure. BCJC will oversee and manage contractors authorized to maintain and support the Infrastructure. **BOONE COUNTY JOINT COMMUNICATIONS
INTEROPERABLE RADIO SYSTEM
COOPERATIVE AGREEMENT**

THIS AGREEMENT into by and between **Boone County, Missouri** (County), by and through Boone County Joint Communications (BCJC), and City of Columbia, a municipal corporation of the State of Missouri (Agency), and effective on the date of the last signatory (Effective Date),

WHEREAS, County, by and through BCJC, desires to construct and implement an 800 MHz radio system for communication among first responders in Boone County to enhance communications and increase safety for first responders; and

WHEREAS, BCJC intends to operate its legacy VHF system in parallel with the new 800 MHz for a period of time to facilitate an orderly transition to a primary 800 MHz system; and

WHEREAS, in order to assist first responder agencies in Boone County with this radio system enhancement, County has made available certain funding for the acquisition of dual-band, VHF and 800 MHz radios, or funding for upgrades to existing radios currently owned by first responder agencies, for the initial acquisition or upgrade of Agency's radio inventory; and

WHEREAS, Agency understands that this funding is one-time funding and that repairs to and the ultimate replacement of radios acquired or upgraded pursuant to this County program will be the sole responsibility of the Agency; and

WHEREAS, Agency agrees to operate radios using or accessing BCJC's radio system in accordance with BCJC's radio policies and procedures and the terms of this Agreement; and

WHEREAS, County and Agency have the authority to cooperate with each other for the purposes of this Agreement pursuant to RSMo §70.220;

NOW, THEREFORE, It is agreed by and between the parties as follows:

1. DEFINITIONS.

- a. **Encryption:** The conversion of data into a cipher text that cannot be understood by unauthorized entities.
- b. **Infrastructure:** All fixed electronic and civil components that make up the System owned and operated by BCJC. This includes owned or leased radio towers, monopoles, rooftop or water tower installations, RF transmitters, microwave components, combiners, repeaters, antenna systems, controllers, comparators, routers, GPS time standards, and other network hardware, equipment shelters, HVAC subsystems, UPS and emergency power generator systems, and countywide recording systems.
- c. **Project 25 or P25 Phase 2:** A set of open system standards for interoperable digital public radio systems which standardizes the interfaces between the various components of the Infrastructure and the System. The P25 standards are developed and maintained by the Telecommunications Industry Association (TIA) on behalf of the Association of Public Safety Communications Officials International (APCO).
- d. **Subscriber Radios:** An Agency's mobile radios, portable radios, base radios, desktop

control stations, digital vehicle repeater systems, and RF modems used for mobile data.

- e. **System:** The countywide emergency communications radio system and associated computer software, equipment, subsystems, and services.

2. **PROCUREMENT PATH.** County has organized a competitive procurement path for the purchase of certain dual-band (VHF and 800 MHz) portable radios and mobile radios. The grant of equipment under the procurement process requires Project 25 and P25 Phase 2 compliant radios and systems as indicated in paragraph 5, *infra*. In order to assist Agency in modernizing and enhancing its communication systems and to facilitate Agency's use of the System operated by BCJC, County has agreed to procure Seventy-one (71) portable radios, Fifty-five (55) mobile radios, and Thirty-two (32) pagers for Agency. The portable radios shall be Motorola APX8000XE or APX NEXT or a similar model from the same manufacturer, the mobile radios shall be Motorola APX8500 or a similar model from the same manufacturer, and the pagers shall be Unication G5+ P25 Dual Band or a similar model from the same manufacturer. Agency is also authorized to use \$190,924.06 for BCJC to purchase upgrades to Agency's existing radios that will allow the existing radio to comply with the other terms of this Agreement. The following shall apply to radios purchased by County for Agency under this Agreement:

- a. County will transfer ownership of the radios purchased under this Agreement to Agency and facilitate the transfer of all applicable warranties as permitted by the manufacturer. Agency agrees to accept ownership and title of the radios and comply with the provisions of this Agreement.
- b. Agency shall not transfer, sell, give, or otherwise dispose of any of the radios procured under this Agreement without the consent of BCJC.
- c. Agency will recognize the role of County's funding of its radios when describing its communication system.
- d. Agency shall be responsible for the costs of any additional accessories not already provided for under this agreement Agency desires for the radios provided herein, including extra batteries, charger banks, lapel mics, or any other accessory.
- e. Agency shall maintain such property and casualty insurance on the radios as Agency deems appropriate to protect against risk of loss.
- f. Agency shall be responsible for all costs related to the loss, breakage, misuse, or destruction of any radio provided under this Agreement.
- g. Agency shall inspect each radio upon receipt to ensure it is in good working order and programmed as desired by Agency.
- h. Agency will maintain a current and routinely updated inventory of all radios Agency uses to access the System. The updated inventory must include at a minimum the make, model number, serial number, acquisition date, Agency assigned asset tag or other identification ID, and original book value. Agency shall provide BCJC with a copy of that updated inventory record at least annually. Any radio not appearing on the inventory will not be permitted to access the System.
- i. Agency shall be responsible for funding and procuring additional and/or replacement radios as determined by Agency's needs. Agency shall be responsible for any additional radio features or substitutions that it requests at Agency's own cost.

3. **USE OF THE RADIO SYSTEM.** County, by and through BCJC, hereby grants Agency permission to use the System, subject to the following:

- a. Agency will send a representative to attend and participate in routine meetings convened by BCJC regarding the use and operation of the System.
- b. Agency shall comply with the rules, regulations, policies, and standards established by BCJC, all of which shall be made available to Agency.
- c. Agency will participate in after-action reviews of significant System impacts.
- d. Agency shall comply with all laws, rules, and regulations by any governing authority, including the FCC. If technical or other changes are mandated by the FCC then Agency must timely comply with said mandates at Agency's own cost.
- e. Agency shall cooperate with and implement at Agency's cost any upgrades or changes to Agency's own equipment that may be required to comply with upgrades and changes made to the System by BCJC no later than one year after receipt of notice from BCJC.
- f. Agency is prohibited from selling, assigning, or transferring any right or license to use the System, in whole or in part, to any other person or entity.
- g. Any Agency that is found to have tampered, misused, or used access to the System in a manner that does not comply with BCJC policies shall be subject to having the authorization for those radios to access the System revoked.
- h. Agency shall take whatever steps are necessary for it to be P25 Phase 2 compliant with all radios that use or access the System no later than January 1, 2028, as BCJC will discontinue the VHF/800 MHz overlay on or about January 2, 2028.

4. INFRASTRUCTURE.

- a. **Operation, Maintenance and Support.** County, by and through BCJC, will be responsible for the operation, technical performance, preventative maintenance, modifications/additions, hardware/software upgrades, routine repairs, and emergency restoration of the Infrastructure. BCJC will oversee and manage contractors authorized to maintain and support the Infrastructure. BCJC will comply with all FCC and other authoritative rules and regulations regarding the operations of the System. BCJC will provide notice of any voluntary upgrades or compliance mandates to the System which will impact Agency.
- b. **Physical Security.** BCJC will ensure that reasonable physical security measures are taken to protect the equipment sites of the Infrastructure.
- c. **Critical System Data.** BCJC will take reasonable steps to ensure that System data, custom configurations, interoperability and fleetmapping templates are regularly backed up. BCJC will not be responsible for the retention of data, in either an encrypted or nonencrypted format, for purposes of Agency record keeping or potential evidence retention.
- d. **Radio Licenses.** BCJC is the named licensee and will be responsible to acquire and maintain all licenses required by the FCC for the operation of the System. BCJC will investigate and remediate any complaints of interference or substandard performance of the System. BCJC will comply with all applicable laws, rules, and regulations including FCC regulations in its administration of radio licenses.
- e. **Backup Network Testing.** BCJC will schedule, coordinate, and conduct tests of backup systems, including countywide all-Agency drills, consistent with best practices.

5. PROGRAMMING, DATA CONVERSION, FLEETMAPPING & INTEROPERABILITY TEMPLATE DESIGN. BCJC shall establish and maintain system-level programming standards reasonably

necessary to protect the integrity, interoperability, security, and lawful operation of the System. Agency shall retain ownership and operational authority over its Subscriber Radios and its agency-specific codeplug content, including talkgroup layout, zone organization, scan configuration, and other operational settings, provided such programming remains compliant with BCJC's published technical standards for access to the System. BCJC may perform initial programming or may require submission of radios or codeplug files for validation of compliance with those technical standards before a radio is authorized on the System. BCJC shall not reasonably withhold, condition, or delay approval of Agency programming that complies with such standards. BCJC's review and approval authority is limited to those programming elements that materially affect System integrity, interoperability, security, lawful operation, or network performance, and shall not extend to purely agency-specific operational preferences that do not create a material adverse impact on the System. If BCJC determines that a radio configuration is noncompliant, BCJC shall provide the Agency written notice identifying the specific noncompliant element and a reasonable opportunity to cure before revoking System access, except in the event of an immediate threat to System security, integrity, or lawful operation. Agency shall remain responsible for verifying that approved programming functions as intended for its operational use and shall promptly notify BCJC of any apparent programming errors.

6. **LOSS OR THEFT.** Agency shall notify BCJC as soon as reasonably possible upon discovery of the loss or theft of any Subscriber Radios, but in no case later than 48 hours from such discovery. BCJC will suspend the missing Subscriber Radios electronic registration with the System in order to prevent unauthorized access to the System.

7. **NOTICES.** Any notice, request, or other communication required by this Agreement shall be provided in writing, including electronic mail communication with a signatory, or their successor, of this Agreement, or by United States postal service at the addresses specified below.

Proposal Abstract

Project Name: Boone County Violent Crimes Victim Assistant Program

Purpose: The Boone County Prosecutor's Office seeks to address critical service gaps for victims of violent crime caused by overwhelming caseloads and limited personnel resources . Currently, high volumes prevent consistent outreach and the intensive, one-on-one advocacy required for complex cases that often take years to resolve. This project will implement a dedicated **Violent Crimes Victim Assistant** to provide crisis intervention, legal navigation, and comprehensive case management. The goal is to transform the victim experience by ensuring individuals are treated with dignity, compassion, and respect throughout the recovery and healing process .

Service Area: Boone County, Missouri

Target Population: Victims and survivors of violent crimes, including homicide, non-negligent manslaughter, forcible rape, robbery, aggravated assault, and weapons offenses.

Activities: The project will execute five core functions:

- 1. **Rapid Response:** Initiating outreach to victims within 48 hours of law enforcement referral .
- 2. **Safety & Stabilization:** Conducting high-level risk assessments to develop individualized safety plans .
- 3. **Statutory Advocacy:** Educating victims on their rights and ensuring all mandated legal notifications are delivered .
- 4. **Comprehensive Case Management:** Providing end-to-end support with a guaranteed minimum contact every 30 days .
- 5. **Legal & Financial Liaison:** Guiding victims through the Crime Victim's Compensation (CVC) process and coordinating in-person meetings with prosecutors .

Subrecipient(s)/Partner Organizations: The project leverages established, voluntary relationships with community support networks and social service providers for tailored referrals; there are no subrecipients receiving grant funds.

Deliverables and Expected Outcomes:

- **Deliverable:** Development of a **Resource Coordination Guide** for crime victims .
- **Outcome 1:** 95% of violent crime victims receive immediate outreach within 48 hours .
- **Outcome 2:** 100% of victims receive written, individualized resource plans within 30 days .
- **Outcome 3:** 95% of victims have an in-person meeting with a prosecutor coordinated within 30 days .
- **Outcome 4:** 100% of victims are made aware of and assisted with CVC applications

1. BASIC INFORMATION

Purpose of the Funding

The Office of Justice Programs (OJP) is committed to advancing work that furthers U.S. Department of Justice's (DOJ) mission to keep our country safe and secure and uphold the rule of law and protect the rights of American citizens. OJP provides federal leadership, funding, and other critical resources to directly support law enforcement, combat violent crime, protect American children, provide services to American crime victims, and address public safety challenges, including human trafficking and the opioid crisis.

This is a notice of funding opportunity (NOFO) for the **OVC FY 2026 Services for Victims of Crime**. This opportunity supports the development, expansion, and strengthening of victim service programs for all victims of crime throughout the United States and its territories. OVC invites proposals for projects to provide direct services to all victims of crime, including child and youth victims; victims of elder abuse, fraud, and exploitation; and other types of crime victims. Victim services may include, but are not limited to, emergency assistance, case management, shelter and housing, medical and dental care, victim advocacy, transportation, childcare, legal services, and employment assistance. All services proposed under this program must directly address the needs of crime victims.

OVC has dedicated funding streams and grant opportunities for services for victims of human trafficking. As such, human trafficking projects are not eligible for this funding opportunity.

See the [Eligible Applicants](#) section for eligibility details.

Agency Funding Priorities

To help meet its mission, OJP may give priority consideration to applications proposing (as applicable within the scope of this NOFO) projects designed to advance the goals listed below:

1. Out of program scope is any program or activity, at any tier that, directly or indirectly, violates (or promotes or facilitates the violation of) federal immigration law (including 8 U.S.C. § 1373) or impedes or hinders the enforcement of federal immigration law—including by failing to comply with 8 U.S.C. § 1373, give access

3. As specified in the [DOJ Grants Financial Guide](#), in Chapter 3.13 “Unallowable Costs” (“Legal Services for Aliens”), any obligations of funds, at any tier, under this award to provide (or to support the provision of) legal services to any removable alien or any alien otherwise unlawfully present in the United States shall be unallowable costs for purposes any award made under this notice, but the foregoing shall not be understood to apply: (1) to legal services to obtain protection orders for victims of crime; or (2) to immigration-related legal services that may be expressly authorized or required by any law, or any judicial ruling, governing or applicable to the award.

Goals and Objectives of this Funding Opportunity

Goal 1: Increase the quality and quantity of victim services.

Dear Director,

The County of Boone, Missouri and the Boone County Prosecuting Attorney's Office certifies that any funds received through the OVC FY2026 Services for Victim of Crime, will not be used for the following out-of-scope activities:

- Promoting or facilitating the violation of federal immigration law.
- Inculcating or promoting gender ideology as defined in Executive Order 14168.

- Activities that frame domestic violence or sexual assault as systemic social justice issues rather than criminal offenses (e.g., prioritizing criminal justice reform or social justice theories over victim safety and offender accountability).
- Generic community engagement or economic development without a clear link to violence prevention, victim safety, or offender accountability.
- Programs that discourage collaboration with law enforcement or oppose or limit the role of police, prosecutors, or immigration enforcement in addressing violence against women.
- Awareness campaigns or media that do not lead to tangible improvements in prevention, victim safety, or offender accountability.
- Initiatives that prioritize illegal aliens over U.S. citizens and legal residents in receiving victim services and support.

- Excessive funding for consulting fees, training, administrative costs, or other expenses not related to measurable violence prevention, victim support, and offender accountability.
- Research projects.
- Any activity or program that unlawfully violates an Executive Order.

It is noted that nothing in this certification prohibits recipients from serving all eligible victims as required by statute, regulation, or award condition.

Acknowledgement of Notice of Statutory Requirement to Comply with the Confidentiality and Privacy Provisions of the Violence Against Women Act, as Amended

Under section 40002(b)(2) of the Violence Against Women Act, as amended (34 U.S.C. 12291(b)(2)), grantees and subgrantees with funding from the Office on Violence Against Women (OVW) are required to meet the following terms with regard to nondisclosure of confidential or private information and to document their compliance. By signature on this form, applicants for grants from OVW are acknowledging that that they have notice that, if awarded funds, they will be required to comply with this provision, and will mandate that subgrantees, if any, comply with this provision, and will create and maintain documentation of compliance, such as policies and procedures for release of victim information, and will mandate that subgrantees, if any, will do so as well.

(A) In general

In order to ensure the safety of adult, youth, and child victims of domestic violence, dating violence, sexual assault, or stalking, and their families, grantees and subgrantees under this subchapter shall protect the confidentiality and privacy of persons receiving services.

(B) Nondisclosure

Subject to subparagraphs (C) and (D), grantees and subgrantees shall not—

- (i) disclose, reveal, or release any personally identifying information or individual information collected in connection with services requested, utilized, or denied through grantees' and subgrantees' programs, regardless of whether the information has been encoded, encrypted, hashed, or otherwise protected; or
- (ii) disclose, reveal, or release individual client information without the informed, written, reasonably time-limited consent of the person (or in the case of an unemancipated minor, the minor and the parent or guardian or in the case of legal incapacity, a court-appointed guardian) about whom information is sought, whether for this program or any other Federal, State, tribal, or territorial grant program, except that consent for release may not be given by the abuser of the minor, incapacitated person, or the abuser of the other parent of the minor.

If a minor or a person with a legally appointed guardian is permitted by law to receive services without the parent's or guardian's consent, the minor or person with a guardian may release information without additional consent.

(C) Release

If release of information described in subparagraph (B) is compelled by statutory or court mandate—

- (i) grantees and subgrantees shall make reasonable attempts to provide notice to victims affected by the disclosure of information; and
- (ii) grantees and subgrantees shall take steps necessary to protect the privacy and safety of the persons affected by the release of the information.

(D) Information sharing

(i) Grantees and subgrantees may share—

(I) nonpersonally identifying data in the aggregate regarding services to their clients and nonpersonally identifying demographic information in order to comply with Federal, State, tribal, or territorial reporting, evaluation, or data collection requirements;

(II) court-generated information and law enforcement-generated information contained in secure, governmental registries for protection order enforcement purposes; and

(III) law enforcement-generated and prosecution-generated information necessary for law enforcement and prosecution purposes.

(ii) In no circumstances may—

(I) an adult, youth, or child victim of domestic violence, dating violence, sexual assault, or stalking be required to provide a consent to release his or her personally identifying information as a condition of eligibility for the services provided by the grantee or subgrantee;

(II) any personally identifying information be shared in order to comply with Federal, tribal, or State reporting, evaluation, or data collection requirements, whether for this program or any other Federal, tribal, or State grant program.

(E) Statutorily mandated reports of abuse or neglect

Nothing in this section prohibits a grantee or subgrantee from reporting suspected abuse or neglect, as those terms are defined and specifically mandated by the State or tribe involved.

(F) Oversight

Nothing in this paragraph shall prevent the Attorney General from disclosing grant activities authorized in this Act to the chairman and ranking members of the Committee on the Judiciary of the House of Representatives and the Committee on the Judiciary of the Senate exercising Congressional oversight authority. All disclosures shall protect confidentiality and omit personally identifying information, including location information about individuals.

(G) Confidentiality assessment and assurances

Grantees and subgrantees must document their compliance with the confidentiality and privacy provisions required under this section.

(H) Death of the party whose privacy had been protected

In the event of the death of any victim whose confidentiality and privacy is required to be protected under this subsection, grantees and subgrantees may share personally identifying

information or individual information that is collected about deceased victims being sought for a fatality review to the extent permitted by their jurisdiction's law and only if the following conditions are met:

(i) The underlying objectives of the fatality review are to prevent future deaths, enhance victim safety, and increase offender accountability.

(ii) The fatality review includes policies and protocols to protect identifying information, including identifying information about the victim's children, from further release outside the fatality review team.

(iii) The grantee or subgrantee makes a reasonable effort to get a release from the victim's personal representative (if one has been appointed) and from any surviving minor children or the guardian of such children (but not if the guardian is the abuser of the deceased parent), if the children are not capable of knowingly consenting.

(iv) The information released is limited to that which is necessary for the purposes of the fatality review.

As the duly authorized representative of the applicant, I hereby acknowledge that the applicant has received notice that if awarded funding they will comply with the above statutory requirements. This acknowledgement shall be treated as a material representation of fact upon which the Department of Justice will rely if it determines to award the covered transaction, grant, or cooperative agreement.
