# PROCLAMATION RECOGNIZING SEPTEMBER AS NATIONAL SUICIDE PREVENTION AWARENESS MONTH

- Whereas,* according to the Centers for Disease Control and Prevention, suicide is the tenth leading cause of death overall in the US, claiming the lives of over 48,824 people in 2024; and
- Whereas,* in the United States in 2024, there were over 2.5 times as many suicides as there were homicides, with the male suicide rate being 4 times higher than the female rate, with an average of 134 suicides completed daily and an estimated 2.2 million attempts made; and
- Whereas,* suicide is the second leading cause of death among individuals between the ages of 15-34; the fourth leading cause of death among individuals between the ages of 35-44; and the fifth leading cause of death among individuals between the ages of 45 and 54; and
- Whereas,* Boone County is not exempt from this devastating trend, with 149 suicides having been completed in Boone County between 2020 and 2024; and
- Whereas,* suicidal thoughts can affect anyone, regardless of age, gender, race, orientation, income level, religion, or background; and each and every suicide directly impacts a minimum of 100 individuals, including family, friends, co-workers, neighbors, and community members; and
- Whereas,* September, as National Suicide Prevention Awareness Month, is a time for all community members to gain an awareness of how they can help decrease the risk of suicide by speaking openly about the importance of mental health and the impacts of suicide; to help remove the surrounding stigmas; and to help provide access to support services for those in need; and
- Whereas,* local campaign Look Around Boone believes mental health is “everybody’s business,” in a literal sense, and therefore encourages the community to work toward reducing mental health stigma and encourages youth and families to address social, emotional, and behavioral concerns; and
- Whereas,* regional organizations, like the American Foundation for Suicide Prevention (AFSP) Greater Mid-Missouri Chapter and Suicide Prevention Services, and national organizations, like the National Alliance on Mental Illness (NAMI) and the 988 Suicide & Crisis Lifeline are on the front lines of a war many refuse to acknowledge, as suicide and mental health remain, for many, too uncomfortable to discuss.
- Therefore,* the Boone County Commission does hereby recognize September as National Suicide Prevention Awareness Month, identifies suicide prevention as a priority, and encourages all Boone County citizens to learn how they can help their loved ones and their community at large.

# PROCLAMATION RECOGNIZING BOONE COUNTY DWI COURT AS AN ALL RISE ACADEMY COURT

- Whereas,* treatment courts are the most successful resource for individuals with substance use, mental health, and trauma disorders in the justice system, offering effective alternatives to incarceration and providing opportunities for recovery through accountability; and
- Whereas,* treatment court participants have lower rates of recidivism than non-participants, with an average reduction in recidivism rates from 50% to 38%; and
- Whereas,* research has shown that treatment courts save an average of more than \$6,000 for every individual they serve, including reduced costs in court and prison expenditures, and provide additional economic benefits from increased tax revenues, lowered foster care expenses, and decreased costs related to victimization; and
- Whereas,* the first treatment court in Boone County, Missouri, Adult Drug Court, was established in 1998 and based on its success, Boone County established Mental Health Court in 2003, DWI Court in 2010, and Veterans Treatment Court in 2013; and
- Whereas,* the Boone County DWI Court was established to connect high-risk impaired drivers with a plan to address the root cause of their substance use, thus reducing their risk to public safety and likelihood of recidivism, and improving their chances of recovery; and
- Whereas,* Boone County DWI Court goes beyond the traditional model involving courts, legal counsel, and law enforcement, and offers a wrap-around approach that addresses not only the behavior, but the factors leading to the behavior by providing therapy, psychiatry, medication management, peer support, HEAT and HER curricula, Seeking Safety, MRT, job readiness training, and more, as well as post-completion support; and
- Whereas,* in 2026, Boone County DWI Court was designated as an Academy Court by All Rise and Impaired Driving Solutions, a distinction bestowed upon only four courts in the nation that recognizes excellence in accountability courts and commitment to justice and public safety; and
- Whereas,* programs designated as Academy Courts facilitate foundational trainings, host staff from other jurisdictions for site visits, play a significant role in participating in research and media, and serve as a national model.
- Therefore,* we do hereby recognize the designation of Boone County DWI Court as an Academy Court by All Rise and Impaired Driving Solutions, and applaud the hard work done by both the professionals of the program and its participants.

- B. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with all Highway Safety Grant Programs and, in adapted form, in all proposals for negotiated agreements regardless of funding source:  
*"The [name of Recipient], in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award."*
- C. The Recipient will insert the clauses of appendix A and E of DOT Order 1050.2A in every contract or agreement subject to the Acts and the Regulations.
- D. The Recipient will insert the clauses of appendix B of DOT Order 1050.2A, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.
- E. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.
- F. That where the Recipient receives Federal financial assistance in the form of, or for the acquisition of, real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.
- G. That the Recipient will include the clauses set forth in appendix C and appendix D of DOT Order 1050.2A, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:
  1. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and

**XXV. BUY AMERICA ACT**

(Applies to subrecipients as well as States)

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase only steel, iron and manufactured products produced in the United States with Federal funds, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the

cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification to and approved by the Secretary of Transportation.

All items purchased must be compliant with the National Highway Traffic Safety Administration (NHTSA) interpretation of the Buy America Act including, but not limited to:

1. Items valued over \$5,000 per unit must be manufactured or assembled in the United States of America, or as allowed by a current Buy America Act waiver issued by the NHTSA;
2. All vehicles, motorcycles, trailers, and other similar conveyances must be manufactured or assembled in the United States of America regardless of cost.

Furthermore, the State and each subrecipient will follow the guidelines of 2 C.F.R. § 200.322, Domestic Preferences for Procurements. As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States.

**\*Waiver of Buy America Requirements for De Minimis Costs and Small Grants**

Effective August 16, 2023, the United States Department of Transportation published a public interest waiver of the Buy America, Build America Act's domestic preference requirements for iron and steel, manufactured products, and construction materials used in projects funded under DOT-administered financial assistance programs for iron, steel, manufactured products, and construction materials under a single financial assistance award for which the total amount of Federal financial assistance applied to the project, through awards or subawards, is below \$500,000. Therefore, until this waiver expires or is otherwise terminated, the Buy America Act requirements stipulated above will only apply should this contract total \$500,000 or more.

**XXVI. PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE**

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

States are also encouraged to conduct workplace safety initiatives in a manner commensurate with the size of the business, such as establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving, and education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

**XXIX. PARTICIPATION IN HIGHWAY SAFETY PARTNERSHIPS**

All subrecipients are strongly encouraged to participate in Highway Safety sponsored functions including, but not limited to, Missouri Coalition for Roadway Safety regional meetings, applicable subcommittees and conferences; working groups; dedicated enforcement workshops; and grant application and contract award workshops. Subrecipient agencies with positions that are funded via Highway Safety grants are expected to participate (or send a representative) in the above functions as much as possible.

**XXX. PROHIBITION ON TELECOMMUNICATIONS AND VIDEO SURVEILLANCE**

The National Defense Authorization Act of Fiscal Year 2019 (Pub. L. 115-232) prohibits Federal grant funds from being obligated or expended to procure or obtain (or to enter into, extend, or renew a contract to procure or obtain) certain covered telecommunications equipment, services, or systems. States and subrecipients should refer to the Super Circular for more information on what equipment and companies this prohibition covers.

Equipment regularly purchased under NHTSA grants that may be subject to this provision could include : mobile phones, landlines, and the internet. Note that this provision prohibits purchasing these (and other) items produced by certain companies; items produced by non-prohibited companies are still potentially allowable.

## EXECUTIVE SUMMARY

---

Boone County and the City of Columbia, which is the county seat, consistently have problems with Drinking-Involved crashes. During the 2026-2027 grant year, we plan to continue to utilize our two Full-Time Impaired Driving / Traffic Unit to assist in addressing impaired driving on a regular nightly basis.

## PROBLEM IDENTIFICATION

---

Per the FY24-26 Triennial Highway Safety Plan, substance-impaired drivers contributed to 22% of Missouri's traffic crash fatalities during the past five years. Alcohol remains the primary contributor to substance-impaired driving crashes; however, the number of persons under the influence of prescription medications and/or illicit drugs has increased significantly over the past decade. With recreational marijuana now legal in Missouri, there are concerns this trend will continue.

Male drivers were more likely than females to be involved in substance-impaired driving crashes. During the past five years, males were responsible for 81.7% of substance-impaired driving fatalities. Ten percent of the children less than 15 years of age, who were killed in motor vehicle crashes over the last five years, were riding with a substance-impaired driver.

Depending on the jurisdiction, impaired driving offenses in Missouri are prosecuted differently. Prosecutors and judges may not always be aware of the severity of the impaired driving problem or how to best provide treatment for an offender.

In the past three years (2023-2025) there have been 6,363 reported crashes in Boone County. Of those 6,224 crashes, 334 were Drinking-Involved crashes and 376 were Drinking and/or Drug Involved crashes. Of the 334 Drinking-Involved crashes, 122 of the crashes involved injury and 8 were fatal. Of the 376 Drinking and/or Drug Involved crashes, 145 of the crashes involved injury and 14 involved a fatality.

Boone County and the City of Columbia, which is the county seat, consistently have problems with Drinking-Involved crashes. Below are some of the rankings (2022-2024), which show how Boone County and the City of Columbia compare to the rest of the Missouri counties and cities when it comes to drinking-involved crashes.

- Alcohol Involved Traffic Crashes - Boone County ranked 7th (345) / City of Columbia ranked 7th (216)
- Disabling Alcohol Involved Traffic Crashes - Boone County ranked 13th (23) / City of Columbia ranked 7th (12)
- Fatal Alcohol Involved Traffic Crashes - Boone County ranked 4th (6) / City of Columbia ranked 3rd (5)

In 2025, the Boone County Sheriff's Office made at least 169 arrests for DWI. In 2025, Boone County experienced 110 total crashes involving drinking and/or drugs, one fatal drinking/drug-involved motor vehicle crash (one total death), 44 personal injury drinking/drug-involved crashes (65 persons injured), and 65 property damage drinking/drug-involved crashes.

Our continued efforts have driven down drinking and/or drug involved fatal crashes but the total number of crashes, personal injury, and property damage crashes has risen. In 2024, Boone County experienced 88 total crashes involving drinking and/or drugs, 5 fatal drinking/drug-involved motor vehicle crashes (5 total deaths), 36 personal injury drinking/drug-involved crashes (62 persons injured), and 47 property damage drinking/drug-involved crashes.

Impaired driving continues to be a serious problem in Boone County.

## GOALS/OBJECTIVES

---

As outlined in the FY24-26 Triennial Highway Safety Plan, Core Performance Measure Goal:

Based on a goal of 0 fatalities by 2030, Missouri is setting a five-year average alcohol-involved fatality target of 232.6 by December 31, 2026.

The goal of the Boone County Sheriff's Office is to continue our commitment to combating impaired driving and support the state goal of decreasing impaired driving fatalities annually. During the 2026-2027 grant year, we plan to continue to utilize our Full-Time DWI / Traffic Unit to assist in addressing impaired driving on a regular nightly basis, in addition to conducting DWI saturation patrols throughout the year.

An objective is for our Full-Time Impaired Driving / Traffic unit to maintain a high profile, which includes outreach opportunities and highly visible patrol activities.

## PROJECT DESCRIPTION

---

The Boone County Sheriff's Office plans to continue using our Full-Time Impaired Driving/Traffic Unit personnel to combat impaired driving. This grant will assist in funding the salary and benefit costs of the two members of the Traffic Unit who will be tasked with conducting impaired driving enforcement.

Boone County continues to be one of the top-ranking counties in the state for drinking-involved traffic crashes. We believe our enforcement efforts make a difference in drinking-involved crashes and we plan to continue these efforts to address the crashes involving impaired drivers.

As described in the supplemental section, these units will primarily work evening, night, and early morning hours (between 4:00 p.m. and 4:00 a.m.) throughout the week. They will be assigned as Traffic Enforcement Deputies and primarily tasked with focusing on arresting impaired drivers throughout Boone County. They will work high traffic areas, problem roadways (like U.S. 63, Interstate 70, MO 163, etc.), and other roadways around Boone County.

## PROJECT EVALUATION

---

The MHTC will administratively evaluate this project. Evaluation will be based, at a minimum, upon the following:

1. Law enforcement compliance with state MIBRS, Racial Profiling, and MOCARS reporting requirements (law enforcement contracts only)
2. Timely submission of monthly reimbursement vouchers and appropriate documentation to support reimbursement for expenditures (i.e., personal services, equipment, materials)
3. Timely submission of periodic reports (i.e., monthly, quarterly) as required
4. Timely submission of the Year End Report of activity (due within 30 days after contract completion date)
5. Attaining the Goals set forth in this contract
6. Accomplishing the Objectives established to meet the project Goals, such as:
  - Enforcement activities (planned activities compared with actual activities)
  - Programs (number and success of programs held compared to planned programs, evaluations if available)
  - Training (actual vs. anticipated enrollment, student evaluations of the class, student test scores on course examinations, location of classes, class cancellation information)
  - Equipment purchases (timely purchase of equipment utilized to support and enhance the traffic safety effort; documentation of equipment use and frequency of use)
  - Public awareness activities (media releases, promotion events, or education materials produced or purchased)
  - Other (any other information or material that supports the Objectives)
7. The project will be evaluated by the Highway Safety and Traffic Division through annual crash analysis

Evaluation results will be used to determine:

- The success of this type of activity in general and this particular project specifically ;
- Whether similar activities should be supported in the future; and
- Whether grantee will receive funding for future projects

The project will be evaluated by looking at the impaired driving crashes and the enforcement conducted by the deputies assigned to the grant. The data collected will help the agency focus on the areas that need patrolled more heavily to try to prevent crashes in those high crash areas.

Instructions for Primary Tier Participant Certification (States)

- A. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR Parts 180 and 1200.
- B. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- C. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.

A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the System for Award Management Exclusions website (<https://www.sam.gov/>).
- I. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. - J. Except for transactions authorized under paragraph F of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate the transaction for cause or default.

## XXV. BUY AMERICA ACT

(Applies to subrecipients as well as States)

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase only steel, iron and manufactured products produced in the United States with Federal funds, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the

## CONTRACT CONDITIONS - PAGE 12

cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification to and approved by the Secretary of Transportation.

All items purchased must be compliant with the National Highway Traffic Safety Administration (NHTSA) interpretation of the Buy America Act including, but not limited to:

1. Items valued over \$5,000 per unit must be manufactured or assembled in the United States of America, or as allowed by a current Buy America Act waiver issued by the NHTSA;
2. All vehicles, motorcycles, trailers, and other similar conveyances must be manufactured or assembled in the United States of America regardless of cost.

Furthermore, the State and each subrecipient will follow the guidelines of 2 C.F.R. § 200.322, Domestic Preferences for Procurements. As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States.

### **\*Waiver of Buy America Requirements for De Minimis Costs and Small Grants**

Effective August 16, 2023, the United States Department of Transportation published a public interest waiver of the Buy America, Build America Act's domestic preference requirements for iron and steel, manufactured products, and construction materials used in projects funded under DOT-administered financial assistance programs for iron, steel, manufactured products, and construction materials under a single financial assistance award for which the total amount of Federal financial assistance applied to the project, through awards or subawards, is below \$500,000. Therefore, until this waiver expires or is otherwise terminated, the Buy America Act requirements stipulated above will only apply should this contract total \$500,000 or more.

### **XXVI. PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE**

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

In accordance with Executive Order 13043, Increasing Seat Belt Use in the United States, dated April 16, 1997, the subrecipient is encouraged to adopt and enforce on-the-job seat belt use policies and programs for its employees when operating company-owned, rented, or personally-owned vehicles. The National Highway Traffic Safety Administration (NHTSA) is responsible for providing leadership and guidance in support of this Presidential initiative. For information and resources on traffic safety programs and policies for employers, please contact the Network of Employers for Traffic Safety (NETS), a public-private partnership dedicated to improving the traffic safety practices of employers and employees. You can download information on seat belt programs, costs of motor vehicle crashes to employers, and other traffic safety initiatives at [www.trafficsafety.org](http://www.trafficsafety.org). L. 115-232) prohibits Federal grant funds from being obligated or expended to procure or obtain (or to enter into, extend, or renew a contract to procure or obtain) certain covered telecommunications equipment, services, or systems. States and subrecipients should refer to the Super Circular for more information on what equipment and companies this prohibition covers.

Equipment regularly purchased under NHTSA grants that may be subject to this provision could include : mobile phones, landlines, and the internet. ## EXECUTIVE SUMMARY

---

Hazardous Moving Violations (HMV) are one of the leading causes of serious injury and fatal crashes in Boone County. To address this issue, the department will conduct year-round HMV Slowdown overtime enforcement events focused on high-visibility traffic enforcement to deter dangerous driving behaviors. To support these efforts, the agency requests a LIDAR unit to detect speed violations during overtime events and regular patrol, improving traffic safety and reducing crashes.

## PROBLEM IDENTIFICATION

---

Per the FY 24-26 Triennial Highway Safety Plan, during the last 5 years, no behavior on Missouri roadways has contributed to traffic fatalities as frequently as speed and aggressive driving. From 2017-2021, there were 2,547 fatalities involving a speeding or aggressive driver, accounting for 53% of all traffic fatalities. Speed and aggressive driving are cited in fatal crash reports as a contributing circumstance more than twice as often as impaired driving, and feedback and citation data from law enforcement agencies indicate speeds are up significantly during the last 3 years.

From January 2023 through December 2025, Boone County had 6,363 reported motor vehicle crashes and this number includes 55 fatal motor vehicle crashes. We know that more often than not, these motor vehicle crashes are caused, at least in part, by speeding, careless driving, inattention, or other hazardous moving violations. When looking at the probable contributing circumstances for the 6,363 reported motor vehicle crashes there are several that stand out. Below are the various probable contributing circumstances and the number of crashes that listed them as a probable factor in the crash:

Failed to Yield: 1,230 total  
Following too Close: 841 total  
Too Fast for Conditions: 691 total  
Distracted/Inattentive: 760 total  
Improper Lane use/Change: 896 total  
Violation Signal/Sign: 391 total  
Speed - Exceeded Limit: 280 total  
Improper Turn: 221 total  
Improper Passing: 86 total  
Wrong Side (not passing): 61 total

## GOALS/OBJECTIVES

---

As outlined in the FY24-26 Triennial Highway Safety Plan, Core Performance Measure Goals:

Based on a goal of 0 fatalities by 2030, Missouri is setting a five-year average fatality target of 897.6 by December 31, 2026.

Based on a goal of 0 serious injuries by 2040, Missouri is setting a five-year average serious injury target of 4,486.1 by December 31, 2026.

Based on a goal of 0 fatalities by 2030, Missouri is setting a five-year average speed related fatality target of 293.8 by December 31, 2026.

The goal of the Boone County Sheriff's Office is to continue our commitment to decreasing hazardous moving violation driving related crashes, to include fatality crashes. During the 2026-2027 grant year, we plan to continue to utilize our "Operation Slowdown" details to assist in addressing hazardous driving throughout the year. An objective is for our HMV slowdown enforcement to maintain a high profile by conducting highly visible patrol activities.

## PROJECT DESCRIPTION

---

The Boone County Sheriff's Office is planning to perform slowdown operation enforcement details every month from October 2026 through September of 2027. These "Operation Slowdown" details will be performed throughout Boone County with concentration on known high crash areas, work zone areas, and areas with high traffic volumes.

Our intention is to schedule an average of 6 "shifts" per month that are each 4 hours in length for an average of 24 hours of enforcement per month. These six shifts may be grouped together to allow several deputies to work at the same time or they may be spread throughout the month. Our goal will be to address all observed violations with an emphasis on enforcing speeding violations and other hazardous moving violations, such as speeding, following too close, careless and imprudent driving, stop sign/red-light violations, failure to yield, and lane violations.

We have traditionally divided the "Operation Slowdown" enforcement efforts between county-maintained roadways and the state-maintained roadways to include Interstate 70 and U.S. Highway 63, which historically have had a high number of serious and fatal traffic crashes. In 2025, Boone County had 14 fatal motor vehicle crashes. Of the 14 fatal crashes, 3 of them occurred within the city of Columbia, 8 occurred on state highways outside of the City of Columbia, and 3 occurred on county roadways. The Boone County Sheriff's Office will focus our enforcement efforts on roadways throughout Boone County.

We are also asking for funding to reimburse Boone County Joint Communications for costs of providing dedicated dispatcher/communications operators for HMTV enforcement activities. Due to the increased workload these organized enforcement activities create for Boone County Joint Communications, they will often bring in a dedicated dispatcher/communications operator to work such a detail.

## PROJECT EVALUATION

---

The MHTC will administratively evaluate this project. Evaluation will be based, at a minimum, upon the following:

1. Law enforcement compliance with state MIBRS, Racial Profiling, and MOCARS reporting requirements (law enforcement contracts only)
2. Timely submission of monthly reimbursement vouchers and appropriate documentation to support reimbursement for expenditures (i.e., personal services, equipment, materials)
3. Timely submission of periodic reports (i.e., monthly, quarterly) as required
4. Timely submission of the Year End Report of activity (due within 30 days after contract completion date)
5. Attaining the Goals set forth in this contract
6. Accomplishing the Objectives established to meet the project Goals, such as:
  - Enforcement activities (planned activities compared with actual activities)
  - Programs (number and success of programs held compared to planned programs, evaluations if available)
  - Training (actual vs. anticipated enrollment, student evaluations of the class, student test scores on course examinations, location of classes, class cancellation information)
  - Equipment purchases (timely purchase of equipment utilized to support and enhance the traffic safety effort ; documentation of equipment use and frequency of use)
  - Public awareness activities (media releases, promotion events, or education materials produced or purchased)
  - Other (any other information or material that supports the Objectives)
7. The project will be evaluated by the Highway Safety and Traffic Division through annual crash analysis

Evaluation results will be used to determine:

- The success of this type of activity in general and this particular project specifically ;
- Whether similar activities should be supported in the future; and
- Whether grantee will receive funding for future projects

The project will be evaluated by looking at the crash statistics and the enforcement conducted by the deputies assigned to the grant. These statistics will help the BCSO know where the high areas of hazardous moving violators so the agency can patrol the proper areas.

Instructions for Primary Tier Participant Certification (States)

- A. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR Parts 180 and 1200.
- B. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

**(Applies to subrecipients as well as States)**

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase only steel, iron and manufactured products produced in the United States with Federal funds, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the

**CONTRACT CONDITIONS - PAGE 12**

cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification to and approved by the Secretary of Transportation.

All items purchased must be compliant with the National Highway Traffic Safety Administration (NHTSA) interpretation of the Buy America Act including, but not limited to:

1. Items valued over \$5,000 per unit must be manufactured or assembled in the United States of America, or as allowed by a current Buy America Act waiver issued by the NHTSA;
2. All vehicles, motorcycles, trailers, and other similar conveyances must be manufactured or assembled in the United States of America regardless of cost.

Furthermore, the State and each subrecipient will follow the guidelines of 2 C.F.R. § 200.322, Domestic Preferences for Procurements. As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States.

**\*Waiver of Buy America Requirements for De Minimis Costs and Small Grants**

Effective August 16, 2023, the United States Department of Transportation published a public interest waiver of the Buy America, Build America Act's domestic preference requirements for iron and steel, manufactured products, and construction materials used in projects funded under DOT-administered financial assistance programs for iron, steel, manufactured products, and construction materials under a single financial assistance award for which the total amount of Federal financial assistance applied to the project, through awards or subawards, is below \$500,000. Therefore, until this waiver expires or is otherwise terminated, the Buy America Act requirements stipulated above will only apply should this contract total \$500,000 or more.

**XXVI. PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE**

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

**XXVII. POLICY ON SEAT BELT USE**

In accordance with Executive Order 13043, Increasing Seat Belt Use in the United States, dated April 16, 1997, the subrecipient is encouraged to adopt and enforce on-the-job seat belt use policies and programs for its employees when operating company-owned, rented, or personally-owned vehicles. The National Highway Traffic Safety Administration (NHTSA) is responsible for providing leadership and guidance in support of this Presidential initiative. For information and resources on traffic safety programs and policies for employers, please contact the Network of Employers for Traffic Safety (NETS), a public-private partnership dedicated to improving the traffic safety practices of employers and employees. You can download information on seat belt programs, costs of motor vehicle crashes to employers, and other traffic safety initiatives at [www.trafficsafety.org](http://www.trafficsafety.org). The NHTSA website ([www.nhtsa.gov](http://www.nhtsa.gov)) also provides information on statistics, campaigns, and program evaluations and references.

In accordance with Executive Order 13513, Federal Leadership On Reducing Text Messaging While Driving, and DOT Order 3902.10, Text Messaging While Driving, the subrecipient is encouraged to adopt and enforce workplace safety policies to decrease crashes caused by distracted driving, including policies to ban text messaging while driving company-owned or -rented vehicles, Government-owned, leased or rented vehicles, or privately-owned when on official Government business or when performing any work on or behalf of the Government. States are also encouraged to conduct workplace safety initiatives in a manner commensurate with the size of the business, such as establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving, and education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

**XXIX. PARTICIPATION IN HIGHWAY SAFETY PARTNERSHIPS**

All subrecipients are strongly encouraged to participate in Highway Safety sponsored functions including, but not limited to, Missouri Coalition for Roadway Safety regional meetings, applicable subcommittees and conferences; working groups; dedicated enforcement workshops; and grant application and contract award workshops. Subrecipient agencies with positions that are funded via Highway Safety grants are expected to participate (or send a representative) in the above functions as much as possible.

**XXX. PROHIBITION ON TELECOMMUNICATIONS AND VIDEO SURVEILLANCE**

L. 115-232) prohibits Federal grant funds from being obligated or expended to procure or obtain (or to enter into, extend, or renew a contract to procure or obtain) certain covered telecommunications equipment, services, or systems. States and subrecipients should refer to the Super Circular for more information on what equipment and companies this prohibition covers.

Equipment regularly purchased under NHTSA grants that may be subject to this provision could include: mobile phones, landlines, and the internet. Note that this provision prohibits purchasing these (and other) items produced by certain companies; items produced by non-prohibited companies are still potentially allowable.

Based on this policy:

- A.** The recipient shall disclose any conflict of interest identified as soon as reasonably possible, making an immediate and full disclosure in writing to NHTSA. The disclosure shall include a description of the action which the recipient has taken or proposes to take to avoid or mitigate such conflict.

This will be done on an annual basis to determine the highest crash locations, to include: month of year; day of week; time of day, and causation factors. This plan must be used to determine locations utilized in site selection for conducting enforcement efforts. Any changes to the enforcement plan must be made in writing to the MHTC project coordinator in advance of enforcement efforts.

#### **B. PROJECT ACTIVITIES**

2. Officers will be permitted to issue multiple citations and/or written warnings to drivers who have committed several violations.
3. High visibility enforcement is a key strategy to reducing traffic crashes; therefore, law enforcement officers working overtime projects are strongly encouraged to make at least three (3) contacts per hour when conducting an enforcement project.
4. Only law enforcement work performed by a duly licensed, Peace Officer Standards and Training (POST) certified law enforcement officer will be reimbursed.
5. The Subrecipient will not be eligible for reimbursement for any individual law enforcement officer working overtime under this grant in excess of 40 hours for any two week pay period. #### **D. ALLOWABLE COSTS**

Full-time, part-time and reserve officers are eligible to participate in overtime enforcement projects. Part-time and reserve officers must have the same authority as a full-time permanent officer. MHTC will reimburse Subrecipient at officer's standard rate of pay in accordance with Subrecipient policies and procedures regarding standard rate of pay and overtime rate of pay. The Subrecipient will not be reimbursed at the overtime rate for work that according to Subrecipient's own policies and procedures does not constitute overtime. ## EXECUTIVE SUMMARY

---

Impaired driving is one of the leading causes of serious injury and fatal crashes in Boone County. To address this issue, the agency will use funding to conduct year-round impaired driving overtime saturation patrol enforcement focused on high-visibility traffic enforcement to deter impaired driving. This funding will also be used to send selected deputies to state and national conferences to learn better ways to combat impaired driving.

## PROBLEM IDENTIFICATION

---

Per the FY24-26 Triennial Highway Safety Plan, substance-impaired drivers contributed to 22% of Missouri's traffic crash fatalities during the past five years. Alcohol remains the primary contributor to substance-impaired driving crashes; however, the number of persons under the influence of prescription medications and/or illicit drugs has increased significantly over the past decade. With recreational marijuana now legal in Missouri, there are concerns this trend will continue.

Male drivers were more likely than females to be involved in substance-impaired driving crashes. During the past five years, males were responsible for 81.7% of substance-impaired driving fatalities. Ten percent of the children less than 15 years of age, who were killed in motor vehicle crashes over the last five years, were riding with a substance-impaired driver.

Depending on the jurisdiction, impaired driving offenses in Missouri are prosecuted differently. Prosecutors and judges may not always be aware of the severity of the impaired driving problem or how to best provide treatment for an offender.

In the past three years (2023-2025) there have been 6,363 reported crashes (total number investigated by all agencies) in Boone County. Of those 6,363 crashes, 334 were Drinking-Involved crashes and 376 were Drinking and/or Drug Involved crashes. Of the 334 Drinking-Involved crashes, 122 of the crashes involved injury and 8 were fatal. Of the 376 Drinking and/or Drug Involved crashes, 145 of the crashes involved injury and 14 involved a fatality.

Boone County and the City of Columbia, which is the county seat, consistently have problems with Drinking-Involved crashes. Below are some of the rankings (2022-2024), which show how Boone County and the City of Columbia compare to the rest of the Missouri counties and cities when it comes to drinking-involved crashes.

- Alcohol Involved Traffic Crashes - Boone County ranked 7th (345) / City of Columbia ranked 7th (216)
- Disabling Alcohol Involved Traffic Crashes - Boone County ranked 13th (23) / City of Columbia ranked 7th (12)
- Fatal Alcohol Involved Traffic Crashes - Boone County ranked 4th (6) / City of Columbia ranked 3rd (5)

In 2025, the Boone County Sheriff's Office made at least 169 arrests for DWI. In 2025, Boone County experienced 110 total crashes involving drinking and/or drugs, one fatal drinking/drug-involved motor vehicle crash (one total death), 44 personal injury drinking/drug-involved crashes (65 persons injured), and 65 property damage drinking/drug-involved crashes.

Our continued efforts have driven down drinking and/or drug involved fatal crashes but the total number of crashes, personal injury, and property damage crashes has risen. In 2024, Boone County experienced 88 total crashes involving drinking and/or drugs, 5 fatal drinking/drug-involved motor vehicle crashes (5 total deaths), 36 personal injury drinking/drug-involved crashes (62 persons injured), and 47 property damage drinking/drug-involved crashes.

Impaired driving continues to be a serious problem in Boone County.

## GOALS/OBJECTIVES

---

As outlined in the FY24-26 Triennial Highway Safety Plan, Core Performance Measure Goal:

Based on a goal of 0 fatalities by 2030, Missouri is setting a five-year average alcohol-involved fatality target of 232.6 by December 31, 2026.

A goal of the Boone County Sheriff's Office is to continue utilizing impaired driving saturation enforcement patrols throughout the year to combat impaired driving in support of the state goal of decreasing impaired driving fatalities. During the 2026-2027 grant year, the Boone County Sheriff's Office plans to conduct monthly impaired driving saturation patrols.

## PROJECT DESCRIPTION

---

The Boone County Sheriff's Office plans to continue using our impaired driving enforcement patrols to combat impaired driving . Our intention is to schedule an average of six "shifts" per month that are each 4 hours in length for an average of 24 hours of enforcement per month. These six shifts may be grouped together to allow several deputies to work at the same time or they may be spread throughout the month. If approved, this grant will fund the overtime and fringe benefit costs of those working overtime conducting these impaired driving saturation enforcement patrols.

Boone County continues to be one of the top-ranking counties in the state for drinking-involved traffic crashes. We believe our enforcement efforts make a difference in drinking-involved crashes and we plan to continue these efforts to address the crashes involving impaired drivers.

As described in the supplemental section, the impaired driving saturation enforcement patrols will primarily work evening, night and early morning hours (between 4:00 p.m. and 4:00 a.m.) throughout the week. These impaired driving saturation patrols will involve deputies coming in on overtime to focus on identifying, stopping, and removing impaired drivers from the roadways.

The following information explains the strategies your agency will use to address the traffic crash problem. This information is considered to be the Project Description and should be specific to the crash problem.

- 46 Identify primary enforcement locations.

Drinking involved traffic crashes have been occurring all around Boone County . From 2023 through 2025, (182 of 334) 54.4% of the drinking involved traffic crashes in Boone County occurred on city streets and county roads.

Our enforcement will be strongly focused on major thoroughfares in and around the City of Columbia, on county roads, and on state roadways around Boone County. Some of the roadways our unit will patrol will include Interstate 70 (6.2% of the drinking involved traffic crashes), Highway 63 (5.3% of the drinking involved traffic crashes), Missouri 763 (3.8% of the drinking involved crashes), Missouri 163 (2.9% of the drinking involved crashes), and other roadways with higher frequencies of drinking involved traffic crashes .

## PROJECT EVALUATION

---

The MHTC will administratively evaluate this project. Evaluation will be based, at a minimum, upon the following:

1. Law enforcement compliance with state MIBRS, Racial Profiling, and MOCARS reporting requirements (law enforcement contracts only)
2. Timely submission of monthly reimbursement vouchers and appropriate documentation to support reimbursement for expenditures (i.e., personal services, equipment, materials)
3. Timely submission of periodic reports (i.e., monthly, quarterly) as required
4. Timely submission of the Year End Report of activity (due within 30 days after contract completion date)
5. Attaining the Goals set forth in this contract
6. Accomplishing the Objectives established to meet the project Goals, such as:
  - Enforcement activities (planned activities compared with actual activities)
  - Programs (number and success of programs held compared to planned programs, evaluations if available)
  - Training (actual vs. anticipated enrollment, student evaluations of the class, student test scores on course examinations, location of classes, class cancellation information)
  - Equipment purchases (timely purchase of equipment utilized to support and enhance the traffic safety effort ; documentation of equipment use and frequency of use)
  - Public awareness activities (media releases, promotion events, or education materials produced or purchased)
  - Other (any other information or material that supports the Objectives)
7. The project will be evaluated by the Highway Safety and Traffic Division through annual crash analysis

Evaluation results will be used to determine:

- The success of this type of activity in general and this particular project specifically ;
- Whether similar activities should be supported in the future; and
- Whether grantee will receive funding for future projects

The project will be evaluated by looking at the drinking-involved crashes and the enforcement conducted by the deputies assigned to the grant activities. Data and statistics will also help in identifying the high impaired driving crash locations, so the deputies can concentrate on those areas.

Buy America requires a State, or subrecipient, to purchase only steel, iron and manufactured products produced in the United States with Federal funds, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the

cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification to and approved by the Secretary of Transportation.

All items purchased must be compliant with the National Highway Traffic Safety Administration (NHTSA) interpretation of the Buy America Act including, but not limited to:

1. Items valued over \$5,000 per unit must be manufactured or assembled in the United States of America, or as allowed by a current Buy America Act waiver issued by the NHTSA;
2. All vehicles, motorcycles, trailers, and other similar conveyances must be manufactured or assembled in the United States of America regardless of cost.

Furthermore, the State and each subrecipient will follow the guidelines of 2 C.F.R. § 200.322, Domestic Preferences for Procurements. As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States.

**\*Waiver of Buy America Requirements for De Minimis Costs and Small Grants**

Effective August 16, 2023, the United States Department of Transportation published a public interest waiver of the Buy America, Build America Act's domestic preference requirements for iron and steel, manufactured products, and construction materials used in projects funded under DOT-administered financial assistance programs for iron, steel, manufactured products, and construction materials under a single financial assistance award for which the total amount of Federal financial assistance applied to the project, through awards or subawards, is below \$500,000. Therefore, until this waiver expires or is otherwise terminated, the Buy America Act requirements stipulated above will only apply should this contract total \$500,000 or more.

**XXVI. PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE**

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

The National Highway Traffic Safety Administration (NHTSA) is responsible for providing leadership and guidance in support of this Presidential initiative. For information and resources on traffic safety programs and policies for employers, please contact the Network of Employers for Traffic Safety (NETS), a public-private partnership dedicated to improving the traffic safety practices of employers and employees. You can download information on seat belt programs, costs of motor vehicle crashes to employers, and other traffic safety initiatives at [www.trafficsafety.org](http://www.trafficsafety.org). States are also encouraged to conduct workplace safety initiatives in a manner commensurate with the size of the business, such as establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving, and education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

**XXIX. PARTICIPATION IN HIGHWAY SAFETY PARTNERSHIPS**

All subrecipients are strongly encouraged to participate in Highway Safety sponsored functions including, but not limited to, Missouri Coalition for Roadway Safety regional meetings, applicable subcommittees and conferences; working groups; dedicated enforcement workshops; and grant application and contract award workshops. L. 115-232) prohibits Federal grant funds from being obligated or expended to procure or obtain (or to enter into, extend, or renew a contract to procure or obtain) certain covered telecommunications equipment, services, or systems. States and subrecipients should refer to the Super Circular for more information on what equipment and companies this prohibition covers.

## EXECUTIVE SUMMARY

---

Hazardous Moving Violations (HMV) are a leading cause of serious injury and fatal crashes in Boone County. To address this issue, the agency will conduct full time year-round HMV enforcement using the three dedicated units focused on high-visibility traffic enforcement to deter dangerous driving behaviors. Funding will also be utilized to send the dedicated deputies to the LETSAC conference for additional training.

## PROBLEM IDENTIFICATION

---

Per the FY 24-26 Triennial Highway Safety Plan, during the last 5 years, no behavior on Missouri roadways has contributed to traffic fatalities as frequently as speed and aggressive driving. From 2017-2021, there were 2,547 fatalities involving a speeding or aggressive driver, accounting for 53% of all traffic fatalities. Speed and aggressive driving are cited in fatal crash reports as a contributing circumstance more than twice as often as impaired driving, and feedback and citation data from law enforcement agencies indicate speeds are up significantly during the last 3 years.

From January 2023 through December 2025, Boone County had 6,363 reported motor vehicle crashes and this number includes 55 fatal motor vehicle crashes. We know that more often than not, these motor vehicle crashes are caused, at least in part, by speeding, careless driving, inattention, or other hazardous moving violations. When looking at the probable contributing circumstances for the 6,363 reported motor vehicle crashes there are several that stand out. Below are the various probable contributing circumstances and the number of crashes that listed them as a probable factor in the crash:

Failed to Yield: 1,230 total  
Following too Close: 841 total  
Too Fast for Conditions: 691 total  
Distracted/Inattentive: 760 total  
Improper Lane use/Change: 896 total  
Violation Signal/Sign: 391 total  
Speed - Exceeded Limit: 280 total  
Improper Turn: 221 total  
Improper Passing: 86 total  
Wrong Side (not passing): 61 total

## GOALS/OBJECTIVES

---

As outlined in the FY24-26 Triennial Highway Safety Plan, Core Performance Measure Goals:

Based on a goal of 0 fatalities by 2030, Missouri is setting a five-year average fatality target of 897.6 by December 31, 2026.

Based on a goal of 0 serious injuries by 2040, Missouri is setting a five-year average serious injury target of 4,486.1 by December 31, 2026.

Based on a goal of 0 fatalities by 2030, Missouri is setting a five-year average speed related fatality target of 293.8 by December 31, 2026.

The goal of the Boone County Sheriff's Office is to continue our commitment to decreasing hazardous moving violation driving related crashes, to include fatality crashes. During the 2026-2027 grant year, we plan to continue to utilize our Full- Time HMV / Traffic Unit to assist in addressing hazardous driving on a regular daily basis , in addition to conducting HMV slowdown patrols throughout the year.

An objective is for our Full-Time HMV / Traffic unit to maintain a high profile, which includes outreach opportunities and highly visible patrol activities.

## PROJECT DESCRIPTION

---

The Boone County Sheriff's Office plans to continue using our Full-Time HMV/Traffic Unit personnel to combat hazardous moving violations in Boone County. If approved, this grant will fund salary and benefit costs of three members of the Traffic Unit who will be tasked with conducting HMV enforcement. The three members of the Traffic Unit will consist of two HMV Deputies and one HMV Sergeant.

Enforcement will be performed throughout Boone County with concentration on known problem areas and areas with high traffic volumes. Deputies will primarily work between the hours of 7:00 a.m. and 7:00 p.m. Our goal will be to address all observed violations, with an emphasis on enforcing speeding violations and other hazardous moving violations, such as speeding, following too close, careless and imprudent driving, stop sign/red-light violations, failure to yield, and lane violations, to reduce the hazardous moving violation driving related crashes to include fatality crashes.

The focus of our enforcement efforts will primarily be on County Roadways, US Highway 63, Interstate 70, various state-maintained roadways within Boone County, and city streets within the City of Columbia. In 2025, Boone County had 14 fatal motor vehicle crashes. Of the 14 fatal crashes, 3 of them occurred within the city of Columbia, 8 occurred on State Highways outside of the City of Columbia and 3 occurred on county roadways. The Boone County Sheriff's Office Traffic Unit will focus their enforcement efforts on all roadways within Boone County.

4. Timely submission of the Year End Report of activity (due within 30 days after contract completion date)
5. Attaining the Goals set forth in this contract
6. Accomplishing the Objectives established to meet the project Goals, such as:
  - Enforcement activities (planned activities compared with actual activities)
  - Programs (number and success of programs held compared to planned programs, evaluations if available)
  - Training (actual vs. anticipated enrollment, student evaluations of the class, student test scores on course examinations, location of classes, class cancellation information)
  - Equipment purchases (timely purchase of equipment utilized to support and enhance the traffic safety effort ; documentation of equipment use and frequency of use)
  - Public awareness activities (media releases, promotion events, or education materials produced or purchased)
  - Other (any other information or material that supports the Objectives)

Evaluation results will be used to determine:

- The success of this type of activity in general and this particular project specifically ;
- Whether similar activities should be supported in the future; and
