PROCLAMATION RECOGNIZING OCTOBER AS DOMESTIC VIOLENCE AWARENESS MONTH

- Whereas,* domestic violence, also called intimate partner violence, is best understood as a pattern of abusive behaviors—including physical violence, sexual violence, stalking and psychological aggression as well as economic coercion—used by one intimate partner against another, whether current or former, to gain, maintain, or regain power and control in the relationship; and
- Whereas,* according to the Centers for Disease Control and Prevention, in 2026, domestic violence is startlingly common in the United States, with more than 1 in 3 women and more than 1 in 6 men having experienced sexual violence, physical violence, and/or stalking by an intimate partner during their lifetimes; and
- Whereas,* although risk factors may differ based on living conditions and demographics, domestic violence affects individuals of every age, gender, race, sexual orientation, socioeconomic background, religion, and community, and has devastating and lasting effects on victims, children, families, workplaces, and the community as a whole; and
- Whereas,* the negative impact of domestic violence on victims is often long lasting and may include significant barriers to seeking safety, stability, housing, legal assistance and supportive services; and
- Whereas,* victims and survivors of domestic violence deserve to be believed, supported, and treated with dignity and respect; and
- Whereas,* we, as a community, must embrace the responsibility of supporting these victims and their families, working to interrupt the cycle of violence and ensure that no person lives in fear; and
- Whereas,* ending domestic violence requires the ongoing commitment and collaboration of the entire community, including individuals, families, schools, employers, community organizations, health care providers, first responders, law enforcement, the criminal justice system, and local and state government; and
- Whereas,* between 2020 and 2024, the rate of domestic violence in Boone County has dropped from 6.81 per 1,000 people to 5.88 per 1,000 people, showing that supporting victims and educating the community is making a positive impact and providing encouragement to keep working toward a world where no one lives in fear of abuse.
- Therefore,* the Boone County Commission does hereby recognize October as Domestic Violence Awareness Month and encourages all Boone Countians to take this opportunity to increase awareness, support survivors, and promote prevention in an effort to become a community in which all individuals can live free from violence and abuse.

IN TESTIMONY WHEREOF, this 22nd day of October 2026.

Kip Kendrick, Presiding Commissioner

Justin Aldred, District I Commissioner

Janet M. Thompson, District II Commissioner

To: Boone County Commission

From: Jesse Stephens, Director

Subject: ACCEPTANCE OF WILLOW CREEK EAST PLAT NO. 1
SECURITY AGREEMENT AND IRREVOCABLE LETTER OF CREDIT

Date: 13 October 2026

The purpose of this memo is to request the acceptance of the Traffic Impact Security Agreement and Irrevocable Letter of Credit for Willow Creek East Plat 1.

The Irrevocable Letter of Credit was issued by First State Community Bank in the amount of \$148,770.72. Said Irrevocable Letter of Credit was issued on behalf of D & D Investments of Columbia, LLC for construction of a 48-lot subdivision located at St. Charles Rd., Columbia, MO 65201. The purpose of this agreement and the irrevocable letter of credit is to allow time for D&D investments to construct Mosby Drive, which if not constructed by the developer would require traffic impact fees to be paid due to the requirements of Development Agreement recorded in Book 6140 on Page 13 of the Boone County Records. If the developer does not complete the required improvements, then the proceeds from the irrevocable letter of credit will satisfy the traffic impact fee requirements for Willow Creek East Plat No. 1

Sincerely,

Jesse Stephens P.E.

Director of Resource Managment

Willow Creek East Plat 1 Traffic Impact Security Agreement

Date: October 13th, 2026

Developer/Owner Name: D&D Investments of Columbia, LLC

Address: 602 Geld Street, Jefferson City MO 65109

Development: Willow Creek East Plat No. 1

Legal Description: Willow Creek East Plat No. 1

This agreement is made by and between the above-named developer (herein "Developer") and Boone County, Missouri, a political subdivision of the State of Missouri, through its Resource Management Department, (herein "County") and shall be effective on the above date when signed and approved by all persons listed below.

In consideration of the performance based by each party of their obligations described in this agreement, the parties agree to the following:

1. **Background and Purpose of Agreement** – The Developer is the owner or authorized agent of the owner for the real estate contained within the development described above which is subject to impact fees required by the Development Agreement recorded on Page 13 in Book 6140 of the Boone County Records. This security agreement is made pursuant to the Northeast Area Traffic Study's fee recommendations as modified and approved by the Boone County Commission for trip-generation fees related to the Willow Creek East Development. By entering into this agreement, the developer is agreeing to comply with the requirements of the development agreement and provide to County financial security in the event the developer fails to comply with the plan, or complete the improvements within the time and manner provided for by this agreement.
2. **Description of Improvements** – The Developer agrees to Construct Mosby Drive as shown on Exhibit "C" of the Development Agreement or pay the transportation impact fees required by the Development Agreement.
3. **Time for Completion** – The Developer agrees to Construct Mosby Drive as shown on Exhibit "C" of the Development Agreement no later than the 16th day of July, 2028, and all such improvements shall pass County inspection as of this date.
4. **Security for Performance** – To secure the Developer's performance of its obligations under this agreement, Developer hereby agrees to provide the County with security in the amount of \$148,770.72, which County may use and apply for Completion of the above described improvements in the event the Developer fails to complete the above described improvements within the time or within manner required by County under its regulations. The Security shall be provided to County as a condition precedent to the effectiveness of this agreement in the following form:

- ☐ Irrevocable standby letter of credit, with form to be approved by County and issued to Treasurer of Boone County, Missouri

5. **Use of Security** – The Developer hereby authorizes County to use, redeem, or otherwise obtain payment as applicable, from the security described above for purposes of paying traffic impact fees required of the Developer under this agreement in the event that such improvements are not completed within the time provided for by this agreement, or any extension thereof granted by County in its discretion, or in the event such improvements are not completed in accordance with regulatory requirements or specifications imposed by County. Developer authorizes County to cash the corporate surety bond contemplated herein upon written instructions from the duly elected and serving Treasurer of Boone County without further authorization or signature required by Developer. In the event Developer fulfills its obligations in the time and manner required by this agreement and obtains a satisfactory final inspection from the County prior to *July 16th, 2028*, then County shall provide Developer with written proof that the requirements of this Security Agreement are satisfied, and the *irrevocable standby letter of credit* can be released to Developer. If no written proof has been provided to the financial institution issuing *the irrevocable standby letter of credit bond form* that Developer has complied with the requirements of this Agreement, however, then the financial institution shall, on *July 16th, 2028*, or such extended period as mutually-agreed by the parties in writing, shall immediately transfer the balance of the irrevocable standby letter of credit to the account then-designated by the Boone County Treasurer.
6. **Remedies Cumulative** – Exercise or waiver by the County of any enforcement action under this Agreement does not waive or foreclose any other or subsequent enforcement action whatsoever. The County shall be entitled to its costs, including reasonable attorneys' fees, in enforcement of Developer's obligations under this Agreement.
7. **Authority of Representative Signatories** – Signatories to this agreement who execute this agreement in a representative capacity for a corporation, limited liability company or partnership, or other business entity, hereby affirmatively represent that they have obtained all resolutions or orders needed to enter in this agreement and are duly authorized to enter into this agreement and bind the parties which they represent to all terms and conditions herein.
8. **Binding Effect** – This agreement shall be binding upon the parties hereto in their respective heirs, personal representative, administrators, successors, and interest in successors in assigned offices. The County and Developer hereby accept this Agreement as a lawful and satisfactory Security Agreement.

In Witness Whereof the Developer and the County have executed this agreement to be effective on the day and year first above written.

ACKNOWLEDGED AND AGREED TO:

IRREVOCABLE LETTER OF CREDIT

NO. 4526117743

DATE: July 16, 2026

Amount: 148,770.72

County of Boone

Attn: Director, Resource Management

801 E Walnut St, Rm. 315

Columbia, MO 65201

Ladies and Gentlemen:

We hereby authorize the County of Boone to draw on First State Community Bank for the account of D & D Investments of Columbia, LLC up to an aggregate amount of \$148,770.72 available by your drafts at sight. Your drafts must be accompanied by your invoice to Owner and accompanied by a Certificate for Drawing in substantially the form set out on Exhibit "A", which is attached hereto and incorporated by reference.

All drafts hereunder must be marked "Drawn under First State Community Bank Letter of Credit #4526117743 Dated 07/16/26"

The amount of each draft drawn under this credit must be endorsed hereon, and the presentation of each draft, if negotiated, shall be a warranty by the negotiating bank that such endorsement has been made and that documents have been forwarded as herein requested. Partial drawings are permitted. All payments under this letter of credit will be made available to you at the counters of the loan issuer or immediately by wire transfer of immediately available funds to the account(s) designated by the Boone County Treasurer.

We hereby engage with the drawers, endorsers, and bona fide holders of drafts drawn under and in compliance with the terms of this credit that the same will be duly honored on due presentation and delivery of documents as specified if presented to this bank on or before July 16, 2028, provided further that upon such expiration, either at July 16, 2028, or such extended period as contemplated herein we shall immediately transfer the balance of the maximum available credit to you at the account then-designated by the Boone County Treasurer.

This letter of credit may be extended upon presentation of an agreement to extend, executed by the Developer/Owner and the County of Boone, and presented to First State Community Bank within the

Success Starts Here.

60-day period prior to the then-effective date of expiration of this letter of credit.

Upon our receipt, from time to time, from the County of Boone, of a written reduction certificate in substantially the same form as Exhibit "B", which is attached hereto and incorporated herein by reference, we are authorized to reduce the maximum available credit hereunder by the amount stated in such certificate, any such reduction to be effective only at our close of business on the date which we receive said written reduction certificate.

This letter of credit sets forth in full our undertaking, and such undertaking shall not in any way be modified, amended, amplified, or limited by reference to any document, instrument or agreement referred to herein, except that Exhibit "A" and Exhibit "B" attached hereto are incorporated herein by reference as an integral part of this letter of credit.

Except as expressly provided herein, this credit is subject to the Uniform Customs and Practice for Documentary Credits (1993 revision), The International Chamber of Commerce Publication #500.

Sincerely yours,

By:

Willow Creek East Plat 1
Staff Report
20 August 2026

The property is at the northwestern corner of Route Z and St. Charles Road. The proposal covers the first phase of the Willow Creek East development, which consists of 48 lots, 1 common lot, and covers 17.96 acres. This site was rezoned in June of 2025, updating a prior Planned Residential Single-Family (R-SP) development, with the final development plan being approved in April of 2026, under Commission Order 181-2026. The surrounding zoning of the property is as follows:

North – R-SP

South – Agriculture-Residential (A-R)

East – R-SP

West – R-SP

This phase has Tribeca Drive as its sole contact to St. Charles Road. Impreza Drive, Sol Terra Court, Vivo Drive, and Elwood Arms Lane all feed to St. Charles using Tribeca Drive in this phase. Transportation needs for this proposal were a part of the Northeast Area Transportation Study.

The property is located in Public Water Supply District #9, the Boone Electric Cooperative service area, and the Boone County Fire Protection District.

This development is served by a connection agreement between the City of Columbia and the Boone County Regional Sewer District. The property will be required to develop to City standards, but the lots will be BCRSD customers.

This property is subject to a development agreement recorded in book 6140, page 13, that dictates a per lot fee of \$3,099.39. This per-lot development fee is a product of the Northeast Area Transportation Study and documented in the development agreement.

The property scored 70 points on the rating system.

Staff recommends approval of the plat.

Pace Subdivision Plat 2
Staff Report
17 September 2026

The property is located on the east side of Oak Grove School Road, approximately 1000 feet south of its intersection with Blakemore Road. This proposal intends to reconfigure Lot 1 of Pace Subdivision along with some additional land to be acquired from the neighbor. The new Lot is 3.55-acres. The property currently contains a house, detached garage, wastewater lagoon, and a shed. The shed is too close to the new proposed property line but it is our understanding that the owner intends to relocate the shed in the immediate future. The property is zoned Agriculture 2 as is all the surrounding property which is all original 1973 zoning.

The property has direct access to Oak Grove School Road, a publicly-dedicated, publicly-maintained right-of-way. The applicant has requested a waiver to the traffic study requirement due to the limited increase in traffic generated by this development and staff concurs with this request.

The property is located in Public Water Service District #10. Electrical service is via Boone Electric Cooperative.

The applicant desires on-site wastewater treatment and has requested a waiver from the requirement to do a cost-benefit analysis for provision of public central sewer. As a single lot with no public sewer anywhere in the vicinity staff supports this request.

The property scored 10 points on the rating system.

Staff recommends Approval of the plat and granting the requested waivers subject to the following condition :

1. The shed that is too close to the new rear property line must be compliantly removed or relocated prior to this plat being scheduled for receiving and accepting by the County Commission.

RE: Recommendation for Roadway Maintenance Acceptance
Willow Creek East Plat 1

Commissioners,

Attached for your consideration for roadway maintenance acceptance are the New Roadway Construction Final Reports for the following roads within Willow Creek East Plat 1, Section 06, Township 48 North, Range 11 West, Boone County Missouri:

- Elwood Arms Lane – 183 Feet
- Impreza Drive – 822 Feet
- Solterra Court – 255 Feet
- Vivo Drive – 459 Feet
- Tribeca Drive – 895 Feet

These roads were constructed under the New Roadway Construction Permit No. 2026-003 by Emery Sapp & Sons for D&D Investments of Columbia LLC in accordance with the approved construction plans designed by Crockett Engineering Consultants LLC.

1. BASIC INFORMATION

Purpose of the Funding

The Office of Justice Programs (OJP) is committed to advancing work that furthers the U.S. Department of Justice's (DOJ) mission to keep our country safe and secure and uphold the rule of law and protect the rights of American citizens. OJP provides federal leadership, funding, and other critical resources to directly support law enforcement, combat violent crime, protect American children, provide services to American crime victims, and address public safety challenges, including human trafficking and the opioid crisis.

This is a notice of funding opportunity (NOFO) for the **BJA FY26 Paul Coverdell Forensic Science Improvement—Competitive Grants Program**. This opportunity funds improvements to forensic science and medical examiner/coroner services, including services provided by laboratories operated by states and units of local government.

Funding is to be used for forensic science laboratories (see the definition in the [BJA FY2026 Coverdell – Forensic Appendix](#)) and/or medical examiner/coroner offices. A state or unit of local government that receives a Coverdell grant must use the grant for one or more of the following six objectives:

1. To carry out all or a substantial part of a program intended to improve the quality and timeliness of forensic science or medical examiner/coroner services in the state, including those services provided by laboratories operated by the state and those operated by units of local government within the state.
2. To eliminate a backlog in the analysis of forensic science evidence, including, among other things, a backlog with respect to firearms examination, latent prints, impression evidence, toxicology, digital evidence, fire evidence, controlled substances, forensic pathology, questioned documents, and trace evidence.
3. To train, assist, and employ forensic laboratory personnel and medicolegal death investigators, as needed, to eliminate such a backlog.
4. To address emerging forensic science issues (such as statistics, contextual bias, and uncertainty of measurement) and emerging forensic science technology (such as high throughput automation, statistical software, and new types of instrumentation).
5. To educate and train forensic pathologists.
6. To fund medicolegal death investigation systems to facilitate accreditation of medical examiner and coroner offices and certification of medicolegal death investigators.

Important Note: Congress has appropriated funding to help the forensic science community address the specific challenges crime laboratories are confronting related to

the proliferation of opioids and synthetic drugs. To address these issues, BJA plans to allocate approximately 61 percent of available funds to specifically target the challenges that opioids and synthetic drugs have brought to the forensic science community.

Specific forensic definitions, additional information regarding the Coverdell program, and information necessary to complete this application can be found on

See the [Eligible Applicants](#) section for eligibility details.

Funding Details

Announcement Type	Initial
Assistance Listing Number	16.742
Statutory Authority	Pub. L. No. 90-351, Title I, Part BB (codified at 34 U.S.C. 10561-10566)
Grants.gov Opportunity Number	O-BJA-2026-172711
Expected Total Amount of Funding	Up to \$4,295,281
Anticipated Number of Awards	10
Award Type(s)	Grant
Anticipated Award Amount	Up to \$500,000
Expected Award Period(s)	36 months starting on October 1, 2026

Key Dates and Times

NOFO Release Date	September 21, 2026
SAM.gov Registration/Renewal	Begin the process by September 21, 2026, and no later than September 30, 2026
Step 1: Grants.gov Deadline	11:59 p.m. ET on October 29, 2026
Step 2: JustGrants Deadline	8:59 p.m. ET on November 5, 2026

See [Questions?](#) at the end of this NOFO for agency contact information.

2. ELIGIBILITY

Eligible Applicants

The types of entities that are eligible to apply are:

Government Entities

- State governments
- County governments
- City or township governments

- Special district governments
- Native American tribal governments (federally recognized)
- Native American tribal governments (other than federally recognized)

Cost Sharing (Match) Requirement: This NOFO does **not** require cost sharing (match).

Limit on Number of Applications: You may submit more than one application if each application proposes a different project. Also, an entity may be proposed as a subrecipient in more than one application. If more than one request for competitive funds is made by the state, or unit of local government, each should be submitted as a separate application in Grants.gov.

Additional Eligibility Factors

State applicants: Any state application for funding **MUST** be submitted by the Coverdell SAA (see a list of SAAs on the OJP website at <http://www.ojp.usdoj.gov/saa/index.htm>). Other interested state agencies or departments must coordinate with their respective SAAs. Under the Paul Coverdell Forensic Science Improvements Grant Program, state administering agencies (SAAs) may be eligible and apply for both formula and competitive funds.

When applying for competitive funds, an SAA should consult with all interested state agencies to prepare a request for competitive funds. No more than one request for competitive funds per state (SAA) will be funded. If more than one request for competitive funds is made by the state, each should be submitted as a separate application in Grants.gov.

This NOFO is ONLY for competitive funds. An applicant seeking to apply for Coverdell formula funds (consistent with 34 U.S.C. § 10563(a)(1)) available for grants to eligible states would need to apply separately under **BJA's FY26 Paul Coverdell Forensic Science Improvement Grants—Formula Program NOFO**.

Unit of local government applicants: Units of local government within states may be eligible for competitive funds and may apply directly to BJA. A unit of local government should consult all interested components before preparing an application for competitive funds. No more than one application for competitive funds per unit of local government will be funded. If more than one request for competitive funds is made by the unit of local government, each should be submitted as a separate application in Grants.gov.

As part of the discussion of existing resources and current needs, applicants requesting competitive funds should include information in the proposal narrative that describes any known, specific impact(s) on resources and needs indicated by Part 1 violent crime data (state data and any data reported by the applicant).

Certifications: The Coverdell law (34 U.S.C. § 10562) requires that, to request a grant, an application for Coverdell funds, certain certifications must be submitted. See the

[Additional Application Components](#) for a list of the certifications that must be submitted and how they should be submitted. Funds will not be made available to applicant agencies that fail to provide the necessary information.

3. PROGRAM DESCRIPTION

Statutory Authority

Pub. L. No. 90-351, Title I, Part BB (codified at 34 U.S.C. 10561-10566)

Agency Funding Priorities

To help meet its mission, OJP may give priority consideration to applications proposing (as applicable within the scope of this NOFO) projects designed to advance the goals listed below:

- (a) Directly supporting law enforcement operations (including immigration law enforcement operations);
- (b) Combatting violent crime;
- (c) Supporting services to American citizens;
- (d) Protecting American children; and
- (e) Supporting American victims of trafficking and sexual assault.

Note: Addressing these priorities is one of many factors that OJP considers in making funding decisions. Receiving priority consideration does not guarantee funding.

Unallowable Activities: The following are certain unallowable costs and certain activities that are out of the program scope and will not be funded.

1. Out of program scope is any program or activity, at any tier that, directly or indirectly, violates (or promotes or facilitates the violation of) federal immigration law (including 8 U.S.C. § 1373) or impedes or hinders the enforcement of federal immigration law—including by failing to comply with 8 U.S.C. § 1373, give access to DHS agents, or honor DHS requests and provide requested notice to DHS agents.
2. Out of program scope is any program or activity, at any tier that violates any applicable Federal civil rights or nondiscrimination law. This includes

violations that (1) indirectly violate the law, including by promoting or facilitating violations; or (2) unlawfully favor individuals in any race or protected group, including on a majority or minority, or privileged or unprivileged, basis, within a given area, population, or sector.

3. As specified in the [DOJ Grants Financial Guide](#), in Chapter 3.13 “Unallowable Costs” (“Legal Services for Aliens”), any obligations of funds, at any tier, under this award to provide (or to support the provision of) legal services to any removable alien or any alien otherwise unlawfully present in the United States shall be unallowable costs for purposes any award made under this notice, but the foregoing shall not be understood to apply: (1) to legal services to obtain protection orders for victims of crime; or (2) to immigration-related legal services that may be expressly authorized or required by any law, or any judicial ruling, governing or applicable to the award.

Goals and Objectives of This Funding Opportunity

Goal 1: Improve quality of forensic science services.

- **Objective 1:** To carry out all or a substantial part of a program intended to improve the quality and timeliness of forensic science or medical examiner/coroner services in the state, including those services provided by laboratories operated by the state and those operated by units of local government within the state.
- **Objective 2:** To address emerging forensic science issues (such as statistics, contextual bias, and uncertainty of measurement) and emerging forensic science technology (such as high throughput automation, statistical software, and new types of instrumentation).
- **Objective 3:** To educate and train forensic pathologists
- **Objective 4:** To fund medicolegal death investigation systems to facilitate accreditation of medical examiner and coroner offices and certification of medicolegal death investigators.

Goal 2: Improve timeliness of forensic science services.

- **Objective 1:** To eliminate a backlog in the analysis of forensic science evidence, including, among other things, a backlog with respect to firearms examination, latent prints, impression evidence, toxicology, digital evidence, fire evidence, controlled substances, forensic pathology, questioned documents, and trace evidence.
- **Objective 2:** To train, assist, and employ forensic laboratory personnel and medicolegal death investigators, as needed, to eliminate such a backlog.

For a description of how awards under this NOFO will contribute to achieving these goals and objectives, see the [Performance Reports](#) section below.

Expected Outcomes

OJP expects recipients to submit deliverables and performance reports, as described below. Read the [Application Resource Guide](#) for more information. OJP will measure success by reviewing a recipient's submission of performance reports and data and the extent to which project implementation reflects progress toward the goals and objectives of this NOFO.

Deliverables

Recipients will be expected to submit the following:

For each fiscal year of an award made under this NOFO, recipients will be required to report to BJA the following:

- On an annual basis, an addendum report that shall be attached to the semi-annual performance report that is due January 30 of each year, which shall include the number and nature of any allegations of serious negligence or misconduct substantially affecting the integrity of forensic results.
- Information on the referrals of such allegations (e.g., the government entity or entities to which referred, the date of referral), including the outcome of such referrals (if known as of the date of the report) and if any such allegations were not referred, the reason(s) for the nonreferral.
- Coverdell grantees are required to submit a final report that must include the following:
 - A summary and assessment of the program carried out with this grant, which shall include a comparison of pre-grant and post-grant forensic science capabilities.
 - The average number of days between submission of a sample to a forensic science laboratory or forensic science laboratory system in the State operated by the State or by a unit of local government and the delivery of test results to the requesting office or agency.
 - The number and type of cases accepted during the grant award period by the forensic laboratory or laboratories that received grant funds.
 - The progress of any unaccredited forensic science service provider receiving grant funds toward obtaining accreditation.

Performance Reports

OJP requires recipients to submit regular performance reports that communicate progress toward achieving [Program Goals and Objectives](#). Read information on [performance reporting](#).

Award recipients will receive further guidance on post award reporting requirements.

4. APPLICATION CONTENTS AND FORMAT

Application Contents List

OJP will only consider applications that contain all required parts, which are marked ***Required*** below. Refer to the [DOJ Grant Application Submission Checklist](#) for application instructions.

Application Item	Submission Type
Step 1: Grants.gov	
Application for Federal Assistance: SF-424 *Required*	Online Form
Step 2: JustGrants	
Standard Applicant Information *Required*	Online Form
Proposal Abstract	Text Box
Data Requested With Application - Financial Management and System of Internal Controls Questionnaire (including Applicant Disclosure of High-Risk Status) - Agency Funding Priorities Inventory	Online Form
Proposal Narrative *Required*	Attachment
Budget *Required*	Online Form
Other Budget/Financial Attachments - Indirect Cost Rate Agreement (if applicable) - Consultant Rate (if applicable) - Limitation on Use of Award Funds for Employee Compensation for Awards Over \$250,000; Waiver (if applicable)	Attachment
Additional Application Components Coverdell Statutory Certifications: As described above in the Eligibility section, the Coverdell law provides that, to request a grant, each applicant must submit five certifications specific to the Coverdell Program *Required*	Attachments

Application Item	Submission Type
• Forensic Laboratory Accreditation Documentation • Tribal Authorizing Resolution (if applicable) • Timeline	

In addition to the items marked ***Required*** in the table above, the following are considered basic minimum requirement elements that are considered in the responsiveness review:

- The application is submitted by an eligible applicant.
- The requested award amount does not exceed the award ceiling.
- The application is responsive to the scope of the NOFO.

Standard Applicant Information ***Required***

Review and edit as needed the information imported from the SF-424 submitted in Grants.gov. Add ZIP codes for areas affected by the project.

Proposal Abstract

In JustGrants, enter a proposal abstract (limited to 2,000 characters) summarizing the proposed project. As abstracts for funded projects are public, do not include any personally identifying information (e.g., staff names). The abstract should include the following information:

- The name of the applicant's proposed project.
- The purpose of the proposed project (i.e., what the project will do and why it is necessary).
- Where the project will take place (i.e., the service area, if applicable).
- Who will be served by the project (i.e., who will be helped or have their needs addressed by the project).
- What activities will be carried out to complete the project.
- The subrecipient(s)/partner organizations or entities, if known.
- Deliverables and expected outcomes (i.e., what the project will achieve).

View an example of a [proposal abstract](#).

Data Requested With Application

Financial Management and System of Internal Controls Questionnaire (including Applicant Disclosure of High-Risk Status)

Review information on this [questionnaire](#).

Agency Funding Priorities Inventory

Applicants seeking priority consideration under the [Agency Funding Priorities](#) section should answer the inventory questions in their entirety in the web-based form in JustGrants.

Proposal Narrative ***Required***

Format of the Proposal Narrative

Submit the narrative as an attachment in JustGrants. The document should:

- Be double-spaced, using a standard 12-point size font
- Have no less than 1-inch margins
- Have numbered pages
- Not exceed 10 pages

If the Proposal Narrative does not follow this format, OJP may reduce the score/ranking of the application.

Sections of the Proposal Narrative

The Proposal Narrative must include the four sections listed below. If you want priority consideration, the Proposal Narrative must state which [priority\(ies\)](#) your project will advance and describe how it will do so.

1. Description of the Need (5% of the application score): What critical issue or problem do you propose to address with this project? Please include:

- A brief explanation of the need, gap, or issue to be addressed by the proposed project.
- Supporting information, data, or evidence to demonstrate the need's existence, size, and impact on the target population and community.
- How the need relates to the purpose of the NOFO.
- Describe the challenges faced in providing forensic and/or medical examiner/coroner services in the jurisdiction.
- Outline the average annual number of Part 1 violent crimes reported to the Federal Bureau of Investigation for calendar years 2022, 2023, and 2024 by the state (and for applicant units of local government, the local data, if available) and include a discussion of the impact on the laboratory's resources and needs based on the reported data.

2. Project Goals and Objectives (15% of the application score): How will the proposed project address the need identified and address the purpose of the NOFO? Please include:

- Project goals (goals are broad, visionary statements on what you hope to accomplish).
- Project objectives (objectives are specific outcomes you plan to achieve through project activities).

- How your project goals and objectives relate to the goals and objectives of the funding opportunity.
- Which specific Coverdell goal and objective the applicant proposes to achieve.

3. Project Design and Implementation (35% of the application score): How will you implement project activities that meet the project goals and objectives? Please include:

- What activities you will conduct to achieve the proposed goals and objectives.
- How you will deliver or complete those activities.
- When the activities will take place.
- Who in your organization will staff the activities, including key staff.
- Who will participate in and benefit from the activity.
- What deliverables, reports, and other items will be produced as part of the project.
- If you plan to use subrecipients to help conduct the project, please name them (if they are known) or describe how you will identify them. Please describe their role in conducting project activities.
- A timeline listing key activities and milestones, and the quarters during which they will take place.

4. Capabilities and Competencies (30% of the application score): What administrative and technical capacity and expertise do you bring to successfully complete this project? Please include:

- A short description of your capacity to deliver the proposed project and meet the post-award requirements, if funded.
- A description of projects or activities your organization has conducted, or is currently conducting, that demonstrates your ability to undertake the proposed project activities.
- Information demonstrating an understanding of the Coverdell Competitive performance measures, the specific section(s) that are relevant to the proposed project, and the plans for collecting said data.
- A summary of relevant experience of team members with key responsibilities for implementing the project.

Project Evaluations: An applicant that proposes to use award funds to conduct project evaluations must follow the guidance on [project evaluations](#).

Budget and Associated Documentation

Budget (15% of the application score) *Required*

Use the Budget Detail Worksheet (Web-Based Form) or Separate Attachment (attach file in JustGrants) to submit the budget. Read information on [budget preparation](#) and [JustGrants Application Submission Training](#).

- List each cost needed to implement the project under the appropriate cost category.
- Clearly name and describe each cost.
- Show the computation of each cost (e.g., cost per unit, number of units, and total cost).
- Enter narrative, as needed, to explain the cost calculations and connection to your project goals, objectives, and activities.
- Include only costs that are reasonable, allocable, and necessary to implement the project. They must be allowable under the funding statute and agency requirements.¹

The following information specific to this funding opportunity will help you develop your project budget:

Budget and Associated Documentation: Budget Detail Form

The applicant will complete the JustGrants Budget Detail form. The form collects the individual costs under each cost category needed to implement the proposed project. Applicants should ensure that the name/description of each cost is clear and provide the detailed calculation (e.g., cost per unit and number of units) for the total cost. Applicants should enter additional narrative, as needed, to fully describe the cost calculations and connection to the project goals and objectives (including, if applicable, describing connections to OJP priority goals).

Permissible Expenses

The following list details the types of expenses allowed under the Coverdell Program. These expenses should NOT be used as budget categories—instead they are to be incorporated into the appropriate standard OJP budget categories. For more information on OJP's standard budget format, see the section titled "Application Review." Additional information can be found at [BJA FY2026 Coverdell – Forensic Appendix](#).

- Salary and benefits of laboratory employees
- Overtime for laboratory staff
- Computerization
- Laboratory equipment
- Supplies
- Accreditation
- Education, training, and certification
- Facilities—**Limitations on use of funds for costs of new facility.** The Coverdell law limits the amount of funds that may be used for the costs of a new facility or facilities (34 U.S.C. § 10564(c)).

¹ See [2 C.F.R. Part 200, Subpart E](#) and the [DOJ Grants Financial Guide](#). Read information on [unallowable costs](#) that apply to all funding opportunities.

- Administrative expenses. Not more than 10 percent of the total amount of a Coverdell grant may be used for a recipient's administrative expenses.
- Forensic genetic genealogical DNA analysis. Program activity involving forensic genetic genealogical DNA analysis and searching (FGGS) is subject to the DOJ Interim Policy on Forensic Genetic Genealogical DNA Analysis and Searching or to the final policy, when issued.

Note on the use of funds to address opioid- and synthetic drug-related

challenges: Applications requesting Coverdell funds for projects that address specified opioid and synthetic drug-related challenges to the forensic science community will be given priority consideration. As such, the application should demonstrate, wherever applicable, how any proposed use of funds would address challenges that opioids and/or synthetic drugs have brought to the forensic science community. Additionally, annotate each line item in the budget as “opioid- and/or synthetic drug-related” or “non-opioid- or synthetic drug-related.”

Expenses That Are Not Permitted

1. **Funds to conduct research**, although applicants may address emerging forensic science issues and technology through implementation of new technologies and processes into public laboratories.
2. **Expenses other than those listed above** (including expenses for general law enforcement functions or non-forensic investigatory functions).
3. **Costs for any new facility** that exceed the limits described above.
4. **Recipient administrative expenses** (direct or indirect) that exceed 10 percent of the total grant amount.
5. The use of funds for **the purchase and/or lease of vehicles**, such as crime scene vans.

All recipients and subrecipients (including any for-profit organization) must forgo any profit or management fee.

Budget proposals should include the funding needed to implement the proposed activities. In preparing their budget proposals, applicants should consider what types of costs are allowable, if awarded funding. Costs are allowable when they are reasonable, allocable to, and necessary for the performance of the project funded under the federal award and when they comply with the funding statute and agency requirements, including the conditions of the award and the cost principles set out in [2 C.F.R. Part 200, Subpart E](#) and the [DOJ Grants Financial Guide](#).

Budget/Financial Attachments

- **Indirect Cost Rate Agreement (if applicable):** If the budget includes indirect costs calculated using a current, federally approved indirect cost rate, upload your indirect cost rate agreement. Read information about [indirect costs](#).
- **Consultant Rate (if applicable):** Read information on [limits to consultant rates](#) and whether you need to request approval to exceed those limits.

- **Limitation on Use of Award Funds for Employee Compensation for Awards Over \$250,000; Waiver (if applicable):** Read information on this [limitation](#) and to determine whether you need to submit a waiver.
- **Disclosure of Process Related to Executive Compensation (if applicable):** Applicants to this funding opportunity are not required to provide this disclosure.

Additional Application Components

Applicants should review the [BJA FY2026 Coverdell – Forensic Appendix](#) for specific requirements and additional information that will inform their application and grant activities if awarded.

Attach these in JustGrants:

The applicant should attach the additional requested documentation listed below in JustGrants.

- **Coverdell Statutory Certifications **Required**:** The Coverdell law (34 U.S.C. § 10562) requires that, to request a grant, an application for Coverdell funds must submit the following certifications. Applicants are expected to carefully review the requirements of each certification before determining whether the certification may be properly made. Any certification that is submitted must be executed by an official who is both familiar with the requirements of the certification and authorized to make the certification on behalf of the applicant agency (that is, the agency applying directly to BJA). **Certifications must be submitted using the templates** provided at the Paul Coverdell Forensic Science Improvement Grants Program Certifications page: <https://bja.ojp.gov/program/coverdell/certifications#certifications>.
 - A certification and description regarding a plan for forensic science laboratories.
 - Applicant *states* are to submit the “[Application from a State](#)” version only; applicant *units of local government* are to submit the “[Application from a Unit of Local Government](#)” version only.
 - A certification regarding use of [generally accepted laboratory practices](#).
 - A certification regarding [forensic science laboratory system accreditation](#).
 - Applicants requesting funds for only medical examiner’s offices or coroner’s offices in the state are not required to submit this certification. See 34 U.S.C. § 10562(2).
 - A certification and description regarding [use of funds for new facilities](#).
 - Applicants must submit this certification even if no new facilities are being constructed.
 - A certification regarding [external investigations into allegations of serious negligence or misconduct](#) and the [External Investigations Attachment Template](#). In connection with the certification regarding external investigations, applicants must provide, prior to receiving award funds, the

name(s) of the existing government entity (or government entities). This information is to be provided as an attachment to the proposal narrative section of the application using the [External Investigations Attachment Template](#).

Please note that funds will not be made available to applicant agencies that fail to provide the necessary information.

- **Tribal Authorizing Resolution (if applicable):** An application in response to this NOFO may require inclusion of tribal authorizing documentation as an attachment. If applicable, the applicant will upload the tribal authorizing documentation as an attachment in JustGrants. See the [Application Resource Guide](#) for information on tribal authorizing resolutions.
- **Timeline:** Provide a timeline listing key activities and milestones, and the quarters during which they will take place.

Disclosures and Assurances

Read the [disclosures and assurances](#) and complete them in JustGrants:

- Disclosure of Lobbying Activities
- Disclosure of Duplication in Cost Items (if applicable)
- DOJ Certified Standard Assurances
- DOJ Certifications
- Applicant Disclosure and Justification—DOJ High-Risk Grantees (if applicable)

5. SUBMISSION REQUIREMENTS AND DEADLINES

The [DOJ Grant Application Submission Checklist](#) provides instructions for how to submit your application by the [deadlines](#). [Executive Order \(E.O.\) 12372](#) (Intergovernmental Review of Federal Programs) does apply to this funding opportunity: read the [Application Resource Guide](#) for details. Read OJP's policy for applicants to [request late submission](#) due to technical difficulties, severe weather, or natural or manmade disasters.

6. APPLICATION REVIEW INFORMATION

The [Application Resource Guide](#) explains the responsiveness review, review criteria, and review and selection process, including risk review, and deciding official. Refer to the [Application Contents List](#) for all required application components and other basic minimum requirement elements that are considered in the responsiveness review. The [Proposal Narrative](#) and [Budget](#) sections of this NOFO indicates the weight of peer review criteria.

7. AWARD NOTICES

Read about the [award notification](#) process.

8. POST-AWARD REQUIREMENTS & ADMINISTRATION

Read the [Application Resource Guide](#) for more information about: standard award terms and conditions, administrative and national policy requirements, and post-award reporting requirements.

Potential Environmental Impact: Grant programs that involve chemicals must comply with [NEPA requirements](#).

9. QUESTIONS?

NOFO Contact	Name: OJP Response Center Phone: 800-851-3420 or 202-353-5556 (TTY for hearing-impaired callers only) Email: OJP.ResponseCenter@usdoj.gov Hours: 9:00 a.m.–5:00 p.m. ET, Monday–Friday
